Dear Jerry:

Sara Poynter and Jim Leary both told me how they enjoyed their visit with you last August. They enjoyed listening to you talk about your Czech ancestry and sharing a few of the songs. But I warned them, I said that I had really enjoyed your company in the Land Use Group and in other talks we had out in Moquah.

I thought you might be interested in this photograph for your album as a little memento of the sharing you did with us for our Ethnic Music Project. We hope to get back to you sometime, as well as others in the community who you could point us too, but that may be months off. We wanted to get this to you as a thank you for the work you've done with us so far.

If you see Sally Danner, say hi to her for me. I miss you both. Have a good winter.

Sincerely,

Marina L. Herman
