# Kenosha's Part IN THE World War

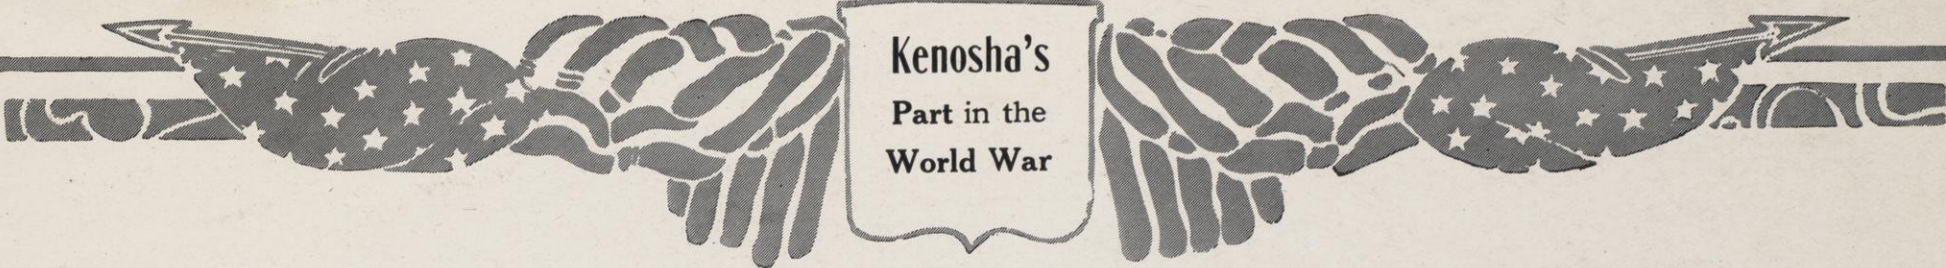

COMPILED BY

**The Wisconsin News**  
MILWAUKEE, WIS.

**Kenosha's  
Part in the  
World War**

**"It ain't the individual,  
Nor the army as a whole,  
But the everlastin' teamwork,  
Of every bloomin' soul,"**

Kipling did not have the citizens of Kenosha, Wisconsin in mind when he wrote the above verse, but it exactly describes the way the people of that city did their part towards the winning of the World War.

100 per cent in all war activities is the proud record that Kenosha maintained during the war, and of men, money, and the bounty of her fields and factories she gave generously and wholeheartedly. Kenosha never does anything by halves, and when her country called she gave her "All." From her firesides thousands of her young men marched away in answer to the call of the bugle, ready and willing to sacrifice their very lives for their country, while the folks at home contributed millions of their dollars and the patriotic fervor of their souls.

With a population of 45,000, Kenosha County sent more than 3,500 of her sons in answer to the nation's call, of which number more than 2,500 were from the city of Kenosha, and all of whom creditably served in the various branches of Uncle Sam's army, navy and marines.

At the outbreak of the war Kenosha boasted one military unit, Troop E of the First Wisconsin Cavalry. This organization was soon recruited to war strength, and not contented to stop with this, the patriotic youths of Kenosha soon organized another unit, Co. M of the Fourth Regiment, Wisconsin National Guard. Both of these organizations were soon developed into well trained military units and were assigned to overseas duty. A full account of the many individual deeds of bravery and valor which are

accredited to the members of these two brave bands would require a volume in itself, so it must suffice to say that they brought honor and glory to themselves and their native city, and established a reputation for gallantry that will forever live in the hearts of Kenosha's sons of this, and grateful future generations.

While Kenosha's sons were fighting valiantly on the battlefields of the Old World, the folks at home, who were unable to volunteer for service "Over There" were also doing their bit—their dollars, their time, and the bounty of their fields and factories were all placed at the disposal of their country.

In four Liberty Loans, Kenosha County gave \$10,140,300, an amount several times exceeding the quota set. Her citizens subscribed \$864,350 to the First Liberty Loan, while in the second loan Kenosha County attained the highest percentage in the United States by raising \$3,363,550, when given a quota of \$1,470,000. Right back came Kenosha when assessed \$1,087,000 for the Third Liberty Loan, and with a total subscription of \$2,340,050 she went "Over the Top," and in the Fourth Loan, the one which convinced Germany of her defeat, Kenosha signed up for \$3,572,350 worth of bonds.

It was in Kenosha that the idea of The Patriots' Fund to take care of all war work, originated. This fund was subscribed to by everyone and was used to meet the quotas set for the city in all of the war work campaigns. In 1917 Kenosha contributed \$390,377.50 to this fund while the figures for 1918 are not available.

Kenosha County's honor roll, that record of those boys who gave their lives that democracy might live, and liberty might not perish from the earth, will forever be emblazoned in the hearts of all her sons and daughters.

The Wisconsin News

Three Well Known Young Kenosha Officers of Whose War Records the Whole City is Proud, One of Her Sons Who Was Cited for Bravery After He Had Been Wounded in Battle, and a Wife and Son Who Kept the Home Fires Burning While "Daddy" Helped Teach the Hun That American Rights Must Be Respected.

1. Ensign G. W. Stege, a Kenosha boy who established an enviable reputation by his service in Uncle Sam's navy.
2. While Capt. Asbury Vail was doing his part in the establishing of world-wide democracy, Mrs. Vail was taking an active part in all of Kenosha's war work, and Robert was praying for "Daddy" and patiently waiting for the day when he would return.
3. Lieut. Ralph Corey, well known young Kenosha officer who is still in France.
4. Vincent Camranski, a Kenosha hero who was cited for bravery after he had been wounded in battle.
5. Lieut. Dean Buchmaster, one of Kenosha's best known young officers.
