MASS MEETING FOR EXPO WILL BE HELD TODAY

Classes Dismissed at 4:30
to Hear Scott at Convocation

A regular all-Wisconsin mass meeting, including cheering led by "Bill" Pickard, and music by the Varsity band, will be held at 4:30 this afternoon in the gymnasium, for the purpose of arousing enthusiasm for the University Exposition.

The three speakers, Prof. W. A. Scott, William Florea '21, and Frances Ellen Tucker '21, will discuss different phases of the exposition, explaining its scope and importance to the students who have not had the opportunity to work on one of the many committees.

"Why an Exposition" will be the title of Professor Scott's talk, which will cover the reason for the exposition, and its relation to the students and to the people of the state. "What You Can Do" is to be the subject of Miss Tucker's speech. She will take up the students' part in making the exposition a success.

Florea will describe the progress and arrangements of the exposition, and outline the scope of its work, from the point of view of chairman of the project.

All classes will be dismissed for the convocation by a special dispensation of the faculty. This will probably be the only all-university meeting this semester, as the faculty have recently passed a ruling that none may be held except on special occasions. Only one such convocation was held last semester.

The committee on arrangements is headed by Milton Borman '21. The other members are Wesley Travers '21, and Elmer Kletzien '23.

JONES WILL GIVE SUMMER SESSION COURSE IN TRACK

Columbia Also Secures Wilce
For Work in Athletic
Instruction

Coach Thomas E. Jones, chairman of the Wisconsin department of physical education and coach of the Badger track team, has accepted an offer to teach the principles of coaching track work at the Columbia university, New York city summer school for coaches. The term for the summer school course in coaching extends from the middle of July until August.

Coach Jones, who succeeds Mr. Hillman of Dartmouth as track coach of the summer course, has been remarkably successful in producing winning track teams for Wisconsin. His team won a third place in the Big Ten indoor conference track meet at Evanston, Ill., on March 19, and the 1920 outdoor track squad finished third to Illinois and Michigan in the outdoor classic of the year at Ferry Field, Ann Arbor, Mich.

Coach Jones has handled the freshman football squad for several years. Coach "Jack" Wilce, mentor of the championship Ohio football team, is another Wisconsin graduate who will teach at the summer school for coaches. Wilce will handle the football end of the course.

BREAK RECORD IN HIKING TEST FOR SIGMA DELTA PSI

Three candidates for Sigma Delta Psi, national athletic fraternity, broke the time record for the ten-mile walk, sixth requirement for membership, when they made the distance in less than 1 hour 57 minutes yesterday afternoon, William A. Sherman '24 holds the new mark of 1 hour 53 minutes 30 seconds, H. O. Drotney '21 finished second in 1 hour 56 minutes, 2 seconds, and Hans E. Gude '22 won third position only two seconds behind Drotney. The old record of 1 hour 57 minutes was held by Henry C. Dennis '21, who set the mark last year.

Fifteen men passed the time test of 2 hours and 20 minutes for the ten-mile walk. The men who succeeded in meeting requirements for the long distance trek are: W. A. Sherman '24, H. O. Drotney '21, H. E. Gude '22, R. H. Sykes '23, T. W. Johnson '23, W. P. Kinsey '21, K. W. Otto '21, H. G. Yost '23, J. K. Gibson '21, M. L. Stone '21, E. W. Callenbach '24, E. E. Fourness '22, B. F. Wupperx '23, P. J. Fisehick '22, and C. L. Schmidt '21.

PHI KAPPA PHI HAS INITIATION

37 Faculty Members and 52 Seniors Taken Into Honorary Fraternity

Thirty-seven members of the faculty and 52 senior men and women were initiated into Phi Kappa Phi, national honorary fraternity, at the banquet held in the city Y. M. C. A. last night. Prof. B. H. Hibbard, local president, acted as toastmaster and Dean S. H. Goodnight, Prof. John R. Commons, and Miss Abby L. Marlatt were the speakers.

Phi Kappa Phi was established at Wisconsin last year. It elects members from each senior class who have achieved creditable scholarship and whose personality and activity in campus affairs has made them prominent in the university. The roll of faculty members includes names prominent in national activity as well as upon the campus.

"The Woman Democrat" was the title of the short opening speech by Miss Marlatt. She pointed out the opportunity that the women are coming to have and pointed out that democracy does not mean equal accomplishment, but equal opportunity to make the best of our situations and conditions.

"Aristocracy of Democracy"

Dr. Commons' address upon "Aristocracy of Democracy" pointed out that aristocracy or leadership shall not be tested by what the leaders actually know but primarily by the motives to which the leaders ap-

INSTALL NEW S. G. A. OFFICERS TONIGHT

S. G. A. officers elected last week will be installed tonight at 7 o'clock at a meeting of all university women in Lathrop parlors. Each retiring officer will install her successor. Besides this ceremony there will be a short talk by the Dean F. L. Nardn, and singing of songs. The new officers are: Ellen Correll '21, president; Frances Beecher '22, vice-president; Dorothy Ware '22, secretary; Katherine Ely '23, treasurer; Isabel Capps '23, census chairman.

ATHLETIC REVIEW ON SALE TODAY AT CONVOCATION

"W" men in cardinal and white sweaters will be out in force this afternoon at the all-university convocation to distribute copies of the baseball number of the Wisconsin Athletic Review. The price will be twenty-five cents for two copies. The second copy is intended to be sent to some high school athlete who may be interested in making Wisconsin his alma mater.

The second number of the revived student athletic publication will be pictorial in make-up, more than fifty photographs of athletic interest being printed, according to Al Frogner '21, editor-in-chief. There will be a large section devoted to crew in addition to news track, baseball. A number of lively features will increase the interest of the issue.

Those not able to secure copies of the Review at the convocation will find it on sale on the campus tomorrow. Gustav Tebell '23 is in charge of the circulation of the issue.

ST. OLAF CHOIR GIVES CONCERT

Union Board Sponsors Ent- ertainment Tonight in Armory

The St. Olaf choir will give a concert at the men's gymnasium tonight at 8:15. The choir is brought to Madison by the Union board. Last Monday night they sang before 1,200 music supervisors who were in convention at St. Joseph, Mo., and these musicians gave them the kind of ovation that is given only to singers of the highest rank.

Their manager, M. H. Hanson, has just issued a four page sheet reprinting some of the notices given the St. Olaf choir when they were singing their way from Northfield, Minn., to New York and back again to their college in Minnesota.

It is hardly possible that any similar organization has ever received such praise from musical authorities. A year ago the St. Olaf choir was totally unknown, and now it is regarded as one of the greatest national musical organizations whose appearances are anticipated in all cities in its itinerary. Their brief spring tour began a week before Easter and will close at St. Paul on April 11.

Everywhere organists and choir masters of other churches have offered their services to help promote the financial success for the St. Olaf choir. One example of this recognition of the choir's superlative merit has come from Edgar Nelson, the famous conductor of the Chicago Swedish chorus and choir director of the Oak Park Presbyterian church.

FIRE BREAKS OUT IN PI K. A. HOUSE

Breaking out in the basement of the structure, fire of unknown origin early last evening threatened destruction of the Pi Kappa Alpha fraternity house, 131 Langdon street. Prompt action on the part of the fire department prevented the blaze from spreading to the upper stories and kept the total damage low.

BADGERS WIN BY 10-1 SCORE IN FIRST GAME

Squad Outclasses North-
western College in All
Departments

By LESLIE R. GAGE

Wisconsin ushered in the 1921 baseball season most fittingly at Camp Randall yesterday afternoon by trouncing the Northwestern college nine of Watertown by the score of 10 to 1.

The Badgers outclassed their opponents in every department of the game, and exhibited good form for so early in the season. They out-hit and outfielded the visitors, and Frank Williams, who hurled the entire game for the Cardinal, was easily the superior of his opposing pitcher, Hinnenthal.

Yesterday's game started in a drizzling rain, and it was not until late in the contest that the weather cleared. It appeared for a time as though the umpire would be forced to call the game. However, regardless of the sluggish diamond, the game was well played and fast at times.

Stage Three Rallies

Wisconsin counted all ten runs in three rallies, and started in the third inning, when they annexed a three run lead. The Watertown men came back the following session and scored their only counter of the game. A rally in the seventh netted the locals five tallies, and placed them in a comfortable lead. The Badgers widened their margin in the eighth frame with two more scores.

Coach Lowman sent "Bill" Williams to the mound to work the

PRESS CLUB WILL INITIATE TONIGHT

Thirty New Members to Be
Taken Into Journalistic
Organization

"The Ideals of Press Club" is the subject of the address to be delivered before the University Press club by I. Arnold Perstein, at the initiation exercises which will be held after the cafeteria dinner in the S. G. A. room at Lathrop hall this evening. The meeting will be in charge of Rodney Welsh '22, newly elected president of the club.

The dinner will commence at 5:30. Aside from initiation of the new members other important business will be transacted. The 30 new members who were recently elected to membership are expected to be present at this time and should learn the Press club toast which is posted on the third-floor bulletin board in South hall.

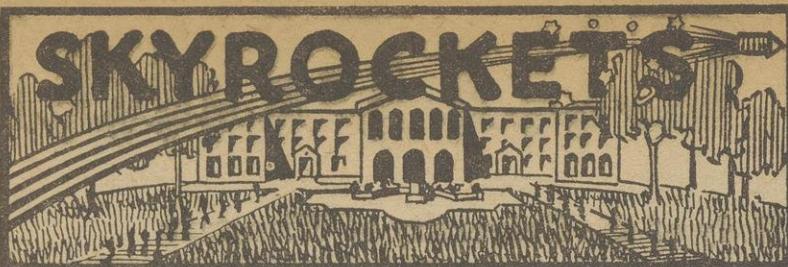

Following are the newly elected members: Harry Lyford, Ethel Zimmerman, Leona D. Nagler, Kathryn Perry, Helen H. Clark, Robert W. Desmond, Fred L. Siebert, Robert L. Burney, Reuben M. Hughes, William A. Oakley, R. Elizabeth Wadmond, Portia B. Lugoff, Hardy Steeholm, Walter H. Ebling, Thomas Dartnell, Martha Dreiblatt, Clare Trier, Paul H. Reich, Anna Hilpert, Cycl Ballam, Ruth Anderson, Dorothy Aheren, Mary E. Mould, Herbert Frockhausen, Kenneth S. Fagg, Norman D. Scott, Julia Van Aiken, Carl Maedje, Lois Duffin, Katherine Rockwell, Walter Daniels and Isadore Coward.

"WHY AN EXPOSITION?"

GYM 4:30

Yes, we're afraid of the same thing you are. A norther will blow up and make some icicles for May Day.

About this time of year the seniors start to write their theses—or is it a month from now?

And the moths will have to change their diet from bathing suits to overcoats. Well that's what winter coats are for.

The Gamma Phis were out riding yesterday with their horses. They say they are just buggy about it.

Pretty soon it will be warm enough for the girls to fashionably quit the low necks and put on summer furs.

"Our waffle irons are always hot, Try one,"—reads a sign in one of our W. K. lunch houses, from whence we got "He has a C. I. stomach."

Bet George Geiger five dollars he couldn't down five malteds in an hour. Note—he stove them away in nine minutes. We tell you the fellow ain't human.

LA FEVRE
When the weather's warm,
'N the breeze is fine,
Oh, something's wrong
With this brain of mine.
I cannot work,
My pep is gone
Ever since the winter's
Ice was thawed.
I lay around,
And smoke and smoke,
Till nicotine
Will make me croak.

With robins here,
With moss on stones
The springy air
Has cotched my bones.
The winter's cold
Has left my beak—
I'll go to bed
And sleep a week.
The lake winds'
Soporific taint
Will have an extremely bromidic
effect until some misanthropic
wakes us up for mid-semesters.

PHOTO-CHEMISTRY IS SUBJECT OF LECTURE SERIES

A series of lectures on photo-chemistry will be given by Dr. J. H. Mathews, director of the course in chemistry before the sections of the sections of the American Chemical society in various cities, April 11-15. The series will include Cincinnati, Toledo, Midland, Mich., East Lansing, Mich., and Detroit.

Dr. Mathews lectured on "Processes of Color Photography" at the Kent Chemical laboratory of the University of Chicago under the auspices of the Kent Chemical club on March 31, and on the following day talked on "Photo-Chemistry; a General Survey" at Northwestern university.

initial game of the season, and he worked so well that he went the full nine innings. Williams kept the seven Northwestern hits well scattered, and did not give one base on balls. He sent eight men back to the bench via the strike out route. "Bill" also came in for his share of the hitting honor, connecting for one hit out of two attempts.

Elliott, Davey, and Lyman did the heavy hitting for Wisconsin, each securing a pair of safeties during the course of the contest. One of Davey's hits went for two bases, the only extra-base hit of the day. Both Davey and Elliott delivered with clean hits in the pinch, and helped drive in the five counters in the eighth. Ceaser secured one safe drive out of two trips to the plate.

Centz was the only Northwestern hitter who found Williams for more than one safe drive, and the second baseman managed to connect for a pair of hits. Five errors by the Northwestern infield aided the Badgers' scoring, and several wild pitches by Hinnenthal proved rather costly. Farrington and Elliott performed well on the Badger's defense. "Al" Davey caught a great game, and kept the visitors from stealing a single base.

The Cardinal started in the third round when Frank Williams scratch ed an infield hit, and was sacrificed to second by Hardell. Eickman juggled the ball, and Hardell was safe at first. Ceaser beat out a hit and the bases were filled. "Bill" Williams came in home, and the other runners each advanced a peg on Hinnenthal's wild pitch. Davey singled to center, and Hardell counted. Ceaser scored on Captain Elliott's long sacrifice fly to left field, and the inning ended with Davey still on the third sack.

Again in the seventh frame the Badgers started a rally. "Rollie" Williams was sent in to hit for Hardell and was walked. Christenson, substituting for Ceaser, also drew a pass. Williams stole a base and both men came home when Davey drove one through the left fielder. "Al" went to third when Meier fumbled the ball before throwing it in. The Badger catcher scored when Elliott sent a single into the center garden. Jack Williams lived on Kleinke's error, and Elliott went to second. "Rowdy" stole third and counted on Bierwagen's error. Williams also came in on the short stop's muff. That ended the inning's scoring.

The final counters were annexed in the following frame when Christenson walked. He was forced out at second by Davey, but Elliott singled into left, and Davey went to second. He later scored on Bierwagen's muff of Jack Williams' liner. Elliott came home on Farrington's hit into center field, but Williams was caught at third by a considerable margin. Hinnenthal retired the side by fanning Rue diger.

Two hits and a sacrifice were responsible for the visitors' lone run.

NEW RULES FOR RUSHING DRAWN BY PAN-HELLENIC

Pan-hellenic, inter-sorority governing body, has some new plans for next fall's rushing. Invitations will be issued early in the summer, as usual, but they will be invitations to one function only, a tea to be given as the first function on the Saturday following registration. This Saturday affair will be preceded by a talk to rushees, given Friday night by the dean of women.

The talk will deal with proper rushing standards.

Saturday night after the tea, invitations will be sent out for the other three rushing functions, which will be given Thursday, Friday, and Saturday of the following week. Rushees should send their replies to these invitations to the dean's office, not later than Tuesday noon.

"WATCH. WISCONSIN WORK"

A Miniature World's Fair--

The Exposition is the biggest event of the year. There will be exhibits showing displays from every department of the University.

It will be as good as a trip into every one of the 83 buildings on the campus, and it will be more interesting because things will be explained to you.

The Armory floor will be crowded with booths, the Annex will be a Midway of interesting exhibits, and the larger demonstrations will be shown in the Engineering building because of lack of space.

More people are expected to come to Madison for the Exposition than were here for Homecoming.

ALL-UNIVERSITY CONVOCATION

University Gymnasium Today 4:30 P. M.

All Classes Dismissed

Everybody Out

YOU'RE GEORGE!

MANY serious persons there are among the faculty and the student body who deeply regret the almost total eclipse of the old-time Wisconsin Spirit.

What has become of the mighty spirit that made Wisconsin great? Except for the enthusiastic manifestation of this glorious spirit of love and whole-hearted loyalty to our alma mater which pervades at Homecoming time and at the big conference games, precious little of that sort of enthusiasm has been evidenced on the campus since the war.

What are the evil influences that have brought about this inertia—this practice of letting George Do It whenever the interests of the whole university are involved? One of the forces that unquestionably operates to demoralize our university spirit is the intense clique spirit that has been fostered here in recent years.

Instead of acting, living, talking and being Wisconsin students, we pose as engineers, commerce people, home ecs, physical eds, journalists and ags. Every class, course, tribe and clan on the hill has developed its own peculiar esprit de corps—to the detriment of university spirit as a whole. To be sure, it is a splendid thing to have wholesome class spirit: the sophomores should be united; the fraternities should develop the feeling of brotherhood; the clubs of every conceivable nature undoubtedly have their place here, and even the Mutual Admiration societies, the Improvement associations and the like we must maintain. There wouldn't be much interest in the Badger if it were not for these organizations, counter-organizations and interlocking organizations. All of these are important and interesting certainly, but—

The trouble is that the Side Shows are taking up so much of our time and attention that we're neglecting the Big Circus!

Let us be honest with ourselves. Let us take stock to see where we stand. On every hand the enemies of the university, through newspapers and legislature, are making their attack. There is no way under heaven for the university to stand up and defeat its enemies unless the faculty, the student body, the alumni and the friends of the university, unite in spirit. And the student body cannot expect unity from the outside unless we create in the university a spirit that transcends the narrow class consciousness that prevails at present.

It is for us to earnestly resolve to relegate to a secondary position our little group consciousness and get together in an expression of Wisconsin Spirit that will resound to the farthest corner of our commonwealth.

Boost the University Exposition. That's the big thing before us right now. The Exposition will give the people of the state a demonstration of the possibilities and the achievements of their university. It should even convince any fair-minded legislator who is skeptical that the university deserves his sup-

The immediate thing to do is to be present at the all-university convocation (we have too few of them) at the gymnasium at 4:30 today. Let this convocation be occasion for a revival of Wisconsin Spirit.

You, gentle reader, be present at the convocation this afternoon. Classes will be dismissed—let's go! Let George do it, but remember this time, YOU'RE GEORGE!

peal in their leadership of the people.

"There are two kinds of aristocracy," he pointed out, "the leadership that appeals by fear and the leadership which stirs the hopes of the people. The latter, which inspires the ambitions of the people—which shows them a better future and leads them forward by their hopes—is the right way and the type of leadership that is real democracy of aristocracy."

Signora Agresti Pleas For Co-operation of Nations in Agriculture

"We are living in a period when it is essential to do all we can to bring the nations of the world together," said Signora Olivia Rosetti Agresti in her talk on the International Institute of Agriculture in Italy yesterday afternoon in 165 Bascom hall.

"The way to approach this peace is by getting the nations to work together in their search for information in regard to the output of staple crops all over the world. This will eliminate friction and put money into the pockets of all rather than into the pockets of millionaires. The institution does this in so far as its present situation permits. It is a league of nations in Rome which is going to bring about closer economic relations between the countries of the world."

Signora Agresti is a niece of the famous Italian Rosetti. She is endeavoring to make this institution

BOLSHEVISM IS HIT BY TOLSTOY

Passive Resistance and Education will Crush Movement

"That passive resistance and education are the only way to fight Bolshevism would be the belief of my father, Leo Tolstoy, if he were living today," said Count Ilya Tolstoy in his lecture on "The Truth about Russia," in the Madison High school auditorium last night.

Absolute condemnation of Bolshevism was made by the speaker, who said that every class in Russia was opposed to it. Bolshevism holds its power by the same methods which the former government used, by the same soldiers, the same prisons, the same arms.

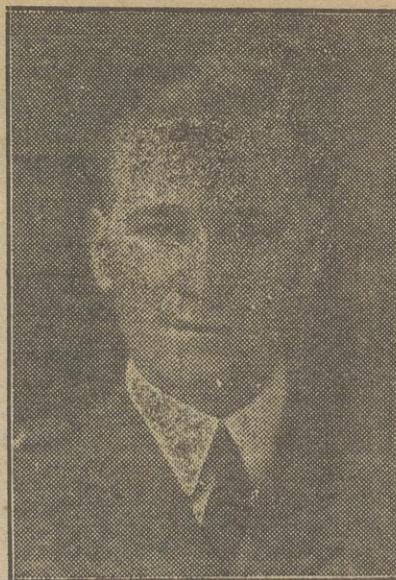

"The workers all hate the Bolsheviks," he continued. "Soldiers with bayonets guard the factories, and shoot anyone who refuses to work. Strikes are forbidden as disloyal to the government.

"The peasants, who make up 85 per cent of the Russians, hate the Bolsheviks too, as do the intelligentsia, and business men."

"My father believed not in the church of Christ, but in the religion of Christ, which is love. He came to this belief in the 80's when he was 50 years old. At that time he first began to doubt the existence of God.

"He tried to find Him in the church, and then in philosophy, but he finally realized that the true God lives in the heart of every man. He often worked in the fields with the peasants and had a great sympathy with all men. The peasants refused to allow the wheat to be confiscated by the government, and finally gave up raising it altogether, so that now the country which used to raise more than half the wheat of all Europe is starving for the lack of it."
