### How to turn in an Alarm

In case of a fire go to the nearest box, break the glass, turn the key, open the door and pull down the lever once. Remain at the box until the department arrives to direct the firemen as to the location and nature of fire. Do not send in an alarm by telephone as the telephones are not connected with the fire alarm system.

## PUBLIC SCHOOLS.

Board of Education.

- Post Office Building, 101 Main.
- Salick's Block, 1-3 Main.
- Turner Opera House, 4th between Jefferson and Dodge.
- Union Hall, 415 Main.

## WATERTOWN STREET DIRECTORY.

There are two ways of numbering the houses in a street, either you begin with 1 and number the houses consecutively, or you begin with a base number and allow consecutive 100's for every block. This latter way is usually called the Philadelphia system, and Watertown is supposed to have this system. But our system is certainly faulty. All the houses south of a given street, for instance, ought to commence with the same number. Thus the corner houses south of Western Avenue and on the western side of the streets ought all to be 800. That is correct for Fifth, Seventh, etc. But in Twelfth street the numbers south of Western Avenue curiously begin with 600. Then secondly, distances ought readily to be estimated according to this system. Thus 720 Third street would be about six or seven blocks from the base, and really is in Watertown. But 720 Milford street is three or four times as far away from the base. Thirdly, the base number ought to be uniform, either 1 or 100. Our system has both base numbers. For streets running north and south, Main and West Main are the dividing streets and the base number is 100. For streets running east and west the river and the boundry line between the 5th and 6th ward from the base; but east of the river the base number is 1 and west of it 100. Without knowing this fact, one can not tell if a house bearing the number 700 is six or seven blocks from the base. Why we should have two base numbers is not readily apparent; but we venture to suggest that the man who made the system had an eye towards business and was therefore anxious to sell numbers of three digits. In short our system will bear a thorough overhauling, and we trust the authorities will look into the matter.

**Ann**, from E Water, opp. Tivoli Island, east.

**Arcade**, first north of Spaulding, from Center west to C. & N. W. R'y.

**Bailey**, first south of Western Av., from 1st to 5th.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 Reward** Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 Reward** Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.
