The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

**LET'S
EAT!**

THE URGE TO EAT

is greatly stimulated by administration of thiamin chloride (Vitamin B₁) supplied in the form of

Wyeth's BEWON ELIXIR

REG. U. S. PAT. OFF

Wyeth's Bewon Elixir is an exceptionally palatable dosage form of crystalline Vitamin B₁, useful in correcting or preventing an anorexia due to Vitamin B₁ deficiency in the diet.

Since the body apparently has little ability to store Vitamin B₁, the day to day administration of Wyeth's Bewon Elixir provides a regular and uninterrupted supply of this vitamin without disturbing the normal dietary routines.

Each fluidounce of Bewon Elixir is standardized to contain 500 International Units of crystalline Vitamin B₁ (thiamin chloride). Supplied in 16 oz. bottles.
