MASSMEETING, BONFIRE AND CARNIVAL OPEN HOMECOMING WEEK-END FOR U. W. ALUMNI

Celebration Formally Begins at Varsity Meet 6:45 P. M. Today

After six weeks of preparation, everything is in readiness for Wisconsin's 1922 Homecoming. The first events arranged by Chairman Worth E. Shoultz '23 and his corps of workers will take place today. The downtown and university districts already have taken on a holiday attire.

The annual massmeeting and bonfire to stir up pre-Homecoming spirit, the carnival for the purpose of entertaining the alumni and students and the judging of the decorations of the various fraternities and rooming houses will constitute today's program.

The judging of fraternity and rooming house decorations will be the first event to take place. Starting at 5 o'clock this afternoon the judges, Dean F. Louise Nardin, Mayor I. M. Kittleson, and Major John S. Wood, will tour the Latin quarter to inspect the work of those who are competing for the cups.

The judging will start in the heights and will be concluded in the eastern part of the university district.

Massmeeting, 6:45 p. m.

The massmeeting and pep session, which is usually the best attended event of Homecoming, with the single exception of the game, will start promptly at 6:45 o'clock. Coach John R. Richards, Prof. Carl Russell Fish, Prof. J. F. A. Pyre, Rollie Williams '23, Gus Tebell '23, and Paulie Meyers '19 are among the speakers, and between each pep talk cheers will be led by Gus Tuckerman '23, Varsity cheerleader. Robert S. Stewart will preside.

The bonfire will take place on the lower campus at 8 o'clock, whether the massmeeting is over or not. Materials have been procured and it is expected that one of the biggest fires in years will be witnessed by the students and old "grads".

Immediately following the bonfire, the carnival, a more recent addition to Homecoming events, will take place in the gymnasium. The feature consists of a series of clever acts worked up by the best talent in the university.

Carnival at 8 p. m.

Much effort has been made to make the carnival excell all past productions and it is the opinion of those in charge that the acts are the best Wisconsin students ever presented here. The performance will start at 8:30 o'clock and a charge of 25 cents will be made.

The sale of the Homecoming button, the official emblem of the weekend, will be pushed hard all day long, and the heavy demand for the buttons yesterday indicates that they will be disposed of before tomorrow noon.

The sale thus far has been confined, to a great extent, to the male students, and the committee desires that the women who contemplate purchasing buttons do so as soon as possible.

Open Homecoming Office

A Homecoming office was opened yesterday noon in the president's office of the university Y. M. C. A. The aim of the office, is to be behind all of the Homecoming committees, according to Shoultz. It is not essentially an information bureau but it will be glad at any time to assist any of the alumni.

Tomorrow all preparations will come to a climax, the hobo parade, the game, and the annual Homecoming events being the features of the day.

TODAY'S EVENTS

5 p. m. Judging of decorations.
6:45 Massmeeting in the gymnasium.
8 Bonfire on the lower campus.
8:30 Carnival in the gymnasium.

CLASSES WILL MEET ON SATURDAY: BIRGE

Saturday will not be a holiday. "Classes will be held tomorrow as usual," said President Birge yesterday.

That Madison is to observe Saturday, Nov. 11 as a legal holiday, the opinion of so many is not true. Mayor I. Milo Kittleson has asked that one minute to 11 o'clock everyone stand and face the east for two minutes.

UNION DRIVE TO CLOSE AT NOON

\$30,000 in Subscriptions is Sought; 622 Students Have Pledged

"The Memorial Union drive closes today noon when every member of the personnel must turn in a report of subscriptions." Morton Frost '23, general chairman of the new student drive, announced last night.

A total of \$24,305 for the entire new student drive is estimated by Arthur Inman '23, chairman of finance. More than \$2,237 of this was received last night.

"We should total at least \$30,000 by Homecoming, according to the reports I have received from the captains," Inman stated.

622 Students Subscribe

Only 622 new students have turned in pledges, making an average of \$39.07 for each one who has subscribed.

Milwaukee county has pledged the most in total returns, \$3,180. Dane county is second with \$2,707. Illinois heads the states with \$5,355, including Chicago.

The million dollar quota for the Memorial Union building still lacks \$300,000. It is necessary to get this before the building can be erected.

Architects Designing Plans

The state architect, Arthur Peabody, is now working in conjunction with the executive committee to complete plans.

The Memorial Union committee is anxious to start construction of the building as soon as possible, according to L. S. Baker, secretary of the Memorial Union.

Excuse Military Classes For Today and Tomorrow

There will be no military drill today and tomorrow because of Armistice day. Today's classes have been excused because the military department did not wish to give the Saturday classes a holiday and make the today's classes meet.

Badger Advertising Staff Meets to Arouse Interest

The Badger advertising staff held a meeting last night to discuss problems of personnel. Lee Hanson '24, manager, declared that only those who come to meetings will have any chance to make the staff. About 70 have signed up, but only between 20 and 30 real workers will be chosen. Another meeting will be held next week, and everyone should attend.

Humanities Course to Give Exams at Library

The committee in charge of the Course in Humanities has announced that it will give an examination in a reading knowledge of French and German Saturday morning, December 2, at 10 o'clock in room 325 of the Library. The examination is open to all candidates for the degree of bachelor of arts in the humanities course.

Light Capital Dome in Honor of Grads

The capital dome will be lighted for the first time tonight for the three days of Homecoming, today, tomorrow and Sunday.

The beautiful capitol structure will then continue to be lost in darkness again until Thanksgiving time when it will be lighted over the Thanksgiving holidays.

Then it will sink back into darkness again until the first of the year when it will be lighted each night during the legislative session.

This is the program which has been ordered by Governor Blaine.

CAPITOL PROM NOW ASSURED

Attendance Restricted to Students, Alumni and Invited Guests

Faculty sanction on a Junior promenade in the state capitol, providing "the consent of the state authorities is properly obtained," was given officially Wednesday in a resolution passed by the committee on student life and interests.

Attendance at the function must be restricted to university students, alumni and invited guests, according to the faculty ruling.

Military Ball in Gym

No function except prom will be permitted in the capitol, however, and it is the committee's stand that prom be brought back to the campus as soon as accommodations permit.

The 1923 Military ball next spring probably will be held in the gymnasium as a result of the faculty's action.

One o'clock student parties, if held in other than licensed public dance halls, will be permitted this year as in the past. Each organization may hold one 1 o'clock party a year.

Confer With Officials

The resolution follows:

The committee on student life and interests, desiring to cooperate cordially with the city authorities in their regulation of public dances, has conferred informally with the attorney-general of the state and with the city attorney of Madison concerning the status of student dances, both formal and informal.

It appears that private parties conducted by individuals in their own homes, or by fraternities, sororities or dormitories within their own halls, are not affected materially by the dance ordinance.

There seems to be no reason for altering the present ruling that each organization may hold once each year a 1 o'clock party. It should be observed, however, that 1 o'clock parties should be held in other than licensed public dance halls.

With regard to the prom it appears that if the consent of the state authorities is obtained properly the function may take place in the capitol and continue until after midnight, provided attendance is restricted to university students, former students, alumni and invited guests, it being incumbent upon the prom committee, however, to use bona fide discretion in issuing invitations to guests.

It is this committee's interpretation of the faculty resolutions of last June that no function except prom is to be permitted in the state capitol, and that prom shall be brought back to the campus as soon as it can be accommodated properly there.

TO DELIVER CARDINALS

Through error Thursday's Cardinal stated that there would be no regular delivery of Saturday morning's edition. There will be regular delivery of The Homecoming Cardinal.

STUDENT CONFESSES SCALPING TICKETS FOR GAME SATURDAY; U. S. AGENTS ARRIVE FOR QUIZ

MISSING MADISON MAN RETURNS HOME

Carl Kleuver, mechanic at the Gisholt Machine company, who was reported missing by Madison papers yesterday afternoon, turned up at his home as usual last night. He stated emphatically to The Cardinal that the report was false, but declined to talk when asked where he was during the day, saying that it is "entirely my own business."

7,000 REVIEWS ON SALE TODAY

Official Programs for Homecoming Are Issued By Porter Butts, Editor

Seven thousand copies of the official program for Homecoming, the Homecoming Athletic Review, go on sale today at drug stores and Homecoming information booths under the direction of Edwin Sorenson '25, business manager, and Bert Hilberts '25, circulation manager.

Numerous men will sell the books at the massmeeting and the Carnival in the gymnasium tonight and at the Hobo parade and at the game tomorrow afternoon.

Complete Program of Events

The complete program of the week-end events and the lineup for the game are included in the Review together with 56 pages of feature material illustrated by 75 pictures.

Statistics giving the weights, numbers, positions, ages, homes and years of competition of each man on the Wisconsin and Illinois squads have been compiled for the Review and appear with a two-page group picture of the Varsity squad.

Athletic Records Are Given

Other tabulated figures show that Wisconsin leads the Big Ten in total athletic average, closely followed by Illinois. Brief summaries of all Illinois-Wisconsin football contests are given also.

Wisconsin football scores in the past are listed and graphed to show the rise and fall of Badger football success since 1891.

Old timers will find joy in the retrospective articles on "Football Old Timers and Times," "Looking Back on Homecomings," "A Stadium with a History," and "Twas Yesterday Not This, That—".

Carpenter Writes Article

In three-pages, Charles "Chuck" Carpenter writes an article headed by the gentle title of warning "Not to Worry Illinois, But—". The abilities of the eleven Badger grid warriors are delineated by "Chuck."

The program issued today is the largest ever published by Wisconsin, according to Porter F. Butts '24, editor. It is unsurpassed by size and as a souvenir of a Homecoming celebration by any American college publication.

THETA SIGS SELL EXTRA CARDINALS

Theta Sigma Phi, woman's honorary and professional journalism fraternity will have charge of the open sale of Homecoming Cardinals which will be issued tomorrow. Orders have been taken from the fraternity and sorority houses and a charge of ten-cents per copy will be made on all those copies ordered in addition to regular subscription number. Homecoming Cardinal will be sold by members of the organization at tables placed before Chabourne hall, the Administration building, and the University pharmacy. Copies may be bought at drug stores in the university district.

Fourteen Operators Probe Speculation on U. W. Homecoming Seats

One university student has been apprehended and several others are under suspicion on charges of alleged scalping of tickets to the Illinois-Wisconsin Homecoming football game here this Saturday.

The student, a junior, said to be prominent in campus activities, and whose name is withheld temporarily, confessed last night that he had speculated in football tickets. He will be reported to the federal district attorney by Paul F. Hunter, manager of ticket sales, and federal authorities will be given full power in the case.

Although Mr. Hunter does not intend to file a complaint against the man, he will apprise operatives of every detail in the charge and will leave it to them to prosecute or let the student off with a warning.

14 U. S. Agents Arrive

"Because he is the first offender caught and he immediately confessed and refunded the money received for the tickets, this man may receive special consideration," Manager Hunter said last night. "Others engaged in ticket speculation will not be dealt with so mildly, however, and federal prosecution will follow every capture of a scalper."

The student speculator conferred with Dean Scott H. Goodnight yesterday. Upon admitting that he had sold four \$2 football tickets for \$14, he was placed immediately upon the blacklist and told he might never purchase another ticket to athletic contests from the University of Wisconsin athletic department. He is also to be excluded from all student activities.

Fourteen federal operatives are in Madison this morning, investigating cases of alleged scalping. Student suspects will be questioned during the day and every effort made to prevent the sale of tickets at a price higher than is printed on the pasteboard.

Warn Against Scalping

Many students are known to have purchased tickets for the express purpose of scalping them. More than 7,000 were sold to students and the applications averaged close to three tickets apiece, with hundreds asking for one ticket at student rates and three at public rate.

A total of 26,485 tickets were sold for the Homecoming game. Approximately 1,350 applications were returned and from 5,000 to 10,000 Wisconsin alumni who reside in the Middle-West were unable to pro-

Chabourne Hall is Not Competing in Art Contest

Chabourne hall will be unable to compete in the Homecoming decoration contest because of the remodeling of the front part of the house. The electric wiring in that part of the building has been disconnected. Plans are being made to decorate the side entrance and the interior, however.

Professor Dresden Will Address the Math Club

Prof. A. R. Dresden will give an address on Mathematics and Music at the meeting of the Junior Mathematics club tonight, from 7 to 8 o'clock a Music Hall. A social period will follow the address by Professor Dresden.

WEATHER: CLOUDY

Cloudy and somewhat unsettled weather is predicted for Madison and vicinity for today and tomorrow, with slowly rising temperature.

INSTRUCT FANS ON GRID SEATS

Athletic Department Issues
Regulations For Reaching
Stadium Seats

Tickets for the Homecoming game tomorrow have been labeled for the convenience of the holders of the athletic department stated last night. On the back of each ticket appears the letter indicating the gate through which the holder must enter the stadium in order to reach his seat.

The gates are also lettered the same as the sections to which they lead. This simple method makes mistakes almost impossible and will facilitate the handling of the biggest crowd attending a football game in Wisconsin.

In order to avoid traffic congestion, ticket holders are asked to follow the following streets to the field. Persons holding tickets for sections A-B-C-D-E are asked to follow University Avenue to Breeze terrace. Sections F-G-H-I-J follow West Dayton street to Warren st., thence left to Monroe street, and then turn at Breeze terrace.

Ticket holders to sections AA-BB-CC-DD enter through Memorial Arch to the north end of the new concrete stand. Holders of tickets to sections EE-FF-GG-HH-II enter from Monroe street opposite the gasoline filling station to south end of the stand.

Those holding tickets for the south stands, sections K-L-M-N, enter from Monroe street opposite the gasoline filling station. Those who are to sit in the north stand, sections O-P-Q-R, enter Memorial Arch to the north end of the field.

Auto owners are specially requested to leave their cars at home to avoid congestion and confusion in parking of cars since so many will be present from out of the city. No parking facilities will be provided on Randall field. The gates open at 1 o'clock.

STUDENT CONFESSES TO TICKET SCALPING

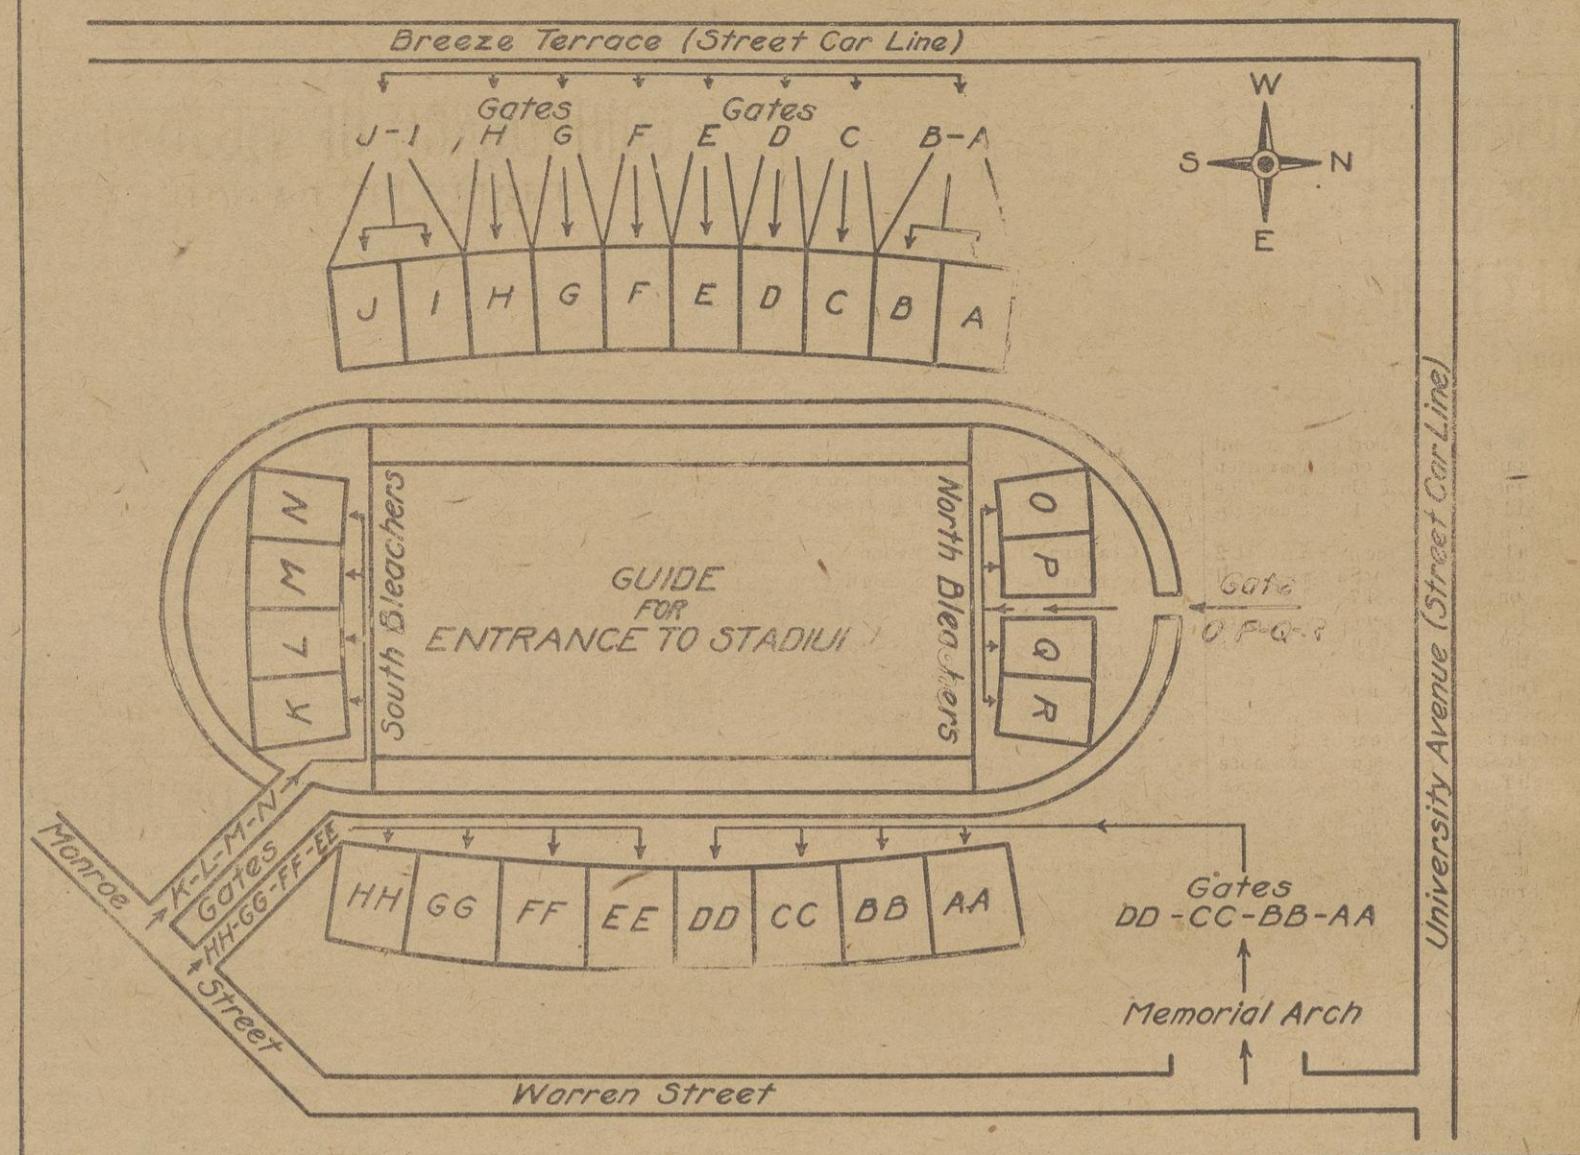

(Continued from page 1)

cure tickets because students had taken most of the available supply.

That many extra tickets purchased by Wisconsin men were taken for the purpose of speculation is indicated by the number which can be procured on the street and in marked establishments. It is reported that there are three places in Madison which have a large number of tickets for sale at \$15 apiece. The places are being watched and arrests may follow.

Although Mr. Hunter traced the

At the U. W. Stadium for the Homecoming Game

first offense and ran down the guilty party, government men will be in charge this morning.

In the case of the student who was caught, the tickets were purchased last Tuesday night. They were first offered for sale on Saturday.

The scalper had used two fee cards, one belonging to a co-ed, to procure eight pasteboards. He sold the four extras for \$14 and accepted a check which was written in ink, "For 4 tickets".

Writing with a pencil he attempted to cover the number "4" with a "7".

With the cancelled check and the tickets as evidence, his guilt was evident and he confessed to Dean Goodnight, returning three tickets,

and giving up proceeds from the others.

The Wisconsin athletic department is taking drastic measures to prevent ticket scalping. Students who have offered to sell their tickets at \$5 and up are being shadowed and reported.

Madison residents are aiding the department in the crusade against speculation, government operatives are working on several cases this morning.

"Students were warned for six weeks not to scalp tickets," Mr.

Hunter declared yesterday. "If they want to take a chance now, they will run into federal authorities."

The agricultural faculty defeated the medie faculty in tennis, making good their recent challenge. The score was five matches to one.

The agric team was composed of A. J. Riker, E. D. Holden, J. A. James and C. A. Hoppert, while the medies were represented by H. S. Randolph, E. S. Watson, W. J. Murphy, and H. C. Bradley.

Reinald Werrenrath Will Sing at Gym Wednesday

Reinald Werrenrath, who is to sing at the university gymnasium Wednesday, is the leading American baritone of today.

He has the ability to entertain his hearers in varied kinds of songs. He can be forceful without being vulgar, humorous without clowning, and tender without lapsing into mawkish sentimentality. Werrenrath's art is sane and wholesome, and reflects his strong personality.

NEWS OF CONFERENCE SPORTS

RUNNERS TRAIN FOR STIFF RACE WITH MAROONS

Squad to Run on Different Kind of Course Tomorrow

After a strenuous week of training, the cross country squad is tapering off to light workouts to the finishing touches on preparation for the meet against Chicago. The meet will be held at 11 o'clock tomorrow morning.

Instead of using the regular 3 1/2 mile course, the race Saturday will be run on a course 4.7 miles long. Most of the conference races are run on courses of about five miles in length.

One Track Man to Fear

While Chicago has been practicing on a regulation length, it is not greatly feared by Wisconsin because of the different nature of the course.

The Chicago course is over perfectly level ground, running through the parks of the city. The local course is over uneven ground, running through the country.

Unless the dope is wrong, the Badgers will have only one man to fear. Emil Krogh, captain of the Maroon track team is running on the cross country team.

He is said to have made the five miles in 27 minutes flat, while a Wisconsin man has yet to make this time. The fact that the course is so easy at Chicago may account for his making this excellent time.

Tschudy, Speedy Man

In Tschudy, a speedy man who has been showing a clean pair of heels to the other Badgers in tryout races, Coach Mead Burke has a man upon whom he can depend to place high in the meet.

FRATS RACE FOR FIRST HONORS IN BOWLING MATCH

Bowling Teams Are All Well Matched This Year

Great interest has been displayed this year in the interfraternity bowling games. The majority of fraternities have teams this year, and with a number of good teams this year it looks a real race for the honors.

The teams bowl every week at the Wisconsin alleys. The schedule is about half played but as yet no winners can be sifted out. All teams are bowling high scores. Next week the standings of each of the teams will be given out.

The results for last Tuesday night are as follows:

Sigma Nu 3; Delta Chi Delta 0
Delta Pi Epsilon 2; Theta Chi 1
Phi Kappa Sigma 2; Chi Delta Theta 1
Alpha Chi Sigma 3; Sigma Pi 0
Kappa Sigma 2; Pi Phi 1
P. A. D. 2; Alpha Pi Delta 1
Zeta and D. U.; game was postponed.

Angry Mob Sobs For Homecoming Tickets

"First come, first served" is Paul Hunter's slogan for the Homecoming admittance cards. A few thousand people will not rush up and tell Mr. Hunter he is a prevaricator. No, but they tell each other as much and more.

"History repeats itself," the philosopher muses. It is true, tragically true. Each year the angry mob rises in revolt against the Athletic board's parceling out of the cardboard invitations.

Folks do not seem to understand why the entire Homecoming audience cannot be accommodated comfortably in sections A to D respectively.

Grandpa Has Bum Vision

"My grandfather's eyesight is poor. He must have a front row seat," postscripts the soph. and expects to get by with it, too. "Father is addicted to dizzy spells," coyly writes the slinker, "and couldn't possibly sit way up in Heaven."

Some forgot to enclose money, and swore on the Bibles of all ages that they did not forget.

Some unconsciously, of course, misread the date on their calendar, thereby causing a slight disagreement of about a week between the one on the outside envelope and inside card.

Then the Mad Rush

Then there is the mad rush of those who got left on the outside. The scramble for seats by these unfortunate is pathetic. When a fellow's home town girl goes and gets the fever right on the eve of the whole celebration he has been starving for, the comedy ceases.

Even though scalpers have been forbidden, the close shaver is still in the field, and going strong. Many an unsuspecting, trustful mortal who has been duped into a swap, may find it rather stiffening on the neck to witness the game in a peek-a-boo fashion from behind a giant post.

Tra, la, la! All the true optimists have been celebrating ever since they tore open their envelopes. It's only the gloomy cusses who kick anyway, and better that they save their potency for rooting, where it can be used to better advantage.

CO-ED VOLLEY BALL TEAMS ARE PICKED

Volley ball teams have been picked and the inter-class games will be held next week in Lathrop hall.

At 5:15 o'clock on Wednesday, the junior-senior team will play the freshmen. On Thursday at the same time, the junior-senior team will play the sophomores, and on Friday the freshmen will play the sophomores.

The following freshmen made the team: Loretta Handke, Beulah Henry, Ruth Feeney, Lucille Kirk, Helen Kreutzer, Ethel McCall, Veve Marquis, Edith Norris, Myrtle Oeffling, and Esther Schulz. The sophomores who are on the team are: Grace Baird, Doris Burdick, Mary Coon, Mary Devine, Rhoda Gold, Mildred Hansen, Helen Hagen, Gladys Krosta, Anna Fox, Vida Shepard, Elizabeth Stolte and Catherine Sullivan.

ILLINOIS TEAM LEAVES FOR MADISON WITH CONFIDENCE OF VICTORY; COACH RICHARDS INSPIRED BADGER GRID MEN FOR CONTEST

Wisconsin Backfield Intact With Capt. Williams at Command

Satisfied with the condition of his Varsity eleven, Coach John R. Richards sent the men through a light workout yesterday afternoon and will direct them in their final drill at Camp Randall today.

The Illinois squad, which is scheduled to arrive in Madison this morning, will go through its paces at 2:30 this afternoon. Although the team is somewhat crippled, Coach Robert Zuppke has instilled the fighting spirit into his players and they expect to offer a battle royal at the annual Homecoming clash with Wisconsin at 2 o'clock on Saturday.

With one exception, the team which starts against Illinois will be the same outfit which opened against Minnesota. Indications are that Bob Sykes will supplant Biebstein.

Both men were used for one half at Minneapolis and both showed that they were of Varsity calibre in the right guard position. Sykes has been working hard this week and should show up well against his Illinois opponent.

Confident Before Game

The past week has been marked by light scrimmages and signal drills rather than by the heavy work which usually is dished out before a Homecoming contest.

With two Big Ten victories under its belt, the Wisconsin team is confident, but not overconfident, of beating Coach Zuppke's Indians.

While the Badgers have shown unusual strength, Illinois has shown a weakness and has lost two Conference games and one preliminary contest with Butler college.

In its third time out, the Wisconsin backfield will again be intact. Capt. Rollie Williams, the torpedo of Middle West football, Eddie Gibson, Merrill Taft, and quarterback Barr compose the quartet back of the line.

Taft Leading Fullback

Taft is developing into one of the best fullbacks in the Conference.

With the experience of a season of regular playing he should be a bearcat next year.

Gut Tebell and Russ Irish are two main cogs in the Wisconsin offensive machine. This pair of ends will compare with any duo in the country.

Tebell is an old head at the game. He is a fierce tackler, smashes interference well, and fights from the word, "go".

ILLINI TO DEPEND ON THIS PLAYER

BILL ROBINSON

One of the steadiest players in the Illinois line-up is Bill Robinson. Robinson is expected to be one of the most important cogs in the Illinois football machine. He is a backfield man of much experience and is a consistent ground-gainer. With Coutchie, quarterback, Robinson is expected to bear the brunt of the Illini offense.

BIG MAT TEAM IS IN TRAINING

Approximately 75 Men Are Working Out For Varsity Wrestling Squad

Approximately 75 men are working out four times a week in preparation for a great year in wrestling. Last year's team practically is intact.

"The squad is coming along fine in every way and is in good condition," Coach Hitchcock declared yesterday. "When they first turn out I send them around the track for about 8 or 10 laps. Then I give them about 15 minutes of general exercise which consists of bridging and standing on their hands."

Captain Peterman and Elmer Woellfer, of last year's team, are

lost through graduation. Peterman worked in the 145 pound class. W. J. Heuer '23, and I. O. Hembre '25, are working for Peterman's place.

Captain Templin '23, wrestling in the 158 pound class, is leading this year's squad.

Wisconsin won second place in the conference meet last year. Coach Hitchcock is expecting big things from him this year. L. H. Kingston '23, is working the light heavy class. Oscar Kiessling '23, and R. J. Stipek '25, will report at the end of the football season.

INSTITUTIONS AND MEN
THE college youth is generally blamed for all of his faults and frailties.

Everything that he does which may be construed as wrong or foolhardy is seized upon eagerly and made much cause for comment.

Much that others do is laid at his door.

Individually any college student could perhaps stand the consequences of all blame that the public might cast upon him. Collectively the college students cannot stand and should not stand blame for the shortcomings of others.

College students stand for something other than themselves. Bigger and better than themselves.

The institution is bigger than the man.

The institution gets the discredit for what men attending it may be or do.

If Wisconsin men laugh at prohibition laws, the institution suffers more than do the men. It is the ideals of the institution more than the man that lose their lustre.

If a Wisconsin man designs a new invention, the world will credit much of his success, his genius to the college that tutored him. They will praise its ideals, its teachings, its standards.

And if a Wisconsin man commits a felony or visits a brawline, the world will look with mingled scorn and pity, not so much at the man, but at Wisconsin.

Even as in the world outside the campus that no man is sufficient unto himself, so is that true in college.

What each college student does, reflects upon his fellows and upon his college.

What an alumnus does, likewise reflects upon his alma mater.

This is a responsibility made possible only by and through the alma mater. It is a responsibility that should not be lightly held nor easily forgot.

It should be remembered today and tomorrow.

Guests and alumni will be here to celebrate Homecoming. They will be watching for the reflection of those ideals for which Wisconsin stands. Those ideals Wisconsin places in the hands of every student who has ever entered her portals.

Non-drinking is one of the ideals that Wisconsin is trying to perpetuate. To our way of thinking there serves no mercy. Such despicable

is no time of the year that drunkenness or ribaldry should be permitted. If there be such a time, it is certainly not at Homecoming.

Then, more than ever, will Wisconsin spirit be judged, Wisconsin ideals be measured.

What Madison residents do we cannot help. For what guests and alumni do we cannot be blamed.

But for what they do Wisconsin shall be blamed. It obviously is not right to blame one man for what another does, but the world has that way of doing.

We can only hope that everyone will help to keep Homecoming free from carousals. Free from the drunkenness that has been to prevalent in the past.

It is a little thing to ask, a little thing to do, for the Wisconsin that gave you your scholastic birth.

THE ELEVENTH HOUR

WHAT happened at the eleventh hour four years ago tomorrow will never be forgotten.

The greatest war, the most cruel war in the history of the ages was brought to an abrupt end. Over the battle fronts came the sudden quiet that we now know was the armistice preceding peace.

Tomorrow is the fourth anniversary of that day.

The Gun and Blade club has arranged for a fitting commemoration at the game tomorrow of the hour four years ago—that hour—which brought peace again into the hearts of men.

The ceremony tomorrow is in memory of those who fell before that saving eleventh hour. And it is fitting that the services be performed by their comrades.

But all can join in the spirit of the commemoration services. For there is no one but remembers the mighty significance of the Armistice day four years ago.

A few minutes during halves at the game will serve to show that no one has forgotten, that no one ever can forget the sacrifice of those who fell.

Punch Not Spiked at Orph Tho Fair; Dance, Song Please

BY M. A. S.

A fair ball although not filled with punch. Buddy Walton with her songs and Petita Gremados with her dances, however, save the day and put the ball across.

Zelda Bros. Contortionists of ability.

Fagg and White

"A Bit of Africanology" with some good jokes but a need of more. A clever make-up gives a complete surprise.

Buddy Walton

A pleasing personality and songs with snap, make her act, one worth seeing. She is best as the to-be-bride but is almost equally good in every part.

Olga Boehn.

Harold Maxwell and Co.

In an act headed "Songs and Scenes" display no marked ability. The settings are pleasing.

Mills and Duncan

Get some good laughs. For two old men they are pretty lively with the need for a cane.

Petita Gremados and Co.

An unusual act. The dancing is made more beautiful by the splendid costuming and stage setting. Each dancer is one of grace.

ARMISTICE DAY RITES AT GAME

Special Observance By University Post of American Legion is Planned

Special observances for Armistice Day will be held by the university club of the Gun and Blade tomorrow afternoon at the Illinois-Wisconsin football game before the kick off at the first quarter.

The thousands will arise while the flag is being raised and while the First Regimental band plays, "The Star Spangled Banner." Following the song, the flag will be lowered to half mast, taps played by the Legion bugler, the flag raised again, and "Varsity" sung as the closing part of the observance.

Mayor Kittleson has issued a proclamation also for city observance tomorrow. The proclamation is as follows:

"Whereas, Saturday, Nov. 11th, next, is the fourth anniversary of the signing of the armistice which ended the World war;

"And whereas, our people are deeply and profoundly grateful that that conflict was brought to an early and successful conclusion;

"And whereas, we believe it is right and proper to remember and honor the significance of that important event as well as those, living and dead, who won that great victory,

"Now, therefore, as mayor of Madison, I hereby proclaim 11 o'clock in the forenoon of Saturday, Nov. 11th, next, as zero hour, and request that all whistles and sirens in the city be blown and all bells and chimes rung, beginning at one minute before 11 o'clock on that day and continuing for two minutes after that hour, during which period, I also request that all business and traffic cease and that we all stand with heads bowed, facing the east in earnest prayer to Almighty God for world peace and happiness for all people.

University Aids Plan of State Potato Week

This week, from November 5 to November 11, has been proclaimed as "Wisconsin Potato Week" by Governor Blaine.

The University agricultural department is doing all in its power to move the potato crop of the state, the principle aim of the campaign. Farmers are being urged to sell their potatoes now instead of holding them, while the people of the state are asked to buy their potatoes now rather than later when there is danger of freezing in transit.

The campaign is being carried on throughout the entire state.

GIVES SECRET OF SPEECH LESSONS TO ALIENS IN U. S.

Translation Method is Inadequate, According to Miss Bascom in Address

The dramatization method is by far the best method known for teaching languages, especially to the illiterate," Miss Lelia Bascom declared in a lecture to the Neighborhood House staff yesterday afternoon.

A foreigner naturally thinks of objects in his native tongue before he does in the new language, ac-

cording to Miss Bascom. The problem therefore is to teach him the word sufficiently well to allow him to use it easily in conversation. For this purpose the value of the dramatization method readily can be seen; the translation method, on the other hand, does not teach students to speak.

Miss Bascom outlined several other methods, but advised those who were teaching English to foreigners to follow the instructions of the report of the women who taught English to foreigners during the war. She also spoke of the importance of teaching a great number of verbs, even suggesting that fifty verbs to one other word would not be a bad ratio.

Let Students Exclude School, Nation States

That people put too much stress on the exclusion of students from schools and universities rather than students taking special care in excluding undesirable educational institutions, is the opinion expressed this month in the "Driftway" column of "The Nation."

People talk about whom the universities shall admit, but few take into consideration the fact that students want to learn truth and that they cannot do this everywhere. Many educators do not know the underlying truth of their subject

but they never admit it the article states.

According to the article a prospective student of a university should ask himself,

"Is this the sort of university I want?"

"Shall I be taught by men who have no time for contemplation, no contact with what other men thought and are thinking, and no love for teaching and for my fellow students?"

The drifter suggests that if the student's educator is of the above type the student might just as well get a profitable job as plumber's assistant and acquire "culture" when he retires on a modest fortune at the age of 37.

PAPER PRAISES U. W. DRY STAND

Letter to Alumni in War on
Homecoming "Booze"
is Cited

A postscript in a letter to every alumnus asking them to co-operate with the university to suppress booze during the Homecoming has inspired editorial comment in one of the recent issues of the Christian Science Monitor.

The postscript was written by Worth E. Shoultz '23, chairman of the Homecoming committee.

Ask Full Co-operation

The postscript reads as follows: "We are asking your fullest co-operation in helping to dissociate Homecoming and Booze. Every drink taken at that time is a blow at Wisconsin's ideals. Leave it at home."

The Monitor calls this postscript an offset to the wet plank in the platform of the Republican party of Wisconsin. And quoting the Monitor:

"Whoever secured the addition of that postscript to the letter is a credit to both the University and the State."

"Several letters, commending this postscript, have been received from alumni, 29 from men and one from a woman," Shoultz declared last night.

Many Students Interested

The men of our alumni are as much interested in a "dry" Homecoming as the women, Shoultz believes. Only one alumnus wrote to us who disapproved of a "dry" Homecoming.

"The Homecoming committee is trying to discourage "booze" parties among the returning alumni and thus help the university authorities in keeping a "dry" Homecoming," Shoultz concluded.

Jury To Decide If Meanwell Gets \$300

The jury in the case of Dr. W. E. Meanwell, university basketball coach, versus Theodore Hoeveler, Madison, returned at 2:15 today after hearing arguments. Meanwell is suing for \$300 damages to his automobile, which he claims was caused in a collision with Hoeveler.

Amount Goes to 230 Federal Board Students Every Two Weeks

More than \$15,000 is distributed among the 230 federal board students of the university every two weeks, according to figures given out by the Veteran Students bureau yesterday. A single man gets \$80 to \$100 a month and a married man from \$115 to \$135.

The U. S. veteran students bureau which has its office in the Union building has charge of everything that has to do with ex-service men: insurance, medical, treatment, compensation, and rehabilitation. During the past week two experts from the district office in Chicago have been in Madison advising the students regarding their training. The office in the Union building is a branch of the Madison headquarters in the Gay building under the direction of Walter Chisholm, sub-district manager.

"It is the aim of the bureau to carry on the work of habilitation, that is, to give training so that the

FRAZIER WINS IN N. DAKOTA

R. M. LaFollette, Jr. Gets
Long Distance Call;
Nestos Reelected

Robert M. La Follette, yesterday received a long distance telephone call from R. W. Frazier, chairman of the North Dakota state central committee stating that Lynn Frazier, the progressive candidate, has been elected U. S. senator by over 6,000 votes.

He also stated that the friends of O'Connor are now conceding Frazier's election.

Mr. Frazier also stated that the assembly just elected is controlled by the non-partisan league which will prevent the repeal of the non-partisan league legislation recently placed on the statute books. Gov. Nestos, foe of the non-partisan league, has been re-elected governor.

The victory of Frazier is held remarkable in view of the fact that thousands of farmers were unable to get to the polls. It rained in the eastern part of North Dakota and snowed in the western.

FARGO, N. D.—With the election of L. J. Frazier, recalled non-partisan league governor of North Dakota, to the United States senate, claimed by the Courier News, J. F. T. O'Connor, dem., his opponent, had a lead of about 7,000 votes when tabulation of returns was resumed today.

Gov. R. A. Nestos, rep., whose re-election has been conceded by the league, has a safe lead. Latest figures from 1,328 precincts out of 2,136 in the state, gave him 88,096 votes to 52,034 for William Lemke, ind.

For senator, 1,344 precincts gave Frazier, rep., 68,337; O'Connor, dem., 76,080.

Outcome of the congressional races in the second and third districts is in doubt. In the third, Rep. J. H. Sinclair, with less than one-fifth of the district reported, has about 600 lead. In the second, a few precincts had Rep. G. M. Young leading by 900 votes.

Stop for 10 Days

Stop brushing teeth in ineffective ways

See what new beauty this new way brings

Nearly all the world over, leading dentists are advising people to brush teeth in a new way. Millions of people now do it every day.

You see the results wherever you look. Teeth now glisten which once were dim. Women have new charm, new beauty. They show teeth when they smile.

This is to urge all other people to try this method now. Your druggist will present you with a ten-day tube. Cease your old methods for a few days and see what this new way does.

Why teeth look dingy

Your teeth are coated with a viscous film. You feel it with your tongue. It clings to teeth, enters crevices and stays. Food stains, etc., discolor it. So that film, if left, soon forms the basis of thin dingy coats. Tartar is based on film.

No ordinary tooth paste can effectively combat it. So millions of teeth brushed daily were clouded more or less.

Film also holds food substance which fer-

ments and forms acid. It holds the acid in contact with the teeth to cause decay. Film forms a breeding place for germs. They, with tartar, are the chief cause of pyorrhea.

All these troubles were constantly increasing. Very few escaped. The tooth brush, used in old ways, left much film intact.

The war on film

Dental science then began a war on film. After long research, two effective film combatants were discovered. Able authorities amply proved their efficiency. Then they were announced, and since then leading dentists everywhere have been urging their adoption.

One acts to curdle film, one to remove it. And this is done in scientific ways, not by harmful scouring.

A new-type tooth paste was created, based on modern research. It brings other new results now considered essential. It avoids several old mistakes. In this tooth paste are

embodied these two great film combatants. The name of the tooth paste is Pepsodent.

Two other new effects

Pepsodent brings two other effects which research proves essential. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

It was found that tooth pastes based on soap and chalk brought just opposite effects. That is one reason why they proved so ineffective. They reduced the tooth-protecting agents which Pepsodent increases many fold.

These results mean a new dental era. They mean that your children need not suffer what you suffered from your teeth. They mean that film-coats can be combated.

A few-day test will prove this to you. Make that test in fairness to yourself.

Some Fifty Nations

Use this new way now

Careful people of some fifty nations now use Pepsodent, largely by dental advice. To millions of women it has brought new charm, new beauty. To men of many races it has brought teeth they love to show. To children it has brought protections which your childhood did not know.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

What you see and feel will very soon convince you. You will be delighted and amazed. Cut out this coupon so you won't forget, for this test is important.

GOOD ENGLISH DRIVE OPENED

Committee Organized of
Professors to Reduce Inaccuracy at School

Better English for the entire university is the purpose of a newly-created Letters and Science committee on student English.

The committee includes Professors R. H. Whibec, chairman; C. C. Batchelor, secretary; F. C. Clapp, J. H. Mathews and C. Stephenson.

Reports of neglect or appeals for help should be sent to Professor Batchelor who will give personal attention to cases which come before the committee.

War On Inaccuracy

"The obstinate idea, born of careless thinking, that accurate English is demanded only in the English classroom must go," Professor Batchelor asserted yesterday in explaining the purpose of the new committee.

"To fight this idea, the faculty has organized a machine to follow students who are inaccurate in English expression in any part of their written work in the university and also, with a more merciful purpose, to offer help to students who feel they need assistance beyond the brief training of freshman English.

Plan Proved Success

The new plan is not wholly experimental. Several prominent universities and technical schools throughout the country have tried similar means with success. Students who most need the benefits of such a plan frequently have been quick to appreciate their opportunity and have voluntarily applied to the committee for aid.

"The success of the committee at Wisconsin depends upon the cooperation of the faculty and a feeling on the part of the students that the committee, in the long run, is working for their benefit," Professor Batchelor concluded.

BETTER MILK IS URGED BY WRIGHT AT BABCOCK CLUB

Economics and Not Ethics Are
Considered By Public,
Speaker Says

"When you deal with the rank and file of the American people, who think in the present, you must talk in terms of economics rather than ethics," Prof. W. H. Wright declared, addressing the Babcock Dairy Club.

Professor Wright pointed out that the only way to raise the quality of milk is to pay the producer on the basis of the grading of his product. He demonstrated methods used in such grading.

The most common method of grading milk today, Professor Wright stated, is on the basis of "good" for milk with a small bacterial content; "fair" for milk with an average to large amount of bac-

teria; and "poor" for that containing an excessive amount of bacteria.

Professor Wright explained the advantages and disadvantages of various methods of determining the bacterial content of milk, illustrating his points by experiments with test samples.

HOECOMING 1922

WE'RE going to hold "open house" here for "way back whener's" all day. Like yourselves we're a little bit older than we were last time we saw you—45 years old, to be exact—but your age and our age isn't measured in years. We've still got the old "pep" we had in our "undergrad" days, same as you have—and there's nothing we'd more enjoy today than an old time "get-together" with you fellows up here at the store, like we used to have in the "good old days."

come any time; but for the love 'o Mike, stay away during the game.
