DRAMATIC CONTEST

SATURDAY NIGHT,
Box office open Friday at 2 p. m.

WILLFUL FALSEHOODS

SENTINEL GROSSLY EXAGGERATES NIGHT SHIRT PARADE.

The Affair was not Disorderly, Although Loud—No Damage to Property was Done.

The reports of the night-shirt parade which were printed in some of the city papers this morning are so erroneous and exaggerated as to give an impression absolutely unwarranted. The most notoriously "yellow" account of the affray is that sent in by the Madison correspondent of the Milwaukee Sentinel.

To begin with the Sentinel story states that 250 students took part in the "riotous demonstration." Falsehood number one. The fact is that not more than 75 night-robbers were in the affair, while the number of participants and spectators all told did not exceed 200.

Again our Milwaukee contemporary states that Acting President Birge chased a party of students two blocks. Falsehood number two. The fact is that Dr. Birge took a quiet walk through the crowd and said, "Boys I guess you've had enough fun for tonight. You would better go to your rooms." After this no night-shirts were to be seen. The Sentinel's third falsehood is the statement that the "howling, hooting mob" hung around Dr. Birge's residence until he was thoroughly incensed. The fact is the crowd stopped before the Birge residence, gave the Varsity yell and passed on.

Falsehood number five of the Sentinel story states that the boys tried to pull up plank sidewalks and riot calls were sent into the city police station. Chief Baker when seen this afternoon stated that no riot call was sent in. The Sentinel further states that four students were arrested and would have to answer in court this morning to the charge of disorderly conduct. Falsehood number six. The four students taken in custody were released almost immediately after the station had been reached, no record of arrests were made and nothing further will be done in the case. It transpired that the police thought the young men were stealing a small out-building for fuel, while in fact they were simply carrying out the express wishes of the owner who was a spectator of the affair and who desired to be rid of the old building. According to the same sulphur hued account the demonstrators seized a street car and ran it almost to the business section of town. Falsehood number seven. The fact is that the score or so of students who boarded the car in question had ridden not more than four rods when the stern visage of the acting president caused them to scurry to cover. Further falsehoods which the unscrupulous reporter sent to his paper are to the effect that the officials of the University are furious over the affair and that expulsions will follow. Dean Birge, while he looks upon the occurrence as unfortunate, is outspoken in his denunciation of the willful exaggerations sent in to the city papers. Chief Baker says the whole affair was merely a student prank, no damage to property was done and nothing happened to cause anyone to worry.

Some of the best dramatic talent

PROFESSOR AUSTIN RESIGNS.

Gives up Assistant Professorship to Continue Study in Europe.

L. W. Austin, assistant professor in Physics, who is at present studying in Europe, has resigned his position at the University. Acting President Birge has just received word from Professor Austin with his resignation stating that he wished to remain in Europe at least another year pursuing his studies. Professor Austin and his family will remain abroad another year after which time the plans of the professor are not known.

It is rumored that a legacy of some \$250,000 has been left to Mrs. Austin but members of the faculty personally acquainted with the professor refuse to verify the report.

HIGH CLASS PLAYS

TO BE PRESENTED IN DRAMATIC CONTEST.

"To Oblige Benson" Involves Entanglements Growing Out of a Love Letter.

The annual dramatic contest which occurs next Saturday evening will perhaps exceed all other contests in previous years in point of merit of the farces to be presented.

"To Oblige Benson," one of the farces, has always been popular and on many occasions has been presented in London, Wallack's Theatre, New York, and in Boston. It has about it a society atmosphere and abounds in striking and funny situations. In this play, Mr. Meredith, who is reading law with Mr. Benson, is in possession of a loving letter from Mrs. Benson with whom he seems to be infatuated and the answer to which he slipped into Mr. Benson's glove. Mrs. Southdown accidentally finds the answer written by Mr. Meredith and warns Mrs. Benson of the risk she is incurring. Mrs. Southdown promises to extricate Mrs. Benson from her position and asks her husband to help gain the letter which Mrs. Benson wrote her. While Mrs. Southdown's husband is doing what he can to aid Mrs. Benson, he suddenly becomes convinced that it was his wife that wrote the letter to Meredith. At last Mr. Benson comes into possession of the letter and proceeds to burn it without knowing that his wife wrote it.

Firing Squad Practice.

The firing squad had rifle practice on the range near Rock Cut yesterday afternoon. Each man shot about fifty rounds of ball cartridges and some very good scores were made. Dr. Buckley announced that the inter-collegiate shoot will be held next Thursday afternoon at 3 o'clock. Each college will shoot on their home range, and certified scores will be sent to the other colleges.

D. Barnard, Borden, Carpenter, Cress, C. J. Heida, Harsfall, Johnson, Kemmerer, A. V. Smith and P. Trowbridge.

Professor Frankenburger's class in Advanced Rhetoric visited the Cardinal office this afternoon for the purpose of learning how the Varsity daily is published. Incidentally the Democrat office and press-rooms were inspected.

Three seats will compete for each

FRESHMEN IMPROVING

KEEP BOAT STEADIER AND MAKE BETTER TIME.

Krueger Displaces Potter in 1904 Shell—St. John's Race Friday.

Coach O'Dea has written the following article on the week's work of the crews:

During the past week there has been some improvement in the freshman boat crew. The time is better and the boat is running much steadier, although there is still much to be desired in this direction. The order of rowing has been unchanged for a few days, and it began to appear that the final order was secured. A little trouble has arisen which necessitates Krueger being placed at 3 in place of Potter, who has held down that position for some time. The crew was given a handicap of 3 lengths over the Varsity on a 2-mile row. During the first mile the freshmen rowed with dash, and held their distance, but they appeared to tire during the second mile and the Varsity beat them out by about one length. The boat ran well in the early part of the row, but during the latter part was very unsteady.

The time was only fair, and it looks now as if the 1904 boat were about 15 to 20 seconds slower in a two mile course than were 1903. The men do not keep their form so well as last year's crew, and are not nearly so well together. Physically they are inferior, and they will have all their work cut out to beat the St. John's crew which is reported very fast.

The freshmen will row in the "Camilla," the '99 boat, in the race on Friday and the order will, barring accidents, be as follows:

Bow, Banta, 149. 2. Thom, 154. 3. Krueger, 155. 4. Caskey, 152. 5. Kimball, 160. 6. Hobbins, 156. 7. Christianson, 156. Stroke, McComb, 165. Coxswain, Martin, 110.

An unfortunate accident happened on the launch last evening which will throw "John Day" out of commission for 3 or 4 days. The cross head on the high pressure piston gave way, and the piston came through the cylinder head. It is hoped to have repairs made by Saturday.

The work of the Varsity cannot be said to have much improved during the past week. There has been a little slump if anything and some of the men have been under the weather.

Quigley had to be laid off for a day, and Jordan, No. 4, had a little stomach trouble. After this, however, the men will round up, and longer work will be required of them. One four mile row was made last week, and the boat traveled well throughout. There was no attempt to force the row, and it was merely a good work out. The stroke was kept slow, nothing above 20 during the first two miles, where the freshmen were picked up. The last two miles were rowed at a 32 clip, and the boat traveled well and evenly.

There is a tendency to slump the finish both with the backs and the hands. The shoot is not nearly quick enough, and the feather is sometimes dirty. This will need to be remedied before we can accomplish much in the way of pace.

The present order is as follows:

Bow, Trevarthen; 2. Lounsbury; 3. Levisse; 4. Jordan; 5. Gibson; 6. Stevenson; 7. Gaffin; stroke, Quigley;

and the subs for the Varsity and freshman boats will be selected from this crew. They have been changed from the Sawyer shell to the 97 boat, and during the last few days their form has improved considerably. Those men who have stuck to their work are beginning to show signs of good form, and it is just possible that some of them may eventually be tried in the first boats.

The order is as follows:
Bow, Fuller, '04; 2, Werner, '03; 3, Krehore, Law; 4, Abbot, '04; 5, Potter, '04; 6, King, Law; 7, Palmer, Law; St. Boland, Law; Coxswain, Parks.

The St. John's-freshman race will take place on Lake Monona, starting below the Catfish, and finishing in the vicinity of Angle Worm Station. There will be an effort made to row the race at 4 p. m. in order to allow the out-of-town visitors to get away on the 6 p. m. trains.

ROUSING RECEPTION

ONE THOUSAND STUDENTS GREET DR. BASCOM.

Ex-President Gives Valuable Address Urging Full Appreciation of University Opportunities.

Over a thousand students greeted Ex-President Bascom this noon at the gymnasium. The faculty attended in a body. Dr. Bascom was received with great applause and a rousing Varsity yell was given.

This is Doctor Bascom's first visit to the University while in session since he left in 1887. Acting President Birge introduced Doctor Bascom with a short appropriate address. He regretted that President Adams was unable to be with us on such an occasion as this. Professor Birge remarked that Doctor John Bascom was president of the University from 1874 to 1887 and it is largely due to his efforts that we are so prosperous today.

Ex-President Bascom told first of his surprise at the growth and appearance of the University. He said he would not dwell on the excellence of the University and our surroundings as he thought the students and people of Madison could be relied upon to do that themselves. Doctor Bascom further said he would not talk of reminiscences, that he was not old enough for that. He said, what he wanted to find out was whether or not there was genuine life here. He said enthusiasm was life and it must come from the students themselves. He cautioned the danger resultant from too much interest devoted to athletics the saying, "nothing in excess is the best policy to follow." He urged renewed interest in debating oratory and all intellectual activities.

The speaker paid a glowing tribute to Governor Robert M. La Follette who graduated while Dr. Bascom was at the head of the institution. He said that such men championed the ideals of the University and public rights.

Doctor Bascom is the guest of Acting President Birge while in the city. Tomorrow night he delivers the Phi Beta Kappa address in Library Hall on "Philosophy the Pilot of Life."

Phi Beta Kappa Address.

The Phi Beta Kappa address by Dr. John Bascom on "Philosophy, the Pilot of Life" will be given in Library

PEOPLE WHO CAN AFFORD TO PAY

For a Telephone have money to pay for other conveniences and necessities. They are the ones every business man wishes to reach. How can you reach them? Ask the local manager about the various forms of service.

WISCONSIN TELEPHONE COMPANY.

Notice.

Applications for the position of Business Manager of the Cardinal for the coming year will be received on June 15, 1901. To secure consideration, applications must be in writing and accompanied by not more than three testimonials, and must be sent by mail to Mr. John B. Sanborn, Sec'y. Wis. Cardinal Ass'n, Madison, Wis.

The Same Old Story.

History remains prone to repetition and in the little excitement of last night we had reproduced, except for the general insignificance of the present occurrence, the exact circumstances of some previous unfortunate passages in the history of the student-body. It was forced, abortive, too seriously taken and misrepresented.

The affair on the campus was thoroughly characteristic of the turn such things have taken here of late.

In the first place it was a fizzle as an attempt to get up any considerable amount of the innocent fun we used to derive from these demonstrations before the unfortunate occurrence of last year. A poor little gang of twenty or thirty yelled themselves hoarse and then paraded around the streets in an unsuccessful attempt to get up a crowd. Next, the police offered a little gratuitous interference and dashed up and arrested the wrong persons on the wrong charge.

Now the Milwaukee Sentinel comes in and prints a front-page leader with false and misleading headlines. This paper seems to be laboring under the impression that the people of Wisconsin are of the kind that want a lot of scandal shed up to them about the young men and women of the state rather than that they want the exact news. The Sentinel may be under no obligation to the University and is not required to be a friend of the institution but it owes it to the public to face about and print the truth. It was a small affair, wherein a little crowd of students tried to burn some fuel for which they had politely asked the owner, and the jist of the Sentinel's offense, is in entirely misinterpreting it and causing a scandal on the University's name, and injuring to just that extent her future.

It was unfortunate that the visit of ex-President Bascom should have been thus rudely disturbed but the affair does not deserve the distortion to which it has been subjected. It was a fool performance but not intrinsically vicious or degraded. The most that can be said is to characterize it as essentially freshman in inception and method of carrying out.

With to-morrow's issue the Daily Cardinal will suspend publication until Thursday of examination week. The issue of that day will be the last for this year.

Adapted for Banquets.

Such is the One Minute Coffee House No. 2. Curtains to shut out the gaze of the multitude while the loaves and fishes are distributed. Any time between 10 p. m. and 4:10 a. m. you can hold a jollification meeting. Eat and be merry.

Last Military Drill.

The last military drill of the year took place on the campus yesterday afternoon.

Major Fritsche read the orders of the Commandant that this was to be the last drill of the year. The commandant congratulated the officers and men on the condition of the regiment saying that the drill this year had been of an unusually high order of excellence.

The officers were then given their commissions. It is customary in all military schools not to give the officers their formal commissions until after they have completed their work, because it is sometimes necessary to reduce them to the ranks before the year's work is over.

The men were then assigned twenty rounds of blank cartridges. These were fired by volley and at will and afforded a good deal of amusement. On account of the lack of time the sham battle had to be given up, and it was thought that the boys ought to be allowed to shoot off some cartridges anyway. And the boys had a good time.

Latin in the Summer Session.

Professor Edwin Post, of DePauw University, will have charge of the Latin work during the summer session of the University. He will give two courses, one being a pedagogical conference in which topics of interest to teachers of Latin in secondary schools will be dealt with, the other is a course based on Cicero's orations, also intended for teachers.

Dr. Allen, instructor in the University, will give a reading course in Lucretius and a lecture course on Latin literature.

Professor Post has been professor of Latin at DePauw University for a number of years and has been very successful in training teachers and attracting his students to undertake graduate work. He has published several books and is a contributor to the Classical Review and the American Journal of Philology.

—Friday evening Athenae will meet to hear the annual sophomore orations, after which the Junior-Ex candidate will be chosen.

—Illinois defeated Wisconsin yesterday at Champaign by a score of 13 to 0.

Phi Delta Phi Banquet.

The members of the legal fraternity of the university law school, Phi Delta Phi, held their annual banquet last night at the Grace church guild hall. About thirty covers were laid and an elaborate dinner was served in courses by the ladies of the guild. The tables were arranged in the shape of a Greek letter Delta, the guests being seated around the outside. Numerous bunches of greens and bouquets were daintily arranged on the banquet board which presented a very beautiful appearance. After full justice had been done to the repast, Associate Dean Charles Noble Gregory assumed the part of toastmaster which position he occupied with his usual graceful and ready manner. The following responded to toasts: Mr. Arthur Fairchild, Phi Delta Phi; Dean E. E. Bryant, The Law Has Honored Us. My We Honor It; Mr. H. H. Morgan, The Harlan Chater; Prof. Howard L. Smith, We Surgeons of the Law Do Wondrous Cures(?); Mr. Frank W. Lucas, The Senior. Those present were: Gen. E. E. Bryant, Prof. Charles Noble Gregory, Mr. Burr W. Jones, Mr. R. M. Bashford, Prof. A. A. Bruce, Prof. H. L. Smith, Messrs. Henry H. Morgan, M. S. Dudgeon, Charles A. Vilas, Frank W. Lucas, E. T. Fox, John McMillan, Arthur Fairchild, Byron Stebbins, Carl Geiffuss, Fred. Schneider, John B. Sanborn, M. W. McArdle, Charles Hutson, Charles Burnham, John M. Barney, C. C. Joannes, Chas. G. Riley, Sam T. Swanson.

RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837.

The academic year of Rush Medical College is divided into four quarters, corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each Quarter and the beginning of the next following.

The general course of instruction requires four years of study in residence with a minimum attendance upon three Quarters of each year. A student may begin his college work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three consecutive Quarters. At least 15 months must elapse between the date of a first matriculation and the date of graduation. For further information, address

RUSH MEDICAL COLLEGE,

Chicago, Illinois.
