ZORN'S DIRECTORY

OF THE

CITY OF SHEBOYGAN

1906 - 1907

STREET DIRECTORY

The city of Sheboygan is divided into two divisions, the North side and the South side, the river being the dividing line.

The streets running north and south have numbers, beginning at the lake, and are called on the north side, North 1st street, North 2nd stret, etc.; on the south side, South 6th street, South 7th streets, etc. The streets running eas and west are called avenues. Short streets are called courts or places.

The houses of the city are numbered according to the Philadelphia plan, that is, 100 numbers are counted for each block. On streets running north and south the even numbers are on the west side of the street, and the odd numbers on the east side. On streets running east and west the even numbers are on the north side of the street and the odd numbers on the south side.

For numbering the houses on the streets running east and west, No. 1 is at the shore of Lake Michigan, east of 1st street. Nos. 101 and 102 are always the corners of the street running east and west and 1st street, and 100 numbers are added for each block from the lake. Thus we have on these streets the following numbers:

Between 1st and 2nd street, from 100 upward; between 2nd and 3d streets, from 200 upward; between 3d and 4th streets, from 300 upward; between 5th and 5th streets, from 400 upward, and so forth. This plan is the same for the north side and the south side.

For numbering the houses on the north side on the streets running north and south, the most southern bend of the river, at 8th street bridge, is taken for a basis and called No. 1; 100 numbers are added for each block north from this point. Thus the intersections of N. 8th street with the following avenues have the following numbers:

Maryland ave	101	Niagara ave	901
New Jersey ave	201	Ontario ave	1001
Virginia ave	301	Erie ave	1101
Jefferson ave	401	St. Clair ave	1201
Pennsylvania ave	501	Michigan ave	1301
Center ave	601	Huron ave	1401
New York ave	701	Superior ave	1501
Wisconsin ave	801		

The same rule applies to all other streets running north and south on the north side.

Houses and Lots for Sale, Trade or Rent H. J. NEUENS 802-804 N. 8th St. 2nd Floor

For numbering the houses on the south side, on the streets running north and south, the most northern bend of the river, on S. 14th street bridge, is taken for a basis and called No. 1; 100 numbers are added for each block south from this point. Thus the intersections of S. 14th street with the following avenues have the following numbers:

Niagara ave	101	New Jersey ave	801
Wisconsin ave	201	Maryland ave	901
New York ave	301	Illinois ave	1001
Center ave	401	Indiana ave	1101
Pennsylvania ave	501	Kentucky ave	1201
Jefferson ave	601	Alabama ave	1301
Virginia ave	701	Georgia ave	1401

The same rule applies to all other streets running north and south on the south side.

Why you should attend the State Business College

BECAUSE it is the largest, the most successful, the most modern, and the biggest and best Business College to be found anywhere in the entire North West.

BECAUSE ours is the only chartered college in this part of the State.

BECAUSE you can learn more in our college within three months time than you can in any other college within six months time.

BECAUSE we have a standing offer to any student who has studied Bookkeeping or Shorthand three months or longer at another college, to enter into a written contract with him agreeing that he may take a one months course with us in either Bookkeeping or Shorthand or both, and if he does not think that he has learned more about these subjects during the thirty days spent with us, we will give him his tuition free! He may collect and arrange his own evidence, argue his own case, be his own judge, and render his own verdict!

BECAUSE we place more students in good paying positions than any other three business colleges in this part of the state.

BECAUSE the demand for our graduates is greater than the supply.

BECAUSE we offer you better treatment and more knowledge within a shorter length of time and for less money than any other college.

A CHALLENGE

The world of commerce challenges you to combat. Are you prepared? Do you feel that you can snatch victory from the jaws of defeat? If not, **then you should let the State Business College prepare you to win in the conflict.**

A prize fighter will spend days, months and years in preparing for a fight to last for but a few minutes, then why will you hesitate to spend a few months with us in order that you may be fully prepared for a great battle with the Commercial World, which must last for the remainder of your life, and upon which your future weal or woe depends.

OPPORTUNITY

"Four things come not back—the spoken word, the sped arrow, the past life and neglected opportunity. Opportunity has hair in front, behind she is bald. If you seize her by the fore-lock you may hold her, but if suffered to escape, not Jupiter himself can catch her again."

The memory of the past swarms with recollections of lost opportunity

NEVER SHUT DOWN. NEVER CUT WAGES. NOT IN THE TRUST.

HEN Sheboygan was an Indian Village people used **Pine Knots** for light.

A few years later everybody used **Tallow Candles** in stores and homes, *they were better than Pine Knots.*

Then came **Kerosene** or **Petroleum** and people used it because it was *better than Pine Knots or Tallow Candles.*

After that they invented **Gas** and used it because it was *better than Pine Knots, Tallow Candles or Petroleum.*

But **Electricity** proved to be *better than all of them* and to-day everybody who is up-to-date uses

ELECTRICITY

It makes the best and cheapest **Light.**

It will do your ironing, cooking and hair-curling.

It will warm baby's food and hot water bottle.

It will run your sewing machine.

It will run your shop or factory no matter how small or how large it is.

Electricity costs very little in Sheboygan, so little that you cannot afford to be without it.

Call us on Telephone No. 67 and we will tell you all about it.
