IN THE GOOD OLD SUMMERTIME

Summer arrived yesterday. We might have thought it was here on some of the hot days of the last two weeks but it did not of-

ficially get here until June 23rd, 2:06 A. M.

Schools and Colleges are out and our Summer guests are coming to their own or rented homes. We welcome them and wish them to join into the activities of the Village. The Churches have extended their welcome thru the pulpit and announcements in Bay Leaves. The Men's Community Club through the Committee on Century of Progress is planning some additional events of interest to every one in Williams Bay. The Village picnic was sponsored by the M.C.C.

Our Village affords a lot of recreational features which you

and your friends, for the day or week, do not want to miss.

First: Every one must see Yerkes Observatory, which we here like to think of as the place where the Century of Progress began as it was there that the impulse was received from the star Arcturus with which the illumination of the Fair was started. By special arrangements with the Observatory the Building will be open daily from 5.00 to 6.00 P.M. with Mr. Geo. C. Blakslee to explain the workings of the telescope. On Saturday afternoons it it open as a part of the Observatory schedule.

Second: Tell your friends to bring along their golf clubs.
On the hill by the Observatory is the Kish-wau-ke-toc Golf Course which is a daily fee course with a membership fee for those who are here all summer. It has 18 holes and will be enjoyed by them as it is situated in a beautiful spot and is kept in fine

condition.

Enjoy the Lake to the full. The Village has compe-Third: tent Life Guards at the Swimming Pier from 8 o'clock in the morning until 9 o'clock at night to watch out for your safety. It is best to swim at the regular beach because of this protection. Then take your guests for a ride on one of the fast motor boats and give them a thrill. They are exceptionally good boats of well known makes and are run by experienced men. The rates are about half what you would pay in other places. For a longer leisurely trip the W.T.C. passenger boats stop at the pier on schedule. Sailing parties are in order. They can be arranged for either day time or evening at small cost per person. Fishing is a sport many will want to enjoy. Many come here year after year because of the long strings of fish they catch. Bass, blue gills, perch, and pickeral abound. Some of our citizens make it a business to help you by renting bosts, selling bait, guiding and giving advice.

Fourth: Automobile trips around the Lake or to other nearby Wisconsin Lakes such as Delavan Lake, Lauderdale Lakes, Booth Lake make for a diversion.

Fifth: Williams Bay has no dancing pavillion but the new Riviera is on the Lake at Lake Geneva City. It is under lease from the city of Lake Geneva which built it at a cost of over One Hundred Thousand Dollars as an unemployment measure.

Sixth: Exceptionally fine movies are within fifteen minutes of the Bay at either Lake Geneva, Elkorn, or Delavan. Pictures

are shown there as soon as in Chicago.

Everything is here for your enjoyment and it is the wish of the citizens of Williams Bay that you have the time of your life.

The third Flower Show organized by the Garden Club will
take place Friday, June 30th.
from 10 A.M. to 6 P.M. in the
Community Room. Everybody is
invited to submit entries for
this exhibition whether they are
members of the Garden Club or
not.

The Exhibit will be divided into the following groups:

- 1. Artistic arrangement of center pieces for dining tables.
- 2. Artistic arrangement of center pieces for small tables.
- 3. Arrangements in vases.
- 4. Arrangements in baskets.
- Wall pockets.
 Shadow boxes.
- 7. Three breakfast tables can be set and decorated. There will not be room for more. The people who want to make entries in this exhibit are asked to notify Mrs. Al. Johnson, chairman of the Exhibition Committee, and the first three names entered will be accepted.

Each exhibit should be accompanied by a card bearing the exhibitor's name and the scientific name of the flower used.

All these exhibits will be judged by outsiders and a first and second place will be awarded for each group.

A small space will be allowed on the porch for local gardeners who wish to take orders for future delivery.

No admission will be charged for the entrance to the exhibition but refreshments will be served at 10ϕ a plate.

The Garden Club visited the Wheeler Nursery, Route 51, on Tuesday afternoon. Mr. Walter Hansen, Supt. conducted the visitors telling of the many varieties of trees and shrubs for all kinds of planting.

The Williams Bay soft ball team got off to an auspicious start in their twilight League Honday night by defeating one of the Geneva teams at the Geneva Ball Park. The Bay batters collected eleven runs and the opponents only nine.

Tuesday night the Bay team went to Dousman, a town 35 miles no. of here, to play under the electric lights. The novelty of playing under lights and the

of here, to play under the electric lights. The novelty of playing under lights and the difference in visibility caused the team to lose by one point, 8 to 7.

The Bay has a good team, but they would like some support, both personal and financial; personal in the form of rooters and financially in form of money. We need a new ball and bat to replace some old ones.

Visitors to the Century of Proress from Williams Bay will be
interested in seeing an exhibit
of miniatures in the Exhibition
Building-Art Display-done by
Mrs. R. L. Richardson, Chicago,
sister of Miss Ragnild Nelson.
Her subjects are her daughter
Nancy, her mother Mrs. Augusta
Nelson, and "The Girl in the
Green Smock." These miniatures
were judged before being accepted for exhibit at the Fair.

Miss Alice Farnsworth, Science teacher of Mt. Holyoke College, will be at Yerkes Observatory for a month doing special work in science. Miss Farnsworth & Miss Calvert are in Chicago for the week attending the Science Convention and the Century of Progress Exposition.

Everybody in Williams Bay either knows or should know Alfred Pihl who has been building homes, churches, and other

buildings around the Lake for some thirty-six years.

Hr. Pihl was first attracted to Williams Bay as a young man by the need of carpenters in building Yorkes Observatory. Like several others who are now distinguished citizens, he decided to stay here and sent back to Sweden for the girl he left behind to come and help him establish a real home in Williams Bay. Both Mr. and Mrs. Pihl have been active in all phases of life that made for a better place to bring up their growing family.

As he built buildings his reputation for the square deal kept bringing increasing work until he has had as high as fiftyfive men on various jobs at one time. Not having had much chance for higher education himself, he saw to it that all of his sons and daughters received a College education.

Some fine examples of his workmanship can be seen at the College Camp which was nearly all built by him and his staff of employees.

He is taking life a little easier now and letting his sons. Gunard and Hyron, carry on, but you cannot keep the builder's

The Village Board meets July 10th. as a Board of Review. The hours are from 10 to 12 and 2 to 4 This is the only opportunity given for adjustments of taxes.

The Village Board had a special meeting last Monday evening. Additional petitions for water were received from owners of property in Gedar Point Park. At present petitions are in from 208 and one-quarter lots of which 94 are house owners. The Board recognizes the importance of making the extension both to Cedar Point Park and the Camps which also and petitions on file. The question of financing was referred to h. E. Burton, Chairman of Finance Committee and the Village Attorney, W. H. Freytag. It seemed from reports from Madison, that there will be a possibility of securing money for such projects from the Government Public Works Fund.

An Ordinance regulating Solicitors, Hawkers, Canvassers, and Peddlers was passed requiring a license of \$10.00 per year or \$1.00 per day. Citizens can help enforce the Ordinance by referring strangers who are making canvasses to Village Clerk.

Village of Williams Bay
is the
NEWS TRIBUNE
Lake Geneva

It contains all local legal notices.

It is a good place to get your printing done.

When out for a stroll you will wish to see the illuminated rock garden, pool, and fountain at the corner of Elm St. and Wal-worth Ave. Mr. Ridell is to be congratulated upon beautiful grounds at the Clarendell.

Across the street at the Bay Shore look at the big elm tree. It is said to be the largest and most symetrical elm in Walworth County.

Over on Cherry Street and Elmhurst Street take a look at the gardens of Mrs. Carin Gustafson. She has recently added a very pretty rock garden with a pool.

Rock Bass Season opened up Tuesday, June 20th. Get out your fishing tackle.

It was with regrets that the Congregational Church members accepted at her request the resignation of Mrs. H. Swartz as Treasurer. Mrs. Oscar Stenstrom was elected in her place.

Burton & Burton sold 525 papers last Sunday: This was an increase of 40 over the previous week.

F. J. Geiger of the Herald Examiner is at his Summer home in Cedar Point Park.

Next issue of Bay Leaves will be devoted in part to the Celebration of the Fifty Years of The Y.M.C.A. College (now George Williams College) which originated on the shores of Geneva Lake within the Village limits, also the Reunion of College Camp Employees.

Mrs. Atkins, wife of our Village President J. E. Atkins, was taken suddenly ill Monday morning. Their daughter from Marion, Ind. arrived Monday night with Mrs. Catlin. Mrs. Atkins is slowly regaining her strength. Mrs. Catlin will remain several days.

Mr. and Mrs. J. M. Watner of La Porte, Indiana, together with their sons, are at their cottage next to the Library for a few days.

At Rockford Camp the regulars are mostly back; the Hoffers, Browns, Raymons, Probascos, Welch family, Lyons, Holtzingers, Paros and their nearby neighbors the Scholls.

ACTUALENCE CAMPAGE

Mr. Leo Lankie, former teacher at Williams Ray, was a Bay visitor this teek

Mr. and Mrs. J. S. Hotton attended their respective class — reunions at Madison last Sat.

The Italian Armada planned to leave Arbatello this morning.

Lake Geneva is ready to give them a good welcome.

PERSONALS

On Tuesday, June 20th. Mrs. E.C. Blomeyer entertained Mesdames Robertsen, Carleton, Bayliss, Hall, and Bransen of Wilmette, Mrs. Reed of Glencoe, and Mrs. MacKinnon of Kenilworth. They returned to their respective homes on Wednesday afternoon.

Carl Gunderson and Joe Hansen of Loch Vista, together with a friend, Mr. Odegard of New York, attended Norwegian Day at the Century of Progress. Mr. and Mrs. G. Rosenloff and Mrs. E.N. Hendricks and her mother Mrs. Meyers have been attending the Fair this week.

Harry Breen is enlisting recruits for a Volunteer Baseball Team to play at East Delavan next Sunday at 2:30. Battery will probably be C. Mustin, pitcher and Vic Ross, catcher.

Mary Stamelos, daughter of Jim Stamelos, is visiting Josephine Kuderna, who is employed as waitress at the Lake View Restaurant.

Roy Colby was probably the first Bay man to secure the required resident fisherman's license at Elkorn. He hired Beard for a guide and went out for a mess of bass Monday. (For sale—a perfectly good rod and reel.)

Miss Louise Brown is visiting her sister, Mrs. L.A. Hollister, for a few days. Miss Brown is a teacher at Evansville, Ind. and next week is sailing for France.
