The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

when nervous tension makes a quarrel of a discussion

## **BUTISOL**<sup>SODIUM</sup> BUTABARBITAL SODIUM

provides predictable control  
for the tense, nervous patient

Anxiety can often make minor domestic problems more disruptive than need be. BUTISOL SODIUM butabarbital sodium provides smooth "daytime sedation" that helps patients over the rough spots, yet avoids mental sluggishness and other hazards of accumulation associated with phenobarbital.<sup>1</sup> Being a barbiturate, it has safer, more predictable action than can be attributed to the "tranquilizers."<sup>2,3</sup>

1. Batterman, R. C., et al.: *Postgrad. Med.* **26**:502, 1959. 2. Batten, C. T.: *Calif. Med.* **90**:202, 1959. 3. Weatherall, M.: *Brit. Med. J.* **1**:1219, 1962.

*Cautions and side effects:* Contraindicated in patients sensitive to barbiturates. To be used with caution in moderate to severe hepatic disease. At daytime sedative dosage levels, drowsiness, skin rashes, "hangover" and systemic disturbances are seldom seen. (*Warning:* May be habit forming.)

*Dosage:* As a daytime sedative, 15 mg. ( $\frac{1}{4}$  gr.) to 30 mg. ( $\frac{1}{2}$  gr.) t.i.d. or q.i.d.

*Available:* Tablets 15 mg. ( $\frac{1}{4}$  gr.), 30 mg. ( $\frac{1}{2}$  gr.), 50 mg. ( $\frac{3}{4}$  gr.), 100 mg. ( $1\frac{1}{2}$  gr.); Elixir, 30 mg. per 5 cc. (alcohol 7%).

*BUTICAPS\** (Capsules Butisol Sodium butabarbital sodium) 15 mg. ( $\frac{1}{4}$  gr.), 30 mg. ( $\frac{1}{2}$  gr.), 50 mg. ( $\frac{3}{4}$  gr.), 100 mg. ( $1\frac{1}{2}$  gr.).
