When You're Away — Keep in Touch with the Folks-at-Home

by

“Long Distance”

WHEN you are away from home and a hard day's work is over, there is satisfaction in knowing that within arm's reach is a means for you to talk to the loved ones back home. They'll be happy to hear your voice.—“Long Distance” will be glad to serve you.

If you wish to be told the charge on a Long Distance Call, you will save time if you notify the Long Distance operator when you place the call. When your conversation is completed and your receiver is hung up, the operator will call you and inform you of the charge.

Wisconsin Telephone Company

Long Distance Rates

The rates quoted below show the application of two classes of telephone service most frequently used to a few Long Distance points frequently called. Rates to over 70,000 other points may be obtained by asking for "Long Distance Operator."

International Telephone Service: Telephone service is available from your telephone to points in Canada, Cuba, England, Scotland and Wales, and to many of the important cities of Continental Europe and of Mexico. Communication may be made to these points or information and rates secured by merely calling long distance in the usual way.

"Save money on your long distance calls by using the Station-to-Station toll service."
It is quicker and will cost you less.

Helpful Suggestions

and

Information for Bell Telephone Patrons

The Use of the Company's Lines is limited to communications between parties both of whom are present at the telephone, and employees of the Company are prohibited from accepting written or verbal messages for transmission or delivery.

Local Exchange Calls originating at public pay stations or telephones where it is necessary to deposit a nickel for each conversation are limited to five minutes duration and a charge of five cents will be made for each period of five minutes.

Subscribers to Party Lines are limited to five minutes use of the line at one time.

The Chief Operator will Furnish on request, new call numbers of subscribers not listed, and who have had service installed or of numbers which have been changed after this Directory was printed.

It is Impractical for Operators to give attention to reports of service difficulties, therefore subscribers are requested to report any irregularities in their service promptly to the Chief Operator.

Ten Days' Notice for Changing location of telephones should be given. Subscribers are requested to report fully by letter any change in firm name or business for correction in the following issue of Directory.

Service Charges are due and payable at the Company's office within the discount period shown on each bill. Accounts unpaid after the expiration of the discount period are overdue and service is subject to suspension.

Schedules of Rates Effective at each exchange are on file at the Manager's office and can be examined by applying there.

A Copy of this Directory is delivered free to every subscriber for use until the next issue, but the book remains the property of the Company. It is imperative that the current issue be always used to obtain correct call numbers.

This Company Assumes no Liability for damages arising from names left out of this Directory or from errors occurring in its compilation or printing.

Telephone Directories of the Principal Cities throughout the Country may be obtained by any of our Subscribers desiring them, on payment of the charges made by the issuing company. Prices and other information may be secured by calling the Manager's Office.

The Fire Department and the Police Department are always available by telephone. Tell your story briefly, calmly and distinctly, giving your street address, and answer promptly any questions asked by the Department called.

Patrons are Cautioned against the possible entry into their premises of Fraudulent Persons posing as Repairmen, Inspectors or Collectors. Employees of the Company, duly authorized to install, repair or remove telephones, or collect for service, are provided with credentials. Please guard yourself against any misrepresentation by asking to see these credentials.

Use of Foreign Equipment. The Company is responsible for satisfactory telephone service. It cannot permit the use of any equipment or other apparatus in connection with that furnished by it. Subscribers are cautioned not to purchase or use any equipment not furnished by this Company.

This Company Connects with the American Telephone & Telegraph Company, furnishing service to all of the important cities in the country.

Telegrams May Be Sent over the wires of this Company, to or from Telegraph offices. The Telephone Company does not assume responsibility for the correct transmission of the messages.

Supervision by Private Branch Exchange Operators—The long distance operator is held responsible for the supervision and timing of all messages and for the character of the service furnished. Supervision of connections by Private Branch Exchange Operators interferes with satisfactory service, and such operators should not remain "cut in" on the line after the connection has been established.

Requests for Charges—If a patron desires notification of the amount of the charge on his message, he will save time by so advising the operator at the time he gives his call. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

Report all complaints of long distance service to the "Long Distance Chief Operator."

For information not given above concerning long distance service, call "Long Distance Information Operator."

The Company Cordially Invites all users of the telephone to call at any Exchange for an inspection of the operating room and other interesting details of the business. The unique features of a Telephone Exchange are but little understood by the public at large, and observations by the subscribers often lead to suggestions, tending to the best results in the service.

Telephone Directory Advertising Reaches Out for New Customers

Your message in the Classified Telephone Directory works for you all the year around in practically every home, store and office in the city.

It reaches all classes of buyers because it is consulted many times a day by every telephone user.

WISCONSIN
TELEPHONE COMPANY

The Bell System Sign

-- and you're just a few minutes from home!

Wherever your road may lead, - - to the quiet of Northern climes, or to busy vacation resorts, you'll see the Bell Sign. And this Blue Bell of the telephone system tells you there is only a few minutes between you - - and home. It is the sign of the telephone and every telephone is a *Long Distance station*.

It is a genuine satisfaction to know that no matter where you go, Long Distance, swift and inexpensive, is there, ready to connect you with home, office, or perhaps points farther ahead.

The Bell Sign, - - remember it, watch for it. Give your family at home the pleasure of a telephone visit, - - call your office, or, to be sure of good accommodations, telephone ahead for reservations.

“WHERE TO BUY IT”

It's easy to find
"Where to buy it"

**To find the telephone number of a
business concern you have in mind—**

First—Locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

Next—Locate the desired concern and telephone number by examining the listings under the heading.

**To find where to buy the article
or service you wish—**

First—Locate the heading indexed by the name of the article or service you wish.

Next—Select the dealer with whom you wish to do business. Under this heading may also be found headings descriptive of particular kinds of that article or service and dealers in a position to serve you. The advertisements provide you with more complete buying information.

Trade-mark or brand names will be found in their proper alphabetical order.

TO FIT YOUR PARTICULAR NEEDS**

If you have a communication problem, either in your home or office, you will find its solution in one of our many types of telephone services. A partial list of the many time saving and convenient facilities offered for your consideration follows:

TELEPHONE SYSTEMS for communication between different parts of the home, office or plant.

EXTENSION TELEPHONES in another part of the office or home.

TELEPHONE TYPEWRITER SERVICE for instantaneous communication of typewritten messages between offices in the same building, in the same city or in different parts of the country.

LOUD RINGING BELLS for locations where noise makes it difficult to hear the ordinary telephone bell.

EQUIPMENT for the reception of telephone orders with speed and efficiency.

Manual and dial private branch exchange systems, hand type telephones and additional services and equipment to meet your special requirements are available.

A telephone call to our Business Office will bring a representative who will gladly discuss your particular communication problems.

Telephone Typewriter Service

Telephone typewriters are important factors in the progress of modern business. Sending the typewritten message *instantaneously* from one office to another, from one building to another, or from one city to a distant one, the telephone typewriter is a real servant to business.

It can be made to fit in with your particular business and make your inter-office or inter-branch office communication fast, convenient and expeditious.
