UNIVERSITY OF WISCONSIN.

VOL. X. NO. 137.

MADISON. WIS., WEDNESDAY, APRIL 3, 1901.

[Price Five Cents.]

UNIVERSITY MAYOR

STORM BULL ELECTED BY RE-MARKABLE MAJORITY.

Stanley Hanks, '94, Elected Alderman
—A. G. Zimmerman, Law, '90,
Elected County Judge.

Professor Storm Bull was elected mayor of Madison yesterday by a majority of 729 votes. This is the largest majority any candidate for the mayoralty has received in nearly a decade.

Professor Storm Bull, the newly elected mayor has been well and favorably known here ever since he entered the University corps of instructors in 1879. During these twenty-two years he has been continually advancing in rank and has been continually gaining greater honors. His election to the highest office of Madison is therefore only a higher tribute paid to a worthy man.

Professor Bull is a nephew of the great violinist Ole Bull. He was born at Bergen, Norway, Oct. 20, 1856. He was fitted at the Realschule of Bergen and graduated from the Federal Polytechnic Institute in Zurich, Switzerland in the year 1877, receiving the degree of B. M. E. and at the same time completing studies required for degree of M. E.

After filling various positions in Europe, he came to America and joined the U. W. faculty in July, 1879, as instructor in Engineering. In 1881 he was made assistant professor, in 1886 he became Professor of Mechanical Engineering, and in 1891 was given the chair he now holds.

He is a member of the Am. Soc. of M. E., Fellow and vice president of Section D. of the Am. Ass'n, for the Advancement of Science, member of the Council of the Soc. for the Promotion of Eng. Education, and member of the Western Soc. of Engineering. He has contributed a great number of papers on various technical subjects.

Stanley Hanks, '94, was elected alderman from the fifth ward. He had a close call, however, but was very materially assisted by student friends who came to his assistance.

A. G. Zimmerman, law '90, was elected county judge of Dane county by the handsome plurality of about 1,700. Mr. Zimmerman was formerly the law partner of "Our Bob" La Follette and consequently received the great majority of student votes. He has made a specialty of probate law and is eminently fitted for the position. He ran on a non-partisan ticket and was endorsed by prominent men of all parties. His election is a credit to the University and the county.

Republican Club Meeting.

The University Republican Club, held their annual meeting for the election of officers last evening in the capitol. One hundred and fourteen were present. The following officers were unanimously elected:

President, L. A. Brunkhorst, law '02; vice president, W. D. Buchholz, '01; secretary and treasurer, H. E. Carthew, '01.

Resolutions were passed instructing the president to "assure Assemblyman E. Ray Stevens of the continued faith of the club in him and their unbelief in the blue book and railroad map bugaboo and their hearty approval of his course in the legislature and their pride in the record he has made."

—Miss Daisy Wentworth, '02, left for her home in Milwaukee this week.

Local and Personal.

—Miss Myrtle Goddard of La Crosse, is visiting Miss Edna Tarbox, '03, at the Tri Delt house.

—Mr. MacEachron, '04, is still confined at his home in Green Bay. It is hoped that he will be back in time to get in shape for out-door track work.

—Mr. John W. Greene, graduate of Iowa University entered the University today for graduate work in physics and physical chemistry.

—Alex Jardine, '04, who was called home to Fargo, N. D., on account of the death of his mother, may not enter the University again this year.

—The first regimental drill was held in the armory yesterday, the regiment drilling under the command of Col. L. H. Tracy. Several hundred visitors were present.

This region is of especial interest in securing a series of very old rocks, very much folded and metamorphosed. Numerous remains of ancient volcanoes have been found in this locality. The region is also interesting in the glacial deposits.

—The convention of the fifth district of Phi Kappa Psi fraternity will be held in Madison the week following Easter. The convention will convene Tuesday evening with a smoker and end Thursday with a banquet at Keeley's. Wednesday a dancing party will be given at Keeley's.

—Dr. Wiedeman is at present engaged in arranging a geological map which outlines the different rock formations in central Wisconsin. The area covered by this work has an extent of 4,000 square miles in the vicinity of Wausau, Merrill, Marshfield and Stevens Point.

—Acting President E. A. Birge has presented to the University library a copy of the Zoologisches Adressbuch, his valuable work is an international directory of zoologists, published several years ago in Berlin. A second or supplementary volume bringing the matter up to 19, has just been received at the library.

—By special request from the German Consulate at Chicago, inspired by the German Emperor it is said, the German department is collecting a large amount of valuable statistics. The parentage of all instructors in the University is being ascertained along with statements of the German training they have received. Besides this each of the 750 students taking German is asked to give information as to nationality of parents, the occupation of the father, and the speaking of German in the household. The statistics of these matters will be ready within the next week.

—The joint debate teams of 1890 have followed the example set by teams in the past and presented to the University library much of the material collected by them in preparation for the debate. Mention has already been made in these columns regarding a gift received from the Philomathian team. The Hesperian team, composed of Solomon Huebner, J. E. Brindley, and A. V. Smith, has just presented to the library the most valuable collection of books and pamphlets ever received from a joint debate team. The collection numbers over one hundred volumes and pamphlets, dealing with the taxation systems of American states and foreign countries. This, with the material presented by the Philomathian team, will be very useful to all students of the income tax question. For their liberal gifts, the joint debate teams of 1900 have the cordial thanks of the University Librarian.

HAWKEYE DEBATE

WISCONSIN TO MEET IOWA ON MAY 10.

Agreement Arranged Between Two Teams Governing Choice of Jurors, Time of Speeches and Decision.

The debate with Iowa this year is to take place on May 10th at Madison. Wisconsin has the affirmative of the question: Should the United States Construct the Nicaraguan Canal? The debaters for Wisconsin are W. E. Smith, P. Tschanner and A. V. Smith (closer). Iowa has chosen F. W. Moore, F. S. Merriam and C. C. Converse.

An agreement for two years has been drawn up between representatives of Iowa and Wisconsin. This agreement has not yet been submitted to the various literary societies, whose ratification is necessary before it becomes binding.

The agreement provides for a debate next year at Iowa City. The article relating to the selection of a jury was made much stronger than in the old contract. No one can now serve who is a regent, professor, alumnus, or student, or who is or ever has been connected in any way with either university. The jurors must not even be residents of Iowa or Wisconsin. The agreement also definitely provides that the jury be instructed to decide the debate on argument and not on oratory.

The time allowed the debaters will also be slightly lengthened. The first speaker will have 20 minutes, second speaker 22 minutes, last speaker on affirmative twenty-five minutes, last speaker on negative twenty-six minutes and the affirmative will be allowed four minutes for rebuttal.

Marine Band Programs.

The programs for the two concerts to be given in Madison by the United States Marine Band on April 11, have been arranged and are given below. It will be seen that the programs include, besides the national airs and martial selections which are to be expected of such an organization, many of the best popular and classic compositions.

The programs are as follows:

Afternoon Programme.

1. Patriotic Hymn—"My Country, 'Tis of Thee," Carey.
2. Overture—"William Tell," Rossini.
3. Excerpts from "Hansel and Gretel," Humperdin.
4. Clarinet Solo—"Third Fantasia," Hasenauer, Mr. Jacques Vanpoucke.
5. Waltz—"The Beautiful Blue Danube," Strauss, (Mrs. McKinley's favorite.)
6. Grand Fantasia—"The Valkyre," Wagner.

7. Canzonetta—"My Little Darling,"—Gomes, Miss Amy Whaley.
8. a. March—"The Fox Hunter," Penn. b. Caprice—"Heart's Message," Santelmann.

9. Slavonic Dance No. 8, Dvorak.

Evening Programme.

1. National Anthem—"The Star Spangled Banner," Arnold.
2. Overture—"Tannhauser," Wagner.
3. Ballet Music—"Coppelia," Delibes.
4. Saxophone Solo—"Fantasia American Favorite," Moeremans, Mr. Jean B. H. Moeremans.
5. Invitation a la Valse, Weber-Weingartner. (Arranged for Military

Band by W. H. Santelmann.)

6. Military Episode—Vollstedt. (Introducing a National Air.)

7. Waltz Song—"Fleeting Days," Bailey, Miss Amy Whaley.

8. a. Caprice—"Ripple Dance," Friedman. b. March—"General Heywood," Santelmann.

9. Hungarian Rhapsody No. 2—Liszt.

Among the first subscribers to a concert given by this band in Indianapolis recently were ex-President Harrison, Rear Admiral Brown and the Governor of Indiana. As ex-President Harrison had died before the band reached there, the entire band went to the cemetery and played two of his favorite hymns at the grave.

Attention is again called to the fact that the best seats in the house are those reserved at \$1.00, the 75c seats being next best. The sale will open at Pickerts and Co's book store at 8 o'clock Tuesday morning, April 9.

Crew News.

Coach O'Dea announces that the crew men may go home for the Easter vacation but that all those remaining in the city must row daily on the Catfish. All such men will meet in the Gymnasium, Thursday morning at ten o'clock. The freshman and law crews took cross country runs Tuesday and Thursday of this week. The laws have also been rowing in the tank under Assistant Coach Sutherland. They will not go out on the water until Lake Mendota opens. Considering the time the men have been rowing they show very good form. The freshman squads are pretty well along in their work for this time of year. As yet their blade work is a little crude but it is improving. Shortly after the lake opens Coach O'Dea will give the freshmen a chance to try their strength against the laws. There will be a number of such trials in order to give both crews some very practical experience.

The Varsity men have not as yet done any very heavy work but have taken a few trials for speed with the pair-oars on the Catfish. After Easter they will go into strict training and row every day. The principal attention thus far has been given to acquiring the form the men had last fall. On account of the work done then they are still in fair shape.

Mendota is already opening and it looks at though the men will be able to get out in the eights on Monona next week. In about four weeks the men will get to the training table.

The subscription lists are still out and the results have not yet been figured up. Coach O'Dea hopes to be able to get a couple of new boats this season for the use of the crews.

The matter of the Lake Pepin Regatta for next July is still pending and no definite arrangements have been made as yet. It is expected that the matter will be settled soon, however, and Wisconsin is now waiting to hear what some of the others, who have been asked to enter, decide.

Hitch in Memorial Day Game.

For a time it seemed that the Beloit-Wisconsin baseball game scheduled for Janesville on April 30, would have to be played elsewhere on account of the opposition of Grand Army people of that place. The G. A. R. objected to the game on the ground that it was a desecration of the day. The business men of Janesville were so desirous of securing the game that the objections have been withdrawn and the contract has been secured for the baseball park.

—Mr. Elwood, '04, has left the University to accept a position.

Class Numerals.

The awarding of the class numerals to those who have won them in their freshman and sophomore years has always been unsystematic at Wisconsin. Now that the freshman class are talking of awarding the "04" to those who earned this honor, a suggestion might not be out of place. In the navy department the giving of the numerals has always been the same, the freshman eight and the coxswain and two subs, have always been allowed to wear the numerals. In the track department there has been a corresponding state of chaos. Some times the point winners in the inter-class meet of the freshman year have been the recipients of the class insignia. Other classes have granted the numerals only to those who have won points for the class in the inter-class meets both in the freshman and sophomore years. As a result of this system, or rather lack of system, the numerals of the different classes have not the same meaning.

The Athletic Association should take this matter under consideration and have charge of the granting of the class numerals. This system has been used for some time in most of the eastern universities and has been found to be quite successful. In this way the class numerals would be made a greater honor to the wearer and consequently there would be more competitors among the underclassmen for class teams. Thus the different Varsity teams would be indirectly strengthened. The wearing of the numerals on caps should also be under the control of the Athletic Association the same as the granting of the Varsity "W."

The student-body ought to be proud of the election of Professor Bull to the mayoralty. The general confidence placed in him reflects the greatest credit upon the University and its standing in the city.

The Weather.

Continued fair and warmer for Thursday.

High School Department.

Superior.

One of the important features for the Nelson Dewey in 1901 will be the new addition to the present High School building. Plans have already been submitted and approved. The addition will cost about \$21,000.00 and \$9,000.00 more will be expended in fitting up, and remodeling the third floor of the old building.

In its construction attention has been given to several new departments, viz.: Manual Training, Cooking, Art, Sewing, and Athletics. Despite its size the addition will be filled from basement to attic; the Kindergarten and several grades being accommodated. The Assembly room will seat 120 students. The platform is so arranged on invisible wheels, that it can readily be moved backward into the Library, which is separated from the main room by sliding shutters. By this arrangement a stage can easily be provided.

The Science department has been amply provided for. It is to occupy all of one floor. It will be well lighted; and the addition of gas, electric lights, water, and a large dark-room will make work along scientific lines easier and more profitable to students. The addition according to the stipulation made in the contract will be completed Aug. 15, of this year.

The Athletic Association will meet some time in the near future for the purpose of electing officers for the Base Ball team this season. Although the school is a small one, it contains some good material for a team. The Association expects to get a number of games with outside towns. It is not an assured fact yet that we will have a track team here, but in all probability the school will be represented at the Northwestern Field Meet.

The seniors held a mock trial last November. It was a success from start to finish, financially and otherwise. A beautiful statue, "Venus de Milo," was purchased with the proceeds, and presented to the High School. The gift is highly appreciated by the members of the School and Faculty.

The Dramatic Club recently presented the war drama "Won Back," at the Grand Opera House with great success. This is the most ambitious work of the kind ever attempted in the school, and the students, and Faculty have cause to be highly gratified at the result. Especial credit is due Prof. E. H. Moore, the Stage Director of the production, for his excellent work.

"In The Blues"

is a common saying of a person
who exhibits low spirits, nerveless
action and a failure to enjoy even
the most cheery surroundings. Nine
times out of ten this condition
is accounted for by poor diges-
tion, which affects the mind and
nervous system, besides enfeebling
the body.

Pabst Malt Extract The Best Tonic

is a complete remedy for the 'blues'
and a promoter of good health and
good cheer, being a pure, nourish-
ing, concentrated food of easy
digestion and soothing action.

I prescribe your "Best" Tonic in all
cases where a pure and reliable malt extract
is indicated. It has given me the best satis-
faction. DR. W. R. PAYNE, Covington, Va.

RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837.
The academic year of Rush Medical College is
divided into four quarters, corresponding with
those recognized with the University of Chicago,
beginning respectively the first of July, first
of October, first of January and first of April,
each continuing for twelve weeks. A recess of
one week occurs between the end of each Quar-
ter and the beginning of the next following.

The general course of instruction requires
four years of study in residence with a minimum
attendance upon three Quarters of each year.
A student may begin his college work on the
first day of any Quarter, and may continue in
residence for as many successive Quarters as he
desires. Credit will not be allowed, however,
for more than three consecutive Quarters. At
least 45 months must elapse between the date
of a first matriculation and the date of gradu-
ation. For further information, address

Oberammergau Passion Play.

A very large and enthusiastic audience greeted the distinguished traveler and lecturer Burton Holmes at his lecture last evening on the Oberammergau Passion Play. The lecturer in very expressive words gave a vivid description of the play as enacted by the peasants of Oberammergau. It is interesting to note the reason why this play has been enacted by the peasants every decade. In 1633 the peasants of the village made a vow to enact the passion play at least once in ten years, if the plague which was raging in the locality, would cease. Those ill of the plague recovered and the disease entirely disappeared. The villagers took it as a direct answer to prayer and were bound to keep the vow.

The village of 278 homes must accommodate between four and five thousand visitors at every presentation of the play, which occurs on Sundays and on feast or holy days. Last summer there were twenty-seven regular performances, eighteen on Sundays and nine on holy days. During the season 250,000 people, American, English and European tourists, witnessed the play. The expenditures for the preparation of the play in 1900 amounted to 100,000.

The play begins at 8 a. m. and lasts until 5:30 in the afternoon. The theatre consists of an immense covered auditorium containing 4,000 seats. The stage, the largest in the world, is open to the sky in part.

From a small beginning the Passion Play has grown in dignity and in literary merit, until it is today the most stupendous and impressive drama which the world has ever seen. Its influence penetrates every man, woman and child of the village, and the chief ambition of the young man or woman is to be chosen for some part in its production.

The most impressive scenes of the drama, illustrated and described by the lecturer were the triumphal entry into Jerusalem, the judgment before Pilate, the bearing of the cross on the way to Calvary, and the scene on Calvary Hill. Five hundred actors take part in the judgment scene. On the crosses at Calvary are living men. The details of the story, as given in the gospels, are closely adhered to.

The play as rendered every decade by the unassuming peasants is improved upon at each succeeding rendition in such a manner as to cause surprise to the tourist in the real dramatic ability shown.

DRESS SUIT CASES.

and everything in trunks and bags at H. H. Brown's 118 E. Main st. Large assortment and lowest prices.
