COLLEGE RELAY MEET SEEN AS FASTEST EVENT

Entries in Annual Carnival
Saturday Promise
Competition

What will undoubtedly be the fastest event of the Fifteenth University of Wisconsin Annual Relay carnival is the inter-college relay in which four members of the "Little Five" Wisconsin conference have entered. The colleges which have entered teams in the carnival, scheduled for Saturday, Feb. 19, in the gym annex, are Beloit, Carroll, Ripon, and Lawrence.

Four men will run for each college in this feature relay, each man traveling two laps. Gold medals will be awarded to the members of the winning quartet. In addition to entering squads in the inter-college relay, Ripon and Beloit have entered a number of men in the special events. Winners of places in the special events will be presented with gold watches.

Entries Sent In

The colleges which have entered teams in the Relay carnival and their members are: Beloit, Addie, Gates, Pichen, Saxby; Carroll, Usher, Jerdee, Caccia, Trantow, Harvey; Lawrence, Mitchell, Doering, Shaw, Hooley.

The entries in the special events follow: 40-yard dash (Beloit), Addie, Baerwald; 40-yard high hurdles (Ripon), Trantow; (Beloit) Baerwald, Gates; 45-yard low hurdles (Ripon), Trantow; (Beloit), Baerwald, Gates; running high jump (Ripon), Trantow; running broad jump (Ripon), Trantow, Jerdee, Usher; (Beloit), Addie, Gates; shot put (Ripon), Trantow.

Three military academies have entered teams in the inter-military academy relay. Shattuck and Culver have already sent their entries in to Earl S. Hirschheimer '21, who is in charge of the Relay carnival, but the St. John's entries have not yet arrived.

Culver Strong

Culver Military academy is conceded an excellent chance of coping the academy relay, because of the fine showing made in its recent victory over the strong Crane high school team, Chicago.

Each academy will run four men, the first runner to go one-half mile, the second one lap, and the last two to run one-quarter, and three-quarter miles, respectively.

Entries for the Military academy relay and the running high jump special event follows: Culver, Stryker, Richardson, Williams, Hevia, Smith; Shattuck, Gold, Freeman, Partridge, Reed; St. John's not yet received; Military academy running high jump, Culver, Woodington, Richardson; Shattuck, Freeman.

SUSPEND NO CUT RULE FOR HOLIDAY

The no-cut rule will not be in force either next Monday nor Wednesday, according to the office of Dean G. C. Sellery. This is a rule providing that students who cut the last class in any subject before a holiday will not be allowed to take an examination in that subject. Since Tuesday is Washington's birthday it was generally expected that the rule would be enforced.

UNIVERSITY EXPOSITION

Students desiring to help in the work of the University Exposition may report to William B. Florea '21 in the Exposition office, third floor, Union building, between 2:30 and 6 this afternoon, and Saturday from 10 to 12.

UNION BOARD TO PUSH MEMORIAL DRIVE IN MARCH

Active Campaigning Among
Freshmen to Start—Alumni
Swell Fund

Active campaigning for Memorial Union building subscriptions among 1,758 enrolled freshmen students will be undertaken by the Union board in March, announced R. L. Ashworth, secretary of the Memorial Union building committee yesterday.

The drive will be carried on under the supervision of the Union board. Committees will be appointed soon to take charge of the work among the yearlings. The date for the opening of the campaign has not yet been decided, although it has been tentatively set for sometime in March.

Chicagoans Pledge \$20,000

Chicago alumni have subscribed the total sum of \$20,000 to date, and are making plans to resume actively this spring the drive there among the Wisconsin graduates and former students. The Chicago organization, which is the strongest in the country, has a membership of 869 in the city alone, not including 63 in Evanston and 40 in Oak Park. Meetings are held weekly.

Direction of the campaign in Chicago is being carried on by John Lord, lawyer, George I.

TO TAKE TIME OF ICE RACES

Exact Quarter Mile Track
Will be Used in Ice
Carnival

Skating records made at the ice carnival races on Saturday, Feb. 26, will be kept as times to be cut down by skaters in future carnivals, according to Robert Blodgett '22, who is in charge of the skating course.

Inaccurate measuring of the course has made record keeping impossible in former years; but this year an exact quarter mile oval will be made off for the races.

The policy of establishing records for skating events was begun by the athletic department with the long distance skating race last month when "Chet" Rieck '21 skated across the lake and back in 26 minutes, 18 seconds.

To Prepare Ice

Elaborate preparations are being planned by the committee to get the ice ready for the carnival. The surface of the rink will be made smooth by flooding so that the skaters will not be handicapped; bleachers will be erected for spectators; and flood lights will be placed on the ice to light the rink for the evening events.

The various skating events, which are open to all students, will be announced tomorrow.

SCRIBES TO CELEBRATE ANNUAL PI-NITE WITH A HOST OF FEATURE EVENTS

"Tonight's the night!"

"What? Not the journalists' pi-nite?"

"Yeah sure; got your ticket?"

"Naw—got change for a five?"

The final rehearsal for "Rushing the Deadline" or "A Dirty Case" took place with much success yesterday, according to reports, and tonight at 7:45 in the concert room of Lathrop hall the audience will have the chance to see Love, Hate, and Business clash in a newspaper office. Who wins? Oh, that would be telling! But it is a melodrama, the critics say, and makes the little

EXPECT TO BREAK MARK IN TRYOUTS FOR HARESFOOT

Start Selection of Positions in
New Play Next
Wednesday

"While ineligibility has spared many members of the Haresfoot club, it is possible that low grades among the active members of the club will materially increase the chances of new men trying out for positions in the cast, chorus, and production staff of 'Miss Quita,' the new play," was the statement of William H. Purnell '22, president of the Haresfoot club, in speaking about the tryouts for places in the twenty-third annual production.

Several men have already reported to Norbert W. Markus '22, the business manager of the club, and have started their work in competing for positions as assistant managers. Indications point out that the high mark in tryouts set last year will be beaten next Wednesday night, at 7, at the University High school. Over 150 men competed for places last year, and many more are expected to report for this spring's show. All men ranking as sophomores or above are eligible for places in the Haresfoot production, and should report for the first tryout. Additional information may be obtained from Horace Carver, B. 3813, and William H. Purnell, F. 136.

CONVOCATION IS DECLARED OFF

It will be impossible for President Jacob G. Schurman of Cornell university to be in Madison for the all-university convocation on Tuesday afternoon, Feb. 22, according to a telegram received Wednesday by Pres. E. A. Birge.

President Schurman, who is an educator of considerable note, had consented to address the all-university convocation planned for the afternoon of Washington's birthday at 3:30. Because of President Schurman's inability to be present at that time, the convocation will not be held, it was announced yesterday by Prof. J. E. Olson, chairman of the committee of public functions.

The next all-university convocation, which is scheduled for Friday, March 4, at 3:30 in Lathrop gymnasium, will be held as part of the annual religious conference. Sherwood Eddy will be the speaker for that occasion.

CHINESE STUDENTS GIVE BAZAAR FOR FAMINE RELIEF

Genuine Chinese articles will be on sale at the bazaar given in Lathrop hall tomorrow afternoon by the Wisconsin China club for the Chinese famine relief. Among other things on sale will be Chinese feather fans, incense, silk embroidery, and chinaware. The bazaar will last from 1 to 7, and luncheons consisting of tea, lychee, and cakes will be served at all times during the afternoon.

VARSITY FIVE FINISHES WORK FOR ILLINOIS

Team in Good Shape for
Saturday's Game With
Suckers

A second scrimmage was held against the freshman five last night. The Badger offense performed in its usual good style, allowing the freshmen only one basket.

The passing was fast and accurate and the offense experienced little difficulty in advancing the ball within shooting range. The shooting, however, was inaccurate, and, had a reasonable percentage of the shots been made, the score would have been extremely one sided.

The same men were used as in last night's practice, Taylor, J. Williams, McIntosh, forwards; Ceaser, center; R. Williams, Tebell, Frogner, guards. The following freshmen were used: McDonell, Reeves, Sykes, Johnson, Blossom, Irish, Baries and McCartney. McDonell and Baries are new candidates and both have shown up as likely men for next year's squad.

Entrain for Urbana

The team will leave at 5:30 this afternoon for Urbana, stopping to spend the night at Chicago. The men will enjoy a much needed rest today and should be in perfect shape for the game tomorrow night.

The Wisconsin-Illinois game is the most important of this week's conference schedule. The Suckers took their only beating of the season from Wisconsin on January 22. The presence of Carney and the fact they are playing on their home floor are both in their favor this time. Should Wisconsin win this game, the Suckers would drop from first place in the conference. The drop would undoubtedly be permanent, as they yet have to meet Purdue, Michigan, and Chicago. Even though Illinois should win tomorrow night they are quite apt to be caught napping by one of the three teams above mentioned.

Have Clear Way

Indiana, the other first place contender, will have little difficulty in defeating Northwestern in tomorrow night's game. In fact, the only team that need cause Indiana any fear is Minnesota. Though they have already defeated the Gophers once, Indiana's guards have not shown themselves capable of stopping Oss and Arntson at their pres-

UNIVERSITY MIXER TO BE GIVEN BY "LIT" SOCIETIES

The first all-university mixer of the semester will take place tomorrow night in Lathrop gym and concert room, and is open to all new and old students. It is being given under the auspices of the three men's literary societies.

The executive committee in charge of arrangements is made up of a representative from each society: Frederick Stewart '23, chairman, Philomathia, Carl Laun '21, Hesperia, and S. S. Jordan '22, Athenae. The program will consist of 15 dances, and Thompson's orchestra will furnish music.

PROM PROGRAM CHECKS CALLED IN

Prom goers who have not received programs and who desire them must present their program checks to Walter Schwinn, 625 N. Henry street, some time today or call B. 197, between 6 and 7:30 o'clock this evening.

IN MEMORIAM

And we say unto you, Brethren and Sisters who have departed this world, that, in the Autumn of Nineteen Hundred and Twenty-one, the Almighty Dean shall again smile upon you, and yours shall be the Resurrection and the Life, forever, and ever, Amen!

THE congregation will now rise and sing Hymn No. 23, "I Wonder How the Old Folks are at Home?"

AN interesting entry from Mystic Circle has been received for the inter-sorority relay race to be held on Saturday. Henry Scott Rubel, captain, has chosen as co-runners Horace Victor Gregory, Stirling Tracy, and Professor Benjamin Snow.

THIS team has made a generous offer, in that it is willing to give to any and all of the competing teams a handicap of 10,000 words per minute.

NOW we know why Frank Schramm is taking Man and Nature. It offers him an opportunity to study the monkeys at Vilas park.

AND that brings to our mind another thing that we have noticed. While standing in the lobby at the Strand we could not help but observe how much the actions of cattle resemble those of people.

"GREATEST FORCES
IN LIFE: IDEALS
AND THEORIES"
—PROFESSOR GILMAN

"Ideals and theories have been sneered at a good deal in recent years, but they still remain the greatest forces in life. If you want to get the highest ideals, get under big men who radiate them, such men as there are right here in the university," said P. of. S. W. Gilman, speaking before the Fellowship meeting in the "Y" last night.

"The modern university has two ideals which it strives for, to educate to earn a living, and above that, to educate to live. This university reflects as a mirror the best of the whole upper Mississippi valley, and should act as the store-house and source of ideal to influence the life of this whole territory. We can every one of us literally lift ourselves by the boot-straps of our own ideals to accomplish what we aim for."

Professor Gilman, in speaking of his past experiences with ideals as a force in university life, mentioned his visit to the University of California, where he was present when 400 students took an examination in one room, with the only instructor in charge at work in his office nearby. This course has been followed in California with great success, although they maintain there that they have not an honor "system" in their school. Professor Gilman expressed his hope of some time seeing the same recognition of student honesty at Wisconsin.

"BURNING DESIRE FOR GOD REALLY MAKES HIM EXIST"

"Behind every religion is the burning desire to know God," affirmed Dr. D. S. Robinson in his lecture, "Can Men Know God?" at the Biology building Thursday afternoon.

"How else can the longing for God in every human heart be explained than by the assertion, 'There is a God!' As someone has said, 'That human beings experience their own limitations, knowing them to be imperfect and finite, demonstrates that there is a larger satisfying whole. If one hungers, there must be food; if one thirsts, there must be water; if one has an insatiable desire for God, God must exist.'

Faith Brings Belief

"Some argue that all one has to do is to read the Bible. But you can't, if you don't think it was inspired. Others say that all one must do is to accept the explanation of the church, but you must have faith and confidence in an authority before you can believe what they say."

Dr. Robinson explained that some people have the emotional, mystical, experience called "conversion." They know God through an authority within themselves, but to those who have not had the experience, it is absolutely meaningless.

"There are those who have desired earnestly that experience but can not sense it—they may have recourse to the explanations of philosophy which prove the existence of God not only through the 'universal longing,' but because only through believing that all personalities are bound together in the all-pervading personality of God can we know one another's minds.

"How do I know there are other minds; how can I sense other personalities?" asked Dr. Robinson. "Mind and personality are independent of space. I can know them, because we are all united into one comprehensive all-inclusive Personality."

Must Search for God

"Those who would know God must search for Him. We feel that we are not ALL there is—but we think we must be part of a larger whole; fragments to compose an entirety. As the psalmist said, 'Ye shall seek Me and ye shall find Me when ye search for Me with all your heart'—which is only another way of saying, 'Summon your arguments and don't dismiss the question until you have thought it through satisfactorily.'"

VARSITY CAGERS READY FOR SUCKERS

(Continued from Page 1)

ent pace. If Wisconsin wins tomorrow night, the Hoosier's could drop the Minnesota game and yet remain a contender for conference honors.

The other games of the week have no important bearing on the percentage column. Chicago could easily win from Ohio State, the Buckeye's having won only one game this year. The Purdue-Iowa game will undoubtedly result in a Purdue victory, although Iowa can be counted upon to put up a hard scrap on their home floor.

On Monday night Illinois meets Purdue at Urbana. If the Suckers are all in good shape after tomorrow night's game, there is no reason why they cannot win from Purdue. The same night Indiana journeys to Iowa City. A win over the Hawkeyes will merely strengthen Indiana's claim to first place. The Badgers will complete their tour at Columbus, and, if the Illinois game leaves the men in any kind of shape, they should at least be able to break even on the trip.

Maroons Due for Break

While Chicago was victorious over Minnesota at Chicago, there is no reason why the Gophers cannot defeat them on Tuesday night. The Maroons will be tired from tomorrow night's game and from the long ride. Further, they are about due to go to pieces again as they have won three consecutive games.

The next home game is against Chicago on February 26. This is looked forward to as the biggest home game remaining on the Badger schedule. Wisconsin fans should prepare to give the Badgers great support on that night, as, it furnishes a chance to avenge the defeat received at the hands of the Maroons earlier in the season.

JAMBOREE PROFITS ARE USED TO WIPE OUT OLD AWK DEBT

The old "Awk" debt is a thing of the past, according to David Lacey '21. With the \$114 profits derived from the 1921 varsity jamboree added to the \$40 made at last year's jamboree a sufficient amount of money has been accumulated to pay the debt.

This was brought out at a meeting of the student senate last night. The committee announced the total receipts to be \$394.70, expenses, \$297.90; and profits \$114.80. The committee wishes to thank the Madison merchants who contributed the prizes and window space for advertising the affair, and also thanks the students who served in giving stunts.

Officers of the student senate for the second semester were elected at the meeting. Dave Lacey was elected president and J. P. Hook '22, secretary. The senate passed a vote of thanks to retiring president, Milton Borman '21, for his constructive work as president during the first semester. George Stolley '22 was elected chairman of the Athletic committee in place of Phillip Falk '21, who is leaving school.

CHINESE FAMINE RELIEF

TOMORROW afternoon from one to seven o'clock, the Wisconsin Chinese Students' club will have charge of a tea and bazaar to be given at Lathrop hall. On the following Saturday, February 25, from 5 to 8 o'clock, a Chinese dinner will be given at the Woman's building. The Wisconsin Chinese Students' club asks the support of the student body for both these events.

Both affairs are given to benefit the Chinese famine relief fund—a fund which indeed merits the support of the student body. The proceeds from both the tea and bazaar and the Chinese dinner will be sent to aid in mitigating the suffering in the stricken sections of China.

Conditions in China have reached a pitiable state. A prolonged drought lasting over a year and a half has destroyed the last three crops of the Chinese nation. Today, famine stalks over 100,000 square miles of Chinese territory. Today 45,000,000 Chinese citizens are suffering dire privation. Today, 15,000,000 people in China are on the verge of starvation. Unless some action is taken, and taken quickly, a calamity whose magnitude is unparalleled in all history is inevitable.

The government of China has made heroic efforts to meet the situation. Much has been accomplished. Likewise the Chinese citizens have contributed most generously. But the task is too gigantic for China to handle alone. She looks to America, her oldest, richest and most trusted friend, for help.

What will America answer to these millions of hard-working Chinese citizens who ask merely a chance to live? Will America turn a deaf ear to 15,000,000 starving fellow men? Will America permit 45,000,000 people to suffer the terrors of famine? Will America do nothing to help?

President Wilson has issued an official proclamation asking the citizens of the United States to contribute to the Chinese famine relief fund. The Chinese Students' club is offering the Wisconsin student body an opportunity to contribute to this worthy cause and at the same time to enjoy two most unusual events.

What will be the response of the Wisconsin students?

THE JAMBOREE REPORT

THE report of the chairman of the Varsity Jamboree that was submitted to the Student Senate last Wednesday evening is worth of much praise.

From the financial point of view, the Jamboree was an un-

questioned success. Seldom has any single social affair in the university been so lucrative.

From the standpoint of a social function, the Jamboree was likewise successful. It was unique and enjoyable in nature. The sentiment of those who attended is that of universal approval.

The committee in charge of the Jamboree, and especially the Student Senate, under whose auspices the event was held, are to be congratulated on the inauguration of such a unique and enjoyable tradition. Doubtless the Varsity Jamboree will be a permanent institution in the university in the future.

Likewise the committees and the Student Senate are to be congratulated on the financial success of the Jamboree and the worthy purpose to which the proceeds will be given—namely, the payment of the debt which survived the defunct "Awk," a former Wisconsin humorous magazine. The Senate undertook to pay the debt of the magazine not because of any technical liability, but because the good name of university activities demanded such action. This year's Jamboree will go far in the payment of the time-honored debt.

The Jamboree this year was indeed a splendidly managed success.

The famous melodrama of
love and daring that has
thrilled two generations of
theater-goers—

The soul-stirring romance
of a gallant Yankee captain
and a proud daughter of the
South, in the heroic days of
'61—

Splendidly picturized with
an all-star cast. Backed with
spectacular scenes, rich in
humor and glory of the old

Marie Hayes '23 will give a resume of Hauptman's "Lonely Lives." The critic for the evening will be Helen Geller '23.

UNION BOARD TO PUSH MEMORIAL

(Continued from Page 1)

Haight, and Dr. Albert J. Ochsner. While active work among the alumni is not being done at present, Mr. Ashworth states, the organization plans to re-open the drive in a short time. Financial conditions generally have slowed up the progress of the Memorial building subscriptions, and for that reason active soliciting recently for funds has been postponed.

New York alumni are organizing special committees to complete the drive recently launched in that city. At a dinner given at Christmas time, the alumni voted emphatically to put the campaign in greater New York "over the top." The organizations with a membership of 260 ranks next to Chicago.

H. E. Benedict has been appointed chairman of a committee to raise funds by Gerhard Dohl, vice-president of the Chase National bank, who is president of the New York alumni body. William Kies, "W" athlete, has volunteered a \$1,000 subscription to start off the new drive.

Push Drive in 17 Cities

Alumni organizations in 17 other cities throughout the United States are actively working in co-operation with the Memorial Union building drive which was opened here last spring. Those who have gone ahead with their campaigns and are planning to resume them this spring are as follows: La Crosse, Racine, Oshkosh, Sheboygan, Milwaukee, Indianapolis, Minneapolis, St. Louis, Denver, Dubuque, Iowa, Washington, D. C., Akron, Ohio, Philadelphia, Buffalo, and Boston.

CASTALIA

Meeting tonight at 7 o'clock in regular room, Lathrop hall, fifth floor. Dean F. Louise Nardin will speak. Members are asked to bring due for new semester.

"LIT" SOCIETIES TO DISCUSS PROBLEMS OF GOVERNMENT

Questions of governmental policy will be debated by literary societies in the first meetings of the semester tonight. Hesperia will elect officers.

An address on the budget system by Clarence E. Fugina '21 will open Athenae's program tonight. A debate on the advisability of restriction of immigration by congress for a period of five years will be followed by an open discussion in which all are invited to take part.

The debaters on the affirmative are Oscar Christianson '21, Edgar B. Kapp '24, and Alfred B. Engelhard '24. Those on the negative are Stanislaus S. Jordan '22, Ted H. Field '24, and M. Bernard Monfried '24.

Harry Muskat '21, and F. Halsey Kraege '22 will open and close a debate at a meeting of Hesperia tonight in 451 Bascom hall. The question is: "Resolved, that the United States government should at once formally recognize the soviet government of Russia."

Election of officers and "eats" are two other important features of Hesperia's program.

The granting of independence to India will be discussed by Philomathians in a debate in 220 Bascom hall tonight. The affirmative will be supported by John R. Abbott '21, James D. Peterson '22, and Frank J. Drobka '22. Negative speakers are Arbie L. Brooks '24, Raymond L. Ludden '24, and Lorelle A. Wolf '21.

Agricultural Literary society will meet in the auditorium of Agricultural hall at 7 tonight.

At The Theaters

AT THE STRAND

"Held by the Enemy," a picture with an all start cast including Jack Holt, Agnes Ayres, Wanda Hawley, and Walter Hiers, is now being shown at the Strand theater. The scenes are laid in and about an old southern manor in the final stage of the Rebellion. The story has to do with a southern belle who believing her husband to have been killed in battle falls in love with a Yankee colonel. At the crucial moment the husband turns up. After learning that his wife loves the colonel, he steps out of his wife's pathway to love and happiness.

Mr. Holt is excellent as Colonel Prescott, while beautiful Agnes Ayres was charming as Rachel Hayne, the sweetheart wife.

In addition a comedy cartoon and Life of the Bee will be shown.

AT THE FULLER

"The Scuttlers," the latest William Fox picture in which William Farnum stars and which will be shown at the Fuller theater today, will have San Francisco harbor, Catalina Island and Hollywood for its locations. A bark 250 feet in length was chartered for the ship scenes, as was also a private yacht which takes the shipwrecked persons from a desert island.

Many of the scenes are in the galley and the hold of the boat. The "Nipper Cast's" saloon, a famous place on the Barbary coast, also is reproduced in the picture.

GUN AND BLADE
PLANS BANQUET
NEXT FRIDAY

The Gun and Blade met last night in the Union building. Five new members were taken in.

Plans for the banquet to be held at the Park hotel, Friday night, Feb. 25, were presented by J. E. Sheldon, chairman of the social committee. All members of the club were urged by President E. M. Boerke '21 to make every effort to get all men who had ever been in training at any of the training camps at Fort Sheridan to attend the banquet. Captain Adams, executive manager of the Fort Sheridan association, is to speak at the banquet. Other speakers are Gov. John J. Blaine, Pres. E. A. Birge, and Charles W. Sylvester, district vocational officer of the Chicago division of the Federal board for vocational education for disabled men.

Following the business of the club, Major John S. Wood, commandant of the R. O. T. C., delivered a short talk. He commented upon the aims of his department and expressed his appreciation of the spirit of co-operation which exists between the military department and the ex-service men of the university and brought out how extremely important the opinion of the disabled men is in building up the R. O. T. C. He laid special stress upon the importance of specialized military training and the part that this training would play in case of future wars.

At the meeting of the Women's auxiliary held in an adjoining room of the Union building, the question of increasing the membership was discussed in detail. In an effort to get all of the eligible women into the organization Mrs. John Shaub and Mrs. J. E. Sheldon invited all the members of the Auxiliary and will invite all the wives, mothers, and sisters of the Gun and Blade members to a banquet they will give at the home of Mrs. Shaub on the night when the men are having their banquet at the Park hotel.

The Women's Auxiliary, as is their custom, served refreshments during the informal half hour which followed the meetings of the two organizations. There are now 152 members in the Gun and Blade and 18 women in the Ladies' Auxiliary.

The number of disabled men in training at the university this year is far in excess of that of last year. University authorities praise the work that these men are doing.

BURKE TO FILL
BRESNAHAN'S
PLACE AT TRACK

The position of assistant track coach, left vacant since George Bresnahan resigned to take up duties as head coach at Iowa, will be filled by Meade Burke '17, former cinder star at the university. Mr. Burke who has recently been a play ground director in Chicago will be in Madison today to sign up for his new duties.

Burke's athletic career at the university was a shining one. He was one of the famous pair, of which Arlie Mucks was the other one, that won first place for Wisconsin in the Western Conference meet in 1915. In 1917 he won the highest athletic and scholastic honors in the conference.

A few other achievements of Burke were the 40 yard high hurdle record, first place in the quarter mile at the national college meet at Pennsylvania, and the position of anchor man on a world's champion indoor mile relay team.

CHINESE FACE SEVERE FAMINE

National Relief Program Planned by Chinese Student Alliance

The famine relief committee of the Chinese students' alliance of America is conducting a campaign throughout the country to raise to aid fifteen million Chinese who are facing immediate starvation in the greatest famine in China since 1888, caused by complete crop failure and nearly one and one-half years of continuous drought. Five northern provinces constitute the famine area and contain over 100,000 square miles, inhabited by 45,000,000 people.

The Wisconsin Chinese Students' club will give a Chinese tea and bazaar in Lathrop hall Feb. 19, and a Chinese dinner Feb. 25, at the Woman's building, at which Chinese food and music will be furnished. The proceeds will be for the famine relief.

National Program Planned

The problem of Chinese relief is being undertaken by a national committee for a China famine fund, which operates in all the states. Amateur theatrical performances have been given in Cleveland, Madison, Chicago, and other places where Chinese students are attending school, for the benefit of the relief fund.

China's disaster is so great that nothing short of international relief can accomplish what ought to be done. The American, French, Italian, and Belgian governments have consented to a levy of a ten per cent additional tax on custom duties to replenish the famine funds.

Equals Hoover's Task

"Apparently the monumental work of Hoover in stricken Belgium must be surpassed in China during the coming winter or a population greater than that of Belgium will perish," stated a relief worker in regard to the northern China famine. "Seed for sowing winter wheat is impossible to obtain with the failure of the autumn crop, and conditions from hunger and cholera are without parallel in modern history. There is a great contrast between the conditions of the people of America and the men, women, and children of famine-stricken China, who have been undergoing hardship and privation and are now in imminent danger of starvation."

President Wilson, who appointed the national relief committee, said in a proclamation on the famine: "Our diplomatic and consular agencies inform me that the loss resulting from death in distressing form may run into millions of souls. It is certain that the local government and established agencies are unable to cope with the magnitude of the disaster. Therefore, not only in the name of humanity, but in that of the friendliness which we feel for a great people in distress, I venture to ask that our citizens shall, even though the task of giving is not today a light one, respond as they can to this distant but appealing cry for help."

WRESTLING TEAM TO GRAPPLE WITH NORTHWESTERN

The Wisconsin wrestling team meets the Northwestern mat squad in the first dual meet of the season at Evanston tonight. Although somewhat crippled by ineligibilities, the Badger team will put up a stiff opposition in every one of the bouts, and Coach Hitchcock is confident that his charges will take the measure of the Purple grapplers.

Ivan Peterman, captain of the squad in the absence of Captain Glenn Culver, will wrestle in the 145-pound bout. W. H. Klass will take care of the 135-pound division. E. A. Woelffer is to wrestle in the featherweight class, and G. W. Prideaux has replaced Posepny in the 115-pound division.

Ora McMurray will fill the heavy-weight division. The big Badger has trained hard for the match, and is likely to come through with a victory against his Evanston opponent. H. L. Pier will wrestle in the middleweight bout.

S. G. A. VOCATIONAL COMMITTEE PLANS SECOND MEETING

Conference to Aid Women in Selection of Courses to be Held Feb. 24-26

The S. G. A. committee in charge of the vocational conference, headed by Delma Donald '22 as chairman, has completed arrangements for the second meeting of the conference to be held from February 24 to 26 inclusive.

This committee is a standing committee named by the chairman who was appointed by the S. G. A. executive council. The members are: Alice Munro '21, publicity; Onita Lutz '22, secretary; Lillian Stupp, grad., hand books; Virginia Conklin '22, information bureau; Julie Watson '22, Crucible representative; and Harriet Bartlett '21, arrangements.

"A great deal of credit is due these girls for the faithful work they have done and the interest they have taken in the conference ever since work was started in the fall," said Delma Donald, chairman, yesterday.

The conference is for the purpose of helping women choose both their avocations and their vocations and to inform them as to what courses in the university will help them in their vocations. It particularly appeals to two classes of women: those who are undecided and want to know what they can do and how they can do it; and those who know what they want to do but do not know what is being done in their chosen fields or what the opportunities are.

The committee has been cooperating with the Madison Woman's Civic club to bring Miss Florence Marshall, head of the Manhattan Trade school for Girls, New York, here to open the conference next week. Besides this cooperation, the President's Contingency fund contributed \$50 to the work of the committee and the rest is being financed from the S. G. A. fund secured from the collection of dues.

MAKE-UP

Varsity Movie Stars Learn Art of Fooling the Camera

Just how, when, and where to apply the exactly correct shade of rouge, grease paint, lip stick, and powder is part of the course of training that the prospective movie stars are being put through by the Varsity movie directors. Complete instructions in the art of fooling the camera are typed and posted on the bulletin board in the Varsity movie office, and the Normas and Wallaces of the Varsity movie are said to scan the instructions carefully during their spare moments.

These instructions, copied from the bulletin board in a well known studio, contain minute instructions as to the proper method of accentuating beautiful features and obscuring the less beautiful points of make-up. Candid advice in the matter of beaded eyelashes, delicate eyebrow penciling, the exactly correct method of applying the lip stick and the rouge puff, just how the hair should be worn, and what complexions take grease paint and what do not are merely samples of the fund of information in matters of make-up that is available in the Varsity movie office.

Tryouts for the movie are completely finished, according to the final statement in the matter made by Willet Kempton '22, production manager of the film. The cast has been practically selected and will be made public sometime in the near future.

"The hardest part of the work of putting on a movie of this sort," said Kempton, "is the business of writing the scenario and getting it into continuity form. Now that this work is done, the actors have a comparatively easy job ahead of them in the way of finishing up the production."
