SUBSCRIPTIONS TO FRIENDSHIP FUND REACH \$900 MARK

Most of Money Raised By
Women; Men Get Late
Start

Total subscriptions to date in the campaign for the student friendship fund are approximately \$900, according to the report of George Hanna '26, treasurer of the campaign, yesterday afternoon.

"This sum is mostly composed of money raised by the women of the university, who have been working for two weeks. The men started to canvass on Monday, and only a few of them have handed in a report as yet," he declared.

Gwendolyn Drake '26, who has directed the women's campaign, announced yesterday that all women who have been soliciting funds in the rooming houses are expected to report this afternoon or tomorrow in the Union board office.

"The money that has already been turned in has been contributed mostly by the sororities. The subscriptions of the unorganized groups are due now, and we are concentrating on the churches and religious societies on the campus. Speakers have already appeared at the meetings of most of these groups," she said.

Thane Blackman '26, chairman of the campaign, will announce this evening the names of the professors who will manage the campaign among the faculty. Last year more than \$800 was contributed to the fund by the professors and instructors.

SPANISH PLAY TO BE GIVEN TONIGHT

Present "El Idilio de Lolita en
Nueva York" By
S. Wofsy

The Spanish club presents at 7:45 o'clock tonight in Lathrop concert room, the Spanish play "El Idilio de Lolita en Nueva York," written by Samuel Wofsy.

The cast of characters contains only those who are taking Spanish this semester. Alanson Remley '28 is the hero, Luis, an Argentinian youth, who poses as an American and wins the love of Lolita, a Spanish girl in search of an American for a husband. Elizabeth Henson '28 is Lolita.

Mary, Katherine Hartman '27, is an American friend of Lolita and she is searching for a Spaniard for a husband. Richard Church '28 portrays the part of Felipe, the Spaniard with whom Mary falls in love.

Don Rofino, the henpecked father of Lolita, is depicted by Clark Richardson '27. His wife, Dona Engracia is Virginia Seyer '25. The servants Pepe, James Cunco, grad, and Antonita, Helen Stebbins '28, present a situation caused by Antonita becoming decidedly Americanized and Pepe becoming very old fashioned in his ideas of women.

Jean Alexander '25 takes the part of Belle Smith, an English instructor. Vale Harebo '26, Lloyd Kasten '26, and Walter Butz '27, take the parts of three English teachers. F. M. Kercherville, grad, is a Spanish youth. Lewis Mrkvicka '25, takes the part of a salesman. Merle Moses '23 will present a dance, "Carmencita" taken from the opera Carmen. Marjorie Rachlan '28 will accompany her on the piano. Hilda Schultz '25 will sing "Clavelitos," a Spanish song, and also a few South American lyrics.

NO DANCE IN CAPITOL BILL RECOMMENDED

Senator Severson's bill prohibiting the use of the Capitol for public dances was unanimously recommended by the committee to the legislature. The bill will be held over, according to Senator Severson, until the Military Ball has passed so that it will not interfere with its occurrence.

Editors Opinions Divided Over Proposed Publications Board

GOT THE MUMPS?
YOU'RE SAFE IF YOU
CAN EAT A PICKLE

If you think you are coming down with the mumps, and you want to find out for sure, just try to eat a pickle, and you will soon know whether or not you have them. For those who have had the unbecoming disease say there is nothing quite equal to the painful sensation one experiences in downing a pickle when under the influence of mumps.

Have you a feeling of pain in the angles of your jaw, a swelling in your cheeks, and a general all-around sickness? Then the mumps have got you surely, for those are the symptoms, so the doctors say.

At present the worst epidemic in years is being fought at the infirmary. In the last three or four weeks doctors have taken care of thirty to forty cases continually. Although the disease is extremely contagious, it is never alarmingly serious. The patient may suffer, but almost never does he reach the stage where his life is really despaired of. Its seriousness lies rather in the problem of its infectiousness, a problem with which doctors have not yet been able thoroughly to cope, except by completely isolating the patient. Isolation extends over a minimum period of two weeks.

Some See Success For Board;
Other Predict
Failure

Opinion of student publication editors stands divided on the student senate's proposal to incorporate a publications board.

The proposal provides that one representative of each of the seven student magazines convene with the other members numbering not less than one half of the publication representatives elected by the senate to compose the board; four members of the board being selected by the senate. The board will have the privilege, not only of calling for monthly financial statements and complete audits of the books, but also will have the right to determine the establishment and existence of campus magazines, with, of course, the approval of the senate and that of the student body.

At present there is no measure of student control over minor publications other than regular staff positions, although there exists a Publications Advisory board empowered by the senate's constitution to demand financial statements, vouchers of expenses, account books, and receipts from the various student publications.

Glee Club Rating in Eastern Contest Will Be Made Soon

Will Sing Concert For Legisla-
ture at State Capitol
Tonight

Wisconsin's rating in the National Glee club contest at New York in which the Badger club appears will be received sometime next week after complete ratings are made out.

The club returned to Madison Monday night from its 2,500 mile trip to the east.

"Wisconsin made a very favorable impression," was Professor Swinney's statement yesterday. Yale repeated its performance of last year in taking first place. Harvard and Columbia, usual strong contenders, did not place.

The club will sing at the state capitol tonight at the invitation of the legislature, will give a concert at Stoughton Thursday night and will present its two home concerts at Music hall Friday and Saturday nights. Approximately 50 reserved seats remain for both home concerts; balcony seats may be obtained now and will be on sale at the door the nights of the concerts.

In New York the club was entertained at the Knickerbocker theater in New York Friday and invited to luncheon at the Harvard club Saturday, where Lambert Murphy, Metropolitan opera tenor, sang for them.

Following the contest Saturday night, the club traveled to Washington, where the members spent Sunday in seeing the capitol city. By special permission the national capitol was opened to the organization and a guide provided to take the members through.

No alibis need be offered by the Wisconsin club for its work, according to Professor Dykema. The club's singing was of the best; its small number of men and a natural prejudice of western methods by eastern judges were important considerations, however, he said.

ARTHUR BERTHOLDSEN WILL GIVE PROGRAM

The usual quiet hour under the auspices of Y. W. C. A. and Y. M. C. A. will be held this afternoon at Luther Memorial church between 5 and 5:30 o'clock. Arthur Bertholdsen, organist of the church, will play a program of musical selections. "Sonata, A Minor, Borowski; 'Getsemene,' Malling; Largo C sharp minor, A. Stebbins; Vision, Rheinberger; Laudate Dominum, Sheldon, will form the group.

University Club to Celebrate Opening By Formal Dinner

The University club will celebrate the completion of its new \$130,000 addition with a formal dinner at 7 o'clock on March 14. This will be followed by public inspection and entertainment.

The clubhouse, with its new addition, modernly appointed and equipped throughout, contains 90 rooms for members and guests, a large dining room, five smaller dining rooms, a billiard hall, two reading rooms, and ladies' parlor and several offices.

The faculty members, alumni, and graduate students who comprise the club's membership of 450 have financed the building. Launched in 1907 under the leadership of President C. R. Van Hise, the organization now does a business of \$100,000 annually. The property, formerly belonging to Prof. J. B. Parkinson, was remodeled and an addition built in 1912.

SOPHS MEET IN DEBATE TONIGHT

Question Concerns Provisions
in 18th Amendment Per-
mitting Light Wines

Sophomores of the three men's literary societies, Philomathia, Hesperia, and Athena meet in the sophomore semi-public debate at 7:30 o'clock tonight.

The question for debate is, Resolved that the statutory provisions for the enforcement and interpretation of the 18th amendment be so changed as to allow the manufacture and sale of light wines and beers.

Philomathia's affirmative debates against Hesperia's negative, Athena's affirmative with Philomathia's negative and Hesperia's affirmative with Athena's negative. The affirmative team of each society remains in the society and negative will go to the opposing club.

Debaters for Athena's affirmative are Herbert Stuessy, Earl Morse and Leo Diamond. Robert Schwenker, Theodore Burrows, and Hieron Biver make up the negative team.

Hesperia's debaters are Clarence Schlaver, Joseph Rapkin, and Alvin Huth on the affirmative and Enoch Judkins, Phillip Koepcke, and Gustav Winter on the negative.

Earl Munson, Lawrence Joseph, and William Rahr are the Philomathia affirmative debaters and William Lidicker, George Pulsford and Robert McArthur, negative.

HOLD TRYOUTS FOR WISCONSIN PLAYERS

Tryouts for Wisconsin players will be held at 7 o'clock tonight in 202 Chemistry building, Pearl Kulp '25, tryouts manager, said yesterday. About 35 persons have been selected from the 120 that tried out last week. Three minutes will be given to each candidate to read a selection from a play in which he has had no previous coaching. UNIVERSITY HAS NO GENERAL FUND BILL, BIRGE SAYS

Committee on Finance Hears
Needs From "Prexy,"
Kronshage, Phillips

That the university is operating without any general appropriation bill; that there is a great necessity of funds being granted to meet the great housing demands of the school; and that there is a stupendous need for improved additional equipment, was pointed out to members of the joint committee on finance when Pres. E. A. Birge, Regent Theodore Kronshage and J. D. Phillips, business manager of the university, pleaded the university's case.

"The university is not asking for money to expand either in operations or in buildings," President Birge stated. "We have been operating without any general appropriation bill. Two years ago the legislature was in favor of passing such a bill but the session terminated before it was put through.

5 Percent of Budget Asked

"At that time the legislature went into the matter with great detail and care. They secured from the business manager a statement of the amount of money needed to run the university and added to that a five percent surplus plus the necessary expenses for the State hospital the second year.

"Today our requests aggregate a little less than five percent above the budget for the current year. We have followed the principles which the last committee adopted and which both houses of the legislature agreed to. This includes the operation of the hospital as well as the operation of the university."

Kronshage Speaks

Regent Theodore Kronshage, author of a series of articles on the university's need for increased finance, pointed out how and where the university dollar comes from. The university budget is divided into two parts, public service and campus service. About 15.93 cents of the public service dollar comes from the state; while 17.33 cents comes from other sources. Of the campus service money, 39.55 cents come from the state and 27.19 from other sources.

J. D. Phillips, business manager of the university, explained various budget items.

The committee on finance will meet again today to hear more about the finance question of the university. Regent Kronshage will address them.

BADGER DEBATERS TO MEET GOPHERS

Leave Tonight For Minnesota;
Affirmative Team Debates
Here Thursday

The negative debating team composed of Harold Sporer '25, George Mitchell '25, and Isador Alk '25, leaves tonight for Minneapolis where it will meet the Minnesota affirmative team Thursday evening.

The Minnesota debaters are being coached by Wayne L. Morse, who was the closing speaker on Wisconsin's team two years ago and who taught in the speech department here last year.

The question to be argued is whether or not congress shall have the power to re-enact a law after it has been declared unconstitutional by the Supreme court of the United States.

Harold Sporer and George Mitchell are veteran debaters while Isador Alk is making his first appearance in intercollegiate debating.

Wisconsin's affirmative team will debate Northwestern here at Music hall at the same time the Minnesota debate is going on.

Ice is Dangerous Now, Warns Isabell

"The ice on the Madison lakes is not strong enough for skaters," warns Captain Thomas Isabell, of the university life-saving station.

This statement was made following the drowning of the two young men in Lake Monona Sunday.

March 1 is generally the danger line for the lakes. After that date skaters, fishers, and especially autos are in great jeopardy on the lakes, according to "Cap."

CONGREGATIONALISTS HEAR REV. PALMER

"The Japanese Problem" was the subject of an address given by the Rev. A. W. Palmer, D. D., Oak Park, before 250 students attending the Congregational Students, association semiannual banquet in the First Congregational church. The officers for the coming year: Eugene Williams '26, president; Miriam Larkin '26, vice president; George Larkin '27, treasurer; and Marion Reynolds '26, secretary, were installed.

MILITARY BALL QUEEN'S IDENTITY STILL A SECRET

Who will be queen of the thirteenth annual Military ball?

Whether or not Clifford C. Franseen, chief of staff, has picked his partner for the evening is merely a matter of conjecture as he has refused to make any definite assertion.

Rumor has it that the selection may have been made last Friday when the first atmosphere of spring breeze over the campus, or it may have followed the accustomed fire-side party, but if it has been made, the chairman will not admit it.

Someone wishing to help Mr. Franseen in his selection sent him the following note:

Dear Mr. Franseen,
Not wishing to interfere with your personal matters nor with a question which you will most assuredly and frightfully decide for yourself, I have wavered during several days past

in my determination to suggest to you a very beautiful and charming "red headed gal" whom I have noticed spends a great deal of her time in Music hall.

I know she will make a most charming Military ball queen. She is about 5 feet 6 inches in height with a graceful carriage and a slender figure. She dresses in excellent taste and has a beautiful complexion. I have heard she is a splendid dancer and she enjoys a good time.

If you are at all interested in my proposal, and I hope you will take it seriously, I will be glad to arrange a tete a tete with you.

Yours in earnest,

F 441

Last year Ellen C. Knight was chosen queen of the twelfth Military ball by Howard B. Lyman just 22 days before the date of the dance.

19th Annual Relay Carnival Plans Progressing Rapidly

Badger Relay Team May Race Against Some Other Big Ten Team

Plans for Wisconsin's oldest intramural event—the 19th annual indoor relay carnival to be held March 21 are well under way, according to Henry Bosch '27, general chairman in charge of the carnival.

Special events for both university and academy athletes are a part of the program, while relays will be run for academies, high schools, fraternities, sororities, and the intramural league with the possibility that there will be a relay between the Wisconsin relay team and a team from some other conference.

So far seven fraternities have entered the inter-fraternity relay. Teams from T. K. E., Theta Xi, D. U., Pi Kappa Alpha, Alpha Gamma Rho, Alpha Chi Rho, and Triangle have paid their entry fee of \$5.00 and will compete in the meet. The deadline for entries is Friday night at 6 o'clock. All teams wishing to enter may get in their entries to Chairman Bosch before this time. Working with Bosch on fraternity entries are Joe Bacon '27, Don Wilson '28, Lou McGann '27, and Don Jones '28.

Nothing definite can be said as yet in regard to the entries in the academy and high school classes, but a large entry list is expected as all of the academies have signified their intention of entering.

INDOOR COURSES ARE DISLIKED BY IOWANS

Indoor courses in outdoor sports were not copiously attended when innovated at Iowa this year. For the first time indoor courses running through much of the winter were opened in both baseball and football, but both Coach Otto Vogel and Coach Burton Ingwersen have constantly called for more men. Both squads will be taken into the open this week, if good weather continues. The football men have already had a taste of it.

GRATTAN IS CONFIDENT OF WRESTLING TITLE

Grattan's victory over Chada in the 158 pound match of the Iowa-Wisconsin meet Saturday practically assures him of the medal that Coach Mike Howard has offered for the high point Hawkeye wrestler. The medal is one representing the championship of Europe and which Coach Howard won at Prague. Grattan has thrown four opponents for a total of 20 points.

MILWAUKEE SWIMMERS PLAN MADISON MEET

The Milwaukee Athletic club swimming team, composed of former Wisconsin swimmers, will swim a return meet against the Wisconsin natators here at 2:30 o'clock March 21. Wisconsin won against the Milwaukee club in an early season meet by one point.

Football Men

All football men are requested to report at 7:30 o'clock tonight in the annex for the first session of regular spring football practice. Candidates are asked to wear old clothes as actual demonstrations will be given in tackling and blocking. Be there!

Signed,
COACH GEORGE LITTLE.

SEVEN RECORDS BROKEN AT MEET

Ritola Makes Two New Marks; Nurmi Fails in His Event

Madison Central high school's relay team copped first place in the W. I. A. A. eight-lap relay on the program of the Milwaukee Journal's big indoor track meet here Monday night. The winning quartet was composed of McCormick, Skinner, Miller and Parken.

Willie Paavo Nurmi exhibited his wonderful running ability and failed by eight seconds to break the one and three-quarters mile record, his fellow countryman and only rival in the distance events, Willie Ritola, featured the meet.

Ritola shattered two world's records. He covered the 4,000-yard race in 10 minutes 40.5 seconds, and the 2 1/2 mile in 11:40 1-5.

Nurmi covered his mile and three-quarters in the excellent time of 8:03 1-5, and was far out in front of Shimek, Marquette, and Egil Krogh, Illinois A. C., who were running against him.

Five other world records fell by the wayside in the meet. They were Helen Filkey, Chicago, broke the world's record for girls covering the 50-yard dash in 61.5 seconds, and the 50-yard low hurdles in 71.5. H. Wallace, Chicago A. A., set a new mark of 53.5 seconds for the low hurdles.

RESUME FOOTBALL PRACTICE TONIGHT WITH NEW COACH

Brader, Uteritz, and Sundt Will Be Here For Spring Practice

Resumption of winter football work at 7:30 o'clock tonight with the 130 men who are out for the 1925 grid team will be the first step taken by George Little, athletic director and football coach, who will arrive in the city today to take up his duties permanently.

When he left for Ann Arbor after his last visit, Little gave each of the candidates his coaching book on fundamental work and on formations and plays, and there will be no waste of time in getting started again, he has informed the candidates since.

With assistant coaches Jimmy Brader and Irwin Uteritz on hand and Guy Sandt here to help with the varsity during the spring workouts, Coach Little will have nearly a full staff with which to tutor his eager candidates.

Captain-elect Steve Polaski ex-Captain Jack Harris, Adolphe Bieberstein and some other "W" men will be utilized as instructors dur-

Fight Starts For Basketball Title of District Today

Everything is in readiness for the annual district tournament of the Y. M. C. A., which will get under way here at 6:30 o'clock tonight with Madison college and Arlington battling it out in the first tilt.

Four round games are on the books for Wednesday night, and from that time on until the meet comes to a close Saturday night, basketball will hold the spotlight at the local "Y".

The industrial basketball league, meeting at the "Y" Monday night, elected the following officers for the next season: president, Loran Cockrell; vice president, Leonard Reichel; secretary, "Steve" Stephens; treasurer, Bill Phelps.

MANILA—Pancho Villa, world's flyweight boxing champion, easily defeated Francisco Pilapil at Iloilo Monday in his first fight since his return home from the United States. Pilapil was knocked out in the eighth round.

ing the early work also. A game between varsity and alumni will be arranged as soon as the work has progressed a little.

At the earliest opportunity, the squad will be taken outdoors and it will be kept there until exam time.

TOURNAMENT FOR BOXERS TO START IN GYM MARCH 28

Fourteen Men Will Contest For Seven All-University Boxing Titles

Mits flew strong and fast in the boxing tower of the gym last night under the careful observation of Coach Ray Moore, varsity boxing instructor. There was no fooling; the men took a serious attitude and made good use of the directions tendered them by their coach.

Only eighteen more days and the gala fiesta of the pugilists will be at hand. Then the annual all-university boxing tournament, far bigger and better than in previous years from all indications, will be staged.

The exhibitions of the boxers will be held in the large arena that is to be arranged on the varsity basketball court. A record crowd is doubly assured because of the coincidence of the bouts with that of the state high school basketball tournament. The afternoon of March 28 will see some fourteen pugilists in keen competition for the seven all-university boxing championships.

SENATE APPROVAL PAVES WAY FOR NEW FIELD HOUSE

FINAL ACTION BY STATE ASSEMBLY IS NOW ASSURED

Sauthoff Bill Provides For
Financing Method Similar
to Stadium Plan

The first constructive step toward an adequate building and housing program for Wisconsin athletics was taken yesterday when the senate of the state legislature gave final approval to the Sauthoff measure providing for the construction of a field house.

A field house for Wisconsin athletics—long a dream of the university athletic supporters—is almost sure to be realized within a short time, for passage of the bill by the lower house is almost a certainty.

The act was introduced some time ago by Senator Harry Sauthoff of Madison. It was immediately endorsed by university and athletic authorities as a means of relieving the congestion of the old gymnasium. The gym, inadequate to house all those who wish to see basketball games, or take care of the rapidly expanding athletic program of the university, will soon be relieved of the load which has been increasing in the past few years with little or no increase in the facilities offered.

Provision for the building of the field house by a non-profit sharing corporation to which the building would be leased and operated is made by the bill. The receipts will pay for the house at the rate of \$50,000 a year, according to the estimates.

In addition to the building proper, with indoor courts, diamonds and gym floors and a seating capacity of 15,000, it is contemplated that 65 acres of land on which to put the structure will be bought. This will be used to surround the field house with outdoor athletic grounds of all kinds, including baseball, football and tennis.

The bill calls for no appropriation, but merely gives the university the authority of undertaking the enterprise on the same plan as the stadium is being built and by which the dormitories will be built.

Hold Nominations For Five Officers of W. S. G. A. Tonight

Nominations for the five elective offices of W. S. G. A. will be made at the open board meeting which will be held at 7 o'clock tonight in Lathrop parlors.

Keystone nominations will be announced for the offices of president, vice president, treasurer, secretary, and census chairman, respectively, and two nominations for each of these offices will be received from the floor, according to Alice Corliss, president.

Balloting will be done by the Australian system and will take place from 9 o'clock in the morning to 5 o'clock at night in Lathrop parlors. The proposed constitutional amendments will be voted on at this time.

PURDUE BASKETBALL GAME IS POSTPONED

The Purdue basketball game, scheduled to be played at LaFayette, Indiana tonight was postponed until tomorrow night because it was considered that the team would of necessity be absent from classes for too long a period. The team will leave for LaFayette at 5:40 o'clock this afternoon, going from there to Columbus for the game with Ohio Saturday night.

THETA XI, T. K. E. TO PLAY FINALS

Phi Psis and Kappa Sigs Are
Banished From Championship Race

Theta Xi and Tau Kappa Epsilon have survived the ravages of the basketball semi-finals. The championship now lies between them.

The red-jerseyed Tekes banished the Phi Psi squad from the championship race with a 20 to 7 victory and the equally red-jerseyed Theta Xi five sent the Kappa Sigs back with the Phi Psi quintet in a terrific struggle that finally ended with a count of 9 to 5, in the games last night.

The Tekes led from the first quarter to the last. Aker and Hornbeck put them in the lead in the first quarter; Christoph, with the help of Hornbeck, added a few more counts in the second; Aker with five points, Guenther with three, and Hornbeck with two, put Phi Psi hopelessly behind in the third period; and repetition by Hornbeck and Guenther closed the game in the fourth.

The main body of both team's scores was made from the foul line. Moran, Connell, and Aller counted 5 of the Phi Psi 7 in this manner, a pretty shot by Alexander adding the other two points.

The best basketball was seen in the Theta Xi-Kappa Sigma game. Close guarding and good playing all around kept the score both even and low.

Each team sank a foul in the first quarter, making the score 1 to 1. Two successful free throws by the Kappa Sigs balanced a shot from the floor by Ellerman of Theta Xi, and the score was again tied at the half at 3 to 3. In the third period, Ellerman repeated with another accurate contribution from the floor which broke the tie and put Theta Xi in the lead by two points. Stehr, of Kappa Sigma, brought the losers' score to 5 in the last round, but Theta Xi added four to their total and brought the game to a 9 to 5 finish.

Ellerman's shooting was again featured in the last quarter when a shot from the very center of the court reached the net perfectly.

CONFERENCE MEET EXPECTED TO BE CLOSE SATURDAY

Contest at Evanston Should Be
Fight Between Illinois,
Michigan, Wisconsin

Not more than five points will separate the first three teams in the Big Ten indoor meet at Patten gym Saturday night if the pre-meet dope runs true to form. Just which one of the trio of Illinois, Michigan and Wisconsin will land on top is merely a matter of conjecture and chance that some of the star performers from these three teams will be out of condition.

Chicago will not be far behind these three leading teams with such stars as Russell in the high jump, Captain McFarlane in the 440, Curbourne in the two mile. The Maroon relay quartet will also figure heavily.

Purple Has Two Stars

Northwestern with its two stars, Martin and Boucher, and a crack relay team will make a strong bid with Iowa for fourth place. In this Iowa-Northwestern duel the Hawk-eyes will rely upon Captain Coulter, Phelps and Dauber.

In spite of the fact that Ohio has several stars among its ranks the Buckeyes can hardly hope for better than a fifth or sixth place. Black and Kennedy in the distances and Guthrie and Snyder in the hurdles are the only Ohioans that have a chance of placing high.

Race For Cellar Position

The remainder of the Big Ten teams will have to fight it out among themselves for the last three place an occasional man in fourth or from the bottom of the list is to place an occasional man in fourth or fifth place in some event.

Two fouls by Stehr and one by Polaski added the three points that made the Kappa Sigma score 5.

The lineups for the games follow:

Tau Kappa Epsilon	Phi Kappa Psi
Guenther..... r.f.	Moran
Hornbeck..... l.f.	Connell
Aker..... c.	Alexander
Christoph..... g.	Muenzberg
Lenicheck..... g.	Aller
Substitutions: Guy for Muenzberg.

Cage Jottings

After the game Monday night, Badger fans are looking for their team to come through and defeat Purdue at Lafayette tomorrow night. The Boilermakers won an earlier contest at Madison, but with the improvement the Wisconsin team has shown in its last two games, chances for a victory are bright.

Brooks has turned into an excellent player, his work against Illinois Monday night stamping him as one of the best. He is an exceptionally good man under the basket, and with a little more seasoning should be a shining light in conference circles next year.

If the Badgers can stop Spradling tomorrow night, they should win. This Boilermaker forward put his team in the limelight, when they came back after losing four straight and won six straight. He is exceptionally fast, and is a dead shot when under the basket.

One of the prettiest exhibitions of guarding seen since the days of Tebell and Williams was seen Monday night. The two Illini field goals were long shots. Barwig and Diebold just wouldn't give the Sucker sharpshooters a chance.

A toast to Diebold and Barwig, the conference's best guards—that's what we felt like giving the two men after the Illinois game.

After tomorrow night's game, the Badgers journey to Columbus where they will meet the new champions. Ohio with its great team will close its season with the Badgers. Back two months ago we thought that this game might decide the conference title, but "them days are gone forever."

THREE FRESHMEN MAKE FAST TIME AT JOURNAL MEET

Schwartz Wins Shot Put
Again in Contest Staged
at Milwaukee

Three Wisconsin athletes made a brilliant showing for the Badgers in the Journal A. C. indoor track and field meet held in Milwaukee Monday night. It was the big gathering in which Paavo Nurmi and other famous fleet men exhibited their ability on the track.

Chapman, a Badger frosh, came in third in the mile run after an excellent showing against his victors, Joie Ray, famous miler, and Ray's team mate, Ray Watson. Chapman ran the course in the commendable time of 4:26. He set the pace for the victorious Illinois A. C. runner for five laps, a truly fine performance.

Ellison, another Wisconsin yearling, made an equally good showing in the half mile event. Ellison was beaten only by Ray Watson and Day Dodge, two national 880 yard men. He scored his third place in the good time of 1:9 1-2.

Schwarze heaved the shot two feet past the marks of his competitors to carry the shot-putting event. Schwarze's distance measured 45 feet 8 inches.

It was the intention of Coach Jones, who made the trip with the men, to enter the freshman two mile relay team in the medley relay event, but because of the possibility of making them ineligible for further Varsity contests, the men did not run.

Don't forget to "PUNISH PURDUE," and Saturday night we must "BEAT THE BUCKEYES."

BASKETBALL AND WATER BASKETBALL

Monday morning a student said that he had dreamt the night before that Wisconsin had defeated Illinois in basketball to the tune of 16 to 9. A few prayers went up from the hearts of bystanders that the dream might come true.

You know what happened. The Badger five upset even the wildest hopes. It played as no other team has played before on the armory floor. Because no other Wisconsin team has had quite such great odds against it. And so the team deserves all the more honor and glory. No one could have seen the game and not left with his mind full of admiration for the team.

And so too did the fans show that they could play the last game, with the odds against them. For they gave such support to the team as is seldom seen anywhere, true support and the kind which Wisconsin should always give.

As basketball has been one of the most successful sports at Wisconsin, so does it appear that water basketball will rank well up with it. For this year, at least, the swimming basket tossers have earned major W's as a result of their successful season. For, as a result of beating Indiana Saturday night and of Northwestern losing to Iowa, the Wisconsin water basketball team has reached to top of the percentage column and is now champion of the Big Ten.

TO FRED

Fred Gustorf has resigned his position as associate editor on the Daily Cardinal. The paper will miss him. For three and a half years he has served it conscientiously and ably. The lack of his services will be felt keenly.

But the fact that he is resigning his position in order that he may devote more time to work on the university exposition shows that he is putting his efforts in another direction where they will be felt to good advantage. The exposition is one of the biggest things which Wisconsin is doing this year, and every effort should be given to its success.

Gustorf commenced his work on the Daily Cardinal at the outset of his freshman year during which he acted as a reporter. At the beginning of his second year he became an assistant desk editor and went

to the position of a desk editor the second semester of his sophomore year.

Wisconsin lacks funds. Write home about it.

Two men drowned Sunday and several students narrowly escaped a similar fate. A tragic warning it is, but it should be the most effective warning that can be given. The ice will be out of the lakes in another month, and in the meantime, it is extremely weak in various places. Watch your step.

The Purdue game has been postponed and the order of postponement comes from an unusual source, the faculty. Objection is made that the trip to La Fayette and then to Columbus is too long.

The report is about that Recoil is returning to the campus. When he hears of the Bascom hall fire, he'll come by airplane and put out an extra Proletarian, saying, "I told you so." Then he'll start more propaganda advocating the placing of more fire escapes on Bascom hall. And there it will end as of yore.

Wisconsin Should Know

THE LIME IDEA AND THE FARMER

Almost any day in the last 10 years there might have been seen on a typical Wisconsin farm a small knot of farmers gathered to examine the effects of the use of lime on run-down soil, demonstrated by an agricultural extension agent. The demonstration was usually convincing. Farmers saw before them the helpful effects of the lime used on their soil, and so they agreed to try the new "lime idea."

The results have been striking. Twenty years ago virtually no lime was used on Wisconsin farms. Today it is used in thousands of tons each year. The use of lime on Wisconsin soils is based on the discovery, made 10 years ago by Prof. Emil Truog, of a method of testing soils for acidity. The analysis of thousands of samples of soil from all parts of Wisconsin has convinced thousands of farmers of the need for it on their fields. The perfection and manufacture of a portable lime grinder, at the suggestion of Prof. W. W. Weir of the soils department, has helped to make the desired lime available at a small cost to farmers.

"Cabbages—and Kings"

Plant diseases take a toll of 10 per cent of all crops planted in the United States, and cause a tremendous economic loss to farmers everywhere. The control and elimination of plant diseases is thus a matter of first importance to every citizen Wisconsin agricultural stations in cooperation with the United States Department of Agriculture have done some marvellously effective work in this field.

Take, for instance, one of the richest tracts of alluvial truck land in the state, located in Racine county. As far as the eye can reach, looking northward, the favorite crop for a generation has been cabbage. A dozen years ago this soil had all become "cabbage sick" because of the invasion of an insidious fungus parasite. Seed disinfectant, soil treatment and spraying were alike ineffective. Must this highly profitable crop be abandoned?

The agricultural experiment station took up the problem. Careful search discovered a few plants immune to the disease in even the worst fields. By selecting and breeding with these, strains of "disease-resisting" cabbage have been developed which produce a sound crop every year on even the "sick" soil. Seeds of these resistant "Wisconsin" strains are now being grown and distributed by the ton from the cabbage seed-growing districts, not only of the United States but of Denmark as well, to meet the nation-wide need.

Standing at the same spot in Racine county and looking southward, one might have seen the highest priced crop produced in Wisconsin—a 100-acre onion patch. Onions have been grown continuously on this same field for a generation, and on many smaller neighboring fields. A decade ago the smut disease appeared in one corner of this field and began to spread ruinously over all of it. Once introduced, this parasite persists forever, meaning ruin for the onion farmer as well as his crop. Plant disease experts from the university took hold of the situation, and within three years they had perfected and taught the practical use of seed and soil disinfectants by which, at a trifling cost, the disease can be fully controlled. One grower, a renter of part of the above field, calculated that this treatment netted him over \$3,000 profits in the first year he used it. No further argument was needed to induce him and his neighbors to use it annually thereafter. So far as this disease is concerned, these same fields may continue to yield onions for Wisconsin soups and salads for all time to come.

The type of service rendered by these "kings" of science to the humble cabbage and onion is typical of the broader service given to the plant problems of farmers over the entire state.

Franseen and John Chosen Chairmen of Religious Meet

Clifford C. Franseen '25 and Dorothy A. John '25 have been appointed general chairman of the all-university religious conference to be held in Madison, March 27, 28, and 29. The main speaker will be Dr. Harry Emerson Fosdick, writer of religious articles and former New York pastor.

Other chairmen are Clara C. Hertzberg '25, music; Doritt E. Astrom '27, luncheon; Hillier H. Kriegbaum '26, publicity; George D. Hanna '26, arrangements and programs; Charles E. Nelson '26, finance; and Elizabeth M. Adams '25, pre-conference plans.

Four addresses will make up the program, the university convocation Friday night in Lathrop gymnasium, a meeting Saturday night, and others Sunday afternoon and evening. On Saturday noon Dr. Fosdick will speak at a luncheon for the Y. W. C. A. and Y. M. C. A. cabinets and other campus religious groups.

BOARD OF VISITORS PASSES RESOLUTION

WORLD of SOCIETY

Many Groups to Attend Glee Club Concert Friday

Three formals and one informal are scheduled for Friday night among social organizations. Besides these dances there will be a number of organized groups attending the glee club concert. On Saturday evening there are fourteen dancing parties being planned in addition to the parties which will attend the second glee club concert. Many of the dances will be St. Patrick feature parties. The parties to be given on Friday follow:

Delta Upsilon

Members of Delta Upsilon will entertain at a formal dancing party at the chapter house on Friday evening. Mr. and Mrs. J. L. Whitte have been asked to chaperon.

Alpha Delta Phi

Alpha Delta Phi will hold a formal dancing party at the chapter house Friday night. Mr. and Mrs. O. Fox will chaperon.

Sigma Alpha Epsilon

A formal dancing party will be given by members of Sigma Alpha Epsilon at the Madison club on Friday evening. Mr. and Mrs. Robert R. Aurner have accepted the invitation to chaperon.

Delta Sigma Pi

Delta Sigma Pi will entertain at an informal dancing party at the chapter house on Friday evening. Mr. and Mrs. C. G. Blough are to chaperon.

PRESBYTERIANS TO

GIVE ST. PAT PARTY

A St. Patrick's party will be held at the Presbyterian headquarters Friday night. Irish games, Irish decorations and a novel way of dividing all those who attend into families will be used. Dave Roberts '28, Arno Lenz '28, and Wallace Rice '26, all engineers, will put on a special stunt. A charge of ten cents will be made for the party of which Harriet Liggett '26 is in charge. This will be the last indoor party of the year to be given by the Presbyterian students.

ADVERTISE IN THE CARDINAL

Sophomore Women to Be Entertained By Red Gauntlet

Red Gauntlet's first social endeavor will be a St. Patrick's party to be held Saturday, March 14. It will be a matinee dance to which all sophomore women are invited. Dancing, bridge playing, refreshments, and special features will occupy the two hours of entertainment from 3 to 5 o'clock in the Lathrop hall concert room.

"Our party on Saturday will be the first time this year that the sophomore women, as a class, will have an opportunity of meeting each other since Green Button days," declared Eulalie Beffel, president of Red Gauntlet.

Chairmen of the committees for the St. Patrick's party are Dorothea Stolte, tickets; Alice Winston, special features; Dorothy Atkinson, refreshments; and Florence Allen, publicity.

Musical-Tea Will Be Held By League at Next Meeting

A Musical-Tea will comprise the March meeting of the University League which is scheduled for 3 o'clock Saturday afternoon in Lathrop hall.

Mrs. B. Q. Morgan has arranged the program and it will be given by three members of the university school of music, Miss Frances Landon, pianist, Miss Ruth Persson, violinist, Miss Barbara Hildreth, cellist, who are also members of Mu Phi Epsilon, national honorary musical sorority.

Following the program tea will be served, Mrs. Ray S. Owen being social chairman in charge. Mrs. Arthur Beatty and Mrs. George Wagner will pour and serving will be by Mrs. Chauncey Juday, Warren Weaver, F. C. Krauskopf, L. R. Ingersoll, P. B. Michell, E. M. Terry, W. J. Meek, J. T. Rood, Guy S. Lowman, Miss Bess F. Tyrrell.

EDITORS ARE DIVIDED IN OPINIONS OF BOARD

Continued from page 1.
Country Magazine: We are for it. It will be fairer to advertisers to know the circulation of each magazine. We have had trouble in getting advertising—there are so many magazines with small circulations that sell advertising at a high rate. The board will regulate advertising costs according to circulation.

Erwin Summers '26, editor of The Wisconsin Engineer: From the standpoint of the engineering magazine I have nothing to say in favor of the proposed board. It would not help us in the least. I don't think it would help enough to merit support from our publication.

Leon Herried, '25 business manager, Commerce magazine: It's a good plan—it will give the publications a chance to get together to solve their problems. I favor the proposed plan.

Paul McGinnis '25, editor, Athletic Review: It's a very good idea; the board would be beneficial to publications.

John F. Weimer, '25, editor of Wisconsin Literary magazine: While I am convinced that the Senate is sincere in its efforts to aid the publications, I am not quite sure yet that such a board would be desirable unless it were largely made up of persons intimately acquainted with the workings of the magazines.

Gordon D. Lewis '25, editor of Octopus: It will not be a success. I have seen it fail in other schools, namely, Iowa and Illinois. Then despite the general idea, the Octopus does not have excess profits to support a number of smaller magazines. It is really a marginal business as can be shown on our books. The plan to install a press which will print the Daily Cardinal and other campus publications will be impossible. This is due to the fact that the Daily Cardinal requires a revolving press which will take stereotype plates, while to fit the Octopus and other magazines would necessitate a flat bed press which will carry a 16. to 32 page form. And I can easily point out other fallacies in the proposition.

PON-HELLENIC TO GIVE SCHOLARSHIP LUNCHEON

A scholarship luncheon for the two girls in each sorority who have the highest scholastic average will be given by Pan-Hellenic this spring, it was decided at the regular meeting of Pan-Hellenic union Monday afternoon in Lathrop parlors.

"The purpose of this scholarship luncheon, which is an event in the history of Pan-Hellenic, is to encourage each girl in her work, and to place awards where they are merited," said Miss A. F. Miller, assistant Dean of Women, today.

**State Is Healthy During
Last Six Months of 1924**
Wisconsin enjoyed an unusually healthy period during the last six months of 1924.

There were no epidemics in the state, and the record of diphtheria cases was the lowest in the history of registration in Wisconsin, according to Dr. W. D. Stovall, director of the state laboratory of hygiene, Madison. The death rate from diphtheria was only 7.1 persons per 100,000—the lowest since records have been kept.

For Young Men
There is nothing like a
STETSON

MOST young men today know the importance of looking fit. Good appearance counts much in the game of life. The young man who dresses with taste has a decided advantage.

But—it is surprising how little thought the average man gives to his hat. It is his crown, yet he seems to stop dressing at the neck.

Be careful in your selection of your headwear. When you buy a hat, select a Stetson. Its style is right, its quality means long wear.

Haresfoot Hears How

"Here's how you should do it!" It was "Chic" Sale giving a lesson on the fine points of female impersonation to three officers of the Haresfoot club which will present its 27th annual production "Ivan Ho!" here two week-ends, April 18, 24, 25, at the Parkway theater. Pupils are Byron Rivers '26, female lead, Sidney Thorson, grad,

production manager, and Thomas Morony '25, male lead and president of the club.

"Ivan Ho!" is really clever. As a satire on Scott's novel it is superb. The 1925 Haresfoot show offers one of the best opportunities for female impersonation that I have ever seen," said "Chic" after looking over the book for the show.

Prof. J. R. Commons Speaks About Heck Insurance System

Nearly one hundred students and Madisonians crowded the office of the Secretary of State to capacity to listen to a discussion on the Heck Unemployment Insurance bill by Prof. John R. Commons.

Professor Commons based his arguments on the following:

First, this plan will work no greater harm than does the present industrial accident insurance; second, it would make both the employer and the employee responsible thus stabilizing the industry, labor turnover and giving both a satisfactory assurance of justice; and third, employees will consider themselves citizens of the industry.

Spring Clothes

Now is the time when every one feels the urge to dress up. Obey that impulse. The striking light grey flannels and cheviots in striped, fancy and plain patterns which we are showing are attractive. Easy, smart, perfectly tailored lounge suits in the three or two button collegiate styles are featured. For the university man who wishes dark clothes, we show our Princeton model in blue cheviot and flannel. In topcoats we are featuring a long, full slipon with fly or button through front, in fabrics of rough cheviots or smooth velours.

\$35 to \$65
