SAVINGS BONDS

ALL United States Savings Bonds are direct obligations of the United States Government. Series E, intended for the smaller regular investor, may be purchased at any of the larger and many of the smaller post offices for cash or equivalent amount of Defense Savings Stamps. The actual bonds are obtained at the time of purchase.

These bonds are sold on a discount basis. For example, instead of paying \$25 for a \$25 bond and receiving interest at stated intervals you pay \$18.75

for a bond of \$25 valuation. Held for 10 years the bond matures and upon due surrender you will receive a Government check for \$25, a 33 $\frac{1}{3}$ percent increase on your original investment, which is equivalent to an annual interest rate of 2.9 percent compounded semiannually.

Defense Savings Bonds are sold in \$25, \$50, \$100, \$500, and \$1,000 denominations, the purchase prices being, respectively, \$18.75, \$37.50, \$75, \$375, and \$750.
