

Komnotau in Bohemia
29. april 1848

Beloved Friend and Brother!

If you somehow come into contact with the bearer of this, I commend him to you kindly and sincerely.

Since several years, my inclination and my fate led me to the theatre. I often think of the congenial times we experienced in Berlin and Potsdam. Let not our national and idealistic differences separate our hearts.

Heartfelt greetings and kisses from your old friend and brother

Rudolph Schimbke
