The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Air pollution...what a nasal irritant!

When modern environmental irritants bring on an aggravated form of rhinitis—your prescription for Triaminic Tablets assures your patient of the dual antihistaminic/decongestant therapy he needs for prompt symptomatic relief.

TRIAMINIC[®]...what a relief!

Formula

Each timed-release tablet contains:

Phenylpropanolamine hydrochloride	50 mg.
Pyrilamine maleate	25 mg.
Pheniramine maleate	25 mg.

Indications: Relief from such symptoms as nasal congestion, profuse nasal discharge and postnasal drip associated with colds, nasal allergies, sinusitis and rhinitis.

Dosage: Adults—one tablet swallowed whole, in morning, midafternoon and before retiring.

Side Effects: Occasional drowsiness, blurred vision, cardiac palpitations, flushing, dizziness, nervousness or gastrointestinal upsets.

Precautions: Patients should not drive a car or operate dangerous machinery if drowsiness occurs. Use with caution in patients with hypertension, heart disease, diabetes or thyrotoxicosis.

Availability: In bottles of 100, 250

Dorsey Laboratories, Lincoln, Nebraska, 68501
