ICE PLANT

Meet Ambrose Bros., Mike and
Joe, who run the Ice Plant!

Have you visited the modern
Ice Plant in the Bay?

Ambrose Bros. at large expense
gambled on the future of Williams
Bay by installing a complete ice-
making plant with a capacity of
30 tons per day.

They are the largest customer
of Williams Bay Water Works, using
about 8000 gal. of water daily.
Though the water is absolutely
pure they filter it and soften it
before placing it in cans which
hold 300 pounds. It takes 48 hours
for it to become cakes of ice to
be dumped into storage.

The plant is run by a Fairbanks
Morse Diesel Engine.

Ambrose Bros will be pleased
to have callers any time day or
night as the plant is run on
three eight hour shifts.

FIFTH NUMBER OF BAY LEAVES

Do you wish "Bay Leaves" to
continue this summer? So far
there has been fine cooperation
from the advertisers. However
to keep on with the paper it will
be necessary to receive some
voluntary subscriptions. As it
would defeat the real purpose of
the paper, namely acquainting
newcomers with our Village, it
will not be possible to charge
for it.

COVER DESIGN

The cover this week is the work
of Mrs. Ecklund (Helen Blakslee).
It pictures the beautiful spot
above College Camp where the pic-
nic will be held.

EDITORIALS

COMMENCEMENT

Tomorrow night thirteen of our young people will receive diplomas from the School showing the successful completion of the High School course. There are SEVEN girls and SIX boys.

All thirteen of the Class have been together during the four years and have done very creditable work in the class room and in school activities. All of the boys have worked for the glory of the school in basket ball and have had a reputation for being clean sports.

The best wishes of the Community go with the class of 1933. We hope that all will make a success in life and gain honor for themselves and Williams Bay.

ARCTURUS DID A GOOD JOB

As announced throughout the World "A Century of Progress" was given the impulse for starting its illumination by a ray of light from the star Arcturus. It looked for a while as if Yerkes Observatory would not have the honor of sending the impulse, as clouds kept rolling by, but by good fortune just at the moment set for the spark to be on the job, it cleared away and Dr. Elvey with his assistants was able to catch the faint ray.

Dr. Frost and Dr. Fox told the world that the Observatory was at Williams Bay, and thus we hope our Village will long be remembered. We are thankful to Dr. Frost, Dr. Struve and Dr. Elvey for the good advertising Williams Bay received.

A CENTURY OF PROGRESS OPENS

"A Century of Progress" is a reality and ahead of time. It is the greatest Fair in History. Others have been great in their day:

the Centennial in 1876 which our grandfathers attended; the Columbian Exposition in 1893; the Pan-American at Buffalo; the St. Louis Fair celebrating the Louisiana Purchase; the World's Fair at Paris, France; but this will be the greatest of all.

It was a dream of Chicago's leaders in business and civic life, but gigantic though it seemed, it is real now. The plans were made when Chicago was revelling in prosperity, and despite almost insurmountable obstacles the Chicago "I Will" spirit again won out.

Williams Bay wishes to cooperate with Chicago in making it a success and will attend as often as possible.

WILLIAMS BAY PICNIC

Last year under the auspices of the Men's Community Club all Williams Bay forgot business and worry and gathered on Vision Hill above College Camp for a grand time of games, races, pageant and address. So much fun and good fellowship was enjoyed by everyone that it was voted to make it an annual affair.

Next Monday, June 5th, is the day. It is the wish of the Community Club that this year everyone join in the Celebration. By planning ahead of time you can arrange your schedule so as to be there. If the weather should not permit everything out of doors, College Camp will permit the use of part of the Buildings.

Success of the picnic depends upon you. Come on and be a booster.

Fortune smiled on Yerkes Observatory last Saturday night, so it was able to catch the ray of light that started off the illumination of "A Century of Progress".

About three hundred guests had been asked by the Observatory staff. Among them was a group of seventy five from the University of Chicago. There were quite a number from the Village. Among those from nearby communities were, Frank Lawson, Editor McCay of the Walworth Times, Mr. and Mrs. A. K. Vincent of Walworth; Mayor Wood. Mr. Parsons, Ed Stafford of Delavan; Mayor Ridgeway, A. L. Godfrey, Chas. Lyon, Mr. Eames of Elkhorn; Chas. French, F.J. Tyrrel, Ed. Dunn and Mr. Taggart of Lake Geneva; nearly all papers in the vicinity were represented by someone of their staff; Bob Coe and Mr. Bloodgood of Whitewater were recognized in the crowd.

A radio was kept dialed on the Century of Progress end of the ceremony, so all listened to President Dawes of the Fair, Dr. E. B. Frost and Dr. L. H. Fox. Dr. Fox asked Harvard if it was ready and got a report that it was cloudy; then came Allegany which reported a clear sky; Illinois also had a cloudless sky; and fortunately the clouds rolled away just in time for Yerkes to complete the circuit.

Thus the greatest World's Fair was lighted up by a scientific marvel of Astronomy. All of which is in keeping with the underlying purpose of the Century of Progress, namely, showing the development of Processes in the last one hundred years.

CEDAR POINT PARK

The editor of the Bay Leaves took a stroll over at Cedar Point Park Memorial Day and found some body at nearly every home. Space will not permit mention of all who were there. Among those who were interviewed were the following:

Mr. and Mrs. W.J. Pine and daughter Mrs. John a. Morley and baby Morley. They are out for the season. Mr. Morley comes out week ends.

J.A. Olson and family were at there home on Walnut Grove. They have rented their home to Raymond Travis and family who will occupy it June 1st.

F.A. Thulin and guests were out to their home. He has a very attractive home surrounded by a stone fence.

C.P. Jasper and family were out over Memorial Day.

J.M. Slager and family were also Memorial Day visitors.

Mr. and Mrs. John Weber had as their guests Mr. and Mrs. August Wendt and Miss Marie Neher.

Mr. and Mrs. O.G. Yates had friends at their cottage on Oak Grove.

Mrs. O. Froberg had guests from Chicago.

N.W. Burris and family from Glen Ellyn had guests at their cottage.

Mr. and Mrs. Thos. Mitchell had as week end visitors her daughter and husband Mr. and Mrs. Livingstone.

R. Hammerschmidt and family and their neighbors, the F.C. Reimers were at their Lake Shore homes, as were also Dr. Pfister and family.

The new home of Otto Stoffregen is being plastered this week. It is a real mansion and adds very much to the Cedar Point colony.

Mr. and Mrs. Ed. Burkhill were at their home for several days.

French Class Have Party

The French Class held a Supper Party Monday Evening at the Chas. Lyon Cottage in Rockford Camp in honor of Miss Van Biesbroeck the teacher, who was presented with a gift. Out-of-town members of the class are Mrs. Alder, Mrs. Chas. Lyon and Miss Jean Adkins from Elkhorn. Besides Miss Van Biesbroeck, other guests of the evening included Mr. & Mrs. G. Van Biesbroeck, Mrs. Paul Rudnick, Mr. Alder and Mr. Lyon.

T. E. S. Club Picnic

The Tuesday Evening Study Club closed this year's meetings with a Picnic at College Camp, Wednesday evening. In addition to the twenty three members, about thirty guests were invited.

SCHOOL NOTES

"The Irresistible Marmaduke", the Senior Class Play was a great success and well attended. Each player should be given his due credit as they were all very good. The cast was composed of: Arnold Van Epps, Margareta Bertelsson, Micheline Van Biesbroeck, Herbert Johnson, Betty Singer, Cleatis Grimm, Margaret Krebs, Marion Krause, Anna Jirek, Hugh Stenstrom, and John Ladd.

Florence Southwick assisted with the Properties; and Miss Ruth Bergeman, the English Teacher, directed the play.

Numbers between acts were furnished as follows: Gymnastic Dancing by Francis Ambrose and Francis Herman; Accordion selections by Agnes Soplanda; and German songs by Ude Immege and his guitar.

As was announced in detail last week, the Junior-Senior Banquet was held last Thursday night at Ferndale Inn. There were thirty four in attendance. The Pirate affect was carried throughout, even the waitresses being garbed as pirates.

Thirty seven Alumni and their friends attended the Alumni Banquet at Rose Lane Saturday night. Robert Cook was re-elected as President for another year. The other officers elected were Cleatis Grimm, Vice President and Ray Hansen, Secretary and Treasurer. Micheline Van Biesbroeck, accompanied by Miss Van Biesbroeck, delighted those present with violin selections. Robert Ebbesen, now of Lake Geneva, was the Toast Master; and a short and very interesting talk was given by Roy Tulane.

Dancing, with music furnished by a three-piece orchestra from Lake Geneva, was enjoyed by all.

All members who were present are going to work for a larger attendance for next year.

Mr. and Mrs. J. S. Hotton made a motor trip to Washington D. C. recently on business. While there he called on Congressman Blanchard and Senator Buffv, both of whom were very gracious and glad to have some one from our Village call. Mr. and Mrs. Hotton also went to Mt. Vernon.

F. M. Van Epps accompanied Col. Atkins to Wheaton last Sunday to a reunion of the First Division A.E.F. which was held on Col. Mc Cormick's farm. About 200 buddies were there as guests of Col. Mc Cormick. They were treated to a fine dinner with barbecued beef and pork, with all the trimmings and pie. All lined up in army style under the trees. This was the division with which Col. Atkins served throughout the war as a chaplain. That he was well thought of by the boys as well as by the officers including General Parker who was there, was evidenced by the hearty greetings.

It was a very orderly bunch of men who thoroughly enjoyed meeting old buddies.

Col. McCormick of Chicago Tribune has a thousand acre farm, so there was plenty of room.
