## SECOND MILITARY HOP

AT THE ARMORY NEXT SATURDAY EVENING.

Rules to be Enforced in Regard to Uniforms—Will be a Big Society Event.

On Friday evening the second military hop of the year will take place. Judging from the success of the first affair this hop will be the most successful ever held. The excellent condition of the floor, which was so well prepared for the Prom. by Professor Kehl, will add very much to the pleasure of the dancers.

The military band, which will furnish music, is now in excellent practice and is prepared to out-do itself on this occasion. Professor Nitschke stated today that the program will not be announced until the evening of the hop. It will consist, however, of fifteen dances and four extras, as before and will be fully up to its usual standard. Dancing will commence promptly at eight o'clock. This is necessary in order that the program may be completed by eleven o'clock, the time set for closing. It is requested that no programs be made out until the evening of the dance.

Strict regulations will be observed regarding uniforms. All members of the University will be obliged to appear in military suits. At the last hop several men were observed who were not dressed in the regulation uniforms. On this occasion students who do not wear uniforms will not be admitted.

It has been decided, however, that all alumni may be admitted without uniforms, provided they have a degree even if they are taking post-graduate work.

The regular admission will be charged, fifty cents per couple and one dollar for "stags." The gallery will be open to spectators, a fee of ten cents being charged.

Reception by the Faculty of the College of Engineering.

The faculty of the College of Engineering hereby extend an invitation to the faculties and students of the other departments of the University and to the citizens of Madison, to visit the new Engineering Building and also the shops, on the evening of Wednesday, February 27th, from eight to ten o'clock. The new building will be opened and all the laboratories and shops will be in operation. The Acting-President and the Dean of the college will receive on the first floor and the professors of this college and their wives will receive in their several offices. Students will be in attendance to escort all visitors over the building and through the laboratories and shops. Not the least interesting feature of the evening will be an inspection of some new methods of electric lighting by which the sources of light are outside the range of vision, giving the effect of diffused daylight.

No refreshments will be served.  
J. B. Johnson,  
Dean College of Mechanics and Engineering.

—W. B. Ford, '98, left for Chicago today after a short visit at the Kappa Sigma house. Mr. Ford is now attending Rush Medical College.

## PETROLEUM.

Interesting Lecture by Prof. C. F. Maybery Yesterday.

Professor Chas. F. Maybery of Cleveland, O., delivered an exceedingly interesting and instructive lecture on "Petroleum" yesterday in the Engineering Lecture room. The chemist clearly discussed the product in its variable composition, the methods of obtaining it and the means of introducing the oil into the markets. An historical inquiry by the speaker revealed many facts of peculiar interest.

Petroleum is one of the most interesting of the products of nature, but the results of our knowledge of petroleum has been acquired within the last forty-five years. The first attempt to obtain the product in the United States was in Pennsylvania, where it caused an enormous amount of speculation; so much indeed, was the product exploited that it caused an overflooded market.

Mr. Maybery dwelt with some attention on the occurrence of petroleum, and the diversified geological formation of the product in different localities.

The Pennsylvania oil is a light colored oil and occurs in oil sands and sand stones at different depths. The Standard Oil company has acquired complete control over these fields. The Russian fields have been known from the earliest times, but have not been exploited on a commercial scale until very recently. The speaker at this point discussed the composition of this foreign oil in comparison with the Pennsylvania petroleum. Until '98 the U. S. took the lead in the oil production, putting on the market in that year 50,000,000 barrels, but our competitor Russia in 1899 produced over 69 million barrels. The California fields which are being rapidly developed, will undoubtedly be a means of placing the United States again in the lead.

The Ohio, Texas, California and Canada fields were thoroughly and consistently discussed. Among the foreign countries supplying the world with this oil, Japan, Galesia and Roumania received careful consideration. The commercial relation of the Standard Oil company to these sources of supplies was discussed.

Professor Maybery closed his lecture with an observation of the methods of testing the crude oils to obtain the commercial products; of the grades and uses of distillates and of the series composing them.

The screen was used in representing the research work in the manufacture of the oil and the porous limestone where the storage of the oil occurs.

## The Freshman Dec.

The eleven successful contestants in the Freshman Preliminary were called together last evening by Mr. Walton Pyre, and plans were made, so that the Freshman Declamation Contest is now well under way. A committee was chosen consisting of Messrs. Ludlow (Chairman), Arnold, and Lyman to see that everything connected with the event is well arranged. Announcement will be made in a few days as to the exact date of the contest, and it is thought that this year it will be a most successful one.

## Contemporary Club.

The Contemporary Club will meet tonight at 8 o'clock in the parlors of the Unitarian church. Subject: "Madison and an Art Collection," to be discussed by Mrs. S. L. Sheldon, Professor Jastrow, and Professor Bull.

## HARESFOOT TRIP

WILL PLAY "COLONIAL GIRL" AT LA CROSSE AND WINONA.

Friday and Saturday Evenings of this Week—Flattering Offers From Other Cities of the State.

On Friday morning the Haresfoot players leave on a trip for La Crosse and Winona where they will present their recent production, "A Colonial Girl," which has already met with so much success in Madison, Oshkosh, Fond du Lac, Green Bay, and Appleton. The players will arrive in La Crosse at noon, and will be tendered a reception by alumni and friends in the afternoon. In the evening it is expected that the Alumni Association will attend the play in a body, and it is also thought that the local society of "Daughters of the American Revolution" which is very strong in La Crosse will turn out en masse. Everything points to a most successful evening and both alumni and citizens are unanimous in opinion that the "Haresfooters" will be greeted by a full house.

On Saturday morning the troupe will leave for Winona where the outlook is equally favorable. The company expects to return to Madison on Sunday afternoon.

Manager Snow has arranged for the billing of both towns with the regular Frohman lithographed bills, and the advance agent left for La Crosse yesterday. As "A Colonial Girl" has been given in both cities by The Frohman Company, with Mr. Howard Gould in the leading role, an opportunity will be afforded for them to compare a production by one of the leading professional companies of the stage, with that of unquestionably one of the leading amateur companies at the present time.

It seems that the recent work of the Haresfoot Club has stirred up no little interest in University dramatics throughout the state. Urgent invitations have been given the players to come to Wausau, Eau Claire, Sparta, West Superior and Minneapolis, some of which have been accompanied by agreements offering a cash guarantee. This trip, however, will probably be the end of the Haresfoot public performances for this season, but the troupe has already succeeded in placing a very high mark for all future stage aspirants for the Haresfoot Club.

## THE INDOOR MEET.

All Events Will be Close and Interesting.

The men are rapidly rounding into form for the indoor meet next Saturday evening. The candidates for the various relay teams are being tried and the teams will soon be selected. Good fields are promised in every event and from the results in some of the events in the last meet, the rivalry will be keen and the competition close. In the two mile event McEachron, Smith and Bredsteen will fight it out while in the half McGillis will give Hahn a hard tussle. McFarland has started work for the mile and will give Hahn one of the hardest races of the meet. Poage and Hayden will give each other the race of their lives in the quarter mile as the rivalry between them is keen. As all track events are handicap races none of these men will have a "Cinch"

on any event and there is a great probability of a majority of the races being captured by "dark horses."

Reports from Milwaukee indicate that the South Side High has a remarkably fast team and will give their Madison opponents a close chase. The two schools are traditional rivals and any meeting of their representative are close and exciting. The South Side defeated Madison at football last fall and the Capital City boys will on Saturday night do their best to wipe out this defeat.

The contests between the Laws and Engineers are arranged and will be fought to a finish. The tug of war is an innovation and will be the first ever held at an indoor meet at Wisconsin.

Besides these there will be some gymnastic features presented by Dr. Elsom's proteges. The University band will be present as usual.

## ATHLETIC ASS'N MEETING.

For Election of President and Board of Directors Saturday.

The election of a president and board of directors of the Athletic Association is exciting considerable interest in University circles. The board of directors includes ten student members, and the selection of these men ought to be made solely on their merits as students, and on their ability to fill the position. The policy of the Association is largely in the hands of the men elected for a year to come, and the necessity of having the best men serve is obvious to all right minded students.

The candidates for election to the position of presidency seem to be limited at present to two men, E. B. Cochems and Albert F. Larson. Both are men who have taken an interest in Wisconsin athletics, and partisans of both have good reasons to urge why their candidate should be thus honored by the students. Up to the present time there does not seem to be any slates in the field, and it is to be hoped this election may go off without a factional fight. When factions enter University politics, the best interests of athletics are left in the background and positions are fought for on a purely selfish and personal basis. It is this element of political strife that should be kept out of University circles and the election Saturday promises to be one of the cleanest ever held.

## Senior Laws Elect.

At a meeting of the Senior Law class held Monday, the following officers were elected:

President, Joseph E. Davies; vice-pres., Victor O. Minnahan; secretary, S. A. Stellwagen; treasurer, Wm. P. Boynton; sergeant-at-arms J. W. Hicks.

—Messrs. Otto and Isaac Dahle, sons of Congressman Dahle, and their sister Miss Clara, all of whom are students at the University will leave for Washington, D. C., Saturday to attend the inauguration ceremonies.

—Messrs. W. D. Stiles of Lake Mills and L. B. Stiles, superintendent of schools of Milwaukee county, were in town yesterday. The latter was one of the University class of '96 and is interested in the educational measures before the legislature.

Rev. Thomas Van Scoy, president of the Montana Wesleyan University and one of the best known educators of the Northwest, died last week of pneumonia.

### To Elect Officers.

The athletic meeting scheduled for next Saturday is extremely important in many respects. It is the annual meeting for the election of officers and directors and a full and complete attendance is desired in order that a fully representative set of officials may be elected. The hour has purposely been fixed so that no conflict will keep anyone away. Every male member of the student-body is a member of the Athletic Association and has a voice in the direction of its affairs. The way to manifest his wishes is to turn out to the meetings of the Association and show his interest by voting. Every student wants to be assured that the policies so consistently pursued by Wisconsin will be maintained in the future. The way to accomplish this is to help select capable officers and directors.

### More Room Needed.

The attendance at the lecture on "Petroleum" yesterday afternoon should express the sentiment of the students as strongly appreciating the lectures given by such men as Professor Chas. F. Maybery. It should be noted however that the lecture room was overcrowded and similar lectures might be given in larger rooms.

There has been some talk among students lately to the effect that there were not as many lectures by outside men as there were last year and that more such lectures would be appreciated. Last year several series of lectures were given by men from Cornell, Yale, the University of the South and the neighboring universities of the West on subjects of interest to the body of the students.

These lectures were well attended and created a desire among the undergraduates for more talks along the same line as those delivered last winter. At small expense some such lectures might be arranged for this semester and they would certainly be appreciated by the students.

ester and they would certainly be appreciated by the students.

"The star attractions of the 'steenth indoor track meet will be a six-day shouting match between the senior and middle laws and a spike-driving contest, entries limited to members of the engineering faculty."

—Cardinal 191—

Three columns on the front page of the Indiana Student are filled with track meet entries. We know its a poor time of the year, Student, but lecture notes aren't such bad stuff in a pinch.

### The Weather.

Fair to-night. Thursday continued cold.

## Local and Personal.

—Geo. Ripley, '03, is ill at the Phi Psi house.

—Llewellyn Owen, '97, is visiting at the D. U. house.

—Mr. Philip L. Spooner went to Milwaukee yesterday.

—A son was born to Prof. and Mrs. L. A. Kahlenberg Tuesday.

—Washburn Observatory will be open to visitors this evening.

—Miss Cordelia Newton, ex-'03, is visiting at the Pi Beta Phi house.

—Mr. Burke Holbrook of Springfield, Mo., has entered the freshman class.

—Mr. N. C. Foster of Fairchild, is visiting the College of Agriculture today.

—Word was received from Pennsylvania last week that they cannot debate us this year.

—Mr. F. E. McGowan of Milwaukee, of the class of '90, was a Madison visitor yesterday.

—Miss Edith Brown and Miss Elizabeth Simmons of Kenosha have been guests at the Kappa house.

—C. D. Barnes, '01, is ill with the grip at his home in Kenosha and has not been able to enter this semester.

—G. A. Mowry and E. B. Cochems are in Chicago in the interest of a series of lectures they are to give this spring.

—Mr. Gelman, a graduate of Paris University, has entered the College of Agriculture to take special work in dairying.

## "In The Blues"

is a common saying of a person who exhibits low spirits, nerveless action and a failure to enjoy even the most cheery surroundings. Nine times out of ten this condition is accounted for by poor digestion, which affects the mind and nervous system, besides enfeebling the body.

**Pabst Malt Extract**  
The Best Tonic

is a complete remedy for the 'blues' and a promoter of good health and good cheer, being a pure, nourishing, concentrated food of easy digestion and soothing action.

I prescribe your "Best" Tonic in all cases where a pure and reliable malt extract is indicated. It has given me the best satisfaction. DR. W. R. PAYNE, Covington, Va.

## University of Wisconsin. Official Notices.

### Applied Chemistry.

The class in Applied Chemistry will meet in the Chemical lecture room on Monday, Feb. 25th, at 3 p. m.  
W. W. Daniells.

### Greek Life.

The lecture on Greek Life will be given tomorrow afternoon at 4 in room 64, Main Hall.  
C. F. Smith.

### Washburn Observatory.

The Observatory will be open to visitors this, Wednesday evening if the sky is clear. Early in the evening the telescope will be directed toward one or more fixed stars. From 8:30 to 9:30 it will be pointed at Mars.  
Geo. C. Comstock.

### Class in Theory of Light.

I shall not meet the class to-morrow (Thur).  
R. W. Wood.

### Contemporary Politics.

The subject for the lecture on Contemporary Politics, by Prof. Reinsch, will be China. The lecture will be given on Thursday at 5 in the Senior Law lecture room.

### Seniors.

Thesis students will meet in Seminary room 122 Historical Library from 5 to 6 on Thursdays.  
Dr. Sparling.

### Military Notice.

Headquarters U. W. Regiment,  
Office of the Commandant,  
February 19, 1901.  
(Orders, No. 22.)

Hereafter all unexcused absences incurred by sickness or other cause are to be made up. For this purpose a special drill hour under charge of an officer is established on Thursday of each week at 4 p. m. Students are urged to make up absences as soon as possible after their occurrence. Football men who have to make up absences for last semester will report at these special drill hours, until their absences have been worked off. Conditions of last semester should also be worked off at these hours.

By order of the Commandant,  
Gustav A. Fritsche,  
Major and Adjutant.

### ENGINEERING LECTURE COURSE.

Lecture Upon Professor Rankine, by Professor Maurer, Friday, February 22, 3 P. M.

The next lecture in the Engineering Lecture course will be given in the auditorium of the College of Engineering on Friday, February 22, at 3 p. m., by Professor E. R. Maurer, on Professor William John Macquorn Rankine.

Professor Rankine was a great teacher, writer, and scientist. He was the author of a series of texts which inaugurated a new era in engineering education; he was one of the founders of the science of thermodynamics and has increased the knowledge of the "resistance of ships" more than anyone else, with possibly one exception.

All are invited.

J. B. Johnson,  
Dean College of Engineering.

### Communicable Diseases.

The second lecture in the course on Communicable Diseases will be given Wednesday at 5 p. m., in the lower lecture room at South Hall. The subject will be the Form and Structure of Bacteria. At this time the permanent hour for giving the lectures will be decided upon. Visitors are always welcome.

W. D. Frost.

### Y. W. C. A.

At the last devotional meeting of the Y. W. C. A., a vote was carried to change the day of meeting from Thursdays at 5 p. m. to Fridays at 5 p. m.

It has been decided to have no devotional meeting this week, but the attention of all University women is called to the Vesper Service next Sunday, 5 p. m., Chadbourne Hall. This will be in charge of Mrs. Hudson Taylor of London and Miss Mihan.

### Graduate Club.

The February meeting of the Graduate Club will be at the home of Miss Anna Griffiths, 424 N. Pinckney St., on Friday evening, February 22. Mr. Showerman will speak on "Classical Studies at Rome." All graduate students and their friends are invited to be present.

A. A. Young, Sec'y.

### Vesper Service.

Mrs. Stalker will speak to the University girls next Thursday, Feb. 21, at five o'clock in the music lecture room at Chadbourne Hall.

Subject: Exclusiveness in Friendship.

### Athletic Association.

The annual meeting of the Athletic Association will be held next Saturday afternoon at 2:30 p. m. in Library Hall. Officers and directors will be elected.

A. A. Chamberlain, Pres.

J. M. Clifford, real estate broker.

## M. J. Gay

Merchant Tailor.

Finest Line of Dress Suitings in the city. Prices, silk lined, from \$45 to \$60.

302 State Street.

## RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837.

The academic year of Rush Medical College is divided into four quarters, corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each Quarter and the beginning of the next following.

The general course of instruction requires four years of study in residence with a minimum attendance upon three Quarters of each year. A student may begin his college work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three consecutive Quarters. At least 45 months must elapse between the date of a first matriculation and the date of graduation. For further information, address

RUSH MEDICAL COLLEGE, Chicago, Illinois.

Yours for service,

Both Phones 85.

KENTZLER BROS.

At this time of year there is one thing that most people forget all about; that is their bicycle, it ought to be cleaned, overhauled and possibly enameled and parts nickel plated, a coaster hub brake would be a nice thing to have on it. This is the time to have these things attended to, so as 'twill be ready when the season opens. We do this work right. Wm. J. Park Co., 113 State Street, Phone 460.

### American Beauties.
