FRESHMENVICTORIOUS

DEFEAT SOPHOMORES IN ONE-SIDED CONTEST.

Final Score 20 to 4—Sophomores Improve in Second Half—Great Enthusiasm.

By a score of 20 to 4 the freshman girls defeated the sophomores at basketball in the women's gymnasium in Chadbourne Hall this afternoon. At the end of the first half the score stood 14 to 0 in favor of the freshmen.

In the second half the sophomore players picked up wonderfully, threw four free goods and held their opponents to six additional points.

Miss Cooper made 10 points for the freshmen, Miss Baker made four and Miss Streeter scored 6.

All the sophomore points were made on free throws by Miss Martin.

The game proved to be a most exciting event. The women's gymnasium was profuse with the yellow and white of the sophomores and the blue and white of the freshmen.

The sophomore rooting section was located in the south end of the gallery. Yellow and white bunting covered the railing and the class numerals, 1903, in yellow were placed on each end of the basket board.

The freshman rooters occupied the north end where the decorations were in blue and white. The baskets were draped in a compromise color, yellow, blue, and white. This was the only compromise of the afternoon.

The freshman players were distinguished by white sashes and the sophomores were girdled with sashes of yellow.

Throughout the game the utmost enthusiasm prevailed. Long before the official's whistle announced the beginning of play the "U! Rah!! Rah!! 1903!!" rang out in great volumes from the sophomore camp in the south end of the gallery and was answered by the defiant "Blood and Gore!!" yell from the freshman stronghold in the north end.

A great number of flags and pennants were vigorously waved by the partisan spectators. Every good pass or successful stop by any of the players was the signal for great cheers from admiring onlookers.

The sophomore team was captained by Agnes Martin while Miss Streeter acted as general of the freshman forces. For the sophomores, Miss Storms and Miss Hatch played the guard positions, Miss Craig played center rush and Miss Davison and Captain Martin were guards.

Captain Streeter and Florence Baker were the freshman forwards, Elva Cooper played center and Misses Moore and Pyre played guards.

William Burdick performed the office of referee while Paul Stover and Claude Beebe acted as umpires. Miss Simonds kept the score for the freshmen while Miss Hectoen kept tab for the sophomores. Misses Donnelly and Sherman kept track of the time. Two 15 minutes halves were played.

Warren Bishop had coached the freshman team and the sophomore players had been instructed by Messrs. Hamilton and Stillman.

—Victor Marquissee, '04, attended the gold medal forensic contests of the Janesville High School last night. Mr. Marquissee won the gold medal for extemporaneous speaking in the contests last year.

COCHEMS RESIGNS.

Bemis Pierce Now Captain of Baseball Team.

Just before the game this afternoon Bemis Pierce was elected captain of the Varsity baseball team to succeed E. B. Cochems who was forced to resign on account of his lecture engagements.

Varsity Wins Rubber.

The Varsity took the rubber from the all-stars in the series of games yesterday afternoon by a score of 13 to 12. Riordan, Berigan and Saunders were the battery for the has-beens and Pierce and Richardson officiated for the Varsity. The all-stars bunched their runs in the eighth, while the Varsity tossers did their more deadly work near the beginning of the game.

The score by innings:
1 2 3 4 5 6 7 8 9—
Varsity 3 0 4 1 0 4 0 1 0—13
All-stars 3 2 0 0 0 1 1 5 0—12

WILL HOLD DRAMATIC CONTEST.

Prof. Frankenburger Arranging for Annual Histrionic Event.

It has been decided to hold a dramatic contest this year. Professor Frankenburger has five plays under consideration and three will be chosen from these to be used in the contest. The casts for the plays will be picked in a few days and rehearsals will then begin at once. The date of the contest has not been decided upon but it will be early in June. The contest will probably be held in the opera house as in former years, and will of course be a social event.

Two dramatic contests have been held at the University. The first contest was held three years ago, and was then considered a novel undertaking, which however proved very successful. The contest was won by a cast presenting a part from Othello, in which Walton Pyre, '99, had the leading role.

The next year no contest was held, but last year the event was revived with great success. The winning play was a farce entitled "Monsieur." The cast was composed of Messrs. Edward Jenner, Joseph Davies, and Clifford Ireland, and Misses Anne Scribner, Leora Moore, and Henrietta Pyre. Second place was won by the "Obstinate Family" cast, consisting of Misses Jessica Davis, Livia Siler and Grace Hecht and Messrs. D. J. Williams, Lynn Williams and R. E. Knoff. The "Mr. X." cast took third place.

Cash prizes have been awarded in the former contests. Last year the winning cast received fifty dollars and the second cast received thirty-five dollars. This year it is intended to offer three prizes, one for each of the casts taking part.

Reception to all Students.

The Young Men's and Young Women's Christian Association will unite in entertaining the students this evening in the Y. M. C. A. rooms on Langdon street. Every effort is being made to make it a very pleasant affair. All students of the University are very cordially invited.

—The literary societies at their meetings last night voted to accept the invitation of the circus management to make side show exhibitions. Committees were appointed to make necessary arrangements.

—The keeping of the Frankenburg banner which Athenae won again this year was rather an incentive to their enthusiasm last night.

AGRICULTURAL TESTS

VALUABLE EXPERIMENTS BEING MADE AT THE FARM.

Plants and Seeds Distributed to the Farmers—New Discoveries in Agriculture.

The instructors of the Agricultural College are now busily engaged in the experimental work on the farm. The coming season will be occupied with tests continued from last year, besides the numerous new tests presently to be started. One of the interesting phases of the experimental tests is the experiments with grain and forage crops. This part of the experimental work is of great service to the farmers as this station distributes new and improved varieties of seeds and plants. This Agricultural College was the means of distributing throughout the northwest a grain known as the Manchuria barley which has alone been worth millions of dollars to the farmers. There are numerous instances like this which have resulted from the good work of the Wisconsin experimental station.

In this experimental work on grains the object of course is to secure varieties of grain that are hardy and productive, and by careful selection and culture to improve upon these qualities until such varieties are found which will produce the best results.

One unique feature of this experimentation is that students formerly in the agricultural course who are interested in this kind of work are carrying on experiments in different localities of the state and the results are recorded here so as to make valuable comparisons possible.

The field in which this work is carried on at this station is a plot of about five acres and is light clay loam. The seed is sown broadcast on rectangular plots, varying from one square rod to one eighth of an acre.

Some of the new experiments to be carried out this summer will be a variety of tests on oats, barley, peas, clover, soy beans, millet and alfalfa.

The soy bean experiment will be to test the value of the early varieties as a soiling and seed producing crop on the lignite soils of Wisconsin. With millet and alfalfa the experiments will be to test their value as a forage and seed producing crop.

An extensive amount of experimenting will be done with the oat smut this year. Different treatments to prevent smut will be tried to gain some better solution if possible of this great waste in the oat crop. The damage done by this one pest in 1898, in our state amounted to about \$775,000.

The experimental work which is carried on at this station is of priceless value to the state at large and appropriations made by the legislature to aid this work cannot help but be beneficial.

Hesperia Meets in New Hall.

Last night Hesperians held a meeting for the first time since the hall has been refitted, and congratulated one another on the improvements that have been brought about there during the past month. The Board of Regents had the walls calcimined and the woodwork repainted. Then mainly through the efforts of Mr. Schoensigel about \$100 was contributed by the

alumni and expended in renewing the furnishings of the room. As a result there are new curtains at the windows, rugs on the floors, a fine clock on the wall, and a blackboard. The old chairs have been repaired and new ones purchased where needed. Mantel lights have been placed on the gas fixtures which add much to the brightness of the room. In fact everything has been made as good as new.

The society also inaugurated a post-office system on a plan similar to the one adopted by the faculty recently. The boxes will be placed in the rotunda of Main Hall.

The society voted to extend to Mr. Schoensigel a rising vote of thanks for his efforts. A committee was also appointed to thank the Board of Regents for the much-needed repairs.

Officers were elected as follows: president, H. G. Mickelson; vice-president, W. H. Parker; secretary, W. C. Wehe; censor, W. A. Cunneen; assistant censor, E. J. B. Schubring.

Miss Mayhew's Address to Women's Christian Association.

Miss Mayhew spoke to the girls in the Lecture room at Chadbourne Hall yesterday afternoon about "Easter After-Thoughts." Misses Hughes and Foote sang a duet, and Miss Mayhew began her talk by reading the words of Christ to Mary Magdalene in the garden. Her theme was the necessity for active Christian work in the University and its greater effectiveness when it is organized. The Christian Association is the only channel in the University for organized Christian work and as such every Christian girl should ally herself with it. This is something definite to keep one in the way she has followed in her home. It is easy to think that one can accomplish just as much good outside, and yet one finds an inspiration for work in the close contact with others who have these same interests. The influence of the association is felt throughout the University and if every Christian girl would add her influence to it, what a power it would become! This is the ideal toward which we look.

Several new members were added to the association.

Track and Crew Work.

The track men are hard at work at Camp Randall. The recent mild weather has brought out many new candidates and competition in each event is keen. Burdick and Stevens, of the old men, are working hard at the half and there are several promising runners among the new men. Chapman is out for the quarter run and Beebe will start to train soon. Among the sprinters the numbers are increasing steadily. Captain McGowan being among those who have commenced work recently. Next Wednesday or Thursday trials will be held to determine who will comprise the team of ten men for the Beloit meet next Saturday.

The freshman and Varsity crews are doing regular work in shells on Mendota. The Varsity work is extremely light, the ordinary daily work being about two or three mile pull. The freshmen are worked a bit harder every day at a spanking dip. The coaching launch, John Day, will be in the water the last of next week.

—Philomathia's Semi-Public will not take place for a month yet. The question, "Is the use of the union label advantageous to the wage earning classes as a whole," has not been debated here before and requires a great deal of original research work.

Nature Exonerated.

At this time of the year a custom established whence the memory of man runneth not back to the contrary compels the Cardinal to philosophise on the beauties of the campus, and the causes and effects thereof. Every year paths appear, running across the sward this way and that. These are looked upon by some as abnormalities, by others as conveniences. The presence of these paths gives the campus a usable, sociable appearance as if we used the campus for ourselves. The absence of them gives it a spick and span appearance and impresses outsiders with our extreme aesthetic sensibility. Both of which are very pleasant and satisfactory. People who admire nature and love humanity are divided into two classes—those who prefer them separate and those who like them mixed. To keep them apart requires numerous scathing and impolite remarks, editorial and otherwise, as well as many unurban wire fences. To allow them to mix requires a little toleration of people's comfort, and the belief that nature can put up a pretty good show anyway. The Cardinal's position on the subject is that nobody should get unduly excited.

If the person who sent a communication to the Cardinal will give his name to the editor of the Cardinal the Cardinal will be pleased to publish his communication. The rule is to publish only signed communications, the name of course not appearing unless so desired.

E. Sumner & Son,
502 State St.

High School Department.

Racine.

At a recent meeting of the senior class eight speakers to represent them in the public commencement exercises were chosen. Lorrain Haas and Marion Haylett, whose averages were 95.11 and 95.03 were awarded the honors.

March 24th in the assembly room the second preliminary oratorical contest took place. There were nine contestants. Darrell Hibbard, giving extracts from Emmet's address, won first place; Curtis Washburn who gave The Death-bed of Benedict Arnold, received second and Grace Spence won third. Friday evening, March 29 the three above mentioned went to Kenosha, accompanied by a large delegation, and contested against three speakers from Burlington and three from Kenosha. Mr. Hibbard received first place and will represent Racine at the Milwaukee district contest.

The junior class will soon begin to prepare for the annual reception.

The debating team, composed of Messrs. Harper, Mrkricka, and Janicky, which is to compete with Waukesha the latter part of this month, is hard at work preparing for that event.

On March 22 the athletic association held a meeting for the purpose of considering athletics for the coming season. It was decided to do away with a base ball team and devote more time to other branches. The idea of a track team was especially emphasized and a captain and manager were elected. The team is now in training.

Superior.

The class in sewing in the Nelson Dewey High School has made great progress since its formation last September. The first semester of the school term was spent in learning the stitches required in plain sewing, as over-casting, running-stitch, back-stitch, and basting. The students expect to learn darning, hemstitching, and to apply the plain stitches learned on some garment. Later on cutting and fitting will be taught. Almost all the girls in the High School belong to the Sewing class.

When the new High School is built, it will contain a room devoted to the Culinary Art. Great results are expected. The girls will learn to economize, plan, and cook. The products of the Cooking Class are to be sold, thus making the material pay for itself.

The Cardinal, true to its title, hinges our little, but very ambitious student-body to that of the great and growing University of Wisconsin. It stimulates us to greater efforts in scholastic lines, by keeping constantly before us the goal of every High School student's ambition.

Prof. Kehl's dancing class meets every Tuesday evening. Private lessons to suit pupils. Finest dancing floor in the city. Hall to let to private parties. Fine bowling alleys in connection.

Where are you going my pretty maid? I am going to buy one of those new shirt waists at the New Racket, sir, she said.

University of Wisconsin. Official Notices.

Military Notice.

Headquarters U. W. Regiment,
Office of the Commandant,
[Orders, No. 28.]

On Tuesday, April 16, 1901, the University Regiment will assemble at 1:45 p. m. at the Armory for escort duty, and the usual drill will be omitted. This duty is connected with the removal of the colors borne by Wisconsin regiments in the late Civil war from their present place of deposit in the Historical Library room to the State Capitol.

Attendance on escort duty will be taken as an equivalent for drill. Members of the regiment will by order of the Acting President of the University, be excused from recitation and other university work not military on the afternoon referred to.

Should the day set for the above named exercise prove rainy or stormy they will be postponed to a future date, which will be duly announced in orders, and the members of the regiment will attend to their customary university work including the drill at 5 p. m.

By order of the Commandant,
Gustave A. Fritzsche,
Major and Adjutant.

Students' Bulletin.

Vesper Services.

Miss Merle Pickford will lead the vesper service in the music room of Chadbourne Hall to-morrow at 5 p. m. Especially good music has been provided.

Athletic Board Meeting.

There will be a meeting of the Board of Directors of the Athletic Association at the gymnasium at 7:15 Monday evening.

A. F. Larson.

Girls' Tennis Club.

The Girls' Tennis Club meets Tuesday, April 16, at 5 in the Music room of Chadbourne Hall. All women of the University are earnestly requested to be present. Election of officers for ensuing year.

Seniors Attention!

In order to determine how many programs to order for commencement week and to get an expression of opinion regarding a class memorial the Committee on Arrangements requests that each senior cut out the coupon printed below, fill it out, deposit same in one of the Cardinal boxes in any of the University buildings. The answer to the first question will constitute an order for the number designated, and the signer will be held responsible for the payment of the programs ordered. The expense per program will be from ten to fifteen cents, depending upon the price it is decided to pay the printers for the same.

By order of the committee,
F. C. McGowan,
Chairman.

sliding." At 7:30 p. m. on "The
Omniscience of God." Sunday school
at 12 m. Pilgrim Sunday school, 3 p.
m. Y. P. S. C. E., 6:30 p. m.**INTERSCHOLASTIC PLANS.**Preparations Being Made for the High
School Meet.Arrangements are well under way for
the annual interscholastic track and
field meet to take place at Camp Ran-
dall June first. Mr. C. H. Kilpatrick
has been selected by the Interscholas-
tic Association to take charge of the
meet this year. Professor Dudgeon,
City Superintendent of Schools, has
sent out circulars to all high schools
in the state and reports a very fa-
vorable outlook. The events will be
the same as last year except the walk
has been dropped from the track con-
tests. The track, bicycle, weight and
jumping events will be run simultane-
ously. The meet will be conducted in
accordance with the rules of the
Western Inter-collegiate Association.
In order to keep down the number of
entries each contestant must have
taken part in some athletic meet pre-
vious to the interscholastic. This
was found to be necessary from the
experience of last year, when some
schools entered men who were not
in training and who were unfit to
contest. The same cup is up this
year again, as it must be won three
times by one school in order to be-
come their permanent property. It
was won last year by the West Divi-
sion High School of Milwaukee. The
cup has already been won twice by
this school, once by the Milwaukee
East Division High, and once by the
Ishpeming, Mich., High School.There are at present eighty-two
regular members of the association.
At the annual meeting held in Decem-
ber the following board of control was
elected: R. B. Dudgeon, Madison,
chairman; C. C. Parlin, Wausau;
and Arthur Burch, Milwaukee. Last
year's meet resulted in leaving a
balance on hand with the treasurer
of \$115.04. The previous year left a
balance of only \$14.50. The receipts
were \$863.41 and the expenditures were
\$762.87 for last year. It is expected
that the membership of the associa-
tion will be increased this year. Short-
ly before June first Professor Dudgeon
will send out the entry blanks contain-
ing further information regarding the
meet.**Personal.**Will the young man who was walk-
ing down State street the other day
with a blue strip shirt, call at the
New Racket and get another for one
dollar.
