The Commissioners would respectfully ~~make the following~~ suggestions:

Large tracts of the Swamp and School Lands were offered at public sale at a time when speculation ran high, and when there was great competition among the purchasers. As a consequence many tracts were bid off at a high price and ten per cent. thereon with the first interest. But in many instances the purchasers have since neglected to pay the subsequent interest. The lands have therefore been forfeited, and when the amount of unpaid interest, penalty, taxes and advertising fees is added to the original appraisal, it makes the minimum price of the land far above its actual value, and swells it to such an amount that the State will be unable to dispose of the same, we would therefore suggest that a lower minimum be fixed or a re-appraisal of all such land be made. In many of the old counties there are small tracts of School and University Lands that have never been offered at public sale, so small that it is impossible for the Commissioners to visit the different counties for that purpose. The pre-emptors on said lands, and the people of the different counties in which they are located, are anxious that such lands should be offered for sale by the State, and we would therefore suggest that the Commissioners be authorized by law to sell said tracts at the Capitol of the State, as all such lands should be taxed and pay an annual revenue into the various funds. We would also suggest that in cases where lands have been mortgaged to the State, we have no means of ascertaining whether the mortgagors or their assigns pay the taxes on the same. We would therefore recommend that an act be passed requiring the delinquent taxes on all lands mortgaged to the State to be returned to the State Treasurer, and collected in the same manner and at the same time as delinquent taxes on School and Swamp lands are now required by law to be returned and collected, and that no tax deed on any lands mortgaged to the State shall be valid or binding.

We would also call attention to the fact that the law provides that all surplus moneys arising on the sale of mortgaged premises, be paid to the mortgagor his heirs and assigns. Such surplus money is frequently claimed by several different claimants, such as subsequent mortgagors, judgment creditors, &c., and some law should be passed to fully protect, not only the mortgagor to the State, but all subsequent creditors of the mortgagor.

D. W. JONES,

Secretary of State.

SAM'L D. HASTINGS,

State Treasurer.

GABRIEL BOUCK,

Attorney General.
