THE DEAF MUTES

LECTURE BY SUPT. SWILER OF
THE STATE SCHOOL.

THE LATEST METHODS OF DEAF
AND DUMB EDUCATION.

An Address to the Class in American
Charities.

John W. Swiler, superintendent of the Wisconsin school for the deaf at Delavan, read a paper yesterday afternoon on the Education of the Deaf before Dr. Ely's class in American charities. He said in part:

"While it is evidently a part of the divine plan that there shall be a diversity of gifts among men and that the endowment of nature, and the acquisitions of labor and study shall vary in kind and degree, even as members of the human family differ in appearance, it is also true that the infinite mind so arranged the different orders of society that they should be interdependent. The strong are to help the weak, and in so doing to grow stronger, more loving, more tender, more true to the best instincts of mankind, and the weak are to be fitted for higher social and civic functions, so that they may assist in building up and strengthening the weaker side of the social organization, known as the state. Modern society proposes to control, protect and educate all its members as a part of its duty. In so doing it secures a uniformly higher condition than any heretofore obtained. Education is carried on by the state for the deaf as for all other classes, not as a matter of favor, but as a matter of right and its success, in elevating to a higher social condition all classes of its citizens marks one of the most notable achievements of modern times."

Mr. Swiler thinks everyone should be profoundly grateful if he can speak and hear. "Do you realize how much of your education has come in at your ears," he continued, "as at an open door, almost without a conscious of your own? When inspired song exalts your thoughts or your own voices go out in sympathy and love to touch the most delicate sense of others surely you have felt that the voice had a power whose highest cultivation was worthy of the best efforts of every man or woman."

He traced the science of educating deaf and dumb children from its earliest history till the present.

"In the kindergarten we employ motion, form, size, color and number to cultivate perceptions," said Mr. Swiler speaking of the Delavan school; "form, size, weight, texture and vibration to improve and train the sense of touch. Distinct articulation of the phonetic elements of speech is secured by the first year's work. Speech reading may be developed before speech. Speech reading is lip reading. There are two principal methods employed in the instruction of the deaf. They are called the manual and oral training methods."

One thousand children have received instruction in the school at Delavan since its organization in 1852. Two hundred and eight have taken the full course and received diplomas.

The number of deaf and dumb persons in Wisconsin, according to the last census is 1,333. Of these 793 are males and 540 females.

RECEPTION TO THE LAWS.

A very pleasant reception was tendered the members of the senior law class by President and Mrs. Adams from 8 to 10 last evening. Gov. and Mrs. Upham assisted in receiving and the young ladies of the senior class of the academic department of the university helped to entertain the young men. The Glee club was present and rendered four songs very agreeably. Dr. A. P. Saunders favored the company with two violin solos, with piano accompaniment by Miss Agnes Butler. Ices, cake and coffee were served in the dining room. Besides the students there were present several members of the faculty and Gen. and Mrs. E. E. Bryant, Justice and Mrs. J. B. Winslow, Mr. and Mrs. H. A. Taylor, Regents B. J. Stevens and H. W. Chynoweth, Judge Bunn, Mr. George Raymer, Mr. Amos P. Wilder, Prof. C. H. Haskins, F. J. Turner, V. E. Coffin, J. M. Olin and Judge J. H. Carpenter.

CO-OPERATIVE ASSOCIATION.

A New Constitution Adopted—Other
Business.

A meeting of the directors of the University cooperative association, was held yesterday afternoon in Library hall. Much important business in relation to the management of the association was transacted. The business manager gave a short statement showing the association to be in a very prosperous condition. The committee appointed at the last meeting to revise the constitution made a brief report which will be printed in full in a few days. It was determined to make the membership fee for the remainder of this year 40 cents, allowing all those thus joining the full privileges of the association. The business manager was instructed to sell season tickets to the managers of the several athletic teams, including the football, baseball, track, crew, and tennis teams. These tickets to be used solely for the purchase of supplies for said teams. O. G. Libbey and President G. E. Williams were appointed as a committee to draft a system of by-laws and regulations for the management of the board, this committee to report at the meeting of the association to be held next Monday, when further amendments to the constitution will be considered.

ORCHESTRA.

At the faculty meeting Monday, the members of the university orchestra were granted credit in the musical department for work to be done in that organization. Regular attendance and punctuality are to be required however in order to make the work count in the course.

—The entries are coming in fast for the trials in wrestling and sparring.

DIRECTORS MEET

CONSIDERABLE ATHLETIC BUSINESS
TRANSACTION.

ARRANGEMENTS FOR THE MID-
WINTER MEET.

Assistant Manager of Track Athletics
and Base ball Elected.

The Board of directors of the athletic association held its regular bi-weekly meeting in the gymnasium last evening and settled some necessary arrangements. It was decided to send five men, four for the regular team and one substitute, to the meet of the Chicago athletic association, on March 2nd. Under the new rules adopted by college presidents the only event open for college competitions is the relay mile run. Northwestern, Chicago, Michigan and Illinois universities will probably be represented.

F. L. Hodges, '95, was elected assistant track athletic manager and C. G. Riley, law '96, was chosen as assistant manager of the base ball team. Arrangements were perfected for the midwinter meet to be held the 21st in the gymnasium.

The rates of admission were fixed at 35 cents for reserved seats and 25 cents for general admission. The contests will not include any track events but will be made up of sparring and wrestling matches, freshmen-sophomore cane sprints, and exhibitions on the horse, pole, etc.

The events will be held on a stage in the center of the hall where they can be plainly seen by everyone.

It is urgently urged that every student who can possibly attend himself or can bring a friend, should do so. If this is not possible, send a proxy. The enlarged scale upon which we will enter athletics next spring demands increased expenditures and a fatter bank account, and a hearty response on the part of the student body is necessary if Wisconsin is to gain the coveted position, namely, the front. To those who can boast of college spirit, this is one of the opportunities for showing it.

COMPETITIVE DRILL.

Will Be Held Tomorrow—Arrangements for the Drill.

Lieut. Chynoweth announced at drill yesterday that the competitive drill for freshmen would come off without fail Thursday afternoon. The competition is open to all who desire to enter, and those who do not, will drill in their respective companies as usual. The latter fact will undoubtedly cause many to enter the drill who would otherwise stay away, and a large number are therefore expected to participate.

The contestants will be formed in company, Major Cornish and Adjutant Torbey will give the commands, while Lieut. Chynoweth will himself undertake to mark the men. Previous to this year the commissioned officers

have had this power, but on account of the unfairness often shown in marking, the commandant will have entire control of the matter. Instead of confining the commands simply to the manual of arms and spud movements, as has heretofore been the custom, company evolutions will also be included in the drill. The freshmen evidently intend to make a good showing as the majority have taken home guns to practice for the event.

'98 CLASS TAX.

The following have been appointed to collect the remainder of the freshmen class tax:

Ancient and Modern Classical: Miss Maude Jewett, J. C. Blyman.

English: Miss Catherine Farrish, L. R. Burns.

Civic Historic: Miss Pauline P. Gunthorp, Orio Patzer.

Gen'l Science: Francis Slatter, Richard Muenziner.

Electrical Eng: D. V. Swatz, F. E. Compton.

Civic and Mech. Eng: C. S. De Gay.

PULLEY WEIGHTS.

Exercising with Pulley Weights, by Henry S. Anderson, the well known instructor of heavy gymnastics at Yale gymnasium is published in Spaulding's Athletic library for January, which is out today. Anyone desiring to obtain physical education should certainly procure a copy of this book. It contains 60 illustrations, showing how the pulley weights should be used and what benefits are to be derived from them. Will be sent to any address on receipt of 10 cents by The American Sports Publishing Co., 241 Broadway, N. Y.

B. A. A. MEET.

In the meet of the Boston Athletic Association last Saturday evening, in Mechanics Hall, Boston, six team races were run. Harvard was beaten by Pennsylvania owing to two unfortunate falls of Hollister's in the last relay. Harvard's second team beat the B. A. A.; Mass. Inst. Tech. beat Brown; the Worcester Athletic Club beat the Suffolk Athletic Club and the East Boston Athletic Club beat the St. Mary's Athletic Club. All these races were run amid the greatest excitement on the part of the audience, especially during the first race.

U. OF P. VS. CALIFORNIA.

The proposition of the University of California for a track athletic meeting with the University of Pennsylvania has been accepted. June 8 was suggested as the date for the games, but, as that day comes in the middle of Pennsylvania's commencement week, a new one will be selected.

The University of California has also applied for admission to the Intercollegiate athletic association, and, if admitted, will take part in the intercollegiate meeting of May 26.

—Valuable apparatus has been received at the bacteriological laboratory from Berlin, to the value of 400 marks or more. This addition will greatly facilitate the experiments carried on in this branch.

In order to increase their subscrip-
tion list, the management of the Daily
Cardinal offers to furnish the paper
for the remainder of this term and the
entire Spring term for \$1.50. Name
and subscription may be left in boxes
in Library or Science Hall.

In view of the fact that the pre-
liminary programs for the Junior Pro-
menade are to be issued in a couple
of days all of those who intend to go
to the promenade should not begin to
fill out their programs before Friday
noon. This is only just to everyone
and as one week is sufficient time for
engaging dances there should be no
objection to the length of time given
by the committee.

The action of the Board of Directors
last night, in authorizing the sending
of a team to enter the intercollegiate
relay race at Chicago, March 2nd,
opens a new branch of track athletics
at Wisconsin and it behooves the candi-
dates to put in the best kind of
work between now and that date.
Strong rivals are to be met, the event
is a new one and nothing—but hard
work will win. If hard, honest work
is done, however, there is no reason
why, with such a large number of
good quarter milers as we now have,
Wisconsin's team should not acquit it-
self with glory. Other things should
be made to give way a little now to
these men and every effort put forth
to make the team a winner.

The granting of credit to the mem-
bers of the university orchestra by
the faculty is a step in the right
direction. To Prof. Parker and Dr.

Saunders the thanks of the students
are due for their untiring efforts in
behalf of this organization. It now
remains for the members to see to it
that regular work is done. No satis-
factory results can be obtained with-
out a strict compliance with rules laid
down for punctuality and attendance.
There is no lack of material in the
university and the hearty co-operation
of the students with the generous ef-
fort of the members of the faculty,
who have made the organization possi-
ble will redound to the credit of the
institution and at the same time will
repay those taking advantage of the
instruction offered. Let the students
who have the ability do their part.

COMMUNICATION.

Editor Cardinal: In view of the ap-
proach of the spring training season,
the condition of the track at Randell
athletic field becomes a subject for
serious discussion. Our mile track is
in the poorest condition of any, in the
state, both in shape and surface, al-
though it is absolutely necessary in
consideration of the position Wiscon-
sin holds in athletics in the North-
west, that we should have every facili-
ty for putting the very best track
team in the field this spring.

In the past two years our men have
been severely handicapped by being
obliged to compete with men used to
good tracks, while not having had the
chance to practice on a good surfaced
track themselves. The ease with
which a good third or even half-mile
track might be put in at Randell field
is evident to every one. Part of the
old track might be used in the north
end of the field. The laying out of
the track could be done by some of
our civil engineering students. Very
little grading would be necessary.

A better surface is urgently de-
manded, as any one will admit who
has dodged around the muddy puddles
on the old track in the spring.

Let all the arrangements be made
immediately, and let us have things
in such shape that profitable work may
be begun as soon as the weather will
allow.

Oliver B. Zimmerman.
'96.

CURTIS FUND.

The committee in charge of the
George William Curtis memorial fund
have decided to establish a revolving
lectureship, in Yale, Harvard, Colum-
bia and perhaps Amherst and
Brown Colleges. The following Yale
professors have charge of the fund at
Yale: Weir, Bishop and Henry Far-
nam. The holder of the lectureship
will select for his theme a civic sub-
ject, similar in scope to the questions
to which Mr. Curtis devoted his life
work.

CORNELL FOOTBALL.

The Cornell faculty had adopted the
following resolutions in regard to foot-
ball:

"The Faculty deems it desirable to
limit all intercollegiate football con-
tests, so far as feasible, to college
grounds, and it is of the opinion that
no student who is markedly deficient
in his university work should be al-
lowed to play on the team. It be-
lieves further that the number of ab-
sences from town should be reduced
and reiterates its action of Oct. 5,
1894, namely:

"We do not regard any person as
qualified to be a member of a uni-
versity team who comes to the uni-
versity without the intention of re-
maining at least one year or who
receives any remuneration or consid-
eration of any sort for his services."

MINNESOTA'S LIBRARY.

The board of regents of the Univer-
sity of Minnesota has formally ac-
cepted from the contractors the lib-
rary building which has been under con-
struction since 1893. The exterior

model of the building is a close imita-
tion of the Parthenon of Athens and
is 135 feet in width and about 200 in
length. In the construction a light
cream buff Ohio sand-stone has been
used, which is nearly of the same
color as the Parthenon to-day. In
the interior the partition walls are of
brick and tile and the beams, columns
and girders are of steel, while the
iron, thus making an entirely fire-
stairways are of slate, marble and
proof structure. The total cost of con-
struction amounts to \$175,000.

The general plan of the library is
such that books belonging in the
different departments are in separate
alcoves, which, with the offices of the
library staff, are grouped around a
main reading-room 44 feet in width
and 100 feet in length. In addition,
the building contains an assembly
room of a seating capacity of 600, the
offices, lecture and seminar rooms of
the departments of political economy,
history, philosophy and English and
the offices of the administration. The
department and administration rooms
will be occupied March 1, but the li-
brary will not be moved to its new
quarters until the long vacation.

SUZETTE.

They tell me that thy witching smiles
A shallow soul conceals;
That thou art skilled in varied wiles
The hearts of men to steal.
But when I view thy glances gay,
Thine orbs of limpid blue—
Ah, let them prate! Whate'er they say,
I know it can't be true,
Suzette;
I know it can't be true.

They tell me when thy soft refrains
The soul of music thrills,
That they are but a siren's strains
To work the stranger ill.
But when I see the old folks throng,
And little children, too,
To drink the sweetness of thy song,
I know it can't be true,
Suzette;
I know it can't be true.

They tell me that thy beauty blows,
A fair and baleful flower,
And 'neath an evil star he goes
Whoe'er had felt thy power.
But when I see thy lashes shine
With pity's gentle dew,
My heart repels the charge malign.
I know it can't be true,
Suzette;
I know it can't be true.

W. A. Scott.

LATIN GRAMMAR: There will be no lecture tomorrow, Feb. 14.
G. L. Hendrickson.

BOARD OF ENGINEERS: There will be a meeting of the board of engineers, on Thursday, Feb. 14, at 4 p. m., in room 22 Science hall.
E. R. Maurer, Sec.

—Don't make any plans which will keep you away from the meet Saturday night.

The Chinese testament which is to be presented to the empress dowager by the Christian women of China is a copy of the delegates' version, made in 1835. The book has solid silver covers elaborately ornamented. In the center of one cover is a gold plate, with the name of the empress and an inscription. On the back is another plate inscribed "Holy Classic of Salvation." It is inclosed in a silver basket and that again in a teawood box.

RIGHT IN LINE.

On March 7th and 8th, those of the U. W. boys who like to wear spring and summer clothes that are cut to fit, made from the latest patterns, and according to the most approved style, are invited to meet D. F. Sherman, at the Park Hotel. Mr. Sherman is the cutter for R. C. Notbohm, of No. 410 Broadway, Milwaukee.

LOST. Bunch of keys on Monday, at noon, between the Gymnasium and Science Hall. Finder will kindly return the same to
J. J. Rogers,
515 State Street.

—\$5 REWARD for the return of a brown overcoat, lost from University hall, to 121 Langdon street. No questions asked.

—Fresh cut flowers for Junior Promenade at Mrs. J. P. Spencer's, Woman's Exchange building.

Lost: An enameled wreath pin set with pearls. Finder please return to Room 18, Ladies' Hall.

—For the Standard Rapid Writer Fountain Pen enquire at the Co-ops.

—Another order for athletic goods will be sent from Co-op to Spalding and Bros. Saturday night.

LOST.—A cardinal, double-neck sweater in the locker room of the gymnasium, between 5 and 6 o'clock, Wednesday evening. The finder will be suitably rewarded on leaving the same at the office. No questions asked.

—French and German second hand dictionaries wanted at the Co-op. Hand them in at once so another list of books can be printed.

—A dancing social will be given at the new dancing academy next Saturday evening. University students are especially invited. Ladies admitted free.

—There will be special features each evening at Warner's cycle opening.

—Dress suits for sale at Pantorum.

DON'T STOP TOBACCO.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1.00 per box, three boxes (thirty days treatment), \$2.50, or sent direct upon receipt of price. SEND SIX TWO-CENT STAMPS FOR SAMPLE BOX, BOOKLET AND PROOFS FREE. Eureka Chemical & Manufacturing Company, La Crosse, Wisconsin.
