Sixty Books Project /

OCT 19 2005

DATE DUE

12/10			

Demco, Inc. 38-293

The Sixty Books Project is a collaborative book arts, writing and journaling project for the people of south central Wisconsin, hosted by the South Central Library System (SCLS), and produced by the Bone Folders' Guild (BFG), a book arts group based in Madison. This project is supported by a Madison CitiARTS grant.

The BFG book artists have created sixty hand made blank books. One of these books will be catalogued into each of the sixty libraries in the South Central Library System. Unlike other library books, patrons are invited to write, draw, paint or collage in the books. Subsequent patrons will add their own stories, drawings, and so forth, creating community-wide collaborative works of art. After the launch of the project these books will be available for checkout by library patrons until August 15, 2006.

At the close of the circulation period, the 60 books will be removed from the SCLS collections and brought together for a traveling exhibit. This exhibit will have its debut in Madison as part of the Fifth Annual Wisconsin Book Festival (October 18-22, 2006).

Instructions

- Check out this book as you would any other library book for a two-week period. Be sure to return it in the protective wrapper provided.
- Write a poem. Make a journal entry. Write political thoughts. Compose a short story. Collage. Paint a page. Be creative.
- Be respectful of these books. They are hand bound and bear delicate musings on the pages.
- Be aware of what has been done on the other side of the page that you are working on. For example, don't "sew" onto someone else's work.
- When you are gluing or painting put a piece of wax paper under the page you are working on. This will protect the other pages of created art.
- Before closing the book, be sure your page is dry.
- We encourage you to sign and date your work.
- Please, no perishables on the pages.
- Be advised that SCLS and BFG reserve the right to remove and/or delete any questionable material. Please be nice.
- Warning: You will incur a \$125.00 library fine if this book is not returned!

One of my co-workers is well known for telling jokes and riddles. So, I am asking people that I see today if they would like to share their jokes and riddles.

Here are some that I've heard.

- ;) What do a flock of geese flying and a newspaper have in common? Information.
- ;) What did the big tomato say to the little tomato as they crossed the road? Ketchup!

Some of the most important lessons
I've learned in life...

. If there is no light in me,
what will happen when darkness
comes, as darkness will, to every life?

Joan Chittester

. There is no way to be a perfect
mother... but there are a million ways
to be a good one.

Crime & Punishment

. There are only two ways to live your
life. One as though nothing is a miracle.
The other is as though everything is a
miracle.

Albert Einstein

. The very power of forgiveness lies
in the fact that it need not be earned,
or even deserved.

Paul Schultz

. In Guatemala, in the small villages
the decision-makers are always seated in
the order of age.

Rainbow Stars

Rainbow stars come out at night. Look for them only tonight. If you look some other day, Rainbow stars will float away. Then the younger children will not get to see those pretty stars. So if you want to find Rainbow stars follow my directions. It's your choice if you want to see Rainbow Stars.

Someone I Love

Someone I love
left so happy she left to
heaven where she belongs.
No more suffering no more
pain. She watches me all
the time. I remember the
first time and the last time
I saw her. I say good bye

forever till we meet again.

She was my grandma and she
always will be. Some say she
is gone but, I know she is alive
in my heart, I love her no matter
what she is... ®

It can not die out unless

When it brakes, it droops

am writing in a Library book a book a book I am writing LOTS of words right here
in INK in a book that is new that is a new Library book. yep here I am writing in this beautiful
book and it feels sneaky in a wonderful kind of way. Like sleeping in the museum and hiding and
sleeping in the museum at night + taking tours during the day but instead of being afraid of being
caught, someone leaves a plate of milk and cookies out for us, with a cloth napkin, and with three
slices of nectarine, and we find the plate and stand with it in our right hands and the milk (which
is still cold) in our left and we turn slowly in a circle looking down ALL the corridors wondering
what CENTURY to eat in. so I am thinking of mixed up files and museums and libraries and cold milk and taking

my turn with this gift of a book. SK

"I have often thought the best way to define a man's character would be to peek out the particular mental or moral attitude in which, when it comes upon him, he felt himself most deeply and intensely active and alive. At such moments there is a voice inside which speaks and says: 'This is the real me!'"

"ROBIN NEST"

PHOTO BY LIZ PRIMOZIC
2004

I don't think I could be a mama bird, I mean, not only do you have to sit for hours on end waiting for your eggs to hatch, but once they hatch you have to chew up worms and then spit them back out.

Do you think birds are goal oriented?

I've never been a goal person, more a take it as it comes person, which is causing me problems at the moment. I don't have a job and I don't really know what it is I want in a job, which makes it hard for employers to see what they need in me.

Don't get me wrong, I'm very happy with my life. I just don't have a direction... or an income... and society believes I should have both. So much in life is free but the emphasis is on the things that aren't.

I guess being a mama bird would have its upside, really cute chicks. Really cute chicks that generally leave as soon as they can take care of themselves. And birds have a pretty straight forward life plan as well. No worries about health insurance and yolks, just the open sky, a little nest somewhere and a few chewed up worms.

*A bone folder is an essential tool for book makers.
It creases paper to a nice, crisp fold.*

Originating in Madison, Wisconsin, the Bone Folders' Guild is a group of people who share a love for the book as art. The Bone Folders' Guild was founded in February 2001 by a group of artists who desired to meet like-minded book artists to learn, support, and encourage each other artistically. We share a passion for creating books as a form of artistic expression.

Members of the Bone Folders' Guild who created
the Sixty Books include:

**Suzanne Berland, Susie Carlson, Carol Chase Bjerke,
Nan Killoran, Laura Komai, Kathy Malkasian,
Nancy Schoenherr, Tricia Schriefer, Karen Timm,
Alexis Turner, Marilyn Wedberg,
Carey Weiler, Kristin Yates.**

The text block paper used in all books is Arches Cover White, 270 gsm., 35.25" x 24.75" 100% cotton, acid free paper. Cover paper, cloth and other original embellishments were chosen by the book artists.

The Bone Folders Guild would like to thank Alison Jones Chaim for her thoughtful guidance through this process. Huge thanks to the South Central Library System for their cooperation with this project. Also, we send a gracious thank you to Madison CitiARTS for its financial support.
