## PLAN MADE TO GREET GRADS WITH CARNIVAL

**Entertainment to Be Held  
in Armory After Home-  
coming Bonfire**

A concert by an all student orchestra, short plays by Edwin Booth and Red Domino, gymnastic contests, individual song and dance acts by members of Haresfoot club, are among the many features being planned for a Homecoming carnival, to be held Oct. 28, according to Don Murphy '22, chairman.

No admission will be charged for the carnival, which will take place immediately after the celebration around the Homecoming bonfire on the lower campus. The armory has been selected for the affair, as it is capable of accommodating larger crowds than the other buildings on the campus.

### Hope for Support

Although a committee to make arrangements for the carnival has not yet been chosen, Chairman Murphy expects to do so within the next few days. Murphy is very anxious to have the students render their support in this new project for the entertainment of the alumni, as nothing but university talent will be used to make up the program.

As this will be the first time that a carnival has been held at Homecoming time, the committee hopes to make it a tradition to be kept each year.

### Done in East

Other universities, especially those in the East, have held such a celebration annually with great success.

The carnival has been created to replace the Engineers' Minstrels, the musical show presented at Homecoming time last year. This production was also held in the armory.

## SOPHS MEET FROSH AT 1:30 SATURDAY

The annual class rush between the freshmen and sophomores will start at 1:30 sharp on Saturday afternoon, October 15, according to Albert Knollin '22, captain of the contest.

The freshmen will meet in the gymnasium annex shortly before the starting gun is fired to have their faces blackened, in keeping with the customary method of distinguishing the members of the two classes during the rush. The sophomores are to line up on the lower campus directly in front of the library, while the freshmen will take their places on the opposite side.

Captain Knollin has already selected his 15 lieutenants, each of whom will have nine assistants to maintain order during the battle. Clubs will be handed out to the "cops" at the gymnasium Friday noon. The student policemen were chosen from the senior and junior classes.

### THETA SIGMA PHI ELECTS

Theta Sigma Phi, women's national journalism fraternity, announces the election of:

Mary Bridgeman '22.  
Isadore Coward '22.  
Bernice Elliott '22.  
Esther Haven '22.  
Mary Mould '22.  
Marjorie Ruff '22.  
Helen Smallshaw '23.  
Elizabeth Vincent '22.  
Josephine Walters '23.

## "LIT" CAN USE MORE MATERIAL

Although a good share of the material for the first number of the Wisconsin Literary Magazine, which is to appear on the campus October 24, has been decided upon, more material can be used. Not only stories and essays, but also satires, epigrams, and poems are acceptable. "Humor and satire are quite as welcome as anything more ponderous," said Paul V. Gangelin, editor.

A few staff positions in the business and advertising departments are still open. Anyone desiring to try out is asked to call at the Lit office, third floor Union building, at 4:30 today.

## Will Lecture on World Service

SUMNER R. VINTON

Sumner R. Vinton will lecture on "A New Day for World Service," in the Biology building, at 8 p. m., Friday, Oct. 14, under the auspices of the Student Volunteers.

Mr. Vinton, missionary, photographer, and lecturer of national repute, comes of a long line of Baptist missionaries in Burma. His own work completed many years of family service there. Among his ancestors were Dr. Haswell, our pioneer missionary to the Telegu people, and Dr. Vinton, who founded the Sgaw Karen missions at Moulmein and Rangoon. His father and mother both gave their lives to the work at Rangoon. His father-in-law, Dr. Alonzo Bunker, was one of the great pioneer missionaries of statesmanlike vision.

Mr. and Mrs. Vinton went to Burma in 1900, but were soon forced by illness to leave the tropics permanently. They decided to devote themselves to missionary education at home.

Mr. Vinton's lectures have won him recognition from the Redpath bureaus, and under their auspices he became one of the best-known Chautauqua speakers in the country.

The Student Volunteer association, under whose auspices Mr. Vinton comes to Madison, is not widely known on the campus. It is a national organization composed of students who expect to go out as missionaries to foreign countries. During the year it will hold a series of discussions led by foreign students, or others who have already worked in the missionary field. Its officers for the current year are as follows: Eugene A. Bond '22, president; Orpha Coe, vice-president; and Alfred Willet '22, secretary.

## SENATE ACCEPTS COMMISSION REPORT; REVIVES OLD COURT; POSTPONES ELECTION ONE WEEK

### MANY YEARBOOKS SOLD YESTERDAY

**Badger Will Be on Large Scale  
Badger will Be on Large Scale  
Shown**

Subscriptions for the 1923 Badger continued to pour into the office all day yesterday. Eight or ten clerks were kept busy constantly recording the names of those subscribing.

It is difficult to estimate the total number of subscriptions because many teams are withholding their reports until the last minute. For this reason no one knows which team is in the lead.

Badger officials want to emphasize the quality of this year's book notwithstanding the lower price. More extensive and elaborate plans are under way than have ever before been attempted, they say.

E. R. Kullberg, head of the Bureau of Engraving at Minneapolis, has been engaged to do the art work. Nine four-colored process inserts drawn by this artist are ordered in addition to the frontispiece. In place of the conventional square panels preceding each section, a new color panel about one inch and a half wide extending the full length of the page is to be introduced in this book.

Many scenes of Wisconsin's campus that are to appear in the Badger are on display at the Photoart shop. These scenes cannot be purchased except through the medium of the Badger.

The alumni section, edited by Gertrude Brees, and Lucille Simpson, is a new step forward in making the Badger a complete history and record of Wisconsin life. One full page is to be devoted to each of Wisconsin's ten most prominent and influential alumni.

## Cardinal Will Reserve Seats For "The Bat"

Through special arrangements with the management of "The Bat," now playing in its 42nd week at Cohan's Grand Opera house, Chicago, The Daily Cardinal offers students an opportunity to secure seats within the first 15 rows for the Saturday evening performance, after the game with Northwestern.

Cards are provided at the business office of the Cardinal, second floor, Union building, which should be filled out by students desiring to see the show after the game. The reservations will be telegraphed to Chicago each evening and seats will be held within the block set aside for students. Anyone desiring to take advantage of the Cardinal service, may call at the office or call Donald Bailey, at F. 136.

"The Bat," now in its 42nd week at Chicago and in its second year at a New York playhouse, has established a new long-record run. On October 2 it tied the record of 353 performances made by "Get-Rich-Quick-Wallington" at the Olympic in 1910-11. The play is a mystery story written by Mary Roberts Rinehart and Avery Hopwood.

### Judge Hoppman Urged to Prosecute Student Law-breakers

Submission of a new referendum to the student body embodying the recommendations of the student traditions commission and the changing of the date of the approaching election from November 4 to Friday November 11, were decided upon at the meeting of the Student Senate last night. The Student court, for some years non-operative, was also voted back, with the object of further carrying out the recommendations of the commission.

A committee was also recommended which will convey to Judge A. C. Hoppmann the desire of the student body that he should vigorously prosecute all student offenders brought before him on charges of serious nature. Forgeries, which cost Madison merchants over \$1,000 last year, and which have for the most part been glossed over by the merchants and courts, will now be among the offenses for which the senate asks strong action.

### Report Submitted

The formal presentation of the report of the traditions commission by the chairman of the commission, Harry Fox, senior in law, was the first order of business, and discussion of the findings of the commission was immediately taken up. A strong sentiment for placing the questions before the student body in a direct referendum resulted in motions to that effect.

In changing the election date the senate also changed the deadline for nomination petitions to 5 p. m., Friday, Oct. 28.

The recommended traditions, many of which are but slight variations of existing regulations, are as follows:

### Change Cap

The green cap is to be retained, but changes in its shape by removing the button and visor are to be voted on. Also making the Varsity Welcome the occasion for donning

## RAILROAD JACK TO JUDGE BEST HOB0 IN PARADE

"Railroad Jack" has been secured to act as judge of the best individual hobo in the parade at 10 o'clock Homecoming morning, October 29, according to members of the committee in charge.

In order to avoid any misunderstanding, the committee announced yesterday that any hobo, whether he be entered in a group or individually, will be considered a candidate for single entry prizes. In addition, prizes will be given to the best groups in the parade.

Fraternity, non-fraternity, and mixed groups expecting to enter the parade should register with either John Maxey, Jess Cohen, or Charles Fitzsimmons, and individuals with Everett Jones. All others should register as follows: Engineers, Leslie Garber; Law school, Edward L. Hoyer; Medics, Lyle C. Phillips; Course in Commerce, Joseph Hook; College of Letters and Science, Leslie R. Gage; College of Agriculture, Kenneth McConnell.

YOU are all so sick of it that you may be bored in reading about it, but probably the following will get by. The story goes that a big Cadillac, loaded to the top with sweet things, ran down a clear-eyed, manly looking Frosh. Tenderly they picked him up and attempted to restore him. Anxiously they waited and finally his eyes flickered open. With one glad shout the dear things cried, "HAVE YOU GOT YOUR BADGER YET?"

ONE of our instructors gave us an assignment, whereupon the class made a very unseemly wry face when they realized the time and labor that it involved. Equal to the occasion, he tried to put us at our ease, and told us to read it over just as we would the Police Gazette, as if we were interested in it. What kind of boys does he think we are? What would mother think?

**RIGHT!! YOU'RE WRONG AGAIN!!**

The scanning is sad,  
The rhythm is worse—  
Some poetry's bad,  
But mine is verse.

APIS.

KINDA strange doings about the Phi Mu house Sunday evening; weird figures were seen flitting in and out of the windows. Was it midnight recreation, or were they having fire-drill?

SOME man was arrested recently for intoxication, and when questioned, said that he drank a pint of whiskey every night that he might sleep tight. Oh, Insomnia! Where is thy sting?

"Jack is rather attentive to that young violinist, don't you think?"  
"Yes, she calls him her bow."

THE young man walked silently and quietly down the alley. Turning abruptly to the right at the first corner, he entered the third house without hesitation, for he was evidently familiar with the place.

## CITY OFFICERS ATTEND MEET AT JANESVILLE

**Delegation Leaves Here to  
Take Part in League  
Program**

A delegation of city officials and members of the common council left the city hall at noon today to attend today's session of the League of Wisconsin Municipalities at Janesville. A banquet will be held there tonight. The police patrol wagon was pressed into service in addition to a number of cars. The party will return tonight.

Among those who are attending the meeting are: Mayor I. M. Kittleson, L. A. Smith, water department superintendent, E. E. Parker, city engineer, E. F. Bunn, city auditor and comptroller, Peter Walsh, street superintendent, James W. O'Connell, plumbing inspector, H. L. Thompson, sealer of weights and measures, Floyd C. Rath, food inspector, Robert H. Stadelman, assistant street superintendent, and the following aldermen: G. H. Mason, Martin Comeford, E. F. Gibbs, J. H. Brown, John Stock, A. O. Utter, P. H. Barry, D. C. Sullivan, George J. Fessler, Thomas Quinn, W. F. Mautz, J. A. Rupp, H. J. Steffen. Morris Mackessy, patrol driver, accompanied the party.

**READ CARDINAL ADS**

He mounted the stairs as stealthily as possible, being careful not to make them creak. At the third floor, he stopped a moment and then tiptoed into one of the rooms, carefully closing the door behind him. After a hasty glance about the room, he took a few quick steps to a desk that was covered with papers. With a sweep of his hand he brushed them aside and snatched up an empty cigarette case. Suddenly he stopped, and reassured himself with another glance about the room. Then he carefully put his hand into his coat pocket and drew forth eight of ten cigarettes, which he placed in the case. Instantaneously a change came over him; his hand ceased shaking, he breathed more easily. In a burst of ecstasy he cried, "They are mine, all mine! Every one of them!"

The young man had just returned from a smoker.

### THE NOSY NEWSIE

Today's question: "What do you consider is the biggest thing a person can do while in college?"

"Doc" Dorward: "I should say that the biggest thing that a man can do is to become a leader in college politics."

"K" Porter: "I think that to become engaged should be the object of everyone entering school."

Carl Vonnegut: "The ambition of every man should be to win his 'W'."

Mildred Anderson: "Every person should try very hard to stay awake after 9:30 at night when on a date. That is what I consider the biggest thing one can do in college."

Ralph Scheinpflug: "The biggest thing that a man can do is to show that he has crust enough to wear golf trousers up the hill."

"I wish this rain would keep up."  
"What do you mean, keep up?"  
"Well, if it keeps up, it won't come down, will it?"

"There's an end to everything," she said, as she handed his pin back to him.

### HINT OF EGYPT IN NEWEST HAT

Most of the season's hats have been of Spanish influence—except those that were original and "just French." But here's a Paris model that's as Egyptian as a Cairo cigaret. Gray velvet is the material.

## COACH BURKE TO CUT SQUAD ON SATURDAY

**Tentative Country Squad  
of 18 Men Already  
Picked**

To eliminate the dead wood among candidates for the Varsity cross country squad, Coach Meade Burke has scheduled a race which will be held over a 2.7 miles course at 4:30 Saturday afternoon. While the second string men and youngsters are battling for victories, Varsity first string men will become acquainted with the regular five mile course. Coach Burke intends to send them through a practice spin over the longer distance.

Based on the showing made in early season practice sessions and in the hill and dale run between the Varsity and second team last Saturday, the following lineup has been selected as a tentative Varsity squad: Capt. Mark Wall, Finkle, Schneider, Knutson, Moorehead, Daniels, Ramsay, Dowling, Nelson, Copeland, Somner, Sovereign, Blakeman, Zusuki, Lanage, Peterson, Rewey, and Searing. After the race next Saturday, it is entirely probable that some of these men will be dropped from the squad.

Thirteen candidates have been placed on the reserve Varsity. Many of them are potential first string men, and as soon as they round into condition, they will be in line for places on the first team. The reserves are: Greeley, Herman, Klosser, Chase, Branch, Gunderson, Bachhuber, Weimer, Madell, Kober, Rossmessl, Hammen, Krueger.

"The new men are coming along nicely," said Coach Meade Burke yesterday afternoon. "Some of them are not in the best condition as yet, but the daily workouts are fast rounding them into shape. Longer runs will be prescribed next week, and the practices will work up to five mile jaunts in preparation for the dual and Big Ten meets."

Promising freshman harriers are: Hilberts, Pfaltzer, Smithey, Stewart, Weyker, Cleveland, Flamer, Fabera, Davenport, Blewett and Bruce.

Entries for the inter-class track meet to be held Saturday, Oct. 27, are already pouring into Coach Burke's office.

## GREEK PIN MEN ROLL BIG SCORES IN FIRST MATCHES

**Cumbackec, Delta Upsilon,  
Holds Individual Honors  
With Score of 244**

Inter-fraternity bowling is attracting more and more interest each day, as the teams swing into their natural strides and the star bowlers begin to hit the strike groove at the Wisconsin bowling alleys. The games are getting closer and more hotly contested as the season progresses and many hard fought matches were played on Tuesday evening.

Although the high game men are still rounding into form, several have hit their stride and are setting a fast pace for the rest of the bowlers. "Bill" Hawley, of the Kappa Sigs, turned in two high games, with scores of 195 and 194 respectively for two consecutive games. "Doc" Muller, also of the Kappa Sigs, turned in three high games with two 223 games and a 209. Cumbackec, of the D. U. aggregation, is at present the season's high score man for an individual game with a pin fall of 244, several pins above his nearest rival.

The T. K. E. team, under the captaincy of "Bob" Aspinwald, president of the league, turned in the highest total team score, last Tuesday evening, when they bowled 903 pins over in the three games played. Since the season is still young, being now in the second week, still higher scores may be expected; and

## Eastern Coaches Prepare For Grid Clashes Saturday

That the eastern football teams are rounding into midseason form, was evidenced by the scores last Saturday. The vital struggles of the year will commence in earnest this week, the Navy-Princeton game being the headliner of the day.

The Harvard team lived up to tradition last Saturday by defeating Indiana 19 to 0. After the Crimson's flimsy victory over Holy Cross the week previous, it looked as if Harvard would not be as formidable as usual. Coach Fischer, however, had a reconstructed forward wall which experienced little difficulty in wrecking the Hoosier machine.

### Teams Indefinite

Neither the Princeton nor the Harvard teams have been definitely decided upon, and both coaches are still shifting their men about in an effort to hit upon a more successful combination. Coach Roper, of Yale, on the other hand, is using one lineup steadily, possibly because he does not feel that it would be policy to experiment with important games so close a hand.

Princeton will undoubtedly be forced to the limit if hopes are entertained of annexing a victory

over the Middies on Saturday. The naval academy displayed power when they triumphed over the Western Reserve team last week. King, a veteran linesman, will be matched against Princeton's All-American captain, Peck, Saturday; and an interesting personal battle is bound to occur. Any injuries to the Princeton eleven would prove costly with the important inter-sectional clash with Chicago only a week away.

Columbia has changed its coaching system this year in an effort to produce a team which will be more representative of so large and important a school. Coach Buck O'Neil is inaugurating the new method, and his results are being watched with interest by elevens which will meet the metropolitan school this season.

Penn is playing its usual erratic game this year, although its rival, Penn state, looks most promising. Fordham won one of its preliminary games last week, but, in so doing, lost the services of its star end, Captain Fitzpatrick. The injury may keep him out of the game for the balance of the season.

## Presenting-- DANIEL HOUSE

Daniel O. Horne '22 is playing his first year of Varsity football at Wisconsin. When Coach John R. Richards sent out his first call for candidates, Horne responded and became a candidate for the left end position. His early season work showed him to be a wingman of ability, and after a battle for the position, Horne was stationed at left end in the Lawrence contest. His work in this game was of high caliber, but the lanky end was injured, and he had not sufficiently recovered last Saturday to take his

## Oss Hurt; Gophers Petition for Break With Northwestern

Because Arnold Oss, halfback, was injured in the Minnesota-Northwestern game last Saturday, Minnesota students are circulating a petition on the campus asking for a severance of athletic relations with Northwestern university. The Gophers charge that the Purple played rough and unsportsmanlike football when Arnold Oss, backfield star, was badly injured.

The petition says that it is the second time that the Northwestern players have played the same kind of a game and that there is no use of taking chances on injuring future stars of Minnesota by more meetings with the Evanston school.

It is said that the feeling against Northwestern has been bitter at Minneapolis for more than a year. Oss was hurt in the Purple game last year and was laid up for two weeks. He was injured again in this year's game with that team. As soon as a sufficient number of signers have placed their names on the petition, it will be submitted to the athletic board of control.

Defending the play of Northwestern, Coach McDevitt said that none of his men had any intention of hurting Oss. He declared that Oss' knee was still weak from last year's injury and that the speedy back played without a brace.

"The spirit at Minnesota was very disappointing to us," concluded McDevitt in his defense.

## NET MEN TO FINISH SECOND ROUND TODAY

The second round of matches in the all-university tennis tournament will all be completed by this afternoon. It will be necessary to consider any unplayed matches as forfeited.

Fanning, Gotfredson, and Treckwell have been winning consistently, and they bid fair to survive the remainder of the matches.

The tournament has been conducted most successfully thus far, and if weather conditions remain good the affair will be finished before cold weather sets in.

place at the flank against South Dakota state. Horne is expected to develop into a finished end when he returns to the end position.

Two years of experience on the Stevens Point normal eleven and a season with the Wisconsin freshman aggregation have given him the edge over less experienced candidates. Horne, besides being a good football man, is a sterling basketball player. He is also available for track.

## BADGERS ARE NUMBERED FOR IDENTIFICATION

**Grid Men Practice Secretly  
in Preparation for  
Northwestern**

Numbers were issued to the Wisconsin football squad for the first time yesterday afternoon. In accordance with the ruling of the faculty committee, Badger grid athletes will wear one or two large figures so that spectators may distinguish the players.

Men who received the numbers which will be used in the game with Northwestern at Evanston on Saturday afternoon follow: Bunge, center, 1; Williams, half, 2; Gibson, quarter, 3; Woods, half, 4; Anderson, end, 5; Nelson, guard, 6; Tebell, end, 7; Sundt, full, 8; Gill, quarter, 9; Brader, tackle, 10; Johnson, quarter, 11; Scherneck, tackle, 12; Irish, end, 13; Collins, half, 14; Brumm, tackle, 15; Carlson, E. A., end, 16; Gould, end, 17; Horne, end, 18; Elliott, half, 20; Platten, tackle, 21; Benston, guard, 22; Taft, end, 23; Hohlfeld, guard, 24; Christianson, guard, 25; Crozier, full, 26; Yaudes, tackle, 27; Carlson, G. A., half, 28; Gude, guard, 29; Irons, guard, 30; Kiessling, guard, 31; Paige, guard, 32; Sykes, full, 33; Kellogg, 34.

### Work Still Secret

Secret practice is still in vogue at Camp Randall. Coach John R. Richards is scrimmaging his men against the freshman and All-American elevens, which are working Minnesota, Illinois, and Chicago plays. The Badgers are taking no chances with scouts who may be present at any practice session, and all spectators are ordered from the field.

In the last two games played, opposing teams showed a familiarity with Wisconsin style of play, and as a result, they were enabled to cope with the Badgers in a more effective manner. Bearg, Illinois scout, watched the squad in its contest with Lawrence two weeks ago, and a Minnesota representative is said to have been in the press stand when Wisconsin walloped South Dakota State college.

The Northwestern eleven is working hard for the game with Wisconsin. A long scrimmage against the freshman aggregation was indulged in by the Purple, with the yearlings taking the offensive most of the time and using Badger plays that Frosh Coach Sawtelle has taught them. Coach McDevitt drilled the varsity on the defense.

### Learn New Plays

The Methodists will enter the game Saturday with a number of new formations which they have been taught and which will be perfected before the coming battle. The Wisconsin game Saturday is the Homecoming battle for the Purple, and special bleachers are to be erected to accommodate returning alumni. It is said that overcrowded stands will be in evidence.

Of the 500 tickets sent to Wisconsin, many have been disposed of by Manager "Bob" Quick. The pasteboards are good for seats on the 25 and 50 yard lines. They sell for \$2.50 and \$3.00. Many Wisconsin students and alumni will be in

(Continued on Page 10)

## FOOTBALL MEN RATE HIGH IN INTELLIGENCE

The average intelligence of members of Indiana's football squad is above that of other Indiana university students.

This was revealed in efficiency tests made of 28 squad members last week.

That "football sense" is distinct from mere intelligence was also shown by the tests. Men who were rated the highest on the examination are not the best football players on the team nor do they learn the signals the quickest and the easiest. More first string men are found in the medium group than in the highest group.

## OLBRICH CALLS BADGER WAR RECORD GOOD

### Appeals for Soldier Bonus at Roxana Club Meeting

Mr. B. Olbrich, Madison attorney, made a stirring plea for "justice to the American Soldier" at the Roxana club meeting Tuesday night at the city Y. M. C. A. After setting forth the rights of the soldier to a just compensation and the pledges of the Republican leaders to its 'speedy' fulfillment, Mr. Olbrich turned aside to say:

"Wisconsin's record in the war stands second to none. It has been too long the fashion to deride her. We have been too long the target for every puny whisper's sneer. This great proud state has nothing to apologize for, nothing to take back. Her representatives in congress were practically unanimous in voting against the declaration of war. The activities of her people at home make up a chapter in history, every page of which shines resplendent with the light of supreme patriotism and willing sacrifice."

John H. Ottow, assistant secretary of the Central Wisconsin Trust Co., briefly explained the history and duties of a Trust company, and invited all to make a personal inspection of the new building and its service.

### OUTERS ENTERTAIN AS HOBOES TODAY

Probably the last big outdoor picnic of the season will take place this evening when Outing club members entertain all university women at the Hobo picnic. As the number of picnickers is limited to 200, everyone who is planning to go must sign the poster at Lathrop hall by 12 this noon.

In case of rain, the picnic will be held in the gymnasium.

A song and dance "burlesque" act by Wilma Trost '23 is among the stunts which will feature the evening. Many games are being planned.

Outing club board members will lead the groups at 4:30, 5, and 5:30 p. m., to the spot chosen for the picnic, which still remains a secret.

Plenty of picnic food is assured by the chairman of that committee, Norma Carl '23.

"We want everybody out at Outing club's first meeting," said Evelyn McFarland '22, who is in charge of the picnic. "We want to start the year's work with lots of 'pep.'"

### AT THE ORPHEUM

Indications point to another dandy vaudeville bill to open at the Orpheum tonight, when Joseph E. Howard, song writer and actor, assisted by Ehtlyn Clark, singer, dancer, and good looking miss, together with Jack King at the piano, offer their new vehicle "A Hodge-Podge of Musical Comedy." Mr. Howard is well remembered by local theatergoers, as the composer of a number of musical shows, including "The Time, the Place and the Girl"; "Stubborn Cinderella"; "The Girl Question"; and "The Flirting Princess." He has made several visits to Madison, appearing at both the Fuller and Orpheum and has always proven a welcome visitor. Next of importance on this program will be found Al and Fanny Stedman, with the offering "Pianocapers," one of the big-time acts now playing the Orpheum circuit of theaters. Keno, Keese and Melrose, in a knockabout acrobatic act; The Misses Byrd and Alden, a "Treat for the Eyes and Ears"; Copeland and Straine, two dusky entertainers, and Palermo's Canines complete the program. Pathe News and Aesop's Fables will be the offering in the film line. There will be two performances nightly and matinees on Saturday and Sunday.

### ON WITH THE DANCE

THERE is a report that six fraternities have arranged for dances on the night of Saturday, Nov. 5. That is the night of the Union Memorial ball, which is expected to be given in the state capitol.

The Memorial committee requested every fraternity and sorority to call off their dances that night. The reason was obvious. It will be an outrage for private parties to be held the same same night of the big ball. It must not be.

The blame may not rest on the fraternities, as it is said that contracts for music had been signed in advance of the request from the Union Memorial committee. But wherever the trouble lies it must be cleared up.

### A WORD FOR THE GIRLS

IT isn't the easiest thing in the world for a woman to go out on the streets and sell things, yet every Wisconsin woman is happy to be able to show her loyalty to her Alma Mater by selling things to boost the campus activities.

It is loyalty and nothing else that prompts her to go out in the rain and cold, to stand on a windy street corner, and to accost every man that passes with "Have you subscribed to the Badger?"

She doesn't do it because she thinks it is fun, or a joke. She isn't working for a prize. She is trying to show her spirit in the only way she can just as her Wisconsin brothers try to show their spirit by keeping Wisconsin's name high in athletics.

The Badger girls are asking only for co-operation. They say, "We help the men put over all the big athletic events. We work for everything they ask us to work for. We are always ready to boost their activities. Can't they be equally ready to help us out? Can't they work with us? Can't they give us a bit of backing and encouragement instead of laughing at our efforts and acting bored and indifferent when we ask them for their subscriptions?"

It is up to the men, who still think that the girls who are selling Badgers are trying to get a little charity, to change their attitude and begin to take into consideration what the Wisconsin women do to keep alive Wisconsin spirit.

### EDUCATED BLUFFING

Few men think, yet all have opinions. Hence men's opinions are superficial and confused.—George Berkeley.

"TWO hundred years ago this was truism. Still more so is it today. Not that men think less today than they did two hundred years ago—perhaps they do at that. But it is still a truth because men have so many and diverse opinions today. The scope of the modern man's opinions is like a mud puddle—broad and expansive, but not deep.

In the eighteenth century men generalized more on the scanty store of knowledge and hence had an allowable pretense at having opinions on diversified subjects.

Today, men specialize more, but still have the tendency to have opinions on everything. The lawyer talks glibly on medicine and the doctor professes to be a connoisseur in literature and art. The trouble lies not so much in the variety of the interests as in the superficiality of the knowledge in all but a few. Men put on a bold front, and armed with one-tenth knowledge and nine-tenths bluff proceed to humble the wise.

And such men pass with the vulgar crowd as being versatile. Therein lies the irony.

## CONTEMPORARIES

### THE CLASS RUSH

BY popular vote of men students the freshman green cap, the cap night bonfire in the spring, and the freshman-sophomore class rush in the fall have been reinstated at the University of Wisconsin. The class rush, scheduled for Oct. 15, is of considerable public interest because of events leading up to it.

These traditional university activities, chief among them the rush, were suspended by the student senate last year due to serious injuries to students at the freshman cap night bonfire, the senate's action having approval of the faculty. One thousand students immediately gathered in massmeeting to protest against abolishing the green cap tradition, and demanding a referendum with respect to it.

About 50 per cent of the men participated in this referendum, which stood 1,421 against 248 in favor of green caps and cap night, while the vote was 1,286 against 379 for reinstatement of the class rush. In this connection it should be stated, because it is not generally known, that under student self-government, which was granted in 1909 in return for an agreement to abolish hazing, the faculty is without direct power to regulate these activities at the university.

So the student body at Madison and self-government there seem to be on trial when the class rush is staged Oct. 15. Self-government is to be encouraged, of course, because it tends to place young men on their sense of honor, and there can be no objection to the class rush if it is kept within the limits of safety. Let the boys rush back and forth over the campus, if they enjoy that sort of thing, and let them parade the streets of Madison—it seems like harmless and boyish fun—but self-government regulations should be adequate to eliminate the rough stuff. Mothers and fathers do not send their sons to the university to engage in university activities which, if carried too far, are almost certain to result in serious injuries to some young men.

## PLANS MADE FOR TRIBUTES

### Mayor Kittleson in Charge of Armistice Day Ar- rangements

Cessation of all work during the zero hour between 11 and 12 o'clock in the morning, laying of tributes on an altar, to be erected somewhere on the Capitol Square, and a huge mass meeting, at which some nationally known speaker will talk, are the Armistice Day plans of the program body of Mayor Kittleson's Armistice Day arrangements committee, which met in the council chambers in the city hall Tuesday night. An effort will be made to secure Vice President Coolidge as the speaker.

Mayor Kittleson was made chairman of the general committee and Norton J. Williams secretary. The program committee, named by Mayor Kittleson, consists of 15 members: J. N. Cadby, Mrs. Ella Bresee, Dudley Montgomery, A. W. O'Connell, Miss Grace Meyers, Mrs. J. T. Lacey, Henry Noll, Mrs. Howard Weiss, Thomas W. Gosling, Mrs. Flora C. Hopkins, Ben Stitgen, Mrs. R. I. Watson, Emerson Ela and Mrs. Elizabeth McConnell.

This committee was formed, as well as a finance and an auditorium committees, on motion of Emerson Ela, who declared that Madison's celebration of Armistice Day this year should be a particularly significant one in view of the fact that the conference for the limitation of armaments is to open that day in our national capital. The program committee went into executive session and reported later.

Members of the finance committee are H. J. Loftsgordon, Walter Chisholm, Mrs. George C. Holmes, Ald. G. H. Mason, Mrs. E. C. DeMoe, Mrs. George Nienabler, Mrs. Hazel Spinhirne, Mrs. Elizabeth McConnell, Mrs. Fannie G. Zillisch, Mrs. F. A. Askeu, C. P. Conrad, Miss Grace Botham, R. W. Austermann, George Cnare and A. E. Pierce.

The auditorium committee consists of J. C. Elsom, Ald. Asa Groves, F. P. Anderson, Rev. George E. Hunt and Col. W. J. Anderson.

All plans of the program committee are tentative and subject to change if good suggestions are received. It is planned to have all schools put on special programs between 11 and 12 on Armistice Day.

The idea of having an altar on the square on which all Madison's various organizations may lay tributes, eliminates the plans for a single parade, but will permit of small parades all day long, each organization making its own plans.

#### POLITICS MAJORS

There will be a meeting of major students in political science (both graduates and undergraduates) Thursday evening at 8 o'clock at the home of Prof. F. A. Ogg, 1715 Kendall avenue. Dr. H. R. Trumbower of the railroad commission will speak.

"College Athletics" will be the subject of Coach Tom E. Jones, head of the athletic department, in his talk before the "Y" Fellowship meeting tonight at 7:30. All men of the university are invited.

#### BADGER CLUB HIKE

The members of the Badger club are invited to meet at the "Y" on Friday afternoon at 5 o'clock to hike out to the stone quarry for supper. Those desiring to go will leave their names at the "Y" office before 5 o'clock this afternoon (Thursday, Oct. 13).

#### METHODIST STUDENTS

The fifteenth annual reception will be held Saturday evening for all university Methodists at Wesley hall, opposite the Chemistry building. Informal gathering for making friends, brief musical program, refreshments. Rowena Brown '23, and Russell Irish '23, are sponsors. Come at eight.

#### PYTHIA BOARD

Pythia executive board will meet Friday at 12:45 in Lathrop hall.

#### HOMECOMING ALUMNI COMMITTEE

The Homecoming Alumni committee will meet Friday at 1:15-4:00 in 109 Bascom hall.

### Art Guild Will Hold Exhibit Here Oct. 24

There will be an exhibit of the work of Madison artists during two weeks beginning Monday, Oct. 24th

under the auspices of the Madison Art association in the state historical museum. The artists are asked to submit only three pictures apiece. Pictures are to be sent to Miss Winslow's studio, State Bank Building,

Pinckney street, 2nd floor. They will be received from Tuesday, Oct. 18, until Thursday, Oct. 20. No pictures will be received for consideration after this date.

## Bumper Corn Crop Is Seen In Wisconsin

**Estimated Production is 89,338,000 Bushels; Tobacco Boosts**

Cultivated crops in Wisconsin made a substantial gain during September with an increase of 6,500,000 bushels in the prospective corn yield, 2,600,000 bushels in the potato yield, and 4,700,000 pounds in tobacco. Cabbage, however, declined 10,000 tons from the August estimate and onions 65,000 bushels.

Corn established a new Wisconsin record, the estimated production on Oct. 1 condition set at 89,338,000 bushels compared to 32,863,000 estimated on Sept. 1, 36,044,000 produced in 1920 and a five year average of 82,363,000 bushels.

The condition of the crop on Oct. 1 was 96 per cent of normal, compared to 93 per cent on Sept. 1, and a 10 year average of 81 per cent.

The potato crop showed a substantial increase of 2,580,000 bushels. The Oct. 1 condition was 55 per cent of normal in comparison to 50 per cent in September, and a 10 year average of 75 per cent. Production is estimated at 23,263,000 bushels.

Wisconsin tobacco is reported to have increased 4,700,000 pounds in September, due to the fact that the late planted crop began to grow following the rains of the closing days of August. The prospective yield is 61,438,000 pounds as compared to 56,763,000 forecast in September, 62,400,000 produced in 1920, and a five year average of 52,920,000.

The condition on Oct. 1 was 92 per cent compared to 85 per cent in September, 91 per cent a year ago and a 10 year average of 86 per cent. Early planted tobacco went into the sheds early and in excellent condition, the report says. Harvest of the late planted was hindered by rains, and some pole rot developed in the muggy weather of the last week in September.

### Mayor Supports Salvation Army Appeal Days

**BY MAYOR I. M. KITTLESON.**

Whereas, the Salvation Army has been for years a mighty power for good in Wisconsin, an amazing power for fostering good citizenship in every community in its simple remedies for misery and despair; realizing continually that there is no community and no individual immune from disaster and misfortune.

And whereas, the Salvation Army is desirous of extending its field of activity and is now in need of the sinews of war to wage its everlasting battle against sin, vice, and poverty in the state of Wisconsin.

Now, therefore, as mayor of the city of Madison, I hereby designate and set apart Oct. 24 and 25 as Salvation Army Appeal days and call upon all our citizens whose hearts go out to the poor to respond to the limit of their ability to this appeal and to meet our prominent citizens, who have undertaken the canvass it so richly deserves.

### Prof. Gillen in Address to U. W. French Club

"Grammatical terminology for students of modern foreign languages" was the topic of the lecture delivered by Prof. Charles F. Gillen of the French department of the University, Tuesday afternoon in Bascom hall. "Language is the poorest way we have of expressing ourselves, although the most common," said Prof. Gillen. "We whistle, yell, stamp, and shout." Prof. Gillen explained and defined grammatical terms, their use and application in foreign languages. Prof. Gillen felt that the students needed a full explanation of the parts of speech, and grammatical terminology.

### NEW GIRL STAR IN GOLF FIRMAMENT

Miss Glenna Collett.

Miss Glenna Collett of Providence, R. I., a eighteen-year-old miss, startled golf leaders recently by negotiating the course in 85 in the qualifying round of the national woman's golf tourney at Deal, N. J.

### At the Theaters

#### AT THE GRAND

The James Oliver Curwood picture "Kazan," which was billed at the Grand for a run of four days, has been held over and will be shown again today. Arrangements to this effect were last night made over the long distance phone. James Kirkwood's picture "The Scoffer," which was to open today, will be shown only Friday and Saturday instead of the three days as originally advertised.

#### AT THE STRAND

Hugo Ballin's production "The Journey's End," which is now being shown at the Strand theater is the first serious drama ever brought to the screen without a single subtitle from beginning to end.

The story tells of a young girl delicately nurtured and bred who leaves a convent in Rome, where she has been educated, to make her home with an uncle in America. Through force of circumstances she is forced into a marriage with a man infinitely her inferior. Then, when she met a man who is in every sense of the word her mate, conditions become intolerable, and she leaves her husband. How Fate intervenes to straighten out the tangle makes one of the most gripping, forceful stories ever flashed upon the silver-sheet—a story which combines dramatic force with a rare amount of pictorial beauty.

The featured players in the cast are Mabel Ballin and Wyndham Standing.

The added attractions are a "Snub" Pollard comedy, and a scenic study "Bonnie Scotland."

### Life is a Mirror Says Lecturer On Theosophy

"As a Man Thinketh" was the subject of the lecture by E. W. Munson on Tuesday evening, Oct. 11, at the Madison public library, under the auspices of the Madison Theosophical society.

"Life," said Mr. Munson, "is a mirror which reflects back from the world what we put into it. What we think has an influence on those about us. We are responsible for our thoughts in the effect which they produce, for as we go through life we are sending out thought-forms just as definite as the spoken word. The effort of thinking sets up vibrations in the mental sphere which go out of ourselves into the world where they create form. A feeling of sympathy, or an angry thought sends out a form peculiar to itself. Pictures have been made of some of these thought-forms—not by a camera, but by means of people possessing clairvoyant powers."

Mr. Munson illustrated his lecture by the use of slides showing thought-forms, which he interpreted as to color and shape. As yellow indicated intellect, green is sympathy, rose-color is love, red is a symbol of hatred, and orange of ambition.

This evening at the city library at 8 o'clock, Mr. Munson will give the closing lecture of the series, his subject being "The Soul's Business Career." All are welcome, admission free, collection being taken to defray expenses.

### Judge Stevens Appoints Commissioners to Assess Land

The petition of the University Board of Regents for the condemnation of property on which the university is to erect its new hospital buildings and the Union building, was granted in Circuit court Tuesday by Judge E. Ray Stevens.

The new Union building is to be erected upon the sight of the present Union building, next to the University Y. M. C. A. This land and the house upon it is the property of Pres. E. A. Birge of the University, and there he has lived for the past 50 years. J. E. Messerschmidt of the attorney general's force held that Pres. Birge cannot sell the property to the University because he is an ex-officio member of the board of regents and that therefore such a sale would not be permitted under the law.

### Dr. Elsom to Talk to Rotarians Thursday

Dr. J. C. Elsom will give an illustrated address on Boy Scouts before the members of the Rotary club and their ladies Thursday night at the Park hotel following a dinner. Among the unique features of the meeting which will take the place of the regular weekly luncheon will be a drawing for prizes at 6:30 at which time the dinner will be served. Only those in the room at that hour will be eligible to draw for the prizes. Each Rotarian will be expected to be accompanied by a lady but will not be allowed to sit with her during the evening.

### WILL GET CHANCE BEHIND THE BAT FOR TRIS' TEAM

Luke Sewell.

Luke Sewell, brother of peppery Shortstop Joe Sewell of the Cleveland Indians, undoubtedly will get an opportunity to show his ability as a catcher next season. It is generally conceded that Speaker will spend some thought developing someone to aid Steve O'Neill and someone to replace Third Baseman Gardner next season.

For Your School  
Wardrobe

Warm Jersey one-piece frocks are decidedly chic for fall and winter wear. We have a splendid assortment of these dresses in henna and black, with leatherette collars and cuffs in contrasting color combinations.

Be smart and well, as well as warmly, dressed in one of these charmingly girlishly frocks.

## WHAT GOES UP MUST COME DOWN

The old saying "what goes up must come down" is proving true in the case of midday's skirts. They surely went up and they are now just as surely coming down. Here is a recent importation from Paris showing the new "longer" skirt and the tight peasant-like bodice.

## JONES TO TALK AT FELLOWSHIP MEET

"College Athletics" will be the subject of Coach T. E. Jones, director of physical education, in talk before the "Y" Fellowship meeting tonight at 7:30.

Speaking before a group of university students recently, he pointed out that "there is no money in athletics at Wisconsin. The kind of men we are looking for are those who are willing to fight for their alma mater and win personal glory as a secondary consideration."

New men at the university are especially invited to hear Coach Jones and meet him personally. The Fellowship meetings of the "Y" are held each week during the school year in order to afford a place where men of all classes can get acquainted with each other and with activities in school. Last week Professor J. M. O'Neill of the Public Speaking department spoke on "Forensics."

## Discuss Installing of Spotlights on Buildings

The matter of installing spotlights from building tops to illuminate the State and King st. intersections of the square was taken up by the police and fire committee at a meeting Monday night. Action was held in obedience for the present.

## New Front of Fuller Theatre is Finished

The canopy was removed late on Monday from in front of the old Fuller theater. The front of the structure has been remodeled and now includes the space formerly occupied by the New York Floral shop and Fischer's cigar store. Workmen are now preparing to bring their operations inside to a close, though the building will not be ready for occupation before the end of the year, it is said.

## Rooters Will Go to Illinois Game on Special Train

A special train for the Illinois game will leave the Northwestern station at 4:10 Saturday morning, October 22, and will arrive in Champaign at sharp noon. The rate has been cut to one half of the fare one way, lessening the fare about \$5. Berths will be made up at 10:30 p. m. and will be available any time thereafter.

"Go right from your date to the train," said "Gus" Tuckerman '22, varsity cheerleader, yesterday, as he explained the plans.

The band will go on this train and there is room for 335 students besides, so that everyone will be provided for. The train leaves Champaign shortly after the game and will arrive in Madison late Saturday night. This arrangement eliminates all necessity for cutting Friday afternoon classes, besides reducing the rate considerably. Those who intend to get reservations on this train, are urged by the railroad company to do so as soon as possible so that the number of coaches needed may be known.

## MANY MEET WITH ARTS AND CRAFTS

Nearly 80 students attended the first open meeting of the Arts and Crafts club held in the designing room at the machine shop, Wednesday night.

Dorothy Axtell '23, president of the club, gave a short talk on its requirements, and Mrs. William Stewart, president of Delta Phi Delta, honorary national art fraternity, explained the object of this organization. Various stunts were given to introduce the new members to the club.

New students in the industrial education and applied arts departments were guests at the meeting.

## Men Coming Back to Teaching Profession

**MENOMONIE, Wis.** — Men are coming back into the teaching profession, according to President Schofield, of the teachers association stated. For the first time in years the teacher training schools show notable increases in men students. Mr. Schofield said a large number of men had enrolled in the Eau Claire Normal school. The Manitowoc County Training school has doubled its enrollment of boys. Stout Institute has increased its male enrollment over 90 per cent.

## SENATE ACCEPTS TRADITION REPORT

(Continued from Page 1.)

the caps, with distinctive ceremony, and November 1 the date for their removal in the fall will be decided. The date for the Spring return will be Easter Sunday, and Cap Night in June will be set for their removal, again with fitting ceremony.

Students shall salute the president of the university when passing him on the street.

Sophomores as well as freshmen are not to be disrespectful to upperclassmen.

Freshmen and sophomores are not to loiter about the entrance of Bascom hall or Lincoln terrace, and freshmen are not to loiter about the entrances of other important university buildings.

High school insignia of any kind is not to be worn by newcomers on the campus.

Smoking within the limits of the campus, except in the Union building, is not to be allowed freshmen before Cap Night in June.

### Propose Field Day

The recommendation that a class field day, to be participated in by

all men of both classes, be held every spring will also be included in the referendum questions. This field day is outlined as an event which will soon take a position on a par with the rush, and events in which the full strength of both classes can be brought to play, with honors for the winners, are named. As the possession of the winning class, the Wisconsin Badger will be displayed in the hall of the Union Memorial building when completed and in the men's gym before that time, with the classes' numerals and colors.

A totally new method of enforcement of traditions was recommended, and will be brought up in the referendum, by which all students of the upper three classes are to bear the responsibility instead of the sophomore students alone. This will be done because it was felt that members of the second year class are too much worried about the spirit of the traditions and too much concerned with their new power.

### Court Discussed

Discussion as to the revival of the Student court brought out the history of the old court, which failed to work under pressure because of hampering restrictions. The court was favored by the commission, however, and was voted back into existence by the senate.

Changes in representation in the revived court, by which members

stead of classes, and a similar revision of senate representation were referred to the executive committee for report at the next meeting. The new system, if adopted, would mean a complete change in the basic idea of student government from one of classes to one of schools and colleges, but sentiment of the senate is favorable to it, as being more logical and representative, and easier to work effectively, than the existing one.
