### TOAST TO WISCONSIN

'Varsity! 'Varsity! U-rah-rah! Wisconsin!

Praise to thee we sing.  
Praise to thee, our Alma Mater,  
U-rah-rah! Wisconsin.

### BADGER HEROES

Cheer for Wisconsin,  
Cheer for her boys on the field,  
U-rah Wisconsin  
They will make opponents yield U-rah-rah  
Our team will win the game,  
For they're fighting for the fame  
Of Wisconsin, Of Wisconsin,  
Hurrah for old Wisconsin,  
U-rah-rah Wisconsin,  
Champions of the West.

### STEEL KING.

Here's to old Wisconsin's heroes,  
They score points to others' zeros.  
Rip her up for old Wisconsin!  
U-Wisconsin! U-rah-rah Wisconsin!  
Champion of the West!

### TAMMANY.

Varsity! Varsity!  
U-rah-rah-rah! Wisconsin!  
U-rah-rah-rah! Wisconsin!  
Varsity! Varsity!  
Squash 'em, bust 'em,  
That's our custom.  
Varsity!

Iowa, Iowa,  
Though the game has just begun  
We have got you on the run,  
Iowa, Iowa.  
See the touchdowns  
Piling up on  
Iowa.

Iowa, Iowa,  
You are beaten can't you see,  
Back to Iowa! Twenty-three!  
Iowa, Iowa,  
You are down and out,  
So good-bye,  
Iowa.

### MARCHING SONG.

- (a) Clear the way for old Wisconsin!  
For to sing her praise we come,  
For to sing her praise we come;  
With a U-rah-rah! Wisconsin,  
As we march with fife and drum.

#### CHORUS.

See the Cardinal floats high,  
Bright and gleaming in the sky,  
For the 'Varsity we love,  
May its glory never die,  
We are loyal sons and true,  
And wherever we may roam  
We will sing for old Wisconsin,  
For our dear old college home.

- (b) U-rah! U-rah!  
Rah! rah! rah! rah!  
We will sing for old Wisconsin.  
U-rah! U-rah!  
Rah! rah! rah! rah!  
For our dear old college home.

#### CHORUS.

- (c) With our songs the air is sounding;  
For Wisconsin let us sing,  
For Wisconsin let us sing;  
Loud and clear with voice resounding,  
Far and wide her praises ring.

### History of Red Domino

Red Domino was organized in the spring of 1899. Miss Jane Butt, at that time an instructor in elocution at the University, was its founder. Mrs. Lucien Hanks, Mrs. Charles Tenney and Mrs. Frank Edsall assisted in its formation and are now members. The club is a secret organization. Its object is to promote interest in Dramatic Work among the women of the University.

Red Domino has given many plays. "A Scrap of Paper", put on at the Fuller Opera House in January 1903, won especial mention as a highly finished amateur production. Miss Fola LaFollette, who took part in that play, is now on the professional stage. Miss Marion Lamont, formerly instructor in the department of Rhetoric and Oratory here, has been a most enthusiastic member and has done a great deal toward the welfare of Red Domino.

## COLLEGE OF LETTERS AND SCIENCE.

Report of Catharine E. Hayes for the past semester.

The following grades are employed by the University in reporting standings: **E**—excellent; **G**—good; **F**—fair; **P**—poor; **Con.**—conditioned; **Fld.**—failed. A failure can be made good only by taking the study again in class. A condition must be made up by a satisfactory examination at the end of the semester following that in which the condition was incurred. If not made up at this time it becomes a failure. Two or more conditions or failures render a student liable to dismissal from the University.

# SONGS FROM THE BUDLONG CASE

BY GEO. HILL, AGR. '08

## "NESTLE."

("Come and Nestle Closely," etc.)

DOUBLE MIXED QUINTETTE.

I.

A nice young man with a long gray coat  
And his trousers creased at the side,  
Was a shining star with his Winton car  
Which his daddy had supplied.  
He wasted oil on the Kappa girls  
And rode them 'round the town's environs,  
But, innocent lad, his end was sad,  
When the D. G.'s sang like sirens:

Chorus.

Let us nestle closely by your side,  
Let us call you all our own;  
Do not take the Kappas for a ride,  
For we want you all alone.  
Let us sting the Pi Phis for a while,  
Snub the Kappas while we can;  
You're the candy kid we're looking for—  
Be a D. G. man.

II.

In the Chi Psi Lodge on a cold, cold morn,  
The furnace went up the flue,  
For the pipes blew up and the fire blew out  
And the Chi Phis said, "Well—whew!"  
Skidoo for them at 4 a. m.  
"Deac" Kimball found the house neglected  
And empty and forlorn;  
"We are pinched," he said, in scorn;  
"This is what I've long expected."

## "NESTLE."

("Come and Nestle Closely," etc.)

DOUBLE MIXED QUINTETTE.

### I.

A nice young man with a long gray coat  
And his trousers creased at the side,  
Was a shining star with his Winton car  
Which his daddy had supplied.  
He wasted oil on the Kappa girls  
And rode them 'round the town's environs,  
But, innocent lad, his end was sad,  
When the D. G.'s sang like sirens:

### *Chorus.*

Let us nestle closely by your side,  
Let us call you all our own;  
Do not take the Kappas for a ride,  
For we want you all alone.  
Let us sting the Pi Phis for a while,  
Snub the Kappas while we can;  
You're the candy kid we're looking for—  
Be a D. G. man.

### II.

In the Chi Psi Lodge on a cold, cold morn,  
The furnace went up the flue,  
For the pipes blew up and the fire blew out  
And the Chi Phis said, "Well—whew!"  
Skidoo for them at 4 a. m.  
"Deac" Kimball found the house neglected  
And empty and forlorn;  
"We are pinched," he said, in scorn;  
"This is what I've long expected."

*Chorus.*

"Come and nestle close," the Phi Deltas cried,  
Megaphoning o'er the street,  
"Come and nestle closely by our side—  
Come before you freeze your feet;  
Let us fold you fondly in our quilts,  
Come and fill a room or two;  
Bring along your duds, for our hotel  
Will hold you too."

III.

A Delta Tau, with a sunburst vest  
(Ike Dahle, 1904),  
Come back to see what the style might be  
That the little Tau Deltas wore.  
He saw loud hats and explosive spats,  
All colors from maroon to cherry.  
They had suits of giddy cut on,  
And coats with just one button,  
But the flossiest was Harry.

*Chorus.*

"You've the flossy clothes," Ike Dahle cried.  
"Trousers with six-inch rim.  
You've the kind of vest no cat can hide,  
All the people say, 'That's him.'  
You have caught the Tau Delt rag-time style—  
Harry, you look good to me;  
You're the very kind of candy boy  
I used to be."

IV.

A bright frat pin on a Phi Gam vest  
One day was seen no more,  
For it was placed on the pink shirt waist  
That a pretty little Kappa wore.  
The constant way that he called  
Made truly an idyllic picture,  
He became a decoration in the Kappa habitation  
In the nature of a fixture.

*Chorus.*

Quarter after eight Frank Bennett calls,  
Strolleth to the Pal at ten,  
Sadly wanders back to old North Hall,  
After which he calls again.  
Every night he sits till 12 p. m.;  
Sunday? He's around all day  
Just to show his independence of the  
S. G. A.

V.

When *you*, my dear, came to Prom down here  
You were proper as could be,  
But yesterday you were pretty gay,  
Your shyness had to flee.  
When *you're* with *him* and the fire glows dim,  
Comes Cupid in your ear a-crooning,  
And about tomorrow night, in the dim romantic light,  
You'll be really, truly spooning.

*Chorus.*

*You'll* be nestling closely by *his* side,  
Telling him you're all his own;  
Sitting in a space about so wide—  
Pfu! on the chaperone!  
*You'll* be folded fondly in his arms,  
Talking lovey-dovey-goo;  
*He'll* be nestling close as *he* can get  
And so will *you*.

---

## "PEACHES."

ZOLDO AND GRACE.

I.

Prom time's the season of waltzin' and squeezein'  
And such like stunts;  
The soft swaying dance and the dreamy-eyed glance  
Are supreme for once.  
If *he* calls you Peaches, such candified speeches  
At Prom are correct things to do;  
You reign but a day, so be gay while you may—  
Don't shy when we sing to you:

*Chorus.*

Hello, Peaches, nice little Prom time queens,  
Hello, Peaches, sweet little nectarines,  
Wasn't the Prom a perfect dream?  
Wasn't it nice of Mr. Rehm—  
You two—peaches and cream—  
Hello, peaches and cream.

Hello, Peaches, you are the girls for us;  
Hello, Peaches, isn't it fun to fuss?  
Dodge the chaperone, just to tease her;  
*We* may be cream, but she is the freezer—  
*You* be the lemon and he'll be the squeezer —  
Hello, peaches and cream.

II.

Muck rake exposures and shocking disclosures  
Are now in style;  
Madison has 'em in regular spasms,  
The live-long while.  
Edward Sapolio Jordan's outclassed,  
And Hearst turns an envious green  
Beholding the flowery concoctions of Mowry  
And Max of the Magazine.

*Chorus.*

Yellow kidoes, raking the college through;  
Yellow kidoes, making the Journal stew.  
Nice little scraps of misinformation—  
Cub reporters' imagination—  
'Varsity scandal! Tremendous sensation!  
Rah-rah! Screeches and scream!

## GAMMA DELTA

(“Honeymoon.”)

GIRLS OF CAST AND QUINTETTE.

I.

Gamma Delt! Gamma Delt!  
Daughters at thy shrine have knelt,  
Year on year afar and near,  
Gamma Delt!  
Pledge we all our faith to you,  
Render we thy rev'rence due.  
Goddess mother, tender, true,  
Gamma Delt!

II.

Gamma Delt! Gamma Delt!  
Year on year our hearts have felt  
Love for thee wax wondrously,  
Gamma Delt!  
Though may wrath ne'er cloud thy brow,  
Darn the Kappas anyhow;  
Pfui on them! Fzzt! Miaou!  
Gamma Delt!

## THINGS ARE NOT LIKE THEY USE TO BE

(“In Days of Old.”)

BUDLONG.

I.

It is strange what a change has come over the U  
Since the days of long ago.  
The sport who was fast is a thing of the past,  
The college is solemn and slow.  
To buck in the libe till your glasses wear out  
Is considered the thing for the student;  
We shudder to think how our grads used to drink  
Two beers in a night—how imprudent!

*Chorus.*

It was not like that in the olden days,  
In the days before reform,  
Far-away, old, gay old, golden days  
When the Rounders used to swarm;  
When we mostly did what we oughtn't to,  
When we rambled from the fold;  
We were out all night *and came home all right*  
In the days of old.

II.

Wisconsin is sure pretty pure and demure  
Compared with the college we knew;  
Our school-fellows then were a race of great men  
And a grand bunch of good fellows, too.  
Now, nights when they put out the Library lights,  
The students all hike to the hay,  
Or stay out of bed with a tow'l round the head  
And buck till the dawn of the day.

*Chorus.*

It was not like that in the olden nights,  
In the days before reform,  
In the days of gay dog-wagonites,  
When the wienerwursts were warm;  
When we sang “Cheer-cheer” as a serenade  
As we slowly homeward rolled  
At half-past-two, when the moon shone blue  
In the nights of old.

III.

Don't take it too hard if I sing by the yard  
On the days of long ago.  
You'll hear it, be gad, from ev'ry old grad;  
I suppose it will alwways be so.  
In the sweet by-and-by, in your turn you will sigh  
For the glorious days of the past,  
And freshmen thereafter will go even dafter  
And thus they will sing at the last:

*Chorus.*

"It was not like that in the olden days  
That have passed beyond recall,  
In the rare old, fair old, golden days,  
It was not like that at all."  
Though reforms and storms come and go again,  
It's the same that it's always been,  
When you get clear down, to the same old town,  
And the same old

WIS-

CON-

SIN!

IV.

But the change that is saddest of all that I know  
Is the half-price remnant Prom—  
It's striving today in a heartrending way  
To hide its black eye and be calm.  
The hall, once so fair, is indecently bare—  
We feed upon starvation rations;  
Next year, I suppose, we'll cut out the dress clothes—  
Have paper rosette decorations.

*Chorus.*

It was not like that in the olden days  
Ere reformers took a hand;  
Then the rare old, fair old golden Prom  
Was a piece of fairyland.  
Then a marked-down Prom giving trading stamps  
Hadn't even been foretold.  
In vain we sigh for the days gone by  
And for Proms of old.

## The Concert after the Performance

**Don't Miss It!** The best part of the show is yet to come. A high class artistic performance, introducing Stars of the First Magnitude, Prima Donnas of Unsurpassed Reputations, and with Unearthly voices. Hear them! See them! The Butterfly Dance by Mme. Highstepper alone is worth the price of admission. Hear the mysterious, mystifying, meritorious music by the Muscular Quartette. There are other attractions too numerous to mention. One dime, ten cents, for the whole performance.

## DANCES

The last of a delightful series of dances was given Friday night by the Sans Souci club. Eight young bachelors of the club were hosts on this occasion and entertained right royally. The committee was composed of Dr. Edwin R. Mulford, Dr. M. W. Dvorak, Dr. George J. Egan, Messrs. Albert H. Schubert, James Thompson, John Foley, W. F. Funk and Carl Michel. The hall was especially pretty with its garnature of flowers and plants. In the center of the hall a huge basket of lovely flowers swayed, suspended from the ceiling. The musicians were screened by a greenery of palms and ferns and all the radiators were draped with the German and the American flags upon which rested potted plants. Punch was served at the east end of the hall. In the dining room a lovely pyramid of flowers graced a square table in the center of the hall while around this the tables were arranged for the seating of all the guests with the hosts and their ladies on the inside. The program was printed in German and consisted of old fashioned German dances. All the details were decidedly unique and the closing party of the season proved a very happy event. Twenty-eight couples were in attendance.

### HOURS OF MEALS

In term time, on week days, breakfast will be served at 7:15, luncheon at 12:45, and dinner at 6:00. On Sundays meal hours will be 8:15, 1:15 and 5:45. The dining room will be locked forty-five minutes after the above hours, excepting Sunday evening, when the door will be locked at 6:15. It is expected that students will assemble promptly at the dinner hour, unless they have arranged with the Matron for tardiness.

### EXTRA MEALS

In case of illness, meals will be taken to the rooms of students, without extra charge, after the regular meals in the dining room have been completed, upon the Matron or the Nurse being notified that such meals are desired.

Students who require food not on the menu must arrange for such special diet with the Matron so that the Cook can be given the permission necessary for serving extra things. Whenever possible such arrangement should be made in the office a reasonable time before the meal.

Meals obtained after the time for closing the door has arrived will be charged for extra.

### PAYMENT OF BILLS

Payments for board, transient meals and laundry must be made at the Matron's office. Regular board bills are due four weeks in advance, or at the time indicated in the statement rendered. At present the price of board is \$3.50 per week. Students having rooms at the Hall cannot board outside the Hall.

Rebates for absence will be allowed only as follows: ("Absence" will be absence from town.) Notice of absence must be given to the Matron before the time the student wishes the rebate to commence, a register being provided for such notice at the matron's office. For not less than eight meals and up to two weeks' consecutive absence rebate of one-half will be allowed, with the exception that after the recesses at Thanksgiving, Christmas and Easter, students will be charged full board from the morning of the first day after the recess. When a student's absence extends to

two weeks a rebate for the whole time may be granted at the discretion of the Matron.

Any commutation of charges for board in cases where students leave before the close of the semester, except in case of necessity, is entirely voluntary with the Matron.

### GUESTS

A charge of twenty-five cents per meal will be made for guests.

In all cases where guests are expected, notice should be given to the Matron, if possible, two hours before the meal and for dinner parties the day before. When guests are taken to the dining room without any previous notice to the Matron or her representative, double rate will be charged. Notice shall consist in an entry in the register provided for the purpose in the Matron's office at least half an hour before the meal. But when for any reason the entry has not been made an half hour early it is necessary to speak to the Matron or her representative, besides registering before the meal.

Students may not send substitutes to the dining room without previous ar-

agement at the office, and no arrangement can be made for less than three consecutive days.

**GENERAL**

Although by a resolution of the Self-Government association "dressing sacques may be worn at breakfast on Saturday, Sunday and all holidays" it is not expected that this dictum will be regarded as permission for students to appear in the dining room carelessly dressed or in garments that are inappropriate outside of a dressing room.

Students are not allowed to enter the maids' corridor or the kitchens without permission of the Matron, and no pro-

visions will be sold to the students by the Matron, or be permitted to be taken from the dining room except in case of illness, as above provided. Food or dishes taken from the dining room in violation of above rule will be charged for. The Matron is willing to lend dishes and silver for Hall functions when one of her maids is engaged for the occasion, who can be responsible for the return of the articles lent. Otherwise, dishes and silver will not be loaned and students are requested not to ask for them.

**LAUNDRY**

A laundry is provided in the Hall, of

which students may avail themselves. They are not permitted to send laundry out of the Hall excepting to a steam laundry or to their homes.

Laundry to be done in the house should be placed by the student's door in the corridor before nine o'clock Monday, and the name on a clearly written list should accompany each bundle.

Students living outside the Hall can have laundry done, but it will not be called for nor delivered.

The Matron does not assume responsibility for the return of clothing sent into the laundry not marked with indelible ink.

**The Matron desires that the dining room management and service should be comfortable for all, and to this end solicits the co-operation of the students who can assist very materially by reporting all causes of complaint promptly at her office.**

### Synopsis—Act 1

Teddy Fullerton, a freshman on the ragged edge in his college work, is deeply in love with Inez Burbage, daughter of Professor Burbage. The first scene portrays the room of Teddy and his senior roommate, Horatius Virgil Smythe. J. Wallack Booth and Harry E. Burton Chadwick, a couple of students who conspire to mar Teddy's reputation at the Burbage household, are in Teddy's room at the opening of the play. Miss Burbage passing by on the street below causes some commotion and Chadwick makes a hasty exit to overtake the fair maiden.

Horatius Virgil Smythe appears next and tells his roommate Teddy of the attempt of Booth and Chadwick to "queer" him with Professor Burbage. A scheme is then devised to turn the tables on the designs of the two students. Booth and Chadwick are invited to the room of Teddy and Horatius to dine with an actor and actress from a popular show.

Selection—Wisconsin Glee Club.

"You're Only a Minor"—Illustrated song sung by Irving Tower.

### ACT II.

The room of Smythe and Fullerton again. All is in readiness for the duping of Booth and Chadwick. Teddy and Horatius appear as the actress and actor and when Booth and Chadwick arrive they are taken in by the masquerade. A riotous scene follows, at the height of which Professor Burbage appears.

"Seeing Madison"—Arthur B. Eldredge and quartet.

### MISS SUSAN ARMSTRONG.

The hobby of Miss Sue Armstrong, who plays the part of Constance, the jailor's daughter, this evening, is grand pianos. It is her common practice to buy one as a souvenir of every city in which she has played, and she now has a collection of something over a thousand which she carries about with her constantly. "Of course they are something of a bother, but it's just my fad," says Miss Armstrong gaily.

Any waits in the performance are somebody else's fault.

**History of Haresfoot Club**

The Haresfoot Club was organized in 1898 with eight members, in order to direct and foster the interest in dramatics which at that time particularly began to be noticeable at the University of Wisconsin. Since that time the interest has not ceased to increase and there are annually a number of public performances, among which the Haresfoot Play has held its place as the principal event.

The club keeps up its membership by admitting by unanimous vote those who have proved themselves possessed of aptitude for dramatic work. There are also a number of honorary members actors whom the club has entertained. Among these Otis Skinner and Aubrey Boucicault display a special interest in the club and wear its insignia, the gold mask and dagger.

"The Professor's Daughter," this year's play, is the ninth annual production of the

club. "Edmund Kean," produced in 1899, was followed by "Our Boys," "A Colonial Girl," "The Private Secretary," "My Friend From India," "College Boy," and "Her-From India," "College Boy," "Hermoine" and "The Man From Mexico." Of those who took part in these plays, Marcus Ford, Walton H. Pyre and Miss Jane Butt, are now on the professional stage. The traditions of the club make for the encouragement of dramatic effort of a high class and of practical value to the participants.

To the liberal patronage of the citizens of Madison and of the students and faculty of the University, the Haresfoot owes its success, and to its friends assurance is given that the club appreciates the generous support it has received.

"The Professor's Daughter" was produced twelve years ago and was given by the club on its tour this spring.

The November number of the Student Farmer, the magazine published by the young men of the Agricultural college is issued. Professor J. L. Bartlett, who gives instruction in meteorology in the university and is also observer for the station of the United States weather bureau at Madison, has contributed an interesting article on "Limitations of Weather Forecasting." President Charles R. Van Hise has written an article on "Agricultural Opportunities" for the magazine, in which he points out the unexampled opportunities before those choosing the profession of farming. Other contributed articles are by Professor J. H. G. C. Humphre of the animal husbandry department on "Agricultural Advertising;" Prof. J. H. ## TIE GAME AT MADISON

Wisconsin in Whirlwind Battle Holds Heavy Gophers to Even Break.

FINAL SCORE IS 17 TO 17

Badgers Outplay Minnesota in the Early Stages—Capron Stars at Kicking.

[SPECIAL TO THE RECORD-HERALD.]  
MADISON, Wis., Nov. 23.—In one of the fiercest football contests ever seen on Randall field the Wisconsin and Minnesota university football teams played a tie game of 17 to 17 to-day. It was a wonderful exhibition of bewildering forward passes, spectacular drop-kicking, fleet end running and terrific line bucking. The 6,000 spectators who saw the game were time and again stirred to the highest pitch of excitement as the members of one or the other team made a clever play or stopped one. The weather was ideal, the sun shining brightly and the air just crisp enough to make the blood tingle.

The big crowd was gayly decorated with cardinal and maroon and gold, the colors of the two universities, and the wide, sweeping bleachers were like a great prismatic picture. The result of the game was a big surprise to both teams and their supporters. It was generally expected that the heavy Minnesota team would crush the light badgers, but the latter outplayed the gophers at nearly every point in the game. Wisconsin on offense played an open game throughout and the gains on forward passes and inside kicks were large factors in determining the final result. Captain Messmer failed in his one attempt to negotiate a goal from placement. The gophers also tried the forward pass a number of times, but with two or three exceptions, it failed to gain. It was George Capron's fine drop-kicking and Captain Schuknecht's fierce line plunging that enabled the gophers to keep from being beaten.

**BADGERS USE NEW MEN.**  
Wisconsin weakened some in the second half, and though Dr. Hutchins kept sending in new men, the Minnesota backs had the badgers wavering when the game was called. Wisconsin scored all of its points in the first half, while Minnesota got one goal from the field in the second half. Penalties for rough playing were not often enforced, though Minnesota seemed to offend more frequently than Wisconsin.

Without the mighty toe of George Capron, drop kicker, Minnesota would have been defeated by a large score. Wisconsin had the ball in Minnesota's territory most of the time, and even the great Capron was successful in only three of his trials at goals from the field. The badgers worked the forward pass with wonderful success. And the Wisconsin backs surprised everyone, including themselves, with their splendid work. In the line the badgers outplayed the gophers man for man. The big Minnesota backs, with their great speed and tremendous weight, were expected to pierce the badger line almost at will, but Captain Schuknecht was the only one of them who made any considerable gains.

**CUNNINGHAM TO STAR.**  
In field generalship little Cunningham of Wisconsin had it on Coughlin of Minnesota, and the latter was replaced by Chesnut at the beginning of the second half. Cunningham's tackling and running with the ball also were features. In punting Captain Messmer held his own fairly well with George Capron, and the Wisconsin ends did star work in nailing the catcher before he could run the ball back any considerable distance. In this work Rogers played brilliantly, and Fuch, who took Messmer's place, on punts was a close second.

The crowd was slow in gathering. The Minnesota band was first to appear at Randall field and immediately paraded around the gridiron. The Wisconsin band

soon followed suit. The Wisconsin team appeared on the field at 1:55 o'clock and was greeted with tremendous cheering by the badger rooters. The Minnesota team trotted on the field a few minutes later and the gopher rooters gave them a noisy ovation. At 2:05 o'clock Referee Kelly tossed the coin, and Minnesota won, Captain Schuknecht choosing the east goal, which was favored by a light breeze.

Stiehm kicked off to Coughlin, who was downed on Minnesota's eighteen-yard line. Capron immediately punted to the center of the field and Messmer made five yards around left end. Wisconsin then tried a forward pass, which missed, and Messmer punted to Minnesota's twenty-yard line. Schuknecht gained five yards, but lost the ball on a fumble. Messmer then carried the ball fifteen yards on a forward pass, going around left end. Muckleston could not gain and Messmer fell back for a place kick, but the ball went wide. Capron punted out to the center of the field.

On the first play Muckleston broke through and raced down the field for fifty yards and over the goal line, but the touchdown was not allowed. Then Messmer made a brilliant run of twenty yards on a forward pass. Then by line-bucking plays Wisconsin shoved Wilce over for a touchdown. Messmer kicked goal. Score: Wisconsin, 6; Minnesota, 0.

**ROGERS RETURNS PUNT.**

Capron kicked off to Rogers, who returned the punt to the center of the field. Capron fumbled the ball and Captain Messmer fell on it. Wisconsin's forward pass failed and it was penalized fifteen yards. Wisconsin made a short kick and Minnesota got the ball on Wisconsin's forty-yard line. Minnesota made twenty yards on line-bucking and Capron worked the forward pass for eight yards. Schuknecht and Capron carried the ball to Wisconsin's five-yard line. Dunn was then shoved over for a touchdown. Dunn failed to kick goal. Score: Wisconsin, 6; Minnesota, 6.

Capron kicked off, Cunningham getting the ball, which was called back. Capron tried again, but the ball went out of bounds a second time. The third kick was more successful. Cunningham ran the ball back to Wisconsin's thirty-yard line, but it was knocked out of his arms and Minnesota got the ball. On quarter back runs and line bucks Minnesota worked the ball down to Wisconsin's ten-yard line. Capron then kicked a goal from the field. Score: Wisconsin, 12; Minnesota, 9.

**BALL GOES TO BADGERS.**

Stiehm kicked off to Schuknecht, who carried the ball back to Minnesota's thirty-eight-yard line. Line bucks and line shifts failed to gain and Wisconsin got the ball on Minnesota's forty-yard line. On a forward pass Wisconsin lost the ball on its forty-yard line. Minnesota gained thirty yards on forward passes, Capron throwing the ball. Capron then tried a drop kick from Wisconsin's forty-five-yard line and the ball went true. The goal was a pretty one. Score: Wisconsin, 12; Minnesota, 13.

Stiehm kicked off to Capron, Cunningham returning the punt. The ball was then on Minnesota's forty-five-yard line. Minnesota was then penalized for holding and Capron punted to the center of the field. Wisconsin

sin tried a forward pass and Minnesota was again penalized for holding. It was Wisconsin's ball on Minnesota's forty-five-yard line. On a forward pass Muckleston carried the ball around right end for thirty yards. Muckleston was then shoved over for another touchdown. Messmer failed to kick goal. Score: Wisconsin, 17; Minnesota, 13.

**MUCKLESTON LENDS HAND.**

Capron kicked off to Muckleston, who returned the ball to Wisconsin's twenty-five-yard line. Wisconsin failed to gain and Messmer punted to Minnesota's forty-five-yard line. Capron failed to gain through the left side, and Schuknecht gained five yards through the left side. Then Capron punted to Muckleston on Wisconsin's forty-yard line. Muckleston returned the punt to the center of the field.

Time was called at this juncture for the first half, with the score: Wisconsin, 17; Minnesota, 13.

During the intermission the freshman society of skull and crescent entertained the big crowd with an initiation on the gridiron. At 3:15 o'clock the teams trotted back on the field for the second half. Wisconsin with renewed confidence and Minnesota with firmer determination to snatch victory from their sturdy opponents. Harry Capron went in at left end on Minnesota and Chesnut to quarter, Coughlin being taken out. There was no change in Wisconsin's line-up.

**BADGER BACKS STOPPED.**

George Capron kicked off to Wisconsin's ten-yard line. The Wisconsin's backs could not make sufficient gain, and Messmer kicked to the center of the field, where it went out of bounds. Crossbucks by the Minnesota's backs carried the ball to Wisconsin's thirty-five-yard line. A line plunge by Dunn through center gained five yards. George Capron then kicked a goal from the thirty-yard line, tying the score. Wisconsin, 17; Minnesota, 17.

George Capron continued to shine brightly as the kicking demon of the gophers, but many of his attempts to get the ball away were blocked by fast work in the forward wall of the badgers. Of the fifty-four punts made by Minnesota against its opponents on the gridiron this season, Capron has made forty-four, they consisting of eleven goals from the field.

Old-style football was employed by both teams during the remainder of the contest. Stalled in their efforts to circle the badger ends, Capron and Schuknecht resorted to a series of cross bucks, carrying the oval to the Wisconsin forty-five-yard line, where the focal held like a stone wall. Again the style of combat changed, and Capron and Messmer indulged in a booting fest. Several trials for goals from field were missed by Capron, and the forward pass was again put into use.

**CAPRON FAILS AGAIN.**

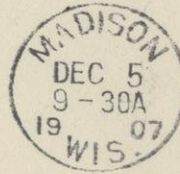

With the second half almost over the gophers worked the ball to the Wisconsin twenty-yard line, where Capron apparently had oceans of time to score a safe drive over the bars. But the mighty toe of the kicking wonder failed him. Time was called with the ball in the middle of the field. The line-up:

## MAC SEES DAWN OF A NEW ERA

IN ATHLETICS AT GOOD OLD  
WISCONSIN.

Addresses Students After Game In  
Front of Gymnasium—Tells Them  
To Maintain Saturday's Spirit And  
To Demand Adequate Coaching  
For Football Team.

A surging mass of rooters gathered  
about the gym after the game and  
listened to one of Mac's best  
speeches.

"Today has seen the dawn of a  
new athletic era at Wisconsin," he  
said. "Maintain the spirit which you  
have shown today, go to your faculty  
and demand adequate coaching, and  
you will continue to have a football  
team of which you can be proud.

"There is one man to whom you  
have failed to give sufficient credit.  
That man came to me and asked me  
to give my services to the team. Com-  
ing from him I could not refuse, and  
I put Dr. Hutchins in charge. I should  
not have been your coach this fall.

"Dr. Hutchins came here expecting  
to direct athletics, and not to coach.  
He was promised assistants which  
have never been furnished. Demand  
that these promises be lived up to."

In speaking of the game today,  
Coach McCarthy said:

"We have established two things:  
We can play football at Wisconsin,  
and we have here an enduring and en-  
thusiastic student spirit. Now we  
should go ahead, all working together,  
and carry out Dr. Hutchins' plan for  
a coaching system. Thus we can  
bring Wisconsin back to her old posi-  
tion as a leader in college athletics.

"There is another thing which I  
should like to see done. I should like  
to see the football which was used  
Saturday put in a case and displayed  
over at the Union. Then by keeping  
other trophies there, we could make  
the Union a center where Wisconsin  
spirit can manifest itself."

"The fact that they knew the stu-  
dents were back of them made all  
the difference in the world in the  
playing of the boys," said Coach  
Charles Hutchins. "It is the first  
time this year that the bleacherites  
really gave an account of themselves,  
but the team appreciated it and  
played accordingly.

"The secret of our success was that  
the men played at top speed every  
minute, that every man played with  
every ounce that was in him. Of  
course some of them played better  
games or had better chances for  
spectacular work than the rest, but  
as a whole the men played together,  
every man doing his part and doing  
it splendidly. The spirit of the men  
themselves and the backing of the  
student body—that's what did it."

"Cunny", Lives Up To Promise.

Cunningham live up to his promise  
of Wednesday night. He left his  
mark on more than one of the gophers,  
and the force with which he  
struck them undoubtedly made some  
big dents.

A Genuine Bear Hug.

When it was all over, "Mac" ran  
out on the field, threw his arms  
around "Biddy" Rogers, and gave him  
a genuine bear hug.

## E. F. RILEY ELECTED TO RESPONSIBLE POSITION.

E. F. Riley, former secretary of the  
board of regents of the university,  
has been elected to the position of  
trust officer of the Savings, Loan and  
Trust company of this city at a meet-  
ing of the directors of the company  
Sunday.

Mr. Riley was secretary of the  
board of regents for twenty years but  
was compelled to resign last July on  
account of ill health. He has, how-  
ever, fully recuperated and will as-  
sume the duties of his new position  
at once.

## GIRLS' GLEE CLUB IN FIRST PUBLIC APPEARANCE.

The Girls' Glee club made its  
first appearance of the year last night  
at the evening services held in the  
First Congregational church. Two  
songs were rendered, "Guardian  
Angels" and "Now Abideth Faith,  
Hope and Love."

## And Faith, If He Wasn't Right

It was a blue aggregation that  
dined at the Park with Coach Wil-  
liams Saturday night. They felt that  
Wisconsin had won a tacit victory.  
"The Badgers played great ball," said  
George Capron. "I never expected it  
of them. I thought we would win the  
game."

## Were You Anxious Then?

The cruel moment came when Cap-  
ron tried his fourth drop and failed,  
after that he waved and Wisconsin  
strengthened, when the gophers des-  
perately fought their way back to a  
position in front of the goal posts, the  
Badgers responded to the cry "Block  
that kick," and once more the mighty  
drop-kicker failed. His last attempt  
was a miserable failure.

## FIND "SKINNY MAC"; BEAR HIM IN TRIUMPH.

When the loyal Badger rooters were  
pulling the team to the gym after the  
game, Saturday someone discovered  
"Mac" walking home alone. He was  
immediately borne in triumph to the  
carry-all and given the place of honor  
on the front seat.

## COMES FROM THE HAUNTS OF VICE

In a talk to his class in modern  
drama at 11 o'clock this morning,  
Professor J. C. Freeman said in  
speaking of the song, "Cheer,  
cheer."

"A gang is defined by Webster as  
an association formed for a bad pur-  
pose, composed of thieves, robbers,  
and assassins. The song comes from  
the haunts of vice, and no gentleman  
will sing such a song, boasting of be-  
longing to a gang of reprobates, in  
the presence of ladies."

In speaking of the statement made  
by Lieutenant Ralph McCoy, he said:  
"Lieutenant McCoy probably did  
not know the meaning of the word  
"gang," or liked the sentiment of  
the song, or was making himself solid  
with the coarser element. However,  
people say things on the spur of the  
moment which is not their natural  
opinion."

Gophers Like It, Too.

The strains of "cheer cheer" are  
doomed to endure at Wisconsin. This  
time it was the gopher band that fur-  
nished the music.

## BADGER ALUMNI FAVOR ATHLETICS

ALSO WANT COACH HIRED FOR  
FOOTBALL.

Adopt Strong Resolutions Favoring  
Development Of Teams At Wiscon-  
sin Which Can Compete With  
Other Universities On An Equal  
Basis.

At the mass meeting which the al-  
umni of the university called Saturday  
evening, resolutions were adopted  
favoring the continuance of intercol-  
legiate athletics, the development of  
teams at Wisconsin which can com-  
pete on an equality with other univer-  
sities, and the strengthening of the de-  
partment of physical training. The  
resolutions follow.

Whereas, the position which athlet-  
ics, both collegiate and intercollegiate,  
should occupy in the university has  
been the subject of much discussion;

and  
Whereas, various changes have been  
made in the athletic policy of the uni-  
versity during the past two years,

and  
Whereas, the present year has seen  
considerable criticism of the athletic  
situation and the results of such  
changes,

Be it therefore resolved by the al-  
umni of the University of Wiscon-  
sin, that we believe in the continu-  
ance of intercollegiate and collegiate  
athletics at Wisconsin, in the widest  
participation of the students therein,  
and in a policy calculated to develop  
at Wisconsin teams which can com-  
pete on an equality with other univer-  
sities.

We endorse the general features of  
the reform movement in university  
athletics and approve of a policy  
which restricts participation therein to  
all bona fide amateur students who  
conform to the general scholastic  
standards.

We believe that the department of  
physical training in the university  
should be strengthened so as to afford  
to all students proper coaching and  
instruction in all athletics, outdoor as  
well as indoor, intercollegiate as well  
as collegiate.

We request that a special committee  
of the faculty confer with a committee  
of three of the alumni to be ap-  
pointed by the chairman of this meet-  
ing, to consider the best means of im-  
proving university athletics, and that  
such alumni committee report its con-  
clusions upon the athletic situation  
and the best means for its improve-  
ment.

Messmer Punts Well.  
All of Captain Messmer punts were  
well placed and caused Capron much  
trouble in getting them.

Left Side A Stone Wall.

Capron early gave up trying to get  
around Wisconsin left, unless he  
wanted to get into the center of the  
field to try a drop-kick. Rogers,  
Boyle, and Huntley stood like a stone  
wall.

"Muck" Good Tackler.

"Muck" was one of the surest  
tacklers on the team. Time and time  
again it was left to him, to catch a  
man who plowed through the right  
and almost had clear field.

## STUDENT FARMER FOR NOVEMBER IS ISSUED.

The November number of the Stud-  
ent Farmer, the magazine published by  
the young men of the Agricultural col-  
lege is issued. Professor J. L. Bar-  
lett, who gives instruction in meteoro-  
logy in the university and is also ob-  
server for the station of the United  
States weather bureau at Madison,  
has contributed an interesting article  
on "Limitations of Weather Fore-  
casting." President Charles R. Van  
Hise has written an article on "Agricultural Opportunities" for the maga-  
zine, in which he points out the unex-  
pected opportunities before those  
choosing the profession of farming.  
Other contributed articles are by Pro-  
fessor J. H. G. C. Humphre of the ani-  
mal husbandry department on "Agricultural Advertising;" Prof. J. H. Fuller of the same department on "Winter Shelter for Live Stock; W. W. Well of the class of '08, on "Equality of Breeds of Swine."

Terse But True.

One of the bulletin boards down  
town very aptly wrote the score thus:  
Wisconsin 17, Capron 12, Minnesota 5.

Rooters' Section A Fixture.

The rooters section established it-  
self as a permanent feature in Wis-  
consin football.

Schuknecht A Star.

Captain Schuknecht was the star  
ground gainer for Minnesota. Time  
and time again he tore through the  
line for good gains or wiggled his way  
through almost inconceivable holes.

Fucik Captures Punts.

Fucik was sure and steady in hand-  
ling Capron's punts. His work in re-  
turning the ball was first class.

Grads Have Difficulty.

Many of the old grads had hard  
work understanding the technique of  
the new game and kept those about  
them busy explaining penalties and  
other ruling of the officials.

## GOPHERS FOLLOW WISCONSIN IDEA

Minnesota is soon to start an inter-  
national club which is to be a chapter  
of the Association of Cosmopolitan  
clubs. J. Mikesch, a Bohemian student  
of the University of Minnesota, was  
the guest of Louis P. Lochner, secre-  
tary of the Wisconsin chapter, Sun-  
day afternoon to confer in regard to  
the organization of a chapter at  
Minnesota.

A unique reception was given to  
Mr. Mikesch. Three Filipinos, two  
Japs, one Norwegian, one Cuban, one  
Argentinian, one Jamaican, one Ger-  
man, one American, one Mexican and  
one Chinese student having assem-  
bled in Lochner's house to welcome  
him and give him information in re-  
gard to the club.

Mr. Mikesch was much impressed by  
the work of the Wisconsin chapter.  
He stated that there are many  
Swedes, Bohemians, Germans, and  
Japanese, besides smaller numbers  
from other nationalities at Minnesota,  
whom he hopes to bring together in a  
similar club.

Mr. Mikesch is an influential stu-  
dent at Minnesota being leader of the  
band, concert master of the orchestra,  
president of the Bohemian club, and  
of one of the Minnesota debating so-  
cieties.

## BERTLES WINS IN CHICAGO RACES

LEADS CROSS COUNTRY RUNNERS  
SATURDAY.

Wisconsin Finishes a Close Second  
in the Race With Nebraska  
Team in the Lead—Chicago's  
Runners Do Not Come Up To Ex-  
pectations.

William M. Bertles, '09, of Green  
Bay won the western cross country  
championship in the annual meet of  
the Western Intercollegiate Cross  
Country association at Chicago Satur-  
day. Bertles, who was captain of the  
Wisconsin team, finished first in the  
race, covering the five mile course in  
27 minutes and 31 seconds, about a  
quarter of a mile ahead of his nearest  
competitor.

The Wisconsin team, consisting of  
Captain Bertles, Harold W. Drew,  
Francis R. Duffy, W. G. Minich, and  
William Wiperman, took second  
place in the race, with a score of 35  
points. First place, determined by  
adding up the positions of all the men  
on the team at the finish and taking  
the lowest total, was secured by Ne-  
braska, with a score of 28. Chi-  
cago, the only other competing uni-  
versity, came in last with a score of  
56.

The course of five miles through  
Jackson park in Chicago, with the fin-  
ish at the Midway, was covered in  
good shape by all the members of the  
Wisconsin team. Drew finished  
fourth, Duffy seventh, Minich eleventh  
and Wiperman twelfth. The sum of  
these places, with Bertles' first, gives  
the total of 35, which gave Wisconsin  
a close second place for the western  
championship.

Although Wisconsin won only second  
place in the meet, as was also the case  
last year, the badger men increased  
their lead over Chicago, and brought  
themselves up nearly to the winning  
score. Last year Wisconsin beat Chi-  
cago out for second place by only four  
points, while Nebraska was only able  
to secure the first position this year by  
a lead of seven points over Wisconsin.  
In addition, the western individual  
championship was won by a Wisconsin  
man, whose hard and conscientious  
work throughout the season has re-  
flected great credit upon the uni-  
versity.

Stiehm Plays Wonderful Ball  
Stiehm made himself conspicuous  
more than once and showed that the  
center's position can be made a place  
for real live action.

May Be.  
May be Minnesota will learn how to  
use the forward pass next time.

Gophers Good Rooters.  
Minnesotas 200 rooters made con-  
siderable noise at first.

Kappa Sigma fraternity danced  
informally at Keeleys' Saturday even-  
ing after the game. A number of al-  
umni, out-of-town guests, and members  
of the Minnesota chapter were pre-  
sent.

Hats of to that noble squad of Wisconsin men who demonstrated the splendor of Wisconsin spirit.

We cannot refute Webster's definition of the word "gang" but we hoped that our faculty would interpret "Cheer, cheer" in the spirit in which it had been sung and not according to an etymological or philological standard.

**THE SPIRIT** The team stopped Minnesota Saturday in the face of the dope-sheet misfortune, disfavor in some high places, and discouragement in the student quarter. They met a technically better team, and out-fought it. They did that by virtue of one thing that never lets a Wisconsin team lie quiet in the position of under-dog—the sure factor that no one, curiously, reckons on—Wisconsin's no-quitters fighting spirit. It is the same spirit that gives Yale the edge on Harvard—only we think Wisconsin has it in a more aggravated form.

Wisconsin spirit is intangible, and none the less living. It can be killed, like anything vital. There is no movement on foot—or rather crawling on its stomach in dark places, to kill Wisconsin spirit slowly by starvation. Considered as an abstract thing to admire, is not this clean fighting spirit, that goes down from one student generation to the next, finer than anything in historical association or scholastic attainment the university has to show? Is not any attempt to undermine it, by undermining the system of fighting sport, that keeps it alive, the worst attack a man can make on the university?

**WISCONSIN** The events of last Athletics Saturday seems to justify the belief that the athletic problem at Wisconsin has been solved and that from now on Wisconsin and that from now on Wisconsin athletics will be given the necessary encouragement to place Wisconsin university again in the lists with the great universities and to establish our former prestige.

The result of the Wisconsin-Minnesota game proved the inherent athletic strength which we possess, and it proved that with a fair amount of assistance and encouragement Wisconsin can take its place as the leader in the development of clean and sportsmanlike athletics.

The sentiment that prevailed at the alumni-student massmeeting demonstrates the absolute good faith of all concerned. The old athletic condition with its pernicious and disgraceful practices was most heartily condemned. We are for clean, manly athletics but we believe that the fact that athletics are clean and manly adds a power which should make the institution that fosters it the greatest force in the athletic world. The substitution of the element of good for bad should work as an advantage rather than as a detriment.

To this end what is desired is encouragement for what is best in intercollegiate athletics. Retain the beneficial effects of the reform movement but make them a real force rather than a farce.

Give to Dr. Hutchins, who knows his business, who stands for what is best in athletics and who has the welfare of Wisconsin at heart, the absolute supervision of athletics. Provide two or three assistants who are experts in their particular line to drill the various departments. This would create the most vigorous and healthful athletic condition that has ever prevailed at any athletic institu-

tion. It will mean the development of both collegiate and intercollegiate athletic.

**STUDENTS TO STUDY GRAINS AND WEEDS.**

The new agronomy building of the university is now occupied by the students of agriculture. It is built of reinforced concrete faced with fire brick, with partitions of hollow tile, and is thus fire proof. The structure, which is three stories high, 98 by 48 feet, contains a store room for grains and seeds, a room for curing corn, one for sampling grain, and a large, well lighted room for the work in judging corn and grains, beside various class rooms. The work of the department, which has hitherto been scattered through the other agricultural buildings wherever room could be found, can now be concentrated, and more individual attention can be given the students than was formerly possible. The new building provides for storing large quantities of seed grains and keeping them in condition for use by the students. This year instruction will be given in the eradication of farm weeds, a subject of growing importance to the farmers of Wisconsin. The series of experiments conducted by the university during the past summer has furnished valuable information on the subject.

**MICHIGAN TO ADOPT WISCONSIN SYSTEM.**

Michigan is planning to adopt the "class advisor" system, which has been organized at Wisconsin for a number of years and is used at Harvard.

At present, freshmen have no advice when entering the university, and especially in the broad elective courses of the literary department, there are often mistakes in arranging the course.

**CATHOLIC STUDENTS HAVE ENTERTAINMENT.**

A large number of Catholic students attended an entertainment given Saturday evening at Library hall by the Catholic Students' association, an organization connected with St. Paul's University chapel. In addition to several impromptu and novel features, an excellent program consisting of musical and literary numbers was given. Prominent parts in the program were taken by Miss Frances Cleary, Miss Williams, Miss Anna Reuth, and Mr. R. J. Burke.

**SOCIALIST CLUB HOLDS AN OPEN DISCUSSION.**

**AGRIC SOCIETY ELECTS SOME NEW OFFICERS.**

**GRADUATE SCHOOL WANTS TO BOWL**

**MEMBERS ORGANIZE ANOTHER BOWLING LEAGUE.**

**Primary Object is to Give Graduates an Opportunity to Become Acquainted with each Other on Other than Scholastic Basis—McClernan, Secretary.**

Representatives of six departments of the graduate school of the university have organized the "Graduate Bowling League." The prime object of this league is to afford the graduate students an opportunity to meet one another in a basis other than scholarship and to promote more intimate acquaintance and good-fellowship among the members of the various departments.

In order that the advantages of such a plan may be as wide-spread as possible, and still that the purpose of the league may not be defeated the only limitation placed upon membership on a department team is that those only are eligible who have received a bachelor's degree. Thus while the league is primarily for the graduate students, members of the faculty in the various departments are afforded an opportunity to take part in the sport.

The movement in favor of such a league and its organization at this time are the result of a challenge sent by the graduate students, in classics to those in history and accepted by the latter. The teams met at the Park alleys last week and called a meeting of all graduate students interested in the formation of a bowling league. The following departments were represented at the meeting: Chemistry, classics, German, history, mathematics, and political science.

It is, however, in no sense the desire of the present members of the league to exclude any other department of the graduate school which desires to enter a team. Thomas J. McClernan was elected general secretary and manager of the league for the present season. Any department not represented at the last meeting is urged to communicate with the secretary before December 1, as the season schedule which is now being arranged will be completed by that date.

**TO CHOOSE CAST AFTER VACATION**

The cast for the junior play is to be chosen on the Wednesday following Thanksgiving. The winning play, "The Superfluous Mr. Holloway" was written by Theodore Stempfel, '08, Indianapolis, Ind.

The songs of the play, about five in number, are to be written by George Hill, '08. Mr. Hill did the same work for last year's play.

The action of the play is laid on the day of Commencement and takes place within twenty-four hours. The plot deals with the desire of a student to keep his father from seeing his class adviser, and from this there are many interesting developments.

All juniors are asked to try out for parts in the cast, and those wishing to are requested to send their names to Clarence A. Hibbard, 428 Murray street.

—Miss Clara Wetzel of Milwaukee visited over Sunday with Miss Mabel Bahr, '11, and Miss Mae Hughes, '11.

**BRIGHTON FLAT CLASP GARTERS**

The grasp of the clasp is easy. It's flat—the only absolutely flat clasp garter is the Brighton. Millions of men know this—buy them and wear them. The wear is there, and they cost only a quarter a pair. Remember it.

Brightons are made of pure silk web. The patterns are new, exclusive—variety enough to satisfy everybody. All metal parts are of heavy nickel-plated brass. If your dealer can't supply you, a pair will be sent upon receipt of price.

**STUDENTS INFORM ON ATHLETICS**

President Charles Van Hise has announced a meeting of the Student Conference for tomorrow afternoon at 4 o'clock to consider the athletic situation.

He has been absent from this city for the last ten days, and is not thoroughly familiar with the situation at hand. Consequently he has called this meeting, so that he can be enlightened from the student point of view.

No definite action has been taken by the faculty, as to appointing a committee to confer with the alumni committee, but in all probability the faculty will take action next Monday at their monthly meeting.

**AGRICULTURAL ENGINEERING BUILDING NOW COMPLETED.**

The crowded condition resulting from the constantly increasing number of students in attendance at the College of Agriculture is now relieved by the completion of the Agricultural Engineering building, a three-story structure 150 by 50 feet, of which the framework and floors are reinforced concrete construction, with partitions of hollow tile. Thus the building has been made practically fire proof.

There are three machine testing laboratories, one cement laboratory, two drafting rooms and several class demonstration and recitation rooms. The new cement laboratory gives the large body of short course students better facilities for the study of cement construction and its application to farm uses.

The drafting department has also been enlarged to include the blue-printing of plans of farm buildings. The work with traction and gasoline engines will be more extensive, and the manipulation and adjustment of grain binders will be taught for the first time this year to the short course students.

**Why He Wore White Helmet.**  
"Biddy" Roger's white helmet attracted considerable attention. Play left end, it was up to "Biddy" to receive a good share of the forward passes, and he was consequently supplied with a white head-gear to facilitate identifications.

**Boyle Stars at Tackle.**  
Time and time again, Boyle broke up the plays, sprang through the strong Minnesota line and got his man, or broke up the interference so that Rogers could get the runner. Boyle played a splendid game, both on offensive and defensive.

**Why They Wore Colors.**  
"Why did Muckelstone wear a blue sweater and Cunningham a white one," is the question asked by many rooters. This was merely a clever device to aid in knowing where to throw the ball on the forward pass.

**Notes On the Game.**  
Rogers' white head gear and Cun-  
ningham's face white sweater were  
guiding lights in Wisconsin's de-  
fense. The way Roger's stopped  
Capron's end runs for a loss was noth-  
ing low, and it seemed impossible for  
Cunningham's 135 pounds to stop  
big Schuknecht, but it did.  
Boyle showed up Case, the all-  
western tackle, in great style. Evi-  
dently the critic who picked the team  
did not see the contest Saturday.

It was a bitter pill to swallow, when  
in the first part of the second half,  
after Rogers had gotten the ball on  
Minnesota's five-yard line, we lost  
the ball in downs.

Capron has a style of kicking all his  
own, and it's a dandy. A short run  
precedes his punts, while he uses a  
sort of half circle swing when drop-  
kicking. It certainly works fine.

The Initiation rites of the Skull and  
Crescent society, were not a bit popu-  
lar. Loud hisses were heard at the  
rough usage of the "ball." The men,  
however, looked foolish enough.

It was "Muck's" first big game, and  
he certainly made good. His hand-  
ling of Messmer's forward passes  
alone was worth the price of admis-  
sion.

For heavy men, Minnesota's back-  
field is lightning fast. Schuknecht  
in particular.

Messmer's only missed goal should  
have counted. It was a virtual vic-  
tory for Wisconsin, anyway.

When Minnesota's mass plays  
struck Huntley and Boyle, they stop-  
ped, suddenly, and stayed stopped.

Minnesota has a band of which to be  
proud.

Drop kickers seem to be Wiscon-  
sin's hoodoo.

There were many terrified exclama-  
tions from the feminine occupants of  
the stands, when "that little fellow in  
the white sweater," mixed up in the  
plays. It really didn't seem possible  
for him to live through it.

It was a great exhibition of Wiscon-  
sin's fighting spirit, without the usual  
"Wisconsin luck."

Who said that McCarthy was a  
"bum prophet?"

This makes forty-five out of fifty-  
five of Minnesota's points, that Capron  
has scored this year. "Pretty good,  
Huh?"

Minnesota's forward pass was mod-  
eled on Carlisle lines.

Rogers' face was a sight after the  
game, but no one noticed that. His  
smile was as good as a mask.

**TO EXHIBIT THIRTY  
SHEEP AT EXPOSITION.**

Frank Kleinheinz, shepherd, at Agri-  
cultural college, will exhibit about  
thirty sheep, chiefly yearlings and  
lambs, at the International Livestock  
exposition which begins this week.  
The majority will afterwards be  
slaughtered and entered in the car-  
cass test. J. G. Fuller will represent  
the university at the annual meeting  
of the American Berkshire Breeders'  
association next week. He will exhibit  
about twenty-five hogs representative  
of the leading breeds.

**FARM ENGINEERING  
BUILDING NOW OCCUPIED.**

The department of farm engineering  
at the College of Agriculture is now  
occupying its new building. Hitherto  
the department has been storing its  
machinery in the halls and storerooms  
of the main agricultural building, an  
arrangement unsatisfactory to the de-  
partment and to others that needed  
the space.

### SMALLPOX CASE AT CHADBOURNE

GIRLS ROOMING AT HALL DIS-  
MISSED TODAY.

One Hundred Students Vaccinated, Ex-  
cused From Classes and Told To  
Take First Train For Home—  
Hazel C. Handt, '09, the Small Pox  
Patient, to Remain in Hall.

There was a bad scare in the Latin  
quarter for a short time today when  
it was announced that one of the girls  
rooming at Chadbourne hall was sick  
with smallpox. There are a hundred  
girls rooming at the hall and such an  
announcement, with the possibility of  
all being quarantined during the  
Christmas recess of the university,  
could not help but cause them to be  
filled with dismay and prospects of a  
gloomy Christmas.

Miss Hazel C. Handt of Fond du Lac,  
a junior in the Letters and Science de-  
partment, is the patient. She had  
been sick for several days, the doctors  
believing it to be nothing serious.  
This morning, however, the doctors  
pronounced the case to be smallpox.  
Immediately on learning of the serious-  
ness of the case the university au-  
thorities took steps to prevent its  
spread among the girls rooming in the  
hall. To this end the girls have all  
been excused from further attendance  
at classes this week and ordered to be  
vaccinated at once and to leave for  
their homes on the first train possible.

The patient is not strong enough to  
be moved to the isolation hospital at  
present, so it will be necessary for  
her to remain at Chadbourne hall until  
her condition permits moving. As  
soon as that is possible, the hall will  
be thoroughly fumigated and made  
ready for occupancy on their return  
from their Christmas vacation. The  
university authorities say that there is  
no chance of the disease spreading as  
all possible precautions have been  
taken.

The night shirt Parade, which figures so prominently in Act I, is a well-known undergraduate doings more honored in the breach than in the observance. A crowd of students, filled with that Spring feeling, slip over their street clothes the disguise nearest at hand and sally forth yelling. Some one with a cornet plays Hot Time and all the enthusiastic students swarm to the campus. The faculty are said not to approve of N. S. parades and there is a rumor that parents stand by the faculty. Anyhow it might be embarrassing to meet your father just as you were executing a war dance in full regalia.

With tears in his eyes, the author admits that Fate and the Freshman is not an accurate picture of Life as She is Lived at the big University. At the same time, though much of the play is purely fictitious, some of the occurrences are founded on facts.

There was a real prize fight at Middleton which was broken up by the sheriff; there have been freshmen who ran bills and also insistent collectors; many of us have met Madison policemen. As for Mr. Wagstaff, Senior, if written records count for anything the young collegians of past epochs were much like those of today.

## MISS HELEN BURTON WEDS E. J. WILLIAMS

CEREMONY PERFORMED AT THE  
HOME OF BRIDE

BOTH WELL KNOWN PERSONS

BRIDE UNTIL RECENTLY A  
TEACHER IN HIGH SCHOOL

Mr. and Mrs. Williams Sail Decem-  
ber 14 for Home in Panama

A very quiet but pretty wedding ceremony was solemnized Saturday evening at 8:30 o'clock, when Miss Helen M. Burton, daughter of Mrs. Abbie M. Burton, was united in marriage to Mr. Edwin J. Williams at the home of the bride's mother, 1018 Cass street.

The ceremony was performed by Rev. Henry Faville of the First Congregational church and the ring service was used. It was a quiet affair, only relatives of the contracting parties being present.

The bride, who was unattended, looked charming in white embroidered swiss. The ceremony was followed by a bridal dinner. White roses were effectively arranged on the bride's table. The bride's going-away gown was a navy blue tailor suit, with blue velvet hat to match.

Mr. and Mrs. Williams left at midnight for Chicago, Washington and New York and on December 14 they will sail from New York for Colon. They will reside at Empire, Canal zone, where Mr. Williams is disbursing officer of the Isthmian canal commission and treasurer of the Canal zone.

Mrs. Williams is a talented and charming young woman. She was born and raised in La Crosse where she has a host of warm friends who join in wishing her many years of joy and happiness. Until recently she was a teacher in the La Crosse High school. Mr. Williams is the son of Mr. and Mrs. J. E. Williams of West Salem, where he lived for many years until he received a position in the government service where he has been often promoted until he now holds one of the most responsible and lucrative posts under the canal commission.

The out of town guests were Mr. and Mrs. J. E. Williams of West Salem, Mr. and Mrs. Breese of Milwaukee, Mr. and Mrs. Cornelius Hooker of Wausau. Mrs. Breese and Mrs. Hooker are sisters of the groom.

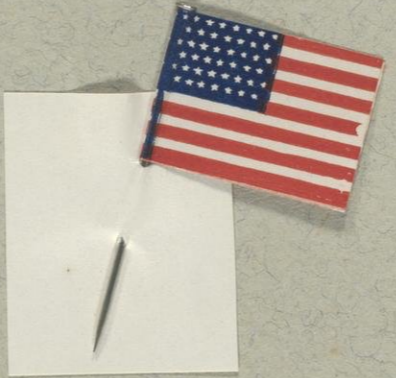

**NO ELECTION OF VICE-COMMODORE**

There was a lively meeting of the athletic board last night at the Wisconsin Union for the purpose of electing a vice-commodore for the crew.

After considerable discussion, the supporters of the two candidates, A. T. Holmes and H. Conley, found that no agreement could be reached, and the board decided to leave the election until after the sale of tickets for the athletic association has been completed.

The athletic department reports the receipt of sixty dollars which was collected during the Christmas recess. Ten dollars was subscribed by an uncle of John Hayes, a like amount was collected by George Wilder in Chicago, and the remainder was subscribed in Oshkosh.

1. VARSITY.

O Varsity, dear Varsity, we sing thy praises ever.  
O Varsity, dear Varsity, thy glory perish never!  
Through storm and calm we cling to thee,  
We sing thy name, dear Varsity,  
O Varsity, dear Varsity, thy glory live forever!

2. FREUT EUCH DES LEBENS.

Freut euch des Lebens,  
Weil noch das Laempchen glueht;  
Pfluecket die Rose,  
Eh' sie verblueht!

Man schafft so gern sich Sorg' und Mueh',  
Sucht Dornen auf und findet sie,  
Und laeszt das Veilchen unbemerkt,  
Das uns am Wege blueht.  
Freut euch des Lebens, etc.

Wenn scheu die Schoepfung sich verhuellt,  
Und laut der Donner ob uns bruellet,  
So lacht am Abend nach dem Sturm  
Die Sonne uns so schoen!  
Freut euch des Lebens, etc.

3. DIE WACHT AM RHEIN.

Es braust ein Ruf wie Donnerhall,  
Wie Schwertgeklirr und Wogenprall;  
Zum Rhein, zum Rhein, zum deutschen Rhein!  
Wer will des Stromes Hueter sein!  
||: Lieb Vaterland, magst ruhig sein: ||  
||: Fest steht und treu die Wacht am Rhein! ||

Durch Hunderttausend zuckt es schnell,  
Und aller Augen blitzen hell:  
Der Deutsche, bieder, fromm und stark,  
Beschuetzt die heil'ge Landesmark.  
Lieb Vaterland, magst ruhig sein, etc.

#### 5. ABSCHIED.

Muss i denn, muss i denn, zum Staedtele 'naus,  
Staedtele 'naus, und du, mein Schatz, bleibst hier?  
Wenn i komm, wenn i komm, wenn i wiedrum komm,  
Wiedrum komm, kehr i ein, mein Schatz, bei dir.  
Kann i gleich nit allweil bei dir sein,  
Han i doch mein' Freud' an dir;  
Wenn i komm, wenn i komm, wenn i wiedrum komm,  
Wiedrum komm, kehr i ein, mein Schatz, bei dir.

#### 6. DIE BINSCHGAUER.

||: Die Binschgauer wollten wallfahrten gehn; :||  
||: Sie thaeten gerne singen und kunnten's nit gar  
schoen. :||  
    Zschahi! zchaho! szchahi-a-i-a-o!  
    Die Binschger sind schon do!  
    Jetzt schau' fein, dass ein jeder,  
    Jeder, jeder, jeder, jeder, jeder  
||: Sei Raenzele ho! :||

#### 7. IM WALD UND AUF DER HEIDE.

Im Wald und auf der Heide,  
Da such' ich meine Freude,  
:: Ich bin ein Jaegersmann; ::  
Die Forsten treu zu hegen,  
Das Wildpret zu erlegen,  
:: Mein' Lust hab' ich daran. ::  
    :: Halli, hallo, halli, hallo,  
    Mein' Lust hab' ich daran. ::

#### 8. ES LEBEN DIE STUDENTEN.

Es leben die Studenten  
Stets in den Tag hinein,  
Waer'n wir der Welt Regenten,  
Sollt' immer-Festtag sein,—  
:: Fuerwahr, fuerwahr,  
    Das ist doch wunderbar. ::  
:: Jup, jup! jup, jup! tra-la-la-la! ::  
Fuerwahr, fuerwahr,  
Das ist doch wunderbar!

#### 9. MEIN EIGEN.

Das Lieben bringt gross' Freud,'  
Es wissen's alle Leut;  
Weiss mir ein schoenes Schaetzelein  
Mit zwei schwarzbraunen Aeugelein,  
:: Die mir, :: die mir mein Herz erfreut.

Ein Brieflein schrieb sie mir,  
Ich soll treu bleiben ihr;  
D'rauf schick' ich ihr ein Straeusselein,  
Schoen Rosmarin und Naegelein,  
:: Sie soll, :: sie soll mein eigen sein.

#### 10. DRINK TO ME.

Drink to me only with thine eyes,  
And I will pledge with mine,  
Or leave a kiss within the cup,  
And I'll not ask for wine;  
The thirst that from the soul doth rise,  
Doth ask a drink divine,  
But might I of Jove's nectar sip,  
I would not change for thine.

I sent thee late a rosy wreath,  
Not so much hon'ring thee,  
As giving it a hope that there  
It could not withered be;  
But thou thereon didst only breathe,  
And send'st it back to me,  
Since when it grows and swells, I swear  
Not of itself, but thee.

---

### 11. ALMA MATER.

---

Alma Mater! Kindly Mother,  
Unto to thee our song we raise,  
Unto whom, as to no other,  
Songs are due, and love and praise  
Fountain of our best aspiring,  
Nurse of men, and source of might  
May we bend to thy requiring  
Deeds of power and thoughts of light

---

### 12. THE VARSITY.

A spirit of devotion fills our loyal hearts tonight,  
We feel the mighty presence of a cause for truth and right,  
'Tis the Varsity that calls us to her banner in the fight,  
For she is marching on!

Chorus:

U-rah-rah! for old Wisconsin!

U-rah-rah! for old Wisconsin!

U-rah-rah! for old Wisconsin!

For she is marching on!

In the days of doubt and darkness when the faithful  
but few,

The Varsity was undismayed and bravely stood  
through;

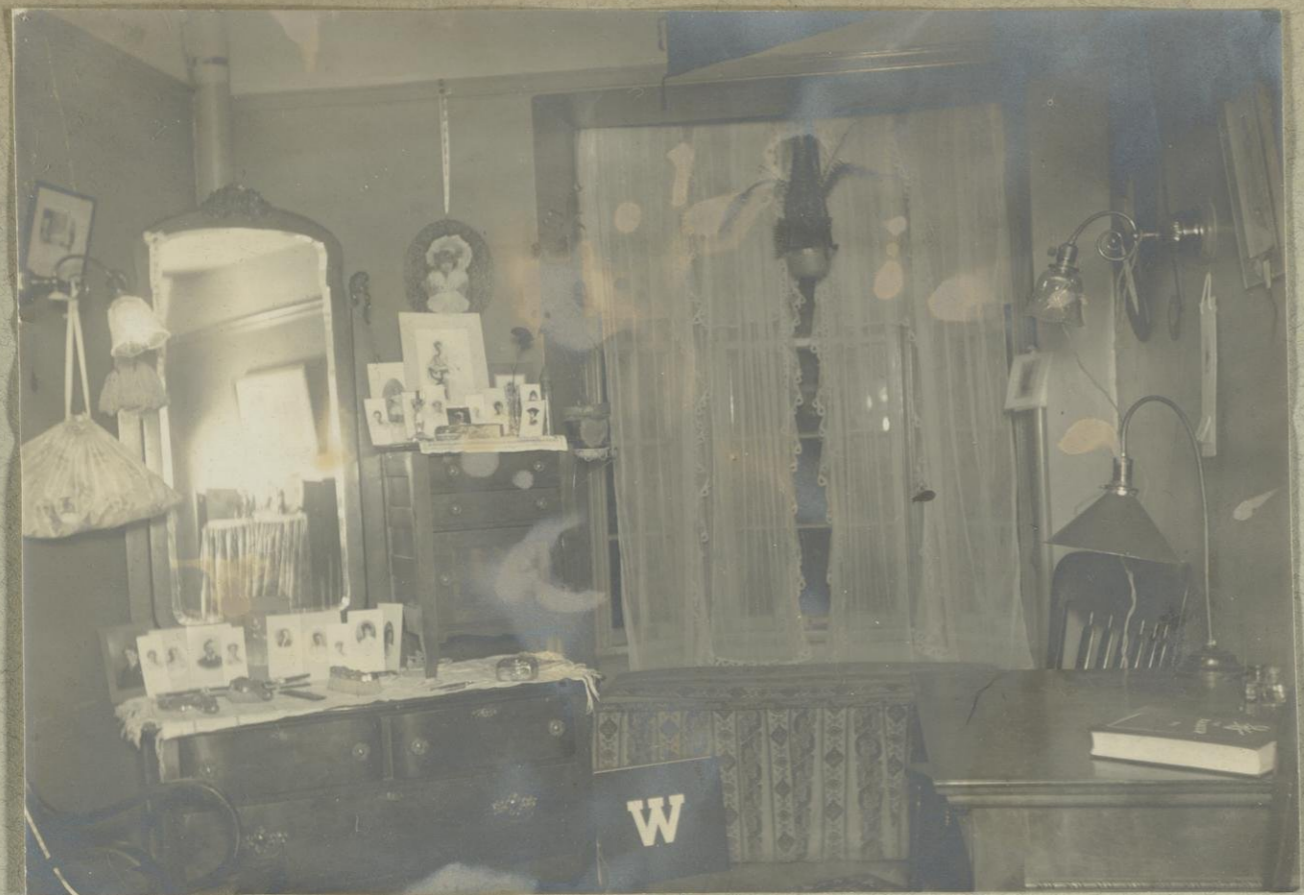

And now when tens of thousands stand her loyal  
and true,

She still is marching on!

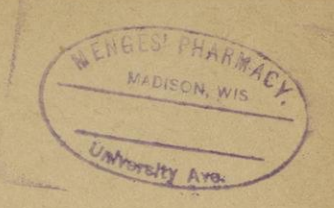

In the dim and distant future when our course of  
run,

The Varsity will battle on for causes still unwon,  
For the fight for truth and righteousness is never,  
done,—

And she'll be marching on!
