## ITALIAN ART

### SELF-GOVERNMENT ASSOCIATION EXHIBIT FRIDAY.

Art of Italy Will be Represented in  
Five Groups—Lecture by Faculty  
Members.

The Self-Government Association is preparing an art exhibit for the benefit of University students that will far surpass any previously given under its auspices. The subject will be "Italian Art." It will be represented in five groups, embracing the best sculpture and painting produced in Italy from the thirteenth to the close of the sixteenth century.

The first or Mediaeval group will contain a fine collection of the copies of Giotto's works, and those of his followers. The next group, introduced by Ghiberti and Massaccio will include the Florentine artists of the first half of the fourteenth century. The third group the Middle Renaissance, represents the spread of the art impulse from Florence over all Italy, embracing the Early Venetians, such as Bellini and Carpaccio; Mantegna of Mantua; Perugino of Perugia, etc. The fourth group includes the greatest masters of Italian art, Leonardo, Raphael, Michael Angelo, Corregio and their pupils; and the fifth represents the decline of art under Guido Reni, Carlo Dolce, and their contemporaries.

Twenty-four fine photographs have been loaned for this occasion by the Chicago Art Institute, and nearly one hundred of the finest carbon photographs of Brann, Clement and Co. have been sent from New York expressly for this exhibit.

The opening day will be Friday, January 11th, and the pictures will be shown in the Northeast Gallery on the fourth floor of the New Library Building.

Members of the faculty will be present and talk on the various artists each afternoon and evening.

Further announcements in regard to this exhibit will be made. For the convenience of those wishing to study the subjects the librarians will arrange a collection of Art books in the reading room.

It is hoped that all will avail themselves of this opportunity to see the best photographs of the works of the greatest masters of Italian Art.

### A. A. Stagg Here.

Professor A. A. Stagg, director of athletics at Chicago University and Professor Roycroft are in town to-day inspecting the gymnasium and inquiring into Dr. Elsom's system of gymnastic training. These gentlemen have visited various other eastern colleges with a view toward ascertaining various methods in vogue in different gymnasiums. The University of Chicago is contemplating building a new "gym."

—J. Q. Ames, '03, who left the University last winter to accept a lucrative position in St. Louis connected with the light house upon the Mississippi river, was about the campus today greeting old friends. He will return to the University next fall.

—Frances Staver, '99, is visiting at the Alpha Phi house.

## SMALLPOX PATIENT IMPROVING.

Kappa Sigma Fraternity "at Home"  
After Wednesday.

Harry Wheeler, the recent victim of smallpox, is progressing nicely, and according to his brother, A. K. Wheeler, has a very mild form of the disease. Ever since the health officers took charge of the case A. K. Wheeler has been quarantined in the Kappa Sigma fraternity house, where he and his brother were staying when the disease first made its appearance.

His only means of communicating with the outside world is through the telephone. His friends call him up frequently and keep him from suffering for want of social intercourse, but it is very little attention he gets from any other source. His meals are brought to him and placed on the window sill, and when the bearer has retired a safe distance from the house Mr. Wheeler raises the window and satisfies his hunger.

Mr. Wheeler has been in quarantine for about 10 days and by next Tuesday will have served the full two weeks required by the board of health. After exposure the disease usually makes its appearance in five or six days, never running over ten. Then he can have his liberty, and the members of the Kappa Sigma fraternity can again take possession of their quarters at 151 Frances street. The house has been thoroughly fumigated, all the wood-work has been washed with an antiseptic solution and all the bed furnishing and other things in the room occupied by the smallpox victim have been burned. The utmost precaution has been taken by the board of health in handling the matter, and it is thought that there is absolutely no danger in the house being occupied next week.

### Dean Bryant to Y. M. C. A.

Dean Bryant of the College of Law addressed the Y. M. C. A. yesterday afternoon. He anchored his address upon the passage "But it is good to be zealously affected always in a good thing."

In the course of his talk he aptly gave some very fitting remarks analogous to the growth of the Association. He thought that Paul's letters were a deep insight into human nature being as they were powerful and vigorous and that Paul was a very great exemplar of religious enthusiasm. The great key to Paul's life is contained in the text. He possessed that fire of soul, in leading persuasiveness which is destined to expand. Paul was the pioneer in his work and has caused to a great degree the Christendom of today.

The Association having for its object the banding together of young men to do good in practical ways along practical lines without regard to denomination was illustrative of the text.

### The Next Chancellor.

It is now believed in University circles that Professor C. N. Gregory A. M., LL. B. Associate Dean of the Law Faculty of the University of Wisconsin, and Professor of Criminal Law, Law of Sales, Contracts and Probate, will be the next Chancellor of College of Law.

—Iowa Vidette—Reporter.

When questioned by a Cardinal representative Professor Gregory stated that he had not heard anything of the matter as yet.

—A circular letter has been sent to all fraternity houses by Coach Kilpatrick asking them to arrange for teams to represent them in the relay race at the prospective indoor meet.

## LA FOLLETTE IN

### INAUGURAL EXERCISES HELD AT NOON TODAY.

Assembly Chamber Crowded—Impressive Ceremonies—Reception This  
Afternoon—Ball Tonight.

Robert M. La Follette, '79, is now Governor of the State of Wisconsin. He was so declared at noon today when the oath of office was administered in the assembly chamber.

Madison took on a gala attire early today, the proud occasion being the induction into the gubernatorial office of one of its own distinguished citizens and the first time a native of the state has been thus honored. The attendance at the exercises is by far the most numerous than at any recent inauguration.

At 10:20 this morning the state officials and the Milwaukee contingent arrived over the Chicago, Milwaukee & St. Paul; they were met by the citizen committees and the Governor's guard. At 11:45 the military escort formed at the capitol and marched to the home of Gov-elect La Follette and escorted him to the capitol. Gen. George E. Bryant and R. M. Bashford acted as escorts. Co. G. first regiment, Lueder's band, Col. William Helm, marshal, and Lieut. Col. G. H. Joachim assistant marshal; were the other escorts.

At 11:55 Chief Justice Cassoday and Justices of the Supreme Court were escorted to the assembly chamber.

At 12 m. the inauguration ceremonies were held in the assembly chamber. Chief Justice Cassoday administering the oath to each state official. The chamber was packed to its limit by assemblymen, senators, townspeople and students.

Gov. La Follette was escorted by Gov. Scofield, Lieutenant Gov. Stone by President E. A. Birge, Secretary of State Froehlich by Mayor Hoven, State Treasurer Davidson by A. P. Wilder, Attorney General Hicks by Burr W. Jones, State Superintendent Harvey by Prof. J. B. Parkinson, Insurance Commissioner Giljohann by J. W. Groves, Railroad Commissioner Rice by W. H. Rogers. Chief Justice Cassoday was escorted to the chamber by ex-Chief Justice W. P. Lyon, while Justice Winslow was escorted by Breese J. Stevens, Justice Marshall by A. R. Bushnel, Justice Bardeen by A. L. Sanborn, Justice Dodge by Gen. E. E. Bryant and Judge Bunn by Col. W. F. Vilas. Ex-Gov. Peck was escorted by L. S. Hanks, ex-Gov. W. R. Taylor by Col. A. H. Hollister and ex-Gov. Upham by Dr. C. A. Harper.

From 3 to 5 this afternoon receptions were held by each state officer in his own apartment at the capitol. Those assisting in the governor's office were Col. A. H. Hollister, Gen. Geo. E. Bryant, Senator Geo. P. Miller, Assemblyman E. Ray Stevens and A. G. Zimmerman.

From 8 to 10 p. m. Governor La Follette and the state officials will hold a formal reception in the gymnasium.

The Inaugural ball will open at 10, or as soon thereafter as possible and dancing will continue for several hours. A grand march and state set, certainly the latter, will inaugurate the dancing. Nitschke's orchestra of twenty-four pieces will furnish the music.

—A meeting of class officers was held today at 5 o'clock.

## Local and Personal.

—The social committee will have a meeting tonight at the Y. M. C. A. house.

—M. W. Cooper of Kensha will address the Y. M. C. A. meeting next Sunday.

—Miss Bessie Keech, '99, of Cleveland is a guest at the Alpha Phi house for a few days.

—Phil King will arrive in Madison next Wednesday according to the latest reports.

—The cabinet meeting of the Y. M. C. A. will occur Tuesday night in the parlors at the "house."

—F. L. McNamara, law 1900, who is practicing law at Hayward is visiting at the Phi Psi house.

—Mr. Morue, P. G., who has been substituting in the La Crosse High School is again at the University.

—Lloyd Pullen, '03, is entertaining his parents, who are here from Milwaukee to attend the inauguration.

—Miss Ada Bird has resumed her classes in the School of Music after an illness lasting through the vacation.

—The University Social club dances at Kehl's hall next Wednesday evening, and the Phi Delt Saturday evening.

—Robert C. Wente, '03, has left the University to enter the Ferris Institute, a business college, at Big Rapids, Mich.

—Wednesday Dean W. A. Henry delivers an address before the Minnesota state board of agriculture at St. Paul.

—W. S. McCormick, law '92, assemblyman from Hyland, arrived in the city to-day and is a guest at the Phi Psi house.

—Professor P. S. Reinsch was unable to meet his classes to-day but expects to hear them as usual to-morrow.

—James H. McNeel, '00, instructor of German at the Delafield Military Academy is spending his vacation at his home here. He resumes work Wednesday.

—Visitors to the University farm these days have the opportunity of seeing a number of animals which were prize-winners at the recent International Live stock Exposition in Chicago. The exhibits embrace fat cattle, sheep and swine.

—Miss Mabel Pengra, '99, returned Saturday to Black River Falls where she is engaged in teaching mathematics in the High School. Miss Pengra had been home for a vacation visit with her parents, Mr. and Mrs. W. S. Pengra, 803 University avenue.

—Prof. Carlyle has received at the farm five poled Angus calves from the farm of L. H. Kerrick of Bloomington, Ill. Mr. Kerrick's stock is perhaps the most noted of its breed in America. The calves will be used for illustration purposes with the agricultural students. A lot of Hereford calves will soon arrive—also from Illinois.

—The Melvin club, composed of the Catholic students of the University gave a pleasant dancing party at Keeley's hall Saturday evening. About 40 couples were present. The music was furnished by Lueders' orchestra, the chaperons being Mr. and Mrs. George K. Anderson. Light refreshments were served in the dining room, and the success that universally attends the gatherings of this club was again manifested. Mr. John M. Kelley is president and Mr. J. V. Brennan secretary of the club which gives several of these parties during the college year.

### A Son of Wisconsin.

Today marks the inauguration of the first governor of Wisconsin who is a native of the state and also the first governor who is a product of our own University. The intrusting of this responsibility to the hands of a man so young in years reflects credit upon the institution which took so large a part in moulding his career.

### Premature Talk.

The publications in certain daily papers recently that Superintendent Harvey would be the probable successor to President Adams in case of the latter's resignation, are decidedly premature and unwarranted. President Adam's health from all recent reports is steadily improving, and undoubtedly by the opening of the next collegiate year, he will be as well as ever. He has been granted leave of absence for one year, and there is no necessity in naming his successor before it is certain that his ill health will force him to resign.

That Superintendent Harvey is an able and efficient educator and that he would fill the position of President of our University satisfactorily to all, no one can doubt. He has made education his life-work and his success has established an enviable record and reputation for him.

But it is entirely uncalled for at present to name him as successor to a man who at this moment has no intention of resigning, and who has done so much to build up this University.

### The Marshall Celebration.

The one-hundredth anniversary of the appointment by President John Adams of John Marshall to the Supreme Bench of our nation will occur this month. Already some of the law schools in our country have made preparations to honor the occasion in a suitable manner. John Marshall, as

every one knows, is one of our greatest jurists and is considered by many as our greatest Chief Justice. His work was not only the interpretation of law, but also the making of it; for at his time the Constitution had just been adopted and the true meaning of its various sections was still disputed and in doubt. That he did his work well, every American knows. John Adams always said that the proudest recollection of his life was his appointment of Mr. Marshall to the Supreme Bench. Hence, it is very fitting that the law school of Wisconsin, if it has not already done so, should at once make preparations to honor this eminent lawyer, and judge. Our law school, we believe, is the leader in the West, and any action on our part on this occasion would be certain to commend itself to every American. The East will surely celebrate this great event. Let the West do likewise.

## DRUG CABINET.

Interesting Collection Found in School  
of Pharmacy.

Probably but few students are  
aware of the existence of a "Drug  
Cabinet" on the fourth floor of North  
Hall. This collection originally con-  
sisted solely of specimens of the more  
common drugs—whence its name of  
"Drug Cabinet"—and was used by the  
School of Pharmacy for demonstra-  
tion purposes in connection with the  
work of students in pharmacognosy.  
From this small beginning, way back  
about '88, it slowly grew until it con-  
tained many specimens of the rarer  
unofficial drugs and many plant pro-  
ducts.

At the close of the World's Fair,  
large additions were made to the  
cabinet by purchase. These additions  
were mostly in the line of Asiatic  
drugs and medicines. Among the  
more valuable acquisitions of this  
time were rare collections of fifty  
Ceylon and some one hundred and  
forty Malay Archipelago drugs and  
medicines. Liberal donations by Ger-  
man, English, and American wholesale  
drug firms and by generous individ-  
uals have greatly increased the list.  
The growth of the collection has been  
steady and rapid, until at present  
there are about five thousand inven-  
torial numbers. Two of the principal  
needs of the collection at present are  
space and glass containers, it being  
impossible to exhibit several hundred  
specimens on this account.

Although the collection began as a  
collection of drugs the development  
has been carried on along lines of  
economic botany. It is now quite  
strong in the latter lines and will un-  
doubtedly be made enormously more  
so if, as is being contemplated, a  
course in Economic Botany be added  
to the curriculum of the School of  
Commerce. Dr. Scott, the director  
of the School of Commerce, lately  
visited the "Drug Cabinet" in this  
connection and was agreeably sur-  
prised at the size and value. He had  
scarcely heard of the collection till of  
late and was impressed greatly when  
he did see it, as we are sure, all  
visitors are bound to be. The col-  
lection is arranged in Smithsonian  
cases according to Engler's "Natural  
System." It is a great museum of  
such plants and their products as are  
of use to the present population of the  
world.

Mr. R. H. Denniston is Curator of  
the "Drug Museum" and is ever ready  
to act as guide and informer to those  
who wish to examine it. A visitor  
can find many things of interest there  
and a little time spent there cannot  
help but prove profitable and enjoy-  
able.

Most people think that any old  
place is good enough for a bicycle  
through the winter, so they dump it in  
the basement where it is damp, or  
into the coal shed where it is almost  
obliterated with coal dust, etc. Of  
course they don't think of the conse-  
quences until spring, then Oh! My!  
they wish they had taken it to Wm. J.  
Park Co., 113 State St., successors to  
the Madison Cycle Co., and had it  
cleaned and stored properly for the  
winter for \$1.50, and saved \$5.00.
