HISTORY OF BERLIN.

Berlin is a prosperous incorporated city of 4,200 population located on the Fox river and on a spur of the C., M. & St. P. Ry., in the northwestern corner of Green Lake county, 96 miles northwest of Milwaukee, 10 miles north of Dartford, the county seat, and 22 miles southwest of Oshkosh.

The early history of Berlin is very interesting. The early discoverers and explorers who traveled from Green Bay to Prairie du Chien by the river route, frequently met with considerable trouble in passing the present site of Berlin on account of a hostile tribe of Indians, who were living a little to the west of this point. These however were mere travelers or traders.

The first explorers who visited the site with a view of settling; came here Jan. 1, 1846. The party consisted of Nathan M. Strong, Hugh G. Martin, Hiram Barnes, and William Dickey, all from Ceresco and members of the "Ceresco Phalanx." After looking over the ground they returned to Ceresco. The following June, however, Nathan M. Strong built a shanty and settled permanently on the old Baptist church lot. During the latter part of the next year, 1847, settlers began to flock in and take up land for settlement.

The first political convention met in Noyes' shanty in April, 1848.

In the spring of 1848, C. R. Taylor built the first hotel and called it Union Hotel, but changed it to Berlin House in honor of the post-office of Berlin which had just been established. He had a grand opening July 4, 1848, with a ball, which was long remembered by the participants.

In the spring of 1848 Hiram S. Conant was appointed postmaster by the department at Washington, and was requested to select a name that had not already been given to some other post-office in the state. He selected Berlin in honor of the famous European capital so named. The mail was first brought weekly on horseback, then twice a week, etc.

The first house built on the west side was a log house near

where E. M. Buell now lives, and owned by Mr. Van Horn. There was at that time, 1849, a large encampment of Indians on the bank of the river where T. W. Wood's residence now stands.

In 1850 the old schoolhouse, now the city poor house, was built and two teachers were required to do the work. There was also a school started on the west side.

The first house of worship stood near the Union House site. It was an old shanty with the roof sloping from the front nearly to the ground in the rear.

Berlin was incorporated as a city March 6, 1857. It grew rapidly in size and importance till at the present time it contains a large boot and shoe factory, planing mill, a brewery, two cigar factories, a washboard factory, whip factory, three glove and mitten factories, machine shop, flouring mill, brick yard, tannery, butter tub and cheese box factory, creamery, broom-factory, electric light plant, two banks, a good opera house, telephone exchange, a well equipped and efficient fire-department, and numerous well-stocked special and general stores. Its religious and educational facilities are excellent, its schools ranking among the best in the state. Valuable granite quarries are in the vicinity yielding excellent material for building and paving purposes and add considerable to the business of the city. Berlin is one of the principal cranberry shipping points in Wisconsin, great attention being paid to the culture of the berries. The press is represented by the *Courant* edited by L. E. Davis, by the *Journal*, Daily and Weekly, edited by C. G. Starks, and by the *Dairyman's Exchange*. During the season of navigation the steamer Fashion makes daily trips to Oshkosh, and stages run to Wautoma, Pine River, Oshkosh, Plainfield and Waupaca.

Hagey Institute

Bi-Chloride of Gold

TREATMENT

FOR THE CURE OF

Liquor, Opium, Morphine,
Cocaine and Tobacco Diseases.

A CURE GUARANTEED, OR NO CHARGE.

Kroncke Building, MADISON, WIS.

Hundreds of Testimonials have been received from persons who have been permanently cured by this treatment, the following being one of the many :

To all interested persons :

YANKTON, S. D., July 29th, 1892.

Three months ago I was a constant and hard drinker, and every effort to quit ended in failure. I took a course of treatment at the Hagey Institute, of Yankton, and in three weeks time was a cured man. All desire for drink had left me, I felt better in every way, and now, two months after treatment, the smell or thought of liquor is nauseating. I consider my cure complete and permanent, and I would heartily advise all afflicted with the appetite to take a course of treatment at the Hagey Institute, where a complete cure is certain.

JAMES BYRON.

TERMS.

Seventy-five dollars is required of each patient to be paid upon application for treatment.

Should any person desire to intercede for a friend unbeknown to him he may do so, and send the money to the secretary, who will receipt therefor and procure board and a suitable room at a cost of \$4.00 per week and upward. Good hotel and restaurant accommodations, goods tables where carriages may be secured at reasonable rates for those who desire to avail themselves of the numerous pleasant drives.

The usual time taken for treatment is three weeks, and in all cases the management guarantees a cure if the rules of the institute are lived up to by the patient.

Persons desiring to take private treatment, can do so, by addressing the secretary.

All correspondence confidential.

The effect of the Hagey Treatment is not at all disagreeable, and instils new life into the patient. A permanent cure is insured in from three to four weeks.

Madison offers every advantage to persons taking this course. The climate is healthy and the surrounding scenery picturesque. The hotels are first-class, and board can be obtained from \$3.50 per week upwards.
