Upon motion of Regent Renk, seconded by Regent Rennebohm, it was VOTED, That the Actions by the President of the University, since the July 11, 1953, meeting of the Board of Regents, covering appointments, resignations, and changes in status or salary of personnel (Exhibit D attached), be approved, ratified, and confirmed.

Vice President Little also explained the purpose of the Freshman Orientation Week.

Regent Renk inquired as to the status of new dormitory construction plans and was informed that the matter had been presented to the State Building Commission for consideration; and that there apparently was nothing more that the Regents or the University administration could do in this matter until after further consideration by the State Building Commission which probably would be deferred until after the October session of the Legislature.

Regent Wanvig inquired as to the adequacies of facilities for the large freshman class in Engineering this fall and was informed that the instructional facilities were entirely adequate.

IN MEMORIAM

Miss Gretchen Schoenleber

We, the members of the Board of Regents of the University of Wisconsin, record with deep regret the death of Miss Gretchen Schoenleber, for eight years an outstanding member of the University Board of Visitors and for three years chairman of the Board.

A member of the University Class of 1911, Miss Schoenleber has since her graduation devoted herself to the educational and business life of the state with marked success. She was this year given the Wisconsin Alumni Association

Distinguished Service Award for her noteworthy contributions to her alma mater. She has been an active and productive member of the Milwaukee Alumni Club and the Alumni Association, with a particular and absorbing interest in the scholarship work of these organizations.

As a citizen of Milwaukee she served on the Community Welfare Council and as trustee of the Citizens' Governmental Research Bureau. As a business woman she took over the reins of the Ambrosia Chocolate Co. when her father died, to build it into one of the most modern mechanized plants of its kind in the Nation. She was the only woman on a commodity exchange in this country and one of the few to serve on the Cocoa and Chocolate Manufacturers' Industry Advisory Committee.

Women of her caliber, with intelligence, ability, and character, who have the will to devote their lives to the general welfare, are indispensable to our public life. We deeply regret her passing,

Upon motion of Regent Watson, seconded by Regent Renk, it was VOTED, That the Special Regent Committee on Agricultural Lands be directed to include in their study the location of the University poultry yards, with the view to removal of said poultry yards from their present location at the earliest possible time; and that the committee be requested to report its findings and recommendations to this Board of Regents.
