WISCONSIN STATE COLLEGE
RIVER FALLS, WISCONSIN

OFFICE OF THE PRESIDENT

Lines to a student:

There are many kinds of "lines" -- lines of thought, lines of force, party lines and the "line" one student hands another. There are also lines of students, especially noticeable during registration and at meal times.

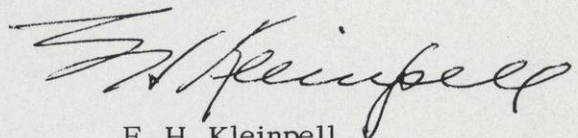

These last-mentioned lines are destined to grow longer. The freshman class this year is larger than the entire student body in 1946. It seems only yesterday that much publicity was given the fact that enrollment had reached 1,000. Yet, this year, it appeared scarcely noteworthy when we passed the 2,000 mark. It was expected. But today's enrollments will seem small in the very near future. Current projections show an enrollment of more than 3,500 by 1970 and a student body of 5,700 by 1980, a college population greater than the present population of the City of River Falls.

This means that the College will have an even greater responsibility. It means that the faculty and administration must prepare now to continue giving the best possible education to the many who will follow you.

The growth of the institution also places greater responsibility on you. What you make of your opportunity for education and the direction you set for your College will reflect not only on you but on many others. Your continued interest in the College and your support of its programs after you graduate will be essential if River Falls is to maintain its standards of excellence.

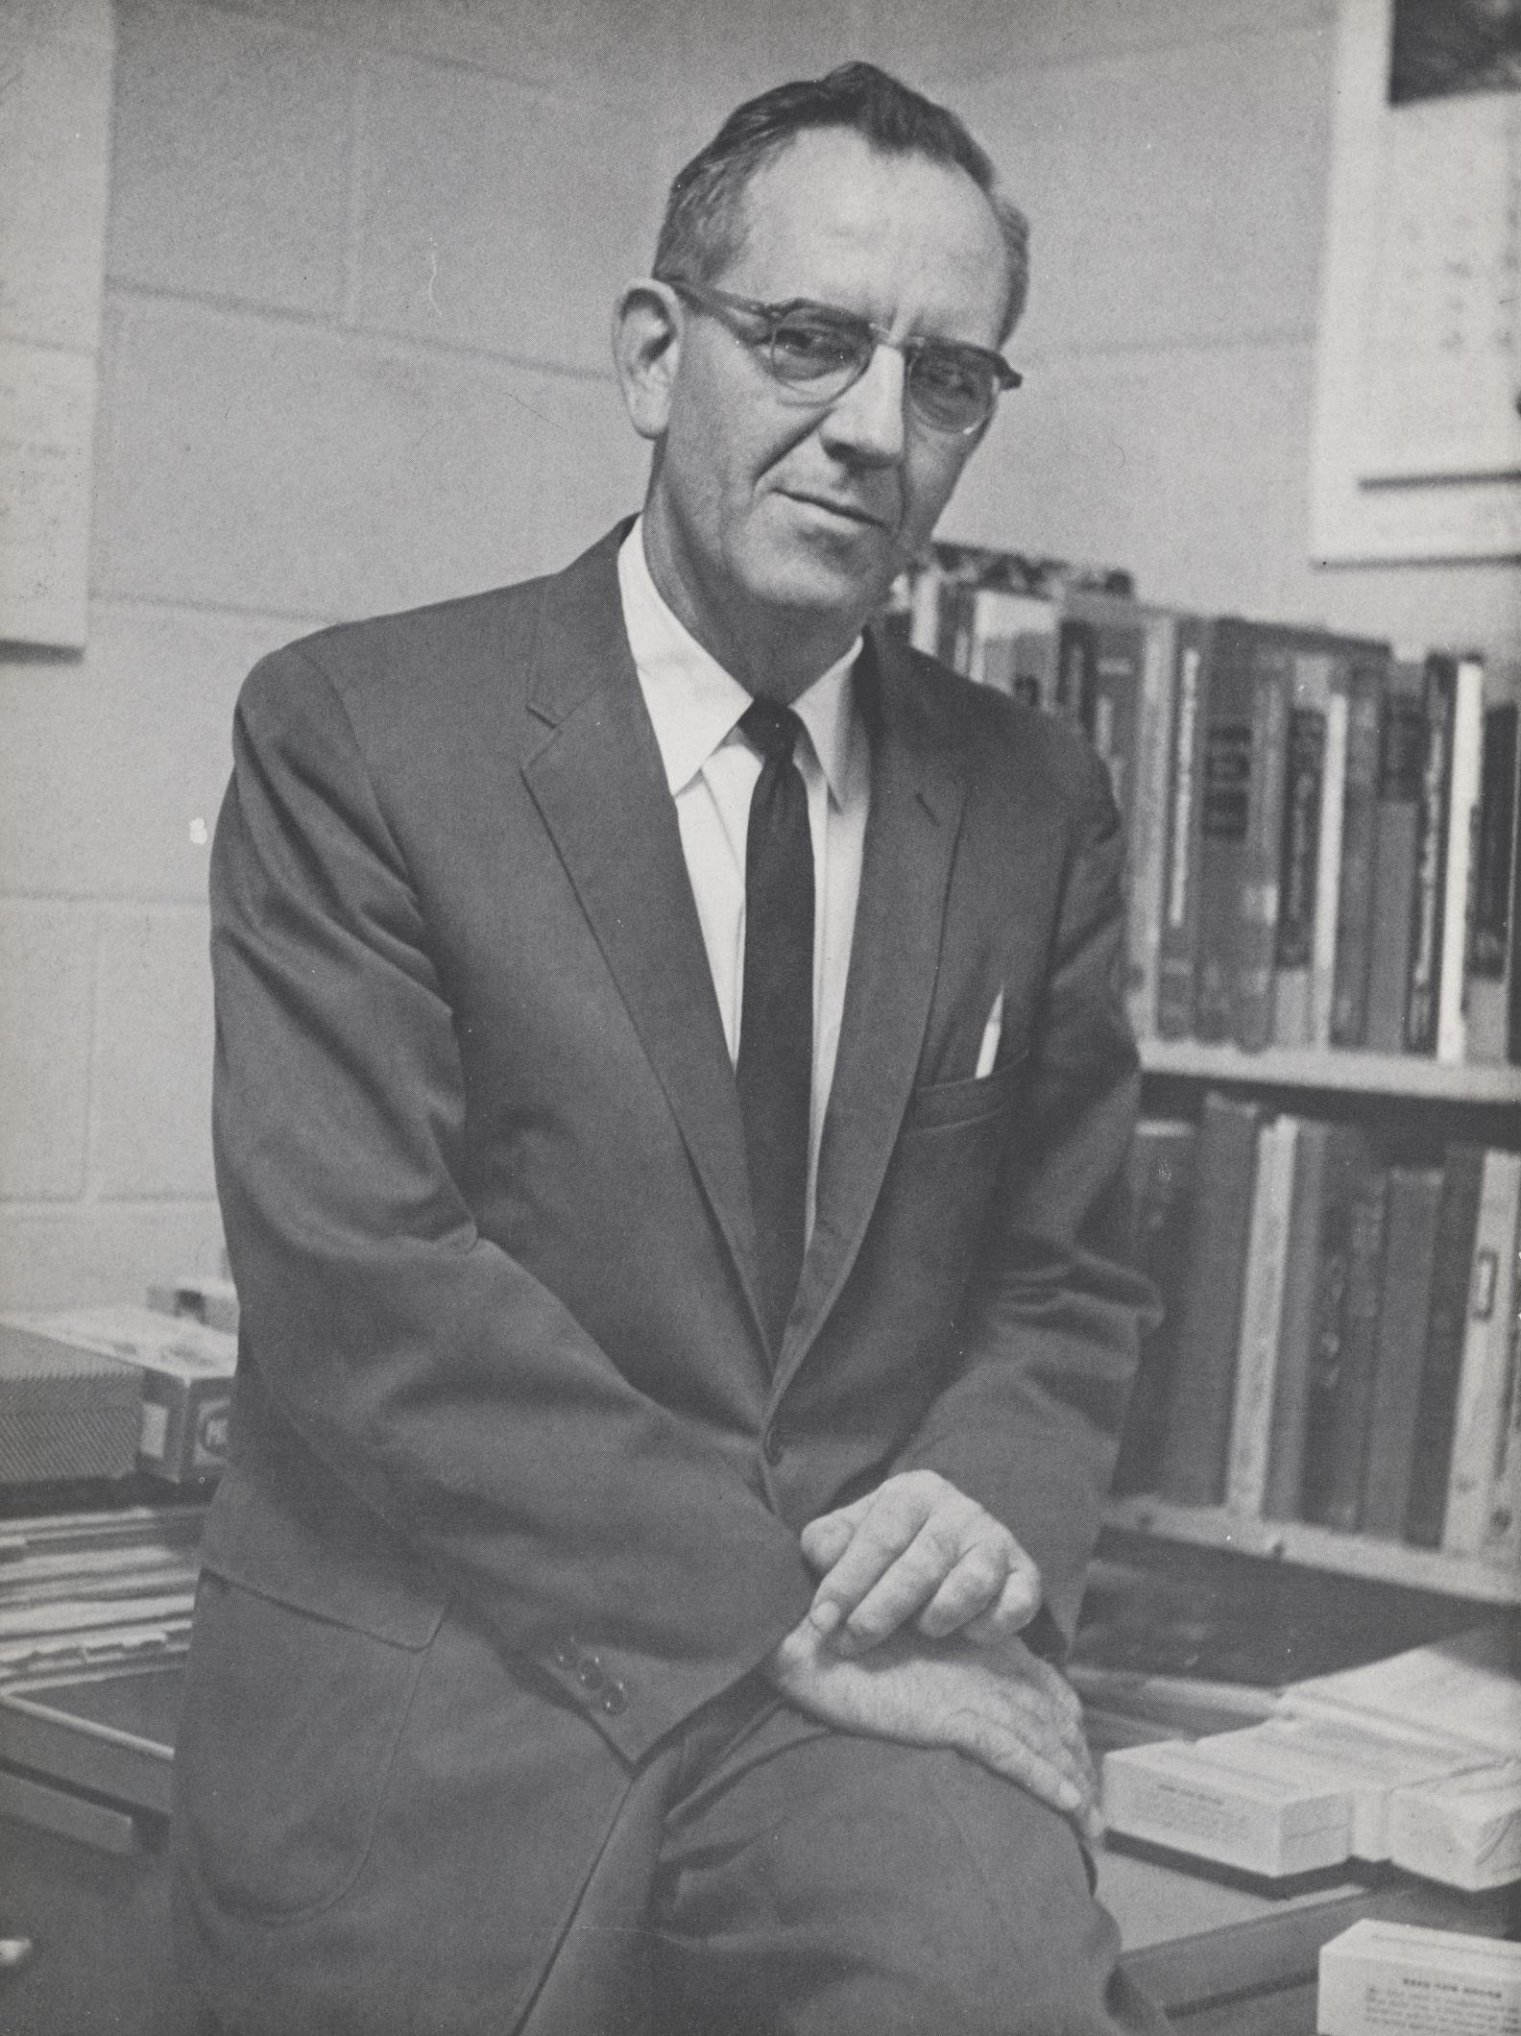

Our record has been an enviable one. The accomplishments of the past decade once seemed improbable to many. They have been possible because of the loyalty of students, faculty and alumni. I am sure that those of you who are presently enrolled will continue this tradition and that the "long lines" to follow will benefit from what you have helped to build.

Sincerely yours,

A handwritten signature in dark ink, appearing to read 'E. H. Kleinpell', written in a cursive style.

WE DEDICATE THE 1964 MELETEAN

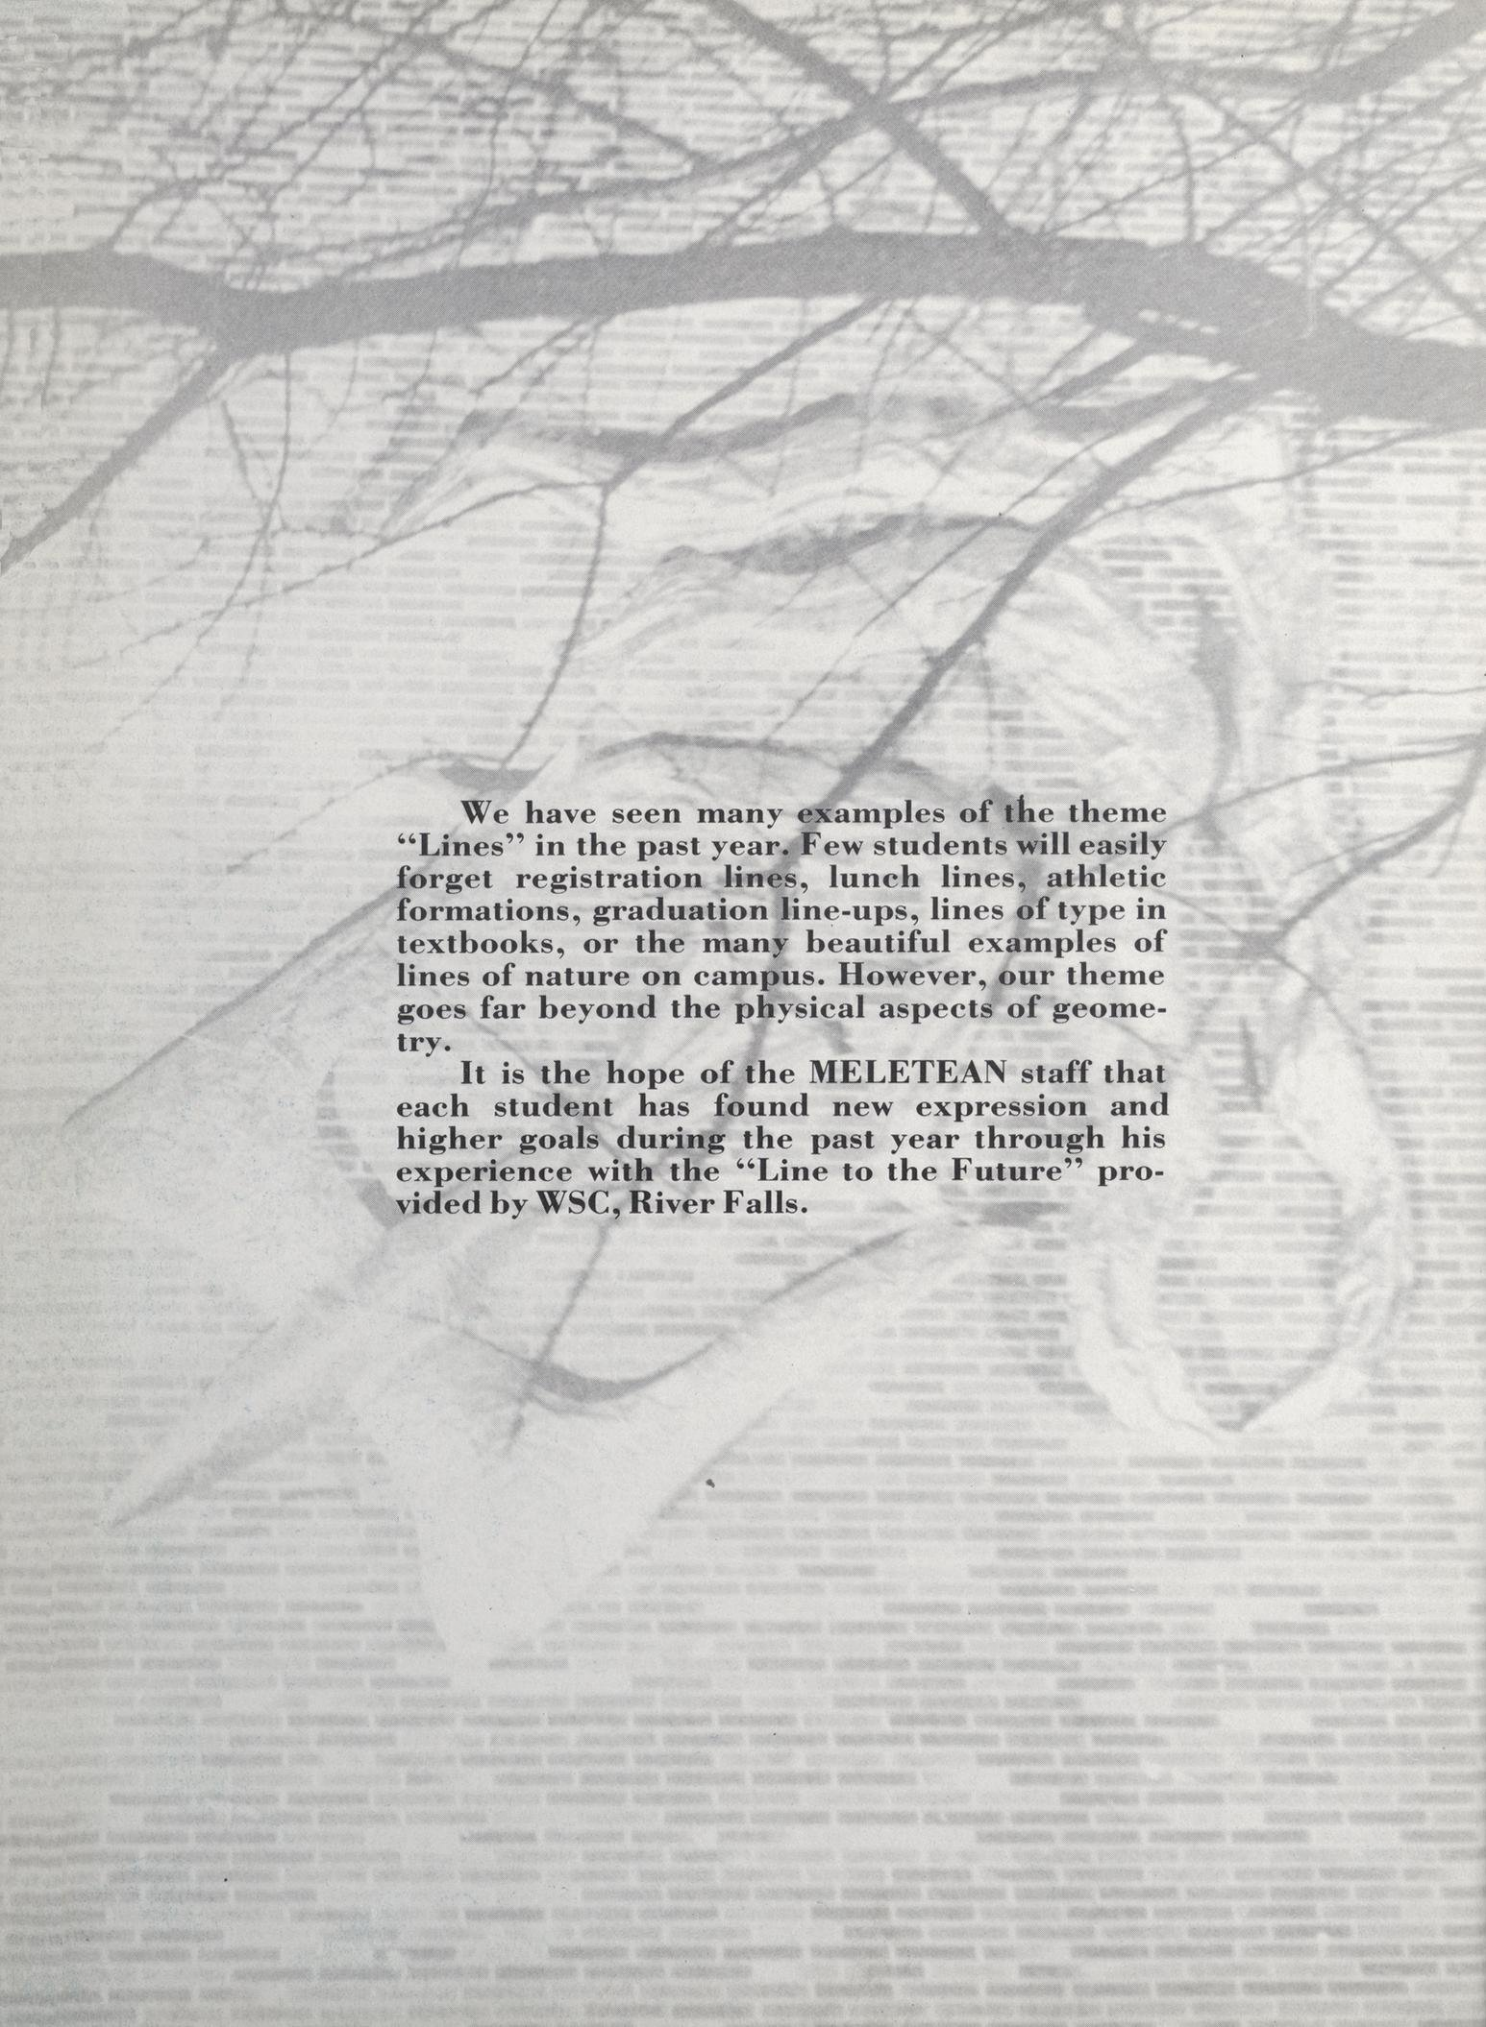

In recognition of his 23 years as an instructor at WSC, River Falls, and his contributions through extracurricular activities, we dedicate the 1964 MELETEAN.

... IN THE CLASSROOM ...

IN OUTSIDE ACTIVITY ...

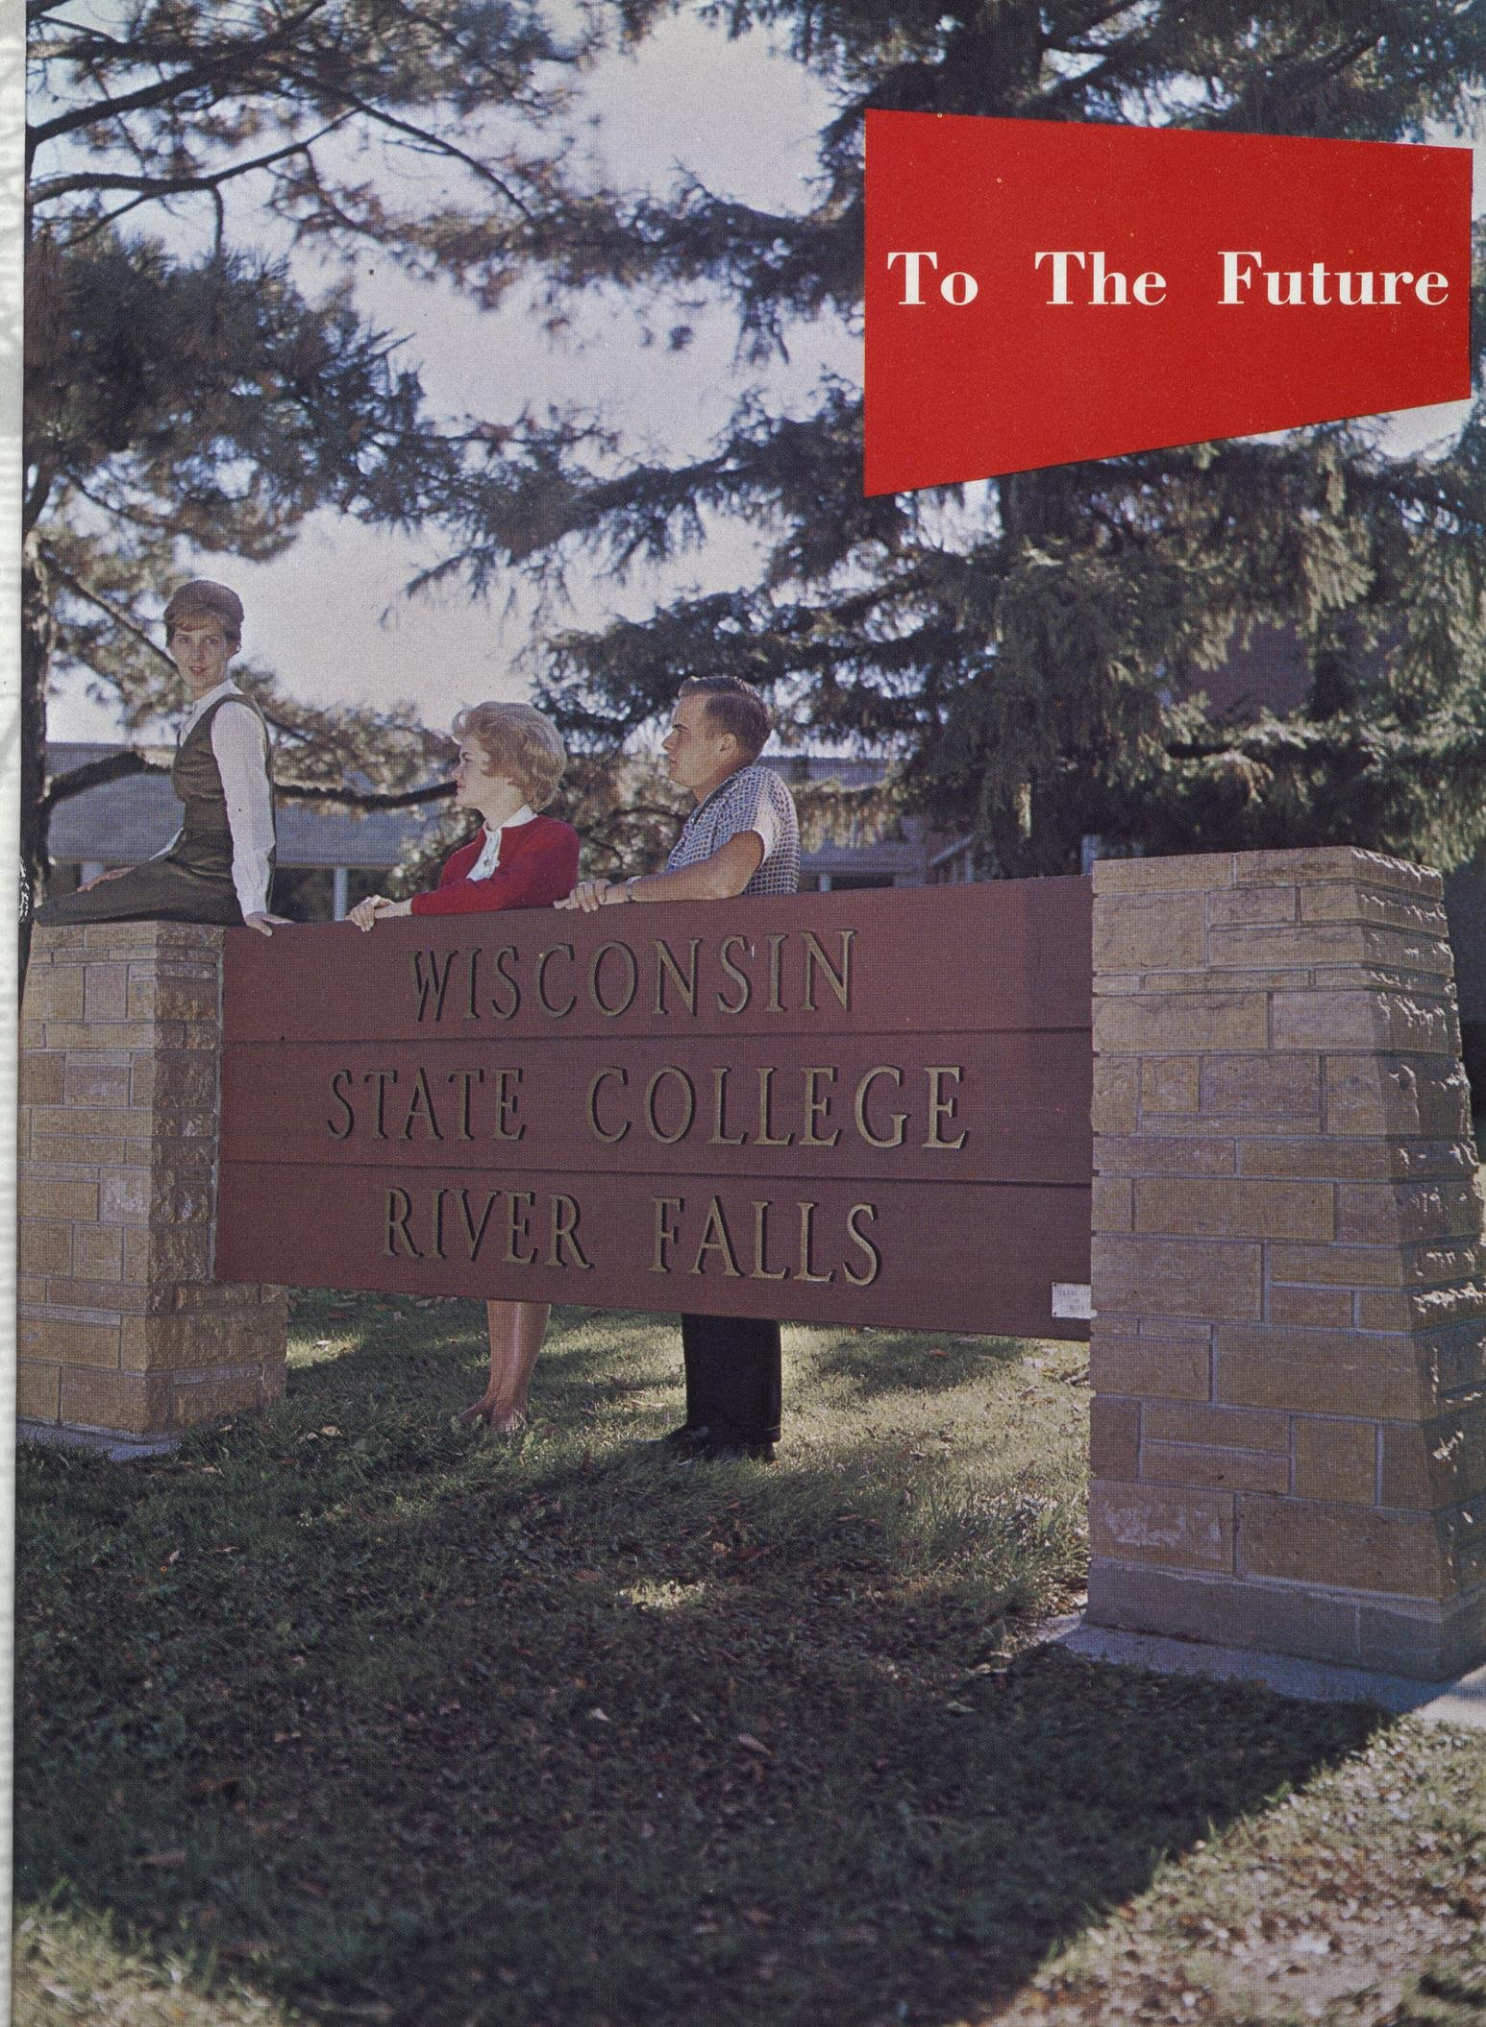

We have seen many examples of the theme “Lines” in the past year. Few students will easily forget registration lines, lunch lines, athletic formations, graduation line-ups, lines of type in textbooks, or the many beautiful examples of lines of nature on campus. However, our theme goes far beyond the physical aspects of geometry.

It is the hope of the MELETEAN staff that each student has found new expression and higher goals during the past year through his experience with the “Line to the Future” provided by WSC, River Falls.

To The Future

A color photograph of three students posing with a large wooden sign. The sign is mounted on two stone pillars and reads "WISCONSIN STATE COLLEGE RIVER FALLS". A young woman is sitting on the left pillar, looking towards the camera. A young woman in a red sweater and a young man in a patterned shirt are standing behind the sign, looking towards the right. The background features large evergreen trees and a building.

A Link With the Past

*For I dipt into the future, far as
human eye could see
Saw the Vision of the world and all
the wonder that would be.
--Alfred, Lord Tennyson*

The present is a time that could have been imagined by only a few persons of past generations. Planes flying faster than sound, pictures bouncing off an artificial satellite and traveling thousands of miles across water, miracle drugs, machines with memories and manned space flights seem almost beyond belief even by those of us who live with them.

● Ninety percent of all the scientists who have ever lived are living today.

● Ninety percent of all drugs being prescribed by physicians today were not even known 10 years ago.

And what of the future?

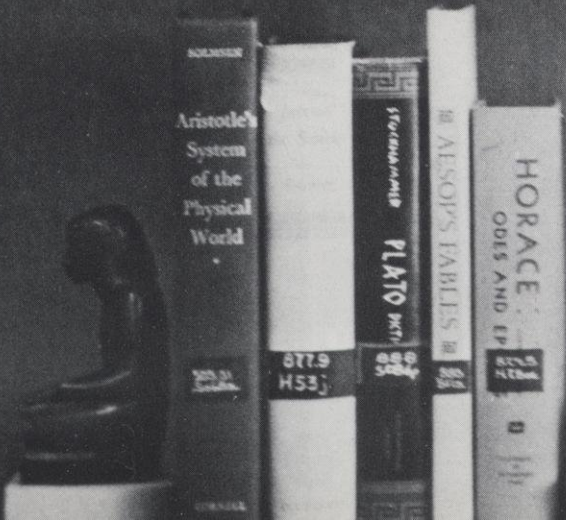

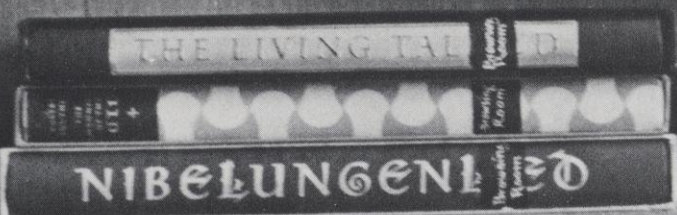

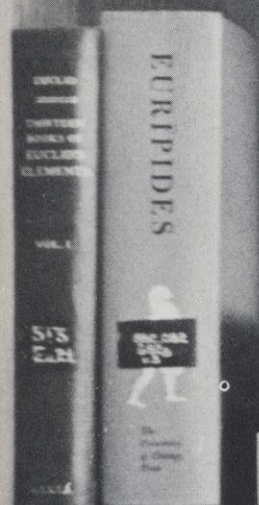

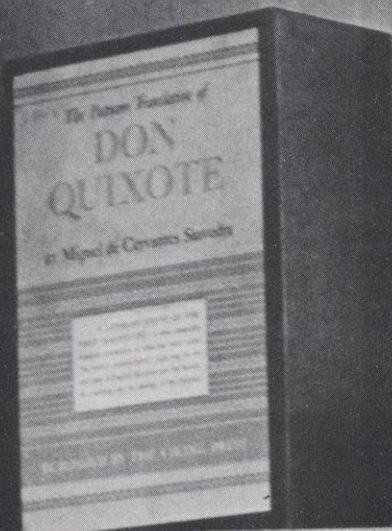

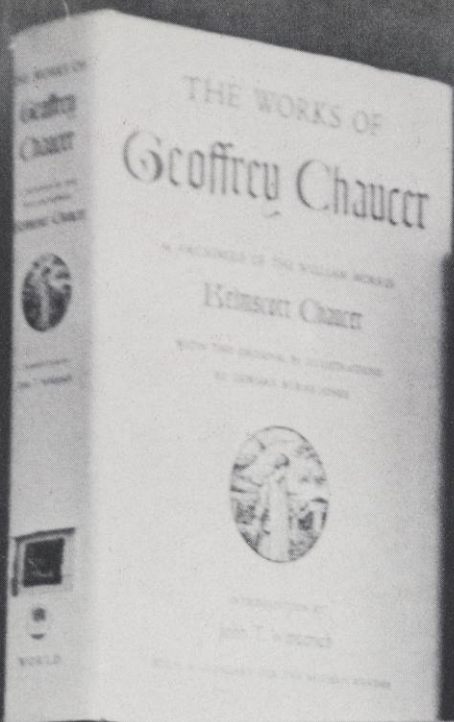

Engineers predict that three-fourths of all those who will work in industry in 1975 will be making products that have not yet been invented or discovered.

College—

A Line to the Future

In the condition of modern life the rule is absolute, the race that does not value trained intelligence is doomed . . . Tomorrow science will have moved forward yet one more step and there will be no appeal from the judgment which will then be pronounced on the uneducated.

—Alfred North Whitehead

In a time when there is an “explosion of knowledge,” college has come to be increasingly necessary to those who seek positions of responsibility and leadership. The professions, management, industry and government all have increasing difficulty in finding capable young men and women with the required “trained intelligence.”

The future, then, belongs to those who are prepared—to those who have a knowledge of man’s past but who are ready to go in new directions—to those who have learned the dreams of old but who have a vision of what may be.

The Classroom—

Line to Learning

Setting up an Experiment

The truth lies often in shadow.

To seek the truth, to know it, requires freedom of inquiry and the right to challenge as well as to defend each concept or idea.

The College is dedicated to the search for truth, the gaining of wisdom.

A student has more than a right to learn. He has a duty to make the most of every opportunity for intellectual development.

Listening to a Lecture

In the past we have had a light which flickered, in the present we have a light which flames, and in the future there will be a light which shines over all the land and sea.

—Winston Churchill

Guiding the Lines—

The Teacher

Teachers, regardless of their subject, share a dedication to the ideals of their profession. They are concerned with the student and his progress. Though they may approach their tasks by many paths, their chief aim is to help each individual to realize his highest goals.

The faculty at River Falls has a long tradition of distinguished teaching.

College— Line to a New World

Books and classes are an important part of college but they are not all. Being a part of the campus community is more than preparation for the future—more than learning of the past. It is also living in the present in the midst of an exciting and different pattern of thought and action.

The student is thinking, inquiring, developing his interests and following them. He finds those who share his views and ideas and those who hold different opinions. By listening to others, by defending his own position, the student continues his education in the dormitory, in interest groups and at social events.

lesson to the head,
And Learning wiser grow without
his books.*

General Education

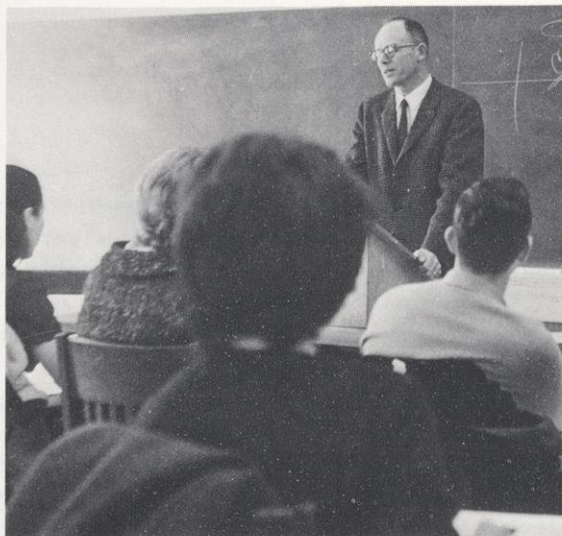

If you do not think about the future, you cannot have one.

—John Galsworthy

All students at River Falls, whether enrolled in the School of Education, the School of Agriculture, or the School of Arts and Sciences, receive a foundation of basic courses designed to develop the attitudes, the abilities and the interests that mark the educated person—those features that cause him to lead a more satisfying and successful life.

This foundation serves to make his education a continuing process that does not end with graduation. It serves also to introduce him to those areas of learning with which he may have had no previous contact and helps him in choosing those fields in which he may want to concentrate his efforts.

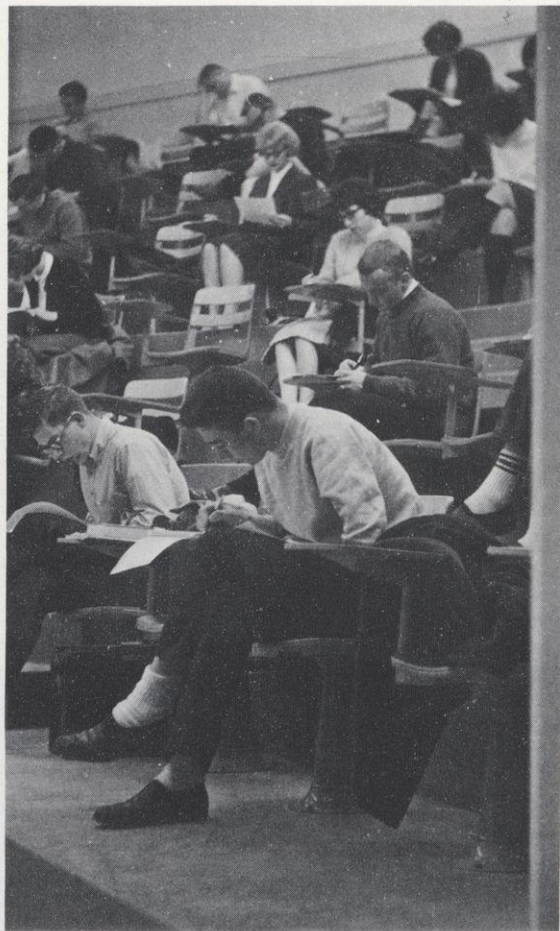

The College offers an Honors Program and an Independent Study Program for the student of outstanding academic ability. Credit is given in certain courses to the student who can demonstrate, by examination, that he has sufficient knowledge of a subject.

*We see by the glad light and
breathe the sweet air of futu-
rity, and so we live or else we
have no life.*

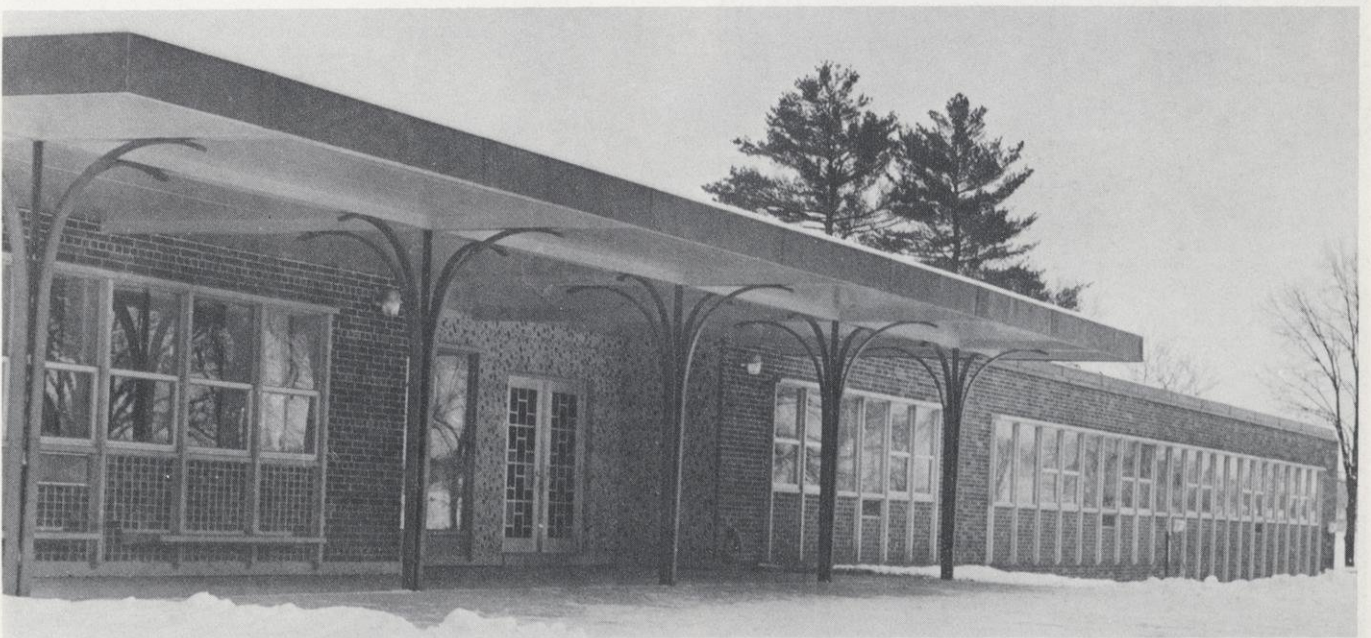

—William Wordsworth

Oldest of the three schools at River Falls is the School of Education, for the College was founded in 1874 to prepare teachers. Though the demand for teachers was considered vital then, it was small when contrasted with today's requirements. Teachers in elementary, junior high, high schools and colleges are needed urgently.

In its many years of service, River Falls has pioneered in educating teachers. Its graduates are serving in all parts of the United States and in many foreign countries.

—Jules Jusserand

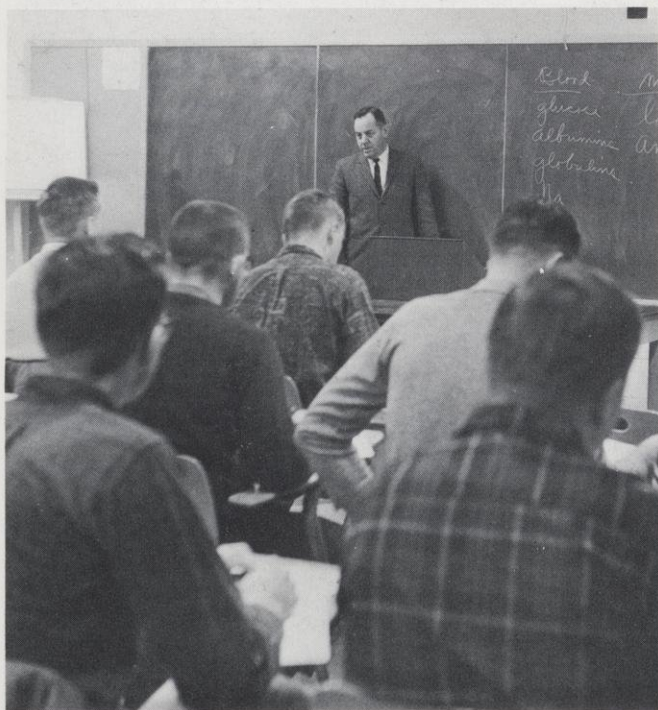

The School of Agriculture

Engineering Drawing

Since 1912 the College has offered Courses in agriculture. Today there are more than 500 different types of jobs available to persons in this field. Within the school, a broad background as well as the specialized training necessary for positions in teaching, government, and in agricultural business and industry are offered.

As in other fields, the demand is great. According to a recent report, approximately 7,500 young men and women are graduated from our agricultural colleges each year and there are about 15,000 openings so that two positions are available to every qualified applicant.

The School of Arts and Sciences

*Each new grain of truth is
packed, like radium, with
whole worlds of light.*
—Alfred Noyes

The humanities, revealing man's unique achievements in language, art, music and literature—the social sciences, dealing with man's role in society—the natural and physical sciences disclosing what man has learned of the world about him, are taught in the School of Arts and Sciences.

Students in these fields are prepared to make contributions to a complex society facing ever-new problems.

Graduates of the liberal arts curricula are sought by government, industry and business.

And what looks dark in the distance may brighten as I draw near.

—Mary Gardiner Brainerd

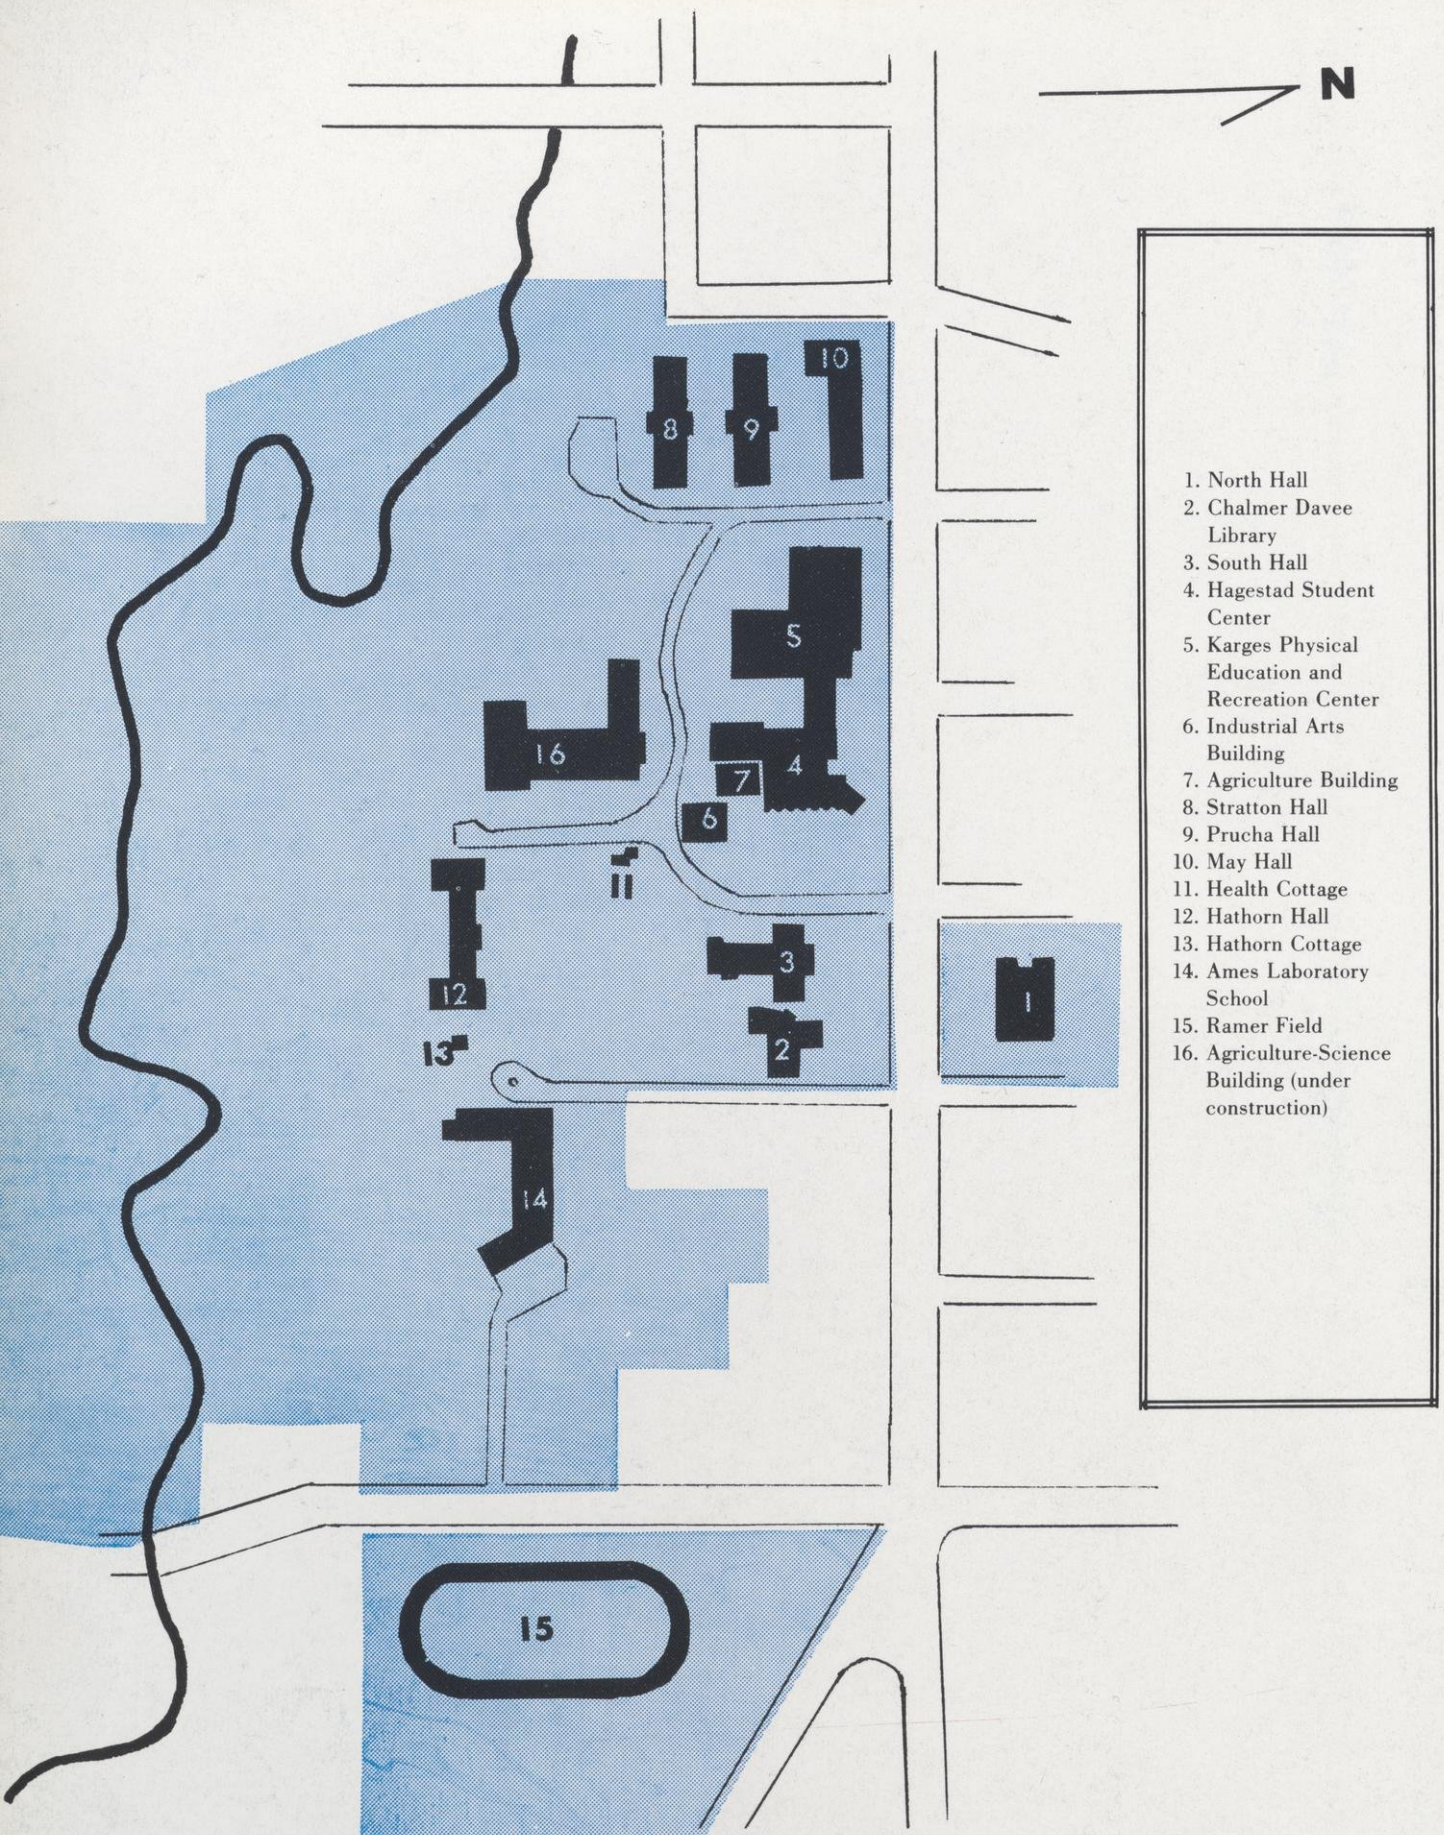

College is not a factory taking in raw material and turning out a finished product. Rather than stressing uniformity, the college must encourage diversity, creativity and individuality. Each person must be free to learn and to proclaim what he has found.

But all teaching, all learning, all activity has been directed toward one end—the making of an educated person who has learned to ask “Why?” and who will be satisfied with nothing less than the best answer that can be given.

Winter 95

Spring 100

QUEEN CANDIDATES were Heidi Flueger, Bev Voigt, Regina LaVenture, Becky Junkman, Mary Hartwig, Renie Peach, Donna Olson, Phyllis Dorgan and Joan Nelson.

QUEEN BEV waves from her float.

HOMECOMING CHAIRMEN were Wayne Siebold, Joe Valenta, and Larry Baker.

"Pioneer

The 1963 Homecoming, "Pioneer Press", termed the best ever by President Kleinpell, began with a kick-off convocation featuring skits by the various campus organizations. The "Queen's Ball" was held Wednesday night when the queen candidates were introduced. Voting by the student body, the pancake eating contest sponsored by Ace Foods, and Kangaroo Kourt were on Thursday.

Press"

Homecoming weekend formally began Friday morning at 9:45 when the Dirty Dozen "dismissed" classes. The freshman-sophomore tug-o-war was again won by the freshmen. Highlighting the Pep Fest Friday evening was the crowning of Queen Bev as she uncovered a red rose, the symbol of royalty. Following the snake dance and bonfire, a record dance sponsored by the Greek Letter Council was held in the Student Union. Jim Baier scored the single touchdown against Platteville in the football game and the weekend concluded with the Homecoming dance featuring the Sonny Raye Orchestra.

UN DAY is celebrated on campus as Miss Hawkins cuts a birthday cake.

Frigid Fun

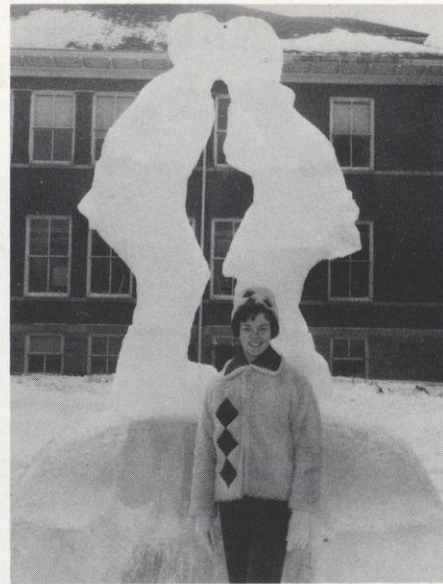

So this is what they mean by "Frigid Fun."

Both in title and in atmosphere, the slogan "Frigid Fun" dominated the week of Winter Carnival. From Sunday to Sunday, January 26 to February 2, the campus was alive with fun and frolic. The best ever was repeated over and over during this Winter Carnival week. A fast growing tradition at Wisconsin State College at River Falls, Winter Carnival will long be remembered by those who took part.

Winner of the annual FFA Talent Show during Winter Carnival Week was Bob Cup Chop.

Warren P. Knowles, 1964 Republican gubernatorial candidate, stated he did not believe civil rights discrimination exists in Wisconsin today.

Grass Roots

"CIVIL RIGHTS IN WISCONSIN" was the theme of the seventh annual Grassroots Political Conference. The conference was held on Feb. 5 and 6. The principal speakers who presented varied approaches to the topic were John W. Reynolds, governor of Wisconsin; Warren P. Knowles, former lieutenant governor; J. Louis Hanson, State Chairman of the Democratic Party; Thomas H. Barland, assemblyman from Eau Claire; Lloyd A. Barbee, Wisconsin NAACP president; Dr. C. Aubrey Young, director of the Governor's Commission on Human Rights; and Bertram N. McNamara of the United Steel Workers of America.

Conference

THE TRADITIONAL Grassroots Political Conference has been labeled as one of the most outstanding programs of its kind in Wisconsin. It is sponsored each year by the Wisconsin Center for Education in Politics and River Falls Department of Social Sciences.

"The 1964 theme, 'Civil Rights in Wisconsin', was chosen because it is important to our times," stated Dr. Robert Berg, chairman of the conference. "This is not simply a problem for Little Rock or Ole Miss but also for Milwaukee, Racine, and Beloit," he said.

The conference was a success for it brought out valuable information on a topic which will be one of the leading national issues in the 1964 campaign.

Thomas Barland stated that civil rights bills failed because of the "ineptitude of the governor's office to put the bills in palatable form".

J. Louis Hanson stated that housing is the greatest problem facing today's American Negro.

Governor John W. Reynolds discussed Wisconsin civil rights with Dr. Wayne Wolfe, Cletus Henriksen, and President Kleinpell.

A TORCH lights the way for the Falcons as they enter Ramer Field at halftime for the Dads' Day Game.

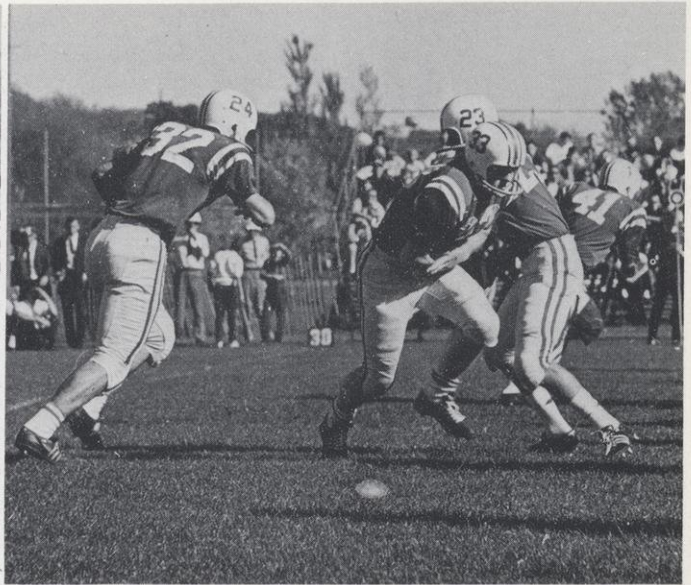

The end of the 1963 football season found the Falcons in fifth place in the conference standings, finishing with a 3-3-1 conference record.

The outcome for the season looked bright as Coach Christenson's team started with two smashing victories, winning the opener by a 14-0 margin over Oshkosh. The second battle produced a 19-0 trouncing over the Superior Yellowjackets.

A turn in the tide appeared as the Falcons lost 14-7 to EauClaire before the Dads' Day crowd. A 12-9 victory over Milwaukee produced a lull before the storm as the Falcons were dropped next by Plattville, 9-6 for Homecoming and then by Stout, 12-6.

Basketball

The Falcon hardwooders, under the coaching of Don Page, got off to a moderate start by winning six of their first ten games. Then the pace slowed somewhat and the Pagemen finished out the season winning only two of their last eleven games.

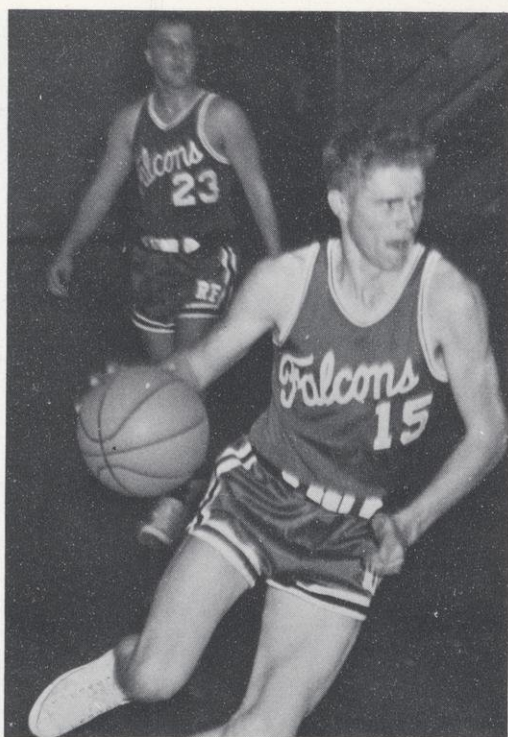

Ken Lee, a sophomore from Durand, proved to be the key man on this year's squad. He succeeded in tying teammate Paul Kramer for 13th place in the conference scoring, even though he was lost for the last two conference games due to a neck injury.

This year's team boasted nine freshmen, three sophomores, three juniors and one senior. Lack of experience hampered the team, but the conditioned crew are all expected back next year except for graduating senior, Bill Schwartz.

The Falcons placed seventh in the conference, being the leading defensive team, permitting 945 total points to be scored against them in twelve games.

Falcon Wrestling

JOE PONTERS his obvious problem of being on the bottom!

COACH EVANS gives instructions on the "finer" points of wrestling.

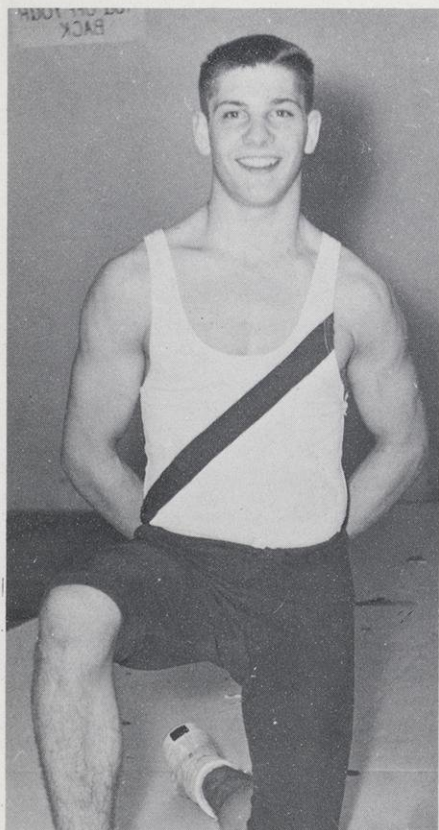

TRUDELL WORKS hard over his opponent.

The 1963-64 Falcon wrestling season was one of rebuilding for Coach Evans. The majority of last year's conference championship team was lost through graduation. Ken Trudell was the lone letterman.

The squad compiled a 3-2 record in conference competition and over-all 4-6 record while wrestling their way through a rugged season schedule. The Falcons finished sixth in the conference meet held at Superior. Ken Trudell won the individual championship in the 191 lb. weight class. Other place winners were Larry Madsen, third place at 130 lb.; Joe Jilek, fourth place at 167 lb.; and Dave Wirtala, fourth place at 177 lb. Tom Bauman led the Falcon squad in team points with a total of 22. Trudell finished second with 20 points.

To close the season, Coach Evans took five of his grapplers to the NAIA Small College Championship Tourney held at Black Hills State College in Spearfish, South Dakota.

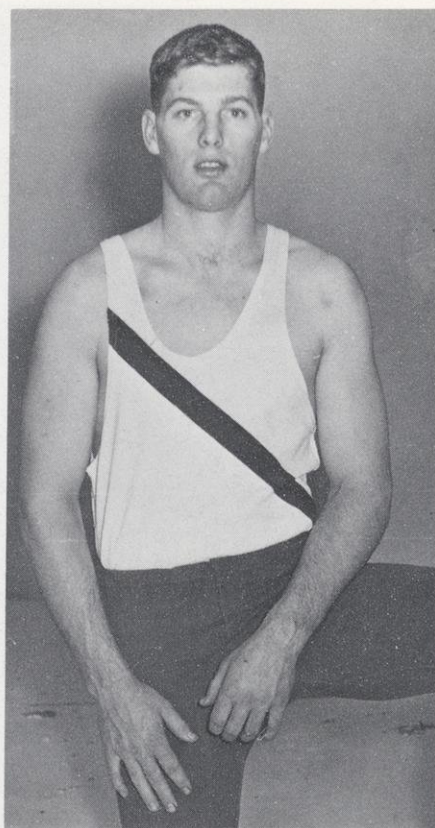

Tom Bauman was voted the most valuable wrestler of this year's squad. Ken Trudell was elected as Captain of the squad.

Falcon Swimming

During the 1963-64 season, the Falcon Swimmers broke all team records. Impressive as this was, they were still only able to capture one victory, a non-conference meet with St. Olaf, 57-36. In conference battles, the swimmers had a 0-5 record.

The conference meet was held at River Falls and all but one conference record were broken. LaCrosse took first place at this meet, with 56 points.

Bowling

The Falcon Keglers completed their second season in the Tri-State Bowling Conference. They placed eighth in the league. Dick Longsdorf was selected as the most valuable player. He received the M. D. Robertson MVP award. The award was given in memory of M. D. Robertson, former coach of Wahpeton State School of Science, who passed away this past summer. Seniors on this year's team were veteran bowlers Vic Londo and Duane Anderson.

Row 1: Coach Don Page, Chuck Bakker, Gordy Olson, Harvey Ankley, Tom Laughan, DeWayne Johnson, Dennis Kaiser. Row 2: Lloyd Kepperich, John Nelson, Ed Munson, Wayne Jarvinen, Bob Neilson, Bryan Jarvinen, Roger Dillenbeck.

1963 Baseball

The River Falls baseball team finished the season with an over-all 6-9 mark and posted a 3-5 record in conference play.

Coach Page's team was hampered by the loss of several front line players during the season. Bad weather forced the cancellation of the final two games of the season with Superior.

John Nelson, Wayne Jarvinen and Bryan Jarvinen were the leading hitters on the team with .438, .370 and .354 batting averages.

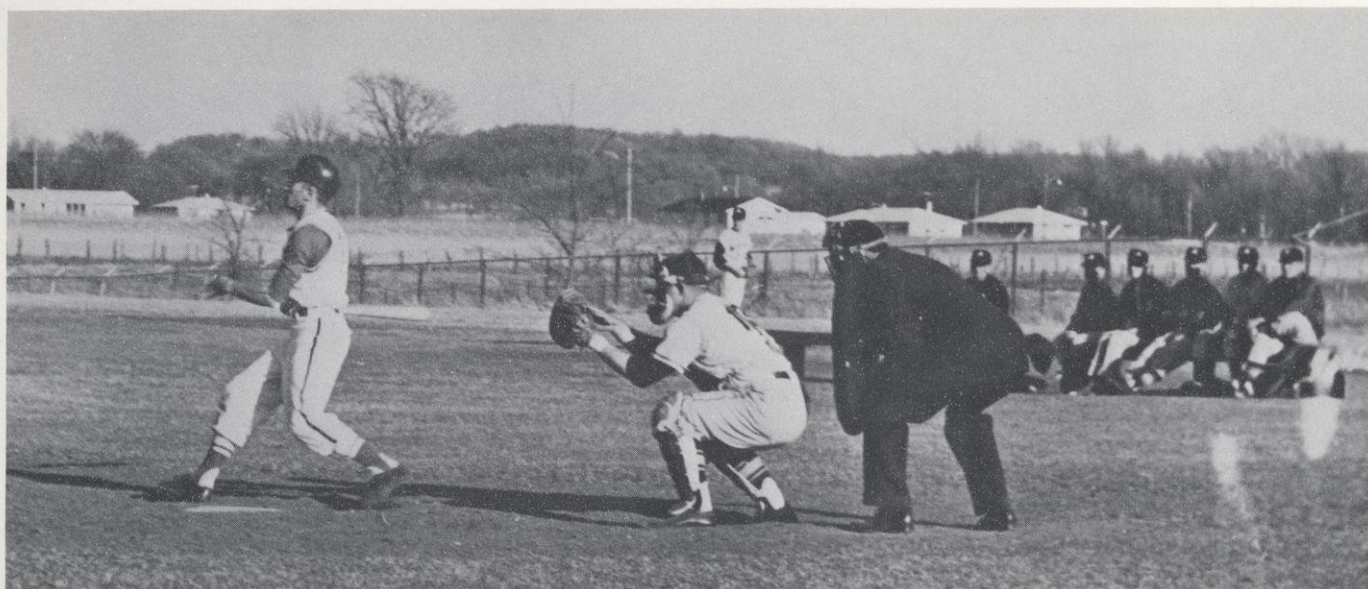

Ed Gregorich and John Boortz were the workhorses of the pitching staff. Gregorich posted a 2-2 record and Boortz a 4-4 mark.

1963 Tennis

Coach Byron James' net team finished the season with a 5 won, 4 lost record. It was the first winning season by a Falcon tennis team in nearly a decade.

The tennis team was made up of one senior and five freshmen. The lone senior on the squad was Paul Anderson.

Sanders Howse gained eleven victories in singles and doubles competition. Al Carrier and Randy Klink gained ten victories apiece.

1963 Golf

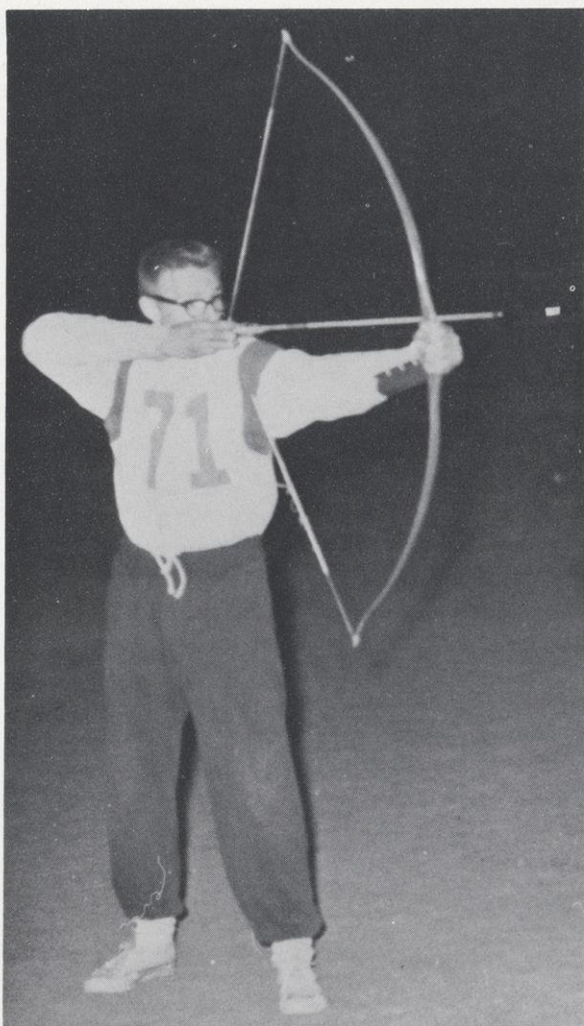

The Falcon linksters gained eight victories and lost six matches during the season. Highlights of the season were victories over Winona, La Crosse, Bethel, Eau Claire, Stout and St. Olaf.

At the state meet at Green Lake Lawsonia course in May the Falcons finished sixth. Dave Stone capped individual honors by placing third in the match. Season scoring honors went to Jim Stolzman who finished with 30 points. Stone followed with 28 points.

On behalf of the staff of the 1964 MELETEAN, I would like to express our hope that each student of WSC, River Falls, enriched his "line of learning" in the past year. May the events portrayed in this book represent pleasant and fruitful memories that will accompany us as we pursue our separate futures.

A sincere thanks to the many staff members who helped make this book possible.
