MINUTES OF THE REGULAR MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Madison, Wisconsin

Held in the Clarke Smith Room, 1820 Van Hise Hall

Friday, April 10, 1981  
9:05 a.m.

President Erdman Presiding

PRESENT: Regents Beckwith, DeBardleben, Erdman, Finlayson, Fitzgerald, Fox, Gerrard, Grover, Knowles, Lawton, O'Harrow, Thompson, Veneman and Walter

ABSENT: Regents Hendrickson and Majerus

Upon motion by Regent Knowles, seconded by Regent Fitzgerald, it was VOTED that the minutes of the regular meeting of the Board of Regents of the University of Wisconsin System, held on March 6, 1981, be approved as mailed to the members of the Board.

- - -

REPORT OF THE PRESIDENT OF THE BOARD

Vice President Lawton reported on the March 24, 1981 meeting of the Wisconsin Board of Vocational, Technical and Adult Education (copy on file with the papers of this meeting). Noting that the meeting was devoted primarily to discussion of a critical report from the Legislative Audit Bureau, he said that a large number of recommendations were made, and that there was considerable discussion.

Regent Erdman pointed out that the VTAE System received an increase of ten percent in the Governor's biennial budget proposal, despite an adverse Audit Bureau report and some unfavorable publicity, adding that the University of Wisconsin System possibly could receive the same kind of increase.

-

It was moved by Regent Fitzgerald, seconded by Regent Knowles and unanimously carried, that the following resolution be adopted:

Resolution 2359: That Chancellor Horton's invitation to the Board to hold its May, 1982 meeting at UW-Milwaukee be accepted.

*✓ Regent meetings - May 1982 mtg to be held at UW-Milw., R. 2359, p. 1.*

In recognition of the expiration in May, 1981 of two regents' terms, President Erdman recalled that, in the late 1960s, retiring members of the Board had presented papers summarizing their views. She extended to Regents DeBardleben and Walter an invitation to provide such summaries of their thoughts concerning the University System and its future, adding that this sort of evaluation would be extremely helpful.

✓ Regent Commns Comm on UW Ext.  
status report on Comm-activities, p. 2.

Regent O'Harrow, Chairman of the Regent Committee on UW-Extension, began his report on the Committee's goals and activities by thanking the members of the Committee, as well as other regents, President O'Neil and System Administration staff, for the efforts they had been making to participate in the study.

Referring to the report to state government made in June, 1980 in response to a legislative mandate, Regent O'Harrow noted that a number of important issues and questions were raised which were outside the scope of the study but which were felt by the Regents to justify further consideration. With that in mind it was proposed that the Regent Committee re-examine the goals and policies stated in the 1973 document entitled "The Organization of University and Outreach Activities," and the complimentary policy statement in the 1978 Long Range Planning Series 3.3, "Outreach Planning," to determine their appropriateness for the 1980s. Following that analysis, the current structure and delivery system would be examined in light of reaffirmed or newly recommended policies to determine whether or not the delivery system had the capacity, within the limits of available resources, to meet the educational and service needs of the citizens of the state.

Meetings then were scheduled in November and December, 1980, Regent O'Harrow continued, to review the organization and planning, programming, financing, staffing patterns, clientele, methodological variations in approaches to instruction and external relationships of a number of Extension programs. Noting that the presentations which were made illustrated a variety of Extension relationships with the schools involved, he cited as examples the area of pharmacy, with one professional school serving the entire state, and the area of nursing, in which there were schools on many campuses. The February meeting was devoted to budgeting and fee setting, while in March the Committee explored the relationships between UW-Milwaukee and UW-Extension. Meetings were scheduled for May 27 at UW-Eau Claire and May 28 at UW-Oshkosh to discuss relationships between those institutions and Extension. Indicating that the Committee's work was proceeding on schedule, he said it was expected that a final report could be made to the Board in February, 1982.

Regent Beckwith, Chairman of the Council of Trustees of the UW Hospital and Clinics, reported that, at its meeting on the preceding day, the Council considered the annual budget which was to be presented at the May meeting of the Regents. Pointing out that no increase in room rates at the hospital would be requested, he stated that the patient cost per day ranked low among comparable hospitals in the Midwest. The success of the hospital in recent years, he added, was attributable to good management and an occupancy level of more than 75 percent, in addition to which patients being hospitalized were more acutely ill than had been the case in the past, resulting in additional revenue from ancillary services.

~~Medical School~~ Hospital & Clinics, Co. Trustees -  
DISCUSSED Report on proposed reduction in budget  
reductions: Medical school class size, 3  
Clinical Practice Plan - p. 2-4  
x-Reg Medical School, Clinical Practice Plan

Regular Board 4-10-81

The Council also received a report, Regent Beckwith continued, on consideration of the biennial budget requests for the Medical School and Hospital by a study group of the Legislature's Joint Committee on Finance. Although reduction of the budget cut proposed by the Governor was recommended, a substantial cut would remain, which would be very difficult for the Medical School to absorb without serious damage. In addition, he said, there was a recommendation made to the group that the enrollment of the Medical School be reduced from 159 to 139 students per class, adding that apparently no definitive study had been conducted with regard to the need for physicians. Noting that the Governor's proposal for dispersing the hospital's depreciation fund to the general fund remained under discussion, he indicated there is some hope that the matter could be resolved by transferring that fund to a sub-fund of the Building Commission, which would avoid the problem of having to remit some \$400,000 in interest. With regard to the Clinical Practice Plan, he said it had been substantiated that the plan was beneficial to the University Hospital as compared with practice plans of comparable institutions. "We can be proud of our practice plan and it should not be an object of criticism or a source of additional revenue."

Regent Lawton added that it could not be emphasized too strongly that a decision to reduce the class size, in addition to being extremely disruptive, would not be based on any information gathered in the state. It would appear, he remarked, that rationale had been designed to support a decision based on fiscal grounds. He recalled that Vice Chancellor Kindig had suggested some months ago that a study be made of the projected need for physicians in the state, indicating such a review probably would be conducted by the State Health Policy Council on which both he and Dr. Kindig served. "The conclusions of that study, whether it be cut back to 125 or increase to 200, would take some time to implement. You cannot shut the faculty off and on like a water tap." Pointing out that junior faculty, which Dean Brown described as the outstanding young faculty that makes a medical school great, would bear the brunt of the funding cut, he stated that quality would certainly suffer.

With regard to the Clinical Practice Plan, Regent Lawton said his own observations substantiated the comments made by Regent Beckwith. Remarking that there was an unfortunate misconception that physicians at the hospital were overpaid, he felt that salaries were not the issue. Rather, the important question was whether or not the University was in a competitive position to attract the brightest minds in the field. If the practice plan were modified, he said, the University would no longer be competitive, indicating that currently it is not competitive with east coast institutions and is barely competitive with other midwestern institutions. He also stressed the point that, to the best of their knowledge, the practice plan was the only one in the country in which physicians' salaries were made public. "It has been a model for many other practice plans around the country. It is open and it is absolutely essential to preserve it to keep our Medical School first class."

Referring to a suggestion he had heard that the State Medical Society supported the proposed limitation on class size, Regent DeBardeleben asked Regent Lawton if he knew whether that was true. Regent Lawton replied that he did not have information to that effect, but neither could he deny it.

Regent DeBardeleben expressed the hope that any group organized to consider the state's need for physicians would include people other than practitioners.

Regent Lawton responded that the State Health Policy Council, a committee of which was expected to conduct the study, was composed of 45 citizens with very few physicians serving as members. He thought it would make an objective recommendation.

Regent Beckwith emphasized that reduction in enrollment would not necessarily correlate with reduction in costs. Noting that discussion by the legislative study group was based on the assumption that reduction of 20 enrollment places would result in cost decreases of more than \$16,000 per student, he said that would not, in fact, be the case, particularly in light of the need to maintain specialties in all fields--a need which would not be eliminated by the proposed reduction in class size. The sense of the Council's discussion, he added, was not to defend the size of the Medical School but, rather, to suggest that any reduction should be based upon a rational study leading to that conclusion.

Explaining that the probable source of the judgment that enrollments should be reduced was a report by the Graduate Medical Education National Advisory Committee, which predicted an oversupply of physicians by the 1990s, Regent Lawton thought that report would likely prove as accurate as one published in the late 1960s which projected a serious shortage. "These things are so inexact that, before we make any judgments about the medical schools in Wisconsin, we need information from Wisconsin."

Regent Erdman remarked that it was unfortunate that the Legislature would make policy decisions on university questions. "It is one thing, of course, for the Legislature to oversee the budget, but then to tell us exactly how we are to make our cuts and in what area is an encroachment on regent prerogatives."

#### REPORT OF THE PRESIDENT OF THE SYSTEM

Upon motion by Regent Beckwith, seconded by Regent Veneman, the following resolution was unanimously adopted:

Resolution 2360: That the Report of Non-Personnel Actions by Administrative Officers to the Board of Regents and Informational Items Reported for the Regent Record (EXHIBIT A) be received for the record; and that actions included in the report be approved, ratified and confirmed.

-

President O'Neil spoke about legislative consideration of the System's biennial operating budget, noting that a number of meetings with legislative committees had been held, with the Joint Committee on Finance scheduled to act on the request the following week. He pointed out that, because it had been necessary to focus attention on several very damaging reductions, which could be called "the trees in the forest," the tendency was to lose sight of "the whole forest"--the enrollment funding recommendation from which virtually all other needs would have to be met in the next biennium.

Budget - Comments by Pres. O'Neil regarding insufficiency of funding in Governor's 1981-83 proposal, p. 4-5

This would be the first biennium since merger, he continued, in which no provision was made for the workload costs of bringing on line new physical facilities, for incremental funding of minority and disadvantaged student programs, or for increased student hourly wage rates, as well as the first, save one, in which there was no specific funding to meet inflationary pressures on supplies, equipment and library acquisitions. He stated that, even if the entire amount the Governor recommended were received and allocated for those purposes, which could not be done because of the enrollment growth that must be funded, it still would fall far short of actual need in each area. "The critical fact is that not a penny is proposed for any of these purposes outside the enrollment funding category and, for that reason, the amount which is labeled 'enrollment funding' is really far more than that. It is, very simply, our lifeblood for the next two years. Without it, we simply cannot do those things that I believe the people of the state and our own students and colleagues expect of us." This was the case that had been made, he said, in formal sessions and informal discussions with legislators, adding that he hoped the gravity of the message and the consequences of insufficient biennial funding had been appreciated.

Cohen, Prof Bernard - UW-Mad - to be awarded Guggenheim fellowship, p. 5  
(Same entry for William Gibbons - UW-Mad)

It was announced by President O'Neil that Professor Bernard Cohen, Chairman of the UW-Madison University Committee, and Dr. William Gibbons, Professor of Biochemistry at UW-Madison, were to be awarded Guggenheim fellowships.

United Council - supported report of Task Force on the Status of Women, p. 5-6  
women, Task force on status of - report supported by United Council, p. 5-6

Ms. Kim Kachelmyer, President of the United Council of UW Student Governments, urged adoption of Resolution 2361, relating to the report on the Task Force on the Status of Women, and spoke in support of recommendations contained in the student section of the report. Referring to specific recommendations, she stressed the importance of eliminating stereotyped perspectives on career goals for women, encouraging women to enter fields in which they are under-represented, addressing the special needs of women who are re-entering the educational system, providing for child care centers, ensuring optimum safety for women students and offering gynecological services.

Ms. Kachelmyer reported that United Council had recently sponsored a legislative conference and a student caucus; that the Council's year-end report would be provided to the Board at the May meeting; that a minority chair and a women's chair had been added to the Council staff; that a United Council budget had been adopted in March; and that Council staff would be lobbying in Washington, D. C., with regard to issues of concern to Wisconsin students. She also called attention to motions adopted by the Council Executive Board related to policy for roof repair and replacement, representation within United Council and inclusion of sexual preference as a protected status in guidelines related to sexual harassment.

In concluding her report, Ms. Kachelmyer extended appreciation and best wishes, on behalf of United Council, to Regents DeBardleben and Walter.

Regent Erdman expressed interest in the strong support that Ms. Kachelmyer had voiced for the Task Force recommendation that non-allocatable segregated fees be designated as a possible funding source for child care centers. She thought that utilization of those fees to address concerns of that nature would be an excellent use of the funds, adding that promotion of the idea by United Council should go a long way toward making it a reality.

#### REPORT OF THE EDUCATION COMMITTEE

The Committee's report was presented by Chairman Beckwith.

At a portion of the meeting to which all regents had been invited, the Committee received the report of the Regent Task Force on the Status of Women (copy on file with the papers of the meeting).

In introduction, three members of the Task Force presented statements to the Committee. Professor Sarah Harder, Assistant to the Chancellor, UW-Eau Claire, reviewed the charge given to the Task Force and detailed a number of considerations pertinent to its responsibilities: that sex-role socialization restricts participation of women throughout the sphere of education and employment; that stratification is evident in the continued clustering of women in a few traditional programs and occupations; and that the UW System reflects the situation in higher education in that policies instituted on behalf of equal opportunity and affirmative action produced only modest changes in the status of women. Professor Harder also called attention to the long-range cost of continued under-utilization of the talent pool represented by women.

Describing the background of the Task Force recommendations, Dr. Cecelia Ridgeway, Associate Professor of Sociology, UW-Milwaukee, pointed out that, while the UW System was committed to creating a climate of educational equity, its achievements in that regard were dependent on actions as well as on words. She questioned the effectiveness of teaching women that all opportunities are open to them when they could see that few women achieve positions of importance in the university, that women are paid less than men, and that women do not appear to be welcome in certain fields. Professor Ridgeway drew special attention to the Task Force findings and commented on a number of the specific recommendations.

UW-Parkside Chancellor Alan Guskin, speaking about implementation of the recommendations, restated the commitment of the Task Force to develop policies which would insure equality of opportunity in all aspects of university life for women faculty, students and staff. He referred to the necessity of placing the recommendations into a total university context, noting that, because of scarce resources, priority judgments might be made among the recommendations with the result that some might not be implemented immediately because it would not be feasible to do so. Chancellor Guskin concluded by expressing support for the formation of a council to advise the System President with regard to the recommendations.

1 of Task Force - R. 2361, p. 6-8  
Regular Board 4-10-81 ✓ Affirmative Action - action on report of - 7  
Task Force on Status of Women, R. 2361, p. 6-8.

In Committee discussion, Regent Beckwith, a member of the Task Force, noted that its deliberations, which involved faculty, staff and students, had been salutary and instructive. Regent DeBardeleben, citing from the official record book the October 5, 1979 resolution creating the Task Force, stated his belief that the Task Force had gone beyond its charge. He felt its proper role would have been to examine the effectiveness of the policy on equal opportunities in education, adopted by the Board in April, 1974, and to bring to the Board findings as to the extent to which the institutions were or were not complying with that policy. In response, Regent Beckwith referred to a restatement of the 1974 policy contained in the charge to the Task Force, indicating that it was broad enough to encompass the Task Force's findings and recommendations. Resolution 2361, he noted, would provide for full review by faculty, staff, students and administration of recommendations affecting them.

Regent Thompson suggested to the Committee wording changes in recommendation number four concerning programs which prepare school teachers and counselors. It was agreed that Regent Thompson's comments were helpful and would be provided to the council appointed by the System President.

The Committee then approved the resolution, with Regent DeBardeleben voting "No."

Regent Beckwith moved and Regent Finlayson seconded adoption of the following resolution:

Resolution 2361: That, upon the recommendation of the President of the University of Wisconsin System, the Board of Regents receives the Report of the Regent Task Force on the Status of Women and (a) adopts Recommendation #1, as stated on page 11 of the Report; (b) adopts the recommendation urging the System President to appoint a representative System Council to advise System Administration on the Task Force recommendations including priority setting of academic and non-academic needs of women and biennial budget implications; (c) accepts the suggested Review Schedule for institutional, System, and Regent consideration of the Task Force recommendations; (d) expresses appreciation to the members of the Task Force on the Status of Women for their dedication to the project and for the work which they have accomplished, and (e) in receiving the final report of the Task Force considers the charge to the Task Force as having been accomplished and discharges the Task Force.

Regent DeBardeleben continued to believe that the resolution was fatally flawed on the grounds that the Task Force exceeded its charge and that adoption of the resolution would represent a subversion of faculty responsibility for institutional governance. The charge to the Task Force, as summarized in the report, he continued, paraphrased the October 5, 1979 Board action in stating that several years had passed since the adoption of the 1974 statement, that the Board wished to examine the effectiveness of those policies, and that an in-depth study needed to be made into circumstances which might cause or permit barriers to exist. Noting that the report was entitled, "A Blueprint for Achievement," not a report of findings based on the 1974 statement, he thought

it went considerably beyond the charge to the Task Force. As to the second part of his objection, he stated that "the primary responsibility of the faculties for governance should be more than giving faculty an opportunity to react, often upon a crash basis, to carefully structured recommendations of groups outside of the faculty governance structure which have had, prior to faculty governance reaction, at least a tentative or tacit approval by System Administration and by this Board. I so interpret this resolution. I think it is wrong and I am going to vote against it again today."

Regent Beckwith remarked that the Board perhaps would not wish to repeat the process of having a regent task force appointed that, in turn, reported to the Board. He felt, however, that the 1974 policy was very broad and that an examination of the successful implementation of that policy was a broad enough charge to encompass the findings and recommendations of the Task Force. Noting that many of the recommendations, those concerned with classified staff and academic staff, as well as some recommendations in the student section of the report, were not solely of interest to faculty, he thought that it was appropriate to have an overall view of the problem and that the faculty did not necessarily represent the proper agency for such a review. He considered the process provided by the resolution to be appropriate, with a reaffirmation of the 1974 policy, a recommendation that the System President appoint a representative council to offer advice with regard to the recommendations, and acceptance of the suggested schedule which included review of the recommendations by faculty, students and staff. "I find nothing particularly wrong with the regents saying to the faculty: 'Here are some recommendations that have been made by a special study committee. We suggest you convene and determine whether those recommendations are sound. If they are not, report back to us. If they are, please report that to us and implement them.' I do not feel that is an infringement on faculty governance. Indeed, I think that is the proper role of the Board. I will vote for the resolution."

Put to the vote, Resolution 2361 was adopted, with Regent DeBardleben voting "No."

Continuing the report of the Education Committee, Regent Beckwith stated that Chancellor Shain then provided to the Committee a slide presentation prepared by UW-Madison, the City of Madison and Vista Productions, using funds from an award received by the University in February from the Madison Chamber of Commerce. The Chancellor spoke of several examples of University-community cooperation, including the University's long-range campus plan recently approved by the City. In a brief comment about the University's China exchange program, he informed the Committee that 150 mainland Chinese students were on the UW-Madison campus and that about 10 Americans were studying and conducting research at Nanking University.

It was moved by Regent Beckwith, seconded by Regent Fitzgerald and carried unanimously, that the following resolution be adopted:

Resolution 2362: That, upon recommendation of the President of the University of Wisconsin System, the Chancellor of the University of Wisconsin-Madison, and the Chancellor of the University of Wisconsin-Milwaukee, the Board of Regents requests that the Trustees of the William F. Vilas Trust Estate supply the following funds for the fiscal year July 1, 1981 to June 30, 1982, subject to the availability of funds, as provided by the terms of the William F. Vilas Trust:

*✓ Vilas Trust Estate  
Request of Funding  
for 1981-82  
R2362, p. 9-11*

- 1. Continuation of 10 Vilas Undergraduate Scholarships at \$400.00 each \$4,000.00
- 2. Continuation of 10 Vilas Graduate Fellowships:
  - a. 5 at \$600.00 each \$3,000.00
  - b. 5 traveling Fellowships at \$1,500.00 each 7,500.00
  - \$10,500.00
- 3. Continuation of 16 Vilas Research Professorships at \$10,000.00 each plus auxiliary allowances for the academic year as follows: \$320,000.00

Leonard Berkowitz - Vilas Research Professor in Psychology, College of Letters and Science, UW-Madison

R. Byron Bird - Vilas Research Professor of Chemical Engineering, College of Engineering, UW-Madison

George E. P. Box - Vilas Research Professor of Mathematics and Statistics, College of Letters and Science, UW-Madison

Winston J. Brill - Vilas Research Professor of Bacteriology, College of Agricultural and Life Sciences, UW-Madison

Steven H. Chaffee - Vilas Research Professor of Journalism and Mass Communication, College of Letters and Science, UW-Madison

Arthur S. Goldberger - Vilas Research Professor of Economics, College of Letters and Science, UW-Madison

Reinhold Grimm, Vilas Research Professor of Comparative Literature and German, College of Letters and Science, UW-Madison

Fred Harvey Harrington - Vilas Research Professor  
in History, University of Wisconsin

Ihab Hassan - Vilas Research Professor in  
English and Comparative Literature, College of  
Letters and Science, UW-Milwaukee

Jost Hermand - Vilas Research Professor in  
German, College of Letters and Science,  
UW-Madison

Robert J. Lampman - Vilas Research Professor  
of Economics, College of Letters and Science,  
UW-Madison

Henry A. Lardy - Vilas Research Professor of  
Biological Sciences, College of Agricultural  
and Life Sciences and Graduate School,  
UW-Madison

Willard F. Mueller - Vilas Research Professor  
of Agricultural Economics, College of Agricultural  
and Life Sciences, UW-Madison

Walter Rudin - Vilas Research Professor of  
Mathematics, College of Letters and Science,  
UW-Madison

Jan Vansina - Vilas Research Professor of  
History, College of Letters and Science,  
UW-Madison

Professor to be named (Hurst replacement)

  - 8. One-time Special Funding for Professors Leonard Berkowitz, R. Byron Bird, Winston J. Brill, and Henry Lardy \$57,805.00
- Total Vilas Request \$505,805.00

Regent Beckwith reported that the Committee next reviewed proposed amendments to UW-Parkside faculty personnel policies and procedures. UW-Parkside Vice Chancellor Lorman Ratner explained that the requested changes were procedural rather than substantive and presented Professor Eugene Norwood, Chairman of the UW-Parkside University Committee, who, along with the Vice Chancellor, responded to questions from the Education Committee.

Resolution 2363 was unanimously approved upon motion by Regent Beckwith, seconded by Regent Finlayson.

*UW-Parkside  
Amendments to  
Faculty Personnel  
Policies & Procedures,  
R 2363, p 11-13*

Resolution 2363: That, upon recommendation of the President of the UW System and the UW-Parkside Chancellor and Faculty Senate, the following amendments to the specified sections of the UW-Parkside faculty personnel policies and procedures as required under UWS 2.02 be approved:

Section UWPF 3.04(5). Strike the existing section and replace it with the following:

UWPF 3.04(5) An executive committee may delegate to the professors of the division the authority to make recommendations for promotions to the rank of professor; such action may be reviewed annually.

Section UWPF 3.04(8). Create the following subsection:

WUPF 3.04(8) No member of the Executive Committee of a division shall take part in the discussion or vote on any matter which that member will subsequently review or take action on in his/her capacity as Chancellor, Vice Chancellor, Assistant Chancellor, Dean, Associate Dean, Assistant Dean, Director, or Assistant to such administrative officers. This rule shall not preclude Executive Committee's electing to confer or consult with any administrative officer on any matter. Nor shall it preclude an administrative officer attending any open meeting of an Executive Committee.

Section WUPF 5.04. In subsection 5.04(2), strike the word "Administration" in line 3 and add the words "dean within seven days of taking action." Renumber the existing 5.04(3) as 5.04(9) and create the following new 5.04(3):

WUPF 5.04(3) If the Committee advises in favor of a recommendation, the dean shall be so notified within seven days of taking the action.

In subsection 5.04(5)(a), add the words "Chairperson of the" between the words "The" and "executive committee" in line one. Strike subsection 5.04(5)(e) and replace it with "(e) After reconsideration, the advice of the Committee shall be forwarded to the dean within seven days of taking the action." In 5.04(6), add the words "Chairperson of the" before "Personnel Review Committee" in line three and "Chairperson of the appropriate" before "divisional executive committee" in line 4.

Sections WUPF 6.07(1)(b) and 6.01(6). Strike the following from 6.07(1)(b): The proportion of time provided for in the appointment may not be diminished or increased without the consent of the faculty member and UW-Parkside, unless the faculty member is dismissed for just cause pursuant to UWS 4, or is terminated or laid off pursuant to UWS 5.

Create the following subsection 6.01(6):

WUPF 6.01(6) The proportion of time provided for in the faculty appointment may not be diminished or increased without the mutual consent of the faculty member, the appropriate divisional executive committee or committees and the Administration, unless the faculty member is not reappointed (if he/she holds a probationary appointment), is dismissed for just cause pursuant to UWS 4, or is terminated or laid-off pursuant to UWS 5.

Section UWPF 6.16. Create the following subsection:

UWPF 6.16 Leave of Absence. For the purposes of these rules, a leave of absence is a temporary separation of a faculty member from the University during which the faculty member is not paid from funds administered by the University except for such fringe benefit programs as may be permitted by State regulations. A leave of absence may not be taken without the affirmative recommendation of the divisional executive committee and approval by the dean. Ordinarily, a leave of absence is granted for a maximum of one year, but under appropriate circumstances it may be renewed. A leave shall neither constitute a break in continuous service nor shall it be included in a probationary period.

-

A report on the Master of Environmental Arts and Sciences degree program at UW-Green Bay was presented to the Committee, with Executive Vice President Kauffman reviewing previous action by the Board in which the program was approved and its review after five years was stipulated. UW-Green Bay Chancellor Edward Weidner, Vice Chancellor William Kuepper and Professor Charles Rhyner were present to respond to questions from the Committee. In response to concerns expressed by Regent Beckwith that the degree program lacked definition and had the appearance of being an all-purpose master's degree, Vice Chancellor Kuepper noted that the degree was UW-Green Bay's only graduate entitlement and that within that entitlement the University did not offer any traditional discipline-oriented master's degree programs. Regent Beckwith commented about the possibility for lack of curricular control and the need to assure the integrity and quality of the degree granted.

It was moved by Regent Beckwith, seconded by Regent Walter, and unanimously voted that the following resolution be adopted:

Resolution 2364: That, upon the recommendation of the Chancellor of the University of Wisconsin-Green Bay and the President of the University of Wisconsin System, the graduate program entitlement under the Master of Environmental Arts and Sciences degree be continued and the title of the degree be changed from Master of Environmental Arts and Sciences to Master of Science/Arts in Environmental Studies.

*UW-GB-Programs*  
*Continuation of*  
*graduate program*  
*entitlement under*  
*Master of Environmental*  
*Arts & Sciences &*

*change in name to Master of Science/Arts in Environmental Studies, R 2364, p. 13*

Regent Beckwith stated that Executive Vice President Kauffman brought four additional topics to the Committee's attention. Noting that President O'Neil, in his first annual report, had identified general education and the liberal arts as one of several proposed areas of study, Dr. Kauffman said system vice chancellors had made that subject the focus of their next meeting, to be held on May 14-15, 1981. *liberal Arts - Vice-Chancellors to consider, p. 13*

System Admin - Discussions concerning evaluation  
of SA reported, p. 14.

Regular Board 4-10-81

- 14

With regard to another recommendation contained in the President's report, Dr. Kauffman had announced that conferences were being held with appropriate North Central Association officials concerning a review of System Administration. A self-evaluation study, he indicated, probably would be conducted the following spring with a subsequent visit by an outside evaluation team in the fall.

Governance - Report of AAUP CONF. on faculty governance in UW system  
P. 14

The Committee was informed that the American Association of University Professors would sponsor an invitational conference on faculty governance in the institutions of the UW System at the Wingspread Conference Center on April 30-May 2, 1981, at which Regent President Erdman and President O'Neil were scheduled to speak.

Noting that the Committee had received copies of a progress report concerning the development of a proposed policy on sexual harassment, Dr. Kauffman indicated confidence that consensus could be reached and that a recommended system-wide policy could be brought to the Regents at the May meeting.

The final matter considered by the Committee involved UW-Madison Professor Walter J. Blaedel. Chairman Beckwith indicated that Professor Blaedel had asked permission to speak, having received a copy of President O'Neil's April 7, 1981 letter to Chancellor Shain in response to the Chancellor's recommendation that the Board take action to terminate the tenured appointment of Professor Blaedel, upon his reaching age 65. Stating his understanding that a recommendation would be presented in closed session of the Committee that the Regents act to terminate his employment, Professor Blaedel explained that his purpose in appearing before the Committee was to object to those proceedings. He said that, since his termination would be without cause and without justification, he was asking that his objection be placed in the record. Regent Beckwith replied that the purpose of the scheduled closed session was to seek advice of system legal counsel regarding procedures that would be employed, adding that Professor Blaedel could be assured that the procedures to be followed would preclude any employment termination without his having opportunity for a full hearing of all of the issues and the full measure of due process.

It then was moved and seconded that the Committee convene in closed session to consider personnel matters as permitted by s. 19.85(1)(c), Wis. Stats., for preliminary consideration of specific personnel problems, as permitted by s. 19.85(1)(f), Wis. Stats., and to confer with legal counsel, as permitted by s. 19.85(1)(g), Wis. Stats. Regent DeBardeleben questioned the appropriateness of discussing, in closed session, matters of procedure with legal counsel, stating that the question could and should be considered in open session. Regent Beckwith observed that Professor Blaedel had a legal action pending in the Circuit Court of Dane County and that there might be a relationship between that action and the present matter. After a short discussion, consensus was reached that the Committee should continue in open session. The motion to convene in closed session then was withdrawn.

In Committee, Assistant System Legal Counsel Patricia Hodulik reviewed her April 9, 1981 memorandum to the Education Committee and other regents with regard to the case involving Professor Blaedel, outlining procedural options available to the Board. The Committee voted to approve the option which reads as follows: "Decision by the Board after due notice and a full adversary hearing at which the parties would present their cases. Such a hearing could be held before a committee of the Board or, in the alternative, the Board might designate an independent hearing examiner to hold the hearing."

*During the Education Committee meeting, Regent DeBardleben then had moved (revision approved 5/8/81)*

~~Regent DeBardleben then moved, in Committee,~~ that the hearing be conducted by an independent hearing examiner appointed by the President of the Board of Regents and that the examiner be empowered to make findings of fact. The motion was seconded by Regent Fitzgerald. Regent Beckwith expressed concern that, since the matter involved factual, policy and legal considerations which, to his knowledge, had not previously been addressed by the Regents, it would be difficult for an independent hearing examiner to bring to the Board a full sense of the issues that gave rise to his findings and to consider policy and legal questions which were entwined with factual matters. In view of those comments, Regent DeBardleben withdrew his motion, with the consent of Regent Fitzgerald.

The following resolution, submitted by Regent Beckwith and seconded by Regent Fitzgerald, was approved unanimously by the Committee: "That the matter brought to the Board with respect to the tenure of Professor Walter J. Blaedel be heard by a committee of the Board of Regents, and further that the President appoint from system legal staff an advisor to the committee and subsequently to the Board." Chairman Beckwith advised Professor Blaedel that, if the Board concurred with the Education Committee's recommendation, he would be informed of the appointment of a regent committee, the times and places of its meetings and all other pertinent factors relating to the committee's procedures. He further advised Professor Blaedel that, if he retained legal counsel, he should promptly notify the secretary of the Board as to the identity of that person.

In moving adoption by the Board of Resolution 2365, Regent Beckwith noted that he had made some modest editorial changes, which he felt better reflected the sense of what the Committee had approved. The motion was seconded by Regent DeBardleben.

Resolution 2365: That the matter brought to the Board with respect to the tenure of Professor Walter J. Blaedel be heard by a committee of the Board of Regents, and further that the President appoint from system legal staff a legal advisor to the committee who will subsequently provide legal advice to the Board.

*✓ Blaedel, Walter J.  
Rec for his retirement  
to be referred to a  
Comm. of the Bd.  
R. 2365, p. 14-15*

President Erdman asked Professor Blaedel if he wished to make any additional comments, to which Professor Blaedel responded in the negative, indicating he did not know that he would be privileged to speak further at that time.

Put to the vote, Resolution 2365 was adopted unanimously.

## REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Chairman Fox presented the Committee's report.

Vice President Lorenz reviewed with the Committee the list of gifts, grants and U. S. Government contracts, which included a gift of data processing equipment, valued at almost \$50,000, for the UW-Madison College of Engineering from Nicolet Analytical Instruments of Madison; 29 grants from the National Institutes of Health totaling approximately \$3.5 million; and 36 grants from the National Science Foundation totaling nearly \$2.5 million. The year's total of \$185,500,000 to date was about \$11 million greater than a year previously, research support being about \$14 million higher, with losses in student aid of \$6.8 million. Outside of the student aid category, overall federal increases were 15.5 percent, slightly more than the rate of inflation.

The following resolution was unanimously approved, upon motion by Regent Fox, seconded by Regent Finlayson:

Resolution 2366: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

Regent Fox reported that Vice President Lorenz had outlined for the Committee the current status and potential impact of the federal budget, indicating that the 1980-81 budget rescissions were given to Congress on March 10, with Congress having 45 days in which to act in order for them to take effect. Most of the rescissions, if enacted, would impact more heavily during the University's 1981-82 fiscal year than during the current year.

In Committee, Vice President Lorenz noted that President Reagan's 1981-82 budget proposal also was presented to Congress on March 10, with the Senate Budget Committee recommending a total budget of about the same magnitude as the President's proposal. The House Budget Committee, which also had completed its deliberations, recommended a shift from defense to social programs of about \$4 billion. That proposal would go to the House Appropriations Committee, after which the House and Senate versions would go to a conference committee and finally to Congress. Although education associations in Washington were predicting a total budget close to President Reagan's proposal, great uncertainty as to the outcome still existed. Vice President Lorenz pointed out that certain items in the President's budget, if approved, would seriously affect the University. The appropriation for the Sea Grant Program would be completely phased out in 1981-82, eliminating federal funding for 1982-83 operations. The program was funded through 1981-82 at the level of \$1,900,000 per year. In addition, the University's funding of about 3/4 million dollars from the Corporation for Public Broadcasting would be reduced by 20 percent in 1981-82, and funds from the National Endowments for the Arts and Humanities, currently about \$1.5 million per year, would be reduced by 44 percent. There would be a rescission of \$661,000,000 in Pell grants for student

financial aid, the other major change in financial aid being in the administration of the Guaranteed Student Loan Program. The \$100,000,000 reduction in current year National Direct Student Loan support was scheduled to be restored in 1981-82; but because of a year's lag in use of those funds, the benefits would not be felt until 1982-83.

Other budgetary provisions included a 9 percent increase in appropriations for cooperative extension and a 4.7 percent increase for the National Institutes of Health.

Bequests - UW-Msu - Bequest of Louis Gattner to acquire land for Arboretum accepted R. 2367 - p. 17. CX-Ref Gattner, Louis & Arboretum

The Committee then approved acceptance of the bequest of the late Louis Gattner (also known as Louis Gardner) of Madison, whose will provided that 12-1/2 percent of the residue of his estate was to be utilized for the acquisition of additional land for the UW-Madison arboretum. Mr. Gattner was one of the arboretum's earliest and most generous benefactors, his first gift in 1935 being used to acquire the 190-acre northeastern marsh that bears his name. The bequest would amount to approximately \$39,000.

It was moved by Regent Fox, seconded by Regent Knowles and unanimously carried, that Resolution 2367 be adopted:

Resolution 2367: That the bequest of the late Louis Gattner (a/k/a Louis Gardner) of Madison, Wisconsin, be accepted by the Board of Regents of the University of Wisconsin System in accordance with the terms and conditions of the Will; and that the Trust Officer or Assistant Trust Officer be authorized to sign receipts and do all things necessary to effect the transfer for the benefit of the University of Wisconsin-Madison Arboretum.

Regent Fox stated that the Committee was informed by Vice President Lorenz that the System would have no uncommitted 1980-81 year-end balances of any consequence.

REPORT OF THE PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

The Committee's report was presented by Chairman Gerrard.

The Committee considered two concept and budget reports for projects at UW-Madison, the first being for the Birge Hall Remodeling--Phase II project, to be financed by general obligation bonding, with a budget increase of \$131,000 in energy conservation funds, for a revised total project cost of \$3,680,000. The second report concerned the primary electric distribution system addition and modifications project, at a cost of \$770,800 from general obligation bonding, which involved a continuation of improvements needed to maintain adequate and reliable electrical power for the campus. It was based on a university-wide study conducted in 1975.

The following resolution was unanimously adopted, upon motion by Regent Gerrard, seconded by Regent O'Harrow:

UW-Madison-Bldgs & lands  
Resolution 2368: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the concept and budget reports for the following projects be approved and authority be granted to plan, bid and construct at the cost and from the funding source indicated:

✓ Approval of C&B report for  
1979-81/1981-83 Birge Hall Remodeling - Phase II <sup>budget</sup> project, <sup>increase</sup>  
~~General Obligation Bonding and a budget increase of \$131,000 of Energy Conservation State Building Trust Funds for a revised total project cost of \$3,680,000~~  
R. 2368, P. 17-18 CX-ref Birge Hall

✓ Approval of C&B report for  
1977-79/1979-81 Primary Electric Distribution System Addition and Modifications, ~~at a total project cost of \$770,800 from General Obligation Bonding~~  
R. 2368, P. 17-18

Regent Gerrard reported that three land-related matters were presented to the Committee. Resolution 2369 concerned approval of an agreement between the System and the City of Madison for coordination of property acquisition, future uses of property and joint planning for the south campus and West Washington Avenue rail corridor, consistent with recommendations included in the 1980 UW-Madison campus development plan. The proposed agreement, jointly developed by campus and city staff, was scheduled for presentation to the Madison City Council on April 14.

Resolution 2370, Regent Gerrard continued, would grant authorization to negotiate with the Illinois Central Gulf Railroad for the purchase of two parcels of land in the 600 block of West Dayton Street, Madison, just south of the site of the new East Campus Physical Education facility and next to open recreation land owned by the University. Noting that the campus development plan included a number of recommendations relating to open space and that acquiring those two parcels would be consistent with the plan, he said the area in question also was identified for development through joint planning by the City and University. Madison Mayor Joel Skornicka and Alderperson Kathy Kuester appeared before the Committee and strongly endorsed both resolutions.

It was moved by Regent Gerrard, seconded by Regent O'Harrow and carried unanimously, that the following resolutions be adopted:

UW-Madison-Bldgs & lands  
Approval of agreement with City of Madison re: South Campus & W. Washington Ave Rail Corridor. R. 2364, P. 18.  
Resolution 2369: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, an agreement with the City of Madison for the coordination of property acquisition, future uses of property, and joint planning for the South Campus and West Washington Avenue Rail Corridor be approved and authority be granted to the President or Vice President and Secretary or Assistant Secretary of the Board to execute the agreement.

✓ Madison, City of - Approval of agreement with UW-Madison, etc.

✓ UW-Msn - Bldgs & hands - Auth to negotiate with Illinois Gulf Central RR for purchase of property.

Regular Board 4-10-81 R. 2370, p. 18-19.

✓ Illinois Gulf Central RR - Auth for UW-Msn to negotiate<sup>19</sup> for purchase of property owned by RR., R. 2370, p. 18-19.

Resolution 2370: On behalf of the UW-Madison Chancellor and the President of the University of Wisconsin System, authorization be granted to negotiate for the purchase of two pieces of property in the 600 block of Dayton Street in the City of Madison, owned by the Illinois Central Gulf Railroad.

The Committee then considered a request for authority to purchase the final parcel in the 20-acre addition to the Schmeckle Reserve, UW-Stevens Point, which was authorized in September, 1978. An option of \$75,000 had been secured for the 6.67 acre property, with the seller permitted to occupy the front half of the property until May 1, 1983. Funding would be split between Non-GPR LAWCON funds and GPR-supported state land acquisition funds.

Regent Gerrard moved adoption of the following resolution, and the motion was seconded by Regent O'Harrow:

Resolution 2371: That, upon the recommendation of the UW-Stevens Point Chancellor and the President of the University of Wisconsin System, authority be granted to purchase the following described parcel of land, as an addition to the Schmeckle Reserve, at a cost of \$80,710 from federal LAWCON funds (\$38,500--Non-GPR) and State Land Acquisition Funds (\$42,210, which includes appraisal fees and closing costs--GPR):

✓ UW-SP - Bldgs & hands

Auth to purchase parcel from Walter Skowronski as addition to Schmeckle Reserve, UW-SP, R. 2371, p. 19.

✓ EX-Reg. Skowronski, Walter

West 6.67 acres of the West 10 acres of the NE $\frac{1}{4}$  NW $\frac{1}{4}$ , Section 28, Town of Hull, Portage County, Wisconsin (Walter Skowronski, owner)

Noting that the parcel had been appraised at \$65,700 and \$75,000 and that the resolution would authorize payment of \$75,000, Regent Erdman asked if it was generally reasonable to pay the top appraisal price.

Regent Gerrard said that he also had doubts about accepting the higher figure and had wanted a reappraisal, which would be the usual procedure in such circumstances. He added, however, that the \$75,000 appraisal already had been approved for LAWCON funding.

Vice President Winter explained that the \$75,000 figure included waiver of relocation, indicating that the owners did not wish to move at that time. Relocation, he said, would increase the cost to approximately \$80,000.

The question was put on Resolution 2371, which then was adopted with Regent DeBardeleben voting "No."

Adoption of Resolution 2372 was moved by Regent Gerrard and seconded by Regent O'Harrow.

Resolution 2372: That, upon the recommendation of the UW-Madison, Milwaukee and Stout Chancellors and the President of the University of Wisconsin System, the following minor projects be approved and authority be granted to plan, bid and construct, at the cost and from the funding source indicated:

UW-Madison - Bldgs & hands

Approval of →

Eagle Heights Apartments Road and Parking Lot Repair/Resurfacing Project, Program Revenues-Non-GPR R-2372, p.20 CX-ref \$ 65,000  
Eagle Heights Apts

Approval of

Pediatrics Rooftop Solarium Project, University Hospital and Clinics, Gift Funds and Hospital Capital Funds Non-GPR \$ 62,500  
R-2372, p.20 CX-ref- (Hospital)  
UW-Milwaukee - Bldgs & hands

Approval of

North Parking Lot Improvements Project, Program Revenues-Non-GPR R-2372, p.20 \$225,000

UW-Stout Bldgs & hands

Approval of

Harvey Hall Elevator Replacement Project, SBTF-Prev. Maint. Alloc.-GPR R-2372, p.20 \$ 65,000

Regent DeBardeleben stated that, because he continued to feel additional money should not be spent on parking facilities until a study on the subject had been conducted, he would vote against the resolution.

Regent Erdman mentioned that there had been a system-wide study which dealt with parking, and Regent Gerrard noted that the UW-Milwaukee project involved resurfacing of a parking lot which was not in compliance with city ordinances.

In response, Regent DeBardeleben said the review of the parking facilities which had been made was not the thorough study he had in mind.

Regent Erdman asked if such a study was planned; and Vice President Winter responded that a complete transportation study would be completed by January, 1982.

Regent DeBardeleben remarked that what was needed was not only a study of parking facilities, but of the propriety of spending more money on such facilities in view of the problems the nation faced in the areas of energy and related subjects.

Indicating that the parking lot in question had a gravel surface, Chancellor Horton explained that, after rain or snow, it could not be utilized fully and that lack of surfacing created serious run-off problems. He added that UW-Milwaukee was lacking 5,000 parking spaces, having the fewest spaces per number of faculty, staff and students of any institution in the System. Approval of the request, he emphasized, would not result in an expansion of parking facilities.

Put to the vote, Resolution 2371 was adopted, with Regent DeBardeleben voting "No."

The Committee approved a request to change the existing lease arrangement between the Eau Claire School District and UW-Eau Claire for use of space in the Park School, which was the former campus laboratory school building. The School District wished to lease 12,400 assignable square feet of space instead of 21,380 as originally planned for the 1981-82 academic year. The lease payment of \$39,000 for the reduced amount of space would include services, heat, utilities and depreciation.

It was moved by Regent Gerrard, seconded by Regent O'Harrow and voted unanimously, that the following resolution be adopted:

Resolution 2373: That, upon the recommendation of the UW-Eau Claire Chancellor and the President of the University of Wisconsin System, authority be granted to the Vice President for General Services to amend the existing agreement with Eau Claire Joint School District No. 5 providing for joint utilization of the UW-Eau Claire Park School Building for educational purposes. The amendment reduces the space included in the agreement for the 1981-82 academic year from 21,380 ASF to 12,400 ASF and results in an adjusted payment of \$39,000 for services, heat and utilities, and depreciation.

*UW-Eau Claire Bldgs & hands  
Auth to amend  
lease with Eau Claire  
Joint School Dist. #5  
for joint utilization of

CX ref. Eau Claire Joint  
School District #5*

*UW-EC Bldgs & hands - status report on negotiations w/ City of La Crosse re on north campus development & construction of Physical Education Bldg addition, p. 21.*

Regent Gerrard stated that the Committee received a report on the status of negotiations with City of La Crosse representatives to implement earlier Board actions relating to UW-La Crosse north campus development and construction of the Physical Education Building addition. Indicating that the Committee was pleased with the progress which had been made, he said it was expected that a proposed agreement would be presented to the Board at its May meeting.

The Committee considered a request to rescind Resolution 2353, adopted at the March meeting of the Board, which authorized an increase of \$234,000 in the Bowman Hall remodeling project budget at UW-Stout. On March 25, 1981, the State Building Commission had deferred action on the matter in order to provide time for consideration of alternative uses for Bowman Hall which would limit the scope of remodeling to offices and general classrooms, thereby eliminating the

hazard of high humidity associated with the original proposed use. After further review, it was concluded that utilization of Bowman Hall should be restricted to offices and general classrooms. UW System and Department of Administration staff agreed that general classrooms, located in a temporary leased facility, and student services offices, located throughout the campus, should be moved to Bowman Hall and would utilize most of the available space. Chancellor Swanson spoke in support of Resolution 2374, which was approved by the Committee following considerable discussion.

Upon motion by Regent Gerrard, seconded by Regent O'Harrow, the following resolution was unanimously adopted:

*UW-Stout-Bldgs & funds*  
*Auth for change in Bowman Hall remodeling from labs to classrooms & offices, R. 2374, p. 21-22*  
*Rescission of R. 2353.*

Resolution 2374: That, upon the recommendation of the UW-Stout Chancellor and the President of the University of Wisconsin System, Resolution 2353, approved by the Board on March 6, 1981, be rescinded, and

Further, that a major change in program and scope for the 1979-81 Bowman Hall Remodeling Project be approved from construction of wet laboratories to construction of general classrooms and offices, at a total project cost of \$2,100,000 of General-Fund-supported borrowing.

Regent Gerrard then presented a request for advance planning to provide new space for the graphic arts and instructional photography programs which would be relocated due to the change in scope of the Bowman Hall project. It was also recommended that new space be provided for duplicating services which were closely related to those program operations. It was estimated that construction of 46,000 gross square feet of space would be required at a total cost of \$4.2 million, the campus recommendation being that the new space be provided as an addition to the existing Communication Center located south of Bowman and Ray Halls. Approval of advance planning would provide the regents with preliminary plans and more accurate costs to consider in connection with the 1982 annual capital budget review, scheduled for December, 1981.

It was moved by Regent Gerrard, seconded by Regent Veneman and carried unanimously, that the following resolution be adopted:

*UW-Stout-Bldgs & funds*  
*Auth to request funds for Communication Ctr. addition, R. 2375, p. 22.*

Resolution 2375: That, upon the recommendation of the UW-Stout Chancellor and the President of the University of Wisconsin System, authorization be granted to submit a request to the State Building Commission to release advance planning funds for a Communication Center Addition project, for possible inclusion in the 1982 Annual Capital Budget Review Session, to provide additional space to accommodate programs being relocated as a result of the redesign of the Bowman Hall Remodeling Project. (It is estimated that this project could cost \$4,200,000.)

Adoption of Resolution 2376 was unanimously voted, upon motion by Regent Gerrard, seconded by Regent Finlayson.

Resolution 2376: That, upon the recommendation of the UW-Superior Chancellor and the President of the University of Wisconsin System, authority be granted to the President or Vice President and Secretary or Assistant Secretary of the Board to execute an agreement with the Wisconsin Indianhead Technical Institute (WITI) providing for an additional five-year Option exclusive to WITI (from June 29, 1986 to June 28, 1991) to purchase three acres of land on the UW-Superior campus, contiguous to the present site and bounded by East Boundary Avenue and Catlin Avenue.

UW-Superior - Bldgs & lands

Auth for agreement to provide with WIS. Indianhead Tech Inst. to provide WITI additional 5-yr. option to purchase UW-Superior land.  
R-2376, p. 23.

The Committee then considered authorization to award contracts for the GPR-supported \$344,000 Plant Sciences Greenhouse at UW-Whitewater, to be built with energy saving features as a model for future greenhouses in the System. The project was included in the 1980 annual capital budget review session, and authority to award the contract was required to allow construction to proceed within the authorized funding level.

It was moved by Regent Gerrard, seconded by Regent O'Harrow and carried unanimously, that the following resolution be adopted:

Resolution 2377: That, upon the recommendation of the UW-Whitewater Chancellor and the President of the University of Wisconsin System, authorization be granted to award contracts and to construct the 1977-79 Plant Sciences Greenhouse project at a total project cost of \$344,000 from General Obligation Bonding (\$284,700) and General Obligation Bonding-Energy Demonstration Projects (\$59,300) - GPR

UW-Whitewater - Bldgs & lands

Auth to construct Plant Sciences Greenhouse  
R-2377, p. 23.

Regent Gerrard reported that the Committee approved an increase of \$413,000 in Phase I/Part II of the Downer Buildings Complex remodeling project, for which bids were received on March 17, 1981. Of the proposed increase, \$142,000 related to bids for interior and exterior work on Vogel Hall and \$271,000 resulted from additional alternate bids received for the renovation of Pearse and Garland Halls. Chancellor Horton and Vice President Winter urged the Committee to approve the revised request, indicating that the work involved either would need to be done at this time or be made a part of the 1981-83 capital budget. It was felt it would be more cost effective to proceed with the project than to postpone it and pay more later. It also was reported that the bids received in November, 1980 for interior work on the Downer buildings resulted in a budget saving of \$955,000, which, with State Building Commission approval, might be available to fund the requested increase.

Upon motion by Regent Gerrard, seconded by Regent Finlayson and unanimously voted, resolution 2378 was adopted.

UW-Milw-Bldgs & hands  
✓ APPROVAL of budget increase for Downer complex remodeling. R. 2378, p 23-24.

Resolution 2378: That, upon the recommendation of the UW-Milwaukee Chancellor and the President of the University of Wisconsin System, authorization be granted to increase the budget for the Downer Building Complex Remodeling--Phase I/Part II by \$142,000 for the renovation and remodeling of the interior and exterior of Vogel Hall and by \$271,000 to accept alternate bids for the exterior work on Pearse and Garland Halls, for a revised total project cost of \$1,613,000 of General Obligation Bonding authority.

The Committee received a request to rescind its action of November 7, 1980 (Resolution 2281) related to granting easements to the City of Green Bay and conveying the existing campus water distribution system to the City. A modified proposal was presented which would grant an easement to the City to construct a water main across a portion of the campus to provide water service to the area northeast of the campus, with provision for development of an agreement between the City and the University for maintaining and operating the water mains to be jointly used and for the metering required to make the system workable. After considerable discussion, the Committee approved Resolution 2379.

Regent Gerrard moved adoption of the following resolution. The motion was seconded by Regent O'Harrow and carried unanimously.

UW-GB-Bldgs & hands  
✓ Res. 2281 rescinded; modified auth for easement to City to construct water main approved R-2379, p. 24.

Resolution 2379: That, upon the recommendation of the UW-Green Bay Chancellor and the President of the University of Wisconsin System, Resolution 2281, adopted November 7, 1980, be rescinded and that authority be given to grant an easement to the City of Green Bay across the northeast quarter of the UW-Green Bay campus for the purpose of construction of a 16" water main, by the City of Green Bay, to serve the area northeast of the UW-Green Bay campus. The easement would also contain covenants as to the construction and maintenance of the City-of-Green-Bay-owned portion of this line.

The granting of this easement would be subject to a maintenance and operational agreement to be worked out with the City of Green Bay regarding the use of University of Wisconsin-Green Bay water mains which would be jointly used under this agreement and would address the necessary metering to make this jointly used water system operable.

UW-Whitewater-Bldgs & hands  
Report on completion of ~~the~~ Alumni Center; p. 24

Vice President Winter discussed with the Committee the State Building Commission's final action on several of the System's 1981-83 capital budget requests. He also reported that the UW-Whitewater Alumni Center, presented as a gift-in-kind from the UW-Whitewater Foundation, had been completed.

The Committee received a report on the UW-Stevens Point Treehaven project, involving a 960-acre tract of land near Tomahawk donated to the UW-Stevens Point Foundation and planned for use in connection with the University's conservation and forestry programs. Construction related to the project would be supported by the Foundation, which had raised \$800,000 for that purpose.

- - -

At 10:55 a.m., the following resolution, moved by Regent DeBardeleben, seconded by Regent Thompson, carried on a unanimous roll call vote, with Regents Beckwith, DeBardeleben, Erdman, Finlayson, Fitzgerald, Fox, Gerrard, O'Harrow, Thompson, Veneman and Walter voting "Aye" (11) and Regents Grover, Hendrickson, Knowles, Lawton and Majerus absent (5):

Resolution 2380: That the Board of Regents convene in closed session to consider personnel matters, as permitted by s. 19.85(1)(c), Wis. Stats., and to confer with legal counsel, as permitted by s. 19.85(1)(g), Wis. Stats.

- - -

CLOSED SESSION ACTIONS

The Board arose from closed session at 11:50 a.m., having taken no actions.

The following resolution was adopted in closed session on March 6, 1981 but was not reported at that time, pending campus receipt of acceptance from the nominees:

Resolution 2356: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the following persons be awarded Honorary Degrees, to be conferred at Commencement exercises in May, 1981 at the University of Wisconsin-Madison:

Honorary Degrees - UW-Madison  
Degrees to be conferred in May 1981

Bree, Germaine  
Honorary L.H.D. conferred, 5-81, R. 2356, p. 25  
UW-Madison

(Simultaneous for each recipient)

- Germaine Bree, L.H.D.,
- Nicholas G. L. Hammond, L.H.D.,
- Benjamin Quarles, L.H.D.,
- Dennis W. Watson, Sc.D.,
- Robert H. Wentorf, Sc.D.,

R. 2356, p. 25

The meeting adjourned at 11:50 a.m.

Judith A. Temby  
Judith A. Temby  
Secretary

- 3) INDUSTRY/UNIVERSITY COOPERATIVE RESEARCH:  
CRYSTALLOGRAPHIC DETERMINATION OF LIMITATIONS  
TO ORDER IN SURFACES AND OVERLAYERS  
FOR THE PERIOD 01-15-79 THROUGH 06-30-82  
AT A TOTAL COST OF \$246,200.00  
AWARD # DMR-7825754, MOD. 2  
MSN ENGR ENGR EXPER STA MET & MIN (144-M645) 101,200.00
- 4) STEREOCHEMISTRY OF MGATP AS A SUBSTRATE  
FOR THE PERIOD 01-15-79 THROUGH 08-31-82  
AT A TOTAL COST OF \$75,000.00  
AWARD # PCM-7823345, MOD. 2  
MSN AG&LSC BIOCHEMISTRY (144-M646) 25,000.00
- 5) BAND STRUCTURE OF SOLIDS AND POINT DEFECTS IN  
CRYSTALS  
FOR THE PERIOD 04-15-79 THROUGH 09-30-82  
AT A TOTAL COST OF \$138,000.00  
AWARD # DMR-7827575, MOD. 2  
MSN L&S PHYSICS (144-M825) 50,000.00
- 6) MOLECULAR APPROACHES TO THE STUDY OF EVOLUTION  
FOR THE PERIOD 04-15-79 THROUGH 09-30-82  
AT A TOTAL COST OF \$120,836.00  
AWARD # DEB-7814197, MOD. 2  
MSN HS-MED PHYSIOLOG CHEM (144-M830) 44,316.00
- 7) STUDY OF THE MICROSCOPIC PROPERTIES OF  
SEMICONDUCTOR-SEMICONDUCTOR INTERFACES  
FOR THE PERIOD 05-01-79 THROUGH 10-31-82  
AT A TOTAL COST OF \$134,700.00  
AWARD # DMR-7822205, MOD. 2  
MSN L&S PHYSICS (144-M866) 42,700.00

UW-Stout - Representative agreement between <sup>UW-</sup> Ballato, Jones & King, R 2360, p. 4, Ex-Ref Ballato, Jones & King Teleproduction Ctr. X

III. REPORT OF ACTIONS TAKEN (MEMOS OF AGREEMENT).

A. A Representative Agreement between the University of Wisconsin - Stout Teleproduction Center and Ballato, Jones and King, under which Ballato, Jones and King will represent the teleproduction center in sale, distribution, lease, broadcast or telecast of programs and associated materials for a period of one year from January 27, 1981, has been signed by the Director of UW-Stout Teleproduction Center.

Athletic Dept - UW-Msu

B. "Amendments and Addendum to Foremost Card Services Regulations", involving an agreement of January 1, 1978, with UW-Madison Athletic Department has been signed March 3, 1981, by the UW-Madison Director of Business Services.

signed, R. 2360, p. 4

also Foremost Card Services

Annex Office Bldg UW-Msu - leases to CPISO - UW-Msu bldg & hands

C. Agreements for leases of the indicated space in the Annex Office Building, located at 1954 East Washington Avenue, have been signed by the UW-Madison Vice Chancellor for Administration. The term of each agreement is January 1, 1981 through December 31, 1981, at a rental rate of \$6.30 per square foot. This officing space will provide programs which contribute toward the goal of improved educational, vocational, and social opportunities for the handicapped, consistent with University policies and in cooperation with University programs for the handicapped:

OPTIONS in Community Living, Inc., Madison, Ms. Claire G. Eikel, Executive Director, 429 square feet of space X

also Indef under 1954 E. Washington Ave

Stoughton's Own, Group Homes, Inc., Art Humberg, President, 115 net square feet of space

R. 2360, p. 4

Options, etc & Stoughton's, etc. - lease of space in Annex ope bldg, UW-Msu X

D. The lease between UW-Madison and the University of Wisconsin Credit Union, for the rental of 96 square feet of space in Room D6/215E at the Clinical Science Center, has been signed by the Vice Chancellor for Administration. The lease term is February 1, 1981 to February 1, 1983. Rental rate is \$500 per quarter.

UW-Msu bldg & hands - lease UW-Msu & UW Credit Union for space in Clinical Science Center X  
Ex-Ref Clinical Sci Center & UW Credit Union R. 2360 p. 4

E. Upon the request of the Dean of the College of Agricultural and Life Sciences and the Director of Experimental Farms, the UW-Madison Chancellor has approved the razing of the following obsolete structures:

1. Arlington Wendt Farm: -> Farm house (#87), barn (#871), granary (#873) and hen house and garage (#875) to be razed. R. 2360, p. 4  
R. 2360, p. 4 Ex-Ref UW-Msu bldg & hands X

2. Arlington Farm: -> Barn (#849) - site preparation for construction of replacement facility to be razed, R. 2360, p. 4  
Ex-Ref UW-Msu bldg & hands X

3. UW-Msu Bldg & hands Madison Campus: -> Four silos and a silo room adjacent to the Dairy Barn (#105B) and a silo adjacent to the Horse Barn (#95A) to be razed on Msu Campus to be razed R. 2360, p. 4 X

All structures are nominal in insured value, in very poor condition, and not being used. They have no historical value and will be razed for safety and appearance purposes.

✓ UW-Msn - Bldgs & hands

Agree with Assoc. of College, Univ. & Community Arts Administrators for rental to Assoc. of Office Space, R. 2360 p.4

✓ C Assoc of College, etc - agree w/ UW-Msn for rental of office space also add under 901 University Bay View R. 2360, p.4.

F. An agreement between UW-Madison and the Association of College, University, and Community Arts Administrators for the use of 1592 square feet of office space beginning January 1, 1981, at a rental rate of \$4,800 per year has been signed by the Vice Chancellor for Administration. The primary consideration of the University in making this agreement is that this program is closely affiliated with the Center for Arts Administration, School of Business, Madison, Wisconsin.

✓ Dollar Rent A Car - override agreement w/ UW System, R. 2360, p.4

G. An override agreement between the UW System and Dollar Rent-A-Car Systems, Inc., broadening some provisions in the agreements signed by System employees renting a vehicle from Dollar Rent-A-Car, to the advantage of the System, has been signed by the Assistant Secretary of the Board. Included is a broadening of the definition of employees who are authorized to drive and an increase in the liability coverage from \$300,000 to \$1,000,000.
