AUGUST 3

NO. 14

Those who live in Williams Bay all year around look forward each Spring to your coming and regret to see you go in the Fall. Several of you are making your home here with us during the Winter. May your number increase. The Village is extending the water mains there this fall as many have expressed the desire to come earlier and stay later; also to come up in the winter for the Winter Sports.

As now you are enjoying the beauty of the so called "Paradise of Lake Geneva" so did the Indians who dwelt here before you. In fact they had a word which meant the same thing as their name for it. George Williams said his folks had planned to settle over there but the Indians made it so unpleasant for them that they moved across the Bay.

The original grant from the Government was taken by Julius Wadsworth and Thomas Dyer on Feb. 28th, 1839. This took in all the lake shore around to Conference Point.

Fairbank's Woods, as it was called, was a popular place for camping parties and picnics. It was easy to go out and get a mess of fish and fry it right there. Birch trees abounded in the early days. Al Pederson first came to the Bay 38 years ago and was one of the boys who spent a lot of time on the Point in camping or picnicing. His dream of a home there finally came true.

Alfred Pederson and C. P. Jaeger first bought and laid out the Beidler Farm into lots in 1923 and in 1925 purchased Fairbank's Woods and gradually subdivided that.

Now there are 458 possible home sites on which already there are 132 homes. There are seven miles of road and eight Parks. The streets are named after the Parkways in Chicago. From the very beginning the partners determined to keep undesirables out and selected their purchasers. Speculation was discouraged and as far as possible lots were sold to those wishing to establish homes.

Most of the purchasers are from Chicago and suburbs. H.T. Peterson and R.E. Burton have lots there and hope some day to build there. There is a renewed interest of buyers and last Sunday both partners were kept busy showing prospective purchasers around the Park. There are still a few choice lots and a few homes for sale.

The lot owners have their own Association called Cedar Point Association. N.W. Burris is President; Thos. A. Knight, 1st Vice Pres.; E.A. Baumback, 2nd. Vice Pres.; B.B. Spencer, Treas. and Financial Sec'y; F.J. Koch, Ass't. Treas.; Peter Mitchell, Rec. Sec'y; E.J. Geiger, Ass't. Rec. Sec'y. Other trustees besides the officers are M.T. Lennoy, L.A. Mc Kenzie, W.F. Bazner, and Dr. J.A. Pfister.

## VISITORS AT YERKES OBSERVATORY

While other years, the Yerkes Observatory has been open to visitors only on Saturday afternoons, this year through cooperation with the Men's Community Club of Williams Bay, it is open daily from five to six P.M. except Sundays as well as Saturday afternoons from one-thirty until four.

The Observatory has been open to the public under this new schedule ever since the 29th day of May. The last three days of May, there were 322 visitors. During June, there were 2,071; and during July, there were 4,812. The total attendance this year during these visiting hours from and including the 29th day of May to and including the 31st day of July was 7,205 or a daily average of 131.

The total for June and July alone was 6,883. This is the largest number of visitors for the months of June and July of which the Observatory has any record.

The following is a table of the number of visitors to Yerkes Observatory of which figures are available at this time.

YEAR	JUNE	JULY	AUGUST	SEPTEMBER	JUNE, JULY, AUG. & SEPT.	TOTAL FOR YEAR

## SUBSCRIPTIONS TO THE PROMOTIONAL FUND

The budget agreed upon by the Executive Committee of the Century of Progress Committee was \$875.00. To date, the subscriptions total \$729.00. The balance to be raised is \$146.00. \$264.00 of the subscriptions have been paid. The balance unpaid amounts to \$465.00.

The State Highway Commission has assured the committee that more official signs designating the distance and pointing the direction to Williams Bay in the surrounding territory have been requisitioned and will be erected as soon as possible.

The new large direction sign north of the highway at the junction of 36 and 50 was erected two weeks ago.

CHARLES MADISON

At College Camp next Sunday at  
11:00 A.M., Rev. F.W. Graham, D.D.,  
Dean of the Divinity School of  
Oberlin College, will speak on the  
topic "The Superlative Way".

Last night some auto must have  
had a jolt as the hydrant at cor-  
ner of Walworth and Geneva Streets  
was broken off at joint. Fortun-  
ately the water pipe did not  
break.

F. H. Wilhite has taken over the  
County Agency for Oshkosh Brewery.

Riviera-on-the-lake, Lake Geneva,  
is the stage of a beach beauty  
promenade each Sunday evening un-  
til Sept. 4th in an effort to find  
the young lady who will be "Miss  
Personality" and her two Maids of  
Honor. The winners to visit Worlds  
Fair Hollywood for a screen and  
talkie test. Winners of each pre-  
liminary on Sunday evenings are  
awarded a valuable finger ring by  
popular vote. Votes are given with  
the purchase of each Riviera ad-  
mission ticket.

As the contest goes into its  
third week the leaders are:

Miss Agnes Vorpapel, Lake Geneva  
Miss Betty Johnson, " "  
Miss Jean Antonsen, Lake Como  
Miss Muriel Berns, Chicago

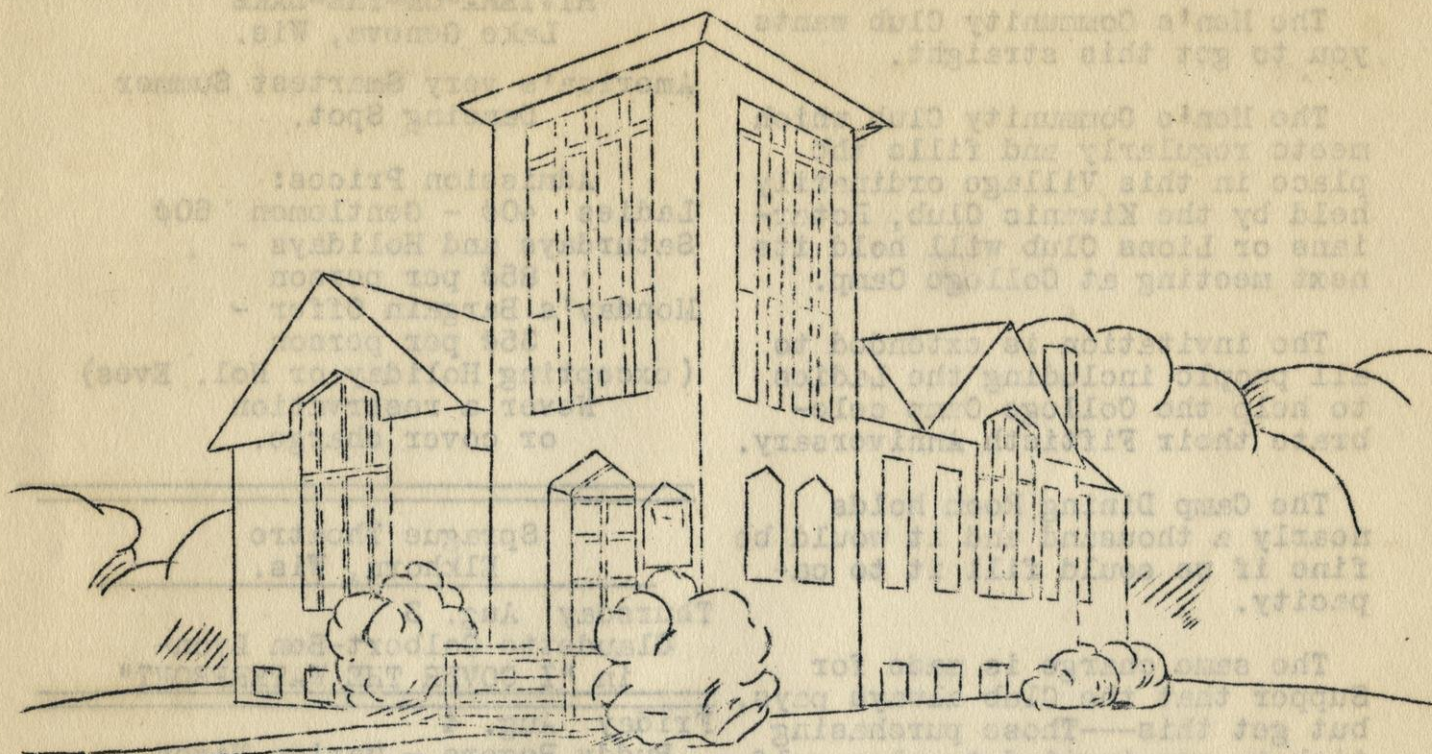

At Bay Shore Inn Mrs. Bess  
Vandercook has improved the rear  
of the Coffee Shop with a rock  
pool and flag stone porch with  
awning over it.

Be neighborly. If any one  
should be asked if there are any  
cottages for rent, do not let the  
party get away without getting in  
touch with those having cottages  
to rent. Every renter spends  
money in Williams Bay.

Howard Mereness and Carl Siens  
have been decorating the school.

Attention Please to this!!!!

The Men's Community Club wants you to get this straight.

The Men's Community Club which meets regularly and fills the place in this Village ordinarily held by the Kiwanis Club, Rotarians or Lions Club will hold its next meeting at College Camp.

The invitation is extended to all people including the Ladies to help the College Camp celebrate their Fiftieth Anniversary.

The Camp Dining Room holds nearly a thousand and it would be fine if we could fill it to capacity.

The same charge is made for Supper that the Club always pays, but get this---Those purchasing tickets are invited to play golf for the afternoon at the Y.M.C.A. Kish-Wau-Ke-Toc Golf Club as their guests. Tickets for the supper are only 50¢.

The time is Tuesday, Aug. 8th. Golf all afternoon, Water Sports at 3:30 and Supper at 6:30.

Let's all go!

Get tickets from Hotton & Sons, Fish Line Store, the Garage, or the President of the Club, Myron Pichl or many of the members.

Last Sunday the whole Village was a busy place. The Hotels were full and sent guests to their neighbors. There were thousands of cars parked all over the Village.

The Park was full of picnic parties all day long and along the Lake Shore cars were parked on both sides of the road two or three deep. License plates were seen from a score of states.

Actually thousands enjoyed the bathing. Motor boats were kept busy and the fishermen did a rushing business.

The Village Board will hold it's next regular meeting on next lion. night at 7:30 in the Library. At the beginning of the meeting there will be an opportunity to ask about the 1933 Assessments and present reasons for any changes. The Board meets as an adjourned Meeting of the Board of Review in hearing these. The Board has a lot of work to do at its regular meeting so it will be well for anyone wishing to take up assessment matters to send word to the Village Clerk in advance so a committee might study the assessments in advance.

Very few requests have been made from year to year for changes as the Assessor has given a lot of thought to the roll and usually made the assessment with the knowledge of the property owner. It is generally understood that a general lowering of valuations would not help matters as it would simply mean a raising of the tax rate as so much has to be raised for the upkeep of the Village, School, County and State no matter what the valuation. The school budget is lower and the Village Board will keep down expenses to a minimum.

The Village has had some unusually good publicity lately from the Chicago papers and it has brought many new people up here. The Village appreciates publicity of the right kind.

The Churches have had very good attendance this Summer. All report an unusual interest. At the Congregational Church the Auditorium was well filled at the Organ Recital at 10:15 and very few came after the regular service began.

Attend Funeral

Mr. and Mrs. A. Pihl, Myron, and Elsie Pihl, and Mrs. Rosenlof attended the funeral of Mr. Carl Wendell on Wednesday held at the Swedish Evangelical Free Church in Evanston.

Mr. Wendell is a former janitor of the Yerkes Observatory and used to reside where the Sherwood Inn is at the present time. He is remembered by many of the people in Williams Bay.

---

Rag Weed Must Go!

The Village President wishes the Bay Leaves to stress the elimination of Rag Weed. Samples of rag weed prepared by Mrs. S.B. Barrett will be on display at the Post Office Window. There are several kinds you should be on the look out for. With everyone cleaning up his own and neighboring lots and the Village Highway Dep't. looking out for roadsides it should be pretty well eliminated.

Remember Men's Community Supper

The Bay Fire Department  
Wins Water Fight with Fontana.

Last Tuesday half of Fontana was over to root for their Fire Dept. in its water fight with the Bay Dept. Their team of three men were Harold Foote, Charles Lade and Louis Austin. The Bay team were Don Krause, Henry Kenyon and Harry Breen.

Don Krause guided the stream for our team and kept it almost continuously pounding on the Fontana boys. The game was to see which team could keep the stream the longest on the opposing team. Louis Austin could not get much chance to guide their nozzle as Don kept him covered most of the time. This is good sport and attracts a lot of attention and builds up good fellowship with our neighbors.

Fontana is rightly proud of their new Hall. You will see it on Route 36 near the gravel pit. It will be dedicated before long as it is practically completed.

The Committee in charge of its construction are Edward Adams, Dr. O. F. Moore, Robert Stevenson. The architect is Herbert Tyson. It will cost about \$9,000 and is constructed of Brick with Bedford stone trim.

It has on the main floor a community room with stage, council room and engine room for the fire truck. The basement houses the village trucks and other equipment.

Public Works Program  
under way in State.

It is very important that the Village complete its program for Water Works and Sewer Extension at the earliest possible moment. The federal committee reviewing their projects insists upon details showing cost and number of men to be employed. Kenosha is asking \$525,100; Outagamie Court House \$500,000; Madison \$404,500; River Falls \$60,000; West Allis \$253,000.

## Joins All-State Orchestra

For the past three weeks Miché-  
lene Van Biesbroeck has been atten-  
ding the meetings of the All-  
State Orchestra, Band and Chorus  
at Madison, Wis. High School  
pupils from all over the state  
came there to rehearse together.  
At the end of the 3 weeks a con-  
cert was given by each organiza-  
tion first at Madison and then at  
Chicago. Last Friday and Sat. the  
students all went in a special  
train from Madison to Chicago  
where they wound up their session  
by playing at the World's Fair in  
the courts of the Hall of States  
and of Science. There were about  
200 in the band, 75 in the orch-  
estra and 40 in the chorus. During  
their work in Madison, the stu-  
dents were under the leadership of  
some of the country's outstanding  
musicians. Although the period was  
short, the students, through in-  
tensive practice each day, have  
profited much from this experience  
and spent an agreeable time at the  
University of Wisconsin.

Just before the Girl Scouts  
broke camp at East "Y" they held  
a council and talked over plans by  
which they might show their appre-  
ciation of the fine treatment  
shown them by the Y.M.C.A. They  
decided that they would try to rid  
East "Y" of ragweed in keeping  
with the campaign around the Lake  
and scoured the grounds and as a  
result brought in two bushels of  
the weed.

It is hoped that the Girl Scouts  
and possibly the Boy Scouts will  
try ridding the whole Village of  
the pest. There are 22 girls in  
the Scout troop and at least that  
many in the Boy Scouts.

How about it Scouts?

Baby Ernie at the Riviera  
Baby Ernie, 6 year old wonder  
singer, is just beginning a 2  
weeks engagement at Riviera-on-the  
lake, Lake Geneva. He just comple-  
ted a week's engagement at the  
Fair, and has been the protege of  
Ben Bernie, Woems, and J. Garber.

The Model Home on the Point at Cedar Point Park has been sold to Robert Sterling, Sales Manager of the Gypsum Co., Chicago, who is taking possession immediately. The sale was made by Arthur Pederson.

This house was built by A. Pihl & Sons last Summer and has attracted quite a bit of attention. It is located right on the Point and has a commanding view of the whole lake.

The Village welcomes Mr. Sterling and wishes him to feel that we are friendly people.

Mr. Otto Stoffregen will move into his new home at Cedar Point Park this week. The house was built by Olaf Hansen who has built several houses in the Park including one for himself. The excavation work was done by Al. Johnson; the plumbing by B. W. Christian Co.; the electrical work by McClellan and Sherman; the painting and interior decorating by Arthur Pederson, and it is being furnished by Marshall Field & Co. The landscaping is by Gilbert.

Mr. Stoffregen has been at the Bay often during it's construction and we are glad to have him here to stay.

Mr. and Mrs. Lawrence Dall and daughter moved into the home they purchased from Olaf Hansen at Cedar Point Park. It is the first home as you enter the Park by the shore path.

The Dalls are not strangers to Williams Bay as they lived in Mrs. Hermanson's home one year and have been frequent visitors since then.

They like Williams Bay and their many friends are glad they have come back here to live.

The cover is again drawn by Edna Tulane. It is a sketch of the G. S. Reid home at the Point in Cedar Point Park. The design is old English.

Typing is by Eldred Piehl.
