# Wisconsin State Board of Health

OFFICE OF THE SECRETARY.

Madison, Wis.,

To the Town, Village or City Clerk:

Dear Sir: If you have heretofore held the office you now hold, it is presumed that you are familiar with the law relative to the organization of a Board of Health for your locality; but for the benefit of any to whom this circular may be addressed, who are holding their offices for the first time, and for members of local Governing Boards who may not be familiar with it refer to Section 1411, Laws of 1907, and Sections 925—107 and 925—108, Chapter 40a, Wisconsin Statutes, 1898.

Especial attention is directed to this provision of law which places upon every Town or Village Board, or City Council within the State, the duty of appointing a Board of Health within thirty days after each annual election. Such boards may, if desired, be composed in part of persons who are not members of the Governing Boards of the localities. The members of the Board, when so appointed, must complete their organization by taking the usual oath of office, and by electing a Chairman, a Clerk, and a Health Officer. The law requires that the Health Officer shall be, whenever practicable, a reputable physician, and when appointed he becomes a member of the Board and its executive officer.

The law further requires that every Local Board of Health shall immediately after its organization report to the State Board of Health the names, postoffice addresses and occupations of the Chairman, Clerk and Health Officer. To facilitate this requirement a blank form is attached hereto, which you are requested to fill out, as indicated, and return to this office in the stamped envelope enclosed. If you have already reported the organization of a Board of Health for your community for 1911, it will be esteemed a favor if you will duplicate such report on the blank attached below as it will greatly facilitate the work of recording and filing these reports to have them in uniform shape.

It is of the utmost importance that the organization of your Board of Health shall be in legal form, as upon this will depend the authority and legality of all of its acts. Authority is conferred by the general statutes of the State, upon **Boards of Health**, to take measures for the protection of the public health—this authority is **not conferred** upon local Governing Boards, but **only upon legally organized Boards of Health**. That you may be prepared, therefore, to protect the highest interests of your community, you are respectfully urged to a prompt, thorough, and full compliance with the requirements of the law.

In case the town board, village board, or common council fails or neglects to appoint a board of health as provided by this section, the state board of health may appoint persons to serve on such board until a board of health has been regularly appointed as hereinbefore provided and the necessary expense so incurred shall be charged to and paid out of the treasury of such town, incorporated village or city. (Section 1411, Laws of 1907.)

It is hoped that you will make this report at the earliest possible date in order that local Boards of Health may receive the proper instructions for the public health work for 1911—1912.

Very truly yours,

C. A. HARPER, M. D.,

Secretary.

If your jurisdiction is a city, please state whether or not you are acting under Charter provisions as provided by Chapter 40a, Wisconsin Statutes, 1898. If so, give name of Commissioner of Health and date of appointment on the last line, which is provided for this purpose only, and erase the words Health Officer. If you are a Health Officer, erase the words Commissioner of Health.

# Local Boards of Health

**DUTY TO ORGANIZE.** Section 1411, of the laws of 1907, provides that: "The town board, village board and common council of every town, village and city shall, within thirty days after each annual election, organize as a board of health, or appoint wholly or partially from its own members a suitable number of competent persons who shall organize as a board of health for such town, village or city. The officers of such board shall include a chairman, a clerk, and a health officer, who shall be ex-officio a member of such board and its executive officer; all such officers shall be elected by the board immediately after its organization. Every board of health as thus constituted shall exercise all the powers and perform all the duties prescribed in this chapter within the limits of the town, village or city of which they are such officers. Every health officer so appointed shall be, whenever practicable, a reputable physician; he shall hold office during the pleasure of such board and until the qualification of his successor; if a vacancy occurs in his office the board of health shall immediately fill the vacancy by an election."

**POWER TO MAKE RULES.** "Every board of health may take such measures and make such rules and regulations as they may deem most effectual for the preservation of the public health. They may appoint as many persons to aid them in the execution of their powers and duties as they think proper, regulate the fees and charges of every person so employed by them, and fix the salary of the health officer, examine into all nuisances, sources of filth and causes of sickness, and make such rules and regulations respecting the same as they may judge necessary for the public health and safety of the inhabitants."

**THE PUBLICATION OF RULES.** Section 1413 of the Statutes of 1898 provides that: "Notice shall be given by the board of health of all orders and regulations made by them by publishing the same in some newspaper, if there be one published in such town, village or city; if there be none, then by posting up the same in five public places therein and such publication of said orders and regulations shall be deemed a legal notice to all persons."

**MEETINGS AND RECORDS.** It is not sufficient as some have supposed, that one general resolution be adopted by a town board declaring itself to be also the health board, and that the officers of the town board hold also the same relative positions on the health board. A board of health though it may be composed wholly of the same persons who make up the town board or municipal council, nevertheless acts in a different and independent capacity. It should, therefore, hold separate meetings and keep separate records, which should show clearly all facts connected with its organization, its appointment of health officers and other assistants, and report the same to the State Board of Health, its official orders and resolutions, and the minutes of its meetings. Such records may be of legal importance and should be accurately kept by the clerk of the board. Every health board is, therefore, earnestly advised to provide suitable and well-bound volumes for their records. If there be recorded in these volumes the history of all epidemics of contagious diseases, their origin, when this can be ascertained, and the measures adopted for their control, such records will have great and permanent value. These records, and all other matter, such as reports, printed matter and blanks furnished by the State Board, etc., should be carefully preserved and turned over to the successor in office.

**APPOINTMENT OF HEALTH OFFICER.** After the board of health is organized it must appoint a health officer, and if for any cause a vacancy occurs in this office the board of health must immediately fill the vacancy by a new appointment. The health officer in all cases holds office during the pleasure of the local board of health and *until his successor has been chosen and qualifies*. As the health officer becomes the executive officer of the board, he must in all cases take the oath of office and it is of the greatest importance that he be wisely selected for upon his wisdom, efficiency and discretion, will depend to a very great extent, the advantages to be derived from a public health organization.

All records, copies of laws and other material used by the health officer in the performance of his duties, should be turned over promptly to the new health officer as soon as he qualifies.

Both bonds and coupons shall be payable in lawful money of the United States at the Barneveld State Bank, in the Village of Barneveld, Wisconsin.

Said bonds, together with the interest thereon, shall be payable only out of the special redemption fund hereinafter provided for and shall be a valid claim of the holders thereof only against said special redemption fund and the fixed proportion and amount of the revenues pledged to such fund, which proportion and amount of said revenues are hereby pledged and constituted as an exclusive first pledge thereof to the Waterworks Bond and Interest Special Redemption Fund and shall be used for no other purpose than to pay the principal and interest of said bonds as the same shall fall due.

Section 2. When said bonds herein authorized shall have been delivered in whole or in part, the income and revenues to be derived from the operation of the Waterworks Plant and System of the Village of Barneveld shall be set aside into special and separate funds to be used and applied for the following purposes and in the following proportions:

Twenty-Five (25%) Percent of the income and revenues therefrom is necessary and shall be set aside for the reasonable and proper operation and maintenance thereof, such fund to be known and designated as "Waterworks Operation and Maintenance Fund;"

Sixty-Five (65%) Percent of the income and revenues therefrom is necessary and shall be set aside and known and designated as "Waterworks Bond and Interest Special Redemption Fund" and applied to the payment of principal and interest of the bonds herein authorized.

It is the express intent and determination of the Village Board of the Village of Barneveld, Wisconsin that the amount of said income and revenues to be set aside and paid into the Waterworks Bond and Interest Special Redemption Fund shall in any event be sufficient to pay the interest on said bonds as the same accrues and the principal of said bonds as the same matures, notwithstanding the fixed proportion thereof allocated to such purposes in the manner above provided, and the Treasurer of said Village shall from year to year and out of the income and revenues received from the operation of said Waterworks Plant and System deposit at least sufficient funds in said Waterworks Bond and Interest Special Redemption Fund to pay principal and interest falling due during the current year, said minimum amounts to be deposited being as follows:

THIRTY THOUSAND DOLLAR (\$30,000.00) WATERWORKS  
EXTENSION MORTGAGE REVENUE BOND OF THE VILLAGE  
OF BARNEVELD, IOWA COUNTY, WISCONSIN, AND  
PROVIDING FOR THE PAYMENT OF SAID BOND AND  
OTHER DETAILS IN RESPECT THERETO.

WHEREAS, under the provisions of Chapter 66 of the Wisconsin Statutes, any Village in the State of Wisconsin may construct and acquire a waterworks plant and system;

WHEREAS, any Village in the State of Wisconsin may provide for the payment of the cost of the constructing and acquiring of a public utility, or any part thereof, from the proceeds of mortgage bonds as provided for in said Chapter 66;

WHEREAS, under the provisions of Chapter 66 of the Wisconsin Statutes, by an ordinance duly adopted at the regular meeting of the Village Board of said Village held on August 20, 1948, the Village of Barneveld, Iowa County, Wisconsin, issued Thirty-five Thousand Dollars (\$35,000.00) Three Per Cent (3%) Waterworks Mortgage Bonds dated August 1, 1948, for the purpose of providing funds for constructing and acquiring a waterworks plant and system for the Village of Barneveld together with all the equipment and appurtenances thereto used or useful in connection therewith, which said plant constituted a public utility;

WHEREAS, after the payment of the principal due on this first day of August, 1966, on said issue there remains outstanding and unpaid on said mortgage bond issue a principal balance of Seventeen Thousand Dollars (\$17,000.00);

WHEREAS, under the provisions of Chapter 66 of the Wisconsin Statutes, any Village in the State of Wisconsin that has previously issued mortgage bonds on a public utility owned by it may provide for extending, adding to and improving said public utility, and provide payment for the same from the proceeds of an additional issue of mortgage bonds;

WHEREAS, said Chapter 66 provides that when a Village provides payment by mortgage bonds on a public utility owned by said Village, the income and revenues of such a public utility shall be set aside into special and separate funds as follows: A fund for the reasonable and proper operation and maintenance of said utility, a fund for a proper and adequate depreciation fund, and a fund to be applied to the payment of the principal and interest on the bonds authorized, and that the Village Board of said Village shall accurately as possible in advance of the issuance of said bonds, fix and determine by ordinance the proportion of the revenues of such public utility that goes into each fund;

WHEREAS, in the ordinance aforesaid for the issuance of Thirty-five Thousand Dollars (\$35,000.00) Village of Barneveld, Iowa County, Wisconsin, Three Per Cent (3%) Waterworks Mortgage Bonds which was adopted at the regular meeting of the Village Board of the Village of Barneveld held on August 20, 1948, the Village Board provided for the establishing of three (3) special and separate funds entitled "Waterworks Operation and Maintenance Fund," "Waterworks Depreciation Fund" and "Waterworks Bond and Interest Special Redemption Fund," and fixed and determined the proportions of the income and revenues derived from the operation of said waterworks system that were to be set aside into these funds and provided that said bonds, together with the interest thereon, should be payable only out of the "Waterworks Bond and Interest Special Redemption Fund" provided for in said ordinance;

WHEREAS, said funds so created in the August 20, 1948, ordinance aforesaid in connection with the issuance of the August 1, 1948, bonds were established and have remained operative and whereas, the proportions established in said August 20, 1948, ordinance have been continued and the income and revenues derived from the operation of said waterworks system are presently being set

aside in said funds in the proportions so established, said proportions in said funds being as follows:

25% of the income and revenues to the "Waterworks Operation and Maintenance Fund."

10% of the income and revenues to the "Waterworks Depreciation Fund."

65% of the income and revenues to the "Waterworks Bond and Interest Special Redemption Fund."

WHEREAS, the Village Board of the said Village of Barneveld has by appropriate action decided to extend, add to and improve its waterworks system by the installation of additional water mains and hydrants with all necessary appurtenances, and to provide payment therefor from the proceeds of mortgage bonds;

WHEREAS, it appears that approximately the sum of Thirty Thousand Dollars (\$30,000.00) will be required for such purposes;

WHEREAS, Chapter 66 further provides that at any time after one year's operation the Village Board may recompute the proportion of the revenues which shall be assignable to the different funds upon the experience of operation and upon the basis of further financing;

WHEREAS, this Board has recomputed the proportion of the revenues which have been assignable to each fund based upon the experience of operation and based upon the additional financing authorized by this ordinance and it appears that the amounts which will be paid into the Bond and Interest Special Redemption Fund under the present formula will be sufficient to handle the additional payments required under this financing and that the other funds are in proper proportion;

WHEREAS, this Board has negotiated the sale of this bond to the Barneveld State Bank, Barneveld, Wisconsin;

NOW, THEREFORE, THE VILLAGE BOARD OF THE VILLAGE OF BARNEVELD, IOWA COUNTY, WISCONSIN, DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. That for the purpose of paying part of the cost of the installation of additional water mains and hydrants and

necessary appurtenances thereto as an extension, addition and improvement to the waterworks system of said Village, which is a public utility owned by said Village, there be borrowed on the income and revenues of said waterworks plant and system of said Village the sum of Thirty Thousand Dollars (\$30,000.00) and that a bond of said Village be issued in evidence thereof. Said bond shall be designated "VILLAGE OF BARNEVELD, IOWA COUNTY, WISCONSIN, WATERWORKS MORTGAGE REVENUE BOND, SERIES OF 1966," shall be dated August 1, 1966, and shall be payable in annual installments of Two Thousand Dollars (\$2,000.00) each on August 1st of each year commencing August 1, 1967, and annually thereafter on August 1st of each and every year until fully paid with the final installment to be due and payable on August 1, 1981, if not sooner paid. It is hereby determined and declared that the above maturities are such that the requirements each year to pay both principal and interest on this issue and on the issue dated August 1, 1958, aforesaid, are nearly equal as practicable. Said bonds shall bear interest at the rate of Five Per Cent (5%) per annum payable February 1, 1967; August 1, 1967, and semi-annually thereafter on the first days of February and August of each year. Said interest shall be computed and paid on each interest payment date on all unpaid installments of principal at said time.

Said bond, together with interest thereon, shall be payable only out of the Special Redemption Fund provided for by the ordinance aforesaid adopted August 20, 1948, which provided for the issuance of Thirty-five Thousand Dollars (\$35,000.00) Waterworks Mortgage Bonds of the Village of Barneveld aforesaid, and shall be a valid claim of the holders thereof only against said special redemption fund and the fixed proportion and amount of the revenues pledged and constituted as a special first pledge thereof to such Special Redemption Fund. Principal payments and interest payments on the August 1, 1948, bonds and this bond are payable on the same date and on each interest payment date and on each principal payment

date said Special Redemption Fund shall be first used for the purpose of paying the principal and interest or interest as the case may be on the Thirty-five Thousand Dollar (\$35,000.00) Waterworks Mortgage Revenue Bonds dated August 1, 1948, and then the amounts due on the bond of this issue. After the payment of the August 1, 1948, bonds in full, said Special Redemption Fund shall then be used solely for the payment of this issue. Said Special Redemption Fund is entitled "Waterworks Bond and Interest Special Redemption Fund."

Said bond and the interest thereon shall be payable in lawful money of the United States of America at the Barneveld State Bank, Barneveld, Wisconsin.

The bond authorized by this ordinance shall be registered in the name of the holder at the time of delivery to the purchaser thereof on the books of said Village and such registration is to be noted on said bond by the Village Clerk, after which no transfer will be valid unless made on such books by the registered holder and similarly noted on said bond.

At the request of the holder and upon presentation of the bond herein authorized, the then Village President and Village Clerk of said Village shall make, execute, issue and deliver to said registered holder in exchange for said bond a series of two (2) or more bonds in denomination specified by the registered holder in aggregate principal amount equal to the unpaid principal amount of said bond at said time and having the same date, rate of interest, interest payment dates and principal payment date or dates as the principal installment or installments being replaced by each new bond and in all other respects being substantially in the same form as the bond hereinafter set forth except for the deletion of the paragraph referring to this right of exchange. In such event the bond herein authorized shall be promptly cancelled. All bonds issued by the Village in such exchange shall be payable from the same pledge of the fixed

proportion of the income and revenues to be derived from the operation of said waterworks plant and system, shall evidence the same debt and shall be entitled to the same rights and benefits as the holder of the bond surrendered except the right of exchange provided in this paragraph. Any cost of such exchange including the preparation of an additional ordinance providing for such exchange, if found necessary, and the typing or printing of such new bonds will be at the expense of the registered holder.

Any or all of the installments or principal payable August 1, 1972, and thereafter shall be subject to prior payment at the option of the Village of Barneveld on August 1, 1971, or on any interest payment date thereafter at the price of par plus accrued interest to the date of call upon at least thirty (30) days prior notice mailed by certified mail to the registered holder of said bond as shown on the books of said Village. Such notice of prepayment shall specify the installment or installments to be prepaid. Partial prepayment does not constitute a waiver of the right to again thereafter exercise a subsequent prepayment or prepayments of principal installments in the same manner.

SECTION 2. When said bond herein authorized shall have been delivered, the principal and interest thereon shall be paid solely from the "Waterworks Bond and Interest Special Redemption Fund" provided for in the ordinance authorizing the issuance of the Waterworks Mortgage Bonds dated August 1, 1948, as adopted by this Village Board on August 20, 1948. That the income and revenues to be derived from the operation of the Waterworks Plant and System of the Village of Barneveld shall continue to be set aside into the special and separate funds set up in said ordinance adopted August 20, 1948. That this Board upon the recomputation referred to in the preamble hereto hereby determines that the proportions of the income and revenues to be paid into each fund shall continue in the percentages established in the ordinance aforesaid adopted August 20, 1948. That the determinations made in said ordinance adopted on August 20, 1948, as to the establishment of such funds and such proportions are hereby again made and confirmed, being as follows:

"Twenty-Five (25%) Percent of the income and revenues therefrom is necessary and shall be set aside for the reasonable and proper operation and maintenance thereof, such fund to be known and designated as "Waterworks Operation and Maintenance Fund;"

"Ten (10%) Percent of the income and revenues therefrom is necessary and shall be set aside as a proper and adequate depreciation account and shall be known as "Waterworks Depreciation Fund;"

"Sixty-Five (65%) Percent of the income and revenues therefrom is necessary and shall be set aside and known and designated as "Waterworks Bond and Interest Special Redemption Fund."

It is the express intent and determination of the Village Board of the Village of Barneveld, Iowa County, Wisconsin, that the amount of said income and revenues to be set aside and paid into said "Waterworks Bond and Interest Special Redemption Fund" shall in any event be sufficient to pay the interest on said mortgage bonds dated August 1, 1948, aforesaid and on the bond of this issue as the same accrues and the principal of the mortgage bonds dated August 1, 1948, aforesaid and the bond of this issue as the same mature, and the Treasurer of said Village shall from year to year and out of the income and revenues derived from the operation of said waterworks

system deposit in said "Waterworks Bond and Interest Special Redemption Fund" in addition to the minimum amounts provided for in the ordinance adopted August 20, 1948, providing for the issuance of mortgage bonds dated August 1, 1948, at least sufficient additional sums to pay the principal and interest falling due during the current year on this issue, said additional minimum amounts to be deposited as follows:

1981	2,000.	100.	2,100.

In case any installments are paid in advance no amounts need be deposited to meet the principal payments or interest on the payments made in advance.

That the total income and revenues so set aside for the payment of the principal and interest on the bond by this ordinance authorized to be issued shall from month to month as the same shall accrue and be received, be set apart and shall on the last day of each month be paid into the Treasury of said Village designated and identified as "Waterworks Bond and Interest Special Redemption Fund." The amount so deposited each month shall not be less than one-twelfth (1/12) of the minimum amount set out to be deposited for such year. Such fund shall be kept apart from other moneys in the hands of the Village Treasurer and shall be used for no other purpose than the payment of the principal and interest on this bond promptly as the same shall become due and payable.

Both principal and interest hereon, are hereby made payable at the Barneveld State Bank, in the Village of Barneveld, Wisconsin, in lawful money of the United States. This bond is issued for the purpose of providing funds for part of the cost of the installation of additional water mains and hydrants with all necessary appurtenances thereto as an extension, addition and improvement to the waterworks plant and system of said Village, which is a plant and equipment constituting a public utility pursuant to Chapter 66 of the Wisconsin Statutes, and is payable from a pledge of a fixed

proportion of the income and revenues to be derived from the operation of said waterworks plant and system of said Village, which has been set aside as a special fund for that purpose and identified as "Waterworks Bond and Interest Special Redemption Fund" created by an ordinance adopted at a meeting of the Village Board of said Village held on August 20, 1948, entitled "AN ORDINANCE providing for the issuance of \$35,000.00 Waterworks Mortgage Bonds of the Village of Barneveld, Iowa County, Wisconsin, and providing for the payment of said Bonds and other details in respect thereto." and does not constitute an indebtedness of said Village within the meaning of any constitutional or statutory limitation or provision. The pledge for the bond of this issue is created in the ordinance entitled "AN ORDINANCE PROVIDING FOR THE ISSUANCE OF A THIRTY THOUSAND DOLLAR (\$30,000.00) WATERWORKS EXTENSION MORTGAGE REVENUE BOND OF THE VILLAGE OF BARNEVELD, IOWA COUNTY, WISCONSIN, AND PROVIDING FOR THE PAYMENT OF SAID BOND AND OTHER DETAILS IN RESPECT THERETO." adopted at a meeting of the Village Board of said Village held on August 1, 1966, and this pledge is subordinate and junior only to the exclusive first pledge for the Thirty-five Thousand Dollar (\$35,000.00) Waterworks Mortgage Bonds aforesaid.

A statutory mortgage lien which is hereby recognized as valid and binding upon said waterworks plant and system, together with all extensions, additions and improvements thereto, is created and granted by statute to and in favor of the holder or holders of this bond and said waterworks plant and system and all extensions, additions and improvements thereto shall remain subject to said statutory mortgage lien until the payment in full of the principal and interest of this bond. Said statutory mortgage lien is subject only to a prior statutory mortgage lien securing the Thirty-five Thousand Dollar (\$35,000.00) Three Per Cent (3%) Waterworks Mortgage Bonds dated August 1, 1948.

This bond is registered in the name of the holder on the books of said Village and such registration is to be noted on this

bond by the Village Clerk, after which no transfer shall be valid unless made on such books by the registered holder and similarly noted on this bond.

Any installment of principal hereunder maturing August 1, 1972, or thereafter shall be subject to prior payment at the option of the Village of Barneveld on August 1, 1971, or on any interest payment date thereafter at the price of par plus accrued interest to the call date upon at least thirty (30) days prior notice by certified mail to the holder of this bond as registered on the books of the Village. Said notice of call shall specify the installment or installments to be prepaid.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due time, form and manner as required by law, and that sufficient of the income and revenue to be received by said Village from the operation of said waterworks plant and system has been pledged to and will be set aside into a special fund for the payment of the principal of and the interest on this bond.

IN WITNESS WHEREOF, the Village of Barneveld, Iowa County, Wisconsin, by its Village Board has caused this bond to be signed by its President and its corporate seal to be hereto affixed and attested by the Village Clerk on this 1st day of August, 1966.

plant and system required by the Constitution and Statutes of the State of Wisconsin, including the making and collecting of reasonable and sufficient rates lawfully established for services by such utility, segregating the income and revenues of said utility and the application of the respective funds hereinabove referred to; and said Village hereby irrevocably covenants, bind and obligates itself not to lease, sell or in any manner dispose of said waterworks plant and system, or any part thereof, or any additions or extensions that may be made thereto until the bond herein authorized to be issued shall have been paid in full, both principal and interest, unless and until provisions shall have been made for the payment of this bond and the interest thereon in full; and the Village further covenants and agrees with the holder or holders of said bond to maintain in good condition and operate said waterworks plant and system so that the proportion of the gross revenues of said waterworks plant and system herein agreed to be set aside for that purpose will at all times be sufficient to provide for the payment of the bond herein authorized to be issued and the interest thereon as the same becomes due and payable, as well as the principal payments on the August 1, 1948, issue and the interest thereon as the same becomes due and payable.

SECTION 6. That for the further protection of the holder of said bond herein authorized to be issued and the interest thereon, a statutory mortgage lien upon said public utility is granted and created by Chapter 66 of the Wisconsin Statutes, which statutory mortgage lien is hereby recognized as valid and binding upon the Village of Barneveld as a ~~first and prior~~ statutory mortgage lien upon said waterworks plant and system, and any extensions, additions and improvements made thereon, and said public utility shall remain subject to said statutory mortgage lien until the payment in full of the principal and interest of the bond herein authorized to be issued. Said statutory mortgage lien is subject only to a prior

statutory mortgage lien securing an issue of Thirty-five Thousand Dollar (\$35,000.00) Three Per Cent (3%) Waterworks Mortgage Bonds dated August 1, 1948.

SECTION 7. SECTION 8. That said Board hereby authorizes the sale of said bond to the Barneveld State Bank, Barneveld, Wisconsin, at par plus accrued interest to date of delivery. That said bond is to be prepared for delivery in typed form and this Board hereby authorizes the Village President and the Village Clerk to cause the same to be typed and to execute and deliver said bond to said Bank on August 1, 1966, or as soon thereafter as is practicable at the price of par, being the sum of Thirty Thousand Dollars (\$30,000.00) plus accrued interest to date of delivery.

This bond is issued for the purpose of providing funds for part of the cost of the installation of additional water mains and hydrants with all necessary appurtenances thereto as an extension, addition and improvement to the waterworks plant and system of said Village, which is a plant and equipment constituting a public utility pursuant to Chapter 66 of the Wisconsin Statutes, and is payable from a pledge of a fixed proportion of the income and revenues to be derived from the operation of said waterworks plant and system of said Village, which has been set aside as a special fund for that purpose and identified as "Waterworks Bond and Interest Special Redemption Fund" created by an ordinance adopted at a meeting of the Village Board of said Village held on August 20, 1948, entitled "AN ORDINANCE providing for the issuance of \$35,000.00 Waterworks Mortgage Bonds of the Village of Barneveld, Iowa County, Wisconsin, and providing for the payment of said Bonds and other details in respect thereto", and does not constitute an indebtedness of said Village within the meaning of any constitutional or statutory limitation or provision. The pledge for the bond of this issue is created in the ordinance entitled "AN ORDINANCE PROVIDING FOR THE ISSUANCE OF A TWENTY-FIVE THOUSAND DOLLAR (\$25,000.00) WATERWORKS EXTENSION MORTGAGE REVENUE BOND OF THE VILLAGE OF BARNEVELD, IOWA COUNTY, WISCONSIN, AND PROVIDING FOR THE

Said statutory mortgage lien is subject to two prior statutory mortgage liens; one securing Thirty-five Thousand Dollar (\$35,000.00) Three Per Cent (3%) Waterworks Mortgage Bonds dated August 1, 1948, and a prior statutory mortgage lien securing Thirty Thousand Dollar (\$30,000.00) Five Per Cent (5%) Waterworks Mortgage Bonds dated August 1, 1966, as aforesaid.

This bond is registered in the name of the holder on the books of said Village and such registration is to be noted on this bond by the Village Clerk, after which no transfer shall be valid unless made on such books by the registered holder and similarly noted on this bond.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due time, form and manner as required by law, and that sufficient of the income and revenue to be received by said Village from the operation of said waterworks plant and system has been pledged to and will be set aside

IN WITNESS WHEREOF, the Village of Barneveld, Iowa County, Wisconsin, by its Village Board has caused this bond to be signed by its President and its corporate seal to be hereto affixed and attested by the Village Clerk on this 1st day of December, 1970.

and system herein agreed to be set aside for that purpose will at all times be sufficient to provide for the payment of the bond herein authorized to be issued and the interest thereon as the same becomes due and payable, as well at the principal payments on the August 1, 1948, and August 1, 1966, issue and the interests thereon as the same becomes due and payable.

All moneys received from losses under any such insurance policies, except public liability, shall be used in repairing the damage or in replacing the property destroyed, or in the event that the Village Board shall find it is inadvisable to repair said damage or replace such property and that the operation of said waterworks

plant and system has not been impaired thereby, such money may be deposited in the "Waterworks Bond and Interest Special Redemption Fund", but in that event, such payments shall not reduce the amounts otherwise required to be paid into such fund.

That said bond is to be prepared for delivery in typed form and this Board hereby authorizes the Village President and the Village Clerk to cause the same to be typed and to execute and deliver said bond to said bank on December 1, 1970, or as soon thereafter as is practicable at the price of par, being the sum of Twenty-Five Thousand Dollars (\$25,000.00) plus accrued interest to date of delivery.
