The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

New Elastomer. New Design.
SILASTIC[®] Finger Joint Implant H.P.
BRAND
(Swanson Design)

The H.P. is what's new.

It's Dow Corning's exclusive medical-grade High Performance silicone elastomer. It makes our finger joint implants far more durable to flexing, far more resistant to tearing even if nicked or cut.

Design includes an improved, flex

and load distributing hinge.

And we've added two new sizes, a smaller and a larger one for a total of 11, all sterile packaged.

Ask your Dow Corning representative for information about SILASTIC[®] Finger Joint Implants H.P. and for the names of

distributors serving your area. Or write Medical Products Business, Dow Corning Corporation, Midland, MI 48640.
