SLOSSON GIVES CHEMISTRY TALK HERE ON JAN. 8

Noted Chemist and Author
Will Speak Under Auspices
of Union Board

Dr. Edwin E. Slosson, chemist, author, educator, and editor, will be in Madison on Thursday, Jan. 8, immediately after Christmas vacation, and will deliver a lecture in Lathrop hall gymnasium that evening on the subject of "Creative Chemistry," under the auspices of Union board. This will be the first all-university lecture sponsored by Union board in two years.

Dr. Slosson's fame as a lecturer has followed closely upon his achievements in the field of chemistry and his many popular books on scientific subjects.

The most widely known book which Dr. Slosson has written is "Creative Chemistry," in which he relates with complete absence of technical terms and bewildering formulas the story of how chemists have gradually been overcoming man's dependence on nature by duplicating many of nature's products by synthetic methods. He also tells how the scientist can even go much farther than nature and produce many substances which are unknown in the natural state.

"That is the best news I have heard for a long while. Dr. Slosson is a great chemist; he presents his subject in a popular way and has an excellent sense of humor," Prof. J. H. Matthews, director of the chemistry department, said when he learned that Union board had arranged to bring the famous scientist to the university.

Dr. Slosson is a graduate of Kansas State university and the University of Chicago. He has taught chemistry and journalism in several universities, and was for 18 years literary editor of The Independent.

GOODNIGHT SPEAKS TO SOPH CLUB TOMORROW

"Sophomore men will be taking advantage of an opportunity by coming to the Sophomore Lunch club at the Y. M. C. A. tomorrow noon and listening to Dean S. H. Goodnight" said Orville Schwoerke '27, in discussing tomorrow's noon luncheon of the club. Dean Goodnight will discuss sophomore traditions and will explain the status of the sophomore in university life. The luncheon cost is 35 cents.

CHRIST PRESBYTERIAN TO HEAR MACARTNEY

Dr. Clarence Edward Macartney of Philadelphia, moderator of the Presbyterian general assembly, and leader of the conservative forces in that denomination, will preach in Christ Presbyterian church this morning.

COPPER FOUND IN SOUTH WISCONSIN

Department of Metallurgy
Tests Show Ore Near Gratiot
to Be High Value

Valuable copper deposits have been discovered near Gratiot and Darlington in southwestern Wisconsin. An assay of the ore made by the department of metallurgy, showed the presence of 24 per cent copper. The discovery was reported by E. T. McNett, Cuba City. A shipment of the ore was sent to the university this week for a more complete test. The ore will be assayed, a smelting charge will be calculated, and the ore will be smelted in a blast furnace to separate the copper under the same conditions employed at a large smelter.

"This test will prove whether the ore from Gratiot has a commercial value," said Prof. F. J. Barker, who has had wide experience in western copper smelters. "Although we have known for several years that deposits of copper occur in this vicinity, their value has never been determined."

"Vi," all in, Hides From Campus Din Behind Zoo Bars

Relegated to a cell, doomed to vegetate and grow old behind bars for the rest of her natural life—that is the fate of Violet, the Phi Kap bear. During the football season, "Vi" was a familiar figure at every game and her popularity grew as she was frequently seen taking her daily stroll on Langdon.

But the strain of college life proved too much for Vi's frail mental apparatus, and it has been found necessary to move her out to the zoo in Wingra park. Of a naturally delicate nature, "Vi" will no doubt have difficulty in adapting herself to her new surroundings, so all who call at the zoo are asked to take her a juicy apple core or some such slight remembrance.

PICK COMMITTEES FOR HORSE SHOW

Eleven Groups Will Direct
Work For Spring
Exhibition

Eleven committee chairmen who will develop the University Horse show, which will be held early in May, were announced last night by George A. Tyler '26, general chairman. Each of these chairmen will choose his committee and work will start immediately after the Christmas recess.

"In addition to the usual afternoon show on the lower campus, we are planning an evening show which it is hoped will attract entries of thoroughbred horses from several middle western states," Tyler said. The committee chairmen are:

George A. Tyler '26, general chairman; Chester Gross '26, assistant general chairman; George Schlotthauer, advisory chairman; Vernon Carrier '27, publicity; Horace Fries '25, awards; Floyd McGregor '27, programs; Robert Florsheim '26, events and course; Alyce Bonniwell '27, women's arrangements; James Van Wagenen '26, men's arrangements; Harry Wood '25, property manager; George Dawson '25, tickets; Edson Jones '25, music and decorations.

The first meeting will be held at 7:30 o'clock Tuesday night at the Delta Chi house, 150 Landon street.

CHOIR OF 75 VOICES SINGS MESSIAH TODAY

The First Congregational church will give a Christmas program today for all Congregational students and their friends at the church. At 4 o'clock, a 75-voice student choir will sing Handel's "Messiah." At 5:30 o'clock refreshments will be served. Prof. E. B. Gordon of the University extension will lead the singing of Christmas songs at 6:30 o'clock.

Santa Has Clerical Troubles; Smiths and Jones Too Numerous

When Old Santa takes the university student directory in hand to make out his delivery route for Christmas eve, the old gentleman will do well to get a rubber stamp made with which to mark all the bundles that are to go to the Smiths, for there are 70 Smiths on the university roll.

He might try the same device with the 57 Johnsons and the 45 Andersons, who will hang up multicolored, collegiate hose on the mantels. His favorite children, the Jones, number only 26 this year, the same as the Hansens, while the Millers and Muellers will monopolize a goodly share of the holiday gifts with their combined 55 members.

His list of those who think it better to receive than to give will include 36 Nelsons, 25 Thompsons, 22 Clarks, 21 Petersons, and 27 Williams.

The "color brigade" seems to be particularly shy of recruits this year. The Brown battalion has an

Y.M.C.A. Plays Santa to South Side Kiddies at Party Tonight

One hundred children from the south side of Madison will be entertained by the Y. M. C. A. at its annual Christmas party from 7 to 9 o'clock tonight in the association building.

The names of those children, who otherwise would not be remembered by Santa Claus this year, were obtained from the director of the Neighborhood house in South Madison.

Special Christmas decorations will be placed in the parlors of the association building. A Christmas tree will be decorated with ornaments. A member of the junior council will act as Santa Claus and distribute the gifts to the children. Each child is to receive a bag of candy, an ice cream cone and a pop corn ball in addition to his gift.

Costs of the affair will be defrayed by men in the university signing up to be host to the children. For each child that he brings, he is to contribute 35 cents. The children will be brought up to the association building, where they will meet their hosts.

Robert H. Snyder '26, chairman of the social service committee, and Orville L. Schwoerke '27, president of the sophomore group, are directing the preparations for the party.

Organize For Art Work on "Ivan Ho!" Men Meet Tuesday

Art work for "Ivan Ho!" the 1925 production of the Haresfoot club, will begin this week. Kenneth C. Kehl '26, director of the art staff, has called a meeting of all men who have done art work for Haresfoot in the past and all new men who are going to try out at 4:30 o'clock Tuesday afternoon in the Union building.

The needs of the club for art work in posters, covers, layouts, lobby racks, and designs will be outlined and the artists given instructions to begin at once. The character of next year's production will require a different kind of art and advertising posters from the musical comedy type used in the past.

Prize posters for local window displays will be used for "Ivan Ho!" This type of advertising has been used by various organizations in the past but has not been practiced by Haresfoot. Lyric and music writers are working on musical numbers this week after hearing a reading of the book.

RABBI LEVI SPEAKS AT HILLEL FORUM TONIGHT

Dr. Gerson B. Levi, rabbi of the Temple in Chicago, will speak on "The Student Part in the Problem of the New Jewish Community" at the open forum of Hillel foundation following the regular religious service this evening.

Large Staff of Workers Needed For Exposition

Workers of many kinds are needed for the University exposition to be held following the spring recess, and applications will be received at the exposition office, in the old clinic building, from Monday to Thursday afternoons, inclusive, this week, between the hours of 1:30 to 5:30 o'clock.

This work not only offers a variety of experience to the successful applicant, but ranks as probably the largest and most important activity that any undergraduate has an opportunity to participate in, being presented every four years and drawing guests from all sections of the country, Eugene Tuhtar '25 said last night.

Many different kinds of positions remain to be filled, but there is special need for secretaries, stenographers, typists and filing and general office workers. Construction operations will also require the services of many men; and chairmanships of many special exhibit departments are open.

DINE FRESHMAN WOMEN TUESDAY

Christmas Banquet at Wesley
Foundation to Bring Out
Many First Year Co-eds

All freshmen women are invited to the Christmas banquet which will be held Tuesday night at the Wesley Foundation, according to Claudia Brewer '28, general chairman. Assisting her are Alice Winston '27, program; Nellie Bilstad '27, tickets; Jimmie Hughes '27, publicity, and Louise Zimmerman '27, decorations. "Every freshman is invited to this dinner which is sponsored by the sophomore commission and the ten freshman groups," said Miss Brewer. "We are planning special stunts and speeches for this annual banquet of the Y. W. C. A."

Miss Frances Williams, national secretary of the negro Y. W. C. A., will sing negro spirituals and will give a short talk on her phase of Y. W. C. A. activity.

On the committee assisting Miss Zimmerman are Helen Elizabeth Patterson '28, Elizabeth Seamon '28 and Dorothy March '27.

Miss Bilstad's committee includes Martha Trulson '28, Margaret Connell '28 and Edith Mae Holt '28.

On the program committee with Miss Winston are representatives from each freshman group, only six of which have been chosen so far. These are Elsie Flack '28, Katherine Kuehne '28, Ruth King '28, Jane Farwell '28, Elsa Brown '28 and Rhoda Luby '28.

PRESS CLUB DEADLINE IS SET FOR TUESDAY

The deadline for application to the Press club has been set for 5 o'clock Tuesday, according to Irene Norman, secretary of the club. Already more than 25 have applied for membership. The membership is limited to 50.

Applications can be left at the Cardinal office, or mailed to Miss Norman, 15 East Gilman street.

A new president will be elected and plans for the coming semester will be discussed at a meeting to be held in the Union building, at 7:30 o'clock Tuesday night.

POST-PROM DANCE WILL BE PLANNED TUESDAY

Individuals and groups wishing to attend the post-prom dance, which will probably be held in the Loraine hotel, will meet at 7 o'clock Tuesday night, in the Union building, according to Rice W. Miller '26, chairman of the men's arrangements committee. The costs will be about \$7. Because the orchestra has to be hired before the Christmas recess, arrangements must be made now, he said.

MILITARY STAFF ADVANCE MADE, FULTON COLONEL

Reorganization of Personnel
Needed to Meet Increased
Size of Cadet Corps

Effective at once, promotions in the cadet corps were announced yesterday by Major O. L. Brunzell, commandant.

To be cadet colonel, first brigade, Elis G. Fulton '25; to be cadet lieutenant colonels, first brigade, Clifford C. Franseen '25 and George W. Dawson '25; to be cadet majors, infantry, Robert C. Salsbury '25; field artillery, Horace S. Fries '25; to be cadet captain and adjutant, first brigade, Walter C. Buethe '25.

In addition to these officers promoted, the field staff of the brigade includes cadet majors, infantry, George F. Walstead '25, and Clarence J. Stephenson '25; signal corps, Murray G. Crosby '25.

These promotions are made necessary by the change to the brigade form of organization necessitated by the increased size of the corps, by the withdrawal from the university of Cadet Colonel Henry W. Klos, and by the death of Cadet Major Herbert Opitz.

Further promotions to the brigade staff will be made immediately after the beginning of the second semester, and the officers showing the best all-around efficiency in their respective branches of the service will be selected to fill the vacancies which will occur at that time.

"Efficient work with the companies will also be recognized in the appointments as company and battery commanders which will be made at the same time," Major Brunzell said.

Members of the new brigade staff are meeting with Major Brunzell on Monday noon to perfect plans to insure the regaining of the distinguished college rating at the annual inspection to be held in May, and also to plan for several formal and informal social affairs and the Military ball.

CHORAL UNION WILL BROADCAST TOMORROW

Choral Union will broadcast for the School of Music's radio concert from WHA, at 7:45 o'clock tomorrow evening. Special musical numbers, selected from the program of last Thursday afternoon's concert are to be given, and selections from William Lester's "Christmas Rose" probably will also be sung. On Wednesday evening at 7:45 o'clock, special Christmas music will be broadcast.

MANY COMPETE IN SLOGAN CONTEST

from Titles. With Universal
Keynote Received; Dead-
line Wednesday

Every day, suggestions for the 1926 Prom slogan come in to slogan committees. So far many good ones have been received, but every student in school is asked to compete for the \$10 prize that is being offered by the Co-op and the Chocolate shop.

The rules for the slogan are only that it shall be less than ten words and shall contain something of the universal spirit of prom. A contestant may submit as many slogans as he wishes. All suggestions should be sent to Louise Mautz '26, chairman of the committee, before 6 o'clock Wednesday afternoon.

Some of the slogans submitted to the committee are "The Prom Predominant," "The Prom of All Ages," "The Prom of All Time," "The Prom of Wisconsin's Spirit," "1926 Prom—For One and All," "The Prom With the Varsity Spirit," "1926 Prom for All," "Wisconsin's Prom of All Time," "1926 Prom—See All, Enjoy All," "1926 Prom—the Goodest Ever," "The Prom of Prominence," and "The Prom for You."

ATHLETICS IN THE
COLLEGIATE WORLDCROSS COUNTRY
TEAM DEVELOPED
BY NEW METHODMead Burke Changes Custom-
ary Procedure; Practice
Day Before Race

The University of Wisconsin cross country team which went through the season just past without a defeat and finally topped off its successes with a win over 14 other teams in the annual Big Ten conference race at Ann Arbor, is a product of some new coaching theories on the part of its tutor, Mead Burke.

Last summer Burke was a scientific observer at the Olympic games in Colombes stadium outside Paris. With plenty of time to reflect on the games during the return voyage, his new idea developed, and from them developed Wisconsin's first championship harrier squad since 1915.

Workout Before Race

The men were kept at a steady workout throughout the season. They worked out on Friday afternoon before a race easily, but worked out none the less. Finally Burke took his chosen combination, Captain George Piper, John Bergstresser, Walter Link, John Petaja, Ray Kubly, and Russell Perry to Ann Arbor for the conference race.

A number of other coaches noted Burke's men out in uniform taking a light workout the day before the race. They laughed. Burke had nothing to say, he kept his theory to himself; the less runners are deviated from their customary program before a race, the better performance they will put up, was his idea.

Though he loses Captain Piper, Perry, Bergstresser and Link this year, Burke can do the smiling now, for he has Kubly and Petaja back for two years and a squad of freshmen who promise to maintain the record set by the varsity of this year.

"Maybe they'll all work out on Friday next year," declare the Badgers in hanging up their spikes until next fall.

MINNEAPOLIS, Minn. — Notre Dame and Minnesota, have signed a three year contract to meet on the gridiron, it was announced by Fred Luehring, athletic director at the University of Minnesota, today. Notre Dame will play at Minneapolis in 1925 and 1926, with the 1927 game at South Bend, Ind.

MORE BASKETBALL
DUCATS WILL SELL
THURSDAY MORNING

Tickets for the Butler basketball game on December 19 will go on sale at 8 o'clock Thursday morning, according to Paul Hunter, director of ticket sales.

About 200 tickets for series A basket tickets and 17 tickets in series B will be placed on sale at the same time, Mr. Hunter said. In series A, tickets will sell for \$1 and \$2. In series B, only \$3 tickets are available. No tickets for series C are left.

Two tickets will be sold to each applicant, student or general public. Fee cards are not required for student sales.

"We are giving students this additional opportunity to buy basketball tickets. They should apply early Thursday as the tickets will probably be sold out in a short time. We feel that the three days exclusive sale to students and the one day open sale with this additional day will give students plenty of chances to purchase tickets," said Mr. Hunter.

First Plans Laid
For Annual Relay
Carnival in May

The first steps have been taken in regard to the second annual mid-west relay carnival to be held here the first part of next May.

Coach Jones has sent 2,000 announcements to Wisconsin high schools and to high schools of the mid-western states. He expects the entry list to be larger this year and every effort is being made to get some of the fastest high school relay teams in this section of the country to come to the carnival.

Last year, the first that an event has ever been put on at the university, was a trial year and it proved to be so successful that the athletic department decided to make it an annual affair. Cedar Rapids high school, winner of five of the six relays last year, will again send a strong team, as will Oak Park high of Chicago and the Milwaukee prep schools.

ATHLETICS IN THE
COLLEGIATE WORLDTHETA XI TRACKSTERS
WIN INTERFRATERNITY
MEET, BETAS SECONDMcGinnis Takes 24 Points;
Football Men Compete
in Shot Put

By GEORGE DENNIS

Theta Xi repeated its performance of last year by running away from the rest of the field in the annual interfraternity track scramble yesterday afternoon in the annex, although Beta and Alpha Gamma Rho gave the Theta Xi tracksters a close run all the way.

Although big Schwarze won the shot put, hands down, there was a great deal of interest taken in this event on account of the friendly rivalry among the men from the football squad who took part. At first glance it seemed as if the gridiron men had been called together for a meeting—Bieberstein, the star guard; Solbraa, Larson, Slaughter, Stipek, Schwarze, Burrus and Cassidy. All of the huskies tossed the iron ball well down the line but Schwarze had the advantage of years of previous training.

McGinnis Stars

If it had not been for "Chuck" McGinnis the Betas would have made a miserable showing. The sophomore star was responsible for 24 of the 34 points gathered in by the Beta clan. He took a first in his four favorite events, the high and low hurdles, the high jump and the pole vault and then rated a second place on his one jump in the broad jump. In addition to this he was lead off man on the Beta relay team that won their heat.

The Betas took five first places while the Theta Xi's only won two events, but the latter placed enough men in the remaining places to win the meet, while Beta failed to have anyone to back up the firsts garnered in by McGinnis and Sappefield. It was a case of two stars trying to beat a well-balanced team.

Hill Wins Dash

Harry Hill, midget Alpha Gamma Rho speed demon, looked good in the dash and quarter mile. He won the dash by a pretty leap at the tape in true Charlie Paddock style, while in the quarter he stepped away from the field in the fast time of 54.4.

Russ Perry, cross country star, failed to live up to his reputation in the mile getting only a fourth place but a short time later he came back and won the two mile easily. Ellison, Theta Xi star, showed up well in the distance runs by copping a second in both the mile and two mile and running a fast lap on the Theta Xi relay team.

Relay is Exciting

As is usually the case, the relay was one of the most exciting events on the program. In the first heat the Delta U, Phi Psi and Theta Xi runners faced the starter. Theta Xi took the lead the first lap but the second man for D. U., Paul O'Neill, in a desperate sprint passed his opponent and from then on the Delta U team held the lead by a scant yard or so. The next heat was a dual between Beta and Sigma Chi with the Betas having a decided edge in the argument. However, when the time of the two heats was compared it was found that the time of the D. U. was the best. The members of the D. U. team are N. V. Smith, O'Neill, Munkwitz, Emmert, Stowe and Dougan.

A summary of the events:

40-yard dash—Hill (Alpha Gamma Rho), Holmes (Alpha Gamma Rho), Burdick (Theta Xi). Time, 4:4-5.

40-yard high hurdles—McGinnis (Beta), Holmes (Alpha Gamma Rho), Koehler (Chi Psi). Time, 5:4-5.

45-yard low hurdles—McGinnis (Beta), Stehr (Kappa Sig), Burdick (Theta Xi). Time, 5:3-5.

440 dash—Hill (Alpha Gamma Rho), Carruthers (Kappa Sig), Kanalz (Theta Xi). Time, 54:4-5.

Half-mile—McKee (Phi Psi), Clasman (Theta Xi), Schutt (Theta Xi). Time 2:12.

Mile run—Schutt (Theta Xi), Ellison (Theta Xi), McKee (Phi Psi). Time 4:47.

Two mile—Perry (Alpha Gamma Rho), Ellison (Theta Xi), Soultin (Triangle). Time, 10:17.

High jump—McGinnis (Beta),

Cage Jottings

The win over Wabash last night brings Wisconsin's cage hopes up. Our "fifth place" team showed flashes of the famous Meanwell basketball. No doubt much improvement will be shown in the Butler game December 19, there is still room for it.

Iowa plays Wabash in basketball in a couple of weeks, and now with the Little Giant game past up here, we will be able to compare our strength with Iowa's.

Reports from Bloomington say Indiana will be represented by a strong team with Captain Parker, center; Logan and Krueger, forwards; and Sponsler and Lorber, guards.

With Alyea ineligible, Coach Norgren faces a man's task to develop a new center before the opening game with the Navy.

Navy, who meets Chicago in a cage game, opened its season with a 23 to 16 win over the fast University of Maryland quintet Wednesday night.

O'Neill (D. U.), Gibson (Theta Delta Chi) Height, 5 feet, 8 inches.

Broad jump—Sappefield (Beta), McGinnis (Beta), Hill (Alpha Gamma Rho). Distance, 20 feet, 6 inches.

Shot put—Schwarze (Theta Xi), Gilbreath (Sigma Chi), Solbraa (Kappa Sig). Distance, 42 feet 5 inches.

Pole vault—McGinnis (Beta), Fox (Chi Psi), Muller (Chi Psi). Height, 10 feet, 9 inches.

Relay—Won by Delta Upsilon; special cup awarded.

TENTATIVE PLANS
MADE FOR FIELD
HOUSE OF FUTUREWill Cost \$300,000, Seating
16,000 Spectators; Michi-
gan Has Similar One

One of the biggest additions to Wisconsin's athletic facilities in the near future will be a new field house for all indoor intercollegiate athletic contests, which is to be built at Camp Randall, to seat 16,000, and to cost approximately \$300,000, provided a manner is found to finance the project.

The building will take the form of a large well lighted hall with two balconies overlooking the ample floor space on which will be laid out basketball courts, a baseball diamond, and a 220-yard track with space marked off for the dashes and other events of indoor meets. Locker rooms, showers, trophy rooms, and offices will extend across the front of the structure. The dimensions will be about 400 feet in width by 200 in length.

The athletic council and Thomas E. Jones, chairman of the physical education department, have developed tentative plans of a preliminary nature for the building, and in short, have carried the matter as far as they are able. Chairman Jones had sketches drawn and looked into the subject carefully before presenting the facts to the board of regents.

The regents have discussed the problem and realize that it is one of the things which should come to the university in the near future. As yet however no definite progress has been announced although it is probable that certain preliminary steps have already been made. Naturally the primary point to come up will be the source of the funds to be used, and as this is yet to be settled little can be done.

Michigan university boasts a recently completed field house similar to the one planned by the athletic council. The inside of this building is of such size that it seems rather to have been built to house a giant dirigible than to cover athletic contests and their spectators.

"If we are going to keep pace with other institutions, this athletic hall is an imperative need," observes T. E. Jones. "The present gymnasium was built 31 years ago when only 1,000 men were in the university. New equipment is much needed. A field house like this will both strengthen our teams and improve our athletic standing."

Jack Wilce

Football, Basketball, and
Crew Man is Present Ohio
Coach

The years 1906 to 1919 do not stand out as exceptionally brilliant in the athletic history of the university, but several of the athletes of that period rank among the best that Wisconsin has produced.

Among those is Jack Wilce, one of the best all-around Badgers ever to receive a sheepskin from the university. He did not wait until his years as an upperclassman to start his work for Wisconsin, but achieved a great reputation as a freshman. In the way of frosh athletics, Wilce played tackle on the frosh grid team, captained the yearling basketball quintet, and pulled an oar in the first year shell.

The next two years were just as successful. He played high class football on Badger elevens at tackle and fullback, and was an important cog in the cage machine.

As a senior Wilce did as much as any one man has ever gone for Wisconsin. He started the year as captain of what looked like a grid championship team but it turned out to be the prize hard luck team in Wisconsin's career. First, Coach Barry broke his shoulder demonstrating tackles, next such stars as Ostoff, Stehm and Richards were put out of important games with injuries, and Wisconsin was forced to give way to the strong Gopher eleven.

After the football season Wilce did his share on the basketball squad, and then pulled a number six oar on the crew that placed fourth in the Hudson regatta.

Wilce is now coaching football at Ohio State where he has been making good for seven years. He has developed such stars as "Chick" Harley and Hoge Workman.

ROCKNE SELECTS
HONORARY TEAM
MINUS OWN MENBelieves That His Players
Should Be Considered as
Whole Team

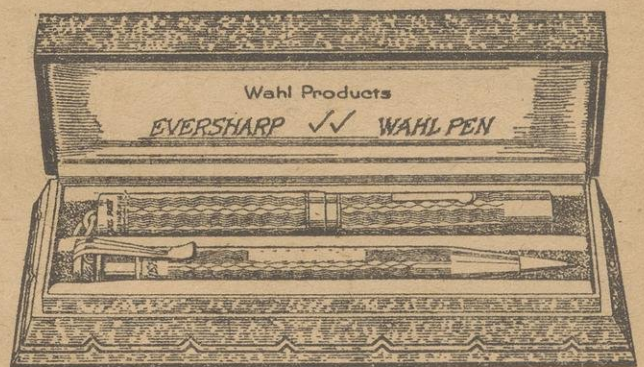

Coach Knute Rockne, famous Notre Dame strategist, has picked his all-Western team and the most outstanding thing about it is that there is not an Irish gragger on the first or second team or in the honorable mention list.

The reason for this, according to Coach Rockne, is that he would be criticised for favoritism should he select any of his own men. Furthermore, he states that he does not consider the Notre Dame eleven as individuals but as a team, and, of course, it would be impossible for him to choose all of the Irish as an all-Western team. He is leaving it up to other sport writers to say whether any of the famous Notre Dame team rate an all-Western combination.

Iowa and Michigan rate the highest with three men on each of the first two teams. The other positions are fairly well divided between Big Ten and non-conference teams. The Missouri vally teams have the next largest representation after the Big Ten, with the Haskell Indians the only team outside of these two big middle-west conferences.

Polaski, captain elect of next fall's grid team, was given a berth at end on the second team, while Nelson, Bieberstein, Teckmeyer and Captain Harris were the Badgers to receive honorable mention.

Election of a treasurer and sergeant-at-arms, and appointment of committees on finance and publicity. All men enrolling at this meeting will be listed as charter members, but those wishing to join afterwards must make application to James Stowers, secretary, or to Sergeant Thomas, executive officer, and coach. Eligibility includes all students in good standing, whether they are taking R. O. T. C. work or not.

THE TAXI CAB MENACE

Of course, there was an unusually large number of dances Friday night and the taxi cabs had to do an unusually large amount of work, making almost as many calls as they do on the night of Prom. The Latin quarter, in fact, resembled a night on the week-end of Prom Friday.

Nevertheless, the fact that there was so much business and that the drivers had to make as much time as possible in order to get to all of their calls does not excuse them from going at the rate of speed which characterized their driving Friday night. A stranger might have thought that many of the cab drivers had gone crazy and were trying to see how fast they could go and how narrowly they could miss cars and telephone poles. A Chicagoan went so far as to say that cab drivers in the Windy City are snails as compared to drivers in Madison.

On the corner of Langdon and Lake there happened one incident which only the blessing of fate prevented from becoming a serious catastrophe. As it was no one suffered any injuries except those which always attend a narrow escape, and the only results of the incident were found in a broken wind shield and flat tire on the cab. But there is no telling how many other such narrow escapes there were Friday night as a result of reckless driving on the part of cabmen and there is also no telling why it was that there were not some fatal accidents.

Now that winter is coming on roads are being glazed over so that they are rendered exceedingly treacherous, and even chains do little good. It must be admitted that the work of some cab drivers is almost admirable, but it must also be admitted that most of them are over confident. And over-confidence is apt to be fatal.

If the local police wants to launch a traffic law enforcement drive, it might be a good idea if they would start right in with the taxi cabs.

FOLLOWING THE GOPHERS

Last year at the University of Minnesota a number of students found it necessary to form a group whose purpose was to try to keep students from walking all over the turf of their campus. The success of their efforts is not known but it at least served to bring attention to the thoughtlessness of the average student.

It might be well if such an organization were to find a place on this campus. At least it appears that it will be a necessity in the near future. At this time of the year when there is little covering on the ground careless students can do the most damage to Wisconsin's campus. By walking in places where they are not supposed to walk by cutting short corners they are doing much to spoil the campus for next spring. Take but a glance at the path that has been beaten back of the law building by a few people who are more interested in saving a dozen or so steps than the beauty of the campus. Surely that is at least one small way of showing Wisconsin spirit.

Perhaps they never think of that when they take the short cut to class. But if they have not done so before, let it be hoped that they see this little notice. Surely no one wants our campus surrounded by high fences or by keep off signs, backed up by special policemen. And surely the spirit of Wisconsin students should be strong enough that they should not need any organization such as was formed at Minnesota last year. At least we hope so.

There are only five more shopping days before December 19.

Notes From a Dean's Clinic

By G. C. SELLERY

ON GOING HOME FOR CHRISTMAS

There is no other happiness known to college students quite comparable with going home for Christmas. It is, of course, an unforgettable experience to go away to college, to leave the home town with its settled and too familiar habits, its intimate acquaintances who incline to look upon you as the child you once were, its maternal and paternal solitudes. And what joy to be in college, with the long-meditated opportunity to get an education in your grasp, to look after your own affairs, and to swim with the flowing tide of cosmopolitan young folk, with all its optimism, novel contacts, sports, excitements, badges, rituals, argot, and meetings, its carefree independence and jollity. But as Christmas approaches, and the house or restaurant fare grows familiar and flat, and the novelty of college courses and diversions wears thin, then the heart begins to warm with thoughts of fireside plenty and cheer, and of the companionable town of your youth, where you know everybody and everywhere. Well may you rejoice, you who are going home for the Christmas holidays, who are about to return for a few days to the best friends you'll ever know. You're going home for Christmas!

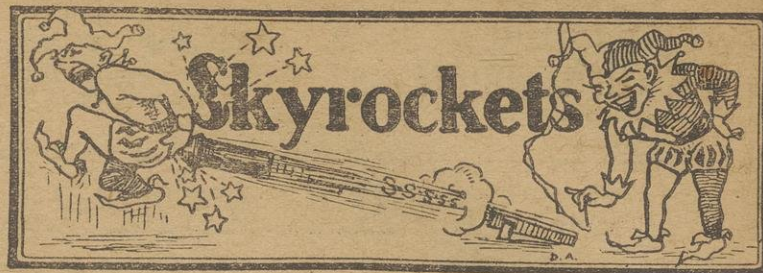

Surely no one but a dean would intrude upon your sense of adequacy for such an occasion, and offer unsought advice upon a matter which is properly ruled by the affections. I agree; and you can quit reading at this point if you want to, and no harm done.

It is well to postpone beginning your vacation until it is scheduled to start. You will have two-thirds of a week to put into study after these words meet your eye. Make the time count. Your vacation will be all the merrier if you do. Dispense with most of the parties which entice during this short work period, for they will take the edge off your holiday.

You are going home to be refreshed, to get a change. See that you get it. Have you studied faithfully so far, done your academic duty, justified the love lavished on you and the money spent on you, often at the cost of privations, by your parents? Then don't so much as glance at a "school book" after you get home. Loaf, skate, drive, dance, play, sing, sleep, and read for pure pleasure. Do, but don't overdo. Come back to Madison refreshed, not tired or worn out. Have you largely wasted your time, hitherto, so that the three weeks after the holidays, before examinations, seem terrifyingly short? Then give up at least the first half of each day to solid work, and play the remainder of the day. Don't overdo. Come back refreshed, encouraged, resolute.

And in either case see to it that you have a talk with yourself in the peace and sincerity of your old home. Discover again the best and noblest aims of your real self, and calculate how, when you get back to Madison, you will pursue them more faithfully, more loyally, as befits a good man or a good woman.

You are going home for Christmas. Sound the loud timbrel! Do I hear some one say, "But I can't get home this time"? Well, courage, my friend. There are quite a few of us, who live in Madison, that will have to stay here too, never again to climb aboard the special and go home from college for Christmas.

Foster to Speak on Home Missions This Afternoon

An open meeting for students of all denominations who are interested in Christian life service will be held at 3 o'clock this afternoon at Wesley Foundation. This is the last of a series of meetings held this week-end for the purpose of getting in touch with students who

WHAT, OH WHAT?

"Don't cry little girl. What's the matter?"
"Christmas isn't going to be like it was before."

"Why do you say that?"
"Boo hoo! You should have seen what happened to Santy Claus at the Beta house Friday night."

We went down to Lawrence's the other night and tried to get some service. Ordered a cold ham sandwich, and it failed to appear for fifteen minutes.

Finally, we called the waiter over and asked him if he'd ever been out to the zoo.

"No, sir," sez ee, "Why do you ask?"

"We just thought that you'd have a lot of fun out there watching the turtles whiz around."

She: "When someone kisses me, I feel as though I had been struck a blow."

He: "So you turn the other cheek?"

She: "No, I return blow for blow."

He: "LET'S FIGHT!"

A true-to-life sign for Hook's music store window would be: "Kiss the Girl You Love" and several others.

SO HE DID.

We had to go down and eat in the kitchen last night—started talking to the cook, and she confided in us that she would never love another ice-man.

"What seems to be the main difficulty?" we asked.
"The last one left me cold."

Said the miner to the geologist: "Yes, we have no Bananza."

GOOD NIGHT, WE HOPE NOT.

"Now, you mustn't, didn't you see where the deans have decided to stop necking?"

"Aw, Hell, pretty soon they'll be expecting us students to stop too."

"Mommy, Santa Claus really uses reindeers doesn't he?"

"Yes, Mary why do you interrogate?"

"Because I heard the cook say last night, 'Stop, you old dear!'"

Dr. Braden has spent several years in South America as a missionary.

Archie Henry, president of Bashford club, a group of young men and women who expect to devote their lives to Christian service, has arranged the meeting.

HIBBARD WILL HOLD "Y" BIBLE CLASS TODAY

"The Teachings of Jesus and the Apostles," will be studied by the Men's Bible class meeting at the Y. M. C. A. at 9 o'clock this morning under the supervision of C. V. Hibbard. The discussion being non-denominational, anyone is free to express his views on religion and all are welcome.

STRIVE TO BRING ALUMNI TO PROM

Magazine Will Present Tentative Prom Plans; Fraternities Asked to Aid

"It is my aim to urge all alumni to come back for prom," said Winifred Roby '26, chairman of the alumni, yesterday. "I am trying to get in touch with every alumnus through the medium of the Alumni magazine, fraternities, and personal letters."

An article, giving the tentative plans for prom will appear in the January issue of the Alumni magazine, and will be followed by a detailed article in the February issue.

Each fraternity will receive a letter from the alumni committee asking the members to get in personal contact with its alumni during the holidays, and if possible to appoint a committee in the chapter to take charge. This letter will be supplemented by a letter in January reminding the fraternities to tell their alumni of the definite plans for prom, the price of the prom ticket, and the main prom events.

Before the Christmas recess 50 letters will be sent to the biggest and nearest alumni associations, in which the date of prom will be announced, and the prom plans will be given.

Lowman to Speak to Short Course Y. M. C. A. Today

Guy S. Lowman, Wisconsin baseball coach, will speak at the weekly meeting of the Short Course Y. M. C. A. this morning at 9:15 o'clock, in Agricultural hall, on "Athletics and Training Values in Life."

The Short Course Y. M. C. A. at present numbers approximately 50 men who are taking the 15-weeks' course in the Agricultural college. The recently elected officers of the organization are David Holt, president; Louis Stokstad, secretary; Earl Calvert, publicity chairman; William Dalke, entertainment; Charles Vaughn, program chairman.

The activities of the group are just getting under way and include two weekly meetings, on Sunday at Agricultural hall, and Tuesday evening at the Y. M. C. A. At the Sunday morning meetings speakers from different fields are brought in and all students in the Short Course are invited.

WOMEN DEBATE, MARCH, ON OVERRULING COURT

The annual Pythia-Castalia debate will be held on March 6. The question will be "Resolved, that the constitution of the United States should be so amended that any law or portion of a law declared unconstitutional by the supreme court of the United States should be valid law if re-enacted by both houses of the next succeeding congress and either signed by the president or passed over his veto." This is the same question that is being debated by the university inter-collegiate team.

Christmas Parties Bring Few Guests For This Week End

Not much visiting is being done this week-end. Most students are feverishly writing up to the last minute on topics "due before vacation" and have neither time to go home nor to entertain guests. This is the last week in town, and no one feels that it is really worth while to go home when vacation is so near. Besides nearly every organization is giving a Christmas party and other Christmas functions and no one wants to miss what are undoubtedly some of the best parties of the year. There are, however, a few guests from out of town who have come to attend some of the functions.

Robert Crane from Chicago, is a guest at the Alpha Kappa Kappa house.

Justice and Mrs. Roseberry are being entertained at the Alpha Kappa Lambda house today.

George Schneider, from Milwaukee, is visiting at the Alpha Tau Omega house for a few days.

Barney Rossebo and Norman Hanks from the Beloit chapter, are visiting at the Beta house this week end. Cliff Nolte ex-'25 is also here from his home in Wauwatosa.

Harold Knowles of Chicago, and Herbert Roswell from Oshkosh are guests at the Delta Pi Epsilon house.

Nate Blinks '24 is here from Kalamazoo, are visiting at the Delta Tau Delta house.

Thomas Storer, of Manitowoc, is visiting his son at the Gamma Eta Gamma house.

Paul Sisbedick, of Milwaukee, and William Morrison, of Columbus, are spending a few days at the Kappa Sigma house.

Martin Blum, district attorney of Monroe county, and Julian Whaley, of New York, are guests at the Phi Alpha Delta house.

Fred Wied, of Peoria, and Judge P. G. Solomon, of Chicago, are visiting at the Phi Kappa house.

AMELIA BURWELL '22 TO LEAVE FOR CHINA

Amelia Burwell '22, daughter of Mr. and Mrs. Edward S. Burwell of this city, after a post graduate course at Columbia accepted a secretarial position with the China Medical Board of the Rockefeller Foundation at New York City. The Board has been influential in having a fellowship at Harvard Medical school granted Miss Burwell, who after six months special laboratory

Phy Eds to Frolic at Christmas Party on Tuesday Evening

A freshman Christmas frolic in the nature of a kid's party will be given by the Physical Education club at Lathrop hall, Tuesday evening at 7:15 o'clock. All physical education majors and minors are invited to attend.

"Everyone must be dressed as a kid, prepared to play kid's games, and to have a real kid's time," said Edith Boys '26, in charge of the entertainment. Class stunts, a faculty stunt, mixing games and social dancing will constitute the program. The music will be furnished by the Physical Education club orchestra.

A real Christmas tree with presents and decorations and an honest-to-goodness Santa Claus to distribute the gifts, will feature the frolic. The gifts will be collected and given to the Bradley Memorial children after the party, according to Ann Smith '25, who is supervising the Christmas tree.

"Refreshments, the customary child's party kind, with plenty of lolly pops and ice cream, will be served," assured Daisy Simpson '25.

Because of the presentation of the French club's plays in the Concert room on Tuesday evening the frolic will probably take place in the dancing room on the fifth floor.

Starting Today

A Whale of a Story!

Big, thundering in its dramatic intensity, vivid
with the strong colors that painted the canvas
of life of old 'Frisco's Barbary Coast and the
Gold Rush Days of the Yukon.

—and in it the Charlie Ray, whose homespun heroes
are loved by all, as the timid yet heroic youth, nick-
named in ridicule, "Dynamite," who fought the big
fight and faced the music like a man.

Thomas H. Ince
Charles Ray
in **"DYNAMITE SMITH"**
with Jacqueline Logan, Bessie Love, Wallace Beery

PRESENTS

What a moment! What a climax to a play that piles surprise upon surprise and stirs the
cauldron of great human emotions.
Vivid and colorful figures etched by master hands against a vast panorama of Life that surges
with tender loves and terrible hates. In it Charles Ray whose timid, whimsical, bashful youth
is beloved by all the world.
