

TARGET
This 40-cm target is a smaller version of the targets used for the National Archery in the Schools Program (NASP®). A standard target for the NASP program is 80 cm.

SCORING
For NASP scoring, archers shoot three sets (ends) of five arrows, at two distances — 10 meters and 15 meters. An arrow that is touching a line separating circles scores the higher value. The score of all 30 arrows is added together to come up with the archer's total. A perfect score is 300 points.

10 Meter Round											
End #1	0	1	2	3	4	5	6	7	8	9	10
