PREFACE.

AN accurate and carefully compiled Directory of a town or county is not only of great benefit to business men and the community generally, but it is a mark of enterprise and a standing advertisement of the region which it portrays. In these stirring and enterprising days a community not thus supplied is considered far behind the times. But to be useful the Directory must be accurate and complete. The ground must be gone carefully over by experienced men and the compilation made with the utmost care. In presenting this directory of Waukesha County to our patrons, we are satisfied that we have supplied the above conditions, and are content to rest upon the verdict of the community interested.

There will be found in this Directory an alphabetical list of all the inhabitants of Waukesha, Oconomowoc and other villages in Waukesha County. Following this is a classified list of all businesses and pursuits in the county; then an alphabetical list of all persons and land owners, giving the section and township they occupy, the number of acres they own, if any, and their postoffice address.

The population of Waukesha, according to our estimate, is 7,777, and Oconomowoc 2,698.

We acknowledge with thanks the courtesy we have met with, and the liberal patronage extended to our enterprise by public-spirited citizens. We also thank the press of the county for its friendly support and co-operation, especially the press of Waukesha.

Respectfully,

U. S. CENTRAL PUBLISHING CO.
