The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

BARGAINS IN WOOD TYPE.

We have on hand a quantity of wood type which has accumulated on our hands through various causes, which we will dispose of at the **NET BARGAIN PRICES** as given below. Wood type is made only on order, and our assortment of faces is so large and varied that we are forced to close out these fonts at these low prices. Each font must be taken complete as printed. In no case will a font be broken, and in no case will a font be increased in size except at regular price for the extra amount. All this type is first-class in every way, having never been inked, and it is cut on the best end-wood rock maple. In making selections, customers will please give a second choice in case the fonts they select are sold. Send in your orders early. These bargains will not last.
