REGULAR MEETING OF THE BOARD OF REGENTS

Read

Madison, Wisconsin

Wednesday, October 10, 1928, 10 A. M.

President Grady presiding

PRESENT: President Frank; Regents Bachman, Callahan, Cashman, Gale, Grady, Nelson, Olbrich, Richardson, Schmidtman, Waters.

ABSENT: Regents Berger, Faast, Gundersen, Mead, Runge.

A telegram was received from Regent Berger stating that she was absent on account of illness. A message was received from Regent Mead advising that he had been called to New York. Regent Runge has not yet returned from California, and a communication was received from Regent Faast advising that he could not be present at the meeting. Regent Gundersen was present at the committee meetings on Tuesday.

Regent Olbrich announced the death of Regent Wild.

Upon motion of Regent Olbrich, seconded by Regent Schmidtman, it was

VOTED, That the recommendations considered and approved by the committee on Tuesday be adopted; that the president appoint a committee to prepare a suitable resolution upon the death of Regent Wild, and that out of respect for his memory the meeting adjourn.

The president appointed as a committee to prepare the resolution Regents Olbrich, Gale and Schmidtman.

Upon motion of Regent Olbrich, seconded by Regent Schmidtman, it was unanimously

VOTED, That the following expression of sentiment be recorded in the minutes of the Board and a copy transmitted to the brother of Regent Wild: (Died Oct. 9, 1928)

Robert Wild --- gentleman, scholar and jurist --- is dead. Old fashioned words alone suffice to describe a genuineness that never smacked of over-facile urbanity, a scholarship that was profound in a day prone to rate self-advertising smatter above depth and solidity of learning, a devotion to the highest standards of an exacting profession rigidly maintained against the temptation to bend the procedure of justice to the technique of acquisition. No life could more richly justify itself

by devoted activity as public spirited citizen, member of the Board of Law Examiners, curator of the State Historical Society, and Regent of the University. To each activity he sought simply to contribute from the riches of the endowment of his mind and spirit, asking nothing in return except such solid satisfaction as came from the performance of duty, little appreciated and soon forgotten. In a time of sleek conformity to type his personality was rugged and unique. He gloried in the traditions and achievements of ancestry and race, but he was never a mere German-American. He was an American always eager and proud to share the glories and the joys that he found in the scholarship of the land of his ancestral origin. He was a son of whom the University was intensely proud. In his vigorous, vital person were revealed all of those qualities that justify the hopes of democratic education and constitute its most enduring reward.
