POSTPONED REGULAR MEETING OF THE BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN

Madison, Wisconsin

Held in the President's Office

Saturday, April 16, 1955, 10 A.M.

President Werner presiding

PRESENT: Regents Arveson, Gelatt, Jones, Laird, Renk, Rennebohm, Watson, Werner.

ABSENT: Regents Steiger, Wanvig.

Upon motion of Regent Gelatt, seconded by Regent Rennebohm, it was VOTED, That the minutes of the regular meeting of the Board held on March 12, 1955, be approved as sent out to the Regents.

RECOMMENDATIONS OF THE PRESIDENT

- Degrees -

1. That upon the certification of the Acting Registrar, the following degrees be granted and confirmed:

Candidates for degrees April 16, 1955

BACHELOR OF ARTS

William Kromrey Johnson

BACHELOR OF

Candidates for degrees April 16, 1955 (Cont.)

BACHELOR OF SCIENCE

Richard Wilson McHugh Bernard John Stumbras

BACHELOR OF PHILOSOPHY

James Carl Larson

Date of March 17, 1955

BACHELOR OF LAWS

Thomas G. A. Herz.

Upon motion of Regent Gelatt, seconded by Regent Laird, recommendation No. 1 listed under Degrees was adopted.

President Fred presented for consideration by the Regents the gifts and grants listed in EXHIBIT A. He called the attention of the Regents to a number of the gifts and grants items, particularly to the gift of \$250,000 from the Rockefeller Foundation for support of research in the utilization of solar energy, with particular reference to underdeveloped countries. He explained briefly several aspects of research in the utilization of solar energy, and pointed out that the research under this Rockefeller Foundation grant would be conducted in a number of departments of the University in addition to the Department of Chemistry. The attention of the Regents was also called to the fact that not to exceed 20% of this gift may be allotted by the donor to the principal investigator to cover travel and other project costs outside of Wisconsin.

Upon motion of Regent Gelatt, seconded by Regent Laird, it was VOTED, That the gifts and grants listed in EXHIBIT A, attached, be accepted; and that the Vice President of Business and Finance be authorized to sign the agreements.

Upon motion of Regent Renk, seconded by Regent Jones, it was VOTED, That the Actions by the President, since the March 12, 1955, meeting of the Board of Regents, covering resignations and terminations, appointments, changes in status or salary of personnel, and resignations to accept other U.W. appointments (EXHIBIT B attached) be approved, ratified and confirmed.

(Regent Watson entered the meeting at 10:15 A.M.)

Vice President Peterson presented the report of the Vice President of Business and Finance. Upon motion of Regent Gelatt, seconded by Regent Renk, it was

VOTED, That the Reports of Actions Taken numbered I, II and III, listed under the Report of the Vice President of Business and Finance (EXHIBIT D attached) be approved, ratified and confirmed.

The Vice President of Business and Finance presented the report of budget transfers for March, 1955, for the information of the Regents. (See Exhibit C appended to EXHIBIT D attached)

The Secretary presented a recommendation for the acceptance of the gift of a portion of the Estate of Henry H. Rust, Deceased, and requested the press to respect the wishes of the donor that no publicity be given to this gift. Upon motion of Regent Rennebohm, seconded by Regent Gelatt, it was

VOTED, That The Regents of The University of Wisconsin accept the gift of a portion of the Estate of Henry H. Rust, Deceased, for the establishment of the Henry H. Rust Memorial Fund, in accordance with the terms and conditions of the Assignment of Estate by Sole Heir, dated April 11, 1955, an executived copy of which is on file with the records of this meeting; that the Secretary be authorized to send a certified copy of this resolution, with a copy of said assignment, to the Court to indicate the acceptance by the Regents of the terms and conditions of said assignment; and that the Secretary be authorized to sign receipts and do all things necessary to effect the transfer of this gift to The Regents of The University of Wisconsin.

The Secretary read a copy of Joint Resolution No. 49,A, adopted by the State Legislature, relating to an expression of appreciation to the Wisconsin Student Association for the Student-Legislator Banquet held at the Wisconsin Memorial Union on March 2, 1955 (EXHIBIT E attached).

The Secretary reminded the Regents that they and their wives were invited to attend the Engineers' Day dinner to be held at 6:30 P.M. on Friday, May 6, 1955, in the Memorial Union, at which the principal speaker will be Mr. Harvey B. Higley,

United States Administrator of Veterans Affairs, and at which President Fred will award the Engineering Citations, and President Werner will award the Benjamin Smith Reynolds Awards for Excellence in Teaching of Future Engineers.

Regent Gelatt presented the report of the Educational Committee.

Upon motion of Regent Gelatt, seconded by Regent Laird, it was VOTED, That the following recommendations of the Educational Committee be adopted:

- 1. That the leave of absence granted Peter R. Morrison, associate professor of zoology, be extended from May 1 to 31, 1955, without pay.
- 2. That the leave of absence granted Chester V. Easum, professor of history, be extended for the academic year 1955-56, without pay.

Upon motion of Regent Gelatt, seconded by Regent Laird, it was VOTED, That, upon the recommendation of the Faculty of the College of Engineering, citations in recognition of outstanding contributions in the field of Engineering be awarded on Engineers' Day, May 6, 1955, to the following individuals:

E. Gordon Fox
Henry J. Hunt
Ralph J. Kraut
Irving L. Wade
Kenneth M. Watson

Chicago, Illinois Madison, Wisconsin Fond du Lac, Wisconsin Chicago, Illinois Crystal Lake, Illinois.

Upon motion of Regent Gelatt, seconded by Regent Laird, it was VOTED, That the proceeds from the Frank Rogers Bacon Foundation, established pursuant to the Last Will and Testament of Ellen A. Bacon, Deceased, be used to establish initially two graduate scholarships in Electrical Engineering and that as funds permit, additional graduate and undergraduate scholarships be established within the limit of funds available. All such scholarship awards are to be subject to the approval of the College of Engineering Scholarship and Fellowship Committee.

Regent Jones presented the report of the Business and Finance Committee.

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That the following schedule of costs for construction of an addition to Service Memorial Institutes be approved:

General Construction Plumbing Electrical Heating and Ventilating Elevator Laboratory Equipment	\$ 778,754.00 162,400.00 125,134.00 214,500.00 27,990.00 89,374.15
Sub-total construction	\$1,398,152.15
Equipment to be purchased Architect fees Superintendence and Bureau of Engineering Contingent	50,000.00 84,000.00 12,000.00 64,999.85
Total	\$1,609,152.00

Chargeable to the following appropriations by the State Building Commission:

October 22, 1953	\$1,400,000.00
April 14, 1955 (Transfers)	209,152.00
	\$1,609,152,00.

That the Regents waive the requirement of listing subcontractors by the general contractor on this project.

That, subject to the approval of the State Chief Engineer and the Governor, the following contracts for the construction of an addition to Service Memorial Institutes be awarded to the low bidders listed, and that the Vice President of Business and Finance be authorized to sign the contracts:

General Construction J. P. Cullen & Son, Janesville	\$ 778,754.00
Plumbing The Maag Company, Milwaukee Base Bid \$134,400 Plus alternate for sinks 28,000	162,400.00
Electrical Capital Electric Company, Madison	125,134.00
Heating and Ventilating The Maag Company, Milwaukee	214,500.00
Elevator Kieckhefer Elevator Company, Milwaukee	27,990.00
(Cont.)	

Laboratory Equipment
Kewaunee Manufacturing Company, Adrian, Mich. \$89,374.15
\$1,398,152.15.

Upon motion of Regent Jones, seconded by Regent Benk, it was VOTED, That the following schedule of charges, effective July 1, 1955, be approved for the use of the packages of the Extension Division Bureau of Information and Program Services:

- a. An annual (July 1 June 30) subscription fee of \$10 for which any individual, organization, or institution has unlimited use of our loan package services as far as can reasonably be provided. No pro-rating for shorter periods of time.
- b. For borrowers who do not wish to subscribe as above, a \$1 service charge per loan package and travelling art exhibit, a twenty-five cent service charge for film strips and multiple copies of the same title of octavo music, and a ten-cent per item service charge for books, plays, magazines, sheet music, and pamphlets when not included in a loan package. The determination of the service charge shall be made by the librarian concerned within this broad policy.
- c. The University shall continue to pay out-going postage and the borrower shall continue to pay return postage, except for travelling art exhibits the borrower shall pay express charges both ways.
- d. For 1955-56 no charge shall be made for service to University faculty or students.

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That the President and Secretary be authorized to sign amendments to the lease to the State Crime Laboratory, covering the property at 911-17 University Avenue, Madison, to provide for changes in the amount of space leased to the State Crime Laboratory from time to time, with rental payments to the University to be adjusted to cover that portion of the cost to the University for maintenance, operation and amortization of the purchase price, which is attributable to the space occupied by the State Crime Laboratory.

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That upon the recommendation of the College of Agriculture authority be granted to advertise for bids for the construction of a Greenhouse and Head House at the Peninsular Branch Experiment Station, Sturgeon Bay. (Cost of construction to be financed from federal appropriations available for this purpose.)

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That the State Building Commission be requested to appropriate \$9,340 to pay the University's share for the construction of an incinerator at the Disease Control Laboratory. (This represents 40% of the estimated cost. The State Department of Agriculture has agreed to pay 60% of the cost.)

Upon motion of Regent Jones, seconded by Regent Watson, it was VOTED, That the Executive Committee be authorized to act for the Board in adjusting the per diem rates for private and special rate patients, in requesting the State Emergency Board or the Legislature for adjustments in per diem rates for public patients, and in requesting funds for the care of Veteran patients in the University Hospitals.

On behalf of the Special Regent Committee on Agricultural Lands, Regent Rennebohm reported that a surveyor had been employed to make surveys covering the initial area of approximately 100 acres of the University Hill Farms to be sold; that the committee has had a great deal of correspondence with persons who have expressed interest in acquiring certain parcels of land; and that the sale of the University Hill Farms is a complicated and involved project which requires a great deal of work.

Vice President Peterson announced that the committee was working with the consultant in preparation of a development plan for the University Hill Farm area which would be submitted to the City Planning officials of the City of Madison.

Regent Renk reported that necessary approvals have been obtained for the purchase of two additional farms in the Arlington area which brings the total of new land acquisitions for the Agricultural Experiment Station Farms to approximately 913 acres at an average cost of \$312 per acre. He stated that there probably would not be much further activity in acquiring agricultural lands until after sales are started of the University Hill Farms. He showed on a map the location of the parcels of land acquired in the Arlington area.

On behalf of the Special Regent Committee on the Education Deanship, Regent Watson reported that the committee is working closely with the University administration and that the administration is working very assiduously in search of a new Dean for the School of Education.

Regent Watson called the attention of the Regents to a new bill introduced in the Wisconsin Legislature requiring the payment of school taxes on public lands on which school-age children might reside. It was pointed out that the Regents on March 12, 1955, had gone on record as favoring legislation providing for the payment of elementary and high school tuition and for debt services by the State of every person of school age residing upon tax-exempt lands belonging to the State, and also requesting the Legislative Council to study the several problems relating to tax-free lands. There was some discussion of the proposed legislation, of which a copy was not available, regarding whether it covered urban as well as rural property and whether it should be supported as being in line with the action voted by the Regents in March, 1955. Upon motion of Regent Watson, seconded by Regent Renk, it was

VOTED, That the position of the University with respect to proposed legislation providing for the payment of school taxes on public lands upon which

school-age children might reside be referred to the Executive Committee.

On behalf of the Special Regent Committee on Problems of Higher Education in Wisconsin, President Werner reported that a meeting was recently held with the Governor for the purpose of attempting to reach a compromise with respect to the pending legislation covering the integration of higher education in Wisconsin, which meeting he had been unable to attend, but which had been attended by Regents Renk and Rennebohm. Regents Renk and Rennebohm reported that nothing was accomplished at that meeting.

Regent Jones reported that the Regents had informally considered, on April 15, a statement regarding the Substitute Amendment to Bill 279S, which was passed this week by the State Senate; and stated that the Regents had all received copies of that statement. Upon motion of Regent Jones, seconded by Regent Gelatt, it was

VOTED, That the Regents join with the Faculty Committee on Integration and the University Administration in approving the statement dated April 16, 1955, regarding the Substitute Amendment to Bill 279S, which has been passed by the State Senate; and that the Regents authorize the release of this statement for publication (EXHIBIT F attached).

Regent Watson voted "No" on the above motion.

Regent Rennebohm reported that on the previous day the University of Wisconsin Foundation had decided to present to the Regents of the University the former University YMCA property. Upon motion of Regent Rennebohm, seconded by Regent Gelatt, it was

VOTED, That the Regents accept the offer of the University of Wisconsin Foundation to convey title to the following described property (commonly known as the University YMCA property at 740 Langdon Street) to the Regents of the University of Wisconsin, subject to the condition in the offer that, except and until authorized by the written consent of the University of Wisconsin Foundation, its successors or assigns, no structure substantially above the general level of the surrounding grounds shall be erected on the said property:

The West $3\frac{1}{2}$ feet of Lot 7 and all of Lot 6, except the West $3\frac{1}{2}$ feet thereof, Block 2, in the City of Madison, subject to easement set forth in Volume 174 of Misc., page 229.

Regent Renk stated that for the past year or so he had been looking into the subject of agricultural research and would like at this time to report on it to the Regents (see copy of Regent Renk's remarks attached as EXHIBIT G).

Regent Renk moved, and Regent Jones seconded, the adoption of the follow-ing motion:

That the President of the Board of Regents appoint a committee of three Regents to meet with the Dean of Agriculture to study the research of milk and milk products with the possibility of increasing the appropriation for more research in new uses, new methods, and new products in dairying.

There was considerable discussion of the roles of the College of Agriculture and of the State Department of Agriculture and Markets in the fields of agricultural education, research and promotion. The need for new developments in the marketing of dairy products was discussed, and it was pointed out that research in such developments could be contributed to by staff members in other University departments, such as Journalism and Commerce, as well as by members of the staff of the College of Agriculture. The difficulties being encountered by farmers, especially the small dairy farmers, and the need for study of agricultural problems in northern Wisconsin were reviewed.

The question on the above motion by Regent Renk, seconded by Regent Jones, was put and it was voted unanimously.

Pursuant to the above action of the Regents, President Werner appointed Regents Renk, Jones and Steiger to the Special Regent Committee on Agricultural Research.

Regent Gelatt stated that Regent Rennebohm, probably because he is the President of the University of Wisconsin Foundation, had not included in his recommendation, regarding the acceptance of the gift of the former University YMCA property, an expression of the appreciation of the Regents. Upon motion of Regent Gelatt, seconded by Regent Renk, it was

VOTED, That the resolution adopted by the Regents regarding the acceptance of the offer of the University of Wisconsin Foundation to convey title to the former University YMCA property to the Regents be amended by adding "and that the Regents express their gratitude and appreciation to the University of Wisconsin Foundation for this generous gift."

Upon motion of Regent Gelatt, seconded by Regent Laird, it was VOTED, That the meeting adjourn,

The meeting adjourned at 11:10 A.M.

Clarke Smith, Secretary

GIFTS:

- (a) \$ 22.18 The Wisconsin Alumni Club of Akron, Ohio, to be added to the Frank O. Holt Memorial Scholarship Fund. (Trust)
- (b) \$ 25.00 Dr. R. P. Welbourne, Watertown, Wisconsin, to be added to the William Snow Miller Memorial Lectureship Fund. (Trust)
- (c) Buick Motor Division of the General Motors Corporation, Flint,
 Michigan, one 1955 Buick engine assembly and one Dynaflow
 transmission, to be used for educational purposes in the College
 of Engineering. Approximate value \$920.
- (d) Cumming Engine Company, Inc., Columbus, Indiana, a contribution to the College of Engineering of a cutaway pump and injector for visual aids work and production models of the same units. Estimated value \$850.
- (e) \$ 1,200.00 Wisconsin Alumni Club of Southern California, Scholarship Committee, San Marino, California, a contribution for the establishment of the Edward Schildhauer Loan Fund. This fund is to be administered through the Committee on Loans and Undergraduate Scholarships with the stipulation that student applicants must be enrolled in the College of Engineering in order to qualify. (Student Loan)
- (f) \$ 1,000.00 American Smelting and Refining Company, New York City, for the renewal during the 1955-56 academic year of the ASARCO Scholarship plan in the College of Engineering. An award of \$500 is to be made to a student in mining and the same amount to a student in metallurgy. Any student in these fields is eligible for the award, but preference is to be given to juniors and seniors. (15-978)
- (g) \$ 500.00 Dr. Maurice L. Richardson, Lansing, Michigan, a contribution to the Medical School for the purchase of medical books. (15-390)
- (h) \$ 1,000.00 Dr. C. W. Tomlinson, Ardmore, Oklahoma, to be added to the principal account of the Charles R. Van Hise Research Fellowship in Geology. (Trust)
- (i) \$ 1,000.00 Kohler Foundation, Inc., Kohler, Wisconsin, to be added to the income account of the Kohler Family Scholarship Fund to provide additional funds needed because of the increase in the period of the scholarships awarded by the Kohler Family Scholarship Committee from two years to four years for each recipient. (Trust)
- (j) \$ 4,200.00 University of Wisconsin Foundation, a gift from the Kohler Foundation, Inc., Kohler, Wisconsin, to establish the Marie Christine Kohler Resident Fellowships which are to consist of 12 Fellowships of \$350 each for a period of one year for 12 graduate students who will be living at the Knapp Memorial Graduate Center. (15-2002)

-2-

- (k) \$ 5,500.00 University of Wisconsin Foundation, a gift from the Kohler Foundation, Inc., Kohler, Wisconsin, in memory of Marie Christine Kohler, an alumna of the University of Wisconsin, who was a life-long student of English literature, to finance a semester's leave of absence, together with some travel expense, for Professor Merritt Y. Hughes, in order that he may devote full time as editor-in-chief of a projected Variorum Edition of the works of John Milton. (15-2001)
- (1) \$ 575.00 Wisconsin Alumni Research Foundation, a gift to be used by the Department of Physics for the purchase of a photo-electric photometer. This contribution is made in accordance with the terms of the Benjamin Snow Bequest to the W.A.R.F. (15-401)
- (m) \$ 10.00 Mr. Morris Lorch, Bronx, New York, an alumnus of the University of Wisconsin, a gift to the University to be added to the President's Special Fund. (15-310)
- (n) \$ 5,000.00 Westinghouse Educational Foundation, Pittsburgh, Pennsylvania, for the renewal of the Westinghouse Fellowship in Electrical Engineering during the 1955-56 and 1956-57 academic years with the funds for each year to be forwarded by the donor to the University upon the selection of the fellowship recipient, with \$1,700 to be used each year for the stipend of the recipient and with \$800 to be used each year by the University for the support of the fellowship. (15-321)
- The Fellowship Committee of the Eastman Kodak Company, Rochester, (o) New York, in support of a graduate fellowship in the Department of Physics for the 1955-56 academic year. The award is to be made to an outstanding research student in his last year of study for the doctoral degree and who is a citizen of the United States. Selection of the recipient is to be made on the basis of demonstrated ability in his major field of study, a high degree of technical promise, soundness of character and personal traits and financial need. In addition to the basic stipend of \$1,400, the Eastman Kodak Company will provide funds for the payment of tuition and fees not otherwise provided by the veteran's benefits or university exemptions, an additional \$700 in the event the fellowship recipient is married and has dependent children, and an additional \$1,000 to the University to assist in defraying research expenses. (15-687)
- (p) \$30,000.00 The John and Mary R. Markle Foundation, New York, New York, to the University of Wisconsin Medical School, for the support of Dr. George G. Rowe as a Scholar in Medical Science, during the period of five years beginning July 1, 1955 with funds being paid to the University in equal annual installments to be administered in accordance with the provisions set forth in the July, 1954 brochure on the John and Mary R. Markle Foundation Grants for Scholars in Medical Science. (15-2000)

- (q) \$ 500.00 The Ralston Purina Company, St. Louis, Missouri, to provide an undergraduate scholarship in the College of Agriculture for the academic year 1955-56 with the scholarship to be paid to the recipient in ten equal installments. (15-2005)
- (r) \$ 2,050.00 The Foundry Educational Foundation, Cleveland, Ohio, for additional scholarship awards under the Foundry Educational Foundation scholarship program during 1954-55 in foundry engineering, College of Engineering. (15-767)
- (s) \$ 102.23 Faculty of the School of Home Economics, a gift of the royalty on a laboratory manual prepared by the Home Economics staff to be used for the benefit of the School of Home Economics for such purposes as may be determined by the Associate Dean for Home Economics. (15-2004)
- (t) \$ 125.00 Additional contributions from friends of the late Benjamin S.

 Reyxolds, to be added to the Benjamin Smith Reynolds Memorial

 Fund which is to be administered in accordance with the conditions approved by the Regents at their meeting on January 8,

 1955. (Trust)
- (u) Nelson Stud Welding Company, Lorain, Ohio, a gift for use in the Welding Laboratory in the College of Engineering of a Stud Welding Unit complete with controls, gun, cables and accessories. Approximate value \$450.00.
- (v) -IMinois Gear & Machine Company, Chicago, Illinois, a gift of 21 gear models especially designed as teaching aids, to be used by the College of Engineering. Valued at \$10,000.
- (w) Additional contributions to the fund for the Ecopomics-in-Action Program as follows:
 - \$ 1,000.00 Allis-Chalmers Manufacturing Company, Milwaukee, Wisconsin

200.00 - Beloit Iron Works, Beloit, Wisconsin

- 300.00 Marine National Exchange Bank, Milwaukee, Wisconsin 500.00 Northern Engraving and Manufacturing Company, LaCrosæ, Wisconsin
- 1,000.00 Standard Oil Company of Indiana, Chicago, Illinois. (15-1041)
- (x) \$ 50.00 Dr. Jerome Reed Head, Northwestern University Medical School, Chicago, Illinois, a gift to be added to the principal of the William Snow Miller Memorial Lectureship Trust Fund. (Trust)
- (y) \$ 2,000.00 Professor John D. Black, Cambridge, Massachusetts, to be added to the principal of the Guy Black Memorial Fellowship Fund, the income of which is to be used in accordance with the terms and conditions governing this fund approved by the Regents on June 19, 1952. (Trust)
- (z) \$ 1,000.00 The First National Bank, Janesville, Wisconsin, a donation from the George K. Tallman Trust, to be added to the George K. Tallman Scholarship Fund at the University of Wisconsin in accordance with the initial acceptance by the Regents on November 22, 1952. (15-433)

- (aa) \$ 2,500.00 Standard Oil Foundation, Inc., Chicago, Illinois, for continuation of a graduate research fellowship in any area of Chemistry during 1955-56. \$1,500 shall be available to a full-time student who has completed at least one year of graduate training in chemistry and \$1,000 is to be made available to the University to cover tuition, fees, supplies and other expenses incurred by the student under the fellowship. (15-763)
- (bb) Contributions from members of the Class of 1935 of the University Medical School to be added to the Medical School Library Building Fund. (Trust)

 Farmer M. Slighten 6.8.55)

50.00 - A. J. Carney, M. D., Millersburg, Ohio

25.00 - Garrett A. Cooper, M. D., Madison, Wisconsin

100.00 - C. Robert Dix, M. D., Milwaukee, Wisconsin

25.00 - Erwin E. Grossman, M. D., Milwaukee, Wisconsin

50.00 - Mischa J. Lustok, M. D., Milwaukee, Wisconsin

5.00 - K. A. Seifert, M. D., Wauwatosa, Wisconsin

- (cc) \$ 40.00 An anonymous contribution from "a friend in behalf of Dr. Middleton and his Medical School Library" to be added to the Medical School Library Building Fund. (Trust)
- (dd) \$ 40.00 Dr. Edwin Huston, Milwaukee, Wisconsin, a gift given in the name of Dr. Madeline J. Thornton, to be added to the Friends of the University Library Fund to be used for the purchase of books for the Medical School Library. (15-822)
- (ee) \$ 500.00 American Steel Foundries, Chicago, Illinois, a contribution given through the Foundry Educational Foundation, Cleveland, Ohio, to be used for any purpose to be determined by the Chairman of the Department of Mining and Metallurgy for the development of foundry education. (15-1081)
- (ff) Additional contributions to be added to the Burr W. Jones
 Memorial Fund to be used for the purchase of international
 and comparative law material for the Law Library. (15-252):
 - \$ 20.00 Mr. Malcolm Andresen, New York, New York

25.00 - Mr. C. H. Bonnin, New York, New York

100.00 - Mr. George E. Cleary, New York, New York

25.00 - Mr. Harry R. Heintzen, Philadelphia, Pennsylvania

100.00 - Mr. Roland S. Homet, New York, New York

25.00 - Mr. Charles H. Jagow, New York, New York

100.00 - Mr. R. Worth Vaughan, New York, New York

- (gg) \$ 75.00 Dr. Dorothy Siegert Lyle, Silver Spring, Maryland, to provide an award to a worthy Home Economics student who, in the judgment of the Home Economics faculty, is worthy of a special award. (15-2008)
- (hh) \$ 100.00 Wisconsin Home Economics Association, to provide a scholarship of \$50.00 a semester for 1955-56 to a student in Home Economics. (15-2007)

- (ii) \$ 5.00 University of Wisconsin Foundation, Madison, Wisconsin, from Mr. and Mrs. Merle E. Way, Madison, Wisconsin, in memory of Mrs. Helen Falk Engsberg, to be added to the Cancer Research Fund. (15-327)
- (jj) \$ 2,115.00 University of Wisconsin Foundation, Madison, Wisconsin, contributions from the staff members and former Residents of the Department of Neuropsychiatry for remodelling and furnishing the William F. Lørenz Room in Wisconsin General Hospital, to honor William F. Lorenz, Emeritus Professor of Neuropsychiatry, to be used as a conference and library room. (15-2009)
- (kk) \$ 1,000.00 Mr. G. B. Warren, Schenectady, New York, to be added to Wisconsin Eastern Alumni Scholarship Fund. (15-541)
- (11) \$ 200.00 University of Wisconsin Women's Club of Detroit, Michigan, to be added to the University of Wisconsin Women's Club of Detroit Student Loan Fund. (Student Loan)
- (mm) \$ 250.00 Sales Executives Club of Milwaukee, Wisconsin, for the establishment of the Sales Executives Club of Milwaukee Scholarship to provide an annual scholarship of \$250 beginning with the 1955-56 academic year to a student enrolled for the Bachelor's or Master's degree in Commerce, in accordance with the terms of the conditions of award approved by the donor, which are hereby approved by The Regents of The University of Wisconsin. (15-2011)
- (nn) \$ 300.00 Mr. J. Carvel Lange, President of the Industrial Commodity
 Corporation of New York City, for the establishment of The
 Industrial Commodity Corporation Scholarship in memory of Miss
 Gretchen B. Schoenleber, former President of the Ambrosia
 Chocolate Company of Milwaukee, Wisconsin, and former member and
 President of the Board of Visitors of the University of Wisconsin, to provide an annual scholarship of \$300 beginning with
 the 1955-56 academic year to a student enrolled for the
 Bachelor's or Master's Degree in Commerce, in accordance with
 the conditions of award as approved by the donor, which are
 hereby approved by The Regents of The University of Wisconsin.
 (15-2010)
- (00) \$ 345.00 The University of Wisconsin Undergraduate and Alumni Chapters of Phi Beta, Madison, Wisconsin, to be added to the Phi Beta Award of Merit Fund. (Trust)
- (pp) \$ 1,500.00 Kimberly-Clark Foundation, Neenah, Wisconsin, to continue a research fellowship in conjunction with a study relating to the problems of the pulp and paper industry during 1955-56, in the Department of Chemical Engineering:
 - \$1,200 for the fellow selected
 300 for the payment of fees and other expenses
 incidental to the fellowship. (15-22)

- (qq) \$ 250.00 Wisconsin Electric Cooperative, Madison, Wisconsin, for the establishment of the Wisconsin Electric Cooperative Scholarship to provide an annual scholarship of \$250, beginning with the 1955-56 academic year, to a student enrolled for the Bachelor's or Master's Degree in Commerce, preferably in Industrial Management, Statistics, or Public Utilities, to be awarded in accordance with the conditions of award approved by the donor, which are hereby approved by The Regents of The University of Wisconsin. (15-2015)
- (rr) \$ 600.00 Council of the American Institute of History of Pharmacy and members of the Pharmacy faculty of the University of Wisconsin, to finance the awarding and administration of the George Urdang Medal in accordance with the terms and conditions of the trust agreement with The Regents of The University of Wisconsin (copy on file). (Trust Funds)
- (ss) \$ 30,000.00 Carnegie Corporation of New York, toward the support of visiting professorships in British Commonwealth history, to be paid in amounts of \$6,000 annually for five years, beginning with 1955-56. (15-2013)
- (tt) \$250,000.00 Rockefeller Foundation, New York City, for support of research in the utilization of solar energy with particular reference to underdeveloped countries, to be conducted in the Department of Chemistry of the College of Letters and Science, and in other departments of the University, during the period July 1, 1955 to June 30, 1959, with the provision that up to \$80,000 of these funds may be used in any one year, with the understanding that not to exceed 20% of these funds may be allotted by the donor as a grant direct to the principal investigator for approved, actual costs for travel and other project costs outside of Wisconsin in connection with the project, and with any balance of these funds unexpended on June 30, 1959, reverting to the Rockefeller Foundation. (15-2016)

GRANTS:

- American Cancer Society, Inc., New York City, in support of cancer research at the University of Wisconsin, during the period July 1, 1955 through June 30, 1956, as follows:
 - \$ 1,944.00 Mechanism of action of penicillin Biochemistry. MET-3E. (15-477)
 - 8,100.00 Metabolic regulatory mechanisms Institute for Enzyme Research.
 MET-2E (15-484)
 - 8,000.00 A research for carcinogens in the urine of patients with bladder cancer Pathology. MET-32A (15-1075)
 - 12,540.00 Common metabolites and the basic processes underlying normal and diseased growth Plant Pathology. MOR-26B (15-673)
 - 5,150.00 Differentiation of tissues studied with plant tissue cultures Plant Pathology. CP-67A (15-1073)
 - 6,966.00 Factors modifying carcinogenesis Oncology. CH-15B (15-653)
 - 8,100.00 Chemical control of growth and organ formation in plant tissues Graduate School, Botany. BO-19F (15-910)
 - 5,292.00 The relationship of antibiotics and metabolic antagonists in growth Pediatrics. N-22B (15-666)
 - 3,000.00 Cis-trans Isomerases Institute for Enzyme Research. BCH-33A (15-1074)
- (b) \$ 5,800.00 Damon Runyon Memorial Fund for Cancer Research, Inc., New York City, to support a research project entitled, "Amino Acid Metabolism in Patients with Neoplastic Cachexia" February 1, 1955 to January 31, 1956 Medical School, Department of Clinical Pathology. Grant No. DRG-313 (15-309)
- (c) \$ 5,000.00 Thomas E. Brittingham, Jr., Wilmington, Delaware, a contribution from the University of Wisconsin Trust of the Thomas E.

 Brittingham Estate to the University of Wisconsin Medical School to provide funds for travel in order to bring graduates from European medical schools to the University of Wisconsin for further instruction and training in the fields of neurology and psychiatry. (15-313)
- (d) \$ 4,500.00 The American Potash Institute, Inc., Washington, D. C., to support a research project for the determination of the various forms of potassium in soils-July 1, 1954 to December 31, 1957 Department of Soils. (15-106)
- (e) That a grant of \$41,499 from the Muscular Dystrophy Associations of America, Inc., accepted by the Regents at their meeting on July 17, 1954, be reduced by \$16,000 to \$25,499 Research in the Medical School, Department of Pathology July 1, 1954 to June 30, 1956. (15-343)

GRANTS: (Cont.)

- (f) \$10,350.00 National Science Foundation, Washington, D. C., to support "Summer Research for Medical Students" -- for a period of approximately three years beginning on or about January 1, 1955 -- Committee on Scholarships and Fellowships of the Medical School. Grant No. NSF-G1588. (16D-2000)
- (g) That a grant of \$7,646 from the National Institutes of Health, Washington, D. C., to support research on the metabolism of tumor resistance in the Department of Oncology be amended to terminate as of September 30, 1955, instead of January 31, 1955. Grant C-828(C5). (16D-803)
- (h) \$ 500.00 The Penetred Corporation, Marshfield, Wisconsin, to be added to the previous grant of \$1,000 accepted by the Regents on February 12, 1955, in support of a research project to make a study of motor vehicle tires with wire inserts during the period January 1, 1955 through June 30, 1955 Engineering Experiment Station, Department of Mechanical Engineering. (15-250)
- (i) \$ 8,000.00 Midwest Administrative Center of the University of Chicago, Chicago, Illinois, to provide additional funds in support of a research project to study the state program of financial support for public education being carried out by the School of Education in cooperation with the Wisconsin State Department of Public Instruction. (15-51)
- (j) \$11,500.00 National Science Foundation, Washington, D. C., to support a research project entitled "Medieval Antecedents to Early Modern Mathematics and Physics" for a period of approximately one year Department of History of Science. Grant No. NSF-G1604. (16D-2003)
- (k) \$ 3,000.00 E. I. du Pont de Nemours and Company, Wilmington, Delaware, for the continuation of an industrial research project to study the role of methionine in the nutrition of poultry, particularly as influenced by the levels of energy, vitamins and other variables in the ration, during the period March 1, 1955 to February 29, 1956, in the Department of Poultry Husbandry. (15-1072)
- (1) \$34,992.00 National Institutes of Health, in support of research on normal and abnormal social behavior of monkeys, in the Department of Psychology, during the period June 1, 1955 to May 31, 1956.

 Grant No. M-772-(C). (16D-2006)
- (m) \$ 2,400.00 Mink Farmers' Research Foundation, Inc., Milwaukee, Wisconsin, for the support of an industrial research project to study methods of controlling botulism in mink, to be conducted during the period March 15, 1955 to March 14, 1956, in the Departments of Bacteriology and Veterinary Science. (15-2006)
- (n) \$ 5,054.00 National Institutes of Health, in support of research on the heart in hibernation, in the Department of Physiology, during the period May 1, 1955 to April 30, 1956, Grant No. H-2095. (16D-2001)

GRANTS: (Cont.)

- (o) \$ 1,000.00 The Velsicol Corporation, Chicago, Illinois, for the continuation of an industrial research project to study the effectiveness of chlordane and heptachlor in the control of forage, vegetable and fruit insects, during the period May 1, 1955 to April 30, 1956, Department of Entomology. (15-1094)
- (p) \$ 500.00 Columbia-Southern Chemical Corporation, Pittsburgh, Pennsylvania, for the renewal of an industrial research project to study the effectiveness of chloro-IPC as an herbicide in horticultural crops, during the period April 1, 1955 to March 31, 1956-Department of Horticulture. (15-173)
- (q) \$ 2,680.00 Monsanto Chemical Company, St. Louis, Missouri, for the renewal of an industrial research project to study the nutritional value of supplemental amino acids in purified and natural chick rations during the period July 1, 1955 to June 30, 1956 in the Departments of Biochemistry and Poultry Husbandry. (15-1107)
- (r) \$22,000.00 National Science Foundation, Washington, D. C., to support a research project entitled, "Physical Chemical Studies of Fumarase," for a period of approximately two years, in the Department of Chemistry. Grant No. NSF-G1585. (16D-2004)
- -National Science Foundation, Washington, D. C., extension for an additional period of one year of the NSF grant for the support of a research project entitled, "Verbal Factors in the Learning of Motor Skill," in the department of Psychology. Grant No. NSF-G927. (16D-859)
- (t) \$ 2,700.00 Council for Advancement of Secondary Education, Inc.,
 Washington, D. C., for the support of an industrial research
 project to study the economic content of farm magazines, during
 the period March 24, 1955 to September 30, 1955, in the
 Department of Agricultural Journalism. (15-314)
- (u) \$ 4,000.00 Oscar Mayer and Company, Madison, Wisconsin, for the support of an industrial research project to study methods of producing meat type hogs of improved quality and efficiency by breeding, selection and better feeding methods, during the period April 1, 1955 through June 30, 1956, in the Department of Animal Husbandry. (15-2014)
- (v) \$ 1,000.00 Mink Farmers' Research Foundation, Inc., Milwaukee, Wisconsin, for the support of an industrial research project to study the effects on mink of including various levels of diethylstilbesterol in the diet, and of feeding tripe from diethylstilbesterol fed cattle, during the period April 1, 1955 to June 30, 1956, in the Department of Genetics. (15-2012)

GIFTS AND GRANTS
Supplemental Information

	Total April <u>1955</u>	Cumulative Totals July-April 1954-55	Gumulative Totals July-April 1953-54	Totals Fiscal Year 1953-54	
GIFTS	\$351,729.41	\$ 759,331.04	\$ 523,648.66	\$ 622,823.76	
GRANTS	168,068.00	1,625,858.97	1,504,703.50	1,660,339.50

(2) Deere & Webber Company, Minneapolis

- (a) Gasoline tractor and accessories
 April 17, 1955 through April 16, 1956
 Branch Experiment Station, Marshfield
 Requisition No. 65622 Total Cost \$ 413.24
- (b) Gasoline tractor and accessories
 July 1, 1955 through June 30, 1956
 Branch Experiment Station, Marshfield
 Requisition No. 65620 Total Cost 349.39
- (c) Gasoline tractor and accessories
 July 23, 1955 through July 22, 1956
 Branch Experiment Station, Spooner
 Total Cost 440.80
- (3) Gorman-Rupp Company, Mansfield, Ohio
 - (a) Centrifugal pumping unit
 February 17, 1955 through February 16, 1958
 Branch Experiment Station, Hancock
 Estimated Cost
 (Freight) 25.00

(4) International Harvester Company, Green Bay

- (a) Cultivator, plow and accessories
 April 15, 1955 through April 14, 1956
 Department of Plant Pathology, Antigo
 Requisition No. 64022 Total Cost 38.96
 - (b) Cultivator and accessories
 April 15, 1955 through April 14, 1956
 Foundation Seed Farm, Three Lakes
 Requisition No. 64018 Total Cost 22.12
- (c) Tractor and accessories
 April 15, 1955 through April 14, 1956
 Foundation Seed Farm, Three Lakes
 Requisition No. 64019 Total Cost 360.01
- (d) Disk harrow and accessories
 April 15, 1955 through April 14, 1956
 Department of Plant Pathology, Antigo
 Requisition No. 64020 Total Cost 26.18

- I. 2. b. (4) (e) Tractor and accessories
 April 15, 1955 through April 14, 1956
 Department of Plant Pathology, Antigo
 Requisition No. 64021 Total Cost \$ 198.88
 - (5) International Harvester Company, Madison
 - (a) Tractor, cultivator and accessories
 April 1, 1955 through March 31, 1956
 Department of Plant Pathology, Madison
 Requisition No. 63648 Total Cost \$ 101.73
 - (b) Tractor and accessories
 March 20, 1955 through March 19, 1956
 Emmons J. Blaine, Jr., Research Farm
 Requisition No. 54148 Total Cost \$ 373.73
 - (6) Modern Farm Supply, Inc., Rhinelander
 - (a) Bean potato sprayer and accessories May 1, 1955 through April 30, 1956 Department of Genetics, Rhinelander Requisition No. 61645 -

Total Cost \$ 315.25

- II. Report of Actions Taken Contracts and Leases with United States Government for research work, educational programs, and services requested by the Government for military personnel and veterans
 - 1. Department of Air Force Air Force Cambridge Research Center Air Research and Development Command Contract No. AF 19(604)-992 Supplemental Agreement No. 3 Overhead rate of 31% of salaries and wages established for calendar year 1955 Research in Department of Meteorology. (16D-839)
 - 2. Department of Air Force Rome Air Development Center Air Research and Development Command Contract No. AF30(602)-391 Supplemental Agreement No. 5 Overhead rate of 31% of salaries and wages established for calendar year 1955 Research in Department of Electrical Engineering. (16D-742)

STATE OF WISCONSIN

(Jt. Res. No. 49, A.)

A JOINT RESOLUTION

Relating to an expression of appreciation to the Wisconsin Student Association for the Student-Legislator Banquet.

Whereas, the members of the legislature were invited by the Wisconsin Student Association to attend a Student-Legislator banquet at the Wisconsin Memorial Union on March 2 as the guest of a student; and

Whereas, the initial effort to permit the legislators to meet the students and for the students to meet their legislators resulted in a very enjoyable evening consisting of dinner, entertainment and discussion; and

Whereas, the almost unanimous participation of the legislators is indicative of their interest in the youth of the state now being trained to provide the leadership of tomorrow; now, therefore, be it

Resolved by the assembly, the senate concurring, That the legislature express its appreciation to the Wisconsin Student Association for the enjoyable evening provided at the Student-Legislator Banquet which afforded the legislators an excellent opportunity to meet and talk with students of the university; and, be it further

Resolved, That a duly certified copy of this resolution be submitted to the board of regents for inclusion in the records of the university.

/s/ W. P. Knowles
President of the Senate

/s/ Mark Catlin, Jr. Speaker of the Assembly

Lawrence R. Larsen Chief Clerk of the Senate Arthur L. May Chief Clerk of the Assembly STATEMENT DEVELOPED COOPERATIVELY

BY THE FACULTY COMMITTEE

ON INTEGRATION, THE ADMINISTRATION,

AND THE BOARD OF REGENTS

OF THE UNIVERSITY OF WISCONSIN

1.11.1.1

We believe that the welfare of the young people of Wisconsin should be the first consideration in all planning for state-supported higher education and its administration. This calls for the continued distinction of the University of Wisconsin. We are not opposed to any legislation which, while protecting the quality of the University, will provide for coordinated planning for higher education in Wisconsin. But we see no need for such revolutionary changes as are proposed in Bill 279S. We believe that these changes would do incalculable harm to the University and to the State.

The Substitute Amendment to Bill 279S passed by the Senate is not acceptable to the faculty, administration or regents of the University. The amendment makes no basic changes in 279S, and includes all the objectionable features of 279S. Needless to say, it is not a compromise approved by the University.

The bill as passed provides for merger under the University of the two state-supported institutions of higher education in Milwaukee, this merger to take place on or before January 1, 1957. The faculty, administration and regents of the University favor such a merger. We note, however, that 279S includes no provision for expansion of the existing programs in Milwaukee and appropriates no money for such expansion. In contrast, the University has for several years expanded its educational programs in Milwaukee and last July, well before 279S was proposed, the University Board of Regents asked for over \$360,000 to expand its Milwaukee program in the ensuing biennium. We recognize the need for expansion in this metropolitan area, and believe that this should take place at once.

The Substitute Amendment, like the original Bill 279S makes revolutionary changes in the administration of the state-supported institutions of higher education. It abolishes the board of regents of the University and the board of regents of the State Colleges -- boards under which the University and the State Colleges

have become outstanding institutions in their respective fields. In their place there would be a single, fifteen-man board of regents for the University and State Colleges.

The bill as passed provides for two, seven-man "Regents' Boards," one for the University, one for the State Colleges. These so-called "Regents' Boards" are not boards. They are merely committees of the overall fifteen-man board of regents of the University and State Colleges. The "Regents' Boards" are chosen for one year only, and all their decisions "shall be reviewed by the entire board." The "Regents' Boards" are to deal only with "day to day administrative problems," problems which are now handled — as should be the case — by the presidents, other administrative officers and faculties of the University and State Colleges. All problems "such as finance, expansion, building construction and educational programs" are to be considered by the fifteen-man board, in which "the government of the University and State Colleges shall be vested."

We consider this organization totally unsatisfactory. It is clear that the "Regents' Board for the University" would have no real authority. All power would be centered in the fifteen-man board. We are convinced that this would do damage to the University and to the cause of higher education in Wisconsin. No great University in the entire United States has attained greatness under such a form of administration. To serve the people of the State to best advantage, the University needs a strong board devoting its attention to University problems.

Various objectionable features of the original Bill 279S are retained in the Substitute Amendment as passed by the Senate. Under the bill as passed the new board has power to put all the state institutions of higher education under a chancellor. The loose wording of the bill may give the board power to grant University degrees to graduates of the present State Colleges. The bill still carries the

very vague provision that the board shall "provide such courses at all state institutions of higher learning as the legislature, in the interests of education, may require to provide equal opportunity for higher education throughout the state."

In the light of a coordinate section which provides against undesirable duplication we cannot tell what this section means. However, it seems to be an invitation to expend enormous sums. The result would probably be the deterioration of the quality of existing institutions.

Remarks by Regent Wilbur Renk, Regarding Agricultural Research at Meeting of The Regents of The University of Wisconsin on April 16. 1955.

In our discussions about the budget and integration, some people have suggested that the Regents might spend more of their time making policy. Possibly, they might be correct. So today, I would like to discuss policy as it pertains to Agricultural Research.

The Agricultural College of the University is one of the best in the country. It has achieved its position because it was a leader—a leader in ideas, in education, in research.

The State of Wisconsin is famous for its Dairyland. Cows and milk have helped make its reputation. But in the last three years, the dairy business has found itself in sore straits. This is of major concern to the State, and should be a major concern of the University. A healthy dairy business helps the farmer, the businessman, the State, and the University.

Last June, Dr. Arveson asked if the University had developed any new crops for central Wisconsin, since they are principally a dairy section. This made me think about the role the College of Agriculture could and might play in the life of Wisconsin farmers.

Now, I know that research is a fundamental part of a university, and am fully conscious of the importance of pure research, because from this may come tremendous benefits to the human race, such as the cure for cancer.

However, I would like to discuss applied research as it concerns the College of Agriculture. It seems to me that too much of our money is going into research concerning the production of farm crops and livestock; not enough into research about new packaging, new uses, and new crops.

In 1953, the cash receipts for the State of Wisconsin were one billion, forty-four million dollars (\$1,044,000,000.00). Milk accounted for five hundred, thirty two million of this (\$532,000,000.00), or 50.95%. Hogs brought one hundred twenty nine million dollars (\$129,000,000.00), or 12.35%; and cattle and calves one hundred twenty million, six hundred sixty-two thousand (\$120,662,000.00), or 11.55%.

For 1953-1954, (these figures are from Dean Froker and are from page ten of the University Budget) the College of Agriculture is spending two million, one hundred fifty seven thousand, six hundred seventeen dollars (\$2,157,617.00) for research. In the research budget, Dairy and Foods are budgeted at fifty-five thousand, forty two dollars (\$55,042.00), or 2.55%. Horticulture has more of a direct budget than Dairy and Foods. Dairy Husbandry seventy four thousand twenty eight dollars (\$74,028.00), or 3.43%, while Genetics has one hundred eight-five thousand, one hundred ninety seven dollars, (\$185, 197.00) or 8.58%, and Plant Pathology has one hundred forty nine thousand dollars (\$149,000.00), or 6.9% of the budget. As can be seen, milk accounts for 51% of the farmer's income and with veal calves almost 60% of his income, and our direct research budget is only 2.55% on milk. If you added outside funds to the direct funds for dairying, you have a total of one hundred ninety eight thousand dollars (\$198,000.00) which is only 9% of the total. We are, then, putting only 9% of our research funds into a field

which accounts for 51% of the farmer's total income. Add all of Biochemistry, which is one hundred twenty seven thousand, seven hundred sixty eight dollars (\$127,768.00), and you still have a low budget. Yes, you could add Veterinary Sicence, but it is still production.

It's true you can't always discuss research in terms of dollars and cents, but when half your business is on the decline, you should put forth more than 3 to 9% of your efforts to improve the patient. We are only scratching the surface in dairying. We have a fine dairy building, and a good staff. But a beautiful building is only a monument unless it is put to use. Wisconsin must be the leader in all Dairy Research, and it seems our dairy research appropriation is too small.

I believe that in the next four years we should use more of our agricultural research resources on dairying with the emphasis on new uses, new products, new packages—and let production seek its own level. It's true that the glamour is in production—we like big bulls, big yields, and big red apples—but if you can't sell it or eat it, surpluses soon get to be a pain where it hurts—in the farmer's pocketbook. Self-help is a fine democratic ideal, and in Wisconsin we can help ourselves by increasing dairy research.

There is no doubt that all research money is well spent, and is a benefit to the state, but I believe that, like a boxer or businessman, you must roll with the punch. During the war, we needed production and we got it. Today we need to sell our products and find new uses for them, and we are short on this. The agricultural research budget looks like a production budget to me instead of a budget to put the production to profitable use.

It may be argued that selling the farmer's products is not the concern of the University. If this be true, then it is useless for the University to spend money to teach the farmer to double his corn production, or make two blades of grass grow where one grew before, and magnify his overproduction.

Unless we wake up, we will lose the title of America's Dairyland. We may be flooded with milk, but the flood will overwhelm us. There's no use being a nation's dairyland if you bankrupt yourself to win the title.

I believe, before we go into another year, that we should review our agricultural research, putting more emphasis on distribution, packaging, sales, new uses, new crops, and less on production.
