ANNUAL REPORT

OF

THE COMMISSIONERS

OF

School and University Lands

OF THE

STATE OF WISCONSIN,

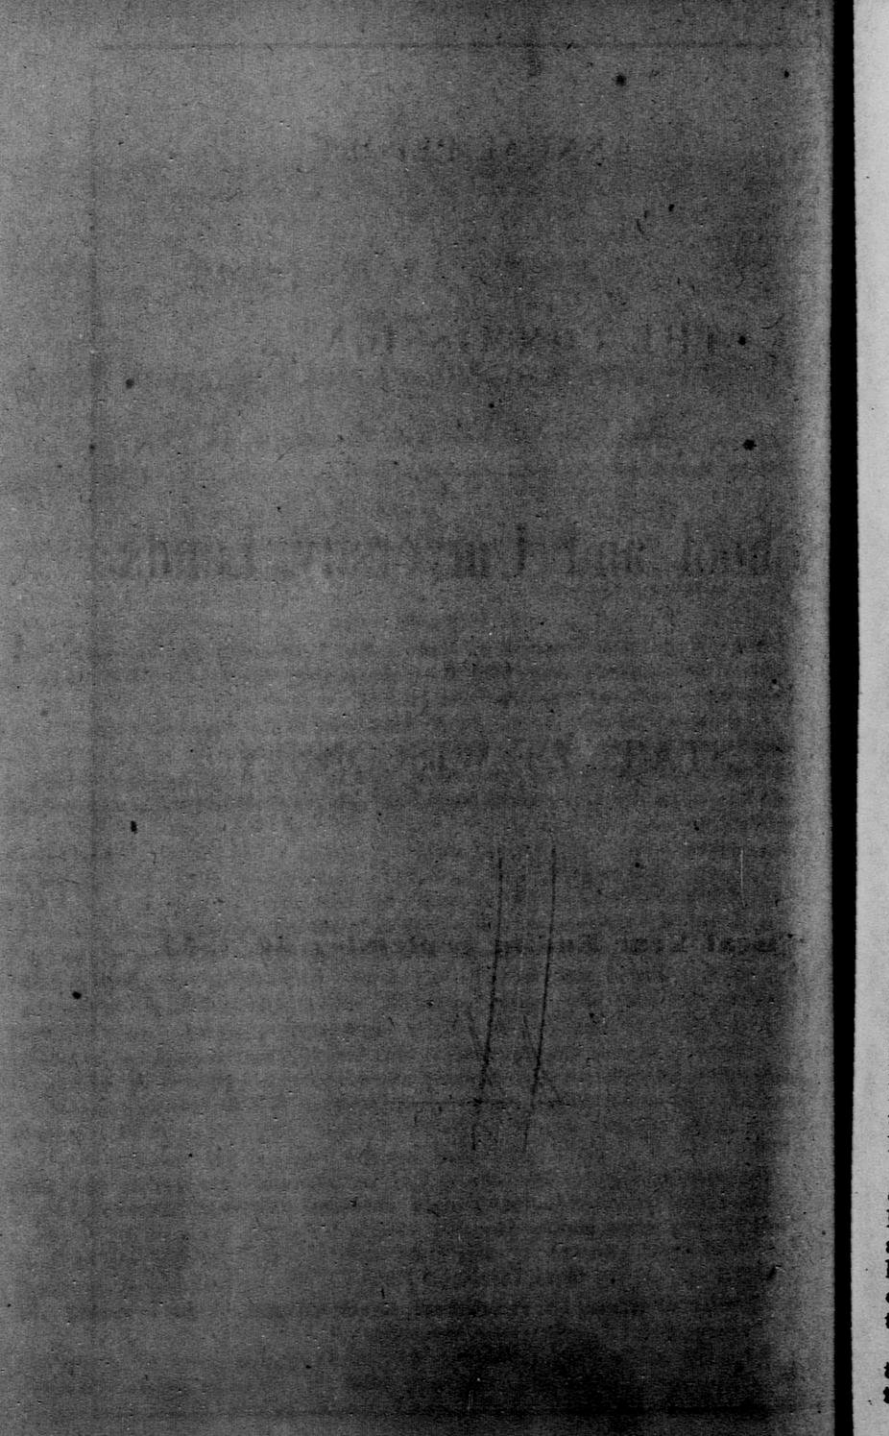

FOR THE

Fiscal Year Ending September 30, 1863.

MADISON, WIS. :

WILLIAM J. PARK, STATE PRINTER, HARDING'S BLOCK.

1863.

ANNUAL REPORT

OF THE

Commissioners of School and University Lands,

FOR THE YEAR ENDING SEPTEMBER 30, 1863.

STATE OF WISCONSIN,

OFFICE OF COMMISSIONERS OF SCHOOL AND UNIVERSITY LANDS,

Madison, October 1st, 1863.

HON. EDWARD SALOMON,

Governor:

SIR—The Commissioners of School and University Lands respectfully submit their annual report for the year ending September 30th, 1863, in accordance with the requirements of law.

The reports of the Secretary of State and State Treasurer exhibit detailed statements of the receipts and disbursements on account of the several funds affected by our action, and to them we respectfully refer.

The amount of loans made to individuals during the past year has been as follows:

From School Fund.....	\$11,100 00
University Fund.....	1,800 00
Drainage Fund.....	3,475 00

A detailed statement of these loans is annexed marked A, showing the amount of each, the security for each loan, and the county in which each was made. These loans are all for the term of five years, bearing interest at seven per cent. per annum, payable annually in advance, on the first day of January. As is indicated in the statement, a large part of these so-called loans are merely credits of purchase money made as provided in chapter 28, section 113, Revised Statutes, to purchasers of mortgaged lands at the sale thereof made on account of default in payment of interest, or to persons who have patented lands under chapter 341, laws of 1860.

Pursuant to chapter 89, laws of 1862, as amended by chapter 100, laws of 1863, two hundred and fifty-eight thousand dollars of the school fund have been invested during the past year in bonds of the state of Wisconsin. The total amount of that fund now invested in this way is three hundred and twenty-three thousand dollars. We recommend the passage of an act authorizing the investment of the University, the Drainage and the Swamp Land Funds in the same manner.

We respectfully suggest the necessity of an appropriation of money for the purpose of paying the necessary costs of obtaining judgments upon the unpaid notes given upon loans from the various funds mentioned.

We believe that by carrying out the law requiring such judgments to be entered, considerable collections might be made for those funds. This subject has been twice presented by the Commissioners to the consideration of former legislatures. The want of means to meet the expenses of procuring such judgments has prevented us from pursuing this remedy.

The amount realized during the past year from legal proceedings upon the Racine city mortgages has been, on account

Of principal,.....	\$3,565 42
For interest,.....	8834 79

Some proceedings are now pending and others are about to be commenced to foreclose delinquent mortgages on lands in that city.

We annex a tabular statement marked B, showing in detail the quantity of school lands, university lands and swamp lands sold within the past year, and the amount received therefore, and the amount due thereon.

We also append a tabular statement, marked "C.," exhibiting the descriptions of those lands which have been mortgaged to the state, and have on account of forfeiture, become and still remain the property of the state. There is no doubt but some of these lands are worth far less than the amount which is due upon the mortgages, as stated in the table. The Commissioners have, however, no authority to sell them at any lower prices, and there is consequently in many cases no prospect of a sale. We recommend such reduction of the prices of these lands to their actual value, as will tend to bring about sales.

Under the provisions of chapter 277, laws of 1860, the Commissioners have paid during the past year eleven hundred thirty eight and 60-100 dollars for the protection of state land from trespassers. By that act the Commissioners are authorized to employ four clerks, for a period not exceeding four months each in any one year, for a gross compensation not exceeding two thousand dollars. Although this law has been most salutary in its operation, saving to the state property in value immensely exceeding the expenses of executing it, yet the limitation of time prevents the law from being completely effectual to restrain trespassing. During eight months the lands of the state are comparatively unprotected, and experience has shown that while trespassing may not be so active during that season, it does not altogether cease. We should recommend that authority be given to the Commissioners to employ the clerks allowed by the act of 1860 above mentioned for a longer period than four months as they may find occasion, at the rate of compensation prescribed by the act.

The productive funds above referred to are the following :

Dues on School Land Certificates,.....	\$1, 014, 792 61
do University Land Certificates,.....	160, 408 53
do Swamp do	224, 321 64
do School Fund Loans,.....	701, 744 07
do University do	21, 407 00
do Drainage, do	69, 627 00
School Fund invested in State Bonds,.....	323, 000 00

JAMES T. LEWIS, Sec'y of State.
