A Great Railway.

The Chicago, Milwaukee & St. Paul Railway Company now owns and operates fifty-six hundred and seventy miles of thoroughly equipped road in Illinois, Wisconsin, Minnesota, Iowa, Missouri and Dakota. Each recurring year its lines are extended in all directions to meet the necessities of the rapidly populating sections of country west, north-west and southwest of Chicago, and to furnish a market for the products of the greatest agricultural and stock raising districts of the world.

In Illinois it operates 316 miles of track; in Wisconsin 1,304 miles; in Iowa 1,572 miles; in Minnesota 1,122 miles; in Dakota 1,216 miles; in Missouri 142 miles; and the end is not yet.

It has terminals in such large cities as Chicago, Milwaukee, La Crosse, St. Paul, Minneapolis, Fargo, Sioux City, Council Bluffs, Omaha and Kansas City and St. Joseph, Mo., and along its lines are hundreds of large and small thriving cities, towns and villages. Manufacturing interests are cultivated, and all branches of trade find encouragement. The Railway Company has just appreciation of the value of its patrons, and its magnificent earnings are the result of the good business tact which characterizes the management of its affairs.

The popularity of the line is attested by the fact that, notwithstanding the strongest kind of competition of old and new lines, the Chicago, Milwaukee & St. Paul Railway continues to carry the greater proportion of all the business between Chicago, Milwaukee, St. Paul and Minneapolis. It is the best patronized route to and from all points in Wisconsin, Minnesota, Dakota and Iowa, and its Kansas City and St. Joseph line will undoubtedly take equal rank with the older lines leading to and from the Southwest.

On all its through lines of travel, the Chicago, Milwaukee & St. Paul Railway runs the most perfectly equipped trains of Sleeping, Parlor and Dining Cars and Coaches. The through trains on all its lines are systematically heated by steam. No effort is spared to furnish the best accommodations for the least money, and, in addition, patrons of the road are sure of courteous treatment from its employees.

1888.

M. J. CANTWELL,

BOOK AND JOB PRINTER,

MADISON, WIS.

INTRODUCTORY.

In presenting this Directory to the public we beg leave to state that it has been our earnest endeavor to make it as correct and complete as possible; that being the object of a city directory. We have also added a new feature by placing a map of the city in the back part of the book to aid our citizens and strangers in locating persons in all parts of the city. A complete directory of all streets can be found on page 37.

According to our estimate the city has a population of **16,087**, not including non-resident students of the University of Wisconsin.

Thanking the merchants, manufacturers and business men of the city for their liberal patronage, we herewith submit this work for their approval. Respectfully,

ANGELL & HASTREITER.

STREETS.

STREET NUMBERS.

Every space of twenty-two lineal feet frontage of lots or parts of lots on any street in the city of Madison should be numbered with a separate number and known thereby as follows: The numbers on all streets running northeast and southwest commence at Monona or Wisconsin avenues, and all streets running northwest and southeast commence at Washington avenue, in case said streets intersect said avenues; and such numbers run continuously from those avenues, one hundred numbers being assigned to the length of the block, so that the first number on the first block should be number one, the second block one hundred, and so on; the odd number should be on the southerly and easternly sides of the street, and the even numbers on the opposite side. All streets intersecting Washington avenue are known as North — Street in that part which lies northerly of said avenue, and South — Street in that part which lies southerly of said avenue; and all streets which intersect Wisconsin and Monona avenues are known as West — Street, in that part lying westerly of said avenues, and East — Street, in that part lying easterly of said avenues. Blocks upon streets running in the directions which do not intersect said avenues should bear like numbers with the blocks upon streets which do intersect, at like distances from those avenues, so far as practicable. It is the duty of each owner and occupant of any building or tenement fronting upon any street in the city of Madison to securely attach or apply to the front of such building or tenement, in a conspicuous position, and not higher than the first or ground story of said building, so that the same can be plainly seen from the street, the proper number of such building or tenement, as inscribed upon the map prepared by the City Engineer, and on file in the office of the City Clerk, in figures not less than two inches and and a half in height.

Musical Merchandise,

SHEET MUSIC AND MUSIC BOOKS.

Having removed our instruments into our late Wall Paper Department, we are now enabled to give special attention to our musical business. Our long experience in this branch of business will be sufficient guarantee to our numerous customers that the confidence heretofore reposed in us will not be violated in any particular. We will endeavor to keep first-class instruments of every kind, and continue to sell at low and reasonable figures. Special attention given to tuning and repairing Pianos and Organs.
