---  
CONFIDENTIAL - NOT FOR PUBLICATION

Upon motion of Regent Jones, seconded by Regent Kleczka, it was VOTED, That upon the recommendation of the faculty of the College of Agriculture, Honorary Recognition be conferred during the Farm and Home Week program upon the following persons who have rendered unusual service to Agriculture and Rural Life:

Leonard Kalt, Glen Haven, Wisconsin  
Mrs. John Kruse, Middleton, Wisconsin  
Mr. and Mrs. Alfred J. Meyer, Milwaukee, Wisconsin  
Francis Winfred Peck, Chicago, Illinois  
Walter Wieckert, R-2, Appleton, Wisconsin.

*John Jones*  
President Fred reported that, as was customary, public announcement of the above awards was not to be made until the College of Agriculture Honorary Recognition Awards were made during the Farm and Home Week program, February 2-6, 1953.

President Fred reported that a Faculty Committee of the College of Engineering had been appointed to assist him in matters relating to the selection of a Dean of the College of Engineering to succeed Dean M. O. Withey upon his retirement. President Fred suggested that it might be desirable to also have a Special Regent Committee appointed to assist him in the selection of a Dean of the College of Engineering. Upon motion of Regent Kleczka, seconded by Regent Jones, it was

VOTED, That the President of the Board appoint a committee to cooperate with President Fred in the selection of a Dean of the College of Engineering.

Pursuant to the above action, President Werner appointed the following Special Regent Committee on the Engineering Deanship:

Regents Rennebohm (Chairman), Arveson, Gelatt,  
Steiger, Watson.

Upon motion of Regent Kleczka, seconded by Regent Jones, action No. 1 (a) to (c), inclusive, and action No. 2 (a) to (f), inclusive, listed under the report of the Vice President of Business and Finance (I. Report of Actions Taken) were approved, ratified and confirmed.

--

The Secretary reported that the University administration had presented to the Regents in informal conference a recommendation for a revision of the Statutes for the purpose of transferring certain of the laboratory services from the Psychiatric Institute to the State Laboratory of Hygiene as a result of the transfer of functions to the new State Laboratory of Hygiene Building. The Secretary read the recommendation. Upon motion of Regent Rennebohm, seconded by Regent Steiger, it was

VOTED, That, in order to effect legally the transfer of certain services from the Psychiatric Institute to the State Laboratory of Hygiene, the administrative officers of the University be authorized to arrange for the introduction of the attached Bill (EXHIBIT A).

--

The Secretary reported that the Regents in informal conference had considered the amendment of the Regent rules relating to the Board of Visitors for the purpose of deleting and revising certain sections of the rules to conform with actual practices. After further discussion of this matter and upon motion by Regent Kleczka, seconded by Regent Jones, it was

VOTED, That the rules of the Regents relating to the Board of Visitors, as re-enacted by the Regents on December 7, 1940, be amended by deleting the words "at its next regular meeting" in the second paragraph of Section 5, and by deleting the words "on the first Wednesday of March" and inserting in lieu thereof the words "at the time of the April meeting of the Regents" in the first sentence of Section 7.

(A copy of the Rules of the Regents of the University of Wisconsin relating to the Board of Visitors, their appointment, powers, and duties, as amended January 10, 1953, is attached as EXHIBIT B.)

Regent Renk presented the report of the Educational Committee.

Upon motion of Regent Renk, seconded by Regent Kleczka, it was VOTED, That the resignation of Asher Hobson, professor of agricultural economics, be accepted; and that he be granted the status of emeritus professor effective February 3, 1953.

President Fred made the following statement regarding Professor Hobson's service to the University:

"Asher Hobson's long service as an agricultural economist has brought him well merited recognition. For many years he has been friend and counselor to cooperatives both in and out of Wisconsin. In 1944 the American Institute of Cooperation honored him by making him a member of its board. From 1949 to 1952 he was its chairman. He is the principal author of a publication entitled 'Cooperation - Principles and Practices.'

"His university colleagues have similarly looked to him for leadership. For fifteen years he was chairman of the University of Wisconsin department of agricultural economics, and for several years he served on the executive committee of the Social Science Division. From 1931 to 1946 he was secretary-treasurer of the American Farm Economic Association; and served in 1947 as its president. For eighteen years he was American council member for the International Conference of Agricultural Economists.

"He has been an outstanding teacher, and his course on farm organizations is a high spot in the memory of many a former student. That is only natural, because the course was enriched by Asher Hobson's wealth of experience in working with farm groups all over the nation.

"We do not think his retirement will mean an end to the demands upon him from -- nor of his service to -- agriculture, the cooperative movement, the field of agricultural economics, and his friends here at the University of Wisconsin."

-

Upon motion of Regent Renk, seconded by Regent Steiger, it was VOTED, That Oliver S. Rundell be appointed Jackson Professor of Law, as recommended by the Special Committee of the Law Faculty, for the academic year 1952-53; salary \$693.25 to be charged to the income account of the Jackson Professorship Trust, and \$10,966.75 to the special contract for Dean Rundell's appointment for 1952-53; total \$11,660.

--

Upon motion of Regent Renk, seconded by Regent Jones, it was VOTED, That Herbert R. Bird be appointed professor of poultry husbandry on the annual basis, beginning February 1, 1953; salary for the balance of the fiscal year 1952-53, \$4,166.65; charge \$1,830 to item for Cravens, 1-4; \$586.67 to item for Steel, 1-4, and \$2,199.98 to item for Cravens, 1-2.

Upon motion of Regent Renk, seconded by Regent Kleczka, it was VOTED, That George Hanson be appointed State Geologist and instructor in the Department of Geology, beginning July 1, 1953; salary \$5000 on the annual basis; salary distribution to be determined in the 1953-54 budget.

Upon motion of Regent Renk, seconded by Regent Laird, the following recommendations of the Educational Committee were adopted:

1. That Norman Cameron, professor of psychology, be granted leave of absence for the second semester of 1952-53 on summer session basis; salary \$3275 to be charged to psychology 1A-1E, p. 71, and \$1500 to University Trust Funds.
2. That Norris F. Hall, professor of chemistry, be granted leave of absence for the second semester of 1952-53 on summer session basis; salary \$962.50 to be charged to Chemistry 1A-1E, p. 52, \$675 to be charged to University Trust Funds.
3. That F. H. Elwell, Dean of the School of Commerce, be granted leave of absence from February 15 to March 1, 1953, on the summer session basis; charge \$921.69 to commerce 1A-1E, and \$166.67 to Trust Funds.
4. That Porter Butts, Director of the Wisconsin Union, be granted leave of absence, without pay, from January 19 to 31, 1953.
5. That the leave of absence granted to Fred A. Clarenbach, professor of political science, be continued for the second semester of 1952-53, without pay.
6. That Frederick J. Hoffman, professor of English, be granted leave of absence, without pay, for the second semester of 1952-53.
7. That Joaquin M. Luttinger, associate professor of physics, be granted leave of absence, without pay, for the second semester of 1952-53.

(Cont.)

8. That Martin Joos, professor of German, be granted leave of absence, without pay, for the period February 1 to June 30, 1953.
9. That Ineva R. Meyer, Assistant Dean, College of Letters and Science, be granted leave of absence, without pay, from January 5 to January 31, 1953.
10. That John H. Kolb, professor of rural sociology, be granted leave of absence, without pay, from March 1, 1953 to June 30, 1953.

Upon motion of Regent Renk, seconded by Regent Kleczka, it was VOTED, That, upon recommendations of the Athletic Board and of the President of the University, the annual salaries of the members of the football coaching staff be increased, effective January 1, 1953, as follows:

	<u>Present Salary</u>	<u>Salary Effective January 1, 1953</u>
Ivan B. Williamson	\$11,000	\$11,600
Milton Bruhn	9,400	9,700
George Lanphear	8,400	8,700
Fred E. Marsh	8,400	8,700
Robert H. Odell	8,400	8,700
Paul R. Shaw	8,400	8,700.

Regent Laird voted "No". Regent Laird stated that this was a bad precedent, that the Regents had increased these salaries a year ago and should not do so again at this time. President Fred explained that it had been the practice for the past several years to consider faculty increases for members of the football coaching staff as of January 1 rather than as of the beginning of the fiscal year.

Regent Jones presented the report of the Business and Finance Committee.

Upon motion of Regent Jones, seconded by Regent Kleczka, it was VOTED, That the offer of the St. Raphael's Roman Catholic Congregation, Madison, Wisconsin, to sell the following described property to The Regents of the University of Wisconsin for Arboretum purposes, for a consideration of \$8000, be accepted subject to the approval of the Governor, and that authority be granted to pay the consideration and recording and abstracting fees from the Arboretum Trust Fund:

Part of the NE 1/4 of the SW 1/4 of Section 34, Township 7 North, Range 9 East, Dane County, Wisconsin, bounded and des-

cribed as follows: Commencing at the SE corner of said quarter quarter running thence west 50 rods; thence north at right angles 57  $\frac{3}{5}$  rods; thence east at right angles 50 rods to the east line of said quarter quarter; thence south at right angles 57  $\frac{3}{5}$  rods to the place of beginning, subject to the right of way of Chicago and Northwestern Railway Company as shown by deed of conveyance of record from Mrs. A. T. Haven to said Company, and except land conveyed by St. Raphael's Congregation to Dane County, Wisconsin, for highway purposes by instrument dated February 6, 1948, Recorded in Dane County Registry February 26, 1948, Volume 209 of Miscellaneous, at page 587 as instrument number 760176. (It being intended to cover by this description all of the land owned by St. Raphael's Roman Catholic Congregation in the NE  $\frac{1}{4}$  of the SW  $\frac{1}{4}$  of Sec. 34, T 7 N, R 9 E, Dane County, Wisconsin.)

-

Upon motion of Regent Jones, seconded by Regent Renk, it was VOTED, That the offer of the Trustees of the Wisconsin Alumni Research Foundation to lease to The Regents of the University of Wisconsin the property on Coyne Court in Madison, commonly known as the Madison Milk Producers Cooperative Dairy, be approved on the following terms and conditions:

- a. The term of the lease to be for five years beginning with the earliest date that the premises can be made available for University use and to include an option to the University to renew the lease for an additional five years;
- b. The annual rental to be the amount needed to cover the cost of real estate taxes and the prorated annual premiums for comprehensive property and public liability insurance (estimated at not to exceed \$1500 annually);
- c. The University to pay for current maintenance and operating costs; 160-815
- d. The Wisconsin Alumni Research Foundation to pay for remodeling the building (including the cost of the necessary structural changes and changes in heating, ventilating, sewer, electrical and other utility services) in accordance with plans and specifications to be approved by the University;

and that the President and Secretary be authorized to sign the necessary leases and agreements,

-

Upon motion of Regent Jones, seconded by Regent Kleczka, it was  
VOTED, That the offer by the Trustees of the Wisconsin Alumni Research Foundation to provide \$60,000 for the preparation of plans and specifications for additions to the Biochemistry Building, estimated to cost not more than \$1,300,000 to be financed by the WARF, be accepted, and that the Vice President of Business and Finance be authorized to sign a contract with an architect to be selected by the University and approved by the State Bureau of Engineering for the preparation of plans and specifications for the proposed addition to the Biochemistry Building.

-

Upon motion of Regent Jones, seconded by Regent Renk, it was  
VOTED, That upon the recommendation of the State Architect the following contracts be awarded to the low bidders for the groups of Memorial Library furniture and equipment indicated, and that the Vice President of Business and Finance be authorized to sign the contracts:

Division No. 1 - Work Benches and Special Shelving	
The Parker Company, Madison	\$34,175.00

Division No. 3 - Special Wood Shelving, Book Trucks,	
Book Stands, etc.	
Clark Linen and Equipment Company, Chicago	11,527.98

Division No. 7 - Exhibit Cases	
Michaels Art Bronze Company, Covington, Kentucky	5,899.00;

and that the Executive Committee be authorized to act for the Board in the award of contracts for Divisions 2, 4, 5 and 6 after further analysis of the bids received December 30, 1952, by the State Architect and the Library Building Committee and also for equipment grouped in Division 8 for which bids will be received on January 19, 1953.

-

Upon motion of Regent Jones, seconded by Regent Kleczka, it was  
VOTED, That the Vice President of Business and Finance be authorized to sign a contract in the sum of \$5560 with the A. C. Horn Corporation, Minneapolis, Minnesota, low bidder, for labor and materials required for the waterproofing and restoration of various sections of the Memorial Union Building. (Chargeable to the 5-D Memorial Union Revolving Fund budget.)

-

Upon motion of Regent Jones, seconded by Regent Steiger, it was  
VOTED, That the 5-E University Theater revolving fund budget for 1952-53 be increased from \$21,572 to \$30,000 on account of an increase in the volume of theater business. The increase is covered by additional theater receipts.

Upon motion of Regent Jones, seconded by Regent Laird, it was VOTED, That, in consideration of the appropriation of \$75,000 made by the State Building Commission for the construction of the Volatile Solvents Storage Addition to the Chemistry Building, the action of the Regents on September 6, 1952, transferring \$75,000 from 20.41 (1)(e) to 20.41 (11), be rescinded.

Upon motion of Regent Jones, seconded by Regent Kleczka, it was VOTED, That upon the recommendation of the Director of Residence Halls, the following schedule of rates for room and board in University-operated residence halls be approved for the 1953 eight-week summer session:

	<u>Single</u>	<u>Double</u> (Per Person)
Women's Halls:		
Elizabeth Waters	\$175	\$155
Tripp	150	125 to 140
Men's Halls:		
Adams	150	125 to 140
Kronshage	---	140
Married Couples:		
Slichter		\$260 per couple

(NOTE: Barnard Hall will be used by the Music Clinic, and Chadbourne Hall will be vacant.)

Upon motion of Regent Jones, seconded by Regent Steiger, it was VOTED, That upon the recommendation of the Director of Residence Halls, the following plan for the eventual closing of the Monroe Trailer Project be approved:

- a. No new assignments to trailers will be made after the start of the second semester in February 1953.  
(Trailers vacated by tenants after the beginning of the second semester will be removed at the convenience of the University.)
- b. The entire project will be closed at the end of the next fiscal year, June 30, 1954.

Regent Rennebohm made the following statement and motion:

*Just*  
"While in the Governor's office I felt that there were possibilities of duplication of work in various state departments and departments of the University. Now, in line with our desire to cooperate with the Governor in his effort to lower the state operating costs, I move that the President of the Board appoint a committee to work with the officials of the University, state officials, and all others interested, for the purpose of eliminating all duplication that might exist in the University with other state departments."

The motion was seconded by Regent Kleczka and voted unanimously by the Board. Pursuant to the above action by the Board, President Werner<sup>ner</sup> appointed the following Special Committee: Regents Rennebohm (Chairman), Renk and Steiger.

President Werner stated that the report of State Auditor Keliher to the Governor (on certain operating, maintenance and capital funds of the University of Wisconsin for the year 1950-51) had been considered by the Board in executive informal session, that an answer to some of his statements had been prepared in a communication to the Governor, and asked the Secretary to read the letter. The letter (EXHIBIT C attached) was read by the Secretary. Upon motion of Regent Steiger, seconded by Regent Rennebohm, it was

VOTED, That the letter (EXHIBIT C attached) be approved, be made a matter of record, and be transmitted to the Governor.

Upon motion of Regent Renk, seconded by Regent Laird, it was VOTED, That the meeting adjourn.

The meeting adjourned at 11:20 A.M.

A BILL

To repeal 36.227 (3) (c) and 36.227 (4), and to amend 36.225 (4), 46.13, 50.13, 143.07 (10), 245.10 (5), and 245.11 (1) of the statutes, relating to laboratory tests for syphilis.

The people of the state of Wisconsin, represented in senate and assembly do enact as follows:

Section 1. 36.225 (4) of the statutes is amended to read:

36.225 (4) It shall be the duty of the laboratory to undertake the preparation of vaccines, antitoxins, and the production of other biological agents which may be serviceable in the treatment, control and prevention of disease, and to make Wassermann tests and such other chemical examinations as may be deemed necessary.

Section 2. 36,227 (3) (c) of the statutes is repealed.

Section 3. 36.227 (4) of the statutes is repealed.

Section 4. 46.13 of the statutes is amended to read:

46.13 WASSERMANN TESTS. ~~CHEMICAL-EXAMINATIONS.~~ The department may arrange with the ~~Wisconsin-psychiatric-institute~~ state laboratory of hygiene to ~~give~~ secure the Wassermann test ~~to~~ for any person confined in any state or county institution, ~~and to make such test for any physician of this state who applies therefor in behalf of any resident of this state, free of charge.~~ Arrangements shall be made with the institute for chemical examinations of ~~cerebrospinal fluid for any physician of this state, free of charge.~~

Section 5. 50.13 of the statutes is amended to read:

50.13 WASSERMANN TESTS AND OTHER EXAMINATIONS. The state board of health is authorized to make necessary arrangements with the state laboratory of ~~the-psychiatric-institute~~ hygiene for the giving of the Wassermann test to any person confined in any state or county tuberculosis sanatorium, and for making such test for any practicing physician of this state who makes application therefor in behalf of any resident of this state, free of charge. Arrangements shall also be made with said ~~institute~~ laboratory for the making of chemical examinations of the cerebrospinal fluid for any practicing physician of this state free of charge.

Section 6. 143.07 (10) of the statutes is amended to read:

143.07 (10) The state laboratory of hygiene and branch and cooperative laboratories shall make microscopic examinations for the diagnosis of gonorrhea, and ~~the psychiatric institute~~ the necessary examinations of blood, cerebrospinal fluid or secretions for the diagnosis of syphilis, for any physician in the state, without charge and shall report the positive results of such examinations to the state board of health with the name of the physician to whom reported.

All laboratories making blood tests for syphilis or examinations for gonorrhea shall report all positive tests to the state board of health, with the name of the physician to whom reported:

Section 7. 245.10 (5) of the statutes is amended to read:

245.10 (5) In addition to the requirements of subsection (1) both parties to a proposed marriage shall, within fifteen days prior to making application for a license to marry, submit to and be given the Wassermann or other standard blood test for syphilis, either in this state or in the state where such person to be examined resides. In this state such blood shall be examined in a laboratory approved by the state board of health as competent to make such examination and at the request of any physician in this state it shall be made at the ~~Wisconsin-psychiatric-institute~~ state laboratory of hygiene free of charge. When such test is made without the state, the original certificate from the laboratory making such test shall accompany the physician's certificate with a statement from the health officer of such state or his qualified representative, stating that he believes such laboratory competent to make such test. If the test for any such party shall result in a negative finding he shall be given a certificate in the following form:

I,.....(name of physician), being a physician legally licensed to practice medicine and surgery in the state of .....,my credentials being filed in the office of.....in the city of....., county of....., state of..... do certify that ..... (name of person) was given the Wassermann or other standard blood test for syphilis at..... (name of laboratory) from blood taken by .....on the.....day of....., 19.... and that the result of such test was negative.

.....(Signature of physician making laboratory test).

Such certificate of negative finding as to each of the parties to a proposed marriage shall be filed with the county clerk at the time application for a license to marry is made, and it shall be unlawful for any county clerk to issue a license to marry if such certificates of negative finding as to both parties to the proposed marriage are not so filed, except as provided in subsection (4) of section 245.11.

Section 8. 245.11 (1) of the statutes is amended to read:

245.11 (1) No person who has ever been afflicted with gonorrhea or syphilis shall be granted a marriage license in this state until such person shall furnish to the county clerk issuing the license a certificate from the director of the state laboratory of hygiene, or from the state board of health branch laboratory, or from one of the state co-operative laboratories controlled by the state board of health, setting forth the fact that the necessary microscopical examination has been made and that the individual named in the certificate is not in the infective or communicable state of gonorrhea, or a certificate from the director of the ~~psychiatric-institute-at-Mendota~~ state laboratory of hygiene setting forth the fact that the necessary blood test for the Wassermann reaction

has been made and that the person named in the certificate is not in the infective or communicable stage of syphilis. In all cases where the individual has been afflicted with both gonorrhea and syphilis, both such certificates shall be furnished before such license is granted.

RULES OF THE REGENTS OF THE UNIVERSITY OF WISCONSIN  
RELATING TO  
BOARD OF VISITORS, THEIR APPOINTMENT, POWERS AND DUTIES  
(As amended January 10, 1953)

Section 1. The Board of Visitors shall be composed of twelve persons, three of whom shall be nominated by the Governor, six by the Alumni Association of the University of Wisconsin, and three by this Board. At least one of each of said groups shall be a woman. Such nominations shall be in writing, properly executed, and shall be filed with the Secretary of this Board. Upon the filing of such nominations and upon the nominee's filing with the Secretary of the Board an acceptance in writing, the President and Secretary of this Board shall execute under the seal of this Board of Regents and shall issue to the respective nominees suitable certificates of nomination and appointment as members of the Board of Visitors.

Section 2. The term of office of said Visitors, except as herein specified, shall be four years from the first day of July in the year in which they are appointed and until the appointment and qualification of their respective successors; but appointments to fill vacancies before the expiration of the term shall be for the residue of the term only.

The first appointments by the Alumni Associations shall be made by the Executive Committee of the Association and shall be so made thereafter unless such Association shall provide some other method of appointment.

The terms of the appointments to the first Board of Visitors in the year 1913 shall begin June 15th, 1913, and shall be classified so that one of the appointments made by the Governor, one made by the Alumni Association, and one made by the Board of Regents shall expire July 1, 1914; one of the appointments made by the Governor, one made by the Alumni Association, and one made by the Board of Regents shall expire July 1, 1915; one of the appointments made by the Governor, one made by the Alumni Association, and one made by the Board of Regents shall expire July 1, 1916; and one of the appointments made by the Governor, one made by the Alumni Association, and one made by the Board of Regents shall expire July 1, 1917; thereafter, as the various terms expire, all appointments shall be for a term of four years.

Section 3. The Board of Regents and the Board of Visitors shall cooperate. It shall be the duty of said Board of Visitors to render such assistance as they may be able in the development of the efficiency of the University, and to that end, they may examine generally the work of the University, the conditions, methods, manner and subjects of instruction in the various schools, colleges, divisions, and departments, the condition of the buildings and grounds and any other matter relative to the welfare of the University and its faculty and students.

ELL 478

Section 4. The first meeting of said Board of Visitors shall be held at the University, Madison, Wisconsin, on June 17th, 1913, at 11:00 o'clock A.M., or as soon thereafter as shall be convenient. At said meeting, the Board of Visitors shall adopt, by a majority vote of the entire Board, the necessary rules and regulations (not conflicting or inconsistent with the By-Laws and Laws of the Regents) providing for the officers and committees and for the government of said Board of Visitors. All the work of the said Board and its committees shall be conducted in accordance with and pursuant to said rules and regulations and amendments thereof. A copy of such rules and regulations and amendments thereof and copies of the minutes of their several meetings shall be filed with the Secretary of the Board of Regents.

Section 5. On or before June 1st, in each year, and at such other times as the Board of Visitors may desire, they shall make to the Board of Regents a report of their proceedings since the last prior report, together with any recommendations for the betterment of the University, faculty or students. Such report, with recommendations, shall be filed with the Secretary of the Board of Regents, and the President of the Board of Regents shall transmit to the Governor and to the Secretary of the Alumni Association a copy of such report and recommendations.

Every report made by the Board of Visitors shall be taken up for consideration or action by the Board of Regents and the Board of Visitors shall be advised promptly concerning the disposition of the report and of the recommendations therein.

Section 6. The members of such Board of Visitors shall receive no compensation; but the traveling and hotel expenses necessarily incurred in the performance of their duties shall be paid them upon the certificate of the Chairman and Secretary of the Board and upon proper and sufficient proof by affidavit, to be approved as in the case of other claims.

Section 7. A regular joint meeting of the Regents and Visitors shall be held each year at the University, at the time of the April meeting of the Regents, at which meeting shall be considered reports and recommendations of the Visitors theretofore made during the college year, and other matters concerning the welfare and efficiency of the University. Of such regular joint meeting, ten days' notice by mail shall be given to each Visitor and to each Regent by the Secretary of the Board of Regents.

Section 8. Special joint meetings of the Regents and Visitors shall be called by the President of the Board of Regents, at the request of the Board of Regents or of the Board of Visitors; such request to be evidenced by resolution adopted by a majority of the Visitors or of the Regents, at a regular or special meeting, and a copy of which, duly certified by the President and Secretary of the Board of Regents, or by the Chairman and Secretary of the Board of Visitors, respectively, shall be filed with the Secretary of the Board of Regents. Of such special joint meetings, five days' notice by mail shall be given to each Visitor and to each Regent by the Secretary of the Board of Regents.

Section 9. The Board of Visitors shall have power to require the attendance of any business officer, of any employee, of any student and of any professor or other educational officer of the University, as witness, at any special hearing or special investigation; but there shall be no such special hearing or special investigation unless a resolution ordering such special hearing or special investigation shall first have been duly adopted, at a regular or special meeting, by the affirmative vote of a majority of the Board of Visitors.

THE REGENTS OF THE UNIVERSITY OF WISCONSIN

January 10, 1953

--Copy--

Honorable Walter J. Kohler, Governor  
Executive Office  
State Capitol  
Madison, Wisconsin

Dear Governor Kohler:

The Regents of the University of Wisconsin wish to file with the Governor, this formal protest against the recent inaccurate, unfair, and misleading statements made in a recent audit report on certain university funds, submitted to you by the State Auditor.

In his report of an apparent attempt to audit both the intentions of the Regents and the funds of the University, the State Auditor's report has left with the press a number of inferences which are unsupported by fact and dishonest in implication.

We wish to bring the following facts to your attention to clear the air for an honest appraisal of the University's present fiscal operation and future financial needs.

1. The Legislature has entrusted to the Regents the responsibility and powers of University operation, and has appropriated all 1-E fee funds for "...University purposes as determined by the Regents except new construction special and the purchase of land." Although the State Auditor has not said these funds were illegally used, he has published comments which have led the press to draw false inferences.

2. All 1-E funds of the University are deposited in the State Treasury, and are recorded in the records of the State Department of Budget and Accounts. All disbursements of 1-E funds are made only on warrants issued and recorded by the State Department of Budget and Accounts. All proposed charges against 1-E funds are preaudited by the State Department of Budget and Accounts. All financial transactions are postaudited by the State Department of Audit. The inference by the State Auditor that the University is "hiding" such funds is, on the face of it, false, since every transaction is a matter of public record, available in state offices in the Capitol.

3. All estimates of University fee income are determined through the cooperation of both University and State officials. Although fee income, based upon enrollment forecasts, is difficult to estimate two years in advance, the University has been remarkably accurate in its estimates. During the audit year, 1950-51, the actual fee income was \$64,300 over estimates. The State Auditor's report on this figure was false. In his report, Exhibit B, he purports to show receipts that year were short of budget estimates by \$592,257.76; while in Schedule B-1, he purports to show, for the same year, that receipts exceeded estimates by \$272,301.69. There is thus a discrepancy of \$864,559.45 between the two sets of reports prepared by the auditor. Neither is accurate.

*Exhibit C*

January 10, 1953

4. Although in your budget directions to the University you indicate that return of balances to the State Treasury at the end of the biennial year is "the mark of efficient administration and will be so considered at the time of budgetary review," the State Auditor fails to report in his comments the balances totaling \$2,400,000 in 1-E receipts thus made available by the University in the 1949, 1951, and 1953 Legislative sessions. Instead, the Auditor falsely accuses the University of a "determination to retain balances in the revolving fund which is under its control."

The Regents do not wish to ascribe to the Auditor a motive for his strange accounting and unjustified charges, but call to your attention his suggestion that the Legislature may wish to consider "improvements" in the fee fund statutes.

Any change which transfers the legally constituted powers from the Regents to political control will be looked upon by the people of Wisconsin as a violation of the educational integrity of the University. If budgetary control of the University is taken from the Board of Regents, the independence of this great institution will be in jeopardy.

We, members of the Board of Regents, protest the unfair, inaccurate, and misleading aspects of the report of the State Auditor. The publication of this report has had the effect of unjustifiably undermining the confidence of the people of Wisconsin in their University.

We attach an administrative memorandum presented to the Regents which gives further details on this matter.

Respectfully yours,

THE REGENTS OF THE UNIVERSITY OF WISCONSIN

By \_\_\_\_\_  
President of the Board

cc:

Mr. Keliher

MEMORANDUM TO THE BOARD OF REGENTS ON THE  
STATE DEPARTMENT OF AUDIT REPORT ON CERTAIN  
OPERATING, MAINTENANCE AND CAPITAL FUNDS 1950-51

On December 29, 1952, the University received a copy of a report to the Governor by the State Auditor on an audit conducted by the State Department of Audit on "Certain Operating, Maintenance and Capital Funds" for the year 1950-51.

The funds covered by the audit are:

- 1A - State appropriation for general operation
- 1AB - State appropriation for fuel
- 1AC - State appropriation for insurance
- 1C - State appropriation for maintenance
- 1D - State appropriation for miscellaneous capital
- 1E - Revolving appropriation in the State General Fund  
established by State Statute for the handling of  
student fee receipts and miscellaneous University  
income

The complete report contains many detailed accounting schedules which would be costly to duplicate for distribution but the University's single copy of the entire report is available for inspection by the Regents. Inasmuch as the criticisms are all contained in the section titled "Comments" that section has been reproduced in its entirety and copies are attached to this memorandum for the information of all the Regents. (See Exhibit I)

It is reassuring to note, on careful reading, that the Auditor does not accuse the University of any illegal use of funds. He does, however, contend that the University has failed to report all facts to the Legislature. (This accusation will be refuted later in this memorandum.) It is distressing, also,

to learn from newspaper reports that the Auditor's comments apparently are phrased in a manner which gives the press, and through them the public, the impression that the University is guilty of tricky or perhaps even illegal accounting practices. (The fallacy of this impression also will be shown in this memorandum.)

STATE STATUTES RELATING TO LE FUNDS AND  
AUTHORITY OF THE BOARD OF REGENTS

Inasmuch as the Auditor's criticisms are directed chiefly at the University's management of the LE revolving appropriation, it is appropriate to quote two sections of the State Statutes which provide the basic legislative authority for the management of the University by the Board of Regents and for the use of LE funds. (Significantly, the Auditor omitted reference in his audit report to these important provisions of the State Statutes.)

The first of these sections is 36.03, the appropriate sentence of which reads as follows:

"The board of regents and their successors in office shall constitute a body corporate by the name of 'The Regents of the University of Wisconsin' and shall possess all the powers necessary or convenient to accomplish the objects and perform the duties prescribed by law, and shall have the custody of the books, records, buildings, and all other property of said university." (Underlining supplied)

The second section of the State Statutes which relates to the subject under review is Section 20.41(1)(e) which establishes the so-called LE revolving appropriation and specifies the purposes for which this account may be used:

"20.41(1)(e) Laboratory, gymnasium, thesis, military supplies and deposits. All moneys received by each and every person as fees, tuition, thesis deposits and as deposits or payment for breakage, consumption, use and wear of canoe lockers, laboratory and gymnasium equipment, apparatus, laundry and supplies, and for military suits, and all other moneys unless otherwise specifically appropriated, shall be paid within one week after receipt into the general fund, and are appropriated therefrom as a revolving appropriation for the purchase, care, use and repairs of such lockers, equipment, apparatus, laundry, supplies and suits, or other university purposes as determined by the board of regents of the university, except for new construction special, or the purchase of land." (Underlining supplied)

The State Statutes quoted above contain two significant and important provisions, namely,

- (1) The government of the University is vested in the Board of Regents and the Legislature has conferred broad powers on the Board.
- (2) The 1-E revolving appropriation is available for any University purpose determined by the Board of Regents, excepting only new construction special and the purchase of land.

1E FUNDS ARE AUDITED BY BOTH STATE AND UNIVERSITY  
AND ARE USED ONLY FOR LEGITIMATE UNIVERSITY PURPOSES AS PROVIDED BY STATE STATUTE

While it may be contended that moneys received from student fees are State moneys, it cannot be denied that such funds are designated by State Statute for University purposes under the control of the Board of Regents.

There is no foundation whatsoever to support the insinuation that the University has misused 1E funds. If further evidence is needed to substantiate this emphatic denial of any wrongful or illegal use of funds by either direct or indirect methods, consider the following additional facts:

- (1) All 1E receipts are deposited in the State Treasury and are recorded on the records of both the University and the State Department of Budget and Accounts.
- (2) All disbursements of 1E funds are made only on warrants issued and recorded by the State Department of Budget and Accounts.
- (3) Since 1949 all proposed charges against the 1E revolving appropriation and all other appropriations available to the University are pre-audited by the State Department of Budget and Accounts.
- (4) All financial transactions are post-audited by the State Department of Audit.

All of the above listed procedures, audits, and inspections are in addition to the normal accounting procedures of the University, which in themselves constitute a thorough system of financial control. The multiplicity of separate control devices being used would seem to provide adequate insurance against misuse of any University funds.

FINANCIAL FACTS ARE REPORTED TO THE GOVERNOR  
AND THE LEGISLATURE

The suggestion that the University has failed to report to the Legislature the true status of funds under the control of the Regents seems almost too ridiculous to comment upon. How could the University possibly cover up any of the facts when all receipts are deposited in the State Treasury, all disbursements are made on warrants issued by the State Director of Budget and Accounts, and complete records of receipts and disbursements are maintained by the Department of Budget and Accounts? Would it not be absurd for the University to try to mislead anyone about financial transactions which are a matter of public record in the State Capitol? If any person doubts the accuracy of the financial reports made by the University he has only to examine the records in State Capitol offices to verify the figures reported by the University.

Furthermore, both the State Auditor and the State Director of Budget and Accounts examine the University's reports to the Governor and the Legislature and attend the hearings and deliberations of the Joint Committee on Finance. They are in a position to reconcile the accounts of the University with those maintained by state offices.

It has been common practice for many years in the preparation of the biennial budget for University and State officials to cooperate in the determination

of income estimates. Prospective student enrollments are studied carefully and concurrence is reached on what is mutually agreed to be a realistic estimate of income to be credited to LE and other funds. If these facts are not made known to the members of the Legislature, it is not the fault of the University.

#### 1-E BALANCES

The State Auditor has gone to great length in his report to try to convey the impression that the University is guilty of building up substantial balances in the LE revolving appropriation and of not disclosing the existence of such balances. In Schedule B-1 of the audit report he presents a detailed comparison of actual receipts as recorded on the books of the State Department of Budget and Accounts and the estimated receipts used in the University's internal operating budget. He shows actual receipts over budget estimates for four years as follows:

1947-48 -	\$ 55,217.22
1948-49 -	871,524.16
1949-50 -	782,904.41
1950-51 -	272,301.69

In setting up the tabulation presented in Schedule B-1, the Auditor has, to say the least, used a strange stratagem for a certified public accountant to employ in that he has compared actual receipts as recorded by the State Director of Budget and Accounts on a cash basis, with budget estimates on the records of the University which are on an accrual basis. The comparison used by the Auditor gives a completely distorted picture. This is particularly true for the specific years selected by the Auditor for a comparison of actual and budgeted receipts because those were years of large enrollments of veterans whose fees were paid by the Veterans Administration. In some fiscal periods the receipts were not actually realized until a full year after the school term in which the veteran was enrolled.

Thus, the "accidents" of whether cash was received in one year or in another year greatly affected the relationship of actual receipts to budgeted receipts but did not affect the final results.

The confusion that results from the accounting gymnastics used in the audit report is clearly evident from unexplained discrepancies existing between two of the schedules in the Auditor's own report, to wit: Exhibit B of the audit report purports to show in 1950-51 that receipts were short of budget estimates by \$592,257.76, while Schedule B-1 shows for the same year that receipts were over estimates by \$272,301.69, or a variation of \$864,559.45 between the two schedules.

An accurate comparison of budgeted and actual LE receipts for the period 1947 to 1951 is attached to this memorandum as Exhibit II. This Exhibit shows the following excess of receipts over budget estimates on the basis of facts which are truly comparable:

1947-48	-	\$ 44,336
1948-49	-	986,917
1949-50	-	500,131
1950-51	-	64,300

The excess of \$44,336 in 1947-48 is inconsequential in view of the total receipts of \$5,370,826.

The differences between budget estimates and actual receipts in the three years from 1948-49 to 1950-51 are readily explained by the following comments and by reference to Exhibit III attached to this memorandum which shows a comparison between estimated and actual enrollments.

In 1948-49 the estimated enrollment was 17,000 including 7,600 veterans. The actual enrollment was 18,623 including 9,500 veterans. In that year, also, the Veterans Administration changed its method of paying the University for veterans enrolled in the Summer Session (the V.A. added the \$60 incidental

fee to the payment for cost of instruction) and by agreement between the V.A. and the University the practice of charging the equivalent of the non-resident fee was discontinued in favor of a "cost of instruction" payment. These changes resulted in the collection of more funds from the V.A. than was anticipated when the budget was prepared. (It will be shown later in this memorandum that the result of this was to reduce costs to the State.)

In 1949-50 the estimated enrollment was 17,000 including 5105 veterans. The actual enrollment was 17,690 including 7600 veterans. Here again the major reason for receipts in excess of budget estimates was the fact that total enrollment and particularly the enrollment of veterans exceeded the predictions.

In 1950-51 the receipts were only \$64,300 above estimates. This is reasonably close budgeting on a total of more than four million dollars.

It is significant also to note that on page 4 of the University's Digest of legislative requests for 1951-53 presented to the Governor and the Joint Committee on Finance, the University estimated an average enrollment of 13,425 students on the Madison campus for each year of the biennium. This estimate was revised downward in discussions with the Governor and members of his staff to a maximum of 12,000 in 1951-52 and a maximum of 11,000 in 1952-53. The actual enrollment in the fall of 1951-52 was 14,020 and the fall enrollment in 1952-53 is 13,571. The responsibility for underestimating receipts for 1951-52 and 1952-53 must be shared by State officials.

# LE BALANCES HAVE NOT BEEN HIDDEN

Balances in LE result from two sources:

- (1) Excess of receipts over budgeted estimates
- (2) Reductions in actual expenditures from budgeted allotments.

The differences between budgeted and actual receipts have already been explained.

The reductions in actual expenditures from budgeted allotments are reported in Exhibit IV attached to this memorandum.

In a statement to department heads in the autumn of 1952 the Governor stated that he considered budget savings as evidence of efficient management.

Why has the State Auditor omitted any reference to the disposition made of the excess receipts from student fees and budget savings? His report leaves the impression that the University has hidden and hoarded these funds, and yet he knows that this is not true. The records of the University's reports to the Governor and the Legislature for the period since the close of the 1947-49 biennium show that LE balances have been reported and applied to budgets for the succeeding biennium, with a corresponding reduction in the requests for State appropriations, as follows:

1949 Legislative Session	-	\$ 500,000
1951 Legislative Session	-	1,200,000
1953 Legislative Session	-	700,000

These balances, totalling \$2,400,000, were deducted from requests for State appropriations in the three bienniums, 1949-51, 1951-53, and 1953-55. The Auditor not only fails to mention this fact in his comments but accuses the University of a "determination to retain balances in the revolving fund which is under its control."

An honest and accurate statement would include all the facts, and would avoid the distorted impression which has been reported in the press on the basis of the comments presented by the Auditor.

SHOULD THE LE APPROPRIATION STATUTE BE REVISED?

In his comments the State Auditor has suggested "that the legislature may wish to consider improvements in the present statutory arrangement under which operations of the university are financed." He states that the present statutes permit the university to retain large balances in its 20.41(1)(e) revolving fund, that the operations of this fund have not been fully and adequately explained to the legislature in connection with university budget requests, and that the university has been able to expend funds for projects which were not contemplated in its original budget and which were not considered by the legislature in its determination of university appropriations.

Evidence has been submitted in this memorandum which clearly refutes the charges that the University has retained large balances in the LE revolving fund and that State officials have not been fully aware of the operations of the LE fund.

There remains, then, the question of the extent to which the Legislature, rather than the Regents, can or should pass on the details of expenditures chargeable to the LE revolving appropriation.

As an agency of the State, created by the State Legislature, the Board of Regents possesses only such powers as are conferred on the Board by the Legislature. It has been pointed out previously in this memorandum that the Legislature has conferred broad powers on the Board of Regents. The Regents are the duly constituted representatives of the people of the State in performing the duties of managing the University. This delegation of responsibility and authority is both desirable and necessary because it would be impractical

for the Legislature itself to discharge the management functions now assigned to the Regents.

In comparison with other state universities, the University of Wisconsin already is greatly restricted in its operations by special powers conferred on State bureaus and departments. Many state universities do not deposit their direct income in the state treasury and have no central state control over such items as travel, purchases, printing, construction, accounting, or employment of non-academic personnel. In Wisconsin all of these items are subject to certain statutes and directives which place various degrees of control over them in State, rather than University, officers.

The desirability of giving considerable latitude to public boards in charge of educational services is well recognized in this State as well as in other states. For example, local school boards throughout Wisconsin are given quite autonomous powers to keep them free from partisan political influences. In many states this principle is applied as well to the state university by establishing the governing board as a constitutional entity. The point seems to be well taken that the board in charge of an educational institution must possess sufficient authority and freedom from political influence to manage the institution in a non-partisan manner and in the best interests of all the public. Education is a different type of service and has different problems than are found in what is commonly known as government.

Legislative budget estimates must be prepared some thirty-two months in advance of the end of the biennium to which they apply. The University does not remain static for that period of time, nor in fact from day to day. Enrollments change, the distribution of students within the university changes, courses of instruction are changed, there is a considerable turnover in personnel, new ideas are developed in the research laboratories, and emergency

situations arise. These are typical examples of the rapid and continuous shifts and changes that occur in a modern university. Most of them require adjustments in the budget and many of them demand changes in plant and equipment.

The use made by the Regents of the LE revolving appropriation indicates the extent of internal budget adjustments which are necessary if the University is to do its job adequately. Additional staff is supplied to take care of an unanticipated increase in enrollment and the cost is charged to additional receipts from student fees, equipment is purchased, building space is adjusted by remodelling to take care of new or changed programs. These are details of management but they are extremely important details to the welfare of the University. They must be taken care of promptly, as they arise. They cannot wait for the next meeting of the Legislature.

In view of the fact that all financial transactions of the University are processed through central State offices and since the State has established procedures for both pre-audit and post-audit of expenditures, it seems neither desirable nor necessary to establish further restrictions on the use of the LE revolving appropriation.

The existing statutory arrangement under which operations of the university are financed, in part by direct state appropriations and in part by tuition and fee revenues in a revolving fund controlled by the university, occasions considerable confusion. It also produces certain undesirable results which should be directed to the attention of the legislature. Our scrutiny of operations in funds covered by this report leads to the conclusion that, over the past several years, the university has succeeded in retaining large balances in its 20.41(1)(e) revolving fund, and that operations of this revolving fund have not been fully and adequately explained to the legislature in connection with university budget requests. One result of the foregoing is that the university has been able to expend funds for projects which were not contemplated in its original budget, and which were not considered by the legislature in its determination of university appropriations. Although unforeseen situations will arise in the operations of a large university over a period of two years, the legislature has provided for such contingencies, and attempted to retain control over appropriations not contemplated in the original budget, by means of an emergency board appropriations for purposes of higher education.

A specific example of inadequate information provided the legislature on operations of the 20.41(1)(e) revolving fund is shown in Schedule A-1, on page 18 of this report. On June 30, 1951 the fund cash balance, together with current receivables, totaled \$2,803,634.59. Page 48 of the university's digest of its 1951-1953 budget request shows a so-called "free balance" available in the said revolving fund on the same date aggregating \$1,438,643, composed of the three amounts \$359,335, \$238,643 and \$840,665. This "free balance" was estimated by the university in the manner outlined at the bottom of Schedule A-1, and included current receivables. However, the university digest of its 1951-1953 budget request failed to indicate that the "free balance" was merely the amount it elected to report after setting aside reserves for various projects. Such

reserves totaled \$1,283,299.49 on June 30, 1951, and on that particular date were recorded on university records as being held for the purposes indicated in Schedule A-1. Under the described method of reporting to the legislature, the university could obviously have elected to retain an even greater total of reserves, and thus shown a correspondingly smaller "free balance" available to finance operations of the ensuing biennium. In connection with the balances retained by the university, it appears that some question might be raised concerning the practice of reserving amounts for remodeling and building improvement when appropriations for like purposes are being requested of the legislature. It also appears that some question could be raised concerning the urgency of many remodeling and improvement projects for which various balances were recorded as reserved on June 30, 1951, because of the many reallocations of reserves made shortly after that date and throughout the 1951-1952 fiscal year.

Increases in the 20.41(1)(e) revolving fund balance have been occasioned in part by excesses of actual revenues over estimated revenues. Such excesses have aggregated \$1,981,947.48 from July 1, 1947 to June 30, 1951, as shown in Schedule B-1 on page 21 of this report.

Increases in the balance available in the discussed revolving fund have also been occasioned by unused salary and wage allocations. As shown in Schedule C-3 on page 25 of this report, such unused salary and wage allocations amounted to \$1,653,862.21 from July 1, 1947 to June 30, 1951. Said schedule also shows that although a large balance of the salary and wage allocations is unused each year, only a small portion thereof is lapsed to the state's general fund in the 20.41(1)(a) appropriation. This procedure requires an arbitrary allocation of salary and wage payments between the 20.41(1)(a) state appropriation and the 20.41(1)(e) revolving fund. It is highly significant, for it demonstrates the university's determination to retain balances in the revolving fund which is under its control.
