<http://rightsstatements.org/vocab/InC/1.0/>

The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Flexible

What safe range of motion should your young and active patients expect from their knee system postoperatively?

The NexGen LPS-Flex Knee is designed to accommodate safe flexion up to 155 degrees.

Why compromise?

You are part of the next generation
