The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

The CapDisk

Capitation Contracts Can Be Puzzling

The AGA and ASGE have developed the CapDisk to help you fit the pieces together.

With the CapDisk you will be able to develop, assess or renegotiate capitation rates on a detailed, CPT code-specific basis. Easy to use, the CapDisk works on your existing spreadsheet software. There's no need to trouble yourself with having to load a new program on to your computer.

Many similar products sell for up to \$2,000. As a service to their members, the AGA and the ASGE are offering the CapDisk for the low price of \$195 for AGA/ASGE members and \$250 for nonmembers (includes shipping and handling).

To order the CapDisk, please fill out this order form and fax or mail it to the AGA National Office. For more information, contact the AGA National Office at 301/654-2055.
