## MAY ERECT NEW DAIRY BUILDING ON AG CAMPUS

### Regents Accept Resolution Submitted By Butter-makers

The erection of a new dairy building on the campus of the College of Agriculture may be the result of a request embodied in the resolution of the Wisconsin Butter-makers' association, which was accepted at the meeting of the Board of Regents.

The resolution requests that the governor, the state legislative bodies and the Board of Regents consider the needs of the dairy school and provide a new building for the dairy department, in view of the fact that the school is the leading one of its kind and that the dairy professors have made many important contributions to the science and art of buttermaking.

The association represents about 700 creameries and more than 70,000 farmers.

### Plan Presented For Dormitories

An expenditure of \$2,500,000 for men's dormitories by private capital within the next few years was embodied in a plan presented following a regular monthly meeting of the Board of Regents yesterday. The plan is subject to approval by the state legislature, allowing capital to be used in the promotion of such a project.

Major E. A. Fitzpatrick announced today that the board of education will, however, encourage such a project handled by private capital, the major asserted.

A local financier is ready to start work next spring on the first unit of a system that will cost in the neighborhood of \$500,000, and will house 500 students. The completed system calls for the housing of 2,500 students at a construction cost of approximately \$1,000 per student.

### Princeton Man To Give Lectures

The following appointments were made by the board:

**Letters and Science**  
Oren L. Raber was appointed acting assistant professor of botany for the second semester. Prof. Frank L. Mather, Jr. of Princeton university was appointed special lecturer in classics to give lectures and seminary talks during the second semester. H. D. Simpson was appointed research associate in land economics with rank of assistant professor. R. T. Johansson

(Continued on page 8)

### Christmas Octi Appears on Hill Next Wednesday

More than 3,000 copies of the Christmas number of the Wisconsin Octopus will go on sale next Wednesday. The spirit of Christmas is to pervade the book this issue.

"The Proof in the Pudding" is the title of the cover design, to be presented in the conventional Christmas colors of red, green and black. Hubert F. Townsend '23, editor of the book, designed the cover.

In speaking of the contents of the holiday number, Townsend says:

"Both the editorial and the art staffs used their ingenuity to flavor all material in this issue with the spirit of Christmas. Every drawing and every line of copy will have something of the festive touch in it. Because the Christmas number is the largest circulating issue of the year, we aim to make it a publication that Wisconsin men and women will enjoy taking into their homes with them when they leave for their vacations."

Card reminders of the date the Octopus will appear, have been mailed to all fraternity and sorority houses to be posted on the bulletin boards.

### No Coal Shortage Here Says Business Manager

"A coal shortage at the university is almost impossible now," said J. D. Phillips, business manager of the university yesterday. "We are receiving all the coal we need for the present, and there is no indication that we shall not continue to receive an adequate amount through out the winter." 2,240 tons of coal were consumed during the month of November and between 3,300 and 3,500 tons will be needed for December. The supply on hand for December is 4,337 tons and 20 carloads are being shipped here per week. Due to the mild approach of winter there is less coal being consumed now than there was last year at this time.

## COAT THIEVES HIT BY SENATE

### Offer \$25 Reward For Information Leading to Arrest

A \$25 reward, which will be given to the person who gives information causing the conviction of a coat thief on the university grounds in order to remedy thieving of overcoats, was decided upon by the student senate at its regular meeting in the Law building last night.

The executive committee is pushing this matter to the utmost in order to stop the stealing of books and overcoats at the university. Suspected persons may be reported to the executive committee, which is composed of Herbert D. Hentzen '23, chairman; Lucius P. Chase '23; and Maynard W. Brown '23.

That the committee on the point system should work in conjunction with the S. G. A. because of its knowledge and use of this system, was recommended by Senator Ralph E. Balliet '23, chairman of the committee.

A report on the proposed amendments to the constitution was read by Chairman Brown.

These amendments aim to provide a definite filing system for the student senate and to set a good date for the Varsity Jamboree.

### Miriam E. West Speaks on Volga Famine District

The committee on lectures and convocations has announced that Miss Miriam E. West will speak Friday afternoon at 4:30 in 165 Bascom hall on conditions in the Volga famine district of Russia.

Miss West, representative of the American Friends, the Quakers, acting as executive in charge of European relief, spent last year in the worst famine district in Russia, with headquarters at Samara. She was directly in supervision over all food supplies, clothing, and agricultural goods which were sent to this Volga district. She aided in the attempt to reestablish agricultural activities among the sufferers, but because of poor weather conditions, the large part of the crop has again proved a failure. This will result in another famine this winter, which will not however, be as extensive as the last.

Miss West's main object is to make reports of the expenditure of large donations received by the American Friends for the support of their relief work in Russia.

### Week-end Privileges For Every Night in Vacation

That all girls remaining at their rooming houses during Christmas vacation have week end privileges, 11 o'clock hours for every night of the vacation and 12:30 for dances, was the announcement made last night at the regular S. G. A. board meeting. The discussion in the meeting centered around the proposals from the floor for tentative plans to enhance the administration of student self government. Definite information will be given out at later date.

## THETAS, PI PHIS TOP SORORITIES IN SCHOLARSHIP

### Averages For 13 Semesters Compiled and Made Public

Kappa Alpha Theta sorority holds the highest scholastic record of the 22 social sororities whose averages have been balanced by semesters since 1914. Complete figures for all sororities have been made into a chart similar to the recent one compiled of fraternity statistics.

Among the 10 sororities whose records are complete for 13 semesters, Kappa Alpha Theta merits first, with a final average of 4.15, according to the point system devised by Dean S. H. Goodnight, who first established this method of keeping the weighted grades of the various organizations. Theta holds first place among sororities for 11 out of the 13 registered semesters.

Other sororities with complete scholastic standings since 1914, in the order of their respective places are: Pi Beta Phi, a close second with 4.31; Alpha Xi Delta and Kappa Kappa Gamma hold the third and fourth place with a little more than 6 as their finals. Gamma Phi Beta comes in fifth with 7.54, while Alpha Gamma Delta follows sixth with 7.69. Delta Gamma and Alpha Phi are next in order with approximately 8.50 Chi Omega and Alpha Chi Omega tie for ninth place, both maintaining 9.15. Delta Delta Delta is last in this group, having 9.23.

(Continued on page 8)

### Interfraternity Council Hears Childs Tonight

Jack Childs, Wisconsin's representative to China will speak to the interfraternity council at its regular meeting at 7:15 o'clock tonight at the Sigma Alpha Epsilon house on the work in China.

The annual Christmas parties and donations to the Madison Public Welfare association for the poor children of Madison will be discussed and some of the fraternities given permission to hold parties. Last year nine parties were held and \$197 donated by those not giving the parties.

This year Miss Jeanette Davis, secretary of the welfare association has asked that the number of parties given by both the fraternities and sororities do not exceed eight or nine.

Rushing rules will be taken up and a tentative draft given the members for their approval at chapter meetings.

### FACULTY MEMBERS APPEAR IN RECITAL

Three members of the faculty of the School of Music at the University of Wisconsin will appear at music hall auditorium tonight in the first faculty recital of the season. They are Jane Peterson, contralto, George K. Hibbets, pianist, and Evelyn Benham, accompanist.

Miss Peterson has an unusually sweet contralto voice of high quality which has made for her a reputation as one of the best contraltos of the middle west. Miss Benham, her accompanist, is an instructor at the School of Music.

George K. Hibbets, piano soloist, has appeared before Madison audiences in the past and has been met with approval and praise from his listeners. He is a teacher of piano at the University School of Music. He will play Twelve Symphonic studies by Schumann and Beethoven's Sonata Op. 53.

The recital will begin at 8:15.

### WEATHER: FLURRIES

Rain or snow is expected for today. Colder weather is expected for Madison and vicinity tomorrow.

### King Winter Holds Court Amid Flurries of Snow

His Majesty, King of Winter, was received formally in Madison last evening.

Snow—the first of the year—began falling at 9 o'clock and continued to come down early this morning. It was hard, sticky substance which rendered walking difficult and made life miserable for the pedestrian and perilous for the motorist.

Simultaneous with the snow fall last night came the usual rise in temperature. Flurries of snow or rain are predicted for Madison and vicinity today and tomorrow.

## PROM QUEEN IS NOT YET CHOSEN

### Slogan Contest to Close on Saturday; Offer \$5 Prize

"The Prom queen has not been chosen yet. All the rumors now circulating to the effect that the queen has already received an invitation are unfounded," Gordon B. Wanzer, prom chairman said last night.

"Everybody in school seems to be more certain than I am that the opposite is true, but I don't know how these stories started," he said. "I have not been able to make up my mind and I don't know when I will figure it out. I have a whole list of names of people and my friends are helping me to add to the list every day. The trouble is there are too many nice girls in the class."

### Contest Closes Saturday

The slogan competition to pick a suitable slogan for the prom will close at 6 o'clock Saturday. Sixteen slogans were received by Wanzer yesterday. A prize of \$5 will be given to the person originating the slogan selected for the prom. None of the slogans received yesterday were suitable because of their length," Wanzer said. "It seems that every mail is bringing suggestions for Prom queen," he declared. "Some of them bring good ideas with them, and some which are not personal might be called more interesting than helpful."

One of the letters designated by Wanzer as "interesting" follows:

Mr. Wanzer,  
Dear Sir:

I believe you wish to select the girl for Prom queen fairly. Because of this belief, I wish to call to your attention a strikingly beautiful blond girl who eats her breakfast at the One Minute restaurant. She is about 5 feet 8 inches in height with a graceful carriage and round slim figure, a wonderful complexion and has excellent taste in dress. I have watched this girl for the last six weeks and I know she has the looks, figure, and intelligence necessary for prom queen. She is the only girl I have ever seen at this institution who would eat four rolls and a glass of milk for breakfast. In fact I think her looks may be attributed partly to her exceptionally good health. I do not know this girl's name and have no other way of finding out. If I do get her name I will notify you. She is the kind of a looker, although not flashy, who make men and women both fall into a state of suspended animation when she appears.

This letter sure would be amusing if I were not so sincere in my statements. Personally I would like to see Wisconsin's prom represented by an undeniably beautiful woman as Prom queen.

Sincerely yours,  
Engineer '24.

### Miller to Captain Iowa Gridiron Team in 1923

Glenn "Doc" Miller, was elected captain of the 1923 football team of Iowa university. Miller, who is a junior in the Liberal Arts college, year.

## ARMY REQUESTS PLACE ON 1923 GRID SCHEDULE

### Athletic Council Likely to Reject Offer of Cadets

Intersectional football at Wisconsin received a serious blow when an invitation from the Army, West Point, to play the University of Wisconsin in a football game during the 1923 season was looked upon with disfavor and probably rejected by the Athletic Council, which met in the gymnasium yesterday afternoon.

Army invited Wisconsin to send a football squad East for a preliminary contest next year, but because there was no possibility of a home-and-home series and because the game was considered too hard for an opener, it met with the disapproval of the council.

Nine other institutions willing to play a preliminary game with the Badgers were under consideration at the session. No decision as to Wisconsin's two opponents will be made until the next council meeting before the holiday vacation.

Nebraska, Centre college, Syracuse, Marquette, Ames, North Dakota university, South Dakota State college, and Creighton have expressed a desire to meet a Badger eleven on the gridiron.

Of this galaxy of teams, Ames, South Dakota State and Creighton are considered good prospects for the first two games it was said by Athletic Director Thomas E. Jones. Centre is said to be disapproved of because it has loose eligibility rules.

A new Conference ruling which went into effect this year forbids Big Ten institutions to compete against schools which use freshmen on their Varsity teams. Some of the likely opponents are automatically debarred by this provision. Creighton, because it has a game. South Dakota State, because of its excellent showing in the last two years, and Ames are strong possibilities. Other opponents may be selected by the council, however, and the final choice will not be known until its next confab.

The governing sport body approved track, baseball, wrestling, and gym schedules yesterday. The swimming card was oked with the exception of the Indiana meet at Madison on Jan. 19. Proximity of semester examinations led to a proposal that this competition be held on Jan. 12 or 13, and the department will get in touch with Indiana authorities in an effort to shove the date ahead one week.

Eight ice hockey games to be played in January and February with Minnesota and Michigan were discussed. If they are approved, the Wisconsin hockey squad will play two games with each team on its home rink and then play each opponent two return games at Madison.

### DOLPHIN MEMBERS PRESENT PROGRAM

The fact that many of the Dolphin members are nationally known swimmers, formerly affiliated with athletic clubs, ought to promise an evening both education and entertaining, when Dolphin club presents its first exhibition of the year, in the Lathrop pool at 7:30 o'clock this evening.

The feature of the program will be the "Evolution of Swimming" in which the development of strokes from the Stone Age up to 1922 will be depicted by the various members of the organization. "Looking for a Friend" a stunt given recently at the Illinois Athletic club, Chicago, by Johnny Weissmuller and Norman Ross, will be another big event.

Stunts such as a Dog Race, Balloon race and fancy strokes will be presented. A Red Cross Life Saving event will end with the diving exhibition, three of the divers of which have participated in National diving contests. Tickets may be obtained from Dolphin members only.

## LOAN LIBRARY AIDS DEBATERS

Secretary Requests Copies of  
Certain Issues of  
Magazines

During the years 1920-22 a total of 17,114 loan library packages, dealing with 6,141 different subjects, were sent to 895 different communities by the department of debating and public discussion of the Extension Division, according to recent tabulation.

The object of the department is to send the best material that can be obtained on any subject to any resident of Wisconsin who is unable to obtain the material elsewhere. Of the entire 895 communities served by the package libraries 82 per cent have no public libraries and it is the desire of the department to help these communities.

The greatest demand for these packages is from organizations and educational institutions. The largest part of the material desired has been on the Kansas court industrial relations and compulsory unemployment insurance.

More than 800 requests have been made during the past month and the supply of the material is nearly exhausted. Miss Scott, secretary of the department, has requested that any person having magazines containing this material call the department and it will collect them.

The magazines desired are The Saturday Evening Post, March 6, 1920, Nations Business, March 1920, Journal of Political Economy, April 1920, The American Economic Review, June 1920, System, January, 1921, The Outlook, April, 1922, The Rotary Magazine, October and December, 1922, The Political Science Quarterly, March, 1916, The Christian Century, November 10, 1921, The Living Church, August 20 and September 3, 1921, The American Labor Legislation Review, June 1913, May 1914, June 1915, March 1921, The Monthly Labor Review, November 1916, February 1919, April 1919, April 1920, August 1920, September 1920, May 1921, April 1922, The Survey, March 14 and 28, 1914, May 11, 1918, January 14, 1922, The Journal of Political Economy, April and May 1913, and The Economic World, December 1918, February 12 and 19, 1921, March 26, 1921.

### Ag Lit Will Debate Athena on Friday

The Agricultural Literary society will meet the Athena Literary society in debate in Agricultural

auditorium, Friday night for the first time since the war.

"Resolved, that the Eighteenth Amendment to the United States Constitution Should Be Repealed" is the subject of the debate. The agrics will uphold the affirmative side of the question while the Athenians will support the negative.

Previous to the war, the Agricultural Literary society held triangular debates with other agriculture colleges. These debates have not been revived since the war.

In order to maintain the incentive for effective debating in the Agricultural Literary society, the forensic board ruled last year that the society should debate the hill society that was not engaged in the joint debate of the current year.

The first clash between a team representing a hill society and the agric team was held last spring when the Agricultural Literary society defeated the Hesperia team.

The clash next Friday night is considered of unusual interest among forensics enthusiasts because it will give another of the hill societies a chance to try its ability against the agric debaters.

### CHANGE PEP MEET PLANNED BY CLUB

A pep meeting has been scheduled for the next Outing club meeting a week from tonight, instead of having the meeting tonight as originally planned for.

This meeting is primarily for women who are interested in Outing club but who have not yet joined and who do not fully understand it. Everything will be explained and the organization and its purposes made clear to all who do not belong.

Membership takes two meetings, payment of the 50 cents dues, and 10 hours in any sports not organized under W. A. A. such as horseback riding, canoeing, ice skating, rollerskating, skiing, tobogganing, hiking around the lake, bicycling.

"We are anxious to interest the new women, and want every woman who is interested in sports and genuine good times to come to this pep meeting," said Romaine Barryman '23, president.

### APIS CLUB PLANS BEE ORGANIZATION

Plans for an entertainment to be given at Agricultural hall on Feb. 20 were formulated at a meeting of Apis club Tuesday night. Associating the similar clubs in the universities of the country into a national Apis organization was also discussed at the meeting.

The entertainment will include a vodvil act, motion pictures of the bee industry, and actual demonstration of keeping bees and handling them, given by members of the club.

Pennsylvania now has an Apis club, the second in the United

States, Wisconsin being the first branch established outside Great Britain. Prospective members of the proposed national organization are Iowa and Michigan. The clubs are formed in the agricultural colleges and carry on constructive work in co-operation with the bee keepers in the state.

The committee on arrangements for the entertainment includes Prof. H. F. Wilson, chairman, George Marvin '23, and Walter Kuenzli '24.

The publicity committee is composed of Victor V. Goss '24, chairman, Ernst E. Ehr Gott '25, and J. Forest Crawford '23.

## Classified Ads

Classified advertisements must be sent to the office of The Daily Cardinal in the Union building, 752 Langdon street, before 5 o'clock of the afternoon of the day preceding date of publication and must be paid in advance. Rates are one and one-half cents a word with a minimum charge of 25c.

# NEWS OF CONFERENCE SPORTS

## GYM ATHLETES WILL ENCOUNTER STIFF SCHEDULE

**Chicago and Minnesota Expected to Be Opponent**

Wisconsin will take on one of its hardest gym schedules this year with Chicago and Minnesota exceptionally strong and doped to give the Badgers a hard run. Wisconsin has a strong team this year in that they have lost only three men from last year's squad.

The team lost two strong men in Elmer Kleitzein, captain of last year's team, and Frank Leitz. Another loss that the team will feel will be that of Edison Boerke, who will graduate in February.

Dean Kitchin, captain of this year's team, should be a point winner for Wisconsin. He has been undefeated in tumbling in the last two years. There is no one who seems to be able to take his crown away from his this year.

### Fourteen Report

Walter Porth seems to be as good as last year. In him Wisconsin has a man to be feared by the entire conference. Frank Kubosch, perhaps one of the best men of the squad, will be another contender for conference honors. Ineligibility kept him from competition last year. H. W. Schmidt, a man who has lately reported to the squad, is a strong man on the horses.

The fourteen men who are reporting now are Captain Dean Kitchin '23, M. E. Hansen '23, W. L. Porth '23, F. L. Bumer '23, T. E. Stevens '24, N. Koch '24, F. W. Kubosch '23, W. E. Puerger '23, Al Thompson '25, F. C. Whitehead '24, H. W. Schmidt '25, C. R. Evenson '23, J. G. Reinhold '24, and W. Hanman '24.

The men are reporting three times a week to Coach Frank Leitz, a regular of last year's team. The team is showing progress, and according to the coach, prospects look good for a title this year.

### To Meet Y. M. C. A.

A preliminary meet has been arranged with the Milwaukee Y. M. C. A. for February 10 at Milwaukee. On February 23 the team will go to Chicago to meet the strong Maroon aggregation. On March 3 the Gophers will appear at Madison. December 16 will see the conference meet at Ohio State. A meet with Northwestern is also being arranged.

## St. Louis Gets Place on Notre Dame Schedule

The athletic council of St. Louis University announced yesterday that negotiations have been completed for a football game to be with Notre Dame to be played at St. Louis on Thanksgiving day next season.

## Southern California to Clash With Penn State

The Pacific coast intercollegiate conference has selected the University of Southern California to meet Penn State on the gridiron in the New Year's game at Pasadena, California.

## SEEK TO INCREASE CLUB MEMBERSHIP

The movement for the support of Jack Childs in China will be pushed next week parallel to the student canvass to be started Monday under the leadership of Prof. D. W. Mead and an executive body of faculty men.

The faculty hopes to raise \$2,000 this year for Childs' support, according to Mead. Last year the faculty raised \$1,200 and many professors and instructors are now sustaining members of the Wisconsin in China organization.

The personnel of the faculty organization is Professor Mead, chairman; Prof. G. C. Fiske, meetings; Dean F. W. Roe, speakers; Grant M. Hyde, publicity; Dean F. E. Turneure, faculty evenings; G. L. Gilbert, treasurer; C. G. Dittmer, secretary; Prof. E. A. Ross, R. H. Whitbeck, and F. E. Wolfe, advisers.

## Purdue, With New Coach, Hopes for Swimming Title

Purdue University faces prospects of a successful year for its swimming team. A new coach, John H. Waldo, a graduate of Illinois in 1919 and an expert swimmer, and a large amount of new and promising material, make it certain that Purdue will make a better record this year than ever before.

The greatest strength of the team is said to lie in the dashes, in which there are five capable men. Knipdash, a freshman, is one of the best men in the dash besides leading with Capt. Earp in the back stroke.

Three men in the plunge and three in fancy diving are making good showings.

## MERCHANTS TO FETE PLAYERS

**Varsity Eleven to Be Guests of Business Men at Banquet**

Madison business men will entertain 37 varsity football players at a banquet given in honor of the 1922 squad at the Park hotel at 6 o'clock this evening. The banquet will be followed by an Orpheum party.

Each guest is to be "paled" by a business man who will sit beside him at the banquet and escort him to the show later in the evening. A quartet will sing a picked group from the university band will play and toasts will be offered.

"We have everything arranged to give the football men a splendid time this evening and there will be Kingston said in behalf of the Madison business men last night.

## Rollie Attains To Real Fame; Cigar Named For Him

Rollie Williams

Rollie Williams, Wisconsin's star football player, has finally attained real fame. He has had a cigar named for him.

Joseph J. Leary of Edgerton, cigar manufacturer, has just put out a Rollie Williams cigar which is already being sold in Madison and the southern part of the state. The cigar box cover carries a picture of Rollie in his football togs with the words: "Rollie Williams, the Edgerton Flash."

## Four Teams Take Three Straight in Pin League

Bowling scores in last night's games are as follows:

- Kappa Sigma 3, Theta Chi 0
  - Pi Alpha Delta 3, Chi Phi 0
  - Phi Kappa Epsilon 3, Delta Tau Delta 0
  - Alpha Phi Delta 3, Delta Phi 0
  - Delta Pi Epsilon 2, Sigma Pi 1
  - Delta Chi Sigma 2, Phi Delta Theta 1
  - Zeta Psi 2, Sigma Nu 1
- Donald Marvin '23, had the high score of 231 for the match.

## QUINTET WORKS IN SECRET FOR BUTLER BATTLE

**Meanwell Whipping Team in Shape For Early Contest**

Varsity continues its secret basketball practices in preparation for the initial game of the season with Butler college, and the squad is now rounding into condition for its preliminary season.

Coach Walter E. Meanwell is still relying on Les Gage, Elsom, and Barwig to fill the forward positions while Gus Tebell and Rollie Williams appear to have first call for the guard jobs. Douglas Gibson is working at center, and if he continues the improvement that was evident during the last games of the past season, he should be one of Meanwell's best basket tossers.

Despite the loss of two star forwards, the Wisconsin quintet is expected to be in the first flight of Big Ten teams this year. Duke Geaser and Cop Taylor have been playing with the squad and assisting Coach Meanwell to whip his forwards into shape. These men were rated among the best forwards in the Conference last year.

To prevent any such upset as occurred when Butler college defeated Wisconsin, 2 to 20, in the second game of the 1921 preliminary schedule, Meanwell has developed his team earlier than usual, and it is now hitting near top speed.

Because Tebell and Williams were unable to report before this week, perfection of teamwork and defensive tactics has been hindered, but these men are veterans and it will not take them long to work in with the remainder of the first team.

The Butler college team which beat Wisconsin last year is practically intact. It has been working since the beginning of the collegiate year under the tutelage of Coach Pat Paige former Maroon mentor. Five members of the Hoosier squad are married men.

When the Indiana five met Wisconsin last December, it jumped into a seven point lead, with Brown throwing consecutive free throws. Meanwell's outfit was never able to head the collegians.

Open practices will be held on Monday and Wednesday nights before the Butler contest to ward off any chance of stage fright and give the Badgers a chance to "do their stuff" before a crowd. Freshmen will oppose the Varsity team.

## HITCHCOCK HAS NEW METHOD TO GRADE MATMEN

A new method of counting points in Big Ten Conference wrestling which was devised by Coach George Hitchcock, Wisconsin mentor, has been accepted by the Conference Wrestling association. Falls will count five points instead of eight and decisions will count three points instead of six for the winner.

With the value of decisions lessened in the total of points, teams will strive to win by straight falls instead of merely gaining a decision.

Under this method, a wrestling squad that gains three falls will make 15 points, as against 12 received by a squad which wins four matches by decision.

Teams which do not have a man for every weight will forfeit the match, according to another new Big Ten rule. Coach Hitchcock is also responsible for this change. Formerly, if a squad did not enter a man at a specified weight, the match was cancelled and no points were counted.

## SWIM SCHEDULE IS ANNOUNCED

**New Tank Delays Early Practice; Steinauer is Hopeful**

The Varsity swimming schedule for the season has been announced and includes eight matches, five of which are dual meets with conference teams, two with the Milwaukee Athletic club, and the regular conference meet.

Coach Joe Steinauer has excused swimmers from further practice until after January 1 when the new tank will be ready. The squad has been unable to get started early, but with a number of experienced men in school, and some good prospects in the new material, Coach Steinauer expects to turn out a good team.

- The schedule follows:
- Indiana at Wisconsin, January 10.
  - Minnesota at Minneapolis, February 10.
  - Michigan at Wisconsin, February 17. (Pending)
  - Milwaukee Athletic club at Wisconsin, February 24.
  - Northwestern at Wisconsin, March 2.
  - Chicago at Chicago, March 9
  - Conference meet at Chicago, March 15 and 16.
  - Milwaukee Athletic club at Milwaukee, March 23.

## FRESHMEN AND SOPHOMORES TO MEET SATURDAY

**Nearly 100 Men Sign Lists For Annual Indoor Track Meet**

Frosh will again meet sophomore when the two track teams stack up against each other in the annual indoor track meet Saturday afternoon. The meet is scheduled to take place in the gym annex at 2 o'clock.

One of the largest entry lists ever made out for an interclass meet is already posted. Almost 100 men have signed up for the various events.

The sophomores, credited with having one of the strongest frosh teams in history last year, are slated to score high. All sophomore men who are already working out for the Varsity squad will be eligible for competition, and they are expected to show speed in the meet.

Because of the fact that the frosh have been working out such a short time, not a great deal is known of their strength. Several of the yearlings have been showing up fairly well in the regular track classes. The sophomores cannot be expected to run away with the meet.

Kenneth Kennedy, a man who has shown excellent form in cross country meets this fall, will do good work in the distance races for the frosh. He is entered in both the mile and the half mile and is expected to push the sophs.

The meet is one of the many meets held during the early part of the track training season. Much good material is brought to light by meets of this kind each year.

## Announce Schedule For Indiana Wrestling Team

The wrestling schedule for the university of Indiana, has been announced by E. I. Stoheim, athletic director. The matches are scheduled as follows: Jan. 19, Kentucky State at Lexington; Feb. 10, Purdue at Lafayette; Feb. 16, Illinois at Bloomington; Feb. 24, West Virginia at Morgantown; March 3, Northwestern at Bloomington; March 10, Ohio State at Bloomington; March 16, Conference meet at Columbus.

## Three Chicago Men Get Notre Dame Monograms

Three Chicago boys received monograms with the Notre Dame football squad this year. They are Chuck Collins and Paul McUilty, ends, and William Cerney, fullback. The three athletes are sophomores at Notre Dame university.

### DISCIPLINARY PUBLICITY

STUDENTS may have been surprised by the publication in The Cardinal last Tuesday of the names of three students who have been penalized by the discipline committee on charges of dishonesty in connection with the library.

This was a variation from precedent and came as a result of faculty action last year, which gave to the discipline committee power to make public, at its own discretion, the name of any student convicted of dishonesty.

In cases of flagrant dishonesty there is no reason why culprits should be shielded from publicity, and if the committee uses its discretion wisely, not making mountains out of molehills, its new power is a legitimate weapon.

Dishonesty in connection with the library, dishonesty which treads on the rights of other students, is entirely contemptible. The committee showed wisdom in making public the three names Tuesday.

Notre Dame alumni virtually demanded that Coach Knute Rockne schedule at least one game each year in Chicago, so that all former students of the university throughout the middle west can gather at an annual reunion. Coach Rockne intends to arrange his schedule so that a game a year will be played in the Stadium now under construction in Grant Park, Chicago.

Approximately 65 members of the regular cadet corps entered the tryouts for the President's Guard yesterday afternoon, according to Robert Luening '23, commander of the guard. At least twice that number have signified their intention of competing this afternoon and evening. Since only 80 men are desired for the active guard personnel, a reserve corps will be created consisting of the first unsuccessful candidates. Vacancies in the active group will be filled from this reserve. Successful candidates will not be announced until Friday or Saturday morning. The tryouts involve only the simplest military movements and include the manual of arms, facings, squad movements and personal appearance of the candidate.

### STIMULATING SHERLOCKS

BY offering a reward of \$25 to anyone bringing about the apprehension of the thief or thieves who are stealing overcoats from

university buildings, the student senate is performing a service which will be appreciated by the student body.

The proximity of the holiday season probably will make that \$25 seem particularly attractive, but we hope the offer will not bring into existence an army of amateur detectives snooping around cloak rooms, each with his eagle eyes trained suspiciously on all other snoopers.

It is not necessary to return to the war-time tactics of discovering pro-Germans, but it is essential that each student keep his eyes open for garment-stealing scoundrels.

We, like all others, hate such vermin, and as we watch the first snow-flakes flicker past the window, our choler is intensified. Let's unite to exterminate them.

### COUNCIL CLEVERNESS

IT looks as if the athletic council is quite clever. If it came out frankly and flatly with a statement that it opposes intersectional contests it would have to weather a violent storm of enraged student sentiment. But it doesn't do that.

First it arranges a Conference schedule into which it is well nigh impossible to sandwich an intersectional game and then it casually looks with disfavor on the opportunities which are presented to it.

For another year at least, it seems, Wisconsin will continue to splash around and grow sluggishly fat on the worms in her own little puddle.

### GETTING OUT CROWDS

CONSIDERING the events of the year, the immense crowd that thronged the capitol to hear Kate O'Hare, it begins to look as if the Social Science club really needs the aid of the American Legion and the university censor.

Allen McCurdy, a prominent progressive, secretary of the Committee of 48, whose scintillating war record the hundred percenters seem to have forgotten, was brought to Madison by the Social Science club and spoke last night in the gymnasium to an unexciting handful of intellectuals, slightly diluted by journalists.

Now if Mr. McCurdy had only been in jail or something, it is probable that the high school auditorium would have been packed to hear him. It really seems as if

## Looking Back On Wisconsin

IN THE CARDINAL FILES

### 30 YEARS AGO TODAY

The eight oared race is recognized as a university affair.

Reverend Norgan Wood speaks on the "The Age in which We Live" and denounces the Mam and hollowness in the fashionable world.

The Cardinal states that "The electric street cars present signs showing their regular routes, as the beholder stands at the Park hotel he sees a car dashing along displaying the Sign Chicago and North Western depot. There are also Main and Johnson street signs. No one need ere now."

"The athletic girl-football interests her as much today as fancy work once did," is the description of the co-ed of those days.

### 20 YEARS AGO TODAY

No edition of the paper.

### 15 YEARS AGO TODAY

Wisconsin entries in the international stock show succeed in carrying off several prizes.

The Chess and Checker club matches five of the most prominent student chess players against six members of the faculty.

### 10 YEARS AGO TODAY

First out-of-town concert of the Glee club in Beloit proved successful in every way. They entertained a big crowd.

Faculty joins campaign for moral uplift.

The completion of the new library wing has been delayed by the rush of the steel mills.

### 5 YEARS AGO TODAY

Plans for a great patriotic mass meeting to unite students into a patriotic league have been completed.

William J. Lawrence, dramatic critic is to talk on Shakespeare.

Cardinals, peanuts and victrola records are being sent to camp McArthur each week by Y. W. C. A. Emergency War Work committee.

## December 17 Set For Concert Date

The first concert of the winter series will be given by the First Regimental Concert band Sunday afternoon, December 17.

Intensive practice on this pre-Christmas concert has been going on for a number of weeks, and a program of considerable variety has been prepared for the event.

Classic compositions from the Music Memory contest will be on the program, interspersed throughout with lighter compositions. Popular selections will be used for encores.

Students who have heard the band only outdoors, will need to hear them inside to know what the band can really do in the way of artistic presentation of music.

The band has been somewhat reorganized in regard to instrumentation to give it the smoothness desirable for indoor work.

The last movement of Tchaikovsky's "Symphonie Pathetique" will be the outstanding number of the program. This movement is the climax of the symphony, and is considered by many the most beautiful part of this noted work.

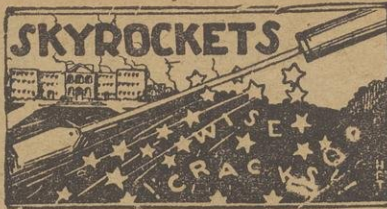

The S. S. C. ought to organize a kind of clique for purposes of protest.

Yet there seems to have been a sort of insidious opposition to the meeting. A vast proportion of the posters which advertised the address were silently and unceremoniously torn down during the week. Whoever did that is a clever coward.

It is unfortunate that it takes an artificial conflict to stimulate interest in valuable campus addresses. Mr. McCurdy presented what seemed to us a most sane analysis of industrial strife and economic progress. We might sum up his message by saying: "Conflict is an essential instrument of fair fight with no fouls."

He would indeed be an ass who called the speaker a radical; no one would call him a conservative. His address was worth while, on a subject of paramount importance in view of the present events at Washington.

But, as usual, those who were interested in hearing him were mostly those who knew all about it anyway.

WELL \* \* \*  
YOU must \* \* \*  
ADMIT that \* \* \*  
COLD weather has \* \* \*  
AT least \* \* \*  
ONE advantage \* \* \*  
AND that is \* \* \*  
That \* \* \*  
THE women-folks don't have to stop BEFORE an 8 o'clock and put rouge on their cheeks!! \* \* \*  
THE only trouble is that the weather would just as soon make your nose red as your cheeks. \* \* \*  
Yah! an' adam sight rather!! \* \* \*  
Gosh you know there ain't nothing funnier than a woman with a red nose!! \* \* \*  
Except, perhaps a guy with a red nose (providing he got it legitimately). \* \* \*  
The're usually pretty funny about that time!! \* \* \*  
Well lets see what's next? \* \* \*  
Oh yes' \* \* \*  
Hear us mower Versus!! \* \* \*  
PSIMPLE PSONNETS  
Aisle eye away catty vining,  
Mighty ears harsh Ed. foyers horrors.  
Uwer twos wheat furl hovers asthma.  
Wheel "B" a sappy asp harrows!! \* \* \*  
POPULAR FICTION  
A strange, strange girl  
Is Marjory Minge  
Her open-work sweater  
Has got no fringe!! \* \* \*  
A stranger girl  
Is Marf Rose.  
She still loves old-fashioned  
Flapper clothes!! \* \* \*  
WELL \* \* \*  
MARK ANTHONY \* \* \*  
MAY not \* \* \*  
HAVE been \* \* \*  
A \* \* \*  
POKER SHARK \* \* \*  
BUT \* \* \*  
JUST the same \* \* \*  
HE held \* \* \*  
SOME \* \* \*  
PRETTY HANDS \* \* \*  
IN his day! \* \* \*  
Yah! and mostly all Queens at that!! \* \* \*  
ONCE in a while he got the DUECE, but Gosh! wha'd he care!! \* \* \*  
The other night \* \* \*  
I was out seeing \* \* \*  
My very favorite lady friend \* \* \*  
And as it was \* \* \*  
Getting rather late \* \* \*  
I asked her if \* \* \*  
She had the time \* \* \*  
Around her \* \* \*  
And she said, \* \* \*  
NO! \* \* \*  
And right then and there she lied to me \* \* \*  
For the first time (perhaps) \* \* \*  
BECAUSE I HAD MY WRIST WATCH ON!! \* \* \*  
And as the Swede said when he spilt egg all down his shirt. "The yoke is on me!!"

## BULLETIN BOARD

### COUNCIL OF FORTY

The Council of Forty will meet at 4:30 o'clock Thursday afternoon in the cabinet room of the Y. M. C. A. The meeting will last only about 45 minutes.

### INTERFRATERNITY CONFERENCE

Inter-fraternity conference will meet at the Sigma Alpha Epsilon house at 7:15 o'clock Thursday.

### CAMPUS RELIGIOUS COUNCIL

The Campus Religious council will hold its first social and program meeting at 7:15 o'clock on Thursday night at the St. Francis club house. Jack Childs will give a short talk at 7:30 o'clock.

### WISCONSIN PLAYERS

The Wisconsin University Players will meet at 7 o'clock Thursday night in Lathrop parlors. Following the business meeting the members will attend the program given by Elias Day in Bascom hall. Tickets for the performance may be purchased at the door.

### SATIRE STAFF

The satire staff of the Badger will meet at 4:30 o'clock Thursday in the Badger office. All those who are interested will be expected to be present.

### PROM COMMITTEES

Thursday:  
Electrical committee at 7:30 o'clock at Phi Kappa house.  
Program committee at 7 o'clock at Kappa Alpha Theta house.  
Women's arrangements at 12:45 o'clock at Mrs. Schrieber's, 514 North Lake street.  
Supper committee at 7 o'clock at Delta Gamma house.  
Decorations committee at 5 o'clock at Alpha Phi house.  
Rooming arrangements committee at 1:45 o'clock at Lathrop parlors.  
Special features committee at 7:30 o'clock at A. T. O. house.

### ELLEN RICHARD'S DAY

Ellen H. Richard's day will be observed by the students in Home Economics with a program at 4 o'clock in 18 Home Economics building.

### FRESHMAN TRACK MANAGERS

Any freshmen who wish to try-out for manager of the freshmen track squad are asked to report to the Varsity track manager at 1:45 o'clock today in the Trophy room of the gymnasium.

### MENORAH MIXER

A mixer for Menorah members and their friends will be given at the Badger room of the Woman's building Saturday night.

### A. F. C. BOARD

A. F. C. board will meet at 4 o'clock Thursday afternoon in 21, Agricultural hall.

### RELIGIOUS COUNCIL

The exact time for the social meeting of the Campus Religious council Thursday night will be 7:15 o'clock instead of as previously announced.

### NO OUTING MEET

No Outing club meeting tonight as it has been postponed until next Thursday.

### OUTING BOARD

Outing club board meets this noon at 12:45 o'clock in the Physical Education library on 4th floor.

### CHRISTIAN SCIENCE SOCIETY

Meeting of Christian Science society in 35 Music hall at 7:30. Stucco.

### SKI CLUB

The Badger Ski club will meet on Muir Knoll at 1:30 Saturday.

### METHODIST PARTY

An informal party will be held at the Methodist Episcopal church at 8:30 o'clock Friday evening.

### WESLEY FORUM

"Doc" Meanwell will talk at Wesley Forum Sunday evening. Topic, "Sportsmanship."

### JUNIOR MATH CLUB

Meeting of Junior Mathematics club in 101 North hall at 7 o'clock tonight. Prof. Darling will talk.

### MEMORIAL UNION

Meeting at 12:45 o'clock Friday at the Kappa house of workers for dances for the Memorial Union.

## SLOVAK HIKER VISITS MADISON

Student on First Lap of 60,000 Mile Hike Around World

Oldrich Peska, youthful globe-trotter and student from Csecho-Slovakia, stopped in Madison for a few days this week on his trip through the west central states.

Mr. Peska, now on the first leg of his hike, has already completed 12,000 miles of his proposed 60,000 mile journey and at the present time is traveling alone. He has accepted no transportation aid of any kind other than that afforded him on his ocean voyages, and the latter mileage has not been counted on his record.

### Landed Two Years Ago

He landed in New York two years ago from his native land and has been perambulating the face of the globe since then both winter and summer. From New York he sailed to South America where he met Venceslay Kotal, a friend of his and eight years his senior, and the two began their journey through Argentine and the tropical section and up through the Isthmus of Panama into the United States.

In Peru another adventurer joined them, but died soon after. When the party reached Milwaukee, Kotal became sick and within a few days died, leaving Peska alone to continue his quest for pedestrian honors. Peska is now on his way to Alaska.

### Served in Army

Peska is a graduate of the Bohemian gymnasium school, a school similar to our high schools but having an eight year term and requiring the study of at least two classical languages, and has served two years in the Austrian army. Before beginning his circuit of the world he served as a druggist apprentice in his country. He is a native of the city of Tabor and is 24 years old.

During his tour he lectures to Bohemian audiences beside keeping up a correspondence with several newspapers in Csecho-Slovakia. He supports himself by lecturing and through the aid of friends in various cities.

While in Madison he gave a short informal talk at the Y. M. C. A. and was entertained there as a guest of Vaclav Strela, L. I.

## Occupational Diseases

### Discussed By Ouweneel

"Dust, gas and vofer cause the most of the diseases that are prevalent in the modern chemical industry," W. E. Ouweneel '25, said in a talk on Occupational diseases in the chemical industry, before the Chemical Engineering society last night.

The usual location and origin of disease is in the lungs, where materials congest, which gives a favorable condition for the beginning of tuberculosis, if not properly cared for. Prevention measures are being taken by the addition of better machinery and by an attitude of carefulness by workmen.

A pep meeting followed the program, and all the verses of "St. Patrick was an Engineer" were sung.

## Menorah Society Plans Mixer Saturday Night

The second of a series of mixers for members and their friends will be given by the Menorah society in the Badger Room of the Woman's building Saturday night. Harry Katorwitz '24, chairman of the social committee in charge of the affair, is arranging novelty numbers and other special features for the occasion.

## Fire Destroys Fraternity House at Iowa State

Fire starting from a defective chimney destroyed the Sigma Nu house at Iowa State university on Sunday noon. The loss, estimated at \$20,000, is partially covered by insurance.

## S. G. A. Executive Council Entertain Fifty at Tea

The executive council of S. G. A. entertained about 50 S. G. A. board members at an informal tea in Lathrop parlor yesterday afternoon. Dean F. Louise Nardin was guest of honor. Hilda Schulz '25, sang several vocal selections.

## PRIZE DRUM CORPS MAY ATTEND CONVENTION

Fife and drum corps of "Livest Legion post" at Charleston, Wash.

## POMMERENING URGES CHANGE

Advises Equity Society to Move From Madison to Milwaukee

FOND DU LAC, Wis.—E. C. Pommerening, president of the Wisconsin state union of the American Society of Equity, yesterday recommended the removal of state headquarters from Madison to Milwaukee to "to get out of the influence of state politics." He said:

"For the last few years politics have been taboo in the Equity society. By this I do not mean that interest in proper legislation has waned, but rather the policy that has been adopted, not to support anybody in an official position in the Equity for political office.

"This was probably originated more through petty jealousies and bickering personality than through principle. The Equity is a strong, virile influence for sound politics. If we are going to sever our business organizations from the Equity society, the empty shell will not be very attractive to the rank and file of the farmers in the state."

Pommerening recommended incorporation of the state union; amendment of the by-laws to reduce power of directors; retaining full control of dependent organization such as the livestock marketing agency; a marketing system for potatoes; full support of Wisconsin Dairymen's association program; greater patronage by members of the business department of the organization; centralized control of funds by one individual.

He reported total liabilities out from \$42,126.09 at the time of the Eau Claire convention to \$19,400 in 1922, or a reduction of \$18,294.63. The general deficit for 1921 was \$19,431.74 and that for 1922, \$1,141.61. The livestock business totalled \$1,143,804.69, the gross return being \$14,300.95. Of this amount \$11,881.11 went for operation expenses and the balance was returned to the treasury to be apportioned under the co-operative law. The Equity News, returned a profit of \$4,000 for the fiscal year, making a gain of \$7,000 over last year when the paper was operated at a loss of \$3,000.

C. D. Hown, Pierce county, and Erick Stevens, St. Croix county, are mentioned as candidates for president.

G. M. Nelson, assemblyman from Polk county, is a runner-up in event of a deadlock.

J. N. Tittmore of Omro is expected to enter the field while Judge D. A. Mahoney, Vernon county, is out of the running in lieu of being elected chairman of the board of directors.

## Chicago Theologian to Speak at Music Hall

Ozora Davis, president of a theological seminary in Chicago, will speak at Music hall December 14, on the Reality of Religion. While Dr. Davis is a theologian, his addresses are said to be always from live thought, not dead books. President Davis comes as the second speaker in the series of monthly convocations being held this winter by the Campus Religious council.

## Oh, Lady Lou, Do Come and See Our Fancy Cock Fight

A cock fight—enraptured cocks dashing at each other madly, tearing around, feathers flying, crowing wildly—this is just one of the old English pastimes which you will be able to take in at the County Fair which will be held in the Lathrop gym in connection with the Y. W. C. A. bazaar next Saturday.

Punch and Judy, those old characters at their very best, will put on a spicy comedy at 2 performances under the direction of Roberta Lowden '23 and Louise Lamson '23. Punch and Judy have a long history of great popularity behind them, but this stupendous new production is said to surpass them all.

Fakirs, with amazing collections of balloons in all conceivable sizes, shapes and colors and squawkers capable of every sound known, will go through the crowd selling their wares.

A regular old English Tavern, where rosy cheeked maids in spotless aprons will give you sweet cider and big sugary doughnuts at a quaint table, or directly at the bar if the feel of the round is familiar to your foot.

Fudge (seafoam, divinity, butter-scotch, taffy)—The Olde Sweet Meet Shoppe will have every kind and only the best of every kind, for it is being made by the professional candy makers of the campus. It will be sold in pound and half pound boxes tied with bright ribbons and sprigs of holly as well as by the piece. This booth will be on the second floor although there will also be girls selling it from trays on the lower floors. Whatever your sweet tooth may be, there will be the thing to satisfy it here.

Fortune tellers, who can tell every event and detail and decision of your future will be there in their booths too. The town criers will announce the time for each event.

## Maid to Marry Man Who Kidnapped Her in 1920

Miss Kathryn Elizabeth Kroesen of Chicago announces her engagement to Joseph Gauthier. Two years ago he kidnapped her in a frosh-soph class fight at Northwestern. At that time she tried to escape from the home in which she was to be imprisoned until after the class banquet had taken place. Falling from the rope suspended from the window she sustained such injuries that only expert surgical aid kept her from being a cripple for life. Soon she will marry her captor. Since that battle nearly all of the men and women concerned in the hazing party have married.

## Kraft Cheese is Given O. K. by Department

J. Q. Emery, dairy and food commissioner was informed by R. M. Hoyt, deputy attorney general today that Kraft cheese made by pasteurizing and reforming American and Swiss cheese, meets all legal requirements of the Wisconsin statutes. Mr. Hoyt held that in his opinion that until the legislature decided otherwise, it was possible to make Kraft cheese to comply with the moisture provision of the statutes. He decided that the cheese did not violate the Wisconsin adulteration law or the misbranding statute.

## FACULTY MEMBERS APPEAR IN RECITAL

The faculty technical advisory committee meets this afternoon with the Women's Vocational committee to discuss the problems connected with the choosing and working toward of a definite vocation by the university women. "Women should have more of a definite understanding and a clearer view point of their occupation to get the most out of their university work," said Lois Jacobs '24, chairman of the student committee in speaking of the matter yesterday.

## Clara Jacobson '25 Wins First in Poster Contest

Clara Jacobson '25, was awarded the first prize of \$2 in the poster contest for the old English bazaar. Honorable mention was given to Eleanor Morgan '24, Warren Carter '23, John C. Clark '24, and Le Mona Mapes '2. Approximately 20 posters were submitted to the contest, every one who entered receiving a complimentary ticket to the bazaar. The prize winning poster is on display in the Chocolate Shop window now.

# SOCIAL NOTES

### Phi Chi Formal

Members of Phi Chi fraternity will give a formal dancing party Saturday evening at the chapter house, 143 Prospect avenue. A color scheme of green and white will be carried out in decorating. Dr. and Mrs. G. Robbins will act as chaperons.

### Delta Zeta Dance At Park Hotel

Delta Zeta sorority will entertain Saturday evening with a "tux" party at the Park hotel. The chaperons will be Mrs. Starbuck and Mr. and Mrs. I. P. Ivory.

### Zeta Psi Give Informal Party

Pines and roses will decorate the Zeta Psi house for an informal dance to be given there Saturday evening. Soft lighting effects will be furnished by candles. Mr. and Mrs. Rifford Bernon have been invited to chaperon.

### Alpha Omicron Pi Christmas Dance

The members of Alpha Omicron Pi sorority will entertain Saturday evening with a "tux" party at the chapter house, 626 North Henry street. Evergreen and holly will be used in the Christmas decorations.

Their house mother, Miss Charlotte Wood, will chaperon.

### Phi Beta Pi House Dance

Phi Beta Pi fraternity will entertain informally Saturday evening with a dance at the chapter house, 416 North Carroll street. Mr. and Mrs. C. D. Leake have accepted the invitation to chaperon.

### Women's University Club To Entertain At Tea

The Women's University club will give its weekly tea Saturday afternoon from 4 to 6 o'clock at the clubhouse, 420 North Carroll street. A general invitation has

been extended to women graduates students and all university alumnae in the city and their guests as well as members of the Madison branch of the A. A. U. W. and members of the clubhouse.

Hostesses for the afternoon will be Mrs. Louis E. Reber, Mrs. H. E. Hoyt and Mrs. Joel Stebbins.

### Delta Tau Delta Dinner and Dance

Smilax and roses will decorate the Delta Tau Delta house, 16 Mendota court, for a formal dinner dance to be given Saturday evening. Mr. and Mrs. Charles B. Dunn will chaperon.

### Delta Kappa Epsilon Informal Dance

Delta Kappa Epsilon will entertain Saturday evening with an informal dance at 524 North Henry street. Mr. and Mrs. Carl Stephenson will act as chaperons.

### Alpha Phi Entertains

Alpha Phi will give an informal party at their chapter house, 819 Irving court, Saturday evening. White and green colors and pines will be used in decorating.

Mrs. Nellie Parham and Mr. and Mrs. A. W. Hickman have accepted the invitation to chaperon.

### Theta Xi Gives Formal Party

Theta Xi is giving a formal dinner and dance at the chapter house, 168 Prospect avenue. Holly and pines will be used in the Christmas decorations.

Mr. and Mrs. Wm. J. Meuer have been asked to chaperon.

### Personals

Miss Marguerite Stuart, national secretary of Y. W. C. A. who has been visiting here for the past week, returned to Chicago yesterday.

Mrs. John H. Skanlem, Cincinnati, Ohio, formerly Winifred Titus, is visiting at the Alpha Phi house.

Mrs. Reichert, West Bend, is visiting her daughter Dorothy at the Chi Omega house.

## EVEN DIMPLES CAN'T DETRACT FROM THIS SUIT

This costume might well be claimed by Paris, but New York, U. S. A., is responsible for it. It is a three-piece costume suit of monkey fur, velvet ribbon and fancy weave crepe combined. Row of ribbon and monkey fur make the skirt.

## SIX DIE WHEN PLANES CRASH

Major, Captain, and Four Enlisted Men Perish in Mid Air

NEWPORT NEWS, Va.—Major Guy L. Gearhart of Leavenworth, Kas., Capt. Benton A. Doyle of St. Louis, Mo., and four enlisted men were killed at Langley field yesterday when a Martin bombing plane carrying five of them, and a Fokker scouting machine, piloted by Major Gearhart, collided about 250 feet in the air, both machines crashing to the earth in flames.

The enlisted men killed were Staff Sergeant Marsick, Cleveland, O.; Private F. J. Blunka, Chicago; Private Thomas Jordan, Deepstep, Ga.; Private Leon Rolas, Philadelphia.

The bomber, piloted by Captain Doyle, was leading a formation and was making a banking when the Fokker arose in the air from a long take-off. The smaller machine struck the bomber almost amidship, cutting off the tail. Both planes hovered a moment, and both broke into flames and crashed to earth.

Pilot Rolas leaped from the bomber as it tumbled to earth, but was fatally injured. He died while being placed in an ambulance.

The accident occurred over the Hampton normal school farm adjoining the flying station. Several persons who rushed to the scene were badly burned while trying to extricate the men.

## WALK-OVER Colonials

all the rage this season

One of the newest of the Walk-Over Fall styles, and has met with great popularity. Comes from Paris. Notice the gray ooze in ay in the vamp as well as in the tongue. You'll see it in our window now.

## MUSIC ALUMNI GET POSITIONS

Graduates Will Teach in Various Parts of Country

Fourteen of the 15 graduates of the School of Music have taken teaching positions for this year. Wisconsin cities are employing eight of these, and the others are scattered in states throughout the union and in the Hawaiian Islands.

Martha Chandler and Agot Borge, graduates of the four-year course, are instructors of music at the School of Music, and Olive Mitchell is also in Madison, instructing in the public schools. Helen Dickinson is music supervisor at Stoughton, Reba Hayden at Evansville, and Florence Kohn at Kaukauna, Wisconsin.

Among the two-year course graduates Winifred Collier is instructing at Jefferson, Lucy Ann Griem at Cedarburg, and Donald Osborn at Delevan. Ethel Lemmer is supervising music in Michigan, Mary A. Downey is in Missouri, and Victoria Ramstad is instructing in Illinois. Others are in North Carolina, Minnesota, and Honolulu, H. I.

Three undergraduate students at the School of Music are supervising in schools in Madison and vicinity. Gladys A. Garness is teaching at Nakoma, Frances H. Landon is at Wisconsin High school and John Jaquish at Madison high school.

## Hold Christmas Program In Lathrop Hall Parlors

The German club Christmas meeting will be held Wednesday in Lathrop parlors. Persons who are not members of the club, desiring to attend this meeting are welcome and should notify either Prof. B. Q. Morgan or A. K. Dolch before Saturday. A small admission fee, to help defray expenses will be charged non-members of the club. The program will include a Christmas tree, Christmas stories, songs and recitations, and light refreshments. Announcement of the complete program will be made within a few days according to Professor Doch, secretary of the club.

## LITERARY SOCIETIES PREPARE DEBATES

With only two more days in which to prepare their cases, members of both the Agricultural Literary society and the Athena debating teams are redoubling their efforts to win the annual debate which will be held in Agricultural hall at 8 o'clock tomorrow night.

"Resolved that the Eighteenth Amendment to the United States constitution Should be Repealed" is the issue of the debate. The Agrics support the affirmative, while the Athenians uphold the negative side of the question.

The teams will be supported by a strong delegation from each of the literary societies that are concerned in the debate. No admission will be charged, and the public is invited.

The affirmative will be upheld by Marvin Schaars '24, Harry Clements '24, and Edward Rohrbeck '24. The negative team is composed of Sam Soref '23, Eugene Meyer '25, and Edgar Smith '24.

## VARSITY QUARTET TO SING AT BAZAAR

The Varsity quartet will present a complete program of old English ballads and Christmas carols in the theater at the Y. W. C. A. bazaar, at 3 o'clock Saturday.

Noel Stearn is the director, and Whitford Huff '23, Thomas Dartnell '23, and Christopher Hendra '24 make up the number, with Robert Nethercut '24, pianist.

A short one word sketch will be presented under the auspices of the University Players, with Alethea Smith '24, and Margaret Ives '25, taking the roles.

Mildred Rodolf '25, will give an original song and piano act of unusual songs. She is also the leader of the traveling minstrels which will wander about at intervals giving old English songs and carols, in costume.

## Plenty of Labor in Madison Says Report

The Madison employment office reports an abundance of common labor in the Madison district in its November report of conditions in and about the city. During the past month the office has placed 195 men, with 423 applications, 317 requests and 233 references reported. The womans' department placed 93, with 245 applications, 117 requests, and 131 references reported.

## Lutheran Students Will Banquet Tonight at 6

A banquet for Lutheran students will be held at 6 o'clock tonight in the church parlors, to interest freshmen in the Lutheran student organization.

Dr. M. J. Bieber, superintendent of missions in Minneapolis, and Dean F. Louise Nardin will speak. The musical numbers on the program will be rendered by Harriett Dohr '23 and Harold Fry '24. The program will end at 8:30 o'clock.

## Kiwanis Club Plans Kids' Christmas Party

Preparations have been made to entertain more than 2,000 Madison "kiddies" by the Kiwanis club, which will invite them to a Christmas party at the Strand theater, Saturday, Dec. 23, at 10 o'clock. Last year the club entertained 1,800 children. Candy and gifts will be given to each child attending the show.

## Christmas Gift SUGGESTIONS

An artistic array of Christmas gifts are ready for your selection.

French novelties of colored silks, trimmed with gold lace and flowers in the pastel shades, make attractive gifts. They come in manicure sets, powder bags, vanity cases, sachets, bontonieres, 75c to \$3.95.

Special holiday handkerchiefs of white and colored linen make most acceptable gifts. Boxed, 3 for \$1.00.

Pongee, \$1.25; others at 75c up.

## COURT ACQUITS TWO IN TRIAL

Alleged Scalpers Found Not Guilty By Student Body

George R. Spangenburg '23, and H. W. Holm '23, alleged ticket scalpers whose case was tried by the Student court Tuesday night, were declared to be not guilty by the court last night. "Mitigating circumstances surrounding the particular case" was the reason given by the court.

The verdict follows: "The Student court finds the defendant as not guilty of violating the rules of the Athletic council in a minor offense, but because of the mitigating circumstances surrounding his particular case, the Student court has demed that the case does not merit punishment. However, this court does not sanction in any way the trans-action of the defendant."

A motion by George Crebs L 2 that the case of Sidney C. Charney be retried because of Charney's inability to pay the fine of \$60 was overruled by the court.

According to the evidence submitted in the trial of Spangenburg, he had sold two \$2 tickets for \$2.50 through the medium of his friend Holm. Holm had pleaded guilty to the charge on Tuesday.

## STUART LAUDS RADICAL BLOC

Political Science Professor Approves Progressive Measures

Prof. G. Stuart of the Political Science department stated yesterday that he approved of the new measures that the members of the Progressive bloc in congress are attempting to put through during the coming session. The radical bloc scored a legislative victory on Tuesday by obtaining from the senate agriculture committee a favorable report on a resolution to amend the constitution in order to provide for the direct election of the president and vice president.

In regard to the latter proposal Professor Stuart said, "I do not think that the direct election of the president and vice president would accomplish much, for the electoral college is bound by the wishes of the voters and therefore, the election is at the present time comparatively direct."

The amendment would also change presidential inauguration day from March 4 to the third Monday in January, and members of the senate and house would begin their terms of office on the first Monday in January after the biennial elections. Congress would meet in regular session annually on the first Monday in January. Professor Stuart states that such a measure would be greatly approved by the majority of members and voters.

The reason for the present inauguration delay and the late meetings of the houses is because of the transportation difficulties that were encountered at the time when the constitution was drawn up. Professor Stuart said most legal authorities believe that an amendment to the constitution is unnecessary since the congressional act provides that congress may appoint the day when the houses are to meet.

"Unquestionably this movement to have congress meet the first Monday in January will be received favorably, and it is one of the legislative measures of the Progressive bloc that is certain to be accepted. Most of the vicious legislation of congress is carried on during the session following the election of the new members, and this new measure would do away with that difficulty," Professor Stuart said.

## TINY CHINESE JUNK ARRIVES AT SEATTLE AFTER 87-DAY VOYAGE ACROSS PACIFIC

Captain Waard, his wife and son, and three of the crew of the "Tiny Junk," shown below.

Christopher Columbus' famous voyage in 1492 has nothing on the trip of Captain Waard, of the good ship "Tiny Junk," when it comes to daring seamanship. Waard, with his wife and son and a small crew, set sail from China in a frail little craft, made of camphor wood and Chinese fir, and eighty-seven days later dropped anchor at Seattle.

## JOHNSON WILL GET NOTHING

State Board Dismisses Case of Application For Compensation

The state compensation board yesterday dismissed the application of John A. Johnson, for compensation for unlawful imprisonment. Johnson was pardoned several months ago by Governor Blaine, after the governor had convinced himself that the man had served 10 years of a life sentence imposed for a crime of which he was innocent.

The board accepted the opinion of Atty. Gen. Morgan, given shortly after the governor's pardon, holding that since Johnson had contributed to his own conviction by entering a plea of guilty to the murder charge against him, he was not entitled to compensation from the state. He had asked for the maximum of \$5,000.

Johnson was accused of slaying Annie Lemberger, Madison girl.

## New Oxford Rule Asks High Scholastic Ability

Only women of unusual scholastic ability will be admitted to Oxford university according to the new list of rules for admission of American women just published. In general only those who have had

a year of graduate work can hope to compete with other graduate students of Oxford. Credentials must accompany petition for admission. The British federation of University women offers an international prize fellowship in parts of 100 pounds a year. Miss Virginia Newcomb at the institute of international Education 419 West 117 street, New York city, will receive applications before February 1.

## SCHOOL TEACHERS REFUSED CAR FARE

Carfare for teachers in Madison schools who teach classes in the Central and East Side buildings will not be granted by the Madison board of education, it was decided at a meeting last night.

Members of the board felt that the expense involved would be too great to be taken up at this time. The subject was brought to the attention of the board at the last meeting and was taken under advisement for the purpose of investigating further.

The pupils of the Madison public school will have a Christmas recess of two full weeks this year. The additional days were granted upon a petition signed by 191 teachers, presented to the board.

The board also made provision for the purchase of a new piano to be used in the kindergarten of the Lapham school and authorized the appointment of an additional woman janitor at East Side High school. Siguard Flagstad was made engineer-janitor at Lincoln school, and Floyd Carpenter was named his assistant.

## Elias Day, Noted Author, to Read Own Compositions

Elias Day, noted dramatic reader and author, will present a program this evening in 165 Bascom hall, under the auspices of the Forensic board. Mr. Day, with his 25 years of dramatic experience, is highly praised by critics in every part of America.

The Chicago Evening Post says, "Mr. Day, in his character sketches, depicted, in a quiet and effective manner, homely scenes from real life, true to nature and full of pathos. He is a comedian in the best sense of the word, an actor whose fun is always next door to tears."

A critic in the Inter-Ocean Magazine, Chicago, says, "Judging from Mr. Day's presentation of 'Danny of the Patch', if he is not an Irishman, he ought to be. He has the Irish humor, the Irish brogue, and the Irish tenderness and sentiment. and before the story was half told his hearers had passed several times from laughter to tears and back again."

Other critics praise his presentations of Kipling, and many of his own writings.

This evening's program will consist of "Battine and the Baby," "How Columbus Discovered America" and his famous Swedish number "The Scoop Shovel", all of his own composition. Various short pieces from well known writers and of his own, will complete the program.

Tickets, 50 cents, may be obtained tomorrow in the rotunda of Bascom hall, at the University pharmacy, and at the Albert Smith music store.

## Magic and Oral Eruptions Will Entertain Kiddies

A magic volcano and other wonders of modern chemistry will entertain children of Madison at the annual Christmas party to be given by the Kiwanis club at the Strand theatre the morning of December 23.

A varied program of singing will be given, a short play by children, an act or two from the Orpheum, and special Christmas movies will be included in the program. Gov. John J. Blaine has been asked to give a short talk to the kiddies. Members of the chemistry faculty in charge of Professor Victor Lenher, will have charge of the chemical wonders of the program.

## SOPHIE BRANDT IN VAUDEVILLE DEBUT

When the distinguished young grand opera prima donna, Sophie Brandt, makes her appearance in her vaudeville debut at the Orpheum theatre tonight, she will be found to possess in addition to a voice of enormous range and volume, a compelling personality, which exudes a magnetic appeal. Unlike most grand opera prima donnas, Miss Brandt has always made a great point of distinct enunciation and accordingly every word she sings is easily understood. She will display a number of smart Parisian frocks during her engagement here, and her songs will be well known favorites from popular and classic selections.

A musical act in which the beauty of young womanhood will vie with the charm of tonal coloring is to be introduced by the Seven Brown

Girls. Each are splendid musicians in every sense of the word. Together they form a superb orchestra, and individually they are soloists. Attired in evening gowns, and working before a background of colorful scenery, their music will take on an additional charm.

A grotesque and comical performance of interesting manikens will be noted when "Le Petite Cabaret" occupies the stage. Mantell's Manikens, as the act is known, will depict modern characters, whose names are prominently displayed in the daily papers. Famous picture stars in the roles they have played famous and the sheik of Arabia in his harem are only a few of the characters represented.

## Willie's Ears Will Get A Bit Chilly Under Those Oats

What was going on yesterday? Some say the weather prophets were to blame, that a few students took the bureau at its word and strolled up the mill wearing straw hats because it was supposedly fair and warmer.

But this could not be the reason why that blushing engineer with a flannel shirt wore a derby. He walked right in the Engineering building without explaining a thing. Could it be that the engineers are trying to out-do the cane-carrying lawyers?

Brave men defying convention some might call them. Perhaps they were students in Social Psychology seeking to reform the campus worshippers of custom, who knows? More probably some fraternity was chastising its pledges.

## SAYS ORIENT HAS NO DESIRE FOR NEW CIVILIZATION

Attempting to convert the Eastern mind with an Anglo-Saxon's conception of God is a grave mistake, according to Dr. Paul Harrison, who addressed the Inner Circle and Sophomore commission at luncheon in the Y. M. C. A. parlors yesterday noon.

Dr. Harrison spent the past 12 years in Arabia. In coming back to this country he brings a message of warning to those entering the field in the far east. One of the most fatal mistakes of the worker in these fields, according to Dr. Harrison, is attempting to enforce western civilization along with the Christian message. Experience has shown that these people do not want western civilization. They want their own organization. They want contact with new ideas.

Dr. Harrison stressed the difference in conception of the deity to the eastern and western mind. "To the American," he said, "God is an Anglo-Saxon; the Chinaman thinks of Him as an Oriental. We must translate our creed into their terms, treating them as equals, not our inferiors."

Jack Childs, Wisconsin's representative in China, spoke a few minutes on his work with Chinese students and of the many problems confronting the worker in a field where less than one student in ten has ever been subjected to Christian teachings.

## Give Papers on Lloyd George and Northcliffe

The December meeting of the Ydrasil society will be held at the residence of Mr. and Mrs. A. G. Michelson, 516 Lawrence ave. next Saturday evening. Mr. Michelson will read a paper on Lloyd George and a paper on Lord Northcliffe will be given by A. O. Barton.

## THETAS, PI PHIS TOP LIST OF SORORITIES

(Continued from page 1)

Acotch, with an average of 4.89 triumphs over Alpha Omicron Pi, 11.89, in the group recorded for nine semesters. Delta Zeta, Sigma Kappa, and Phi Mu is the order of the sororities whose grades for the last six semesters are registered. Kappa Delta stands first and Alpha Delta Pi second in the four semester division, and Alpha Epsilon Pi, with a record of 15.70 is the only member of the two semester group.

On the whole, the final sorority average exceeds by from 1 to 3 points the final average of non-sorority university women for the past 13 semesters.

## Publish Averages of Professional Frats

Accurately charted information of all fraternities, professional fraternities, and social sororities is now completed in the office of the Dean of Men. Since the first semester of 1914, the files are complete to the present, with the exception of the war period, the second semester of 1917-1918, and the two semesters in 1918-1919, when tained, due to the unsettled educational conditions.

Of the professional fraternity records completed since the publication of the social honors, Alpha Chi Sigma, professional chemical engineering, holds first place in the 13 semester records, with an average of 1.15. Triangle, civil engineering, is second with 3.15; Phi Delta Phi, legal, third with 5.31; and Phi Alpha Delta, legal, fourth with 5.82.

Phi Beta Pi, medical, exceeds Gamma Tau Beta, medical, by 2.89 to 5.33 in the nine semester standings. Kappa Psi, pharmaceutical, has 4.33 for six semesters; Alpha Gamma Rho, agriculture, balances 3 for four semesters. Phi Chi, medical, rates 3 against 7.55 of Delta Pi Delta, journalism. Both are registered for only two semesters, the only record of its standings so far.

The professional fraternities have a general higher rate of standing than the social fraternities recorded.

## AG CAMPUS MAY GET DAIRY BUILDING

(Continued from page 1)

and E. W. Webster were promoted to acting instructors in the history department. Prof. J. M. O'Neill, chairman of the department of speech was granted leave of absence for two years (1923-25).

### Extension Division

W. W. Thiesen was appointed to conduct a second evening class in Milwaukee in improvement of instruction.

The following graduation degrees were conferred:

Bachelor of arts—Gladys L. Frazer of Evanston, Ill.; Lottie G. Stefford of Westly, Wis.; Theresa Little of Pashtigo, Wis.

Bachelor of arts (Course in Humanities)—John S. Irwin, Denver, Colo.

Bachelor of arts (Course in Commerce)—George B. Jones of Warren, Ind.; Ralph E. Larson of Madison, Wis.; James A. Torbet of Minneapolis, Minn.

Bachelor of arts (Course in Journalism)—Mary E. Mould of Sioux City, Ia.; George J. Schultz of Shawano, Wis.

Bachelor of philosophy (General Course)—Charles P. Coates of St. Louis, Mo.

Bachelor of laws—Robert L. Willey of Chippewa Falls, Wis.; Timothy T. Egan of Hurley, Wis.

The regent members of the regent and faculty conference committee were appointed at the meeting of the regents yesterday.

## Faculty-Regents Committee Chosen

The faculty-regents committee composed of seven regents and 14 faculty members in a body organized to consider any matters relating to or concerning the university in all its departments whether educational or business. Election of the following faculty members was approved upon the recommendation of Pres. E. A. Birge:

Dean F. E. Turneaure, Prof. A. H. Cole, Prof. J. H. Mathews, Mrs. M. H. Mendenhall, Prof. M. S. Slaughter, Prof. R. H. Whitbeck, Prof. Grant Hyde, Asst. Prof. R. J. Roark, Miss E. Ellen, Asst. Prof. Arthur Beatty, Prof. C. S. Meek, Prof. G. H. Stuart, Prof. L. B. Slichter and Prof. M. F. Guyer, ex-officio.

Regents appointed to the committee were Mrs. F. G. Buckstaff, Harry L. Butler, Miss L. M. Hirschman, D. O. Mahoney, E. W. Miller, Miss Elizabeth Waters and John Callahan.

One of the new arrivals the H1-3 Button Model

## It's A Policy At Karstens

To have newer models in suits and overcoats arriving continuously throughout the season.

THIS POLICY is surely meeting with the hearty approval of Madison men, for scarcely a day goes by, in which we do not hear some customer remarking upon the extensiveness, the beauty, variety of our clothing stocks.

We have found through thirty years of experience that men like to find the newer garments, the newer styles and patterns in the stocks when they choose their clothes, even though they do not find it convenient to make their choice at the beginning of the season when the bulk of the stocks are first shown.

Just yesterday new garments in the popular Bordonni Pencil Stripes arrived along with some new dark worsteds. You'll enjoy looking these newer models over. Choose a new suit and overcoat for the Christmas holiday wear.

## The Broadway

In a suit which is gaining much popularity in our clothing sections. It is a one button model in black for semi-dress wear. It resembles a tuxedo in cut and fit. Made of Herringbone worsted or diamond weave worsted.

Men Should Include the BROADWAY in their Wardrobe
