A Prophecy

This decade upon which we are entering will probably be looked back upon as - The Age of Beautiful Homes.

The times are getting better, they cannot be otherwise. America has never stood still for long. There have been let ups in its growth, but those have been breathing spells only.

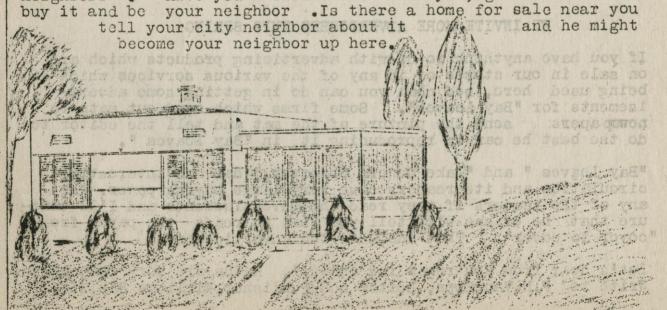

Today every where we turn we find advertisements showing the beautiful new materials which are going into homes large or small. Science has been at work in producing new colors and materials for the home from the roof to the basement.

No longer do we have the House with Seven Gables. Gables were the architects expression of beautiful design in their day. Now we have beauty in lines and in colorful material.

Here on Lake Geneva we will find hundreds of new homes going up, not the mansions of forty or fifty years ago, but houses of beauty coupled with attractive landscaping.

There need be no alarm for those who have been long on Lake Geneva in this development, providing it is recognized and placed in the plans for the organizations which have fostered "better homes " on the lake.

The slogan of " Bay Leaves " has always been "Choose your neighbors ". Have you a vacant lot near you, get some friend to

#### I SHOULD HAVE SAID IN THE PROPHECY WE ARE IN AN AGE OF MORE COMFORTABLE HOMES.

I usually make the cover on Saturday and address the copies which you get, Saturday night and spare time on Sunday. Yesterday, Tuesday I saw a new home which is being built near Lake Geneva which emphasises the modern trend.

P. L. &. R. 882

The home is a colonial design on the exterior, but inside tho the colonial is carried out in some respects, what a difference our early ancestors in the colonies would find.

There are 14 electrical outlets in the kitchen alone. Electricity does nearly all the work nowadays. The basement instead of being full of bins for fruits and vegetables is, except for a small part reserved for the Air Conditioned Heating System, usable for play-room and dense.

Even the latest in wiring is installed. No fuses to burn out any more.

There are two bathrooms on the second floor with latest fixtures and toilets on first floor and in basement.

This new home is typical of many now going up or planned for construction this year on the lake shore.

#### PLANNING ON BUILDING OR REMODELING?

If you are, consult our advertisers. They will be pleased to give you sound advice on whatever problem you have. The "Bay Leaves" is proud of its fine group of advertisers. Last year over 150 different firms used "Bay Leaves" and "Lake Geneva Observer "to tell you of their wares and services. You will notice that the advertisers are all locally owned enterprises or corporations with large personnel in our communities.

#### WE INVITE MORE ADVERTISERS THIS SPRING

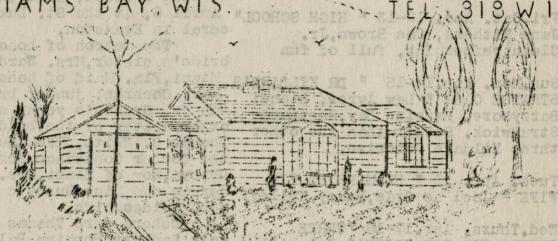

If you have anything to do with advertising products which are on sale in our stores or in any of the various services which are being used here, see what you can do in getting some advertisements for "Bay Leaves". Some firms which send out mats to newspapers: send the picture of the mat and tell the editor to do the best he can in reproducing it in "Bay Leaves".

"Bay Leaves " and "Lake Geneva Observer " has an interesting circulation and its readers have very large buying power. Ask any of the readers if they read the advertisements and I'll venture that he or she will tell you that he reads the paper from "cover to cover". That includes the advertisements.

Let's hear from you regarding an ad. Rates are very reasonable. Write to F.M. Van Epps, Editor and Publisher, Williams Bay, Wis.

### THE NEXT MEN'S COMMUNITY CLUB MEETING WILL BE ON MAY 14TH

Please keep the date in mind. It usually meets on the first Tuesday of each month. As the Annual Banquet given by the Women of Williams Bay comes on May oth, it is necessary to postpone the Men's meeting one week.

AT THE MEN'S BROTHERHOOD MEETING NEXT WEDNESDAY APRIL 17TH

an Old Fashioned Box Social will be held in reverse. This time the men will furnish the boxes of refreshment and the ladies will bid them in.

#### LOOKING AHEAD UNTIL AUGUST

The committee on speakers for the Men's Community Club, W.H. Freytag, L.A. Hollister and Mike Peterson are trying to get Senator Wiley to be the speaker for the Ladies Night Dinner at College Camp in August. Last August we had Gov. Heil. At the August meeting the public is invited to join with the Club.

### MEL SPENCE BACK HOME TODAY

Mel Spence who has been confined to Walworth County Hospital since he had a serious operation two weeks ago was brought back to his home on Fontana Road today. He has made rapid recovery in the two weeks.

Meantime the work of redecorating and repairing the restaurant and lounge at Spence's has been going on, preparatory to opening same about May 1st.

F.L.E.MAACK PATIENT AT WALWORTH COUNTY HOSPITAL.

Mr.Maack who built a home several years ago in Oakwood Estates and has resided there since his retirement was taken to the Hospital a week ago for observation. He has in been gradually becoming paralyzed. First he awoke one morning with the peculiar sensation of seeing

double, then he felt the need of a cane to walk, then two canes and then crutches. Lately he has not been able to walk at all. It was discovered that he had a tumor on the spine and Specialists have already performed one of two or more operations which will be necessary. He is resting well today. Mrs. Maack has been his constant companion during his illness.

#### BOWLING GETTING INTO FINAL PHASE

Of the Teams playing at Elkhorn the Vikings have finished 1st in the "B" League with Johnson Dairy in 3rd place. In the "C" League Williams Dairy got 1st. The Viking Team is made up of Eric Werner, Chuck Loucka, Alfred A.Pederson, Arvid Thompson and Sam Johnson.

Williams Dairy Team: Granville Williams, Wally Britt, Al Mund-schau, Glen Reitz, Roy Steffens.

BY THE TIME YOU GET THIS PAPER THE ICE WILL HAVE DISAPPEARED FROM LAKE GENEVA.

The ice is going out late this time Last year it went out on March 26 and usually it is out in March on the average.

Contrary to the general idea, the ice does not sink. It gradually disintergrates just like a piece of ice does in the sun.

The crystals gradually separate and even one little piece stays afloat. On Wednesday there was a wind which piled up the slush on the north shore of the Bay.

It won't be long now before we will be seeing sail boats before the breeze instead of iceboats.

A Review of the Winter Activities will be given next week. We have been waiting for the complete Skeeter list of trophies given this last season.
