# MODERNIZE

YOUR OFFICE WITH  
HAMILTON OPTICAL

*Furniture* . . .

HAMILTON MFG. CO., TWO RIVERS, WISC.

## For the *Modern* Examining Room

**Modern Design  
Roll Curtain  
Writing Slide  
Two large drawers  
Roomy Cupboard  
Beautiful Finish  
Best Construction**

## No. 9304 Trial Lens Cabinet

This beautiful new cabinet, styled in the modern manner, will put snap and sparkle into the appearance of your examining room. The design is not extreme or faddish. It combines the best of modern treatment with the character and dignity of traditional furniture construction. Its dignified, professional appearance will give your patients a definite assurance of up-to-date, progressive technique.

Striped, genuine mahogany wood is used to give a striking beauty to the finished design. The drawer and door handles are chrome plated and modernistic. The flush base is black.

The lens tray is protected from dust and dirt by a roll curtain. This curtain covers the 15½ in. high and 20¾ in. wide tray compartment. If desired, a lens tray lifter which will bring the tray, itself, forward into better working position can be supplied at an extra cost.

The two drawers are 21 in. wide and 9 in. deep from front to back. The top drawer is 3¼ in. high inside and contains 4 compartments. The second drawer is blank, 4¼ in. high.

FINISH: Finished in mahogany or walnut. Specify finish desired.

DIMENSIONS: Width, 24⅞ in.; Depth, 12½ in.; Height, 50 in.

## *Features*

There is a convenient pull-out writing slide just beneath the tray compartment.

Below the two drawers, there is a large roomy compartment with one

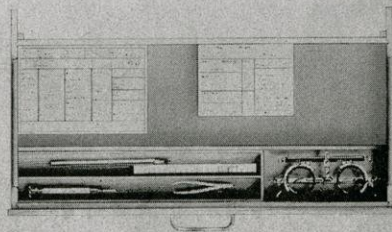

shelf. This compartment is 18 in. high and 21¾ in. wide and 11 in. deep from front to back.

The top of the cabinet is 23¼ in. wide and 5¼ in. deep, providing a useful shelf for mounting or placing instruments.

The overall depth of the cabinet is only 12½ in., slightly more than

a foot. This saves space in the office and makes possible a more convenient arrangement of chair and cabinet.

The illustration at the right shows the upper drawer of the lens cabinet. It is divided in four parts as illustrated and trial frames, prescription cards, instruments, etc. may be kept in it for ready use.

## The *Modern* Fitting Desk

### No. 9331 Fitting Desk

No. 9331 Fitting Desk . . . Smartly Styled  
. . . Fabrikoid working surface . . .  
Four drawers for tools and supplies . . .  
Handy plier rack and eight boxes for  
screws included.

This fitting desk and the No. 9304 Trial  
Lens Cabinet make an ideal modernistic,  
yet practical, set of office furniture.

Genuine striped mahogany side panels  
form the legs of this new fitting desk.  
Black trim around the legs and the edge  
of the working top, in contrast to the  
bright chrome plated pulls on the  
drawers, sets off the beautiful mahogany  
wood to best advantage.

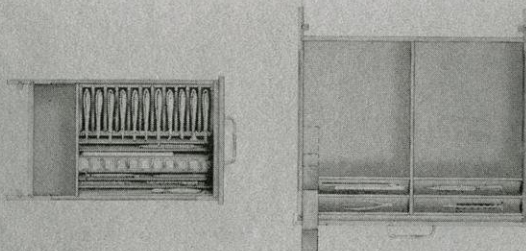

The working surface is padded and cover-  
ed with long-wearing, easy to wash and  
clean, standard Ivory Fabrikoid; dark  
blue Fabrikoid furnished at no extra  
charge if ordered special.

FINISH: Mahogany or walnut. Specify  
finish desired.

DIMENSIONS: Width, 39 $\frac{1}{4}$  in.; Depth,  
18 in. from front to back; Height, 30 in.  
to working surface.

**Best Construction**

# MODERN

## *Features*

The right hand drawer of  
the fitting table is shown at  
the extreme left. It contains  
a handy plier rack for 11  
pliers, 8 aluminum boxes

with glass tops for small  
screws, and a tray for tools.  
The drawer on the left side  
is the same size as the right  
hand drawer (8 $\frac{3}{8}$  in. wide,  
14 in. deep and 4 in. high),  
but it is blank.

The upper center drawer of  
the desk is shown at left. It  
has a built-in filing block  
and is divided into conven-  
ient compartments. Both cen-  
ter drawers are 17 $\frac{1}{8}$  in. wide  
inside, 14 in. deep and 1 $\frac{3}{4}$   
in. high.

## A Low Priced Lens Cabinet

Simple Design  
Roll Curtain  
Large Drawer  
Writing Slide

The drawer of the No. 9198-A Trial Lens Cabinet, shown below, is for examination cards, instruments, etc. It is 21 $\frac{1}{4}$  in. high inside, divided as shown in the illustration.

The drawer of the No. 9205 Trial Lens Cabinet is illustrated at the right. It is divided as shown for the trial frames, with compartments for the meter stick, test cards, etc.

## No. 9198-A Trial Lens Cabinet

The No. 9198-A Hamilton Lens Cabinet is the most popular design that has ever been produced. It is conservative in appearance, made of the finest mahogany with an acid-resisting, hand-rubbed finish. The Trial Lens Compartment will accommodate any standard lens tray. A roll curtain covers the lens tray compartment when not in use. There is a large slide for writing prescriptions and a big roomy cupboard with one removable shelf for storage.

**MATERIAL AND FINISH:** Made of mahogany and finished in mahogany or walnut. Specify finish desired.

**DIMENSIONS:** Width, 27 $\frac{3}{4}$  in.; Depth, 12 in.; Height, 50 $\frac{1}{2}$  in.

**NOTE:** The electric light shown is supplied at a slight extra charge when ordered. If desired, a lens tray lifter to bring the lens tray forward into better position is available, at a slight extra cost also.

## No. 9205 Lens Cabinet

This cabinet has all of the features of our better cabinets except storage compartment space below the trial lens compartment. The trial lens tray is covered by a roll curtain. Below the lens compartment there is a large drawer, as shown below, and under the drawer is a convenient writing slide.

**FINISH:** Mahogany or Walnut. Specify finish desired.

**DIMENSIONS:** Width, 26 $\frac{7}{8}$  in.; Depth, 12 $\frac{1}{4}$  in.; Height, 50 $\frac{1}{2}$  in. without light.

**NOTE:** The electric light shown is furnished at extra cost.

## Moderate Price Fitting Desk

Moderate Price  
Conservative  
Five Drawers  
Padded top center  
Knee Guard  
Best Construction

### ● No. 9228 Fitting Desk

This is an attractive piece of modern optical furniture at a moderate price. Its features were developed after consulting several of the leading refractionists. The center section is padded with heavy leather. The drawer fronts are decorated with light inlaid cane splines. The center drawer has a tray for tools and is  $3\frac{1}{8}$  in. high inside. The upper right drawer, shown below table, has a plier rack for eleven pliers, eight aluminum boxes, a tray for tools, and is  $3\frac{1}{8}$  in. high inside. The two deep drawers are  $4\frac{1}{8}$  in. high inside.

**MATERIAL AND FINISH:** Made of mahogany; walnut or mahogany finish. State finish desired.

**DIMENSIONS:** Width, 40 in.; Depth, 18 in.; Height, 30 in.; Center Section, 15 in. wide.

### Built for Long Life

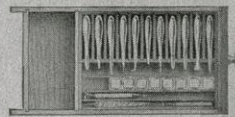

All Hamilton Furniture is built of carefully selected wood, seasoned in our own plant. Workmanship and materials are the best . . . right fitting joints, strong and rigid construction, and hand rubbed finish are typical of Hamilton quality.

### No. 9264 Plier Rack

● This handy rack accommodates seven pliers. In addition it has a compartment in front for other tools. Note that the points of the pliers are always visible so that the proper size can be chosen and picked out instantly.

**MATERIAL AND FINISH:** Made of Mahogany, finished in mahogany or walnut. Specify finish desired.

**DIMENSIONS:** Width,  $5\frac{7}{8}$  in.; Depth,  $5\frac{1}{2}$  in.; Height,  $2\frac{1}{2}$  in.

PLIER RACK

## OPTICAL ACCESSORIES

**No. 9223-A  
MIRROR . .**

These very useful mirrors are well made and finished to match Hamilton Furniture. Fitted with first quality beveled plate glass mirrors. They can be tilted or revolved.

**FINISH:** Finished in mahogany or walnut. State finish desired.  
**DIMENSIONS:** Height overall, 13 $\frac{3}{4}$  in.; Width, 8 $\frac{1}{8}$  in.; Mirror 6 x 8 in.

**NO. 9274  
STOOL . .** This stool is adjustable in height. It is well made in every respect. Has revolving seat, cast-iron frame, and walnut finished legs.

**FINISH:** Finished in walnut or mahogany. State finish desired.  
**DIMENSIONS:** Seat 13 in.; Height, 18 $\frac{1}{2}$  in. to 23 in.

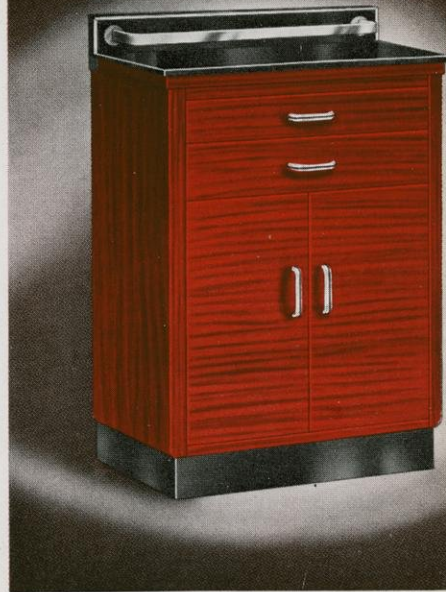

**NO. 9273 FITTING  
DESK CHAIR . . . .**

These chairs are designed to be used in connection with Hamilton furniture. They will be finished to match the fitting desks when ordered together.

**FINISH:** Finished in walnut or mahogany. State finish desired.  
**DIMENSIONS:** Height to seat, 17 $\frac{1}{2}$  in.; Height overall, 28 $\frac{3}{4}$  in.

This treatment cabinet meets the need for a cabinet especially designed for eye treatments. It harmonizes in design with the Hamilton Modern Suite.

**No. 9315  
Treatment  
Cabinet**

**Modern Design  
Bottle Rack  
Formica Top  
Two Drawers  
Large Cupboard**

The polished, black vitrolite working surface of the No. 9315 Treatment Cabinet is 24 $\frac{7}{8}$  in. wide and 12 $\frac{1}{8}$  in. deep from front to back. It has a chrome plated steel bottle rack 22 $\frac{1}{2}$  in. long. The two drawers are 21 in. wide and 9 in. deep from front to back, inside. The upper drawer is 3 $\frac{1}{4}$  in. high and the second drawer is 4 $\frac{1}{4}$  in. high. There is a large, roomy storage cupboard, 22 in. wide, 18 $\frac{3}{4}$  in. high and 11 in. deep, with one adjustable shelf. The cabinet is of modern design, yet it is not extreme.  
**FINISH:** Made of mahogany. Finished in mahogany or walnut. Specify finish when ordering.  
**DIMENSIONS OVERALL:** Height, 36 in.; Height to working surface, 33 in.; Width, 24 $\frac{7}{8}$  in.; Depth front to back, 12 $\frac{1}{4}$  in.

# SECTIONAL FITTING DESKS AND DISPLAY UNITS

## ARRANGE THEM TO FIT YOUR NEEDS

With the HAMILTON Unit Fitting Desks and Display Units you can make a combination as long as necessary. When you order, tell us how you plan to use the units so that we can arrange the proper hardware and assemble them for you.

### DISPLAY UNIT NO. 9287

The display top of this unit is  $7\frac{1}{4}$  in. high,  $16\frac{1}{2}$  in. wide and 20 in. deep, and is made of heavy plate glass with a hinged door at the back. The unit has three drawers, each 6 in. high inside,  $13\frac{1}{2}$  in. wide, and 15 in. deep, grooved for partitions—2 long and 2 short partitions are supplied with each drawer. The pulls are of bronze. The cabinet legs have black metal shoes to protect them from damage.

### FITTING DESK NO. 9288

This unit has two drawers (not three as shown in the illustration). The drawers are 3 in. high, 14 in. wide, and  $10\frac{3}{8}$  in. deep; one is blank, except for a filing block; the other has a plier rack for 11 pliers, grooves for small instruments, and 16 boxes for small parts. The top of the fitting desk is covered with dark brown Jasper Linoleum.

## HOW THESE UNITS ARE USED

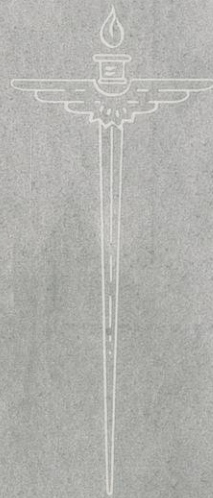

The illustrations below show combinations of the unit fitting desks and display units. On the left are shown three display units and two fitting desks combined. The display tops, in addition to serving for the display of goods, help also to give privacy when fittings are being made at both desks at one time. The right hand illustration shows the rear.

**MATERIALS:** Made of mahogany, finished in either mahogany or walnut. Specify finish desired.

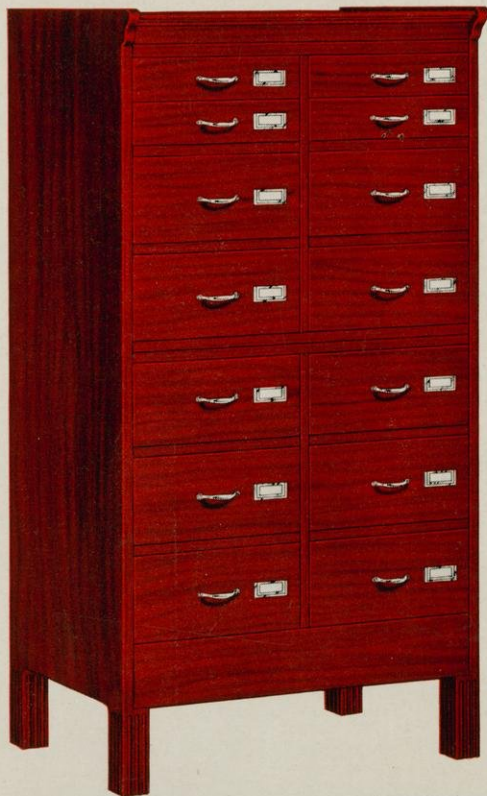

**DIMENSIONS:** **Fitting Desk** is 32 in. wide and 30 in. to the surface. It has two blank drawers 3 in. x 14 in. x  $10\frac{3}{8}$  in. inside. **Display Unit** is  $38\frac{1}{2}$  in. high overall— $8\frac{1}{2}$  in. of which is the display top. The unit has three drawers each of which is  $6 \times 13\frac{1}{2} \times 15$  in. inside, grooved for removable partitions.

## WRITE FOR FURTHER INFORMATION

For more detailed descriptions of these Units, write us, describing your needs.

Inserts for the drawers of sectional stock cabinets are shown at right. Note: These inserts will not fit the complete parts cabinet No. 9299, but are to be used only with the sectional units shown at right. Shallow

drawer No. 1 is  $13\frac{1}{8}$  in. wide, 15 in. deep,  $2\frac{3}{4}$  in. high. Drawer No. 2 is  $6\frac{1}{8}$  in. wide, 14 in. deep, 6 in. high. Drawer No. 3 is  $13\frac{1}{8}$  in. wide, 14 in. deep, 6 in. high. Inserts are as follows: A, 12 compartments; B, 65 compartments; C, for Edged

## STOCK CABINETS

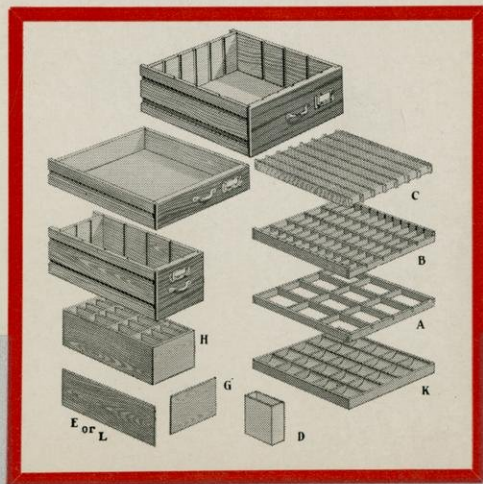

At left is shown Hamilton's complete parts cabinet, No. 9299. This one compact cabinet provides ample space for stock. The drawers have no partitions or arrangements for inserting partitions; you can store material in the original packages. There are two drawer sizes . . . The four shallow top drawers are  $2\frac{3}{4}$  in. high inside, 14 in. wide, and  $16\frac{1}{2}$  in. deep. The ten deeper bottom drawers are 6 in. high inside, 14 in. wide, and  $16\frac{1}{2}$  in. deep.

Overall height of cabinet,  $66\frac{1}{2}$  in.; Width,  $30\frac{1}{8}$  in.; Depth  $17\frac{3}{8}$  in. Made of birch, with a mahogany rub finish.

## COMBINATIONS

At right two typical combinations of Hamilton Sectional Stock Cabinets are shown. These sectional units may be combined to meet your individual requirements. For detailed information about Sectional Stock Cabinets, write Hamilton for special brochure.

Lenses; D, Cardboard Boxes; E, front and back partitions; G, cross partitions; H, 16 compartments, K, for small parts. These drawers and inserts can be ordered in any combination with Sectional Stock Cabinets. Write for more detailed information.
