The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

JANESVILLE, WISCONSIN

INTRODUCTION

The present volume constitutes the 17th edition of the Janesville City Directory. The work has been compiled with care and embodies the result of a complete canvass and enumeration of the residents of the city and their manifold activities. The Directory is compiled in the several essential departments arranged in the following order:

THE MISCELLANEOUS DEPARTMENT. pages 9 to 20, includes a fund of information regarding city and county governments, churches, courts, hospitals, incorporated companies, libraries, public and parochial schools, secret and benevolent societies, and state institutions.

THE BUYERS' GUIDE occupies pages 21 to 52. This section of the Directory, printed on tinted paper, includes numerous advertisements of the leading manufacturing, business and professional interests of Janesville. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. In a progressive city like Janesville the need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS covers pages 381 to 450. In this invaluable section of the Directory the names of the residents and business houses are arranged numerically under the name of each street and avenue, the names of the occupant householder or business concern being placed opposite each number.

THE ALPHABETICAL LIST OF NAMES, of citizens, business firms and corporations is embraced in pages 53 to 377.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 453 to 516. This department shows the various manufacturing, mercantile and professional occupations compiled in alphabetical order by headings appropriate to the class of industry pursued. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

COURTESY OF CHAMBER OF COMMERCE

The city of Janesville, lying in the beautiful Rock River valley in south central Wisconsin, has a population of 23,000 forward looking people.

It was first settled in 1835, incorporated in 1853 and made the judicial seat of the county in 1859. It is 91 miles northwest of Chicago and 71 southwest of Milwaukee, on the C. & N. W. and the C. M. & St. P. Rys., also the Rockfield & Interurban Electric Ry.

Since 1850 the city has been the trade center of one of America's outstanding agricultural sections and has also developed industrially to a point where its products are world known.

Janesville's industrial production in 1926 exceeded eighty millions of dollars. Ideally located, less than 100 miles from Chicago and Milwaukee markets, blessed with exceptional shipping facilities, the very highest class of labor and a loyal and aggressive recognition is assured.

Janesville citizens are justifiably proud of their city. The following facts about the city provides a background of interest to anyone considering a change of residence:

Janesville's educational system won first place in Wisconsin "Better Cities" contest.

Janesville has the lowest percentage of illiteracy of any city in Wisconsin, less than one per cent.

Janesville has fifty-seven industries manufacturing eighty-five different articles.

Two Janesville industries shipped 35,000 freight cars in 1926, or a train 331 miles long.

Janesville has a new \$275,000 Y. M. C. A. building, a gift of the citizens.

Janesville is about to build a new art building, a gift of the citizens.

Janesville has nearly doubled its population in the past ten years.

Janesville has never had any serious labor difficulties.

Janesville has 140 acres of parks and playgrounds.

Janesville has one of the largest and best equipped hospitals in Southern Wisconsin.

Janesville has the city manager form of government.

Janesville has an aggressive Chamber of Commerce with 550 members.

Janesville has a home owning population.

Janesville has 35 miles of paved streets.

Janesville has an exceptional daily paper with a circulation of 13,500.

Janesville was the home of three of America's most famous women, Frances E. Willard, Ella Wheeler Wilcox and Carrie Jacobs Bond.

Janesville is the county seat of Rock County.

More than ten millions of people live within 200 miles of Janesville.

Janesville is known as, "The Home of Hospitality."

THE JANESVILLE CHAMBER OF COMMERCE

The Janesville Chamber of Commerce is an organization of several hundred leading citizens and business men who are representative of the best civic, commercial and industrial activities of Janesville. The Chamber is one of the most advantageous and imperatively necessary features of this up-to-date city. It is the active dynamo from which power is generated, stimulating all lines of human endeavor, reaching out for advancement for civic, commercial and industrial progress, through the channels of concerted initiative and leadership until the object is gained and success attained.

DIRECTORY LIBRARY

A library of City and County Directories and State Gazatteers has been installed by us in the offices of the Chamber of Commerce for the free use of our patrons. As the latest Directories are issued, they will be added to the Library, thereby keeping it up-to-date from year to year. We extend a cordial invitation to each and every one of our subscribers to make frequent use of the Library and to consult the Directories on file as often as desired.

MUNICIPAL PUBLICITY**Advertising Janesville**

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational center. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers place copies of this Directory in Directory Libraries which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Janesville, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves and their friends for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Where Keys are Kept—Keys to open the doors of all boxes are kept in a little box fastened to the pole by the side of the street box, the box having a glass cover

Direction for Sending in Fire Alarms—

In case of fire go to the nearest street box, break the glass cover of the key box, take the key from the hook and place it in the door of the street box, which has a spring lock and is easily worked; the lock being released, open the door; place the index finger over the little brass hook or lug projecting from the slot near the top of the inner door, pull the hook down quickly, but steadily, to the bottom of the slot and let go immediately; the hook will fly back to its original place and the fire department will do the rest; persons turning in an alarm should remain at the box until the arrival of the department for the purpose of giving information as to the location of the fire

Signals Given on the Fire Bell—Two taps on the fire bell, after the alarm from the box has been sounded, calls for one hundred pounds direct pressure; this signal repeated calls for 125 pounds pressure; three slow taps after the alarm means "fire out;" one tap on the bell denotes broken wire; the steamer responds to alarms

THE KNOWLEDGE OF

WHERE TO BUY

IS AS IMPORTANT
AS WHERE TO SELL GOODS

It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so **CONSTANTLY** used as the City Directory.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

It Pays To Be Prominently Displayed

To let people know WHO you are, WHERE you are and WHAT you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so CONSTANTLY used as the City Directory.

THE CITY DIRECTORY

represents the City and its
institutions in every cor-
ner of these United States

**Are You Properly
Represented In It?**

**The Classified portion
catalogues the professions
and goods handled here**

**ARE YOU LISTED UNDER YOUR PROPER HEADING
SO THE PROSPECTIVE BUYER CAN FIND YOU?**

“Think It Over”

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

Serves You Better—Saves You More

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

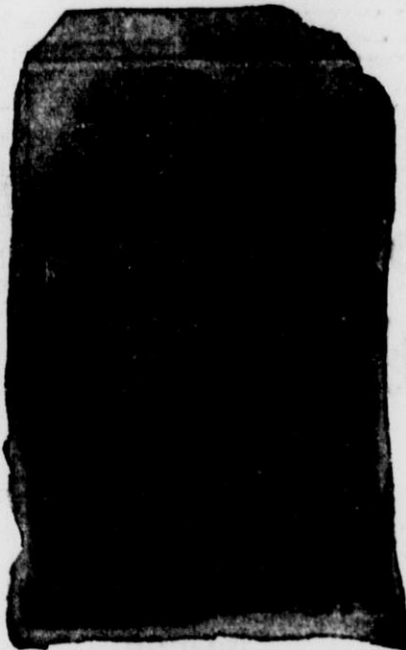

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

New nine story steel and concrete building recently completed and occupied by R. L. Polk & Co. at Detroit, Michigan

“Quota”—Your Share

***Are you getting it?
We can determine***

There is a certain, definite amount of business, obtainable yearly, in every line of endeavor. Unless you know what the maximum amounts to, you cannot hope to determine just what proportion of this demand should be filled by your product. This is a matter for accurate, fact-founded research. A correct market analysis, of your field, is available to you through Polk's Quota Service. Here are a few of the nationally known institutions that have recently taken advantage of our Quota plan:

Yawman & Erbe Manufacturing Co.
Central Oil & Gas Stove Co.
Burroughs Adding Machine Co.
Beechnut Packing Co.

Know your market equally well as you know your manufacturing or producing problems. Be able to gauge your Sales Department's output as well as you gauge your raw material needs. Put your selling expense on a production basis along with the manufacturing cost. Take the guess work out of your distribution plan.

Think how it will clarify your marketing to know exactly how many "spokes" there are in the "selling wheel" that supports and propels your business vehicle. Such information means the regulation of your yearly output and likewise your needs.

You are entitled to a certain specific amount of business per year, based on the volume of business obtainable and the number and status of your various competitors. Your share is there, to be had, but you can expect to get it, only in proportion to the information you possess on the subject. Know what can be sold and where. Then train your selling guns, by a definite plan of marksmanship, on an analyzed target.

Ask for specific Suggestions to help your business

It Pays To Be Prominently Displayed

To let people know **WHO** you are, **WHERE** you are and **WHAT** you have to sell. The City Directory keeps your name before the public 365 days in the year, and it cannot be prominently displayed in any book so **CONSTANTLY** used as the City Directory.

Q

More goods are bought and sold through
 the Classified Business Lists of the Direc-
 tory than any other medium on earth.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

THE CITY DIRECTORY

represents the City and its
institutions in every cor-
ner of these United States

**Are You Properly
Represented In It?**

**The Classified portion
