W 93 INTRODUCTORY.

1887-8

c.2

The publisher takes pleasure in presenting his third issue of the Sheboygan City Directory, believing that it will be found complete in every essential

*Howe estate*  
The main feature developed in the course of the canvass has been the very large increase in the number of names gathered. As will be seen from the tabular statement annexed, the gain amounts to more than fifty per cent. since the last issue. As the canvass for the Directory preceding this was made immediately after the State census, which gave Sheboygan a population of about 12,000, it must be apparent, from the ratio of increase, that the present population is fully **18,000**. This is a very gratifying showing. It betokens an advance of which the citizens have every reason to be proud, and argues well for the City's future. X

Acknowledging the substantial aid accorded me in my enterprise, I am,

Very truly,

A. G. WRIGHT,
