The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

In obstetrics ...

"enema anxiety" quickly, easily allayed

FLEET® Enema, administered in less than a minute, provides effective bowel cleansing without the discomfort of old-style enemas. FLEET Enema is especially useful for "rapid multiparas," when timesaving is an important factor. And in the postpartum, too, patients find FLEET Enema less irritating and more convenient: "...the ease of administration, comfort to the patient, and conservation of nursing time, made it [FLEET Enema] preferable to the soapsuds enema."*

*Rosenfield, H. H., et al.: *Obst. & Gynec.* 11:222, Feb., 1958.

100 cc. contains 16 Gm. sodium biphosphate and 6 Gm. sodium phosphate, in 4½-fl.oz. plastic squeeze bottle. *Pediatric size*, 2¼ fl.oz.
